#### SPEAKING The Record

By BILL SLIGER

A blast of dynamite signalled the opening of construction last week of a 25 million dollar shopping center at Seven Mile and Middlebelt roads.

The sound couldn't be heard in Northville but you can bet that there'll be local reverberations when the center opens in the fall of 1964.

The twin mall center will cover 60 acres, provide 700,000 square feet in store area and park

START THE "PIG RUN"

THIS "PIG RUN" IS NOT A SPORTING EVENT ... AND THERE'S NO BACON ON THE "PIG"!

In the typical colorful jargon of the pipeliner, a steel slug surrounded by stiff wire bristles is called a "pig" and the act of sending this pig through a section of pipeline is called a "pig run". This pig scoots rapidly through the smooth interior of the huge pipeline, clearing any rust and dirt and scale ahead of it - making sure that clean Natural Gas remains clean all the way to the cities and villages of Outstate Michigan. This is only one of the many precautions taken to assure dependable, efficient, clean gas service for home and industry.

#### SPEAKING for The Record

By BILL SLIGER

Earlier this year — May 30 to be exact — the city of Northville adopted a code of ordinances. Actually, the code is a compilation of ordinances brought up to date and presented in a single manual in a systematic manner.

Many of the ordinances are new; others dating back as far as 1889 have merely been modern-

City Manager Bruce Potthoff recently compiled a report designed to explain new and changed provisions of the code as they apply to the average citizen or businessman in Northville.

Knowledge and understanding of these or dinances should prove helpful to all citizens. General Licensing Procedure — The purpose General Licensing Procedure — The purpose of this chapter is to standardize all business licenses required by the city. Currently the types of activities required to obtain licenses are: Contractors, Food Establishments, Peddlers, Solicitors and Canyassers, Taxicabs and Restaurants. and Canvassers, Taxicabs and Restaurants, There is, however, a provision whereby all

persons engaged in any business, trade, profes- attack do you know where parents of newborn infants. There is no fee or charge connected with this

Harry Litowich, R-The principal purpose is to assist the police de- by the Michigan Health De- Benton Harbor, has been quick numerous bicycles lost or stolen each year.

The ordinance also covers traffic laws as they

apply to bicycle operators. The license period for bicycles is from July 1st to June 30th of each year. Offenses — Heretofore many of the offenses handled by the police department were done so under the state law. The result was that the state received any resulting fines. Under this chapter the police may site persons under city ordinance for the following offenses: disorderly conduct, noisy or riotous assemblage; disturbing the peace, discharging firearms, gambling; possession of dangerous weapons, loitering.

Air Guns - Whereas, in the past airguns were part of another ordinance, this code sets aside a full chapter to handle the question of airguns. The provisions of this chapter make it unlawful for the sale of airguns to persons under the age of 16. It is also unlawful for any person under 16 years old to carry any airgun on public ways unless the gun is unloaded.

Minors — Several of our previous ordinances contained provisions concerning minors. In this new code, however, one chapter is devoted to this subject in conformance with the state law.

It is unlawful for persons under 12 years of age to idle or congregate in public ways between 10 p.m. and 6 a.m. unless accompanied by a parent or guardian.

It is also unlawful for persons under 16 years of age to idle or congregate in public ways between the hours of 12 p.m. and 6 a.m. unless accompanied by an adult designated by the parent. Section Two - Page Four
