

SPEAKING for The Record

By BILL SLIGER

Earlier this year—May 30 to be exact—the city of Northville adopted a code of ordinances. Actually, the code is a compilation of ordinances brought up to date and presented in a single manual in a systematic manner.

Many of the ordinances are new; others dating back as far as 1889 have merely been modernized.

City Manager Bruce Pothoff recently compiled a report designed to explain new and changed provisions of the code as they apply to the average citizen or businessman in Northville.

Knowledge and understanding of these ordinances should prove helpful to all citizens.

General Licensing Procedure—The purpose of this chapter is to standardize all business licenses required by the city. Currently the types of activities required to obtain licenses are: Contractors, Food Establishments, Peddlers, Solicitors and Canvasers, Taxicabs and Restaurants.

There is, however, a provision whereby all persons engaged in any business, trade, profession or service must first register on a form provided for in the City Clerk's office.

There is no fee or charge connected with this registration.

Solicitors and Canvasers—This ordinance requires that any solicitor or canvasser obtain a license from the City Clerk's office before taking or attempting to take orders for goods or services within the city limits.

Any solicitor or canvasser must exhibit his license upon request of any private citizen or police officer. The hours during which solicitations may be made are from sunrise to sunset.

Violators or suspicious persons should be reported immediately to the Police Department.

Exempted from this ordinance are organizations whose sole purpose is education, charitable or philanthropic.

Nuisance—Public nuisance is defined as whatever annoys, injures or endangers the safety, health, comfort or repose of the public; interferes with or destroys or renders dangerous any street or highway; allows accumulation of junk or obnoxious matters or private property, specifically included is excessive noise from radios, musical instruments, shouting, hawking, domestic animals, sirens (except sirens), exhausts, construction, handling merchandise and sound trucks.

Other specific nuisances are noxious weeds, deposit of unwholesome substances, injurious substances and improper drainage of lots or property.

Swimming Pools—Courts have ruled that private swimming pools may be attractive nuisances unless certain precautions are taken to prevent possible hazards. Likewise without proper facilities to clean, purify and otherwise maintain the pool it may create a hazard to public health.

To insure proper installations each pool is to obtain a permit approved by the City. Specifications as to placement on the property, security and general operations are spelled out by the ordinance.

All pools presently in existence are required to obtain a permit. A proposed pool must have a permit prior to construction so that plans may be approved by the City and County Health Departments.

The permit cost is \$5.00 and is good for the life of the pool and need not be re-issued as required by licenses.

Bicycles—Every bicycle rider on public streets or public places must obtain an annual license from the City. The cost of the license is 25c.

The principal purpose is to assist the police department in the recovery and identification of the numerous bicycles lost or stolen each year.

At the time of licensing, a plate will be issued to the owner. Said plate is to be attached to bicycle.

The ordinance also covers traffic laws as they apply to bicycle operators. The license period for bicycles is from July 1st to June 30th of each year.

Offenses—Hereafter many of the offenses handled by the police department were done so under the state law. The result was that the state received any resulting fines. Under this chapter the police may cite persons under city ordinance for the following offenses: disorderly conduct, noisy or riotous assemblage; disturbing the peace, discharging firearms, gambling; possession of dangerous weapons, loitering.

Air Guns—Whereas, in the past airguns were part of another ordinance, this code sets aside a full chapter to handle the question of airguns. The provisions of this chapter make it unlawful for the sale of airguns to persons under the age of 16. It is also unlawful for any person under 16 years old to carry any airgun on public ways unless the gun is unloaded.

Minors—Several of our previous ordinances contained provisions concerning minors. In this new code, however, one chapter is devoted to this subject in conformance with the state law.

It is unlawful for persons under 12 years of age to loiter or congregate in public ways between 10 p.m. and 6 a.m. unless accompanied by a parent or guardian.

It is also unlawful for persons under 16 years of age to loiter or congregate in public ways between the hours of 12 p.m. and 6 a.m. unless accompanied by an adult designated by the parent.

State Plans For Emergency

In the event of an enemy attack do you know where Michigan's seal of government would be?

Paul Lutzner, aide to Secretary of State James M. Hare, is one of a very few people concerned about this little-known problem. Hare's office is responsible for making and keeping ready for use the Michigan seal of state government operations if this should ever be necessary.

Lutzner, a crusader of sorts, points out that probably not more than a hundred Michigan citizens are aware of the fact that the state seal would be moved to Mt. Pleasant.

State officials are well acquainted with the emergency operations plan because they have already been called upon to prepare for its use.

Each of the top state officials has named up to five emergency successors to serve if they should be unavailable.

Babson — Employed Must Pay

Babson Park, Mass. I am not arguing with the census bureau as to how our population has increased. This is covered carefully in several pages—beginning with page 231—of the "1964 World Almanac," which book I have already referred to in a previous release (February 21, 1963). These figures show that there has never been a real population "explosion" in the United States.

There is a little decline in the birth rate during a war. This applies to our country and to every other country. But immediately following the war, nine months or more later, the babies get home, there is a heavy increase in births. These show up clearly in about sixteen years, when the babies have grown up enough to be seeking jobs. Sixteen-to-seventeen years after the end of World War II brings us up pretty close to the present—at least to 1961.

The last war forced industry to accept women as employees. Not only did industry find women capable workers but the women enjoyed the pay in proportion to the entire population that there have been. The explosion which we are hearing so much about today is due to the following facts: Men are no longer needed for digging in, mauling, and heavy work, even in building construction. Picks and shovels

practically gone out of business. The machine age in general, rather than automation, is responsible for most of the unemployment among Negroes and unskilled and poorly educated Whites. Work on roads, water and sewage systems, and other municipal improvements—as well as farm work—that was formerly done by common labor is now done by machinery.

The Negro problem will not be solved by mob demonstrations. No community can give the Negroes the jobs for which so many of them are presently fitted. It will take time to train them to fill jobs that are now held mainly by Whites.

The problem will not be solved either by speeches such as that which Walter W. Heller, Chairman of the President's Economic Advisers, gave in Kansas City recently. He told his audience that he believes every family having a cash

income of less than \$3000 a year should be classified in the "poverty" group.

This would amount to about 20% of the country's families. It seems to me that it should be frankly recognized that the "pick and shovel era" is long since over and that we are in a new era of super machines... which these young people could be taught to operate, but this means increased taxation for municipal and state improvements. For a while, the government may be compelled to supplement the family income of these people to get them out of the "poverty class" which Mr. Heller is talking about.

But I believe education and training may be the real answer. Perhaps inflation may help to solve the matter, but economic advisers, give us no more of this. We need to be taken to help those who cannot find jobs.

At Hawthorn Unique Center Cuts 'Pattern for Future'

EDITOR'S NOTE — This is the last of five articles dealing with Northville's education. Our Lady of Providence school, Wayne County Training School, Plymouth State Home and Training School, Northville State Hospital and Hawthorn center. News Editor Margaret Silbar visited each of the institutions, conferred with administrators and heard reports through these articles to point out the unique features of each in the field of mental health.

A nationwide attack on emotional disturbances in children is getting underway.

One of its major beachheads is an angular bit of land on Hagerty road between Six and Seven-Mile roads in Novi.

Here, a small army of psychiatrists, psychologists, teachers, social workers, researchers, nurses and occupational therapists are taking on one of the most baffling problems of modern industrial society.

This small army, composing Hawthorn center, is successfully operating one of the first community mental health centers in the nation.

In addition to treating emotionally disturbed children, the center works to develop new educational techniques for these children as well as training special education teachers.

The center, unique in the nation because of its multifaceted approach to the problem, doesn't stop there.

It operates a research program which, among other things, is now delving into the possible cause of schizophrenia in an outpatient clinic, an inpatient program and a day school.

The day school, according to Dr. Ralph Rabonovich, clinic director, is "the pattern for the future."

Such a school, which first gained impetus in England, is exactly what its name implies: the disturbed come for classroom treatment five hours each day, returning to their homes afterwards.

It's planned to care for these children who, because of their behavior or academic deficiencies, are not able to remain in public school, but are not ill enough for a state hospital, Dr. Rabonovich said.

Began as a pilot program shortly after the center opened in 1956, Hawthorn's school has grown into the converted dormitory it's housed in is bursting at the seams.

What hasn't changed, Dr. Rabonovich said, is the school's basic family program. He explained that many

In Novi, Wixom Tax Bills Soar To \$209,690

If you received one of those official-looking notices last week that says you owe the village of Novi or the city of Wixom money, don't feel bad.

You're only one of only 3,700 property owners who were so notified.

Village Treasurer Mrs. Mable Adams and City Treasurer Mrs. Elizabeth Waura reported that they sent out annual property tax bills for a combined total of \$209,690.75.

This year's tax bills topped last year's total for the two municipalities by \$18,726.97. Some \$10,607.47 of the increase lay within Wixom's borders.

Novi's tax bills, sent out to well over 2,000 village property owners, totaled \$83,657.75 this year. The bills for Wixom came to \$146,033.

The tax bills in both communities were payable, beginning July 1. To avoid penalties, they must be paid August 31.

September 1 rolls around, a four per cent collection fee for late bills will be levied by both the village and the city.

In Wixom, an additional one-half of one per cent interest on overdue bills will be charged monthly, beginning in August.

Concert Tonight

The first of four summer concerts will be held at 7:30 tonight (Thursday) by Northville's community band.

