

DANCE RECITAL - The dance students of Mrs. Pamela Stoeper will give their recital at 7:30 p.m. Saturday at the Northville high school and next Thursday, June 8, at the Hawthorne Center. Here, dancers (l-r) Stacey Schaefer, Deniece Bidwell, Betty Jo Terry and Susan Heckler go through their ballet poses.

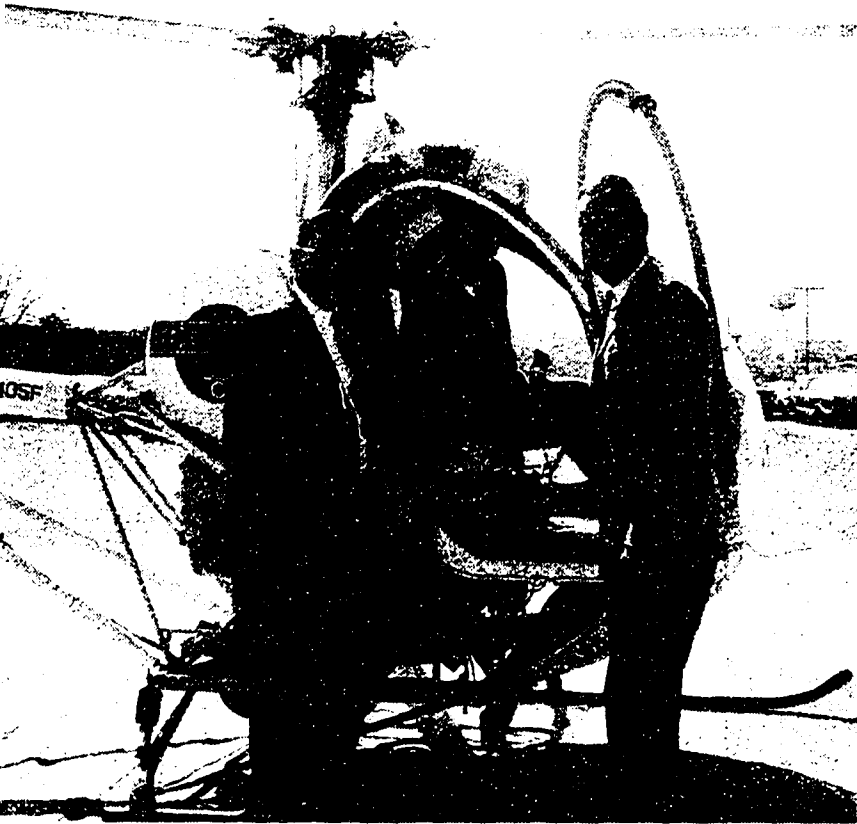

POLICING UP - The Northville police department got into the beautification swing last week. The whole force pitched in—during off hours—to paint police headquarters, downstairs of the city hall building. Here, Officers Earl VanCise and Roger Buekema (on the ladder) give the interrogation room a new, light green coat.

MORE BEAUTIFICATION - An other significant step in the long list of beautification programs sponsored during the recent beautification campaign was the planting of Northville's official tree—the flowering crab along the Northville road boulevard by the VFW Post. Several were planted there last week. On hand were Donald Wilbur, Harry Webster, Ray Paquin, VFW commander, Mark Suddendorf, Robert and Ray Green, Neil Suddendorf, Joe Wilbur, Doug Webster, Jerry Rotta, Pack 72 Cubmaster, and Chris Rotta.

OFF TO EXPO - Packed and ready to go, these five Girl Scouts and their leader, together since Brownie days, left Friday together with other members of their troop for Expo 67. They are (l to r) Mrs. Phyllis Russell, Penny Thomas, Mary Horsfall, Kathy Miller, Sue Schief, and Linda Russell. The scouts traveled to Windsor by car and from Windsor to Expo by train.

AIR TOUR - Part of Wixom's plans for visiting dignitaries from Wolverine village on Our Government Day was a helicopter ride over the city. Here, Rufus Dodge, president of Wolverine village, and Bob Trombley (seated), superintendent of the Wixom department of public works, prepare to take off with Kenneth Ross (right), helicopter pilot for Holloway Construction company of Wixom.

**Do Better Grade Pupils
Make Better Drivers?**

JOHN MACH

Yes indeed. Dramatically better according to accident records compiled by a large insurance corporation.

In studies of drivers under age 25, students with superior scholastic records averaged 348 car damage claims per year per 1000 policies in force compared with 468 for students with inferior grades.

In accidents involving injuries, "good student" drivers were involved an average of 23.5 times annually per 1000 policies in force. Students with inferior grades had 29.7 accidents per 1000 policies in force.

