

# SPEAKING for The Record

Just a little bit about a lot of things this week — for example, remember the respect by a man representing a medical research laboratory in Illinois? He asked the Northville council if he could catch the city's pigeons and ship them to the lab.

It brought a few laughs at the council table and tongue-in-cheek consent. (People have tried to catch pigeons before).

Why were the birds hanging around the theater? The answer to this reveals just how clever the pigeon-catcher really was. He knew they'd be there waiting for Sunday's feature attraction — "The Pigeon That Took Town".

They wouldn't have enjoyed the picture, anyway. All but one of the pigeons were eaten. At least Northville's pigeons will die for a worthy cause.

A good suggestion for local hardware dealers came out of Monday night's city council meeting. Joyce Paul Palmer sought ideas from the council for the annual "Beauty Northville" campaign in May, which the city sponsors.

They've reached what great pleasure the progress of the proposed Northville Swim Club project. The small group of local backers of the plan are holding a public meeting in the community building February 6 to explain all details and sign up members.

It's a new fangled idea called private enterprise. If present plans jell, the corner stone in the new South-Recreation building will contain a history of the building dating back to its origin three decades ago.

Mayor Allan is donating the corner stone with appropriate words carved on the face. A box inside the stone will contain the history.

Northville's new state representative (21st district), Paul Chandler, has promised to write a weekly column for The Record concerning activities of the legislature. As a licensing newspaperman, he's well equipped to report legislative action of particular interest to area readers. And we believe he'll call the shots as he sees them minus the flowery adjectives.

An aside to "Jim." If you really believe there's work to be done for "better government," why not come out from under your veil of anonymity and work for it instead of criticizing those who are.

We have no argument with critics — only those too timid to identify themselves.

# Michigan Mirror Build Islands For Recreation?

RECREATION LANDS are in great demand in Michigan and the trend seems to be continuing. Towally said, "For the first time since early 1950, Michigan's rate of unemployment has dropped below the national average," he said.

A continuation of this trend, however, is not necessarily a good thing. It is the fact that Michigan's unemployment rate is still higher than the national average, and this is a cause for concern.

One idea man, completely outside the Conservation Dept., is to build islands in the western part of the state. The islands would be built on the western shore of Lake St. Clair.

The islands would be built on the western shore of Lake St. Clair. The islands would be built on the western shore of Lake St. Clair.

During 1961, Chittis reports that about two-thirds of the persons arrested by various police agencies were under 21 years old.

Because of the population concentration in the Southeast Michigan area, the chain of 20 islands proposed by Lutzke would provide recreation opportunities for the hundreds of thousands who live within 50 miles of Lake St. Clair.

An indication of the potential for numerical worsening of the juvenile crime problem comes from the basic population figures. The number of 19 year olds in Michigan in 1957 was 149,000. This figure is expected to increase to 175,000 by 1967.

The earning of jobs has been the greatest hope of the grove industry. If fruit — even though frozen — can be sold to the canners while it is still sweet, such juice could be saved; but the canners could handle only 20 million. The canners were powerless to can the truckloads of fruit coming in.

The cities which grew up and prospered from coal have suffered greatly since the oil and natural gas industries have flourished. When I was a boy, every Gloucester home was heated by coal. I went to the woods with my grandfather when snow was on the ground.

When I was a boy in Gloucester, Mass., our family was able to "produce" was granite and we knew it could not freeze. We had great quarries and we shipped the granite to Boston, New York, Washington, and Philadelphia for use in exciting buildings. We believed we would not fear. Suddenly, the invention of cement came, and Cape Ann was a thing of the past.

ROGER BABSON  
Big Freeze Hurts Florida Growers

Babson Park, Mass. — The gradually abandoned farm machinery introduced so widely for plowing, cultivating, and even for harvesting could not be employed on the rocky New England farms.

This latest freeze hit the citrus belt or the central portion; but it also hit the southern portion where many of the vegetable crops were raised. The frost was not nearly so damaging to the citrus crops.

There was no mistle on the part of the Weather Bureau. Florida do about 70 only the citrus crops were raised. The frost was not nearly so damaging to the citrus crops.

The early crops had been picked. The second crop, including the Valencia oranges, were not ready to harvest. Many growers built fires; but these raised the temperature only 2 or 3 degrees. Growers who had adopted new schemes of spraying with water saw the spray freeze.

The loss has come not only to the growers, but to the processors. It has thrown over a million out of work and has affected all the mercantile and service nations. This is what we call a "black day" for the citrus industry.

The citrus industry is a major industry in Florida. It is a major industry in Florida. It is a major industry in Florida.

# New Constitution Provides Protection Against Power

whole record." In proposing this section the convention recognized the increased significance assumed by administrative law. The majority of delegates were of the opinion that opportunity for judicial review should be provided for those affected by the decisions of administrative agencies or agencies.

Similarly, findings of state agencies and local boards having to do with property tax matters are excepted in the absence of fraud, error, or law of the adoption of wrong principles.

Lengthiest testimony was from Mrs. Husted, for whom the examination had been postponed for two weeks when she was unable to leave the hospital because of her condition.

She said when she asked Gostlin what he was doing, he ordered her to get up and when she refused, he tore her clothing off.

He testified Gostlin then threatened to hit her again with the hammer. He also testified that Gostlin had threatened to hit her again with the hammer.

# Circuit Court Orders Gostlin Murder Trial

The youth charged with killing 11-year-old Novi girl Monday followed a Nov. 12 circuit court trial on a first-degree murder count in an arraignment Monday.

Obtained money circuit court Judge Stanton G. Donato ordered the murder trial, date to be set later, for James G. Gostlin, 29, of Dearborn township, who is charged with hammering to death Shirley Husted.

