

# SPEAKING for The Record

Philip Anderson, Novi village councilman and well known apple grower, stopped by last week with one of the oldest and best-preserved copies of a Northville Record that he ever seen.

It's exactly 92 years old. The four-page, six-column newspaper is dated April 1, 1871.

Unlike the original publication of the Record that we have framed and hanging in our offices, it's published under the name of "The Northville Record".

The July 13, 1869 first edition was called "The Wayne County Record".

"The editor and proprietor" was Samuel H. Little. And under the newspaper's masthead are the words: "Our Aim — The People's Welfare".

Every word of the fine-type publication is clearly readable, which is amazing when one considers that Anderson found the newspaper "lying in the bottom of a bureau drawer".

The entire front page is devoted to poetry and a short story entitled "One Night".

Inside are many familiar names — an attorney, E. S. Woodman of Novi advertises his services and offers a Bradford advertise wagon and carriage manufacturing and repair.

A. S. Laplante & Co. Bankers, Lapham & Swift Dry Goods, Jackson & Horton, dealers in drugs, medicines, window glass, putty, wallpaper and wines and liquors; V. O. Whipple Harness & Saddle Repository; and F. R. Bell & Co., general hardware.

The Northville Union School announces its sixth annual term schedule "for those interested in educational matters".

The school offers a 13-week term in higher branches for \$6.50; common English, \$5.50 per term; Second course, \$4.00; and primary, \$2.00. Bookkeeping and penmanship is included without extra charge.

The principal of the school was Professor A. G. Johnson, Mrs. N. E. Johnson was preceptress, Elizabeth Blackwood, intermediate, Mrs. Eliza B. Dunham, primary, and Kittie Cooke, music.

In a story concerning Union School activities, Miss Nellie Gandy related "The Beautiful Sunday" and Miss Emma Dunsbar presented an essay entitled "The Art of Puffing" in which she anticipated the time when "the first puff of a locomotive would be heard in Northville, and when we should all cry for a little more puffing of the same sort."

Market prices in Northville on April 1, 1871 were: butter per lb., 20c; eggs, per dozen, 10c; apples, dried per lb., six cents; and potatoes per bushel, \$1.

The Record was a semi-monthly publication, "\$1.50 per year in advance."

As one official of Novi commented after Monday's election results, "It was a day of accomplishment for Novi."

We agree and extend our congratulations to the voters who decided to: 1—support a community library; 2—continue 21 miles of expired operating millage for the schools; and 3—construct a new junior high school.

### School Bus Bill Stirs Controversy

One of the most potentially controversial pieces of legislation proposed in the current session received only limited debate.

Some 27 Senators signed as co-sponsors of a measure to require school districts which provide bus transportation to public school students to offer the same service to students in non-public institutions.

Ed must underwrite the cost of such institutions. The state Police is doubling its canine corps which is used in unusual circumstances. Five new trooper-dog teams will be added.

Initiated in 1961, five teams are now assigned to department public school students to offer the same service to students in non-public institutions.

Fast becoming known as the "practical school bus bill" the measure faced little opposition in the Senate since it is rare when a member signs to support an issue he plans to support a bill.

One Senator described the probable action on the bill as a parallel to the controversial Saturday-Sunday closing law in the courts. Indicated there was being sharply challenged.

Discussion about the school bill is expected to be limited in the House with the main opposition built upon the financial aspect.

Gov. George Romney kept relatively silent on the measure although he indicated when it was introduced he considered it a "reasonable idea" to provide equal services to all school children if the service did not cost the state too much.

During his campaign last year, however, Romney reportedly gained considerable support from selected church units by saying he would endorse such a proposal.

Surprisingly some of the strongest opposition, at least from outside the legislative halls, comes from church groups which would stand in gain considerably if the bill was enacted into law.

The Seventh Day Adventist Church emphatically opposed the measure as a violation of the guarantees in the Federal Constitution of the separation of Church and State.

The Council of Churches' board of directors took a similar stand on the proposal.

"We are committed to the principle that the choice of schools for children should be left to the parents," the Council board said. "We also feel that non-public schools and the parents involved should be consulted."

Department officials are quick to point out that these figures in themselves are rather meaningless, but the 4:1 ratio is an important figure. Current department estimates are that every dollar spent on a heavily traveled freeway gives about four times as much service as a dollar spent on a lightly used rural route.

Despite intense competition in the plywood field, the growth of U.S. Plywood Corporation has been remarkable. Because of its wide distribution facilities throughout the U.S. and Canada, company is considered to be more of a seller than a manufacturer. In addition to distributing plywood, it sells doors and other timber products to the building trades. It maintains extensive timber

## Gradual Inflation To Continue

Babson Park, Mass. — Let me repeat: Inflation is a very tricky word. Most natural resources which I have mentioned in this column the past few weeks are helped by inflation. However, most railroads, public utilities, and corporations whose income is largely fixed by government and state commissions are handicapped — by inflation.

Therefore, wise investors should balance their portfolios so they will not be hurt — whether inflation comes or not.

Personally, with the constantly growing government debt, I think the U.S. is headed for inflation; but it will come about gradually. It, however, speculators temporarily run up stock prices too soon in advance, beware of a market collapse to follow. Also, voters should remember cost of taxes when buying timber or other real estate.

"This is my Father's world. O let me not forget that though the wrong seems so strong, God is the Ruler yet!"

Though nations are uprising and battles rage fiercely all over the world, let us put our faith in our Captain, who is bound to win in the end. This especially applies to Cuba.

## Worshippers Hear Holy Week Words: 'Christ is Risen'

Christians throughout the Northville-Novi area will rejoice in the Easter Sunday services. The Last Supper to the cross in Holy Week services here this week.

After commemorating Christ's suffering and his last words at the cross, church choirs Sunday will proclaim in special Easter morning services "He is Risen."

Holy Cross Episcopal will hold 7:30 p.m. Good Friday services at 7:30 p.m. Saturday, Sunday, services will be held at 8 and 11 a.m. with the sermon "He is Risen Indeed" being given by Reverend Peter Tonella, church pastor. Special Easter music will include "The Lord's Prayer."

Northville's First Presbyterian church will host for combined services with the First Methodist church at 8 a.m. Good Friday. Reverend Paul Cargio, pastor of the First Methodist church, will speak about "Abandoning Grace."

Other Monday Thursday services include St. Williams Catholic Church, Walled Lake, 8 p.m.; St. John's Episcopal church, Plymouth, 7:30 p.m.; Holy Cross Episcopal church, Northville, 7:30 p.m.; First Presbyterian church, Novi, 8 p.m.; St. Paul's Evangelical Lutheran church, Northville, 8 p.m.; St. Paul's Evangelical Lutheran church, Northville, 7:30 p.m.; Willowbrook Community church, Novi, 8 p.m.

Good Friday, Our Lady of Victory will hold Holy Week services at 2 p.m. in the church. Afternoon services will feature Holy Communion and veneration of the cross.

In the evening, Our Lady of Victory parishioners will follow the way of the cross at 7:30 p.m. service, meditating on the passion and death of Christ.

Holy Saturday services in Our Lady of Victory will be held at 11 p.m. and 12 midnight. Sunday masses will be held at 8:30 a.m., 10 a.m., and 12:15 p.m.

In St. Williams Catholic church, Good Friday services will be held at 12 noon; Saturday Easter vigil at 11 p.m. and Sunday Masses at 7:30 a.m., 8 a.m., 11 a.m., and 12:15 p.m.

St. John's Episcopal church will hold the traditional "Way of the Cross" service Friday at 1 p.m. Easter services will begin with a sunrise devotional service at 6:30 a.m., including "The Cross and Ourselves."

The 9 and 11 a.m. services at St. John's will feature special antiphons by the Junior and Senior choirs. The Senior Choir will sing "Vulpius! The Strife is Over" and "Hosanna" when the World Began to Wake" at the 11 a.m. service.

At the 11 a.m. service, Reverend Spradling will preach on "Viewing the Resurrection." Special music will include "Hallelujah" and "Sing All Glorious." At 7:30 p.m. service, Reverend Spradling will give the message of resurrection.

Orchard Hills Baptist church will emphasize the Easter theme in 11 a.m. and 7 p.m. services. The Easter Sunday services will be at 11 a.m. and 7 p.m. Dr. Charles Shaw of the Detroit Bible college will be guest pastor during the family Sunday services at 11 a.m. and 7 p.m. in the First Baptist church of Novi. Special music at the 11 a.m. service will be "All Hail the Power of Jesus Name."

St. Paul's Evangelical Lutheran church members will hear Reverend Arthur J. Healy, church pastor, speaking on "Pierced Hands" at 1:30 p.m. Good Friday services.