The annual musical presentations are traditionally held at the city hall. But because of the construction of the new city hall, the concerts will take place in the large parking lot area behind the high school.

Informally will be the theme of the summer concerts, reports Director Robert Williams. The audience may relax in cars while listening to the music.

The program will feature show tunes and marches plus several guest conductors.

If it rains, the performance will be held in the high school auditorium.

Future concerts are scheduled for July 18, 28 and August 1.

Tool Company Opens in Novi

Novi has a new industry: Lacy Tool Company, Inc.

Located at 4075 Grand River road on property once owned by Henry Bashian, the tool company is open for business.

The company, which employs 32 people, consolidated two other area shops in the Novi area and moved to the village last month.

Originally, Lacy Tool operated one shop in Farmington, another in Bedford Township. The company had operated the former shop for one year, the latter, for seven.

In Novi, Lacy Tool will continue manufacturing tools and dies and fixtures as well as doing some stamping work.

Company markets center in Novi, according to company officials, but some out-of-state contracts are filled. Among the contracts currently being filled by Lacy Tool are one with Ford Motor Company, another with Chrysler Corporation, and one with General Motors.

The move to Novi, officials said, came because the Grand River location "offered a shop large enough to consolidate existing facilities and a shop room for expansion."

Company officials include Earl Lacy, president; Mrs. Earl Lacy, secretary and treasurer; General shop manager is Dean Lacy.

Township To Undergo Reappraisal

The Novi township board gave the nod to go ahead with property re-assessment Monday night and appointed H. Lloyd George to fill a trustee vacancy.

Although the board approved the re-assessment plan, it did not formally sign a contract with Lehman Bower of Walked Lake, assessor for Commerce township.

Supervisor Hadley Bacher explained that the contract would be signed when Bower obtains a performance bond to insure the township of a complete job.

Re-assessment will not be delayed, however, since Bower plans to begin work immediately.

Cost of the project will be between \$7,000 and \$7,500 with the board to pay \$1,500 upon bond execution and \$500 each month until January 31, 1964, the proposed wrap-up date.

At that time, the balance will be due.

Reason for the re-assessment is to bring property values up to date. Some pieces of township property are assessed well under 25 per cent Bacher said, adding "others are over-valued."

Cost of the project will be between \$7,000 and \$7,500 with the board to pay \$1,500 upon bond execution and \$500 each month until January 31, 1964, the proposed wrap-up date.

At that time, the balance will be due.

Reason for the re-assessment is to bring property values up to date. Some pieces of township property are assessed well under 25 per cent Bacher said, adding "others are over-valued."

Wixom Council Aims Development Study

A study to determine the possibilities for developing the downtown Wixom business area is being undertaken by the Wixom Township Council.

The study would outline the prospects of selling land in the business area if it is cleared under the federal urban renewal plan. The study would cost \$4,225.

Such a study was approved by the planning commission and suggested to the council by the city planning consultants, Villcan-Leman associates.

Charles Leman said that there is a feasible plan for re-development of the business district, it is possible the House of Representatives would pass legislation to fund a study of the downtown district.

Main items of concern are whether a study would actually lead to any improvement of the downtown district.

City Councilman Raymond Lahti seriously doubted that the report of the marketing analyst would be positive, thus, the city would be wasting money.

He said that the railway complex in the center of town was an eye-sore and posed an almost insupportable burden.

Backing the study were Mayor Wesley McAtee and Councilman Gunnar Metala. They said that even if the results were negative, then they would at least know that they had done everything possible to plan a better city.

The recommendation for adoption was referred to City Attorney Gene Schreiner for a legal opinion.

Turning to old business, the council passed a swimming ordinance outlining health and safety measures regarding swimming pools. A circuit court trial date (July 31) was also set for determining which of the two swimming pool areas would be developed.

Dumping Ordinance. The council passed a dumping ordinance which would require that all waste be disposed of in the water.

George, who will serve as trustee until April 1965, was an unsuccessful candidate in a bid Friday 19 for the Republican nomination to the clerk's seat. He lost by a mere six votes.

The father of three children, he is a manufacturer's representative. He lives at 4058 Maloit drive.

The board also empowered Treasurer Charles Goers, at his discretion, to accept one of two bids for the repair and construction of 175 feet of curbing on the south side of the road in front of the Novi township park.

Bids and firms are \$435, the

Boy Drowns In Novi Park

An eight-year-old boy drowned July 2 at Novi township park when he apparently wandered into waters over his head.

Shirley Kallums, son of Mrs. Larry Kallums of 4124 Toledo avenue, Detroit, was pronounced dead at the park by the Oakland county assistant coroner, about one hour after the boy was discovered lying in the water.

The body was found around 3 p.m. by two Plymouth boys, George Murphy and Dennis Blaharski, police reported.

They were walking in water near the barrels which ring the safe swimming area when they stumbled on the body. Just beyond the barrels is a drop off.

The boy was immediately taken to shore where a Red Cross swimming instructor, Miss Charlotte Dufosse, gave artificial respiration with a resuscitator.

Novi police soon arrived and also gave mouth to mouth respiration, followed by a resuscitator. The boy's condition improved but all efforts to revive the youth proved futile.

According to police, Mrs. Kallums, the mother of 11 children, stated that the boy just finished lunch and it was only a few minutes when she received the news of her son, Larry.

Police said that two other sons, who were also in the park, were dressed in street clothes.

Whale Coming

A new business will open in Northville next Thursday. It's the "Black Whale," a delicatessen which will feature "submarine sandwiches," fish and chips and carry-out service.

Located at 170 East Main street, it has been redecorated in colonial design.

The business will be managed by Frank Hanna, who is also a partner with several other area restaurants. David Vincent, 89 Reed, conceived the idea and organized the venture.

Pizza will be added at a later date.

Rule Sniper Suspect Sane

Gary Goodrum, 22, charged with shooting at a Novi housewife last January 29, was ruled sane last week at a hearing in Oakland County Circuit court.

Four professional psychologists testified at the hearing of the Southfield man, a former divinity student who has worked as a gardener.

Goodrum is accused of firing a rifle shot at Mrs. Gerald Race through a bedroom window of her Novi road home. Following the sanity hearing, Goodrum was remanded to the custody of the Oakland County sheriff with bond continued at \$20,000.

No trial date has been set, but it is expected that the trial will be held in the latter part of September.

Set Zoning Hearing

A public hearing has been called for July 29 to hear objections to the rezoning of one and a half acres of property owned by Lolla-Spencer Pans Products of Novi road.

The hearing is set for 8 p.m. in the village hall.

The point company, located at the southeast corner of Novi road and the Chesapeake and Ohio right-of-way, has requested that its zoning classification be changed from residential to light manufacturing.

Brader's Sold

For 35 years Harry Himmelsteib followed two simple rules of retailing that paid dividends in respect and success.

He always insisted on good values for his customer's dollar. He believed in sharing the success of his business with his employees.

This week the owner of the S. L. Brader department store retires and will soon leave Northville.

The store, which recently completed a sale to reduce inventory, has been sold by Himmelsteib and his partner, Robert Morse, to Aron Gellerman of Detroit. Gellerman takes over officially on Monday.

In recent years Himmelsteib, now 69, has been in ill health.

He came to Northville in 1923 to join his uncle, S. L. Brader, in the department store business. He never

Long Career in Retailing Ends for Himmelsteib

failed to place an advertisement in The Record each week. Himmelsteib's ads always contained "price value" information.

Most of Brader's present employees will remain under Himmelsteib's new ownership. Morse and his wife, Sally—who is Himmelsteib's sister, will move with Himmelsteib to Southern Pines, North Carolina. Mrs. June Manville will also retire. She went to work for Brader's in 1942 to "fill-in" for six weeks and stayed 21 years.

Maurice Giles manages the shoe department. He joined

Brader Building

Announcement of the sale of the Brader department store building by S. L. Brader, who now resides in Arizona, to C. A. Smith of Nine Mile road was made this week.

The building transaction had no connection with the sale of the business. Smith states that he had reached a lease agreement with the new owner of the S. L. Brader Department Store business, Aron Gellerman. In advertising, and he never

C. A. Smith Buys Brader Building

After explaining that the clinic draws its day school patients primarily from its outpatient clinic, he noted that the outpatient clinic which opened with 100 patients a year now has 1,000 a year, making it one of the largest clinics in the nation.

"Unfortunately, instead of the flow of outpatients diminishing each year as we had hoped, it's increased," Dr. Rabonovich attributes the increase in patients to the emotional growth and awareness of the problem, population growth and the fact that many

Griffith-Klocke Rites Performed Saturday

White gladioli and carnations banked the altar where Carol Lee Griffith of Peck and John Klocke of Northville spoke their wedding vows Saturday.

The nuptial Mass uniting the pair was said in St. John's Catholic church, Peck, at 11 a.m.

For her walk down the aisle, escorted by her father, the bride chose a white silk organza gown with pearl and sequin trim highlighting its Sabrina neckline. She carried pink roses and carnations on a prayer book, the gift of the groom.

Attired in a white organza gown with white and blue embroidery, the bride's sister, Fay, served as maid of honor. She carried a bouquet of white carnations with tips of the petals tinted blue. Serving as bridesmaids were Karen Seres, sister of the bride, and Joan Klocke, sister of the groom. The tiny flower girl, wore a blue dress. Serving as best man was Gerry Freyman. Ring bearer was Jimmie Seres and ushers were Gary Klocke and Larry Manthey.

