Northville's Jerome brothers - Phil and Dave must have felt something like modern-day versions of the notorious out-law James brothers last Saturday night. And anyone acquainted with the youngsters knows the casting couldn't be more ridiculous Nevertheless, customers at a local drive-in root beer

stand saw the boys "apprehended and frisked" under the guns of two Northville police officers. The bizarre affair took place like this:

Phil, 18, and Dave, 16, had attended a movie together in Plymouth. Upon driving away from the theatre, Dave picked up a toy detective gun belonging to his seven-yearold brother, John, that had been left in the seat of the car. Phil was driving, and apparently as Dave was fooling around with the toy gun he was observed by a pedestrian in Plymouth who immediately called police to report what had been observed: a motorist being forced to drive a car

Moments later the report was received by radio by Northville police. Alertly, they observed the ear at the root beer drive-in.

Just as Phil and Dave were about to order a refreshing glass of root beer from the waitress, two officers with guns drawn opened the front doors of the Jerome car and ordered them out. And just like on television, the boys were ordered to

stand with their hands on top of the car while the officers searched them.

Dave still had the gun in his hand. The officers then searched the car. They found a number of books and other religious literature including Bibles and a hymnal entitled "Rejoice

and Sing' It hardly seemed like the time for that, however, Phil remarked later. The "notorious" Jerome boys are the sons of the Reverend and Mrs. George Jerome of Horton street.

Wolverine Boys State in Lansing. He's a junior this year at Northville high school. Brother Phil attends Maryville college. The boys returned the "gun" to brother John.

* * *

In respect to the police officers who were performing their duty, it should be noted that the incident was very real and potentially dangerous under the circumstances. They acted promptly to intercept a "gunman" headed for Northville. No criticism of their action is intended. Had the report been accurate, they could have prevented

But the incident focuses attention on another area problem. It took place in the township, where city police are without jurisdiction. The officers guessed — and accurately — that young-

sters as described in the radio report might go to a drivein. After checking in the city limits, they proceeded to the township. They hoped to intercept trouble before it became serious It is not the first time that local officers have vio-

out some agreement to cover such circumstances. The city attorney has wisely pointed out that a matter of liability exists. Would local officers be covered in the event of injury or death outside the jurisdictional limits of their

BOARD OF EDUCATION

NORTHVILLE, MICHIGAN

August 23, 1962

Once again the time draws near when Northville's public schools will open their doors for a new year of study.

To the Citizens of the Northville Community School District:

We're happy that the 1962-63 year presents no major problems so far as teaching staff, classroom facilities or buildings are concerned. Physically speaking, our system is in order.

We fully realize that such preparedness is a mark of credit to the taxpayers who support our school system and make it possible to provide students of the school district with a well-rounded

It is significant to note that this is the first full year of our new

teachers' salary plan adopted through the cooperation of the teachers' club and the board of education. The plan, we believe, has proven itself successful. School administrators are continuing to give particular attention to the matter of curricula and spend considerable time in

consultation with principals and teachers discussing classroom Attention has also been turned to the high school physical education program this year with the proposed installation of new

pletion of this project is expected early this fall. As your board of education, we wish to express our appreciation of your support and solicit your suggestions for continued improvement of our public school system.

THE NOVI NEWS

FLYING CADETS - Ruth Posey of Wixom (left) and Janet Murray of Commerce returned last week from Maxwell Air Force Base at Montgomery, Alabama where as Civil Air Patrol Cadet Lieutenants they took a week-long course in jet aviation. In addition to classroom studies, the girls received firsthand information aloft in a P-33 Jet. The scholarship to Maxwell is an annual award given by CAP to outstanding cadels. It marks the first time two cadets from the same state have won a scholarship.

"CHERRY PICKER'S" bringing" SPAGHETTI"!

THIS IS NOT A CALL FOR DINNER — IT'S A SIGNAL THAT STEEL PIPE HAS ARRIVED.

To the pipeliner working in the Gas fields of Southwestern United States, this message does not mean a cherry picker is coming down from a cherry tree to put on a spagnetti dinner . . . it means that a light rig (which is called a "cherry pleker") is bringing a load of small diameter pipe (which called "spagnelt!") to the construction crew on a pipeline project. In Quistate Michigan, Consumers Power Company has the big task of plouning, constructing and maintaining pipelines. It has over 7,000 miles of Natural Gas pipeline supplying this WONDER FUEL to customers in 30

OFFICIAL PROCEEDINGS OF THE NORTHVILLE BOARD OF EDUCATION

were no correctons or additions to these ninutes and both were announced approved as read. III Conmunications: 1. Mr. Thomas Culbert, Suprintendent of Novi Community School District, acknowledging receipt of information that Nov high school students will be accepted at Northville this fall, and advising that the Nov Board of Education has adopted a balanced budget for the 1962-63 school year. Mr. Cul-

bert's letter also, indicated that the Novi Board would like to meet again with the Northville Board of Education in late Sep tember or early October. 2. Mr. Stefanski, Principal Northville High School, remind ing the Board of its intention to request the counselling staff at the high school to begin working one week before the official opening of school. Mr. Stefanski would like authorization to summon the counselors

on this schedule. . 3. Mr. Gordon Bunn, of So Lyon, requesting that his son be admitted to the 10th grade "at Northville on a persona tuition basis. IV. Report of Superintenden 1. Counselling Staff: In response to Mr. Stefanski's request, it was recommended by the superintendent that he be authorized by the board to summon the counselors to work on week before the official open oing of school. So moved by Lawrence and seconded by Mr. Shafer. Motion. carried. 2. Finances: Mr. Ellison ports that we will be a much better financial positon if the board will authorize a resolution to borrow the amount of \$200,000 against 1962-63 State