The Wonderful Assurance of Christ's Resurrection" will be the sermon topic at 7 and 10:30 a.m. services. Music for the 7 a.m. service will include Bach's "Jesus, Joy of Man's Desiring," Dickson's "In Joseph's Lonely Garden" with Mrs. E. Kern as soloist will be sung at both services and Williams' "Come, Ye Faithful, and Praise Him" at the 10:30 a.m. service.

The Evangelical Lutheran church of the Epiphany will join the First Presbyterian church of Plymouth for Good Friday services beginning at noon. Reverend John W. Millard, pastor of the Epiphany, will speak on "Today Thou Shalt Be With Me in Paradise."

A group of Novi teachers and parents met with the recommendation to adopt the program. The board unanimously decided all bus drivers would receive a 10-cent pay raise next year, bringing their salaries up to \$1.95 an hour. This is the first raise bus drivers have received in half a dozen years.

The record-high proposed expenditures of \$75,300, if finally approved by the board, would be set off by regular anticipated revenues, totaling \$59,500.

The preliminary budget prepared for submission to the Oakland county allocation board. Final approval cannot be given the budget until the allocation board determines the share of county and school taxes Novi is to receive next year.

The budget was submitted to the board by Superintendent of Schools Tom Culbert, who called it "a realistic picture of revenue and expenditures."

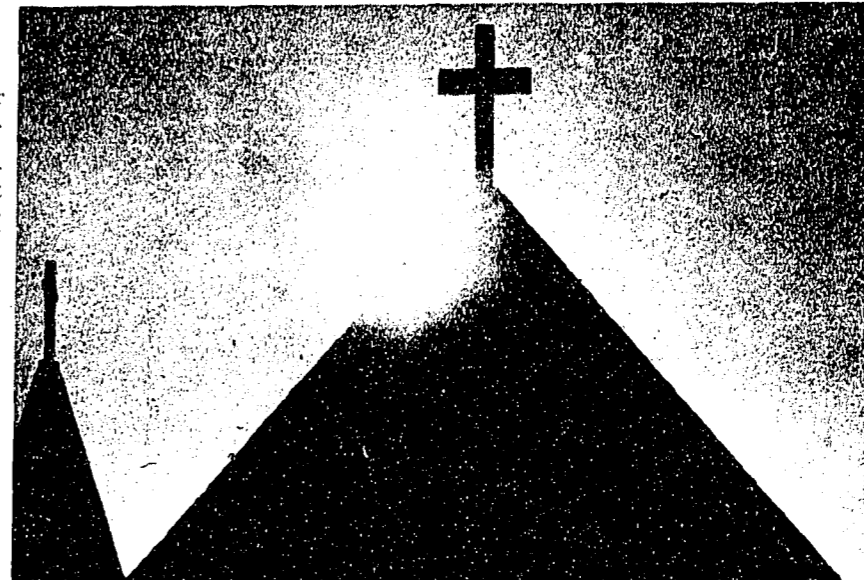

Only school board additions to the budget were \$1,000 to \$1,850 for secretarial, custodial and bus driver pay hikes and \$2,500 for purchase of a new school bus.

Dr. Walter Ambinder, board secretary, fought down the line for heavier pay envelopes for all employees. However, his suggestions for teacher raises were blocked at every turn throughout the lengthy meeting.

Board President David MacBride told the board that he believes "critical decisions about people ought to be made by the board, not by the superintendent."

## THE NOVI NEWS

The Easter Sunday sunrise will greet thousands of worshippers.

## Teachers Urge 'Screening' Plan

A group of Novi teachers and parents met with the recommendation to adopt the program. The board unanimously decided all bus drivers would receive a 10-cent pay raise next year, bringing their salaries up to \$1.95 an hour. This is the first raise bus drivers have received in half a dozen years.

The record-high proposed expenditures of \$75,300, if finally approved by the board, would be set off by regular anticipated revenues, totaling \$59,500.

The preliminary budget prepared for submission to the Oakland county allocation board. Final approval cannot be given the budget until the allocation board determines the share of county and school taxes Novi is to receive next year.

The budget was submitted to the board by Superintendent of Schools Tom Culbert, who called it "a realistic picture of revenue and expenditures."

Only school board additions to the budget were \$1,000 to \$1,850 for secretarial, custodial and bus driver pay hikes and \$2,500 for purchase of a new school bus.

Dr. Walter Ambinder, board secretary, fought down the line for heavier pay envelopes for all employees. However, his suggestions for teacher raises were blocked at every turn throughout the lengthy meeting.

Board President David MacBride told the board that he believes "critical decisions about people ought to be made by the board, not by the superintendent."

The board discussed the program at length, but took no action in spite of Superintendent of Schools Tom Culbert's recommendation to adopt the program.

Culbert had told the board that the "main value" of the program is that the teachers have recognized a problem and have attempted to set up a procedure that they think would be better.

"Unless we can think up a better program, we should give the opportunity to try it," Culbert said.

Dr. Walter Ambinder, board secretary, said he objected to such a program because "it basically a device for screening out rather than screening in."

"When a child has not had the opportunity to develop good language habits at home, there any guarantee that a parent in another six months do a better job than the school system," Dr. Ambinder asked.

Mrs. Laura Smith, mother of two elementary children and a committee member of the board, said she believed "critical decisions about people ought to be made by the board, not by the superintendent."

The board also heard the report of Bob Richardson, the Novi township park attendant. He said that the park was in good shape with a minimum amount of damage over the winter months when children were out there.

Board members will make an inspection tour of the park Saturday afternoon to determine what repairs and improvements might be made.

Presently under consideration is the feasibility of installing showers and a clothes washer room adjoining the restrooms. The tables will be painted, the board members said.

The board deferred the appointment of library board members until the next meeting so that a more thorough investigation can be made.

## Schools Propose Near-Balanced '63-64 Budget

Novi school board members last week unanimously approved a preliminary 1963-64 budget that's a hair's breadth from balancing.

The preliminary budget provides expenditure increases of just over \$17,000 and a deficit of \$9,500.

The record-high proposed expenditures of \$75,300, if finally approved by the board, would be set off by regular anticipated revenues, totaling \$59,500.

The preliminary budget prepared for submission to the Oakland county allocation board. Final approval cannot be given the budget until the allocation board determines the share of county and school taxes Novi is to receive next year.

The budget was submitted to the board by Superintendent of Schools Tom Culbert, who called it "a realistic picture of revenue and expenditures."

Only school board additions to the budget were \$1,000 to \$1,850 for secretarial, custodial and bus driver pay hikes and \$2,500 for purchase of a new school bus.

Dr. Walter Ambinder, board secretary, fought down the line for heavier pay envelopes for all employees. However, his suggestions for teacher raises were blocked at every turn throughout the lengthy meeting.

## Sally Diane Lemke Weds Rochester Man Saturday

Sally Diane Lemke became the bride of David Lee Rosenquist Saturday afternoon in Abiding Presence Lutheran church, Rochester, before an altar banked with palms and vases of Easter lilies.

The bride, daughter of Mr. and Mrs. George Lemke of 2030 Westview drive, was given in marriage by her father.

The groom is the son of Mr. and Mrs. G. Kent Rosenquist of 322 Northwood, Rochester.

Maid of honor was the bride's sister, Patricia Ann Lemke. Bridesmaids were Miss Camille Rosenquist, sister of the groom and Miss Brenda of Rochester. Ushers were Rocklin Brandstadt and Rudy Rin.

Schist was Robert Church who sang "O Perfect Love." For her wedding, the bride chose a gown of satin organza with satin rose appliques. The gown was banked at the waist and hem with satin. It had a belt skirt with a detachable train held at the waist with a satin caligae rose and three quarter length sleeves shirred at the elbow. The bride wore a matching pill box hat and a bouquet of calla lilies.

The bride chose a mocha three-piece knit suit with matching accessories for her going away trip. Following a wedding trip to northern Michigan, the couple will be at home at 415 Randolph, Northville.

The Northville Town Hall board of awards announced last week that applications for cash awards from worthy individuals and organizations will be accepted until May 17.

Chairmen Mrs. H. F. Wagenschutz and Herman Moehmler said they anticipate that the total of the awards to be given will be in excess of \$1,000.

The award money comes from a portion of the profits earned from this year's lecture series. Last year, \$600 was given to organizations in Farmington, Livonia, Northville and Plymouth.

Interested individuals or organizations in the Northville area may make written applications stating anticipated use of the money to Mrs. William Milne, 537 West Dunlap.

A Northville girl will be doing her share of discussing next week.

She's Mary Ann Whiteford, daughter of Mr. and Mrs. Herbert J. Whiteford of 1615 Franklin road. And she'll be attending a three-day conference at Taylor university, Upland, Indiana.

Mr. and Mrs. Whiteford plan to drive Mary Ann and a friend from Redford township, Jackie Junker, to the conference.