Parents of the bride are Mr. and Mrs. Basil Griffith of Peck while the groom's parents are Mr. and Mrs. Wesley Klocke of Northville.

For her daughter's wedding, Mrs. Griffith chose a blue lace over tulle gown. The groom's mother was attired in a gown of white and pink.

Following the ceremony, he couple were feted at a reception in the Sportsman's club, Yale.

AAUW Sets Program For 2 Years

Returning from a history-making biennial convention of the Association of University Women are Mrs. A. Donald Postma of Northville and Mrs. Richard Friz of Plymouth, both members of the local branch.

The pair were among 2,000 college women attending the Denver convention from June 24 through June 28. They were also the first representatives of this branch to attend a national convention.

By an overwhelming vote, the delegates adopted the proposal to substitute four topics for the seven subject matter areas within which the program has been developed.

For the next two years, the AAUW program will be staying on in Northville for the next three weeks at the four following topics: bridging the gap between science and the layman, the American family in a changing world, accident and orient and expectations for education.

Legislative items adopted by the convention call for support of federal aid to education, for the U.N. and for liberalized international trade as well as the American family, the consumers interest and civil rights.

News Around Northville

THIS IS YOUR LIFE — No Northvillians were more surprised Monday afternoon than Mrs. William B. Walker of Eight Mile Road. What she thought was to be a routine meeting of the city's lady gardeners in her home turned out to be a surprise party. This is Your Life style, in honor of her recent 50th wedding anniversary. Members of the National Farm and Garden Association, escorting Mrs. Walker (center) to the seat of honor are, from left, Mrs. William Stattery, Mrs. John Begle, Mrs. Wayne McBride, Mrs. Ernest Wood and Mrs. George Kohls.

Two young Northvillians came away from horse shows Sunday, loaded down with honors. Rhonda A. Tichon, daughter of the R. M. A. children of South Rogers, rode away from a Swartz Creek show with two firsts and three other ribbons.

Nine-year-old David Earehart, son of the H. Edwin Earehart of Chubb road, topped two thirds and fifth in competition at the Morgan Gold Cup show in Bucyrus, Ohio.

Tuesday night, it was Mrs. H. Edwin Earehart's turn to be honored, but at a stock show, rather than a horse show. She was feted by 15 ladies in the home of Mrs. Ruth King and Mrs. Howard Wright.

Local delegates who have been named to attend the state convention later this month are Mrs. Hay and Mrs. Kitzback. Alternates are Mrs. Ruth King and Mrs. Howard Wright.

Mrs. Hammond will attend as delegates, having served three years on the Michigan American Legion Children's home, board at Oler Lake.

Talbot Hopper, son of Mr. and Mrs. Robert C. Hopper of West Seven Mile, has won a national Scout scholarship, amounting to \$1,500.

Young Hopper will be a senior at Massachusetts Institute of Technology this fall. A 1954 graduate of Northville high and salutatorian that year, he is studying aeronautical engineering and industrial management.

He is working in the master designing division of Chevrolet Spring and Bumper, Livonia, for the summer.

Indian Girl Guides Like Our Pizza, Freeways

Northville's Girl Scouts and their leaders had a glimpse of faraway India this past week.

The thing that seems to surprise our American hosts, says Sunita, is that we're college girls, but still Girl Guides.

This is not unusual, she explained, noting that, many times, the Girl Guides and Boy Scouts share in organizing programs.

Seventeen-year-old Rupa, who often abandons her sari for a hand embroidered black tunic called a kamiz and flowing white trousers called salwar, is a student at Allahabad university where her father is assistant librarian.

Sunita, 18, studies at Lucknow university. There, she hopes to gain her Bachelor of Arts degree next year and then move on to an economics or social work career.

No visit with American scouts is complete, the girls report, without their being asked what it is they like about this country.

Both Sunita and Rupa say that when they return to India at the end of July, they'll be taking with them a love of pizza (with lots of green pepper, cheese and garlic) and American freeway.

Miss Caleb's central impression on this short tour: "It's amazing how hard everyone works—even the women. The women never seem to sit idle at home," she observed. "There just doesn't seem to be a chance for anyone to sit at home."

This picture of busy-ness is unlike the one presented by most parts of India, she noted. "Since we've started having five-year plans it's getting better, but unemployment is still one of our major problems."

Nineteen year old Rosemarie Tetzlaff, daughter of Mrs. E. E. Tetzlaff of 125 Linden, became a United States citizen Tuesday, July 2. Miss Tetzlaff was born in Luneburg, Germany, and came to this country and Northville in November, 1947, as the foster daughter of Mr. Staler and the late Floyd Staler. She is now a sophomore at Hillsdale college, majoring in education.

NEWCOMER'S CORNER

There's a new family in this area that has a vested interest in Northville.

The Robert Hadley family of 574 Langfield, which moved here two weeks ago from Warren, has joined the Northville swim club already.

It's easy to understand in view of the family's interest. "Every one in the family swims," said Mrs. Hadley. "That includes Sheryl, 17, a recent high school graduate, who will attend Hillsdale Park and Northville colleges when she first met."

Service of Detroit, an insurance adjustment firm, which had the same name as the job when we moved to Warren three years ago," Mrs. Hadley explained, "that we liked Northville and had been thinking about moving for some time."

Mr. Hadley was employed in Grand Rapids, Mrs. Hadley's home town before they moved to the Detroit vicinity.

Mr. Hadley is currently director of the department of new church development and building aid of the Board of National Missions, United Presbyterian church.

Word comes from Bridgeport, California, this week, that William D. O'Mara has been promoted to lance corporal in the Marine Corps. He is the son of Mrs. Mary O'Mara of 226 Linden.

Richard L. Davidson, son of Mrs. Madeline Davidson of 602 Horton, left this week for the U.S. Marine Corps. He will be stationed at Camp Pendleton, San Diego, California.

Weekend guests at the home of Mr. and Mrs. Fred Wandt were their daughter and her husband, Mr. and Mrs. Jerry Margot of Midland. Accompanying the Wandts were their twin daughters, Carol and Margot.

Births

Little Denise Mae Geiger arrived June 26 to former American kindergarten teacher, Nancy Geiger and her husband, Paul.

Denise was born in St. Joseph hospital, Ann Arbor, weighing eight pounds, seven ounces. She's now home with her parents at 405 Five Mile road, South Lyon.

Anxiously awaiting her arrival were two sets of grandparents: Mr. and Mrs. Drayton Cort of Northville and Mr. and Mrs. Frank Geiger of South Lyon.

Happily announcing the birth of a son are Mr. and Mrs. David Hantzer of Williamston. Anxiously awaiting the June 17 arrival of Terry Stephen were two sets of grandparents: Mr. and Mrs. Oscar Bates of Ithaca.

Young Terry was born at Sparrow hospital, Lansing, weighing nine pounds, ten ounces. The Hantzers have one other child, Tim, 3.

Legion Auxiliary to Seat Mrs. Hay as President

Mrs. David Hay will be seated as the new president of the Legion Auxiliary, Sunday at 8 p.m. in post quarters.

She succeeds Mrs. Oscar Hammond.

Past presidents will install the new officers. Refreshments and a social hour will follow the installation which the public is invited to attend.

Other ladies who will take office include Mrs. Robert Colbeck, first vice president; Mrs. Paul Palmer, second vice president; Mrs. Ken Treger, secretary; Mrs. Robert Miller, treasurer; Mrs. Hagai Holman, chaplain.

Also, Mrs. Lisle Alexander, historian; Mrs. Keith Trumbull, sergeant-at-arms. New executive board members are Mrs. Louis Kitzback, Mrs. Ruth King and Mrs. Howard Wright.

Mrs. Hammond will attend as delegates, having served three years on the Michigan American Legion Children's home, board at Oler Lake.

Talbot Hopper, son of Mr. and Mrs. Robert C. Hopper of West Seven Mile, has won a national Scout scholarship, amounting to \$1,500.

Young Hopper will be a senior at Massachusetts Institute of Technology this fall. A 1954 graduate of Northville high and salutatorian that year, he is studying aeronautical engineering and industrial management.

He is working in the master designing division of Chevrolet Spring and Bumper, Livonia, for the summer.

Win's Grant

Northville lost one of its older residents last week when D.M. Lake moved to Jacksonville, Florida.

Mr. Lake, now almost 90, had been living with his daughter, Mrs. T.H. Chisom on Chigwiden. He has now gone to Florida to reside with his son, Guy W. Lake.

The SS Mariposa sets sail from San Francisco, via Los Angeles to the South Sea Islands, New Zealand and Australia today.

Among its passengers are two Northvillians, Mrs. Iva Ely and her son, Frank Frickmund, of 194 East Cady.

It was cake and ice cream Sunday for the family and friends of Kathy Norris, youngest daughter of Mr. and Mrs. Gordon Norris of 110 Fairbrook. Kathy was celebrating her second birthday.

Four generations gathered.

News Around Northville

Two young Northvillians came away from horse shows Sunday, loaded down with honors. Rhonda A. Tichon, daughter of the R. M. A. children of South Rogers, rode away from a Swartz Creek show with two firsts and three other ribbons.

Nine-year-old David Earehart, son of the H. Edwin Earehart of Chubb road, topped two thirds and fifth in competition at the Morgan Gold Cup show in Bucyrus, Ohio.

