

Council Eyes Plans For Beck Road Paving

Plans, and estimated costs for paving of one mile of Beck road, between Grand River and 11 Mile road, were introduced by the village engineers and presented to the council Monday evening.

The plans were prepared by the village engineers and presented to the council Monday evening. The council learned that the total cost of the project is about \$36,000.

Recently, the council learned that the total cost of the project is about \$36,000. The council has approved the plans subject to several conditions related to placement of a county drain across Beck road.

Meanwhile, Ackley is investigating the possibility of obtaining either state or federal aid or both to help offset the cost of the proposed Beck road improvement or any similar project that the village may decide to undertake.

ANOTHER SALE - Another motorist stops in the heart of Novi to buy a Goodfellows newspaper. Goodfellows newspaper sales last week, both in Novi and in neighboring Wixom, reportedly were once again big successes - as was the venison barbecue staged at Duke's Tavern for Novi Goodfellows. Proceeds from the sales will be used to purchase food, clothing and gifts for needy families of the two communities.

'Messiah', Services Hail Christ's Birth

Performance of the 29th Messiah will highlight Christmas programs here Sunday as area churches signal the birth of Christ in words and music.

A 40-voice community choir will present the traditional Christmas season oratorio at Northville's First Presbyterian church.

Six of the group will be taking part in the 29th Messiah. They are Director Leslie Lee, Mrs. Lee, Carol Bryan, Russell Amerman, Mary Kissel and George Lockhart.

Featured soloists will be music majors from the University of Michigan, including Grace Hanninen, soprano; Mary Ellen Henkel, contralto; Dan Pressley, tenor; and John C. Henkel, bass.

Accompanists will be Sam Chizmar, organist, and Kathleen Bosh, pianist.

The performance will begin at 7:30 p.m. and is open to the public free of charge. A collection will be taken to defray costs.

CURTAIN GOING UP - One stage and ready for the curtain to go up, these Novi school students are to sing the 29th Messiah, December 21, 1963.

Bids Top Agenda Of School Board

Contracts were awarded on school equipment. Four bids on "telescoping" bleachers for the new junior high school gymnasium, opened in at last week meeting, were turned over to the architect for review and recommendation.

The base bids and the bidders: Clyde Bickel company, \$1,177; Schreiber Sales company, \$3,588; Michigan School Service Inc., \$3,311.30; and University School Equipment company, \$4,480.

Other action by the board last week included a vote to allocate \$200 for purchase of playground equipment for Orchard Hills school. The vote was prompted by an offer of science equipment on the basis of its low combined offer of \$18,500.

Broadhead Garrett Co., which was awarded the shop equipment contract on the basis of its low bid of \$9,016.

Speaker & Associates bid on the library and science equipment. Both bids on each separately, but with its bids, which were already in, Classroom Inc. indicated that if it were given both contracts it would furnish the equipment for \$18,500.

Individual bids by Classroom included \$11,220 for library equipment and \$7,675 for science equipment.

Bidding on Broadhead on the shop equipment were Howard & Smith and Technical Equipment company. Actually, Broadhead's original bid of \$10,516 but because of the consultants recommended some items be eliminated the firm lowered its bid as did the other two bidders.

On the matter of insurance for Orchard Hills school, the board accepted the low offer of Michigan Mutual for \$70,180 annual premium. Auto Owners Insurance company was just one penny higher, while Hartford Insurance company turned in an annual premium bid of \$76,822.

In awarding the bid, the board authorized the superintendent to continue checking the possibility of adopting a PIP insurance plan (Public Institutional Property) for all district-owned or authorized Novi school facilities. Under the plan, which is not available.

City, township and village officials have announced that all electors who have not voted, continued their registration, reinstated their registration or recorded a change in address within a period of two years will be reminded to do so.

The notices will warn these voters that their registration as a qualified voter will be cancelled "unless you apply for a continuation within 30 days from this date."

Car-Truck Crash Kills 2 on X-Way

Two Dearborn men were killed early Monday morning in an auto-truck accident on a 1.56 expressway about one-half mile east of South Hill road near Wixom.

The tragedy occurred on the same section of highway in which four men were killed in a similar collision last month when their car struck the rear of a parked trailer truck.

Monday's disaster occurred as both car and truck were traveling west on I-66. State Police determined that the auto was moving about 65 miles per hour when it smashed into the rear of the truck moving at approximately 50 miles per hour.

The driver of the automobile, Norman Alfred Burghard, 22, and his passenger, Stephen Martin Gillespie, 21, both of Dearborn, were pronounced dead at the scene by Oakland county medical examiner, Dr. W. C. Gibson.

Norman Ely Hagen, 36, of Detroit, who was driving the truck, was not injured, but his vehicle was loaded with 50 tons of steel.

Members of the junior, junior high, and senior high fellowships at Willowbrook Community will be caroling at 8:15 p.m. Sunday.

Rev. Peter Tonella, vicar of Holy Cross Episcopal Church, announced plans for a Christmas Pageant to be held Monday at 7:30 p.m.

The pageant will be staged by children of Holy Cross, which meets weekly at Orchard Hills school in Novi, one block south of 10 Mile road.

The Rev. Paul Barnes, pastor of the Novi Baptist Church, located at the corner of 11 Mile and Traf, roads, announced that the Sunday School class will present a Christmas pantomime at 9:45 a.m. Sunday.