The murder occurred in the early morning hours, five days before Christmas when Shirley attempted to stop Gostlin's savage hammer beating of her father, Wesley Husted, of 2929 Austin drive. Husted is still in critical condition.

Lengthiest testimony was from Mrs. Husted, for whom the examination had been postponed for two weeks when she was unable to leave the hospital because of her condition.

She said when she asked Gostlin what he was doing, he ordered her to get up and when she refused, he tore her clothing off.

He testified Gostlin then threatened to hit her again with the hammer. He also testified that Gostlin had threatened to hit her again with the hammer.

# THE NOVI NEWS Show Secondary School Plan Community College Vote Said Possible

Chief Lee BeGole  
The possibilities of an advisory ballot proposition and a change in the Northville school district's status with the community college district.

At a recent meeting of the P-T-A's study committee, State Senator Raymond Dandridge and Representative Paul Chappell pledged complete cooperation in promoting legislation in the township to support the college.

Both the junior high and senior high school wings would extend out from these latter two sections, in line with the administrative area which would be located in back of the gymnasium.

Each wing would contain eight classrooms, two smaller discussion rooms, a teachers' lounge, toilet facilities and janitor supply storage closets.

The junior high wing would be built on the side near Taft road.

Running along the back of the building, between the two classroom wings would be rooms for science, shop, music, homemaking and art. These rooms would be located in the senior high wing.

Locker rooms for the gymnasium and athletic areas would be located behind the school building.

The board also set February 12 as the date for a dog catchers' election.

Other considerations of the board included a discussion of high school basketball facilities and laundry room facilities throughout the township park.

After adding that millage proposals for both additional operating revenue and new building programs have been rejected in surrounding districts, Shaffer declared that any recommendations of the board should be well planned.

# Estimate \$1.3 Million Cost for Total Project

Preliminary plans for a \$1.3 million junior-senior high school on the Novi school system's 80-acre secondary site at Taft and 11 Mile roads were presented to the school board last Wednesday night.

The board was to meet last night (Wednesday) for further consideration of the plans, which were presented by a representative of the Walter Anicka & Associates architectural firm of Ann Arbor.

The plans are for a two-stage development in which the senior high wing, half the shop and science facilities and an entire kitchen-catering, gymnasium, library and administration areas would be built first.

When and if a senior high school wing is added, the shop areas would be doubled.

The design calls for the school to face 11 Mile road with the gymnasium placed in the front and center of the building.

Flanking the gym would be a kitchen-catering wing on the side toward Taft road, and a library-counselor office wing on the other side.

Both the junior high and senior high classroom wings would extend out from these latter two sections, in line with the administrative area which would be located in back of the gymnasium.

Each wing would contain eight classrooms, two smaller discussion rooms, a teachers' lounge, toilet facilities and janitor supply storage closets.

The junior high wing would be built on the side near Taft road.

Running along the back of the building, between the two classroom wings would be rooms for science, shop, music, homemaking and art. These rooms would be located in the senior high wing.

Locker rooms for the gymnasium and athletic areas would be located behind the school building.

**ORDINANCE NO. 1821**  
PROPOSED AMENDMENT  
TO THE  
ZONING ORDINANCE  
OF THE  
VILLAGE OF NOVI

**THE VILLAGE OF NOVI ORDINANCES:**

PART I. That Ordinance No. 18, known as the Zoning Ordinance of the Village of Novi, is hereby amended by amending the Zoning Map as indicated on said Zoning Map No. 22, attached hereto and made a part of this Ordinance.

**PART II. CONFLICTING PROVISIONS REPEALED.** Any Ordinance or parts of any Ordinance in conflict with any of the provisions of this Ordinance are hereby repealed.

**PART III. WHEN EFFECTIVE.** The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect ten (10) days after final enactment and publication.

**JOSEPH CRUPI, PRESIDENT**  
**MABEL ASH, VILLAGE CLERK**

I, Mabel Ash, Clerk of the Village of Novi, do hereby certify that the above Ordinance was approved and adopted by the Novi Village Council at a regular meeting thereof, duly called and held on the 8th day of January A.D., 1953, and was ordered to be given publication in the manner prescribed by law.

### Coordinating Council To Hear Child Clinic Plan

Northville coordinating council members will hear Mrs. Elizabeth Hammon discuss the clinic which could handle some 300 children within the 19 districts within the 10 communities — or, in the case of the Northville district, about 800 annually.

Mrs. Hammon is the chairman of the board of directors of the clinic group. She is also the chairman of the Northville district, about 800 annually.

Mrs. Hammon has announced that the first regular community meeting dealing with the proposed clinic will be held on Wednesday, January 22 at the home of Mrs. James E. Mahoney, 110 South Rogers.

Interested individuals as well as organization representatives are urged to attend. The meeting will be held at 2 p.m.

ADDING HEIGHT TO THE Northville Mustangs is newcomer Center Mike Lang, shown as he goes up for two of his nine points scored against Milford last Friday. He's a six-foot, 210 pounder.

### Cager of the Week

LEADING SCORER of last week's victory over Milford was Mustang Forward Tom Swis, 17, son of Mr. and Mrs. Frank Swis, 17155 Ridge road. A two-year varsity cager, Tom is a member of the "N" club and a former student of the University of Michigan. He is currently attending the University of Michigan and plans to study law management and business administration in college.