Tuesday night, it was Mrs. H. Edwin Earehart's turn to be honored, but at a stock show, rather than a horse show. She was feted by 15 ladies in the home of Mrs. Ruth King and Mrs. Howard Wright.

Local delegates who have been named to attend the state convention later this month are Mrs. Hay and Mrs. Kitzback. Alternates are Mrs. Ruth King and Mrs. Howard Wright.

Mrs. Hammond will attend as delegates, having served three years on the Michigan American Legion Children's home, board at Oler Lake.

Talbot Hopper, son of Mr. and Mrs. Robert C. Hopper of West Seven Mile, has won a national Scout scholarship, amounting to \$1,500.

Young Hopper will be a senior at Massachusetts Institute of Technology this fall. A 1954 graduate of Northville high and salutatorian that year, he is studying aeronautical engineering and industrial management.

He is working in the master designing division of Chevrolet Spring and Bumper, Livonia, for the summer.

Marinate Chuck Steak

Like a catchy phrase, recited by one housewife to another until soon it's hard to pin down the origin. That's the way with this week's recipe contributed by Mrs. Orville Barnes of 1977 Meadowbrook.

The Northville cook is not exactly sure where the recipe came from, but she's positive it's "terribly simple and just a little different."

Mrs. Barnes, who's a non-believer when it comes to using frozen foods, suggests her marinated chuck steak be served with baked potatoes, a good tossed salad dressed with Roquefort dressing.

The finishing touch for herself, her husband and four boys — Ron, 13; Rick, 9; Jeff, 8; and Greg, 6 — is a tim-pie.

Calling All Marines

All U.S. Marines, now serving or back in civilian clothes, are invited to attend today's meeting of the newly-chartered Northwest Detachment Marine Corps league.

The detachment is meeting at the Merril-Bowl Lounge, 3056 Five Mile road, at 8 p.m. today (Thursday).

The Marine Corps league is a nationally-chartered veterans organization, dating back to June, 1923.

Anyone interested in joining the league may call the senior vice commander, Leon Good, at GA 2-8122.

Personal Service

Since 1920 the S. L. Brader Department Store has helped provide thousands of families in our area with dry goods, clothes and footwear.

We believe we can say without boasting that our policy of giving the customer a fair value for his shopping dollar has been one of the principle reasons for our success throughout these many years.

We sincerely appreciate the patronage of our many customers. And in turning over the ownership to new hands it has been our aim to choose a successor who would carry on in this same tradition.

We are therefore pleased to announce that Mr. Aaron Gellerman will be the owner of S. L. Brader's effective July 15.

We know he will continue to serve you in the Brader tradition with the same personnel in attendance.

It is our hope that you will continue your patronage in the past.

Thank You...

Harry Himmelstein

Shatterproof Glass Promotes Jendrisak
 Shatterproof Glass Corporation, Detroit, has announced the appointment of three new vice-presidents, including Joseph E. Jendrisak, a Northville man, in a move to meet growing management responsibilities.
 William B. Chase, president and chairman of the board, named Joseph E. Jendrisak of Northville vice-president of research and development. Jendrisak, a graduate engineer, will begin his new position as director of bending and development engineering immediately. He has an extensive background in the glass industry and has pioneered research in the processing of both annealed and tempered glass.
 A former employee of Libbey-Owens-Ford, Jendrisak came to Shatterproof in 1952. Active in research, he has developed various patented methods for processing glass. Jendrisak is a former member of the American Ceramic Society and also served on the management group and planning committee at Libbey-Owens-Ford.
 He lives at 880 Grace street with his wife and three children. When time permits, Jendrisak enjoys hunting, fishing, boating and golf.

In Wixom
 Mrs. Charles Ware MA-4-1681
 Mr. and Mrs. Bricker and daughter of Detroit, formerly of Wixom, spent the week end with her niece, Audrey Roach, Mrs. Bernice Barber of New York City has returned home, after spending several weeks as the guest of Mrs. Audrey Roach. Mrs. Roach drove her back to New York.
 Mrs. Russell Craig and Mr. and Mrs. Ray York were Sunday dinner guests of Mr. and Mrs. William Craig of Union Lake. The occasion was Mr. and Mrs. York's 25th wedding anniversary.
 Hickory Hills Civic Association held a big celebration on July 4th. They started with a bicycle and decorated boat parade. Winners of the boat prizes were the Cavallari family and the Savage family, tying for first place. In the evening there was a fireworks display over Leon lake.
 The son of Mr. and Mrs. Angie Valon has been confined to his home with hepatitis. Mrs. Jacinta Hughes is in Pontiac Osteopathic hospital following surgery.
 Saturday Mr. and Mrs. Peter Schwarz, Mr. and Mrs. Harry Mohr, Mr. and Mrs. John Mur-ware enjoyed a barbecue steak roast at the Proud Lake picnic grounds.
 The Wixom Planning Commission held their regular meeting Monday evening.
 A son, Mark Graner, was born July 4 to Mr. and Mrs. Julius Nelson, Jr. in Pontiac Osteopathic hospital. Mark has one sister.
 Donnie Parvie spent the week end north near Beulah. He was the guest of the Mac Sidor family of Theodore street in Wixom.
 The Madigans have heard from their daughter, Jane, who is in Lubek, Germany as an exchange student.
 Henry Madigan is spending the summer with his aunt in Massachusetts.
 The Chamber of Commerce will hold their installation dinner at the Alpine club on M-59 Saturday.
 The DePodesta horse will run as a trotter for the first time Wednesday at Vassar.

May Allow Quail Hunt
 An experimental quail hunting season is being considered for this fall by the Conservation Department to measure the effects of gun pressure on the birds' populations in Michigan.
 The short season would be held on state-owned lands within the Department's Rose Lake wildlife experiment station near East Lansing.
 Whether the Department will recommend the 12-day season to the Conservation Commission still depends upon a quail survey to be made at the station from late June through mid-July.
 The Wixom Planning Commission held their regular meeting Monday evening.
 A son, Mark Graner, was born July 4 to Mr. and Mrs. Julius Nelson, Jr. in Pontiac Osteopathic hospital. Mark has one sister.
 Donnie Parvie spent the week end north near Beulah. He was the guest of the Mac Sidor family of Theodore street in Wixom.

CITY OF WIXOM
ORDINANCE TO CONTROL PRIVATE SWIMMING POOLS
 Ordinance No. 53
 An ordinance for the protection of the public health and safety and for the use of Private Outdoor Swimming Pools. This ordinance is declared to be an emergency ordinance necessary to the public health, safety and welfare, and is effective immediately upon publication. Passed by the Wixom City Council on Tuesday, July 9th, 1963.
 Pearl S. Willis City Clerk

Casterline, Spagy Lead Knotholers
Knothole
 At the end of the second game of the season in the Casterline Spagy lead game, the Casterline Indians were tied for first place in the baseball league with 3-1 records while the Farm Crest Dairy Bears are all alone atop the softball circuit with 2-0.
 The previously unbeaten Giants were tripped up 10-0 by the Northville Record Dodgers in extra innings.
 Jim Marcks climaxed a seven-run Dodger rally with a double to drive in the deciding run. The game was called before the scoring insurmountable six-run lead.
 Meanwhile the Indians were knocking off the Bloom Insurance Cardinals, 6-0, behind the slick one-hit pitching of Brian Myers. Then they eased by the Asher Pure Angels, 7-6, by scoring three runs in the last inning on Victor Szepanski's triple.
 In softball games, the Bears won their only encounter, with the Bob Cole Builders Tigers 10-6 to remain undefeated.

COOL KIDS — There's a way for youngsters to beat the summer heat and learn something at the same time. These children boarding the bus have found it in the Northville Recreation department's summer swimming program. Every week day, two or three buses depart at 1 p.m. from the Community building and Amerman school for Whitmore Lake where the kids learn to swim under the supervision of instructor Phil Jerome and his assistant, Julie Gazlay. Recreation Director Ken Conley reports that an average of 110 children take the trip each day.

Class E
 What was started as the game of the season in the Casterline Spagy lead game, the Casterline Indians were tied for first place in the baseball league with 3-1 records while the Farm Crest Dairy Bears are all alone atop the softball circuit with 2-0.
 The previously unbeaten Giants were tripped up 10-0 by the Northville Record Dodgers in extra innings.
 Jim Marcks climaxed a seven-run Dodger rally with a double to drive in the deciding run. The game was called before the scoring insurmountable six-run lead.
 Meanwhile the Indians were knocking off the Bloom Insurance Cardinals, 6-0, behind the slick one-hit pitching of Brian Myers. Then they eased by the Asher Pure Angels, 7-6, by scoring three runs in the last inning on Victor Szepanski's triple.
 In softball games, the Bears won their only encounter, with the Bob Cole Builders Tigers 10-6 to remain undefeated.