The John Blackbourns of Orchard drive are busily preparing for an Easter visit from their daughter and her family, the Robert Schefers of Ulen. Schefers youngsters who'll be home Sunday are Robin, 5; Wendy, 4; Terri, 2; and Ronald, 6 months.

Mrs. Ward Masters, a former Northville resident and a University of Michigan house-mother, is spending her spring holiday with Mrs. Beth Lapham. High point on the vacation itinerary yesterday was a luncheon date with Mrs. C. Harold Bloom and a trip to Rochester.

Richard Ambler, Dr. O. J. Robinson, William Sliger and Paul Terry and their sons, Rick, Ralph, Bill and Mike, spent last weekend at East Tawas.

Just home from Florida, the Robert Beerboovers of Valley road turned around this week and set off for Dayton, Ohio. There, they'll be having a sneak preview of the new home they'll be moving into in June.

In Florida last week, the Beerboovers did a little sight-seeing, plenty of swimming, golf, and tennis. While Mr. Beerboover attended the Pre-Cast Concrete Association's convention, "This week-end Jim came home with a pitch and took trophy from Key Biscayne while 13-year-old John has a tan to remember the trip by.

Concert time's rolling around for one Northville girl, Laurie J. Bogart. She'll be playing her French horn in the Wayne State university concert band's annual spring concert next Tuesday. Miss Bogart is the daughter of Mr. and Mrs. Ralph Bogart of 4946 West Six Mile.

Capping scholastic honors at Western Michigan this week was Michael Adas, son of Mr. and Mrs. A. Adas of 2121 Stansfield.

Mr. and Mrs. D. E. Schwennmann of 4607 Grasmere were recent guests of Producer-director George Miller at a tour of his Culver City, California, studios. There, they saw the progress being made by the filmmaker in the production of "The Greatest Story Ever Told."

Mr. and Mrs. A. Russell Clarke left this week for a three-day vacation in Berea, Kentucky.

John Crusoe, son of Mr. and Mrs. Claude Crusoe of Nine Mile road, is home for a holiday from Marquette university. Young Crusoe, a senior majoring in political science, will return to the university April 22.

PLANNING SESSION — Chairman for a June 8 flower show, "Pages from History," met last week to discuss show plans. The show, sponsored by the Northville branch of the National Farm and Garden association, will be given in the community building. Chairman are, back row, from left, Mrs. Wayne McEhrle, general chairman, and Mrs. L. W. Swan, Jr., co-chairman. Front row, from left, are Mrs. George W. Kohn, singing chairman, and Mrs. Donald Ware, judge chairman.

HAPPY FOURSOME — Mr. and Mrs. Arthur Miller and their sons, Barry (left) and Robb, relax in their new home.

What was originally said in far and wide. Mrs. Miller, a Pennsylvania girl, came to work in Redford township where she met her husband, Mr. Miller, at that time, had just completed a tour of duty in the army. Included in his travels was Japan.

Several years after their marriage, Mr. Miller graduated from the University of Michigan as a history education major.

Before the acquisition, and even before their marriage, Mr. and Mrs. Miller ranged at Redford Union high school and by loved it," explained Mrs. Miller, "but we just decided to give California a try. So the three of us — we had only one boy, Robb, then — packed up and left."

That was three years ago. "We stayed out there for one year, but I was lonely for 'green' Michigan," Mrs. Miller said. "I didn't especially care for the yellow grass. In their home, the Millers have a constant reminder of their trip to California. "Barry, our three-year-old son, was born in California," continued Mrs. Miller.

Although the Millers lived in Redford township after they returned, they were drawn to Northville on many occasions by a green of a different kind — a golfing green.

"I used to golf at the Northville country club," said Mr. Miller. "So we were familiar with Northville and always liked the town."

Now, Mr. Miller is waiting for summer. He's not only envisioning a smooth greens on the golf course, he's also looking forward, with a little less fervor of course, to planting grass around the house.

GREENING SPRING — Members of Our Lady's League of Victory showed fashionable ways to welcome spring at their style show last week. Narrator for the show was Mrs. Lewis Alexander, far left. Models, from left, were Mrs. Joseph Modas, Mrs. Lloyd George, Mrs. Earl Barnes, Mrs. A. MacLean, Mrs. Steven Morak, Mrs. Charles Cing and Mrs. Robert Green. Fashion was from Alice Rebeck salon in Farmington, hair styles by Salon Rene of Northville and millinery by deAnoy Millinery and Millinery supplier in Farmington.

## In Review: Triumph

The Northville Record—Novi News—Thursday, April 11, 1963  
Section One — Page Three

An encounter with Philip Wylie via the popular Triumph is something of a shock, though most certainly not an unpleasant one.

Wylie has created in Triumph an elaborate scheme, a story to take a wink at human foibles.

His underlying theme is a prophecy or perhaps a plea to sidestep World War II.

Published just this year, Triumph includes a quite vivid — and reasonably scientific — description of how an atomic war would affect the face of the earth and its people. Indeed, the author is at his best as he tells of the mobs scratching for shelter when Americans and Soviets square off for atomic battle.

As bombs cease to fall, only 14 people on this side of the Iron Curtain, hidden from fallout in one of Connecticut's, have a chance to live.

Among these survivors in 500,000-plus shelter, are a millionaire and his family, a Jewish physician, a playboy, a Negro servant and his daughter, a sign and his mistress, a Chinese girl, a meter reader, a Japanese engineer and two children.

The mountain shelter, constructed by millionaire Vance Farr in anticipation of just such an attack, is the central life for these 14 Americans for over two years.

There, they eat, sleep, roller-skate, swim, read, watch television programs broadcast by unharmed people in South America, learn of the last ditch attack by the Soviets and love — all courtesy of Farr's foresightfulness in building a \$50 million-plus shelter.

There, even, Wylie mocks prejudices against color and nationality, concluding through one of his characters that "Environment and the attitudes of other people to anyone, or to any minority group, regarded as different — and, of course, in consequence, as inferior make the only important difference that exists. And all of that... illusion."

Inevitably, like the Greek legend soldiers, Jason's men, the small band of Americans "Triumph."

Not, however, without leaving some smelting in the reader's mind. It's hard to understand why a man such as Farr would build a shelter in the best place. It's even harder to understand communist reasoning as presented by Wylie.

Nonetheless, Triumph was a case, is still one of the better books released this year.

Wadsworth, head of the U.S. delegation to the U.N. in 1950, has been a representative of this country at nuclear test ban talks in Geneva. He has also been a U.S. representative on disarmament at the U.N. for three years and president of the Peace Research Institute since 1957.

Wadsworth will be introduced by Walter L. Cause of Northville, a professional engineer and president of the Detroit construction firm bearing his name. Cause is vice-president of the Engineering Society of Detroit and was president of the Detroit Board of Commerce in 1958-59.

## Newcomers Show Spring Styles

The Northville Record—Novi News—Thursday, April 11, 1963  
Section One — Page Three

A Northville girl will be doing her share of discussing next week.

She's Mary Ann Whiteford, daughter of Mr. and Mrs. Herbert J. Whiteford of 1615 Franklin road. And she'll be attending a three-day conference at Taylor university, Upland, Indiana.

Mr. and Mrs. Whiteford plan to drive Mary Ann and a friend from Redford township, Jackie Junker, to the conference.

The John Blackbourns of Orchard drive are busily preparing for an Easter visit from their daughter and her family, the Robert Schefers of Ulen. Schefers youngsters who'll be home Sunday are Robin, 5; Wendy, 4; Terri, 2; and Ronald, 6 months.

Mrs. Ward Masters, a former Northville resident and a University of Michigan house-mother, is spending her spring holiday with Mrs. Beth Lapham. High point on the vacation itinerary yesterday was a luncheon date with Mrs. C. Harold Bloom and a trip to Rochester.

Richard Ambler, Dr. O. J. Robinson, William Sliger and Paul Terry and their sons, Rick, Ralph, Bill and Mike, spent last weekend at East Tawas.

Just home from Florida, the Robert Beerboovers of Valley road turned around this week and set off for Dayton, Ohio. There, they'll be having a sneak preview of the new home they'll be moving into in June.

In Florida last week, the Beerboovers did a little sight-seeing, plenty of swimming, golf, and tennis. While Mr. Beerboover attended the Pre-Cast Concrete Association's convention, "This week-end Jim came home with a pitch and took trophy from Key Biscayne while 13-year-old John has a tan to remember the trip by.

Concert time's rolling around for one Northville girl, Laurie J. Bogart. She'll be playing her French horn in the Wayne State university concert band's annual spring concert next Tuesday. Miss Bogart is the daughter of Mr. and Mrs. Ralph Bogart of 4946 West Six Mile.