Combining frequency and cost of accidents, "Good student drivers had a record 25 to 30 percent better than their counterparts."

Forty percent of the country's population is under 20 years of age and in some areas as much as 25 percent of the teenage population own their own cars.

Seventy percent of youthful drivers - including those in Northville - purchase used cars at a price preference to new and over 40 percent with their own money.

Youthful and inexperienced buyers are too often attracted to a shiny late-model body, hiding a worn-out vehicle and should seek adult advice or reputable service-minded dealer.

Price is only one part of the picture that includes the true mechanical condition, the safety with which it may be driven under conditions that youthful drivers demand.

Girl Scouts Travel To Canada for Expo

Five Northville girls, Linda Russell, Penny Thomas, Sue Schief, Mary Horsfall, and Kathy Miller and their leader, since "Brownie" days, Mrs. Phyllis Russell, ended their accumulated 58 years in Girl Scouting with a four-day Canadian holiday to Montreal and Expo 67 over the Memorial Day weekend.

Each of the graduates and Mrs. Russell recently received a certificate of commendation and a miniature Girl Scout pin at a special ceremony arranged by Penny Thomas, Troop president, and assisted by other members of the troop.

Boy Scouts

The Northville Jaycees and Boy Scout Troops 731 and 755 will be trying to do their share in beautifying the Northville area.

On Saturday, June 3 and 10 the local groups will be cleaning up the stream through the parkway. They will be meeting at the bridge at Six Mile road and will proceed towards Northville taking whatever debris from the stream they find.

At 12:00 they plan to take a lunch break at the Wilcox Lake Pavilion along with the Plymouth Jaycees and Boy Scouts who will clean up their portion of the Rouge River.

According to local Jaycees co-chairman Dick Kozrozek and Dick Norton, approximately 40 Jaycees and Boy Scouts will participate in the program. The Boy Scouts are under the direction and leadership of Ralph Hay and Boyd Armstrong.

If you get a charge out of writing checks, ask for mini-balance from NBD.

Now, you can have an NBD regular checking account completely free of service charges.

Maintain a minimum balance of only \$200; and write all the checks you want. There's no service charge. No maintenance charge. No charge for statements. And

your monthly statements are completely itemized; an advantage you'll appreciate at the end of the month.

What if your balance drops below the minimum once in a while? If it averages \$500 we give you the same no charge advantage.

You can open a minimum

balance checking account by asking for mini-balance at any office of the National Bank of Detroit. Just hold your balance, we'll drop the charges.

Of course, the NBD Econ-O-Check account is still available for people who write just a few checks monthly.

3 Vie for One Novi School Board Seat Monday

A three-way battle for a single Novi board of education seat will highlight Monday's annual school election.

One of the candidates for election is a former board appointee and the other two are newcomers to the election ring.

In addition to the local school board choice, Novi voters will join with other Oakland county electors in deciding a special proposition concerning establishment of county vocational education centers.

Battling for the school seat are J. F. Buck, an active Willowbrook Community association official who has played a key role in the struggle to incorporate Novi as a city. Elwood Coburn, Sr., who served several months as an appointee on the board of education before losing an election bid last June, and Russell L. Smith, another Willowbrook association member and former official of that group.

They will be seeking the three-year seat now held by Carl Rowley, who is not seeking re-election because he and his family are moving from the community. Rowley won election last June.

The newly elected board member will be joining Arthur Heslip, William MacDermaid, Bruce Simmons, and G. Russell Taylor on the five-member board.

Following the election, board members will elect officers. Presently, Heslip serves as president, Taylor as secretary, and Simmons as treasurer. MacDermaid and Rowley are trustees.

The "yes or no" proposition voters will be asked to decide reads:

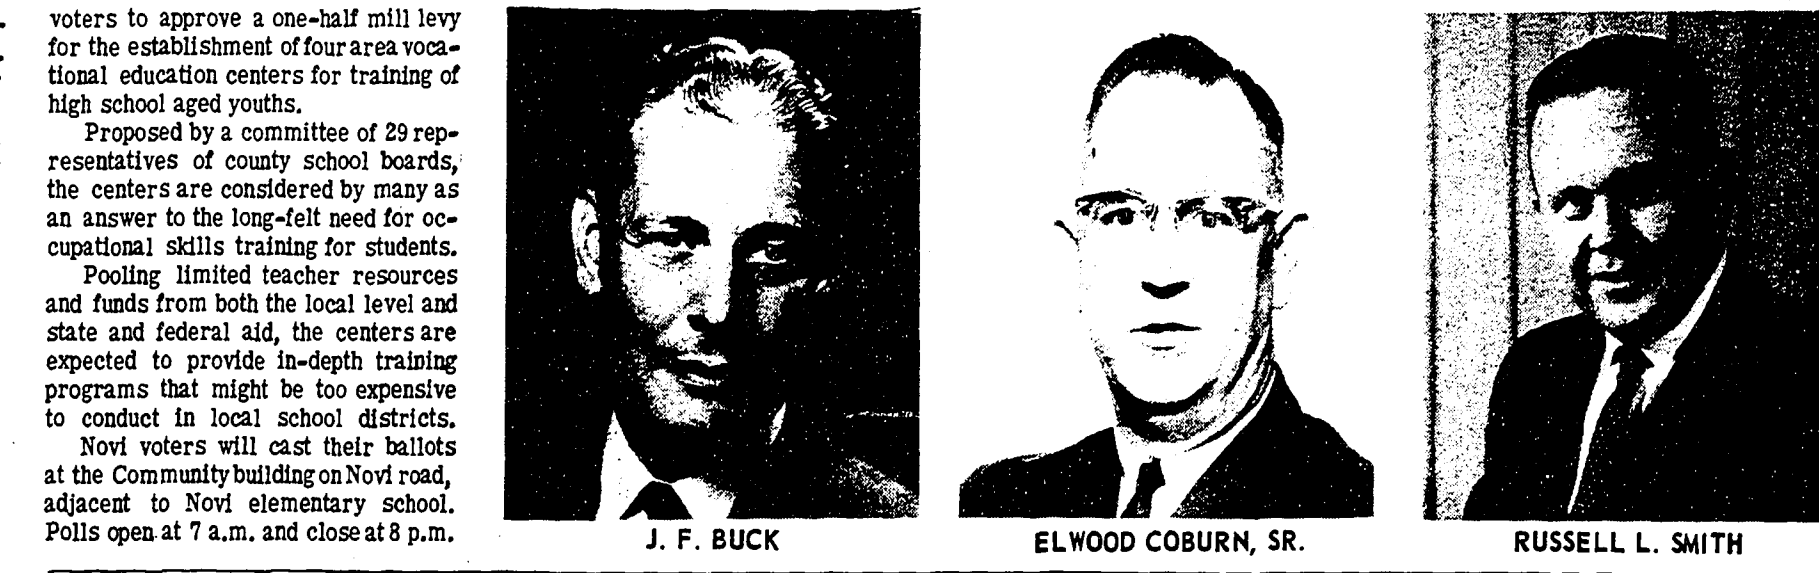

Shall Oakland Schools Intermediate district of School administration, State of Michigan, come under provisions of Section 307A to 324A of the School Code of 1955, as amended, which are designated to encourage the establishment and contracting for the operation of area Vocational-Technical Education Programs if any annual property tax levied for this purpose is limited to one-half (1/2) mill?

Bolled down, the proposition asks voters to approve a one-half mill levy for the establishment of four area vocational education centers for training of high school aged youths.

Proposed by a committee of 29 representatives of county school boards, the centers are considered by many as an answer to the long-felt need for occupational skills training for students.

Pooling limited teacher resources and funds from both the local level and state and federal aid, the centers are expected to provide in-depth training programs that might be too expensive to conduct in local school districts.

Novi voters will cast their ballots at the Community building on Novi road, adjacent to Novi elementary school. Polls open at 7 a.m. and close at 8 p.m.

J. F. BUCK ELWOOD COBURN, SR. RUSSELL L. SMITH

5 Battle in Walled Lake

Two incumbents will seek re-election in Walled Lake's school board race that includes five contestants.

The incumbents are Barbara A. Scully and Robert M. Thibault. Their challengers are Herman F. Werther, Roy W. Fogle, and Richard T. Schilsky.

The five candidates are seeking election to two four-year terms.

Voters will be casting their ballots at six different precincts, including Precinct 4 at the Wixom elementary school on Wixom road in Wixom. Other polling places are Walled Lake Junior high school, Union Lake elementary school, Commerce elementary school, Walled Lake senior high school, and Twin Beach elementary school.

Northville to Pick 4

Northville school district electors will pick two school board members, a Northville representative on Schoolcraft board of trustees, and a member at large on the board of trustees.

Glenn Detbert, lone candidate for a two-year board of education seat, is assured of election.

Six other candidates, including incumbent Richard Martin, are battling for a single four-year seat. They are Andrew Orphan, Roger Rinaldi, Charles A. Smith, Billie Thomas, and Charles Toussaint.

Only Smith is a resident of Novi. Candidates for Northville representation on the college board are Paul R. Fiumi, Bertram William Secord, and Edmund P. Yerkes, former Novi justice of peace.