At 7 p.m., the young people of the church will present a Christmas play titled "A Gift of the Christmas Child" in the sanctuary as a dramatic presentation for Christmas by Dorothy Clark Wilson.

Woman's Club to Hear Ex-Teacher

Talk on Holy Land Set

An exciting trip to the Holy Land at Christmas is in store for members and guests who attend the annual Women's Club Christmas Tea program tomorrow.

The tea, which will be held at the library building tomorrow afternoon, honors new members of the club.

Mrs. Ralph MacCallen of Detroit will present a program entitled "Christmas in the Holy Land." In 1953 she spent 11 days in the Holy Land, Jerusalem and she spent Christmas Eve in Bethlehem.

Involvement from the social studies department of the Detroit board of education after a 24-year teaching career, she specializes in the field of government, history and geography.

Because traveling is an ideal way to make such fields of interest more graphic, she and her husband, Ralph MacCallen, began a trip around the world upon his retirement in 1954.

For eight months the couple visited 35 countries in four continents, traveling 32,000 miles by plane, helicopter, boat, train, car, bus, elephant and camel. That doesn't include about 1,000 miles of walking.

Daughter of a Danish pioneer minister, she is a college graduate with an M.A. in political science, an officer in the Scandinavian Symphony Society and its women's organization and president of a political club.

Born in Michigan, she knew no English until she went to public school at age 9. She spoke only Danish until then.

This woman, who has been featured in a long and distinguished teaching career in 1956, and who has lived in a small house, calls four states her home.

Her husband is the former secretary-manager for nearly 27 years of the Associated General Contractors of America, Detroit Chapter, Inc. He is also present active with the Boy Scouts movement, chairman of the activities committee of the Sunset District, and he is secretary of the Association Executives of Metropolitan Detroit.

"Christmas in the Holy Land" will be presented by an outline of the approach to the Holy Land and charts will be displayed with souvenirs including a "salty" stone from the Dead Sea. She also will read the Bible and discuss "Christmas in the Holy Land" to 1953 she spent 11 days in the Holy Land, Jerusalem and she spent Christmas Eve in Bethlehem.

Winter to Bow In

Winter will officially begin bright yellow star, Capella, rises in the northeast soon after sunset.

"The Pleiades, followed by the rest of the constellation Taurus, rises at about the same time as Capella. Taurus is symbolized by the great letter alpha with its orange star, Alderamin, at the end of the lower prong.

"The winter constellations center mostly around Orion with his two hunting dogs and the hare below him. Those who devised the constellations evidently intended to depict a hunting scene with the dogs pursuing the hare, and it in turn crouching low close to Orion seeking his protection.

"Sirius in the figure of the Greater Dog (Canis Major) is the brightest of all stars. It is easily identified by extending a line downward through the three belt stars of Orion. From time immemorial, Sirius has been watched, admired and revered, rising as it does in the early evenings around Christmas time."

A CHRISTMAS SEASON BIRTHDAY might seem inconvenient at first thought. Not so, though, in the family of the Rev. George Jerome. The Jerome family stars the 19th of December (today) each year to make father's birthday the official opening of a tradition-filled holiday season.

"Tonight the entire family stays home, refusing all engagements, Mrs. Jerome relates; and instead of "shooting it under the rug" the birthday becomes a tree-trimming party.

The tree trimming itself is an important tradition in the Jerome family. Every year each of the children selects an ornament for the tree, which is labeled with his or her name. These will be taken to their first homes when they marry.

Mrs. Jerome likes to observe her five children's selections: Jane's are big; John chooses artistic "gems"; collegian Philip looks for bargain assortments; David's are plain but bright; and four-year-old Nancy, selecting for the first time, picked a fish-shaped ornament!

It was six years ago that Mrs. Jerome culled the ornament-buying idea from a magazine. Her family's enthusiasm led to its adoption by another Northville family — the A. E. Joneses. Their three children are continuing the tradition this year. Eldest daughter Carl already has arrived from Michigan State for the Christmas holidays.

A SIMILAR SUPPLY OF ORNAMENTS is being accumulated by Mrs. George Wages, who yearly selects ornaments for her three grandchildren and labels them with the child's name and the year.

The Weisses are hoping to deliver the 1963 ornaments in person the week-end after Christmas, when they plan to visit their daughter and her husband, the Shelby Harringtons, in Buffalo. Another daughter, Barbara, expected here Sunday from Wyoming where she has been teaching. Son Charles ("Tim") is home from Michigan State college.

CHRISTMAS TRADITION revolves around food at the Carl W. Stephens home on Norton street.

"It wouldn't be Christmas if we didn't have mince-meat pies," Mrs. Stephens exclaims. The pie she and her mother, Mrs. Joseph Denton, make are individual ones. They even make their own mince-meat — from a recipe more than 100 years old. The English tradition is that every little pie eaten insures a happy month to come. And Mrs. Stephens confides that each year many, many month-pies are quickly consumed.

Since former Northville Police Chief Denton and Mrs. Denton are English, it is only natural that many family traditions are from the British Isles. Another is the plum pudding which they annually serve flaming with brandy sauce. Mrs. Denton and Mrs. Stephens both are fruitcake and cookie bakers. This year Mrs. Stephens lost count of the exact number of cookies she baked to give friends, but it was between 100 and 150 DOZEN.