### Shop for Credit And Save Rent

Do you compare prices when you shop for a new refrigerator or a new dress? Then why not compare the cost of consumer credit? Credit can be defined as the amount of money that you borrow from a lender to pay for a purchase. There are four major sources of credit: 1) credit unions, 2) banks, 3) small loan companies, and 4) retail stores. Credit costs vary widely. Before you buy, find out how much you're paying for credit. What is the difference between the cash price and the total price you'll pay if you buy "on time"? An easy way to figure the dollar cost of credit is to multiply the monthly payment by the number of months you will be making payments. Then compare this total with the cash price of the item. People often make the mistake of finding out only the amount of the monthly payment. They don't realize that the total cost of the purchase is the sum of all the monthly payments plus the interest charges. Michigan Law regulates the amount of interest that can be charged on consumer credit. Michigan consumers should support legislation toward more regulation of credit costs. They should also support the federal "truth-in-lending" legislation which would simplify and regulate interest charges on consumer credit. A reliable source of credit is a bank. Banks usually charge a true annual interest rate of 7% to 10%, depending on the loan and the length of time involved. Another generally reliable source of funds is the credit union. By law, credit union interest rates cannot exceed 1 percent a month on the unpaid balance. This is a true annual interest rate of 12%. Small loan companies charge an average of 2% per month, or 24% true annual interest. They are allowed by law to charge up to 30% true annual interest on a loan up to \$50. Retail stores may charge as much as the bank, but they have the use of credit. If a department store adds a carrying charge of 1 1/2% per month on an unpaid balance, the true annual interest rate is 18%.

### CAP Unit To Get Charter

Northville's new Civil Air Patrol unit will receive its charter at a special ceremony and open house meeting Sunday night at the Community Building.

The program will get underway at 8 o'clock. The public is invited to attend.

### Firemen Make Two Runs Monday

Northville's volunteer firemen made two runs Monday, both times to extinguish minor fires.

At 4 a.m. Monday the fire department extinguished a small blaze which had started on the top of a fireplace mantle at Laurie's Resthaven at 1939 Fry road. Little damage was reported.

At 10:30 a.m. the firemen were called to put out a small fire which had started in the motor of a clothes dryer belonging to the Paul R. Hunt family, of 344 Debra Lane. Firemen said there was little damage to the appliance.

### MARCH OF DIMES BOWLING TOURNAMENT

JOHN JONES' contract as host for the date of a Chapin is current campaign motor of the Bowling Proprietors association of Greater Detroit in efforts to raise donations for the March of Dimes. The kick-off luncheon of the seventh annual March of Dimes bowling tournament last week, Angelo Gadioli, owner of Northville Lanes, was honored for his establishment's highest per-line donation in the state last year. He is pictured (left) with Mr. and Mrs. Joseph Henschel, parents of this year's poster child, two-year-old Alicia, and Wayne county March of Dimes campaign Chairman Charles Geringer (right). The bowling tournament is now underway, and some 400 bowlers are rolling at Northville Lanes. In another March of Dimes benefit held last Wednesday, basketball games featuring elementary and junior high teams and a contest (below) between recreation league all stars and the school faculty, netted \$181. Saturday a peanut sale held by the high school student council earned \$108.11.

RECREATION LEAGUE ALL STARS AND THE SCHOOL FACULTY. BASKETBALL GAMES FEATURING ELEMENTARY AND JUNIOR HIGH TEAMS AND A CONTEST (BELOW) BETWEEN RECREATION LEAGUE ALL STARS AND THE SCHOOL FACULTY, NETTED \$181. SATURDAY A PEANUT SALE HELD BY THE HIGH SCHOOL STUDENT COUNCIL EARNED \$108.11.

### Northville Police Court News

To appear in justice court next include: liquor violations, contrary to a county ordinance.

Monday, she told officers she thought she needed to report the accident only to her insurance company.

Charles G. Smith, of Plymouth, found out in Northville during the past week.

Monitors Edward Angelo and Justice of the Peace court this week that he had picked the wrong car to nearly run into New Year's Eve.

Smith pleaded guilty to improper lane usage and paid \$35 in fines and \$15 in costs after Northville Patrolman Frank (left) reported Smith had nearly struck his patrol car head-on while he was making a left turn during routine patrol.

In other court action, Edward Martieuski, a Maybury Sanatorium resident, paid fines of \$25 and costs of \$10 after pleading guilty to possessing alcohol.

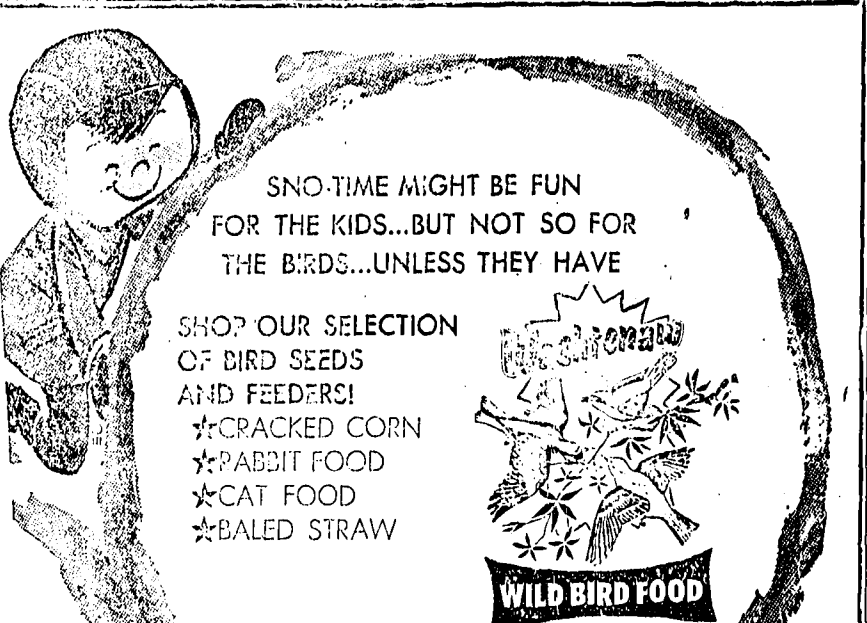

Last Tuesday morning Mrs. Charles Conklin, 714 Spring River at Novi road in Novi, will be honored Friday morning under the management of Mrs. Mildred DeLage.