Voters will cast their ballots at the Northville city hall.

County Juggles Novi Mill Package

In cutting up the 15-mill allocation pie this year, the Oakland county tax allocation board handed the Novi school district a silver larger portion while slicing Novi township by an equal amount.

The school district allocated millage increased from 8.50 mills to 8.63 mills, while the township dropped from 1 mill to .97 mills. The county's share of the 15-mill allocation remains the same at 5.4 mills.

According to Township Supervisor Hedy Bachert, the official state equalized valuation of the township this year has been pegged at \$28,893,100—up from the \$25,501,236 figure of last year. He said the increase represents growth in business and residential development together with the state-required increase of assessments up to the 50-percent level.

Because its assessment is very nearly at the 50-percent level, Novi's equalizing factor stands at 1.

With the county allocation figures officially at hand, township board members are expected to step up their work on the township budget. A public hearing date for the proposed budget probably will be established at the board's next meeting on Monday.

Bachert estimates that the .97 mills together with the new state equalized valuation figure will produce about \$29,300 in township property taxes.

Novi school district's SEV climbed from \$18,018,892 to \$23,671,200. These figures include the Novi-Farmington transfer valuation—\$154,456 last year and \$165,300 this year.

New fractional valuations within the boundaries of Novi compared to last year's figures are:

Walled Lake, from \$3,902,852 to \$4,669,300; Northville, from \$3,270,408 to \$4,198,100; and Lyon, \$309,084 to \$354,500.

In addition to the county allocated millage, the millage for school operation includes 10 mills voted.

According to Superintendent Thomas Dale of the Novi school system, work on the school budget is progressing.

Bond Defines Eight Issues On Cityhood

Out of the legal muddle over cityhood incorporation of Novi, eight issues were finally distilled by Novi Village Attorney Howard Bond.

On these factual issues, the outcome of the prolonged battle over cityhood is now in court. No circuit court date has been set, however.

According to Bond, two points that Judge William Beer must rule on are particularly important. They are, namely:

Is the map attached to the petition for incorporation as a home rule city defective because it purports to include 510 acres of township area?

What is the applicability of the court rule which states that once a case has started, the same judge must review all other issues pertaining to that initial case.

If the court rule is upheld by Beer, Bond said, then the Judge William Beer's decision setting the election date for incorporation would be nullified.

The other issues, defined by Bond, are:

What is the legal effect of the Novi village council permitting the withdrawal of the petition for incorporation as a fourth class city?

Can the circuit court inquire into the legality and sufficiency of the petition for incorporation of the village of Novi as a home rule city?

Are petitions for incorporation of the village as a home rule city invalid by reason of the fact that they do not state that the area sought to be incorporated contains a population density of 500 persons per square mile?

Should the petitions for incorporating the village as a home rule city have been submitted to the Oakland county board of supervisors for approval?

Singled out for honorable mention were Robert Dingelky, 2220 Euxis; Thom Dunn, 3708 West Maple; and Legat Excavating, 2160 Loon Lake road.

For 1,500 Youngsters Novi Eyes New Program

At Northville Monday 202 to Get Diplomas

A record number of 202 seniors—including 80 tuition students from Novi—will parade in the rostrum Monday night to receive their diplomas in the Northville high school gymnasium.

Religious services for the 1967 graduating class will be held Sunday, also in the gymnasium. The 90th annual baccalaureate service and commencement program both will begin at 8 p.m.

Highlighting graduation will be the address of D. Harold E. Spenberg, president of Eastern Michigan university. Speaking on the subject, "Opportunity and Responsibility," he will be introduced by Alex M. Nelson, Northville superintendent of schools.

Leading the processional and recessional to the musical accompaniment of Class President Steve Jordan and Secretary Cindy Hayes.

Presenting the graduating class will be Fred Holdsworth, high school principal, while Board President Wilfred Becker will grant diplomas.

Reverend S. D. Kline, pastor of the First Methodist church of Northville will deliver the invocation. Reverend Father John Wittstock, pastor of Our Lady of Victory church, will offer the benediction.

Delivering the valedictory speech will be Kathy Irwin, while Lynn Elkins will give the salutatory speech.

The Reverend Robert K. Spradling, pastor of the First Baptist church of Northville, will be the key speaker during Sunday's baccalaureate services. Subject of his speech is "Life's Eternal Dimension."

Joining with him on the religious occasion will be the Reverend Lloyd G. Brasur, Pastor of the First Presbyterian church of Northville, who will deliver the invocation and scriptural passage, and the Reverend Charles F. Boeger, pastor of the St. Paul's Lutheran church, who will recite the benediction.