Aid. So moved by Mr. Shafer seconded by Mr. Becker. Motion carried. 3. Opening of School: Mr. Amerman and Dr. MacLeod reported that all is in readiness, vacancies remain on the staff, two of which will be filled tonight, if the Board approves contracts being presented for Mrs. Dolores Gerhardt, Elementary Library Research Coordinator, and Mrs. Sondra Gonn, Junior high science and math teacher. The third posi-"tion is high school math and science and the administrators still hope to fill this before the opening of school. It was moved by Mr. Shafer and seconded by Mr. Becker that the contracts for Mrs. Ger-

hardt and Mrs. Gunn be approved. Motion carried. 4. N.E.D.A. Dr MacLeod requested authorization by the Board to send in application for Title V - Guidance reimbursement No motion was made but the board reiterated its position taken previously that such application is approved provided the materials pur chased would be bought any way, even without reimburse ment. Dr. MacLeod assured the board that this is the case and approval was indicated. 5. Accounting System: The new mandatory system of accounts was discussed and it was suggested by Mr. Shafer that perhaps Mr. Hanson, our auditor, might appreciate opportunity to meet with other C.P.A. firms auditing school accounts, to share their understanding of the new code. No action was taken on this suggestion, except that Mr. Amerman was asked to talk with Mi Hanson about it. 6. Tuition: Dr. MacLeod has figured tuition rates for school year 1962-63 as follows: Per Capita Cost (1961-62) \$444.80

Maximum Rate (\$44.80 plus Net charge to sending district \$332.00 or parent: High School Charges: Maximum Rate (\$44.80 plus 15% plus 12%) State Pays Net charge to sending district or parent: It was moved by Mr. Shafer

SPEAKING for The Record

Truck traffic through Northville city streets became subject of discussion for the city council Monday night. and the longer the conversation continued, the more ident it became that there is no satisfactory solution. There's only one way for north-south truck traffic to get through Northville. And it isn't likely that the county will spend the money to alleviate the condition for many

Center street is the thoroughfare. And most officials believe that before a north-south by-pass is provided all parking will be removed from Center street to permit the ncreasing traffic load to pass more easily. Monday night the city manager suggested that Center street be designated as a "truck route" to prevent southbound trucks from turning left on Main street. It was also

proposed that speed control signs should be posted and

But whatever steps the city takes, the noise, congestion and confusion created by the huge trucks cannot be reduced. We agree with the manager that left turns onto Main street off North Center are dangerous. It would be an

nprovement to control traffic where possible on this would happily avoid Northville if a route existed. They have a job to perform and our narrow streets, traffic, stop lights and hills only make it more difficult. A proposal by the Northville planning commission to

Novi road was rejected by the county as impractical and It would appear that Northville officials would be well advised to continue prodding and suggesting new This "squeaking wheel" treatment may help attract attention to the problem. But as "country cousins" in

two counties, we'll have a long wait.

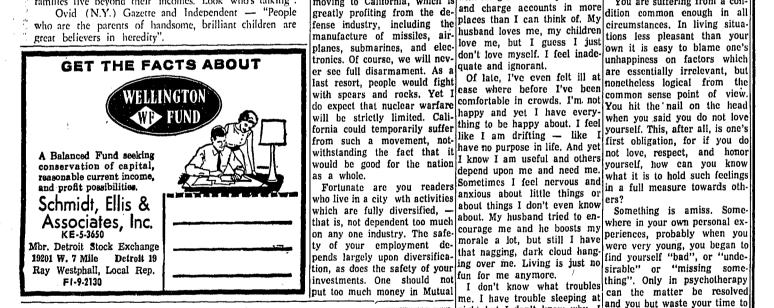

to Michigan's mental hospitals now total 2,562. Of this number 1,551 are children under the age of 18. "We simply do not have the facilities required to and if most everyone works, Dear Dr. Mudd: take care of all those who are committed to state institutions by the courts," Department Director Charles F. Wagg stated. He reported that Northville's Hawthorn Center along with six state hospitals has a waiting list of 215 emotionally disturbed children.

Area families seeking good old fashioned carnival fun this Saturday afternoon need drive no farther than the Novi elementary school on Novi road. The Village of Novi will be celebrating its fourth anniversary and a midway of games, displays, refreshments, plus a sensational sky-diving act will be featured. Entertainment starts at noon. A street dance will climax the celebration in the evening.

here's proof that some newspapers can: Fort Collins Coloradoan - "A dollar isn't worth a dime unless you spend it and then it's worth about 50c". Sacramento Bee — "One of the certainties of life is that when a person tells you be will think it over and let you know', he knows"