It will be known as "Millie's Coffee Shop" and feature 24-hour service.

The name of a surviving daughter was mistakenly omitted from the obituary notice published last week for Mrs. J. Angelo. The daughter is Mrs. Kenneth Lyon, of Durand.

### Open for Business

The coffee shop at Harrowood's service station, Grand River at Novi road in Novi, will be honored Friday morning under the management of Mrs. Mildred DeLage. It will be known as "Millie's Coffee Shop" and feature 24-hour service.

### Con Con Film Available to Clubs

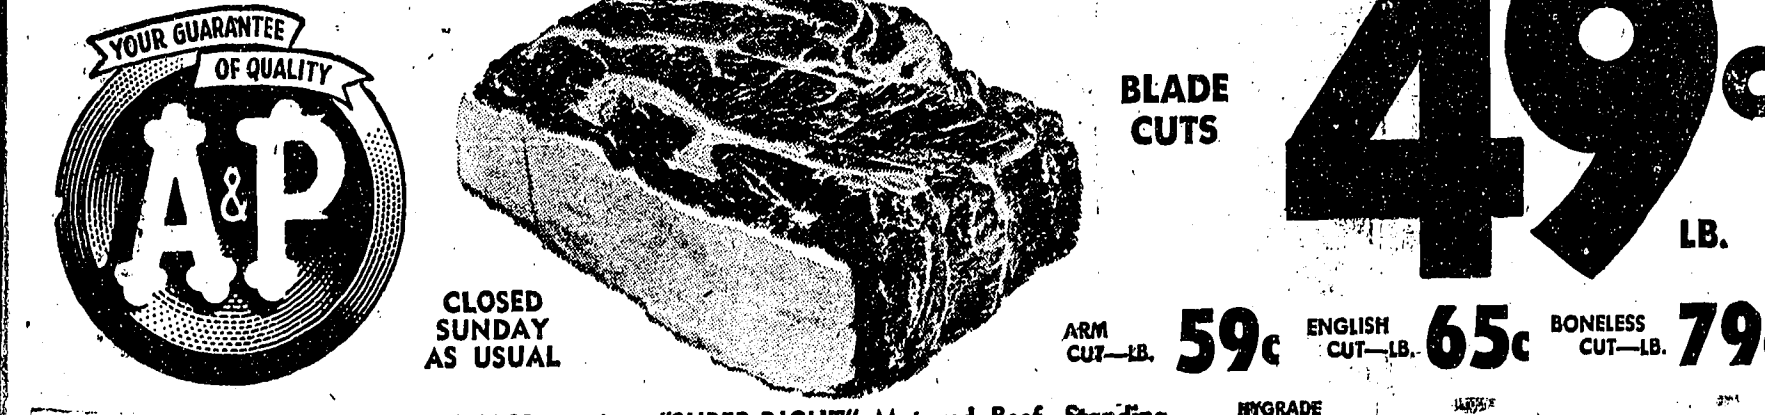

"Michigan Can Lead the Way", a 27-minute documentary film portraying the activities of Michigan's constitutional convention will be ready for free distribution through the film loan libraries of the state's three major universities after January 14.

The 16 mm. sound document... The film's title is taken from the address of former President Eisenhower to the Michigan constitutional convention on December 13, 1961. He said: "The responsibilities of state and shipping instruction on the April 1 ballot."

Interested groups and organizations in Michigan may show the documentary without rental charge. Reservations for constitutional convention will be made in the Michigan Department of Public Safety, Bureau of Public Safety, 1000 State St., Lansing, Mich. 48906.

Adoption of the basic state law framed by the Michigan constitutional convention will be held in Lansing on the April 1 ballot.

### Ford Accepting Nominations For Annual Employee Awards

The fourth annual Community Service Awards program for community service. Last year, some 700 employees from 80 companies in the Greater Detroit area were nominated for awards. Six employees received the top award as "Ford Citizens of the Year" and 101 received Community Service Awards.

The program, which gives special recognition to Ford men and women who contribute voluntary services to their communities, is open to all Ford employees except those directly connected with the program. Nominations will be accepted from January 24 through January 31 and an employee may be nominated by a member of his family, a fellow employee or persons in the community familiar with his activities.

A special feature of this year's program is a new Community Service Citation to be awarded to all eligible employees who are nominated. "The purpose of the program is to give all employees an annual opportunity to be recognized for community service, regardless of how modest their contributions may be," Martin said. "The citation honors all nominated employees of recognition." (In past years several North-

ville-Novi-Wixom residents have been honored.) A committee of judges made up of prominent Michigan citizens will select "Ford Citizens of the Year" and each recipient of this top award will receive a cast bronze "Town Crier's Bell" engraved with his name and the symbolic figure of the town crier.

Among activities which qualify an employee for nomination are public service in elected or appointed capacities; participation in citizens' groups such as PTA, civil defense, traffic safety, city planning and neighborhood associations; participation in youth and recreation programs and participation in community fund campaigns and special club projects.

"Ford began the Community Service Awards Program in 1958 in 10 cities outside the metropolitan Detroit area. By 1962, the program had spread to 88 communities nationwide where Ford has facilities. To date, more than 2,000

Ford plants and offices participating in the Detroit-area awards will be made in March at a banquet for recipients and their wives.

### For people who want to make a budget work

Some tell us they have budget trouble because it's so hard to remember every budget item. Others say it's because they never know how they're doing from month to month.