WRITER'S CRAMP - With graduating classes burgeoning, Fred Holdsworth, Northville high-school principal, has found a sure-fire way of developing writer's cramp—signing diplomas.

Rezoning Granted As Protest Fails

The Novi Village council over ruled public opposition Monday to the rezoning of 40 acres for development of an industrial park on 12 Mile road.

The vote was 4-1, granting the request of Harold M. Nossan.

Approval changes the parcel, owned by Charles Irwin, from agricultural to medium manufacturing. It is located on the north side of 12 Mile road near Taft road.

Voting against the proposal was Councilman Joseph Crupi. His attempt to amend the original motion by setting aside a 200-foot strip of M-1 failed for lack of a second. Crupi explained that it would serve as a buffer between the proposed industrial park and adjacent residential property.

Actually, Monday's public hearing preceding the regular meeting was a continuation of last Thursday's joint public hearing of the council and planning commission. The commission voted 7-0 for rezoning, with H. Harold Tuck abstaining because he lives in the 12 Mile road area.

Council declined to make a decision last Thursday because of the absence of Councilmen Donald Fuller and Raymond Harrison and inability to agree. Crupi urged incorporation of a buffer zone.

The council chambers were packed last Thursday, with 12 Mile road residents objecting unanimously. Opposition did not abate at Monday's continuation, when all councilmen were present.

In fact, a public outlining reasons opposing the rezoning was presented. It contained 42 signatures. An appended letter, signed by 30 residents, stated a compromise would be acceptable if it included an M-1 buffer.

Opponents objected that 12 Mile road was inadequate to support the anticipated increased traffic, that many school children used 12 Mile road, that the water table would be lowered by industry, that sewers would be inadequate, that no facilities would support the development and that there was more suitable industrial sites elsewhere in the village.

The main objection was that home owners would be squeezed out by a creeping industrial paralysis," Richard Gabel, representing Nossan, rebutted the arguments and explained how the 40-acre parcel would conform with about 200 acres of adjoining property zoned heavy industrial on the west.

The lone bid of Kenower, MacArthur and company of Detroit on Conemaugus sewer bonds was snapped up. On the \$245,000 issue, there will be a net interest cost of \$72,440.

Vote of the council was 5-0. A bonding company representative explained that "the bond market is deteriorating" and in light of this fact, Novi was "fortunate to have a bid."

Further, Village Manager Harold Ackley pointed out that \$24,000 was available to defray the village's portion of the sewer cost of \$47,000. About 155 residents are paying for the special assessment bond issue.

In other business, the council:

- Accepted the resignation of Roger Christenson from the board of appeals. He was appointed this year to a three-year term.

Graduation Set In Walled Lake

Twenty Wixom students will be among 325 seniors—a record number—graduating from Walled Lake high school on June 15.

Diplomas are scheduled to be handed out at 8 p.m. in the high school football stadium.

The gymnasium will be the site of baccalaureate services, to be held at 8 p.m. Sunday.

The annual "Swing Out," will be held at 9:10 a.m. tomorrow. At that time, special awards will be presented in the high school gymnasium.

Keynote speaker for graduation will be Thomas Kavanagh, Michigan State Supreme Court justice. Introducing him will be George Garver, superintendent of Walled Lake schools.

High School Principal E. V. Ayres, assisted by Assistant Principal Joseph Malonis and Richard L. Smith, will present the class of 1967. Board of education members will bestow the diplomas.

The Reverend Father Lewis Ellis, pastor of St. Patrick's church of Union Lake will recite the invocation and benediction.

Jaycettes Sponsor Little Miss Contest

Plenty of fun and excitement is in store for some lucky little girl come July 4.

That's because the Northville Jaycee Auxiliary has announced that it will sponsor a Little Miss contest in conjunction with the Jaycee festivities on the Fourth.

According to Mrs. F. J. Zillich, the first 10 entries in the contest will be eligible for the Little Miss title to be awarded on July 4. All 10 contestants will ride a special Jayette float in the parade.

The Little Miss, to be crowned prior to the parade, will ride in a special spot on the float.

Sharing the float with the Little Miss contestants will be Lynn Thilikka, the Jaycee Junior Miss.

The Little Miss will receive a \$10 certificate from The Little People Shop. The nine other little girls will receive recognition gifts.

Girls - ages 3 to 5 - may be entered in the contest. To enter, the child's name, age, address, phone number, and the parent's names must be sent to Mrs. Zillich, 350 Sherrie Lane, Northville, by June 19. Only the first 10 entries received will be eligible.