Capping scholastic honors at Western Michigan this week was Michael Adas, son of Mr. and Mrs. A. Adas of 2121 Stansfield.

Mr. and Mrs. D. E. Schwennmann of 4607 Grasmere were recent guests of Producer-director George Miller at a tour of his Culver City, California, studios. There, they saw the progress being made by the filmmaker in the production of "The Greatest Story Ever Told."

Mr. and Mrs. A. Russell Clarke left this week for a three-day vacation in Berea, Kentucky.

John Crusoe, son of Mr. and Mrs. Claude Crusoe of Nine Mile road, is home for a holiday from Marquette university. Young Crusoe, a senior majoring in political science, will return to the university April 22.

## DEADLINE TUESDAY NOON

### 1—Card of Thanks

I wish to thank all those who have sent cards, flowers and visited me during my stay in the hospital. It was greatly appreciated.

Wallace Westerfield  
We wish to thank our friends for the kindness shown at the death of our husband and father.

Anna M. Fry  
James A. Fry  
Dorothy B. Fry

### 2—in Memoriam

In loving memory of our dear son and brother Perry J. Kemmer, who gave his life April 6, 1945 at Okinawa.

We do not forget him, we loved him too dearly. For his memory to fade from our lives like a dream. His lips need not speak when our hearts mourn him silently. For grief often dwells where joy seldom is seen.

Always remembered by Mother, Dad and Sisters

### JIM HASENAU

BR-3-0223

### WOULD YOU like to live in Northville?

I have a brick ranch across the front; new storms and screens; gas fired H.W. heat. Our lips need not speak when our hearts mourn him silently. For grief often dwells where joy seldom is seen.

Always remembered by Mother, Dad and Sisters

### 3—For Sale—Real Estate

Official Minutes - Northville Township

The regular monthly meeting of the Northville Township Board was called to order by Mayor Merriam at 8:00 p.m. on Thursday, April 10, 1963, at 8:00 p.m. Board members present: R. D. Merriam, Mayor; Paul M. Lawrence, Clerk; James L. Little, Treasurer; and...

1. Authorization to the clerk to order bonds for the newly elected officials was brought under discussion. Clerk Young presented the bond with bids from C. Harold Bloom Inc. and...

2. Letter from George L. Clark regarding from the Water and Sewer Commission. The presentation of business to the Board by Citizens Present: Mr. Lawrence and...

3. Lawrence moved, supported by Robinson, that Marguerite N. Young, Clerk, be appointed as a qualified member of the Board. Motion carried.

4. Marguerite N. Young, Clerk of Northville, hereby certifies that the above Ordinance was approved and adopted by the Northville Township Board at a regular meeting thereof held on the 2nd day of April, 1963, and was ordered to be given publication in the manner prescribed by law.

NORTHVILLE LODGE
NO. 186 F. & A. M.
Regular Meeting
Second Monday of each Month

LET'S TALK CARS...
ICE WATER,
CARS & DOGS

Perhaps in a moment it will begin to make sense. Especially if you have a porch view car, or leasing every car and truck that passes.

Have someone sit in the back seat with the window rolled down on the side. Usually chooses for his yard.

A five-acre, 500 yard third hole on the South course is the toughest hole at Bob O'Link.

It may be an awful shock, but it's harmless enough, and is recommended by a doctor for car chasers.

Green fees at Bob O'Link are: \$2.50 for nine and \$3.50 for 18 on weekends and holidays.

Netmen Drop Opener, 4-1
Playing without their number two and three singles men, the Northville netmen lost their first outing of the season Monday to North Farmington, 4-1.

Amendment to Private Residential Swimming Pool Ordinance
AN ORDINANCE IN THE INTEREST OF PUBLIC HEALTH, WELFARE, AND SAFETY FOR THE PURPOSE OF ESTABLISHING STANDARDS FOR CONSTRUCTION, INSTALLATION, ALTERATION, MAINTENANCE, OPERATION AND USE OF PRIVATE RESIDENTIAL SWIMMING POOLS, PROVIDING FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF THE PROVISIONS AND PRESCRIBING PENALTIES FOR THE VIOLATION THEREOF.

That the Private Residential Swimming Pool Ordinance of the Township of Northville is hereby amended by amending subsection 3.01 of Section 3.01 of Article 111 to read as follows: Section 3.01

Part II. VALIDITY. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so declared to be invalid.

Part III. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict herewith are hereby repealed.

Part IV. EFFECTIVE DATE.

Thursday, April 11, 1963 Section Two - Page One

**EARLY VISIT** - It isn't the Easter bunny that has captured the attention of Jean and Robert Filley, children of Mr. and Mrs. Warren Filley of Cleonet road. It's their pet rabbit "Pop" enjoying a tasty meal of green grass. "Pop" and his fellow furry friends will be mighty popular with the small fry Sunday morning as they scurry about searching for their Easter baskets.

Plymouth, Michigan  
10:30 a.m. Sunday Service.  
Reading school at same hour.  
Sunday school at same hour.  
Office open daily except Sundays and holidays from 11:30 a.m. to 5:30 p.m.; 7 to 8 p.m. Wednesday and 7 to 9 p.m. Friday.  
The meaning for today of Christ's complete triumph over the flesh will be emphasized this Sunday at all Christian Science churches.  
Golden Text: "There is therefore no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit" (Romans 8:1).  
The Bible Lesson is entitled, "Are Sin, Disease, and Death Real? Related readings include this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 233): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, disease, and death by the power of Spirit, as Jesus destroyed them."  
FIRST METHODIST CHURCH

## from the PASTOR'S STUDY

R. LaVere Webster, Pastor Novi Methodist Church

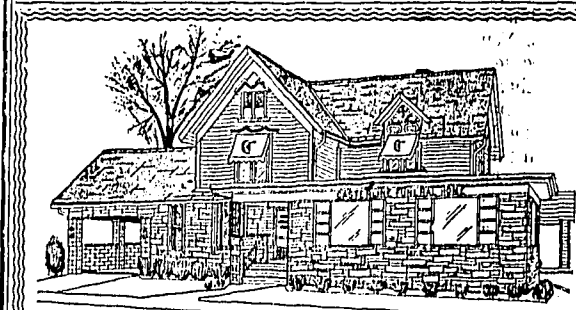

How can a man get into a right relationship with God? How can one feel at peace, at ease, at home with God? This is one of the supreme problems of life.

The law said: "A man can attain a right relationship with God by keeping meticulously all that the law lays down. If he fulfills all the works of the law, he will be right with God." But to say that there is no possibility of any man ever attaining that right relationship, Man, an imperfect creature, cannot render perfect obedience.

"Not the labors of my hands can fulfill Thy law's demands."  
"What is the use of the Law? It makes a man aware of his sin. A man must know what he ought to do to know he is not doing it. Only when a man knows the law and tries to satisfy it can he realize he never can. Is a man then

## Wixom News

**Mr. Charles Ware MA 4-1001**  
Mrs. Carl Stafford entertained the knitting club Tuesday afternoon.

The Wixom Chamber of Commerce met last evening at 7:30 p.m. at the meeting. The movie was "Seconds for Survival".

Pains were blessed and distributed to the congregation at the 9 a.m. mass at St. Wilfrid's church in Wixom. The parishioners and any people attending the Easter Vigil on Easter Saturday night are invited for coffee and doughnuts after midnight Mass as guests of Father Jones.

The Loan Lake coffee league attended their annual bowling banquet at Thompson Country Inn Saturday evening. Twenty-six people attended the banquet.

Famela Abrams is home for Easter vacation from Northern Michigan college, Marquette. Sunday dinner guests of the Charles Ward family are Mr. and Mrs. Steve Walsh from Detroit.

Anderson Garbage company from Birmingham is using over the hauling of garbage from Wixom as Mr. Bowers has sold out and is moving up north.

Mrs. Wesley McCall and Mrs. Robert Trombley are vacationing in Florida.

