Our dealers are busy demonstrating and selling cars to Detroiters and suburbanites-they cordially invite you so stop in and see for yourself the extra values they offer.

Chrysler Corporation cars are being shipped 'round the clock to meet the needs of our dealers everywhere in supplying the best quality cars we have ever built.

Chrysler Corporation buys goods and services from approximately 3,500

suppliers in the Detroit area, and in 1962 paid out \$400,000,000 to these

suppliers. This makes a total outlay in 1962 of \$875,000,000.

Chrysler Corporation...helping Detroit grow and prosper!

More than any other automobile company, Chrysler Corporation has always concentrated heavily in Detroit.

This is where we live. Where we work. This is where we grow, right along with the whole Detroit area.

More than 2/3 of the people who work for Chrysler Corporation all over the U.S. are on the job right here.

In 1962, they received \$475,000,000 in wages, salaries and benefits.

Our feeling of "belonging" to Detroit has been reinforced over the past few months. In the period October 1, 1962, to February 28, 1963, Chrysler Corporation new car registrations in Detroit area were up a whopping 72.6% over the same period last year.

Yes we're busy-helping Detroit grow.

newspaper is dated April 1, 1871. Unlike the original publication of The Record that we have framed and hanging in our offices, it's published under the name of "The Northville Record". The July 15, 1869 first edition was called "The Wayne County Record".

The "editor and proprietor" was Samuel H. Little. And under the newspaper's masthead are the words: "Our Aim - The People's Welfare". Every word of the fine-type publication is clearly readable, which is amazing when one considers that An-
