Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new

ideas designed to give you more for your money.

That spunky 6 with gas-sipping stinginess is just one

example. Another: a new unitized Body by Fisher

that's fit for a full-size family inside, easy to parl

outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)

Kirvan's remarks were particularly interesting to me. In smart and joined the public relations corps. He's on leave from and doing an excellent job.

It's difficult to believe, but Bud says the Con-Con delegates work just as hard as weekly newspaper editors. He expressed the highest regard for their sincerity and effort and held the opinion that it would be a mistake to rush through the important concluding days of the session simply

Kirvan pointed out that some delegates are not ready to accept the attorney general's opinion and hold that another four to six weeks would still be time enough to take the constitution to the voters in November

There is a feeling among delegates. Kirvan added, that it would be unwise to delay a vote until April, 1963. Much of the enthusiasm and freshness of facts could be lost by that time, hey reason. Presumably, an effort will be made to continue he convention and still hold a November election.

Kirvan covered the general format of the convention noting that the entire membership is divided into nine committees They read the old constitution word by word and decide what The average working day for a delegate may be between 12 to 4 hours with their time divided between committee meetings and floor discussion.