**Readers Speak: Offers Correct Voter List**  
To the Editor:  
Northville Township Clerk Young has advised that the voter registration lists are not mailing lists. Since these lists contain voters legal addresses, Mrs. Young would be well advised to explain to prospective purchasers their worthlessness for mailing purposes. Mrs. Young has seen fit to include Plymouth as part of the address in sixty instances and exclude it in a couple of hundred other instances, where it was equally applicable. The confusion resulting from this kind of record keeping would confound anyone including Mrs. Young's eventual successor. Had Mrs. Young checked this material before requesting an apology, she might have reconsidered and issued an apology to any previous users. The possibility exists, of course, that other individuals would be informed of the uselessness of these lists for mailing purposes and that Mrs. Young found it profitable to expediently make my corrections available to the interest of consistency and complete records. No reference to voters lists would have been made at the Northville Township Annual meeting had not Mrs. Young elected to substitute a rehash of her duties, pleading a case for salary increase. Mrs. Young's action in the case of the Clerk's Annual Report which the occasion required, Mrs. Young has in the past, requested my presence and given me a free hand in the matter of her thinking at public meetings. I don't flatter myself that my installations were exclusive. The collecting of warm bodies who think in union, is known as "having a few friends down to support the cause." If the same tactic is employed by those in opposition, it is called "packing a meeting." Generally speaking, this process is akin to employment as a bullfighter; the cowards are handsome but you'd better be good at it. It makes considerable difference who gets gone. Let's explore the possibility of a business further. Anyone can contact citizens, submit a line of thought and suggest a method of action, but without the power of hypnosis no one can force individuals to vote a prescribed way. The actions of the majority at the Northville Township Annual Meeting clearly indicated an attitude of general disinterest in the township. This was particularly true in the realm of water and sewer activity. In my opinion, the citizens of our township appreciate the necessity of planning for sewer and water for future residents but deplore the lack of attention to water problems affecting longtime township residents.

# Northville Cops 8 Spots In W-O Forensic Finals

Winners of the Spring Forensic contests who represented Northville High school in the Wayne-Oakland District Forensic Finals held April 6 were Judy Insland and Jim Drew. Honorary Reading: David Lane and Bill Fox. Interpretive Reading: Anne Hombrey and Thum Penn. Extemporaneous Speaking: Jay Warren and Terry LaTuff. Oratory and Nancy Bosak and Margaret Becker. Declamatory.

Northville students won eight out of the 10 top places in Saturday's District Forensic contest in Brighton.

Winners Saturday were Declamatory, Nancy Bosak, first, and Margaret Becker, second; Humorous Reading, Jim Drew, first, and Judy Insland, second; Original Oratory, Jay Warren, second; Oral Interpretation, David Lane, first, and Extemporaneous Speaking, Thum Penn, first, and Anne Hombrey, second.

Judy Insland placed first in the Humorous Reading contest, held March 26 with her presentation of an excerpt from

Pictured here are some of Northville's entries into the Wayne-Oakland District Speech Contests held April 6. In front, left to right are Judy Insland, Duna Penn and Anne Hombrey. In back are Terry LaTuff, Jay Warren, Jim Drew and David Lane. Missing from the photo is Holly Fox.

## Operetta Coming

One of the many events accompanying spring will be the Northville High school choir's presentation of Patience on May 9 and 10, in the school auditorium.

Patience will be the fifth Gilbert and Sullivan Operetta to be performed by the N.H.S. choir. This particular operetta is a satire of the aesthetic craze of the 1880's. It concerns two poets who are very ill-favored, one is idealistic and concerned about spiritual things, the other is concerned about earthly things.

The events occur in England which is satirized in typical Gilbert and Sullivan style.

The principal parts will be played by Robert Turpin, Larry Deating, Ralph Kinnel, William Cargel, David Lane, Jim Drew, Sue Hicks, Donna Williams, Diane McIsaac, Nancy Christensen, Linda Poina, Gretchen Mandell, Marcia Cunn, Christine Borelli and Gail Hartzer. Linda Lane will be the student accompanist.

Directing the operetta will be Mr. Leslie G. Lee, head of the Music Department. Other faculty members helping will be Miss Patricia Dorrian and Miss Meroe Stanley with costumes, and Mr. Roy Pederson and Mr. O. P. Fung with scenery.

## Debate Team Pick New NHS Cheerleaders

On Tuesday, March 19, the Northville High Debate Team comprised of Anne Hombrey and Duna Penn was defeated in the state debate tournament by Royal Oak Kimball High school. This was the third Northville defeat in six years to be chosen for the varsity squad.

"I guess," sighed one debater, "we've got a semi-final curse on us."

Directing the varsity is Judge Stoddard. Junior varsity cheerleaders for next year are Joan Brevik, Susie Hill, Penny Peterson, Gail Nirder, Jackie Henschell and Nancy Bosak. cheerleaders for the next junior varsity alternate is Chris Debert.

For these girls, March 29 was the culmination of many hard and aching muscles and six practice sessions, which were spread out over a period of three weeks. At each session, the girls, along with other hopeful girls, were coached by the five senior cheerleaders, Lynn Johnson, Karen Diana, McCollum, and Susan Eastland.

The girls were given hints on cheerleading techniques.

Too many trophies! A committee of five was appointed to look into the possibilities of getting a new trophy case to house all the awards that can't now be put in the school because of space shortages.

The Student Council P.C. Committee showed the council the state of the organization. This year, Northville's squad was chosen as the "show squad" for the Girls' Division of the National Sports, a state organization.

It takes hard work and practice to be a good cheerleader. The girls have been practicing for the first time in N.H.S. history. The girls are being coached by their own cheerleaders, representing Northville at the state level.

## MUSTANG HOOF PRINTS

STAFF MEMBERS: Frank Steinberger, Heidi Handorf, Patty Dye, Antoinette Alexander, Diane Harrowood, Judy Handley, Debye Stoford, Diane Westphal and Carol Yahne. ADVISOR: Mrs. Anne Ripperger.

## Editorially Speaking Student Court

One of the topics which pops up frequently in the conversation of our students is the Student Court. This body is set up by the N.H.S. Student Council and establish good citizenship and proper respect for the rules which we have agreed to follow as a social group at N.H.S.

Perhaps the most common attitude on the part of the students is that this court is one of punishment which is assumed to follow. One should not look at the Student Court, however, with this attitude, for it was set up merely to direct the students in the right direction, not to punish them. As the doing out of punishment is not necessarily the ideal means of curbing improper actions of a few students, the entire purpose of the Court would be lost if all the court did was punish the rule-breakers.

If a student is given a "ticket," it is hoped that he will attend the court session with the right idea in mind — that of reforming his conduct and citizenship as school premises.

## From the Top

A lot of dimes! The Student Council donated \$80.00 to the Veterans of Foreign Wars for their dance, to the proceeds from their dance, to the March of Dimes.

The Dance Amendment passed by an overwhelming majority on Friday, March 8. The main purpose of it was to form a uniform system of assigning school dances to various school organizations.

In previous years, the sportsmanship ratings of other schools consisted of only a 1, 2, 3 choice. The league felt that this wasn't specific enough because unless the opposing school was really "woy-woy" in its behavior or possibly the extreme, then the obvious choice would be a 2. If every body gave everybody else a 2, then the sportsmanship rating could not be fairly awarded.

Starting with this school year, there will be a 1, 2, 3, 4, and 5 choice. In this way, there will be more accurate judging of other schools and judging the new owner of the sportsmanship trophy.

## Seniors Play Faculty

The Senior Faculty basketball game took place Friday evening, March 29, in the Northville High school gym. Playing on the Senior Squad were Don Biery, Jack Carter, Jeff Crawford, Bill Elwell, Gary Graywelder, Jim Jiggins, Dilean Cronin, Jim Riley, Frank Steinberger, John Walters and Bill Wedder.

Mr. Charles Shonta, Mr. De-ville Longridge, Mr. Paul Mack, Mr. Alex Klukuch, Mr. Robert Prom, Mr. Stanley Golden, Mr. Al Jones, Mr. Keith Brown, Mr. Ron Horvath and Mr. Bob Williams will comprise the faculty team.

After the game, a dance in the high school cafeteria followed. The theme was "Dance for a Game." Invitations were issued to faculty members.

## Teacher of the Month Students Speak With Mr. Brown

"It was kind of solemn drilling down our backs looking up at the stars, and we didn't even feel like talking back, and it was often that we laughed — only a kind of low chuckle."

This passage from Huckleberry Finn could also apply to one of Northville High's teachers — Mr. Don Brown.

In 1951 Mr. Brown went down the Mississippi River on a raft; most of the time was spent navigating to avoid going over the falls and into the locks. The trip was made with three other people on a 12 by 20' raft. The trip lasted for 65 days and Mr. Brown says, "A long time on a raft."

As for other sports, Mr. Brown likes swimming, basketball and camping. The latter, he does on his island in the Muskegon area. He also enjoys fishing. When asked what he likes to do in his spare time, Mr. Brown replied, "I really enjoy reading for pleasure, seeing foreign movies, and training his new dog, a pointer named 'Duke'."

Mr. Brown has spent two years at General Motors Institute teaching labor management relations, and three and a half years teaching in public schools. This is his second year at Northville.

## Coming Events

- April 4 Children's Play
- April 6 Forensic Contest
- April 8-12 Spring Vacation
- April 21 Choir Concert
- April 24 Optimist Jact
- April 25 Hillsdale College Assembly
- April 26 Senior Prom

## NOVI HIGHLIGHTS . . .

Mrs. H. D. Henderson HI 94488

The Russell Butons — who have visited Mr. Buton's relatives at Winter Park, Florida for the past several weeks — are due to arrive home some time this week.