You'll find that you can overcome these obstacles with our "Money Management Guide & Workbook" — now available at any of our 72 offices for \$1.25.

This book tells you how to plan for a budget and how to prepare one—although it allows for the fact that no two people could—or should—manage their money exactly alike. It shows you if you're keep-

ing within your budget—and what to do about it if you're not. Of course, there are the day-by-day record sheets you find in any budget book. But there are many extras, too, charts that keep track of tax data, insurance and your net worth. Unlike most budget books, it's foolproof so you can insert new pages.

With the "Money Management Guide & Workbook," instead of asking where your money went, you could be telling it where to go. It's another part of our continuing program to help you with family money management.

## from the PASTOR'S STUDY

By the Rev. B. J. Pankou, Pastor  
St. Paul's Lutheran Church of Northville

What is the Gospel?  
The word "Gospel" means "good news". The good news of what? The good news of our salvation in Jesus Christ. The angel said to the shepherds: "Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord." (Luke 2:10-11). This is the Gospel.

Jesus said to Nicodemus: "God so loved the world that He gave His only-begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." (John 3:16). This is the Gospel.

The apostle John writes: "In this was manifested the love of God toward us, because that God sent His only-begotten Son into the world that we might live through Him." (1 John 4:9). This is the Gospel.

St. Paul writes: "Christ died for our sins according to the Scriptures." (1 Corinthians 15:3). "By grace are ye saved through faith; and that not of yourselves: it is the gift of God; not of works, lest any man should boast." (Ephesians 2:8-9). This is the Gospel.

The true Gospel of Jesus Christ with its message of forgiveness and salvation regenerates the heart. Since it transforms a person into a new creature, it enables him to be a better citizen and a good neighbor to his fellowman.

This is the Gospel that we must believe and proclaim.

## News From Willowbrook

Mrs. George Am's, GR-4883 of Dearborn, at dinner Sunday at the home of Mrs. Carl Kies, of Mooringside, joined Mr. and Mrs. Jack Piana, Mr. and Mrs. Arthur Bozic and Mrs. Irene McCormick for a dinner Saturday evening. They all returned to the Weiss home to play cards and refreshments.

The Friday Duplicate Bridge Club met at the home of Mr. and Mrs. Robert Mined, of Willowbrook residents. Mrs. William Pfaff in Plymouth last week. Irene McCormick and Bill Tucker won first place and Kaye Reis and George Lewis took second. Mr. and Mrs. Errol Meyers, of Dearborn Hill road, entertained Mr. and Mrs. Robert Mined and their daughter Marilyn, of Dearborn, at dinner Monday.

The Republican opponents, Bill Harrington and Earl Stephens, were incensed when they saw the printed matter which they were asked to investigate. The Republicans sent a woman to the candidate's house and she says she was handed one of the offensive cards by Walton herself.

A formal complaint was made to the County Prosecutor's office, Walton examined, and found over for trial in Recorder's Court. It will take place soon.

There is a new special law which prohibits use of the words "re-elect" or "incumbent" in behalf of a candidate who does not hold office. It was passed in 1959 by a unanimous vote of both houses and was added to the election code to cover just such abuses.

In Lansing, the Republicans met in caucus the night before the session opened and were determined, to a man, to hold together and refuse to seat Walton the next day. If they were seated, and then an effort made to remove him, it would require two-thirds of the House, something which would be a practical matter. (There are 58 Republicans, 52 Democrats in this year.) It took only a simple majority to hold up the seating while the House was being organized.

The Democrats, out-voted, determined upon a delaying action on the floor of the House in which, apparently, the hope was to wear down the patience of legislators (and the audience), and that the embarrassment and absence of "harmony" on opening days would be so unpleasant that the Republicans would cave in.

They didn't, and the opening hours — usually sweet and ceremonial — were a carnival of the most windy kind of speeches.

I supported the GOP position because elections are getting dirtier, and the rules more

## Scientists to Hear Bible Applications

How to apply Bible teachings in solving everyday problems will be the topic of a free public lecture on Christian Science to be delivered in Plymouth on Thursday, January 24 by Arnold H. Exo of Evanston, Ill.

Exo, a member of the Christian Science Board of Lectureship, will speak under the auspices of First Church of Christ, Scientists, in Boston, Massachusetts, from 1956 to 1959.

He served as a Christian Science Warfare Minister during World War II, and has been an authorized teacher of Christian Science since 1948. He served as First Reader of the Mother Church, The First Church of Christ, Scientists, in Boston, Massachusetts, from 1956 to 1959.

Exo is currently on a nationwide lecture tour. A native of Iowa, he had a successful career in the sales and advertising field before leaving his full time work to devote his full time to the practice of Christian Science.

He served as a Christian Science Warfare Minister during World War II, and has been an authorized teacher of Christian Science since 1948. He served as First Reader of the Mother Church, The First Church of Christ, Scientists, in Boston, Massachusetts, from 1956 to 1959.

## Registration Notice

FOR Township Primary Election Monday, February 18, 1963

To the Qualified Electors of the Township of Novi (Precinct No. 1-2) County of Oakland, State of Michigan

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that a name can receive no names for registration during the intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

Notice is hereby given that I will be at the following places on MONDAYS THRU FRIDAYS NOVI TOWNSHIP HALL — 25850 NOVI ROAD and on

**Monday, January 21, 1963 — Last Day**

THE THIRTIETH DAY PRECEDING SAID ELECTION As provided by Section 498, Act No. 116, Public Acts of 1954 from 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, an entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

CHARLES G. GOERS, TOWNSHIP CLERK

## REPORT from LANSING

By PAUL CHANDLER  
STATE REPRESENTATIVE, 21st District

(Paul Chandler has begun work as a member of the Michigan House of Representatives in Lansing. To help keep citizens informed of things happening there, this column will be written weekly and is offered without charge to any newspaper published in the 21st District.)