The Stephens' children have another Christmas ritual: both Carl, 13, and Mary, 10, hang up special stockings (made by a family friend) for Santa to fill. The family has a collection of movies to remember this event.

ART AROUND US

by Jessie Hudson

Christmas is a good time to buy art. The galleries around here wider than usual. Collectors to choose from. Instead of the work of one artist you can run the gamut of many styles — one of which is sure to please.

The Little Gallery at 915 East Maple in Birmingham has chosen to go Oriental this year. They offer scrolls, wood carvings, tapestries, ceremonial robes, antique dolls and, of course, wood block prints from Japan, India and Thailand, too, are represented with sculpture, miniature paintings and suris, even Open Tuesday through Saturday from 9-6. This Far Eastern collection remains until the 26th.

The Artists Gallery, 335 Nichols Arcade, Ann Arbor, to the west of us has water colors and oils by Cella Kelly, teacher in Ypsilanti schools. Mrs. Kelly has "Impressions of Land, Sea" as the theme of this current show. This upstairs gallery shows from 10-6 weekdays and from 10-2 on Saturdays.

While in this fascinating art scene, from Maynard street to State it is always rewarding to climb one flight of broad stairs to The Forsythe Gallery. This is a fine collection of artists (mostly professors at the U. of M. and Eastern Michigan university) are featured Christmas. They also have some prints and some art collected in Europe and Mexico. Prices are rather high here but so is the quality. Hours are 10-4 weekdays, 10-2 on Saturday.

Prices are much more reasonable but the quality still good at the Hartley Powers Gallery, 116 E. Main street, Northville. Mrs. Powers has a fine collection of art and ceramics. Also some very scenic paintings which are well represented in painting and sculpture.

The Hickory Hills Pottery Club is having its Christmas party at the Al Cavallero home on Lakeside.

Brownie Troop No. 656 under the leadership of Mrs. Earl Madary, is busy getting ready for craft projects. They have increased their membership from 42 to 26. There is an invitational for the new members on November 25.

They have also enjoyed a cocktail at the George Spencer home on Pontiac trail. The Brownie leaders wish to thank

Christmas is a good time to buy art. The galleries around here wider than usual. Collectors to choose from. Instead of the work of one artist you can run the gamut of many styles — one of which is sure to please.

The Little Gallery at 915 East Maple in Birmingham has chosen to go Oriental this year. They offer scrolls, wood carvings, tapestries, ceremonial robes, antique dolls and, of course, wood block prints from Japan, India and Thailand, too, are represented with sculpture, miniature paintings and suris, even Open Tuesday through Saturday from 9-6. This Far Eastern collection remains until the 26th.

The Artists Gallery, 335 Nichols Arcade, Ann Arbor, to the west of us has water colors and oils by Cella Kelly, teacher in Ypsilanti schools. Mrs. Kelly has "Impressions of Land, Sea" as the theme of this current show. This upstairs gallery shows from 10-6 weekdays and from 10-2 on Saturdays.

While in this fascinating art scene, from Maynard street to State it is always rewarding to climb one flight of broad stairs to The Forsythe Gallery. This is a fine collection of artists (mostly professors at the U. of M. and Eastern Michigan university) are featured Christmas. They also have some prints and some art collected in Europe and Mexico. Prices are rather high here but so is the quality. Hours are 10-4 weekdays, 10-2 on Saturday.

Prices are much more reasonable but the quality still good at the Hartley Powers Gallery, 116 E. Main street, Northville. Mrs. Powers has a fine collection of art and ceramics. Also some very scenic paintings which are well represented in painting and sculpture.

The Hickory Hills Pottery Club is having its Christmas party at the Al Cavallero home on Lakeside.

CHRISTMAS TRADITION revolves around food at the Carl W. Stephens home on Norton street.

"It wouldn't be Christmas if we didn't have mince-meat pies," Mrs. Stephens exclaims. The pie she and her mother, Mrs. Joseph Denton, make are individual ones. They even make their own mince-meat — from a recipe more than 100 years old. The English tradition is that every little pie eaten insures a happy month to come. And Mrs. Stephens confides that each year many, many month-pies are quickly consumed.

Since former Northville Police Chief Denton and Mrs. Denton are English, it is only natural that many family traditions are from the British Isles. Another is the plum pudding which they annually serve flaming with brandy sauce. Mrs. Denton and Mrs. Stephens both are fruitcake and cookie bakers. This year Mrs. Stephens lost count of the exact number of cookies she baked to give friends, but it was between 100 and 150 DOZEN.

The Stephens' children have another Christmas ritual: both Carl, 13, and Mary, 10, hang up special stockings (made by a family friend) for Santa to fill. The family has a collection of movies to remember this event.

Grosse Ile Trips Local Grapplers

Injuries knocked the center, who was a three-point devils Mustangs out of contention. Although he suffered on Thursday in a wrestling match with Grosse Ile here as the local mainmen were tripped up, 32-15.

Out of commission with an injury were Dave Kerr, an undefeated 165 pounder and Jerry Burns, who is the Mustangs' stellar heavyweight.

Kerr sustained a mouth injury when he was hit with an elbow in practice. Burns pulled a muscle in a previous meet with North Farmington.