Judith Ritter is spending her Easter vacation with her parents, and Mrs. Richard Ritter. This is Judith's first year at Central Michigan University, Mt. Pleasant, and she is in honor year.

Mrs. Charles Bessant, 3114 the Bassett home on 12 Mile road.

Mrs. Russell Race Jr. and daughter, Linda, of Greenville are visiting Mr. and Mrs. Russell Race Sr. this week.

Mrs. Edith Ash, Mrs. Andy Burgess, Mrs. Lawrence Riley and Mrs. Russell Race are attending the Burgas's district meeting in Bellevue today (Thursday).

Mrs. Richard Ritter and her daughter-in-law, Mrs. Judith Ritter, and their daughter, Judith, attended a wedding shower honoring their relative, Mrs. Janet Witteselle, in Detroit last Friday.

Dr. and Mrs. H. D. Henderson visited relatives in Holland, Michigan, and in Detroit last Friday.

Regular Easter morning services at 9:30. Church School classes for everyone 10:00.

Novi Baptist Church

The pulpit committee met last Wednesday at 7:30 for their quarterly business meeting and discussed the appointment of a new minister.

The young people group will serve Easter breakfast at 7 a.m. Easter morning in the Flint hall, Novi, Michigan.

Senior troop met at the home of their leader on Saturday, April 6, for their monthly meeting. Plans for their rummage sale, May 3 and 4. They cut out and made price tags for the articles. They had a cookie sale and re-registration.

Intermediate troop 145 worked on their projects, a grace and their "Brownie B's" for their scrap book. Janene Miller was home sick, but the troop helped her celebrate her birthday anyway as her mother brought ice cream and cookies. The girls also worked on their projects. They had a rummage sale and planned an Easter egg hunt for the coming week.

Declamations occurred much at the time for many freshmen and sophomores. Practicing is Bob Tuck, pictured above. Other finalists, who are listening to Bob are Nancy Bosak, seated; and Margaret Becker, Lynn Laird and Susie Hill. Missing is Joan Brevik. Margaret Becker and Nancy Bosak represented N.H.S. in the Wayne-Oakland District contest in the Declamatory Division.

The all-school play, a great success last weekend, contained many glamorous and interesting characters. In the scene Princess Snow White is surrounded by the dwarfs. Seated from left to right are Bob Steeger and Bob Fisher. Charles Callan is the dwarf in the barrel, and standing are Duna McCollum, Kristine Larson, Kathy Beckel and Jeanne Barnes. Missing from the picture is John Britton, another dwarf.

Pictured here are some of Northville's entries into the Wayne-Oakland District Speech Contests held April 6. In front, left to right are Judy Insland, Duna Penn and Anne Hombrey. In back are Terry LaTuff, Jay Warren, Jim Drew and David Lane. Missing from the photo is Holly Fox.

# SPEAKING for The Record

By Bill Slinger

Soon, probably within four or five weeks, area residents will be given an opportunity to invest in the future economic welfare of our community.

Their investment will not be a contribution. And its dividends should amount to more than the six per cent per annum interest the notes will bear.

The investment will enable a local industry to expand; to operate more efficiently and competitively; to handle new, larger contracts; to employ more people.

I'm referring, of course, to the announcement by Foundry Flask and Equipment company that it will soon undertake a \$185,000 plant expansion program.

Funds for the expansion were arranged through the Small Business Administration by the Northville Area Development Corporation.

Right now members of the local non-profit development corporation are completing details for launching a campaign to sell notes to local residents to help finance the project.

N. C. Schrader and Robert Stafer will head up this committee. Attorney Philip Ogilvie has been working out details with SBA authorities and expects that Washington approval will follow the Detroit O.K. shortly.

Engene Cook is president of the Economic Development committee, and C. A. Smith heads up the corporation, a body within the total committee.

There are a dozen more active workers and a total of 47 individuals and businesses who have taken out memberships to support the effort.

Their only reward is the satisfaction of some measure of success plus the knowledge that the end result of such success improves the economic climate of the entire community and provides some relief to residential taxpayers.

The first project of Northville's economic group fits perfectly the purpose of the government's SBA: to help local communities help themselves by assisting small businesses.

Foundry Flask is a thriving business. Through investigation by SBA gave the Weber-run firm (John A. and John W.) a top rating. But like so many businesses today, it does not have money to spare for buildings. Instead, their profits must be spent on improved equipment.

Under such circumstances SBA will make four per cent loans to non-profit community groups, which in turn must participate in the loan through widespread citizen investment.

In this particular case, SBA is providing \$148,000. Of this amount, Manufacturers National Bank will assume 10 per cent — or \$14,800. Foundry Flask participates by giving title to its existing building and nearly two acres of land to the development corporation — a credit of \$9,250. The remaining \$22,750 must be raised through public sale by the corporation.

Tentative plans call for notes in \$50, \$100 and \$500 denominations to be sold at six per cent interest.

As security the development corporation will own a new building plus the present building and land. Foundry Flask will then lease the building over a 15-year period at a monthly rental that will permit the corporation to repay SBA, the bank and investors (the latter own at six per cent and SBA at four per cent). It will also pay any bookkeeping or other expenses incurred by the development corporation.

When the loans have been repaid, Foundry Flask buys back the buildings and land for \$1.80.

Meanwhile, the firm has expanded its operation, improved its facilities and aided its community by providing more jobs and bigger payrolls.

And each resident — with a \$50 or \$500 interest — can feel a bit of personal pride in a project which is making a head start in its development.

## Michigan Mirror

# To Continue Retraining Program

Michigan's continued participation in the Federal Manpower Development and Training program is assured, but the legislature will extend the program only on a year-to-year basis.

Last year the Legislature gave near unanimous approval to a one-year program of participation under the Federal law, as administered by the Area Redevelopment Administration. Putting a June 30, 1963 expiration date on the State enabling act, legislators said they wanted a year to determine whether the program would be useful.

This year the legislators were in agreement that the several courses offered under the program throughout the state were effective in solving some temporary unemployment problems, but they still didn't want to be permanently tied down under the Federal program.

Thus, the Michigan act is just being extended one more year, to June 30, 1964, when legislators will take another look at it.

Superintendent of Public Instruction Lynn M. Bartlett, under whose department the program is administered in the state, said the courses were fulfilling a two-fold purpose.

"Primarily they train or retrain people who are out of work to fill unmet needs in business demands for workers in specific occupations," he said. "In addition, in many instances such as Upper Peninsula courses for cooking and baking, the courses add to the economic stability of the community by supplying the skills or labor necessary to develop or maintain the industrial or business resources of the area."

Still another benefit cited by Bartlett is the return of Federal money, which actually is Michigan's tax dollars, back into the state by paying for the programs and providing subsistence allowances to support program trainees.

Michigan has already received approval for nearly 20 programs under the act.

Within the state, the program is administered by the State Board of Control for Vocational Education. Trainees are selected by the Michigan Employment Security Commission from its unemployment rolls.

Child poisoning, an accident of curiosity, involves about 600,000 pre-school children each year, according to the U.S. Public Health Service. This needless problem, reports State Health Commissioner Albert E. Heustis, is usually the combination of "a curious child and a careless adult."

"Inquisitive youngsters will eat and drink just about anything," warns Dr. Heustis. "It's surprising what horrible tasting stuff a youngster will swallow."

The most poison-prone of any age group is the toddler, Heustis says. "He has the ability to get hold of things but lacks the judgment as to what he can or should not put in his mouth."

The most frequently occurring factors in child poisoning are unsupervised toddlers, and toxic material left where inquisitive eyes can spot it, exploratory hands can reach it, and a curious mouth can taste it, according to the Health Commissioner.

Steps you can take to insure against accidental child poisoning are simple, Heustis says. "Poison-proof" your home.

In education, an award likely would concentrate on non-professional leadership in the field.

## Roger Babson

# Speculating in Seeds

Babson Park, Mass. — As with these chemicals which have such miraculous possibilities. One of the greatest mysteries is the effect of sunlight in turning the leaves and of green grass; this process is known as photosynthesis.

When its secret is discovered, this will be very revolutionary and will form the basis for many new ventures.

There are several concerns which today specialists in breeding, improving, and selling seeds. I have just bought a little stock in the Agrow Seed Company of New Haven, Connecticut. It has been working in its seed laboratories for over 100 years. This company has made slow but continual progress in improving the quality of certain vegetable seeds. I do not expect anything spectacular of the stock of any seed company for some years to come. They all are what the stock brokers call "sleepers." Those who are seriously interested in the above should subscribe to the Seed Trade News, published by Joseph C. Gregory, Editor, 222 W. Adams street, Chicago 6, Illinois.