LANSING — The freshman legislator arrived bright-eyed at the State Capitol at ten minutes to one, expecting to be sworn in and legally seated by no later than 1:30. But it took almost four hours longer than that because of an argument. Local politicians and campaign workers were keenly interested. The dispute arose over the seating of a man who had been elected to the House from the 12th District, which lies adjacent to Redford Township, just over the Detroit city limits to the east. The 12th is within our 17th Congressional District, and the case was one with which I was familiar because of going to Lansing.

Leonard Walton, a Democrat, defeated his Republican opponent in the election of November 4, 1960. During the closing days of the struggle, a lot of literature was distributed on his behalf which mentioned the voters to "Re-Elect" Walton and also led one to believe that he, in fact, was the "State Representative".

His Republican opponents, Bill Harrington and Earl Stephens, were incensed when they saw the printed matter which they were asked to investigate. The Republicans sent a woman to the candidate's house and she says she was handed one of the offensive cards by Walton herself.

A formal complaint was made to the County Prosecutor's office, Walton examined, and found over for trial in Recorder's Court. It will take place soon.

There is a new special law which prohibits use of the words "re-elect" or "incumbent" in behalf of a candidate who does not hold office. It was passed in 1959 by a unanimous vote of both houses and was added to the election code to cover just such abuses.

## Interest in New Constitution High

EDITOR'S NOTE: This is another in a series about the proposed new Michigan constitution. Additional articles will appear in subsequent weeks.

Citizen interest in Michigan's proposed new constitution is evidenced by a continuing stream of inquiries reaching the Co-Con office at Lansing's Civic Center asking for printed materials describing the new document. Voters will make their decision on the constitution at the polls on April 1, 1963.

Once the Walton case was handled (he wasn't seated, pending a study by a special committee), matters moved forward.

Freshmen legislators were called to their seats by the speaker of the House, Leonard Walton, on the 12th of January. The new members were sworn in and the session opened. The House will be in session for the remainder of the year.

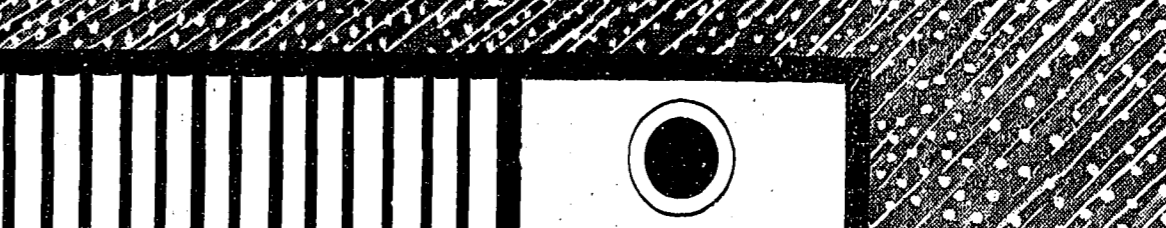

More than 50,000 copies of the text of the document have been mailed out to groups, libraries, schools and interested individuals. About 35,000 of the 10-page booklet explaining in detail revisions proposed by the convention have also been distributed.

Greatest demand is for a 12-page pamphlet, "The Proposals of the New Constitution of Michigan — What It Means to You." This leaflet contains the preface from the larger booklet and summarizes the most significant changes. Upwards of 150,000 of this pamphlet have been sent out from the Co-Con office at Lansing. Requests for pamphlets and to have the film for showing at meetings after January 31 may be sent on a postcard to Co-Con Office, Civic Center, Lansing, Michigan.

## SPEAKING for The Record

By Bill Sliger

The record of complaints filed against juveniles in Northville during the past year was an enviable one for any community.

Police Chief Eugene King's report for 1962 shows that only 11 complaints involving minors were filed with local police. In all except one case the difficulties were handled without referral to county juvenile authorities.

It's a tribute to both parents and their youngsters.

But 1963 didn't get off to a flying start — as anyone who attended the P.A.'s "horror show" last week can attest.

It seems a group of local youngsters — between the ages of 15 and 17 — decided they would "bomb" the "massager" with eggs when he made his appearance on stage.

Their aim wasn't so good. The result is a hole through the center of the theatre's \$2,000 screen. It's estimated that it will cost about \$100 to repair the damage — and even then the screen will probably reveal the flaw.

Chief King reports that as many as 20 youngsters could be involved in the plot. Apparently, he says, it was pretty well known around school that a raid was planned. The boys even had help from the girls, who carried eggs in their purses.

Conferees were held with several youngsters and their parents last Saturday. More are scheduled for this week.

Theatre owners are willing to let local police reach a settlement without filing a formal complaint.

But it's no secret that their business has not been booming. And aside from the damage to equipment, they fear loss of patrons due to rowdiness in the theatre.

In short, the local theatre hasn't been a paying proposition, anyway, and it could be closed.

Chief King reports that cooperation from parents of the youngsters has been excellent. They've already set forth such punishment and when the strong-armed youth who threw the egg through the screen is identified, he'll have a \$100 repair bill to pay. (An expensive picnic in any language.)

We all know that "boys will be boys," and can undoubtedly recall a few escapades of our own, but when property damage or possible bodily harm is involved, strict action by both police and parents is imperative.

Locally, parents are understanding and cooperation is 100 per cent. Chief King notes. But not always.

He recalls a case, for instance, where local youths admitted stealing considerable sums of money from the purse of a working woman.