Even in a winning cause, one Northville mainman was injured and will be out for one week. He was Captain Bob Steep-

Nip Holly But Choke on Rocks

The youthful Northville Mustangs ran the basketball game the past week end.

They won a thriller Friday night against visiting Holly, 63-62, as Lance Hahn converted a last second free throw to provide the margin of victory in a hard fought tussle.

A taller, all-center Plymouth squad then took complete advantage of Northville's inexperience Saturday night as the Mustangs were with ease on their home court, 82-35.

Northville hit its peak Friday night against visiting Holly, 63-62, as Lance Hahn converted a last second free throw to provide the margin of victory in a hard fought tussle.

A taller, all-center Plymouth squad then took complete advantage of Northville's inexperience Saturday night as the Mustangs were with ease on their home court, 82-35.

Northville hit its peak Friday night against visiting Holly, 63-62, as Lance Hahn converted a last second free throw to provide the margin of victory in a hard fought tussle.

Colts Split Pair In Weekend Tilts

The Northville Colts, like their varsity mates, split a pair of weekend encounters, trouncing Holly Friday, 45-24, then taking one on the chin at Plymouth, 54-38.

The taller Colts got off to a quick 11-3 first quarter lead against Holly and coasted the rest of the way to win by a comfortable margin.

Holly managed only five shots during the first quarter, hitting on only one and a free throw.

Northville increased the margin during the second period to lead by five at halftime with a 25-9 lead.

Pacing the special attack were Steve Evans with 14 points and Mike McLean with 9.

The JV's superiority was evident in the statistics as they outshot Holly, 17 to 10 in 23 and 41 attempts, respectively.

The Plymouth fray was another story.

Northville found itself lagging at half-time, 30-17 as Plymouth's junior varsity utilized a running game to mount the lead.

Sparked by Evans, the Colts made a second half bid, but Plymouth clung to its lead to win.

Four fouls racked up early by Evans and John Jameson in the first half stymied the Colts' attack. Dick McLean scored seven points in the final stanza to make the score respectable.

Evans again capped scoring.

Frosh Hit Two Game Win Streak

After their opening game setback, the Northville freshmen bagers bounced back with two wins last week to establish a 2-1 early season record.

Northville preserved a nine point half time margin on Wednesday to edge Milford, 35-32, then played its best game of the season in defeating a taller Plymouth quintet Friday, 47-35.

Both games were played on the road.

Improved defensive rebounding and good passing and shooting enabled the frosh to dent the Milford zone in the first half for a 25-16 advantage.

But the local frosh hit a few snags in the second half as the Redskins came on with a rush.

Northville had difficulty moving the ball up court against a Milford press. In addition, the local cagers couldn't hit consistently from the field or at the free throw line.

Slowing the attack also was the absence of three of the frosh starters, who sat out approximately six minutes of the second half with four fouls apiece.

Leading scorers for Northville were Dick Crawford with 12 and Glen Diebert with 10 points.

Mustangs Hit Peak, New Low in Double Bill

Northville hit its peak Friday night against visiting Holly, 63-62, as Lance Hahn converted a last second free throw to provide the margin of victory in a hard fought tussle.

Three field goals each, led the local attack as Northville went out front at the half, 33-29.