Go to a hardware store and buy a 35-cent paper envelope of onion, mustard, carrot, pea, tomato, or snapdragon seed — which is what I play with. Empty the paper envelopes into separate saucers and seal them with a microscope, or the help of the bees — see if you can tell the difference between these five seeds.

Yet, given the same soil, the same water, and the same sunshine, one of these seeds will grow an onion or a carrot, while another will grow a beautiful snapdragon.

But this is not all — when two snapdragon seeds are planted, one may produce a beautiful blue flower and another a beautiful red flower. I have ten colors in my garden. But note the following: Each ten is color of revolving atoms.

Biologists are now using animals to make experiments as to the effect of radiation and certain chemicals on the chromosomes that determine our heredity. I understand that the Atomic Energy Commission is using seeds of vegetables to study the same effects. When their results are released, the laboratories of the important seed companies may discover how some of their seeds will develop entirely different vegetables or fruits and many valuable vegetables or flowers.

When this discovery is made, the stocks of the alert seed companies could suddenly rise greatly in price. Therefore, I urge readers of this column to purchase elementary books on botany and biology and inheritance. It is possible that the wonders accomplished by Professor Einstein in his Princeton laboratory — in turning the atom into energy — the scientists working in the laboratories of certain seed companies may match in importance. This may not come for many years, but I foresee that our great grandchildren will be eating vegetables and fruits of which we have never heard; if not human cells!

As security the development corporation will own a new building plus the present building and land. Foundry Flask will then lease the building over a 15-year period at a monthly rental that will permit the corporation to repay SBA, the bank and investors (the latter own at six per cent and SBA at four per cent). It will also pay any bookkeeping or other expenses incurred by the development corporation.

When the loans have been repaid, Foundry Flask buys back the buildings and land for \$1.80.

Meanwhile, the firm has expanded its operation, improved its facilities and aided its community by providing more jobs and bigger payrolls.

And each resident — with a \$50 or \$500 interest — can feel a bit of personal pride in a project which is making a head start in its development.

# Ford Plant Additions Lead Area Building

Spring building activity off to a fast start in the Novi area.

While General Filters, Inc., started making use of its expanded area (see adjoining story), the Ford Motor Company's Wixom plant stepped into the building picture with plans for an 80,000 square foot addition to be located on the north side of its present manufacturing area.

The latest Ford building addition follows three other projects which building permits were issued earlier this year.

For portion of the total \$117,573 recorded on building permits, 144,000 in building permits in Novi residential additions and alterations accounted for another \$33,278, reports reveal.

Biggest commercial permit issued in Novi was one for construction of a dog kennel on Potter road, approximately 750 feet in advance of Beck road.

Summing up, residential costs in Novi for the first three months reached just over one-third of the 1961 residential construction total of \$221,000.

—A 100 by 138 foot addition on the west end of the building (estimated cost, \$104,000); —an addition to the caustic building (\$35,650); —A new paint tank installation (\$80,000).

## Wixom Sees End To Parking Issue

Limited parking privileges on the proposed widened section of Pontiac Trail in the Wixom business district won't be a problem, according to a letter by the businessmen involved and the chamber.

The letter, to be presented at the next council meeting, will be sent to the road commission. The commission will be asked to approve a draft of a letter by the businessmen involved and the chamber.

After reviewing the results of a meeting with the Oakland county road commission, council members voted for a draft of a letter by the businessmen involved and the chamber.

Earlier the same day, Mayor Wesley McAtee, Clerk Mrs. Pearl Willis and several businessmen including Harold Hendrick, president of the Wixom Chamber of Commerce, Kenneth Bernstrom, Earl Lutz and Frank Russell met with the road commission.

First three-month totals for building permits issued in Wixom was \$20,750 of which Ford Motor Company's three projects accounted for \$20,750. Funds for Ford's latest (largest) addition have not yet been completed, but building permit applications have not been filed.

In Novi, new homes were the big item on the early-year construction scene.

Permits for six new homes with an estimated value of \$78,300 accounted for the major portion of the total \$117,573 recorded on building permits in Novi residential additions and alterations accounted for another \$33,278, reports reveal.

Biggest commercial permit issued in Novi was one for construction of a dog kennel on Potter road, approximately 750 feet in advance of Beck road.

Summing up, residential costs in Novi for the first three months reached just over one-third of the 1961 residential construction total of \$221,000.

—A 100 by 138 foot addition on the west end of the building (estimated cost, \$104,000); —an addition to the caustic building (\$35,650); —A new paint tank installation (\$80,000).

## Crash Kills Novi Man

A 59-year-old Novi township man was killed early Monday near Northville State hospital when his car was struck by the pavement and into a tree.

John W. Quin of 305 Duana, was pronounced dead on arrival at St. Mary hospital, Livonia.

Wayne county police said his car was traveling east on Seven Mile road in front of a gravel truck preparing to make a left turn.

Police said the deceased's car was struck by a car passing the gravel truck on the right and driven by Miss Michelle Schmalzried, 18, of Plymouth.

Miss Schmalzried was questioned by the prosecutor's office and released pending further investigation.

Mr. Quin, a resident of Novi for 24 years, was retired from a foreman's job at Ford Motor company.

Born June 21, 1895 in Edinburg, Scotland, he was the husband of the late John and Jessie (Riddle) Quin.

He leaves a daughter, Mrs. Sue Daniels of Detroit, two brothers, two sisters and two grandchildren.

Funeral services will be held today (Thursday) at 1 p.m. at the Richardson-Bird Funeral home, 346 Pontiac trail, Wall Lake.

Purpose of the meeting was to inform the commission of the details of the parking problem and to sound out possible solutions to the problem.

The commission gave tacit approval of limited parking on the 2 1/2 parking lot can be located and developed, but desired a formal outline of future plans before taking final action.

Hendrick noted that the commission was pleased with the presentation. "They were impressed that somebody was taking care of their own problems instead of taking their problems to the commission."

Hendrick added that the commission requested that a letter, expressing the feelings of the merchants involved, be in his hands prior to final construction approval.

To avoid the necessity of taking any signs down after the road is completed, Mayor McAtee said that the commission must know what signs to order. Thus, there is a need for prompt action, he added.

The council also heard a letter from the Automobile club of Michigan that recommended certain changes on Potter and Beck roads to correct a traffic hazard.

The letter, which was a reply to Police Chief Frank Jadzinski's request for a safety study, made the following recommendations:

—Install a 36 foot curb barrier on Potter road west of Beck road with a safe speed panel mounted above the curb sign.

—Potter road, approximately 750 feet in advance of Beck road, south of Potter road.

—Install a target arrow at the north end of Beck road on the existing utility pole.

—Clear away brush and if possible, some trees alongside Beck road on the east side of the roadway, south of Potter road.

—Install a street light at the southwest corner of Beck at Potter road for a larger radius.

—Paint double yellow center lines on both Potter and Beck roads at the curve.

Chief Jadzinski and Robert Trombley, head of the department of public works, are now studying the recommendations and will report back to the council.

The council also held a hearing on the east 600 feet of the Ashley property, which was rezoned from a residential area to a light manufacturing district.

Harold Becker told the council that residents on Wainstock street object to the noise created by the trucks that park in the parking lot south of Pontiac trail at the end of Wainstock. "It is a P-1 lot," he said. "It does not permit commercial parking. We don't object to cars."

"They (trucks) park their trucks, get into cars, come back and get into the trucks. This goes on all night. I feel it is up to the council to do something to relieve it (the situation)."

He added that truckers rack their motors for long periods of time.

After discussing the problem, the mayor instructed Chief Jadzinski to contact the truckers and to instruct them not to park in the lot at night.

The council also agreed to donate \$15 to the Michigan Week program.

## General Filters Makes Room For New Idea

General Filters Incorporated recently completed its fourth expansion in the company's 10-year history.

The 15,000 square foot addition finished, the company plans to proceed full speed ahead in its newest venture: manufacturing a power humidifier, dubbed "General Model 500."

The humidifier, the company's first major attempt to diversify, was developed last year by Vice-Presidents Robert and Roland Redner.

Orders for the completely automatic humidifier began coming in so fast that the company spokesman said at the time, and began planning expansion.

The new addition at General Filters' Grand River plant is located on the east side of the shop space, 1,600 square feet of office space. Building size, before the addition was completed, totaled 30,000 square feet.

Architect for the expansion was Campbell Engineering Incorporated, associated engineers and architects of Detroit. Constructing the addition was H. Campbell Construction company incorporated of Detroit.

The humidifier which forces company expansion is a new power machine for use in forced warm air furnaces. With installation, company spokesman estimate the humidifier will cost approximately \$100. The unit, electrically controlled, can be regulated by a "humidistat."

Other products manufactured by General Filters and sold to distributors in 2,500 United States and Canadian markets include fuel oil filters and cartridges.