There were several youngsters involved. Most of the youngsters have been made to repay the sum through their own efforts. But because charges were not pressed, no effort has been made by one of the families involved.

As it turns out, the second-iteration building is the loser. As the money is returned to the woman, she's giving it to the building fund.

Another incident, where one son was reported to have deliberately knocked down a parking meter post with his car, has insisted that the boy work and repay the city for the damage. He wouldn't even consider filing a claim with his insurance company, "because it was my boy's fault, and he'll pay for it."

Sometimes, notes the Chief, we can point to a youngster instead of an adult as the good example.

In a truly remarkable act, he relates that a seven-year-old girl witnessed a hit-and-run property damage accident recently while on her way to school. She took down the license number of the car and a description of the driver. When she arrived at school she called her mother, who informed authorities.

Police did the rest. It was not a teenage driver.

One of the most difficult, expensive and least appealing services to provide for taxpayers (who must foot the bill) are sewers.

Having observed many councils wrestle with sewer problems with little more public attention than an occasional complaint, it was both surprising and reassuring to me to witness the presentation of a \$500 check from the Wixom chamber of commerce to the city council last week so that it could pay for legal advice associated with a sewer study program.

Coincidentally, the presentation was made by Donald Brooks to Mayor Wes McCrear, who defeated ex-Mayor Brooks in the last city election.

### State Land Sales Hit \$3.7 Million in 3 Years

As it may sound from sales at public auctions, State Highway Department officials are pleased with the state's biggest real estate "boom."

The remainder of the land was sold to the Conservation Department, counties, or municipalities for public use. State Highway Department officials report that the department has sold more than \$3.7 million in excess land during the past three years.

Spending millions to buy land on which to build new highways, the department attempts to sell parcels unused when construction is complete. The parcels may be part of a package needed during construction but are no longer needed when this phase of work is done.

DURING THE last three years, Tripp said, 1,380 parcels of excess land were sold. The money returning into the construction fund. About \$3 million of the sale proceeds came from sales at public auctions, which returned the properties to local tax rolls.

The remainder of the land was sold to the Conservation Department, counties, or municipalities for public use. State Highway Department officials report that the department has sold more than \$3.7 million in excess land during the past three years.

### Roger Babson

## Business Fears Attorney General

Babson Park, Mass. — of several different countries have been encouraged, but are treated as these other associations are treated. The Common Market was created for good business — "at least as good and probably much better" than the one currently now doing. Readers should note what Governor Romney of Massachusetts recently said in his inaugural address.

When President Kennedy took office, the Dow Jones Industrial Average was around 100. Then it was manipulated to over 700, after which came the big break of May 28, 1962. The market had gone up from around 275-300 during the Eisenhower Administration. With the President's father "Joe" now putting his money into real estate (which is much better tax-wise for trusts), many businessmen feel that government figures for both the stock market and general business will decline in 1963.

Unemployment is sure to increase during 1963; those employed are being laid off. The government is sure to have more numerous in 1963) will not get overtime work. This means they will not have much "take-home" pay. The government figures for both the stock market and general business will decline in 1963.

Without doubt the Cuban situation is the President's top priority. I believe he is sure to be a staunch open politician to (2) an important second reason is that employers do not know how President Kennedy really feels toward the nation's business leaders. He is surrounded by a group of very liberal advisors — mostly college professors who have been dependent on endowments for their salaries. Very few of them have ever been obligated to "earn a living" as most readers here.

Furthermore, the President's own family is a very rich man himself. His trust funds set up by his father, Joseph P. Kennedy, who is said to be worth over \$300,000,000. In addition, the President's father-in-law, Joseph P. Pateras, who is in the great majority of big majorities.

The government is constantly urging manufacturers to install new machinery and create jobs. With the present excess of commodities, this means we must develop more foreign trade. To do this efficiently our manufacturers should be encouraged to combine to form trade associations. They now do not do this for this fear that the President's brother Robert, who is Attorney General, will prosecute them under the Anti-Trust laws.

These outdated laws should either be relaxed to meet present foreign trade needs, or be amended so that they will apply also to labor unions.

Europe's common market not only encourages the manufacturers of one industry to work together, but also those

of another. It is in discussing business in 1963 and my reasons for forecasting a "decline." To repeat: The real reason is the attitude of the President's brother Robert, who should interpret the Anti-Trust laws as they can be used to operate to develop foreign trade abroad. This is what 1963 lacks. Business leaders are scared.

My interest today is in discussing business in 1963 and my reasons for forecasting a "decline." To repeat: The real reason is the attitude of the President's brother Robert, who should interpret the Anti-Trust laws as they can be used to operate to develop foreign trade abroad. This is what 1963 lacks. Business leaders are scared.

## Mothers March Tuesday to Fight Crippling Disease

### Area Women Plan Door-to-Door Drive

Clansing this year's March of Dimes campaign, and has often been considered the greatest organized effort for fighting and crippling disease ever by American women.

The volunteer Mothers Marchers who brace cold winter weather will wear Golden Keyes of Hope — symbols of hope that exists for victims of birth defects, arthritis and polio through medical research, patient aid, medical care centers and professional education.

There will also be some fathers marching next Tuesday. They will wear badges stating, "Tonight, I am a Mother."

The day of dedication Tuesday will end as mothers turn out for the annual Mothers March on Tuesday, March 19, at the home of Mrs. Bernard Marchetti, who also is chairperson of the Mothers March, said this week.

She estimated that about 100 mothers would be marching with the slogan, "Give for the Life of a Child" during the day and evening Tuesday in hopes of reaching the unofficial goal of \$1,000 set for the event.

Last year's marchers netted \$606.68, while overall collections for the month totaled \$1,088.