Baseball Standings
 Spagy Giants 2-1
 Casterline Indians 2-1
 John Mack Ford Yankees 2-1
 VFW Athletics 2-1
 Northville Record Angels 2-2
 Asher Pure Angels 1-3
 Bloom Insurance Cardinals 1-3
Softball Standings
 Bears 2-0
 Panthers 2-1
 Tigers 1-1
 Colts 1-1
 Angels 1-1
 Lions 1-2
 Clippers 0-2-1

Class D
 After forfeiting their third game of the season July 1, the Northville Plumbers finally found a winning formula against the Wayne Monarchs July 2 to cap their first win in the class D 18-and-under league.
 A fast formula included the pitching and hitting of Eric Peterson, and some head-up play by the Plumbers.
 Peterson twirled the first four frames, giving up one hit, one run, striking out five and walking none. He also led the attack with a double and a triple.
 Hittles in the third inning provided the spark. Dave Jerome walked. He went all the way to third on a grounder to third and scored on a sacrifice fly. Thus the scoring gates were open and the Plumbers pushed across seven more runs before they could be closed.
 With an eight-run lead at the end of four innings, Peterson continued to lead the pitching. He allowed two runs on three hits and five walks. But the Plumbers had too big a lead.
 The game with Livonia D.R.C. was forfeited. Northville could field only eight men.

Novi Little League
 Deeded for first place in the Novi Little League are the Pillers and Bandits, both with 12-0 records.
 The Bandits vaulted into a tie by defeating the Pillers, 12-0.
 William Will improved his pitching record (6-0) by keeping the Pillers' hitters in check in a round-tripper by Buddy George. Leading the hitters was John Kaminski, who poked a homer.
 Cause for Pillers' dismal showing may be found in their game the night before. They were extended to the limit by the Jayhawks. Scored three-all at the end of six innings, the Pillers pushed across six runs to win 9-3.
 But the Bandits are nonetheless a tough ball club as indicated by their 3-0 conquest of the Steelers and a 2-3 romp over the Earthmovers. Ronnie Thompson paced the Bandits in the latter game with a triple and a home run. Other contests and scores were the Pillers 21, Steelers 3; Steelers 11, Eagles 5; Eagles 12, Earthmovers 6; the Jayhawks 11, Earthmovers 3, and the Jayhawks 18 and Eagles 4.

St. Germaine Does It Again
 Sixteen-year-old Jim St. Germaine slammed his way into the state finals Tuesday at the Salem Country club. He shared co-medalist honors by carding a 70.
 St. Germaine will compete in the state finals July 23 at a site not yet determined. Thus he added more golf laurels to his already plentiful supply.
 He won the Junior District Party Pantry 36-hole tournament with a 29-29 (75) at the Lakelands golf club in Plymouth. This score, coupled with his previous Monday's 39-34 (73) at the Mendonbrook Country club gave him a low total of 148.

League Standings
 Party Pantry 8-0
 Northville Orioles 5-3
 Plymouth Recreation 5-3
 Ely Oilers 4-3
 Pinan Realty 4-3
 Castelle Braves 2-6
 Dipcho Contractors 0-7
 WCTS 0-7

Turtle Race, Ball Game Head Recreation Week
 A full schedule of special events will highlight the Northville Recreation department's summer program next week. The program will begin at 9:45 a.m. with the annual turtle races will be held at Ford Field Monday. Judging for the most unusual decorated turtle and the largest and smallest turtles will begin at 9:45 a.m. with the races to follow at 10:00 a.m.
 The annual turtle races will be held at Ford Field Monday. Judging for the most unusual decorated turtle and the largest and smallest turtles will begin at 9:45 a.m. with the races to follow at 10:00 a.m.
 The second annual hike in events will be discontinued at the American school and at the Community building and Ford field.
 However, a Junior Olympic qualifying meet will be held at 9:15 a.m. Saturday, July 20, at the Community building and Ford field.
 Events include the softball throw, chip-ups, running events, a 100-yard dash, a 200-yard dash, a 400-yard dash, a 600-yard dash, a 800-yard dash, a 1,000-yard dash, a 1,200-yard dash, a 1,400-yard dash, a 1,600-yard dash, a 1,800-yard dash, a 2,000-yard dash, a 2,200-yard dash, a 2,400-yard dash, a 2,600-yard dash, a 2,800-yard dash, a 3,000-yard dash, a 3,200-yard dash, a 3,400-yard dash, a 3,600-yard dash, a 3,800-yard dash, a 4,000-yard dash, a 4,200-yard dash, a 4,400-yard dash, a 4,600-yard dash, a 4,800-yard dash, a 5,000-yard dash, a 5,200-yard dash, a 5,400-yard dash, a 5,600-yard dash, a 5,800-yard dash, a 6,000-yard dash, a 6,200-yard dash, a 6,400-yard dash, a 6,600-yard dash, a 6,800-yard dash, a 7,000-yard dash, a 7,200-yard dash, a 7,400-yard dash, a 7,600-yard dash, a 7,800-yard dash, a 8,000-yard dash, a 8,200-yard dash, a 8,400-yard dash, a 8,600-yard dash, a 8,800-yard dash, a 9,000-yard dash, a 9,200-yard dash, a 9,400-yard dash, a 9,600-yard dash, a 9,800-yard dash, a 10,000-yard dash.

NORTHVILLE CUE BALL
 Formerly Royal Recreation — All New Interior
120 W. MAIN NORTHVILLE FI 9-9820

It was a Glorious Fourth... Both Weather and Fun-Wise

GOOD TURN OUT — Crowds lined the parade route along both sides of Main street.

COOL CATS — Northville's high school band played it cool in shorts instead of uniforms.

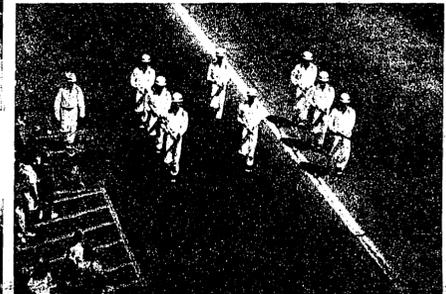

BEVY OF BEAUTIES — This Michigan Bell float won first place. Lila's Flowers, K of C and Loomis Battery were runners-up.

ROLLING ALONG — Keeping pace with the parade was this contingent of antique cars.

HEADS UP — Hundreds watched sky divers come in "on target" at noon at the high school athletic field.

IN STEP — Manuevers by various drill teams brought rounds of applause. This is the Grosse Ile naval air station unit. The Selfridge Air Force team copped top honors.

HELPING HAND — An appeal to "Make Every Day Christmas" for handicapped children brought out Santa Claus.

RIVER QUEEN — This water-wheel steam boat entered by the Knights of Columbus won honorable mention.

LET'S TALK CARS...

SUMMERTIME

The North American economy has a tendency to slow down at two times of the year due to winter. One is during the peak of winter when the temperature reaches its coldest drop. The other time is at the very opposite, when it reaches its warmest peak.

To cite a horrible pun, even the Mexicans have their troubles. They can have it chill today and hot tomorrow. Any way, to bring our long-winded story to a head, here is the point: the hot weather that we're now getting into means that a lot of people are getting out of town to cottages and vacation resorts and leaving car dealers to fight it out alone with the daily overcast.

Any stock market expert will tell you that the time to buy is when no one else wants to. During the slack vacation months our mechanics will give you a royal welcome in the service department and our sales department trying to meet its quota will do likewise. Quicker service, more attention and real savings.

Summertime prices are truly willed by the heat. Wards Automotive Reports, a statistical authority of the car business, consistently reports September prices higher than July and August for the same merchandise.

A "cold war" thought to keep you cool: Russia has one car to every 364 people while we have one car to every three. THEY aren't rushed even in the other ten months.

John Mach Ford, Inc.

Hawthorn Center

(Continued from Page One) better diagnosis in schools and other agencies.

"The greatest frustration to me as an administrator — and one the staff here shares — is to see the waiting lists in every department and be unable to provide the services you know the families on these lists so desperately need."

All Hawthorn can do, he said, is filter out the most severely disturbed patients from the outpatient clinic and keep them in the program — either by admitting them to the inpatient or day school program.

With this new school building, Dr. Rabinovitch and the day program's director, Dr. Harold Lockett, hope to increase the student population to 85.

This won't solve the problem of waiting lists, however. "What's needed are centers in other parts of the state for these children whose days are now empty and idle."

Among the other advantages are its close relationships with the university research world.

Dr. Rabinovitch credits a University of Michigan professor in educational psychology, Wil-

Roy Laney Dies in Crash

A 38-year-old Salem man was found dead in a cornfield in Northville township Saturday morning.

According to Wayne County sheriff's deputies, the body of Roy Laney of 8330 Clifton, Northville, was found in a field off Napier road at 6:27 a.m. by Jim Watson, a Napier road resident.

The body was some 20 feet from the car, which had apparently burst a hedge of bushes and landed on its top 50 feet from Napier road, just north of Six Mile road, a resident told police.

Deputies said they believed the accident occurred around 5:30 Friday night. Witnesses told police they heard a car traveling south on Napier road at that time, heard a crash, then saw dust, deputies reported.

Police said residents investigated, but found nothing because the car was hidden by the brush.

The funeral of Mr. Laney was held Tuesday in Gasterline Funeral home, Northville, with the Reverend Rex Dye, pastor of Salem Baptist church, officiating. Burial was in Rural Hill cemetery, Northville.

Mr. Laney, a resident of Northville until three years ago when he moved to Salem, was employed by Howard Niles studios, Northville.

Born October 2, 1924, in Northville, he was the son of Roy and Viola (Keller) Laney.

In addition to his parents he leaves his wife, Lila; a son, Roy Laney Jr.; a daughter, Theresa Laney, both at home and a brother, Sidney Laney of Saginaw, and four sisters, Mrs. June Chisholm of Newberry, Mrs. Ida Rozoo, Mrs. Virginia Rull and Mrs. Myrtle Teatro, all of Muskegon.

