SPEAKING for the Record

Each year at this time a committee of six people in every county throughout the state starts to divide the 15 mill limitaion nie between a trio of governmental units, namely the township, school district and county.

The committee is called the Tax Allocation Board. It must consider the needs based upon budgets submitted and then determine just what portion of the 15 mills availa ble will be allocated to each unit of government.

At times its sessions can become torrid — especially

Five-year-old Scott Lapham gave his Dad, Men's Store harles Lapham, quite a scare last week. It happened at 6 a.m. when Lapham was awakened y the slamming of the front door.

He ran down to the living room to find Scott all dressed up - white shirt, tie, sweater, etc. - standing in the middle of the room clutching a dump truck. The youngster's cheeks were red and it was easy to see he had been outdoors.

"I just went down to the Slessors' house," he told his Dad. It seems that Scott had left his truck in the sandbox the night before and worried all night that it might be gone.

A Spring Tune-up'

This is a statement quite often made when people bring their car in our garage at this time of year. Yes . . . after the winter we have just experienced, your car most likely could stand a Spring Tune-Up. We might also suggest a broke inspection, too. It is true . . . "you never can be too safe", and brakes that operate properly, are one of the best safety devices on your car. Be sure