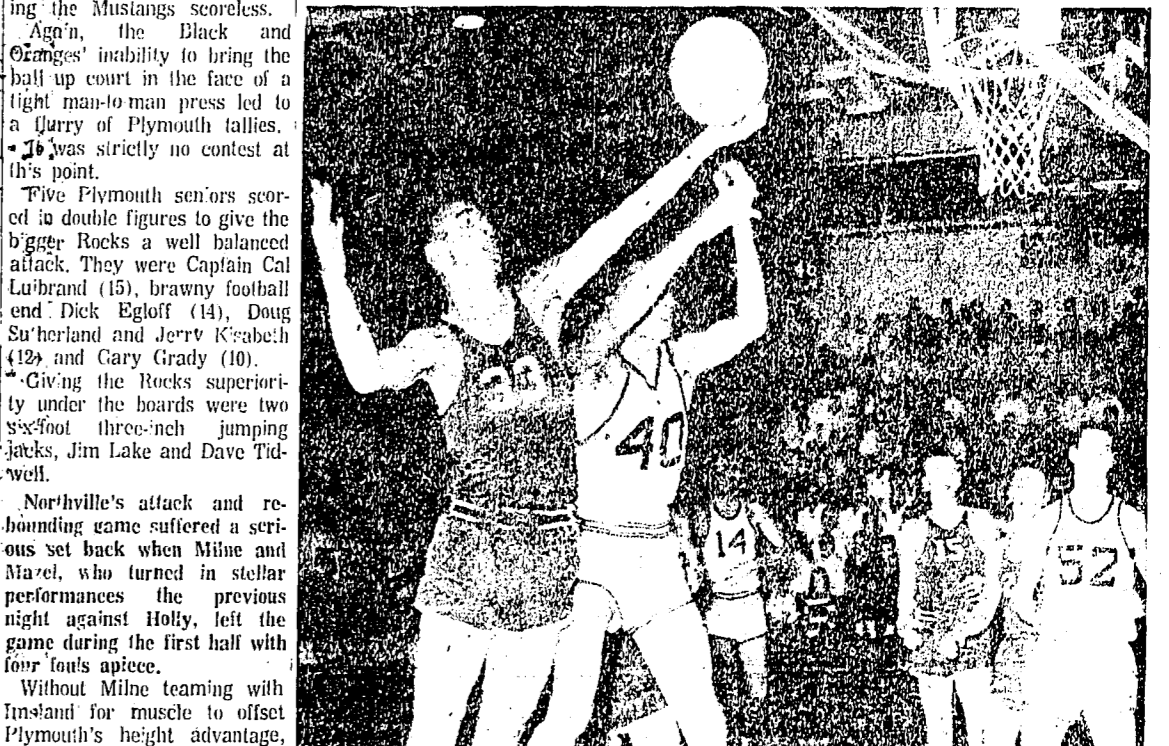

Northville jumped to a 10 point advantage at the outset of the second canto, closing the period with a 48-38 lead.

Agah, Mazel nailed a two-pointer at the close of the quarter.

Holly took the initiative in the last quarter as it pressed the local five, and its shots were on target. Inland's fifth foul with four in mates remaining hurt the Mustangs under the boards.

Bennett led the game at 20-14 with a minute remaining.

The stage was thus set for Mazel's field goal and Hahn's

A WEE BIT LATE — Forward Jim Mazel (40) moved in fast for the rebound, but it was swept out of the air by a Holly cager. Mazel, however, led the Mustang scorers with 18 points. Watching the action are Mustangs Lance Hahn (14) and Rick Milne (52).

Trojans Await Northville Clash

Next opponent on tap for the Northville Mustangs are the Trojans of Clarencville, the day, polished off Northville.

If the Mustangs hope to win, it will have to be beat the Trojans' height advantage.

Northville lost its momentum and almost all chance for a comeback.

Northville opened fast and stayed on Plymouth's heels through the first quarter, trailing by only 15-10.

Plymouth, with superior depth, however, rushed the local five into mistakes and began its domination in the second period. Still, Northville was in contention, 13 points behind at half time.

Then came the third quarter, who had nine.

Although Mustang Mentor Longridge cleared the bench in the last period, a few of Plymouth's regulars remained in the ball game throughout to preserve its advantage and to extend its lead.

Northville now stands 1-3 for the young season.

The virgin birth of Christ
Jesus will be explained in this
Sunday's Bible Lesson at all
Christian churches.
Readings from the Bible will
include the angel's message to
Mary: "The Holy Ghost shall
come upon thee, and the pow-
er of the Highest shall oversha-
de thee; therefore also shall be
born of thee that which shall be
called the Son of God" (Luke 1:35).
From the Christian Science
textbook, these lines will be
read: "The illumination of the
world has been crowded out of
such a man in the gospel of
Luke. This man of great
wealth, who was a Pharisee,
might have a claim on every
human life. This particular
fellow had been so busy pre-
paring to die that he had not
time to be dedicated to the
service of God. The Lord
said to him: 'And I will say
to you, Soul, that thou hast
not here today, and thou wilt
leave it behind thee. How
often thou desirest to be
dedicated to the service of
God, and thou dost not do it.'
(Luke 14:18-20)."

God's Forgotten Son
The story is told about the
Sunday school teacher who
asked one of her pupils to
quote John 3:16. The young-
ster proceeded thus: "For
God so loved the world that
He gave his only begotten
Son." To this child, who
had heard the verse recited
by others, the word "begot-
ten" sounded like "forget-
ten." However, unwittingly,
this young Sunday school
pupil had touched upon an
important truth regarding
the relationship of men to
the one true God and Jesus
Christ. His young, untried
son, to many, Jesus Christ
is God's "forgotten" Son,
for they seldom think about
Him except possibly for an
hour or so each year during
the Christmas and Easter
seasons. The following are
several areas in which our
Lord has become the "for-
gotten Son of God":
1. Forgotten in Personal
Life:
Some men live as though
they plan to reside on earth
forever. Their thoughts and
ways are centered around
a materialistic philosophy
of life. Such men live as if
they were captives of their
own souls and master of
their own fate. The Lord
Jesus Christ means little or
nothing to such men. They
plan their lives, filling every
moment with selfish inter-
ests and ambitions un-
related to the end of the
realizing it has been empty
and devoid of meaning be-
cause the illumination of the
world has been crowded out
of such a man in the gospel
of Luke. This man of great
wealth, who was a Pharisee,
might have a claim on every
human life. This particular
fellow had been so busy pre-
paring to die that he had not
time to be dedicated to the
service of God. The Lord
said to him: "And I will say
to you, Soul, that thou hast
not here today, and thou wilt
leave it behind thee. How
often thou desirest to be
dedicated to the service of
God, and thou dost not do it."
(Luke 14:18-20).
2. Forgotten in Church
Life:
At first glance, this ap-
pear to be a strange state-
ment. How could Christ be
forgotten in churches? Any

A VERY MERRY CHRISTMAS

and a bright New Year . . . from all of us at Michigan Bell

ONE YEAR AGO

December 20, 1952 —Military funeral services were conducted Saturday afternoon at 10:30 a.m. at 201 Fairbrook, a well known Northville resident.

He died December 12 at 3 p.m. —A new ice skating site for Northville youngsters was being prepared this week by the city.