Funeral services for Truman Decker, 41, of 4020 Niles road, Northville, a retired farmer, were held July 3 in Carter Funeral home, Elsie, Mich.

Mr. Decker, who retired from his Elsie farm five years ago, made his home with one of his daughters, Mrs. Martha Williams of Northville.

Mr. Decker had been ill for the past two years. He died July 1 in Wayne County General hospital, Detroit.

Born April 13, 1882, near Vassar, he was the son of the late Rodney and Martha (Kelly) Decker.

In addition to Mrs. Williams, he leaves two other sisters, Mrs. Susie Cromwell of Flint and Mrs. Carrie Fisher of Stantonia.

Visiting hours were held from July 1 to July 3 in Casterline Funeral home, 122 West Danlap.

Funeral services for Truman Decker, 41, of 4020 Niles road, Northville, a retired farmer, were held July 3 in Carter Funeral home, Elsie, Mich.

Visiting hours were held from July 1 to July 3 in Casterline Funeral home, 122 West Danlap.

Report Burglary, Vandalism

A store was burglarized and two rear car windows were broken within the past few days in Northville.

Burglars broke into Schrader Home Furnishings, 111 North Center street, by breaking a glass on the rear door. Removed from a drawer was \$20 in cash sometime between 5:30 and 6:40 a.m., police reported.

Leonard Kulp of 410 West Main street reported at 11:45 Saturday night that youths in a light blue car had thrown a pop bottle through the rear window of his car, police said.

Police said a brick was also thrown through the rear window of a car owned by Carol Tabor of 537 West Main street around 12:15 a.m. Tuesday. Both cars were empty and parked in front of the owners' homes, noted police.

Car Cleaned

While an Indiana man was watching the races Saturday night, an estimated \$13,000 in stocks, rifles, guns and other articles were stolen from his station wagon in the Northville Downs parking lot.

Entry to the car, owned by L. D. Prough of Indianapolis, was made by using a wire to hook a door handle through a window, rifles, guns and other articles were stolen from his station wagon in the Northville Downs parking lot.

Stolen from the car were a three horsepower outboard motor, four semi-automatic rifles, an automatic rifle, three hand guns, \$8,500 in stock certificates, a wrist watch, miscellaneous expensive jewelry, three suit cases, five suits, two sport jackets and hats.

Police said that Prough did not explain why he had the goods in his car.

Work Gets Underway On New Botsford Hospital

Ground-breaking ceremonies to perform the official task for the new \$3,200,000 Botsford General Osteopathic hospital in Farmington township were held last Saturday afternoon. The new hospital will be located on a 15-acre site in the Grand River-Eight Mile road area.

Providing 200 beds in a five-story tower, Botsford General hospital will operate as a unit of Zieger hospital and will offer modern medical and surgical facilities.

Along with northwest Detroit, the hospital will serve the communities of Farmington, Livonia, Novi, Walled Lake, Farmington Township, Wixom, Redford Township, Southfield, Brighton, Northville, South Lyon, Milford, New Hudson, Uxter Town, Franklin and Wood Creek Farms.

Construction bids for the hospital were awarded to A. Z. Shmina and Sons of Dearborn, general contractors; County Electric Company, electrical contractors; Glantz and Killian Company, plumbing contractors; Reichle Sons Company, kitchen equipment; and Houghton Elevator Company, elevators. Construction will require approximately 16 months.

In March, Botsford General was awarded a Federal aid grant in the amount of \$1,825 through the Hill-Sutton hospital construction program. The balance of the \$3.5 million construction cost will be provided through mortgage funds, hospital operating funds and loans from staff physicians.

Officially at the proceedings were Dr. Allen Zieger, founder of the Zieger Osteopathic hospital, and Murray V. Van Wagoner, chairman of the Zieger hospital board of directors and former Michigan governor.

Presentation of the shovel was made by Adolph Ruesing, vice president of Smith, Hinchman and Grylls of Detroit, architects for the new hospital. Just as the ground was about to be broken, Dr. Zieger handed the shovel to his 82-year-old father, Gabriel Zieger.

NOVI HIGHLIGHTS

Mrs. H. D. Henderson of 4249 E. 14th St., Northville, is the mother of a son born July 4 at Garden City hospital. Mr. and Mrs. Henderson are the parents of a son born July 4 at Garden City hospital. Mr. and Mrs. Henderson are the parents of a son born July 4 at Garden City hospital.

Mrs. Gerald Rice expects to return to her home in Michigan later this week. Mr. and Mrs. Robert C. Rice and family are in Northville. Mr. and Mrs. Robert C. Rice and family are in Northville.

Mrs. Lela Munro and her sister, Mrs. Mildred Wilson, returned last Thursday from Mackinac Island. A movie entitled "Music at Midway" was filmed there and Mrs. Munro and Mrs. Wilson had a part in the movie.

Miss Hazel Mandlik, daughter of Mr. and Mrs. Fred Mandlik of West road, was honored Tuesday evening at the home of her sister-in-law, Mrs. Edna Mandlik in Christian. Novi ladies who attended were: Mrs. Fred Mandlik, Mrs. John Klaserer, Mrs. George Webb, Mrs. Lois Lehner, Mrs. Rose Klacke and Mrs. Jansen.

Another shower honoring Miss Mandlik was held at Hudson's store at Eastland Saturday. Miss Mandlik's future sister-in-law, Christine Knobloch will be hostess for the affair.

Mrs. William Kressin, who has been a patient at St. Mary hospital for several days, is back at the home of her daughter.

Area Navy Recruiters Headquarter in Livonia

The United States Recruiting Service has recently opened a new recruiting area. At Branch Station in the old building, 3215 Five Mile Road, due to the rapid growth of the city of Livonia it was decided to move the existing stations from Redford and Northville area and to activate one in the City of Livonia. The new station will be manned by three U. S. Navy Recruiters, Chief Machinist's Mate George Dlorka, Boatman's Mate Edward H. Baker and Torpedoman's Mate Roland C. Steele. These three Navy men make up approximately 40 years Naval Service available at anytime.

Western Lakelands Make Scenic Tour

Editor's Note: How to make the most of the scenic beauty of the Western Lakelands is the title of a series of travel articles prepared by this newspaper and the Automobile Club of Michigan. They are dedicated to making the 1963 travel season more enjoyable for motorists and more profitable for Michigan's tourist industry. Following is the third of seven articles.

The Western Lakelands of Michigan offer perhaps the most scenic eye-ways to be easily reached with an assist from the highways.

This area is bounded roughly by US-27 on the east, I-96 and I-196 on the south and M-15 on the north.

Here are swift-moving, clear streams to excite the fisherman; a long stretch of Lake Michigan shoreline with its numerous park areas, marinas, fishing sites and magnificent sand dunes and the natural beauty of the area.

Lansing, bisected by multi-lane US-27, northward beckons with attractions worth the time to visit, including the Capitol building, Potter Park and the State Historical Museum.

Adjacent East Lansing is the home of Michigan State University, the oldest land-grant institution in the nation.

At the junction of US-27 and I-96, in Clare, many canoeing enthusiasts rendezvous before embarking on the "Pittabwassee" river to the north and east for the 20-mile float from its headwaters toward the Saginaw river.

With camping vacations high on the recreation priority list, Michigan's state and national forests are the logical choice. The Manistee National Forest, alone has 19 summer recreation areas. These are places where people may hunt, fish and relax — all free.

A few miles farther east on M-55 is Wolfston, site of the large Chittenden nursery — a national forest within a national forest.

In the Uddell hills area of the Manistee National Forest, on M-55 a few miles north of the more northern region of the U.S. Forest Service. The 100-acre nursery has shipped out millions of trees since 1951 in a continuous program aimed toward keeping Michigan green.

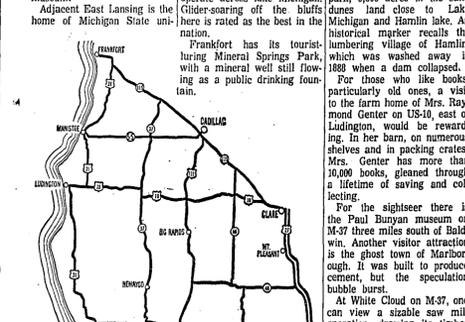

Further south on US-103 is Muskegon, one of the foremost ports on the Great Lakes. One of the sites of historical interest is an Indian cemetery, hundreds of years old in the heart of the business district.

North is Ludington State park, 3,000 acres in the sand dunes land close to Lake Michigan and Hamlin Lake. An historical marker recalls the lumbering village of Hamlin, which was washed away in 1828 when a dam collapsed.

For those who like books, particularly old ones, a visit to the farm home of Mrs. Raymond Center on US-103, east of Ludington, would be rewarding. In her barn, on numerous shelves and in packing crates, Mrs. Center has more than 10,000 books, gleaned through a lifetime of saving and collecting.

For the sightseer there is the Paul Bunyan museum on M-37 three miles south of Baldwinsville. The museum is the ghost town of Marborough. It was built to promote cement, but the speculation bubble burst.

At White Cloud on M-37, one can view a sizable saw mill operation, drawing its timber supply from the surrounding Manistee National Forest to produce packing crates and pallets. Three miles away on M-20 is Jugville, founded by that "writer of rhymes," Ernest Jack Sharpe, better known to his many readers as Newswatch operator for the toll-free Enterprise 7002.