In Our Town

By JEAN DAY

EXPO IS "in". It seems everyone wants to make the twelfth annual scene on the St. Lawrence - and several Northville families already have managed to do so.

Evidence of the high interest in the Montreal exposition was the audience of more than 200 which viewed Robert Weber's colored-slide Expo presentation at the high school auditorium Sunday. Although tallies were incomplete the first of the week, ticket chairman Carl Johnson estimated the Rotary - sponsored benefit to help re-activate Northville's historic well will yield "close to \$400."

Weber, owner of the Northville Camera shop, shot 500 pictures of government and industrial buildings and other Expo scenes which flew there in mid-May.

MR. AND MRS. EDWIN LANGTRY, who were in Sunday's audience, were just back from Expo's most recent tally agreed with Bob Weber that it was worth the 600-mile trip. They had been lucky enough to get reservations at the Holiday Inn and were near the action.

THE LEROYDING family of Mayo drove to Expo over the long Memorial holiday. Mrs. Ordyn confesses she and her husband were as impressed as their youngsters, Richard, Linda and Reed, and would like to go back in October.

Adding to the fun of the international atmosphere, she said, was meeting the French-Canadian family of the landlady of their efficiency apartment.

THE BOGARTS with their son and daughter, Mike and Judy, were encountered accidentally by the Ordyns at the French pavilion and again at the LaRonde amusement area. Barbara Bogart, wife end-of-the-semester student, will have home, expects to hear the travelers' experiences as they return today.

From Montreal the Bogarts went on to Quebec and then to New Jersey for a family visit with Mrs. Bogart's mother, Mrs. Willard Hutchinson.

THE PAULSTENCKENS were joined by their daughter, Mrs. Edwin Hammer of Columbus, Ohio, for a Memorial Day trip to Expo. Also in the group was daughter Linda and her friend, Marilyn Pabane.

WORLD TRAVELER CLINTON HILL, a veteran of Paris in Brussels, Paris, Seattle and New York, was a May visitor to Expo with daughter Beverly. He enthusiastically approved visiting the nationally buildings and also the many international shops, boutiques and eating places in LaRonde.

Among the Northville attorney's "don't miss" recommendations in LaRonde: Laterna Magica (Magic Lantern) exhibit by Czechoslovakia which synchronizes real life and movies, using four screens and live actors. "Take the gyro ride," he adds, and for youngsters he suggests the Russian boutique and the Icelandic shop with its whale mementos.

NOT EVERYONE journeyed to Expo during last week's holiday. The Stans Chaveys with their son and daughters crossed the Mackinac bridge to vacation in the Upper Peninsula. A highlight for the youngsters was seeing four deer.

The William Crumps flew to Charleston, South Carolina, where the schedule included seeing a performance at the Dock Street theater. This week daughter Coule's house guest is an Alpha Xi Delta sorority sister, Karen Soto of Hawaii. They arrived Tuesday from Albion where Coule will be junior next year - she is carrying the gold key that signifies she is serving as the sorority's treasurer.

AN UN-BIRTHDAY PARTY honored Mrs. George Weiss at the Round Table in Plymouth last Wednesday. Mrs. George Jerome who planned the luncheon with Mrs. H. O. Evans explained that Mrs. Weiss was vacationing in New Orleans on her actual birthday a couple of months ago so the group of friends who customarily celebrate planned the delayed event for fun.

"INTRODUCTION TO ORCHIDS" is the program for the June meeting of the Northville branch of the Woman's Farm and Garden association at 12:30 p.m. Monday in the Presbyterian church fellowship hall.

The speaker will be Thomas Brown, a retired General Motors executive who has been growing orchids for 20 years. Although he has 1500 plants in his own greenhouse, he has grown them as a hobby and is considered an amateur. The talk will be illustrated with slides. Planned to interest orchid-lovers as well as orchid-growers, the program is a guest day.

Mrs. L. M. Eaton is chairman of the tea committee, assisted by Mrs. Arthur Haggerty, Mrs. George Miller, Mrs. C. H. Bryan and Mrs. William Davis.

NORTHVILLE TOWN HALL ticket chairman Mrs. Robert Fishery has been filling ticket orders for the 1967-68 season so steadily that this week's count shows "fewer than 100" tickets available. Because the series will be held at the P and A Theater in Northville again next season, tickets still will be limited to 50.

Mrs. Robert Brueck, Town Hall chairman, says she hopes newcomers to the area especially realize that this is the only time tickets are available. They are sold for the five-lecture series - \$10. Checks should be sent to Northville Town Hall, Box 93.

NORTHVILLE SENIOR Citizens club will be entertained by one of its own members at its next meeting Tuesday, June 13.