—First returns from the community-wide residential appraisals for Northville's new Scout-Recreation building have totaled the total by approximately \$400.

—Northville township clerk Marguerite Northrup reported this week that four candidates have now officially filed petitions for the township's spring election.

They are: Alex M. Lawrence, incumbent; Dr. Johnson, GOP; Mrs. Northrup, incumbent; and Mrs. Daniel R. Brown, GOP candidate for trustee.

—Estimates of whether the city of Wilson will service Marjorie Avenue — or any other "private" roads — will have to wait for some time, it was indicated last week.

City Attorney Gene Schmitt explained to the council last Thursday night that the State attorney general's ruling on the matter of "private" roads is not yet final.

—A new 21-story office building was under construction in Northville last week, according to reports to The Record.

—Northville came a step closer to its \$750,000 post office building when Roy LaFond, Detroit area inspector, looked over the 11 sites which have been offered for sale to the new high school project.

—Earl Chappell, bowling a 224, carried off high honors at the second period of competition for high scores prizes given by Albert Schlegelberger.

—Official steps were taken by the council to place the way for a February 16 election for sale of \$300,000 in general obligation bonds for the new high school building.

OUT OF THE PAST

The board being unable to pass on Resolution No. 1 and 2 until a new petition is obtained, Trustee Robinson moved that the assessment district be changed, Supervisor Merriam advised the board that the assessment district had been adopted by the board at a meeting held on July 3, 1953, would have to be rescinded, it would be necessary to describe the Assessment District adopted.

Years: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

4. Supervisor Merriam took up discussion of item No. 4 on the agenda, advising that Mike Allen had asked him to approach the board, asking for their consideration. The matter was tabled.

No further business. Supervisor Merriam adjourned the meeting. Meeting adjourned at 5:30 p.m.

SPEAKING for The Record

By BILL SLIGER

These post-tragedy days have given rise to numerous articles reminding us of the need for tolerance, understanding and consideration for others and their beliefs even though they may not coincide with our own.

We have been implored to make ourselves aware of all the facts, then take the position by reason of evidence that we hold to be most important to our own standards of living.

It may be that it's been a long year, newspaperman's cynicism or blindness, but I see little evidence of tolerance at the level from which it must emanate to oil the whole machine.

And looking up the ladder, the strength of certain organizations in our modern society is fostered by the disdain with which members hold their adversary a misnomer, which has run the gamut of definition.

It is surprising how adept we are at criticism and how clumsy with praise. The faults we find in others usually arise from personal, petty grievances that become magnified through argument. Often they remain within us as cancers breeding hatred.

We are blinded by our own frustration, hurt feelings.

If we, as individuals, cannot control this bitter emotion, how can we be expected to do so as a nation? Has it not been proven that one individual can change the course of the world?

Though it may be minute in the vastness of the globe, a start in our own daily lives may create a ripple and then a wave.

We could try. It could be our resolution for 1964.

Seven years ago, as new owner of The Record and Novi News, I set out to become acquainted with area businessmen, politicians and industrialists.

One of my stops was Paragon Bridge & Steel Corporation in Novi.

I asked to see the president.

The receptionist directed me down a long corridor past several offices in the neat and orderly Paragon office building. I entered the last office on the right and introduced myself to a dark, good looking man behind the desk.

He was Frank DePodesta, a human dynamo, a super salesman.

Although he was a busy man on a tight schedule, Mr. DePodesta sat and chatted with me for nearly an hour. Afterwards I realized that I had done most of the talking; that he knew everything about me and I, supposedly the inquiring reporter, little about him.

He was interested in my venture into business and he had some advice.

"Don't become lazy, keep working," he said as I left.

Simple and elementary, yes. But Mr. DePodesta lived by this code. He was a driver and he knew how easy it is to become complacent in business.

I have admired Mr. DePodesta since this first meeting. And I have tried to follow his advice. For a newcomer in business there is no better medicine for that nagging anxiety than work.

Paragon Bridge & Steel, our community and others, like myself, who knew Frank DePodesta mourn his passing.

His ambition and leadership leave examples that will live on.

Michigan Mirror State Aftermath To Assassination

LANSING — The almost unbelievable assassination of President Kennedy hit Michigan as it did each of the other states, much like a sharp blow from an axe.

At least one dozen persons drowned last year when they fell through ice in Michigan, state police reports show. The previous year winter water accidents claimed 17 lives.

State Police advice is to be very careful when driving on ice. It is frequently "worn" thin by underwater currents or breakthroughs may occur from surface pressure cracks, children notes.

There were 492 communities represented in the annual drawing for the 1964 Mayor Exchange of Michigan Week. During the 1963 event, each chairman has attempted to improve on the activities of the previous year.

Just as the real effect of the assassination probably will not be known for some time, the wisdom of these decisions by some Michigan politicians await future judgment.

Danger: Thin Ice. This is a warning which soon will be on many of Michigan's lakes, streams and ponds, but there will be no places where there will be no sign.

Snow clung to his black pointed shoes and his bikini-like leather jacket was stiff with cold when he climbed into the car.

"Got a sharp looking rod mister," he chirped. He blew into his red, cupped hands, flipped a cigarette into the cigarette lighter. "Days ever drug'er," he asked.