Goodwill Pick-up

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday, July 15. Goodwill supply from the surrounding Manistee National Forest to produce packing crates and pallets. Three miles away on M-20 is Jugville, founded by that "writer of rhymes," Ernest Jack Sharpe, better known to his many readers as Newswatch operator for the toll-free Enterprise 7002.

Sun Eclipse Due July 20

A partial eclipse of the sun will be seen Saturday, July 20, reminds Livonia's Michigan astronomer Hazel M. Losh.

She also reminds that looking at a partial eclipse without adequate protection can be dangerous.

How much of the sun will be blacked out by the moon, passing directly between the earth and sun, will depend on the location of the observer.

"At the peak of the eclipse, approximately 83 per cent of the sun will be blacked out for Detroit viewers with slight deviations from this amount for other parts of the state, a little more being hidden from the more northern regions."

In Detroit, the eclipse will begin at 3:30 p.m. and end at 4:42 p.m. and end at 4:46 p.m.

"In order to see the sun totally eclipsed, one would have to travel to the north, which curves from Japan across Alaska, Canada, and Maine," Professor Losh says.

The U-M astronomer warns that "looking at partial eclipses can be extremely hazardous. The total light decreases, but any particular area in the exposed part of the sun's disk is just as bright as it is when the moon is far from the sun."

"Therefore, heavily smoked glass, dense film or negatives, or appropriate filters must be used for naked-eye observations. To look at the sun through a camera lens, a special filter must be used. For those who like books, particularly old ones, a visit to the farm home of Mrs. Raymond Center on US-103, east of Ludington, would be rewarding. In her barn, on numerous shelves and in packing crates, Mrs. Center has more than 10,000 books, gleaned through a lifetime of saving and collecting.

For the sightseer there is the Paul Bunyan museum on M-37 three miles south of Baldwinsville. The museum is the ghost town of Marborough. It was built to promote cement, but the speculation bubble burst.

Poison Ivy Recognizes No Immunity

If you think you're "immune" to poison ivy, watch out! You're building up a case of the itch, says a University of Michigan dermatologist.

According to Dr. E. Richard Haratz of the U-M Medicine Center, almost everyone is "non-reactive" to the glossy-leaved nuisance... but only for awhile.

We do not usually see poison ivy in youngsters before the age of 7 yrs. Kiddies can roll around in the poison ivy patch without developing any reaction at all."

The poison ivy effect builds up after repeated exposure to the plant's oil, says the U-M doctor.

"Most people don't realize that poison ivy is an allergic reaction, and the more contact you have with the plant, the greater the likelihood that it will begin to affect you."

Although "poison ivy" is probably the most common cause of contact dermatitis of an allergic nature, "other plants can produce the same effect. Contact with the carrot tops, dandelions, or primroses, all of which can cause a poison-ivy-like allergic reaction, Dr. Haratz said.

The usual symptoms—blistering, itching eruptions of the skin—can be soothed and controlled by ointments many doctors have been used for a great number of years but they have little or no effect whatsoever."

Who Walked with Candle In Home of Deceased?

EDITOR'S NOTE: This is the fourth of six articles dealing with the case of a fifteen-year-old boy who was found dead in a house in which I have lived for several days after that time. I have been previously occupied by a widow, Mrs. J. H. Crawford, Martha Mulholland's son by her first marriage. He answered in the affirmative, and by evening the Van Woerts were settled in the house in which Martha had died a few weeks earlier.

What happened next can best be told by quoting from a sworn statement made by Van Woert before William Perry, a Justice of the Peace, at Ann Arbor on December 8, 1945. This disposition was printed in a number of newspapers, including the Ann Arbor True Democrat of February 12, 1946.

"On Saturday night the 27th of September between 7 and 8 o'clock I was standing in front of the window of my house, my wife had stepped into Mrs. Hammond's about two rods distant from my house. I was in the back yard, for I had just passed through the house to the front yard and was coming my way when I saw a light through the window."

"I put my hand on the window sill and looked in. I saw a woman with a candlestick in her hand in which was a candle burning. She held it in her left hand."

"She was middle-aged woman, wore a loose gown; had a white cloth around her head, her right hand clasped in her clothes near the waist. She was a little bent forward, her eyes large and much sunken, very pale indeed; her lips projected and her teeth showed some."

"She moved slowly across the floor until she entered the bedroom and the door closed. I then went up to the bedroom door, and all was dark. I stepped forward and lighted a candle with a match, looked forward but saw no one, nor heard any noise, except just before I opened the bedroom door I thought I heard one of the bureau drawers open and shut."

I spoke of what I had seen several days after, and then learned for the first time that the house in which I then lived had been previously occupied by a widow, Mrs. J. H. Crawford, Martha Mulholland's son by her first marriage. He answered in the affirmative, and by evening the Van Woerts were settled in the house in which Martha had died a few weeks earlier.

SPEAKING for The Record

By BILL SLIGER

"What's being done to safeguard our water supply?"
"And what would happen if our wells all went dry?"

These questions were asked of the Northville township board at its monthly meeting last week by a resident obviously worried about the level of his well.

Unlike the residents living in the southeast corner of the township who may soon receive water from either Plymouth or Detroit, this citizen resides just west of the city limits.

The prospects of a new source of water for this area in the near future seem dim.
The board had no ready answer for the question. There really isn't one. The township's future water supply will come from Detroit. But the city of Northville must first decide when it is ready to consider the Detroit source.

Even then, the township must install a system of lines to carry the supply to the users. But this is a financial problem, easily solved when water is desperately needed.

Supervisor R. D. Merriam acknowledged the lowering water levels noting that the water problem could become critical the nation over within 10 to 15 years.

The lake and ground levels of water are unusually low throughout the state (and country), a condition that recently prompted an official of the Michigan Water Resources Commission to label the present water situation in Michigan "near critical".

It's been predicted that water use may triple by the year 2000. And although Michigan is ideally located in the center of the world's greatest supply of fresh water, experts see serious problems ahead.

They point to a booming population and increasing demands by industry. They foresee the day when strict rationing will be necessary and "long, lingering showers" will be a luxury of the rich.

What can we do to safeguard our supply and provide for the future?
I am of the opinion that this is a community problem that goes beyond any governmental boundaries.

It should be given top priority by both city and township officials and solved cooperatively. The overture must come from the city.
Presently, the city of Northville enjoys an adequate source of supply.

By resolution, the council is carefully guarding its water. It maintains a policy of supplying only city residents. (A small number of township residents receive city water at double rates through inadequate lines provided many years ago. No new taps are permitted on the line and the city pays on maintenance expenditures outside the city.)

I believe the city council should re-examine its position.
Plymouth once opposed outside sale of water. Now it sells to township residents at double rates. Perhaps if its council had taken this stand 10 years ago, the township of Plymouth would not now be voting upon incorporation as the city of Plymouth Heights.

Further, the city of Plymouth has offered to supply Northville township in areas where Plymouth lines are nearby.
It can also be recalled that the water engineer hired by the city of Northville at the time of the installation of the new tower recommended sale of water outside the city limits — as a source of additional revenue.

It is entirely possible that township residents, and officials, have no desire or present need for city of Northville water. But the day could come. And planning should start now.

Air Conditioning Boosts Business

Babson Park, Mass. I have always been extremely interested in air conditioning, and the summer's first real hot spell prompts me to look again at this industry.

Some years ago I wrote an article on air conditioning in which I said that merchants would have to universally adopt cooling systems during the summer in order to hold their trade. This now seems just about a fact accomplished. I do happen to know one department store not far from Babson Park that for some reason still has no air conditioning, but it is easy to see why they want and then dash right out.

I believe sales totals would be double what they are if the store were air conditioned. This likewise applies to churches and all public buildings.

As air conditioning is now a commonplace in business establishments of all types, it seems to be gradually becoming a necessity in our homes and automobiles. Only a short time ago it was considered a luxury, but those days are already gone. Contractors are inclined to include a cooling system in original construction plans, as a matter of course.

You can have air conditioning installed in your own home for a considerably lower price than was the case a few years ago. For a medium-size house an efficient system can be put in for \$1,500-\$2,000.

In connection with this matter, I should warn you that the proper size of the system is important. Too large a unit will chill the interior too quickly, then shut off and increase the accumulation of humidity.

Naturally, this means too a high cost of operation for your system. So avoid oversized units.

Even for those who can't afford a completely air-conditioned home, there are inexpensive units that can make a room or two quite comfortable during the sweltering weather. They may be hooked to a window to reduce the temperature nicely in a kitchen, a living room, or a bedroom. Most are sufficiently powerful to cool at least a couple of small rooms. Generations to come will want their homes entirely air conditioned.

Michigan Mirror

Batch of New Laws To Take Effect Soon

The second set of laws affecting Michigan citizens will take effect September 6. The quirk of having two batches of new statutes take effect in a single year occurred because the 1962 legislative session did not end until late December. By law, statutes enacted in that session take effect 90 days after adjournment of that Legislature unless otherwise specified during the session.

This year the Legislature gave some 90 bills "immediate effect," so they became law when signed by the Governor on a date specified in the measures. Typical of these are the appropriations measures, which became effective July 1, the beginning of the new fiscal year.

Nearly 100 other measures, most of them having more to do with the necessities of everyday living, must await the Governor on a date specified in the measures. Typical of these are the appropriations measures, which became effective July 1, the beginning of the new fiscal year.