The company, which moved to Novi in 1953, was founded 25 years ago by Arthur D. Redner, current chairman, and his wife, Mrs. Grace Redner.

Other company officers include Mrs. Winifred Brooks, secretary-treasurer, and Jack Christian, sales manager.

Balikes, accompanied by detailed descriptions of the plants will be placed in the mails during the month of May to more than 50,000 residential and business customers whose telephone service may be affected by the outcome of the vote.

Among the plans is a proposal for a new type of service that would give telephone callers unlimited, toll-free-calling privileges, into wide-sections of Detroit, including the downtown and the Midtown-North Center areas.

The plan, Super Extended Area Service (EAS), would create a huge toll-free calling area in the Detroit Zone. Super EAS would be offered to customers with all grades of residence service.

Another proposal would combine Super EAS with the present Metro-Calling Service, which provides customers with toll-free calling throughout the metropolitan area from 8 p.m. to 4 a.m.

Customers also will be asked whether they would favor

# Council Hears Police Request For Fire Law

Novi needs a fire ordinance sufficient to protect its residents and its property here and there, the council heard at a meeting this week.

Strongest of the ordinance's provisions is that requiring that "the applicant shall also provide special private patrolman." The ordinance requires "not less than one for every 200 customers and in such further number as the director of public safety shall find necessary to prevent traffic hazards or illegal parking in the center of town."

The council decided to initiate special assessment proceedings on the LeBost property when Village Attorney Howard Bond reported that the American Standard Plumbing

company is starting attachment action against LeBost for all property here and there, where.

Bond advised that "before the village gets behind the ordinance, the council ought to take action on such a contract which does not look like it can be fulfilled."

To protect the village in the agreement LeBost made with it to purchase 750 tags over time, the council decided to collect the money due the village through special taxes.

A public hearing on the matter was set for May 7.

At the end of the meeting, Council President Joseph Crumery presented Auxiliary Police Officer Allan Olson with full-time officer's badges.

Harold shouldn't have to bother about a little fire," BeGole said.

BeGole told the council that in the case in point brought to the attention of the administrative assistant, Harwood was not burning vehicles.

"Harwood was only burning a couple of tires," BeGole said.

The chief pointed out that burning tires is not a violation of the village's zoning ordinance, but admitted that "junking" cars by burning would be.

"Novi has no local ordinance to prohibit fires," BeGole continued. "There are no ordinances saying a person can't burn on his own property. Everyone around here has a bonfire, including Harwood's dog, including Harwood's dog, including Harwood's dog, including Harwood's dog."

"And the police are without power to prohibit these fires unless they occur in public places or on public streets," BeGole continued.

But, he said, "I see a clear violation. I run in and arrest the violator and bring the case into court."

The question of whether or not Harwood was burning vehicles at his station was left unanswered.

The council took no action on BeGole's suggestion to draw up a fire permit ordinance.

In other action, the council unanimously approved a new purchase agreement with Michigan Bell as all residents retaining their existing service in preference to any of the new proposals.

Polling will be conducted by Michigan Bell with all residents served with Garfield (42), Glenview (45), Greenleaf (47) and Fieldbrook (34) telephones.

"These new proposals are part of our continuing effort to improve our service so that it would give telephone callers unlimited, toll-free-calling privileges, into wide-sections of Detroit, including the downtown and the Midtown-North Center areas."

The plan, Super Extended Area Service (EAS), would create a huge toll-free calling area in the Detroit Zone. Super EAS would be offered to customers with all grades of residence service.

Another proposal would combine Super EAS with the present Metro-Calling Service, which provides customers with toll-free calling throughout the metropolitan area from 8 p.m. to 4 a.m.

## Tuesday Night Public Invited to See Final Travel Series

"The Mighty Amazon," the final in the current Northville Rotary club travel series, will be open to all area residents.

Tickets for the 8 p.m. performance Tuesday in the Northville high school auditorium may be purchased at the door for \$1.

"Novi has no local ordinance to prohibit fires," BeGole continued. "There are no ordinances saying a person can't burn on his own property. Everyone around here has a bonfire, including Harwood's dog, including Harwood's dog, including Harwood's dog, including Harwood's dog."

"And the police are without power to prohibit these fires unless they occur in public places or on public streets," BeGole continued.

## Michigan Bell Asks Opinion Poll

Telephone customers in this area will be asked to vote for their choice of a series of alternative plans that would greatly expand their present calling privileges.

The Michigan Bell Telephone Company announced it will conduct the poll to determine which, if any, of the plans are most favored by its customers.

Balikes, accompanied by detailed descriptions of the plants will be placed in the mails during the month of May to more than 50,000 residential and business customers whose telephone service may be affected by the outcome of the vote.

## Novi, Wixom Map State Week Plans

Michigan Week planning committees are going to work in both Novi and Wixom.

Appointed last week as chairman of the Wixom celebration, beginning May 19, was Mrs. Pearl S. Willis, city clerk.

In Novi, General Chairman Mrs. Florence E. Harris advised two members to her planning committee. They are Mrs. Anna Gargalino, co-chairman, and Leo Harrowood, assistant chairman.

The village will be participating in just one phase of the week-long state-wide observance, Mayor's Exchange Day, which falls on May 20.

Tentative plans in Wixom are to plan some type of event for each of the days, according to Mrs. Willis.

Julian Groner

Annexation of the Northville school district to the Northville Wayne County Community College district could not be considered under old laws. Statutes requiring annexation elections did not provide for the annexed area to be taxed to support the college.

The obstacle which has blocked a possible local vote on the issue was scheduled to be removed by passage of special legislation in the State Senate today.

But whether local citizens favoring participation in the college program can act fast enough to place the question on the June 10 school election ballot remains to be seen.

## See Possible College Vote In Northville

A race against time developed this week for advocates of Northville's entrance into the Northville Wayne County Community college district.

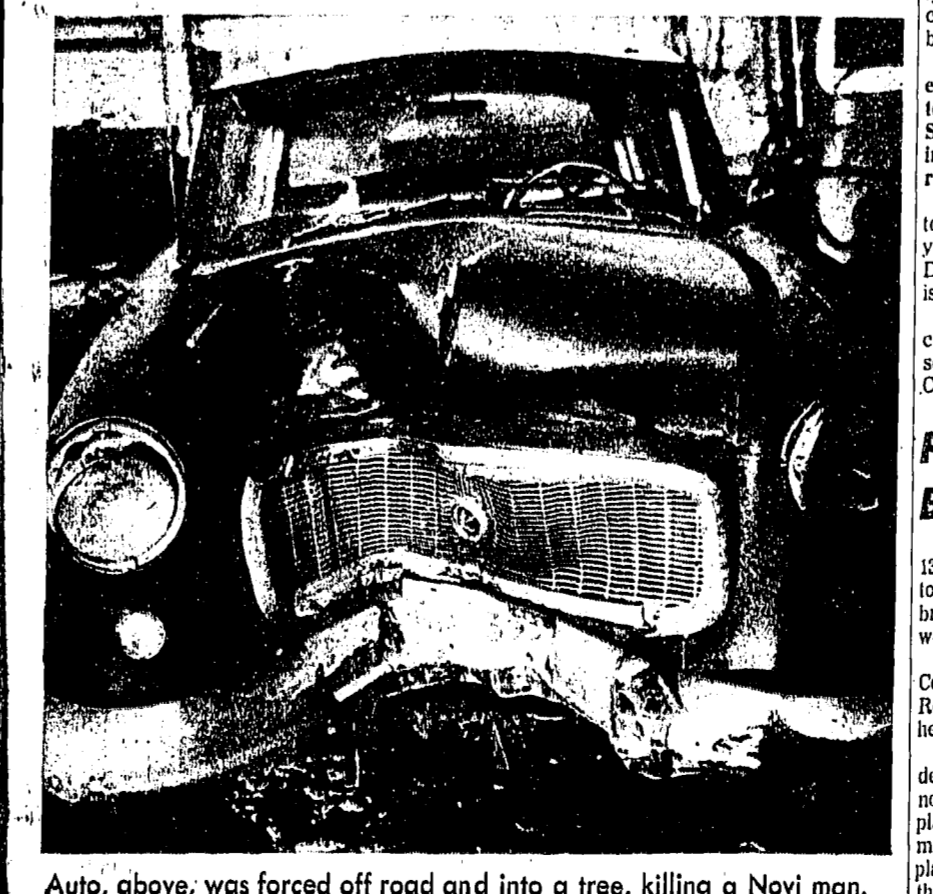

The obstacle which has blocked a possible local vote on the issue was scheduled to be removed by passage of special legislation in the State Senate today.

But whether local citizens favoring participation in the college program can act fast enough to place the question on the June 10 school election ballot remains to be seen.