"Been standing out there long?" I asked, raising my voice to compete with the music. "Ya, 'bout an hour I guess. A guy would've been sily and most of those jerks wouldn't care. Like I get my hands on some of 'em."

"Do you live in Pontiac?" I asked. "No, back there where ya picked me up," he answered. "Where do you go to school?" "Don't go." "Quit?" "Look, mister, I'm a hitch-hiker not a travelin' elf."

Another no good teenager, I thought. Probably on his way to Pontiac to pick up a few bucks by banging some storekeeper over the head. Underneath his jacket he wore a white, soiled shirt open at the neck.

"It's Christmas ain't it?" he said, flipping the bill onto the car seat and slamming the door shut with a bang. He was lighting another cigarette as he turned after the policy is taken out, your

beneficiaries would receive payment in full. Later, you may want to change from straight twenty-year life to an endowment or some other policy; but not for your first year.

1. A Family. Whether or not you get married is none of my business. If, however, you are married, your first investment should be a family. The cheapest and best time to begin this is when you are young.

Advice for Beginners

ROGER BABSON

IN A recent column, I outlined four divisions of study for youngsters at home on vacation from college and considering the "electives" for their next term. These were English, Science, Physical Health and Religion (or Faith). That column should be carefully re-read for future reference.

2. Your Home. At the same time, it is important to locate your home in the right state. Thus, every one of our fifty states has its advantages and disadvantages; but it is most important that a young couple settle in a state suitable to their climate, business opportunities, and probable growth.

3. Life Insurance. After starting a family and getting located, you should take out life insurance. Take it when you are young, for several reasons — you can get a low premium, and you need it most then. I think a twenty-year straight life policy is probably the best for you.

4. Education of Children. I believe in savings bank accounts: every family should deposit at least 5% of their income in a state suitable to the education of their children. If you start when the children are young, it is surprising how savings accounts will grow with only a small but regular deposit.

5. Church Affiliation. The young couple who is trying to get along without active participation in some church is making a great mistake. I am not appealing for any special denomination; but the denomination in which you were brought up probably has a church near you. Be not content merely to attend it, but take an active part in its work.

6. Early Companions. You can "select" your children's playmates and friends as they grow up. This is something which is very important and should be carefully studied and watched.

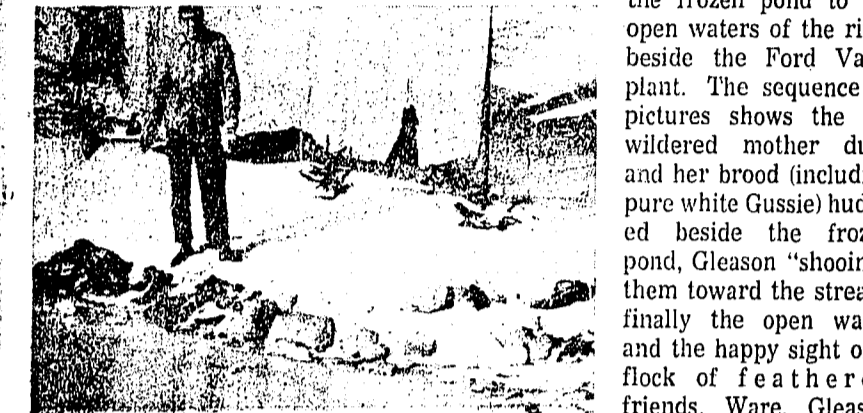

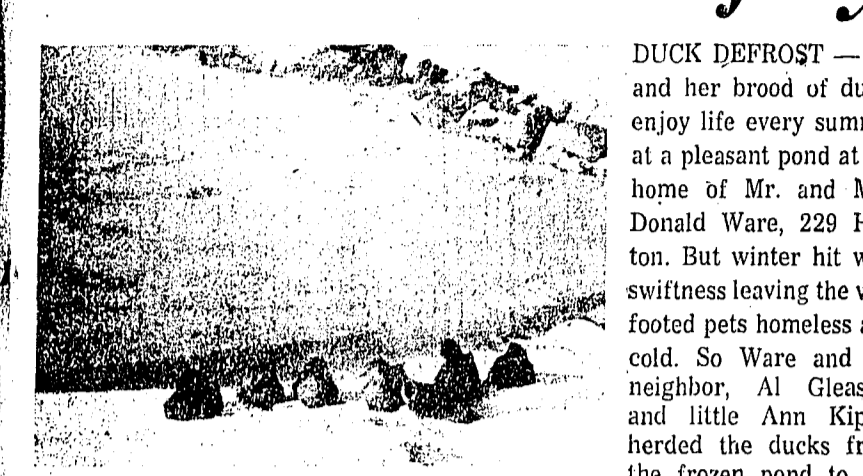

7. Home Influence. Instead of letting your children go out to too many parties in other homes, encourage them to have parties in their own home where you can largely determine who should be invited. Do not be too rigid about it.

8. Guidance. Experience teaches me that money spent guiding your children will be well invested; but this must be done very carefully without trying to force them into any definite social group or any line of endeavor. In short, your most important investment will be the Time and Thought given to your children — and not money! Your children's love or interest or friendships cannot be bought.