Miss Ruth Knapp will present a travel program, showing slides and giving highlights of a European trip of 1960. At that time she was one of a group of faculty and students from Wayne State university who toured England, Germany, France, Italy and Switzerland. Her slides include views of a trip down the castle-dotted Rhine river and interiors of European palaces.

Also on the evening's agenda will be a business session at 7:30 p.m. in the scout-recreation building.

NORTHVILLE STATE Hospital Auxiliary will continue what has become an end-of-the-year tradition - again this year an annual picnic is planned for 11 a.m. Tuesday at the home of Mrs. Crispin Hammond, 47100 Timberlane.

New officers will be installed. Mrs. Robert Lang, retiring president, hopes to find summer volunteers so that the auxiliary's gift shop and card program can be continued through the vacation season. Anyone who can give four hours a week or a month is asked to call Mrs. James Sague, Jr., 349-1229.

Music Recital Stated Tonight

A music recital will be presented by pupils of Selma Schutte tomorrow evening (Friday) at St. Paul's Lutheran parish hall beginning at 7:30 p.m.

Participating piano students include: Patricia Aeschbacher, Nancy Anderson, Vickie Ashby, Joan Baitzer, Nancy Bell, Judy Bell, Lorr Borger, Kathy Boland, Pamela Colbert, John Gillahan, Debbie and Kathy Gutman, Beth Hines, Patricia Hoffman, Janice Hughes, Diane Keith, Marcia Kelly, Bryan King, Anne Larson, Leighton Larson, Leif Larson, Allison, Ellen and Ruth McLaughlin, Patricia Mallette, Janet Moore, Tiffany Pierson, Diane Pisk, Susan Salmeo, Cella Schucard, Julie Smith, Kristine Terry, Michael Umbreit, and Kristine Williams.

Organ students include: Charles Churella, Rhonda Clark, Frank Denkhaus, Debbie Dettore, David Lorenz, Debbie Luckett, Debbie Neal, Kathleen Pluney, Nancy Simmons, Jon Stenmel, Linda Thomas, Dawn and Debbie Trotter and David Wickie.

Violin students are Marguerite Grayson and Jason Haage.

FINAL OUTING - Wrapping up another season of activities, the King's Daughters chapter here held its annual picnic Tuesday at the home of Mr. William B. Walker, Jr. off Eight Mile road near Haggerty. The gathering included a "silent auction" of some of the materials made by members for sale in the community to raise funds for the group's many service activities.

It's Picnic Time Again Kings Daughters End Season

Another season of service came to a close Tuesday afternoon as the Mizpah Circle of the International Order of the King's Daughters held its annual picnic.

The picnic took place on the lovely property of Mrs. William B. Walker off Eight Mile road.

Regular meetings and service activities of the Northville group will resume on the first of July.

The Mizpah Circle was formed here in May of 1955 - nine years after the first circle was founded in New York City.

Its chosen motto then and now is "Look up, not down; look forward, not back; look out, not in; and lend a hand." It represents the attributes of Faith, Hope and Service.

The watchword at the time of its organization was "In His Name", and the text, "Not to be ministered unto but to minister."

In the nearly 75 years since its organization, the Mizpah Circle, officials emphasize, has strived to live up to the challenging motto, watchword and the text.

Before the advent of the welfare check and unemployment insurance, Mizpah Circle took up the challenge of caring for the needy, furnishing food, clothing and fuel to those who were temporarily without. Today, the circle continues this practice, filling emergency welfare cases as well as taking a larger role in other state-endorsed measures of service.

Examples of its state-wide services include the home for the aged located on Pierston avenue in Detroit. The King's Daughters and Sons' circles of Wayne county and the Mizpah Circle are represented on the board of directors of the home.

The King's Daughters also is active in support of the children's unit of the University of Michigan Hospital, with the Mizpah Circle contributing many hours of sewing for youngsters hospitalized there.

The state branch also owns and operates Camp Missaukee, a girls camp at Lake City. Annually, two girls from Northville are selected to attend this camp.

Biggest annual project of the local circle is the Spring Luncheon and Dinner, which has won the support of the entire community, officials note.

Holding a special place in the local organization is Mrs. Georgia Johnson of Wing street, who "has maintained continuous membership since the roll of 1905, contributing many years of service."

INITIATION - The Northville Girls' Athletic League (GAL) held its annual spring initiation recently. Under the direction of upper classes, the girls were paraded through the center of town in special costumes and masks.

Later, the girls enjoyed a banquet at the school marking their entry into the league. The teacher sponsor is Miss Pat Dabel.