Among the new laws affecting a large percentage of the citizenry is a measure for allowing motorists to drive 70 miles per hour at night on Michigan's full controlled access freeways. Currently the night time limit is 60 miles per hour. The same bill will also set a minimum speed of 45 miles on the limited access highways.

Increased fees are in store for a number of people. Hikes in the marriage license fee, notary public registration, dentists' certificate of practice, registration of unrecorded liens, and fees for veterinarians' licenses were all put into effect this year.

Still another group of laws enacted by the Legislature this year became effective in September but will not be used until later dates.

This practice is commonly used to allow implementation of laws by affected individuals and groups between sessions of the Legislature. Examples of this type of legislation from the current session are a measure requiring the installation of seat belts on all new cars sold in Michigan, and a bill requiring many school districts to provide bus transportation to parochial school students as well as those enrolled in public facilities.

The seat belt requirement will not take effect until the start of 1965, and legislators wrote a July 1, 1964 effective date into the controversial school bus bill.

Pressures on camping facilities in the state continues to increase. Despite recent additions and improvements made by the Conservation Department.

Arthur C. Elmer, chief of the Department's parks division, reports that during 1961, Michigan campsites were used 2,270,959 days. This figure is arrived at by compiling the number of days used and the number of campers accommodated.

The division is responsible for 51 state parks and 13 recreation areas spread throughout the state.

Camping facilities are well spread throughout the various sections of the state and are able to accommodate many touring families.

Elmer says his biggest problem is that the division has no way to control the flow of traffic. Too often too many people want to camp at the same time and same place.

Judge William Welke (left) as the new president of the Wixom Chamber of Commerce receives a handshake of congratulations from Mayor Wesley McAtee.

Jan's Homebound Life's Not as Easy For Swedish Teen

Today, Northville high school's foreign exchange student for the past year will be "Much more time is spent in socializing in the United States."

Before I came here, I watched the old movies, Dr. Kildare, Flinstone and Donald Duck on the one Swedish television channel which operates 15 hours each night.

"All I knew about this country and its people came from those programs. The result? I supposed every American was a loud mouthed, cigar smoking Texan."

Jan explained that his Swedish youth, already has to his credit four years of English, three years of German and one of French.

"I'm like most other Swedish youth, already has to his credit four years of English, three years of German and one of French."

"I'm like most other Swedish youth, already has to his credit four years of English, three years of German and one of French."

THE NOVI NEWS

Chamber Officers Installed

Officers and directors of the Wixom Chamber of Commerce were installed at the annual dinner Saturday night at the Alpine Inn.

Forty-two persons who attended the banquet near Wixom, Mich., were present. The 1963-64 president is a justice of the peace for the city of Wixom.

Installed as vice-president was Edward Grubb, Treasurer Frank Russell and Secretary Mrs. Frank Russell were returned to office.

A new slate of directors was also announced. Serving two-year terms are Ben Z. Schneider, Robert C. Kellogg, past-president Howard Hendrian and D'Arcy Young.

Appointed to fill one-year terms on the board were DePodesta, Lloyd Preston and John Lutz.

Mary Parva was chosen an alternate delegate. Master of ceremonies was former Wixom Treasurer Everett Pearsall. He introduced guest speaker, James Henfrey, an attorney from Royal Oak.

President Joseph Crupi said that the council would have to learn the facts first hand from the fire chief at a future meeting before taking any action.

"We should be compensated for such activity," Anderson said.

Offer Novi Expressway Park Village Councilmen Give Fire Department 'Hot Time'

Novi's fire department came under a fire of its own Monday night lead by two village councilmen.

Chief critics of the department operation were Councilmen Dean Lenheiser and Philip Anderson.

They found fault with the number of firemen answering calls, fire coverage outside the village at night and at one point even suggested turning the fire department back over to the township.

Lenheiser contended that too many firemen were going out to car fires, causing the village to spend too much money for fire protection.

Anderson wondered whether the Novi department was coming out on the short end of the mutual aid arrangement between the Novi, Wixom and Northville fire departments.

Specifically, he said that at night, when Wixom and Northville just have night dispatchers on duty, the Novi department was not merely "lending assistance." It was actually sending out a truck to put out fires in Northville and especially, Wixom.

"We should be compensated for such activity," Anderson said.

President Joseph Crupi said that the council would have to learn the facts first hand from the fire chief at a future meeting before taking any action.

It's Proposed To Settle Power's Will

Hopes for disposition of \$68,000 from the Powers estate for the purchase of a park site in the Novi area soared at the Novi village council meeting Monday night.

The council verbally accepted Emery Jacques' proposal for purchase of 35 acres of land, bounded by the expressway I-96 on the south and Novi road on the west.

Jacques, who has carried the village fight for the park in the village and township for half, will negotiate with the highway department for the land.

According to Jacques, the state highway department indicated a willingness to part with this land since it has recently been determined that the Detroit-Toldeo expressway would not be routed through Novi.

Instead, the north-south highway will be routed through the Farmington township half of Haggerty road.

The highway department outlined two minor reservations. Jacques for council consideration.

It wishes to add a third lane to the west-bound side of I-96 near the Novi road overpass to take care of increased traffic from the proposed highway and also to reserve the right to make improvements on the ramp leading onto Novi road.

The park issue has been before the village and township for a long time. It began when Mrs. Mary Power died in late 1957 and willed that her 300-acre farm 10 miles and 1/2 miles from Novi, be sold in honor of her children, Ella and Louise Power.

But despite the sale of the land and the remainder of the money, \$62,285 — was turned over to the Novi Conservation Department's development office Novi was blocked by action of Representative J. James Clark.

A long battle between the conservation department and Novi ensued, but ended in a stalemate.

Within a short time — possibly two weeks — the council will receive the decision of the highway department, Jacques said. From recent developments, "I think that we might expect a positive reply," Jacques noted.

In other business Monday night the council also appointed members to the planning board. Joseph Dumabeac and Arthur Henney were appointed to the board while Frank Mack was the only new member appointed.

Turning to other matters, the board adopted two resolutions and discussed the question of sewer easements. One resolution provides that the National Bank of Detroit will be the paying agent for the village for bonds in special assessment.

It's 23.83 Mills School Board OKs Tax Rate

Novi school district will receive a millage rate increase of slightly less than four mills when tax rolls around in December.

The hike is "as advertised" last April 1 when voters approved the \$985,000 bond issue for construction of a new secondary school building.

At last week's meeting board members approved a total tax levy of 23.83 mills against state equalized valuations.

Of this total 15.33 mills is earmarked for operating expenses, while 8.5 mills is for building.

Specifically, Culbert proposed to replace two of the system's oldest buses — 1954 and 1955 models — with one new, larger bus. The number of buses will be reduced to five and two runs previously made by the older buses will be made by the new, 66-passenger bus.

The superintendent stated that the operation could be conducted more efficiently and more economically.

It was also reported that the school's bonding attorneys had approved the list of the brokerage firm of Merrill, Lynch, Pierce, Fenner and Smith on the sale of the \$985,000 building bonds. The interest rate on the bonds is 4.5 per cent, lower than both the 1957 and 1958 bond issues. Culbert noted the reduced rate would amount to thousands of dollars in savings during the 25-year retirement period.

In final business the board reviewed plans for the new secondary school as submitted by the architectural firm of O'Dell, Hewlett and Luckenbach. Completed drawings will be submitted for board approval on July 24.

It is anticipated that advertisements for bids to construct the building will be submitted in August.

After the All Star game, league play will resume.

The firm will employ 25-30 persons, Anger said.

Outboard Motor Stolen

An outboard motor was stolen from a boat docked behind a cottage at Walled Lake on Tuesday morning.

It was stolen from Hiram Tackett of Southfield who had borrowed it from a friend, police reported. He did not know the serial number.

Police said that the 16-horse motor was stolen from the cottage at 721 South Lake drive by somebody in another boat. The motor was not locked onto the boat, police added.

Police Chief Lee Begole cautioned motor owners to make sure their motors are locked to the boat and that they have the serial numbers for identification.

He added that recently many motors have been stolen from inland lakes.

Whoever heard of rain-stealing turtles?

Well, the Tuesday drizzle was enough to discourage the conservation department's annual turtle race.

The prize-packed event has been rescheduled for tomorrow morning (Friday) at 9:45 at Ford Field.

The tilt, which is billed as a tough contest, is between the cream of the crop in both little leagues, should prove one of the top athletic attractions of the year in the Novi area.

Top pitchers in the league, ranks of the Eagles comes

blocked by the new overpass.

The building, a \$140,000 project, is being constructed by Benelcke and Krue, developed

in early September.

Little League All Stars Set for Tuesday Game

A star-studded array of Novi Little Leaguers will take the field next Tuesday at Bond school in Farmington when Novi meets Walled Lake.

The game will get underway at 5:15 p.m. on school diamond number one at the corner of 13 Mile and Orchard Lake roads.

The tilt, which is billed as a tough contest, is between the cream of the crop in both little leagues, should prove one of the top athletic attractions of the year in the Novi area.

Top pitchers in the league, ranks of the Eagles comes

blocked by the new overpass.

The building, a \$140,000 project, is being constructed by Benelcke and Krue, developed

in early September.

Because of recent reports that shortages also occur in communities supplied by Detroit water, I talked this week to the city manager of Farmington. He acknowledged that the cost was up approximately 40 per cent, but reported no pressure problems or shortage and noted the advantages of soft water. Farmington has been a Detroit water customer for two years.