Mrs. Marchetti said marchers in the rural areas of Novi will be knocking on doors and public buildings during the daylight hours Tuesday. Community centers will be visited during the evening. She asked that subdivisions residents turn on their porch or front lights to aid the mothers, adding that marchers plan to stop at every home in the community.

"This being the March of Dimes' silver anniversary," she said, "we're hoping to do better than ever." She noted that the mothers have collected nearly \$1,000 in past years, adding that they come near this year's march goal. Novi will go substantially over its total goal.

MOTHERS MARCHERS from Novi will be joining with some two million volunteer women all over America taking support for the March of Dimes fight against the crippling diseases of birth defects, arthritis and polio, as well as support for the new Salk Institute for Biological Studies in California.

The tradition of Mothers March is termed the most productive of any group.

Next Tuesday evening in addition of two resolutions for adoption in the group's articles of incorporation. They include: "A provision that the hospital staff be open to medical students and such others as are acceptable to the board;" "A provision that assets of the corporation, upon dissolution, be transferred to a non-profit tax exempt, charitable, religious or scientific organization as selected by the board."

Officials are re-emphasizing the importance of securing volunteer help to assist in a building fund campaign to insure construction of the proposed 100-bed hospital at an estimated cost of \$1.4 million. The fund goal has been set at \$175,000.

Miss Eugenie Choquet attended the caucus at Boisford Inn Saturday night. Alternatives were chosen for the Republican county convention and Miss Choquet was chosen as delegate. Miss Choquet also attended the caucus Wednesday evening, January 16.

Returned to office are: Florence Harris and Lee Belege of Novi; Wesley Mealey of Wixom; Palmer A. Edwards, South Lyon; Alfred D. Krieger, Edward Sharpe, Mrs. Walter Watkins, Edward Chey, Robert Verker and Archie Peterson.

Re-elected directors were originally appointed on a temporary basis.

The directors will elect officers next Tuesday evening in addition of two resolutions for adoption in the group's articles of incorporation. They include: "A provision that the hospital staff be open to medical students and such others as are acceptable to the board;" "A provision that assets of the corporation, upon dissolution, be transferred to a non-profit tax exempt, charitable, religious or scientific organization as selected by the board."

## NOVI HIGHLIGHTS

**Novi Baptist Church News**  
A family night potluck dinner was held at the church Wednesday evening followed by a board meeting. The program of the whole year's work was discussed.

The study course on "Dimensions of Prayer" was continued. Other subjects and relatives were held at the church.

On January 26 the lay leaders conference will be held at Ann Arbor. Rev. Webster will make his case to the state supreme court on the legal action on the project. They will, however, Culbert said.

**Novi Baptist Church News**  
The B.Y.F. teens will have a potluck dinner this coming Saturday evening at 7:30 in the hall. Lynn MacDonal is in charge of the menu. Contact Lynn if there are any questions.

The Novi Farm Bureau held its monthly meeting on Tuesday, January 23, at the Community hall from 10-12 Saturday.

Monday, Wednesday and Friday open from 10 to 12 a.m.

Novi Youth Protective Committee  
There are 109 children in the Novi Youth Protective Committee. They will hold their review and preview meeting. The young people will review the past year and preview the programs for the coming year.

## NOVI NEWS

**Board to Select New Architect**  
Novi's board of education agreed to contact the four other architectural firms originally considered for the project and to select one of these firms to continue with the Project. A meeting has been scheduled for Wednesday, January 23 to make another selection.

The board explained the development in a statement issued by Superintendent of Schools Tom Culbert as follows:

"The Novi Board of Education at its meeting of January 16 was presented with an estimated amount of delay in time and repetition of efforts will be required to complete the project. The board explained the development in a statement issued by Superintendent of Schools Tom Culbert as follows:

**Council Handles Heavy Agenda Of Routine Items**  
The Novi village council adding that Novi will receive some \$25,000 in highway payments alone from the state in May.

The council agreed that city ordinance violators must receive "stiffer" treatment. They specifically discussed two violators: Alex Motor Sales of Walled Lake and the former Sinclair station at Grand River. Councilmen noted that the owner of Alex Motor Sales had ignored several notices about failure to obtain permits for installation of a new furnace. The council voted to bring the owner into court for these violations.

The council delayed taking action on the old Sinclair station property which they terminated "a village eyesore." Councilmen also dealt briefly with two ordinance violations within the village limits.

**Court to Decide Fall Race Dates?**  
Although State Racing Commission Edgar Hayes argued that his track has awarded the 1963 horse dates more than one month ago, there's a heavy speculation this week that an announcement of legal action to contest the decision is near.

Hayes gave Leon Slavin, of Jackson Township, a total of 42 nights at Jackson Park, 42 nights at Jackson Park, 42 nights at Jackson Park, 42 nights at Jackson Park.

**Winter Tax Collections Hit 45%**  
Novi township taxpayers have paid just a little over 45 per cent of their winter taxes. Treasurer Diane DeBortoli reported this week.

Total collections were \$341,859 yesterday. The Novi township tax rate is \$35.55. Winter taxes are used for county, school and township revenues. Deadline for Novi tax payments is February 15. Bills not paid by then will have a four per cent late penalty fee added. On March 1, unpaid tax bills on through the county will be turned over to the county treasurer for placement on the delinquent roll.

**Plan Movies For Children**  
The Novi Friends of the Library will sponsor a children's movie tomorrow at 1 p.m. in the community building. It will be a comedy, "The Sandlot." Mrs. Carlis, an attorney, contends that Slavin belongs to the track, not Slavin.

**Novi Rotarians Visit Windsor**  
Three members of the Novi Rotary Club went to the Windsor National Rotary meeting with their wives Monday night in Windsor, Ontario.