Feathered Friends 'Shoo-ed' to Safety

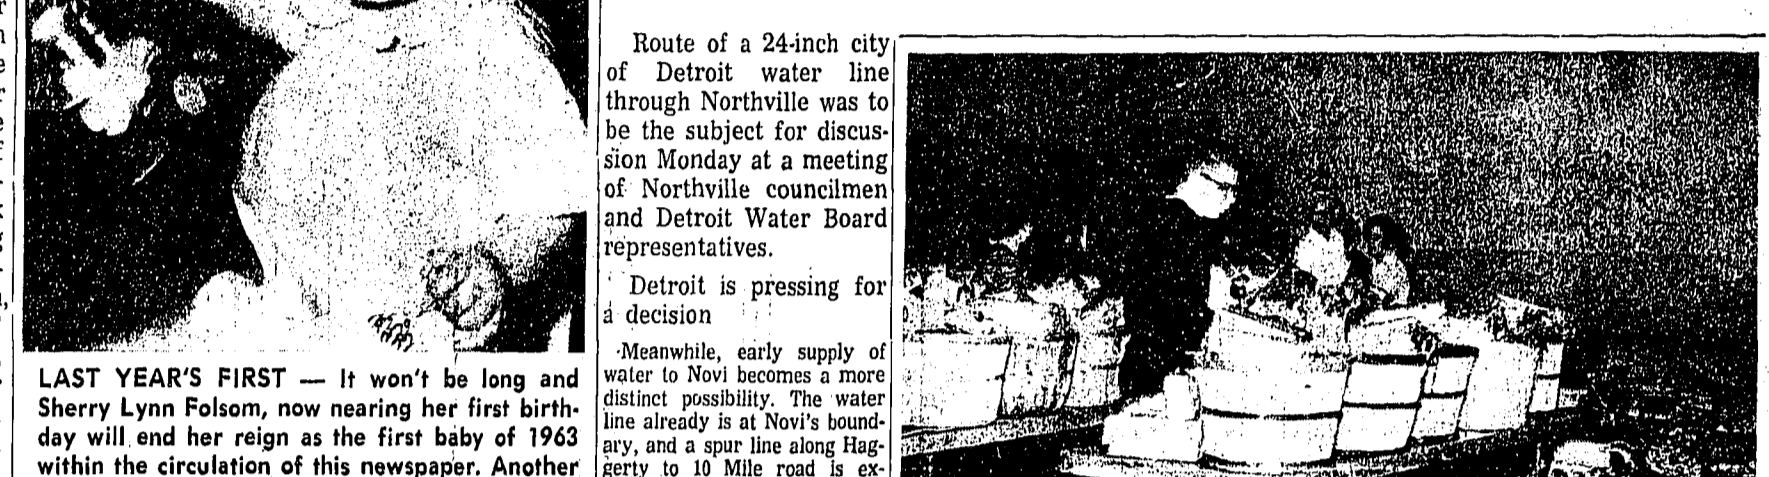

DUCK DEFROST — Liz and her brood of ducks enjoy life every summer at a pleasant pond at the home of Mr. and Mrs. Donald Ware, 229 Huton. But winter hit with swift feet and homeless and cold. So Ware and his neighbor, Al Gleason, and little Ann Kipper herded the ducks from the frozen pond to the open waters of the river beside the Ford Valve plant. The sequence of pictures shows the bewildered mother duck and her brood (including pure white Gussie) huddled beside the frozen pond, Gleason "shooting" them toward the stream, finally the open water and the happy sight of a flock of feathered friends. Ware, Gleason and Ann bade farewell until another spring.

Northville Studies Plan For Water Line Route

Route of a 24-inch city of Detroit water line through Northville was to be the subject for discussion Monday at a meeting of Northville councilmen and Detroit Water Board representatives.

Detroit is pressing for a decision. Meanwhile, early supply of water to Novi becomes a more realistic possibility. The water line already is at Novi's town line, and a spur line along Hagerly to 10 Mile road is expected to be constructed soon.

Goodfellows BRIGHTEN CHRISTMAS — Nearly 100 bushels of food and numerous boxes of toys and clothing were distributed by Novi Goodfellows this past week — just before Christmas — to needy families of the community. The Christmases of these families was made a little brighter — thanks to the many who purchased copies of the Good-fellow edition of The News.

Monday noon, December 30 will be the deadline for all news and advertising copy for the New Year's edition of The News.

Anyone wishing to submit copy for publication in this edition should do so as early as possible, open Saturday afternoon 9 a.m. The telephone number is FI-9-1700.

Prizes Await First '64 Baby

Little Sherry Lynn is just now learning to walk by herself, but in a few days she will relinquish a distinguished title that she's had for nearly an entire year.

The Novi baby, daughter of Mr. and Mrs. David Folsom of Willowbrook subdivision, was the first baby born to local area parents in 1963 and thus becoming the winner of the Record-News annual First Baby contest.

Rules for entry in the First Babies was in 1959. In that year Danny Rolph was the son of Mr. and Mrs. George Rolph of Novi.

Sherry Lynn's parents were born in Novi about four and a half years. She has a three-year-old sister, Barbara.

Roger Babson's Forecast

Johnson Will Defeat Nixon in '64

BABSON PARK, MASS. — I make this forecast as I believe it is a fair and honest prediction of the outcome of the 1964 Presidential election. I am not a prophet, but I am a realist.

Johnson will secure the nomination of the people.