Christian Scientists Hold Annual Meeting

Christian Scientists gathered from around the world for the Church's Annual meeting today heard a world as sharply expanded outreach to the world and the community.

"Christ Jesus showed his deep involvement with the world of his day," The Christian Science Board of Directors reminded the audience.

Erwin D. Canham, editor in chief of The Christian Science Monitor and retiring president of the denomination, described a "period of unprecedented ferment in the world's religious thought." Each individual has a "mission in the marketplace of human thought and experience," he emphasized. "For

Christian Scientists, need and opportunity have never met more challengingly.

About eight thousand members, many from distant parts of the world, filled the auditorium of The Mother Church Extension and the adjoining original Church edifice. Closed-circuit television carried the meeting to an overflow audience seated in a nearby theater.

A modest ground breaking ceremony took place during the morning, as the first spadeful of earth was turned for the Church's new Administration building. The 26-story structure will be the first of several buildings in the Church's new \$15 million Center in the Back Bay area of Boston.

Little Miss
Pictures will accompany the entries. Once the 10 entries have been determined, pictures of the little girls will be attached to canisters to be placed in downtown stores. "To vote for your favorite candidate," Mrs. Zillich explained, "canisters may be dropped in the canisters. The contestant receiving the most pennies will be judged the winner."

"But don't forget," Mrs. Zillich reminded Northville residents, "only the first 10 entries will be eligible to compete for the Little Miss title. Mail your entries today."

1-Card of Thanks
I want to thank all those who have expressed their sympathy and love for my dear husband, **William J. Raker**, who died June 8, 1967. I often sit and think of him and think of how he died. Words cannot express our deep appreciation and thanks to all the wonderful friends of Northville, out-of-state relatives, all organizations and the many people too numerous to mention, who in many ways helped to ease our sorrow in the sudden passing of our loved one, **C. Oscar Hammond**. The repose was overwhelming and we deeply appreciate all service rendered. God bless one and all.

Two Year Terms

CHARLES A. SMITH (continued) It is in this area that I believe I could contribute the most as an elected official due to past experience in teaching, management and labor relations. I believe that matters relating to the personal competence, future duties, and salary of the school staff should be private for the best interest of the system and the individual. Items of possible expansion and future intent that could result in putting the district at a business advantage may be held in a meeting on a restricted basis. However, I view the board as an agent of the public and basically the public has the right of free access to its decisions. I will endeavor to assist in a sound business approach to the school operating program. I will insist that the board explain its policy direction to the public with no possibility of a misunderstanding, including but not limited to the areas of curriculum expansion, the reason for the same, the need for additional personnel and facilities; with a detailed study of the public impact, if any, on the community so that the public may make its judgment before the fact - not under pressure.

policy, must be followed if the faith of the voter with regard to its elected officials is to be determined. 2. In any school system the greatest needs are always found in the determination and financing of its objectives, the understanding and solving of its problems and the desire and ability to bring its people together as a single working body. These problems are definitely the most crucial ones facing the Northville School System today. In working to resolve these problems, we must bear in mind at all times that the primary purpose of our system is to provide the best education possible for each and every individual child. It is in this area that I believe I could contribute the most as an elected official due to past experience in teaching, management and labor relations.

Novi Board of Education

in education for students to prepare themselves to be better citizens and to help them qualify for their position in the business world.

Three Year Terms

ELWOOD COBURN, SR. Age 44, lives at 28075 Dixon road with his wife and five children, has lived in Novi since 1947, has been a senior claims adjuster for the Ford Motor company for the past 13 years, and prior to settling here served six years in the United States Navy, was an appointed school board trustee from February to July of 1965, attended Henry Ford Community college, is secretary of the Novi Little League and a member of the Novi Baptist church and the Walled Lake Masonic Lodge.

One Year Terms

BILLIE THOMAS Age 36, married, wife Ellen and four children, Penny, 16, Billie, 16, Christopher, 12, Kelly, 8, live at 40001 Fairway Drive, children have had all their schooling in Northville except for Penny, moved to present home in April, 1957, is a self employed sales engineer, owns Tat Enterprises, a manufacturers representative since 1953, previously employed by Consultant-DuPont Electronics whom he now represents, Scoutmaster of Troop 755 for four years, assistant hockey team coach.

Two Year Terms

CHARLES TOUSSAINT Age 35, life-long resident of Northville, graduate of Northville high school and Detroit Business university, employed as administrative assistant by Michigan Hospital Service, serves as trustee for the Federal Bankruptcy court, member of National Association of Accountants, National Association of Credit Management, and past member of Northville Jaycees, candidate for city council in 1965 and 1967.

One Year Terms

ROGER E. RINALDI (continued) I am of the opinion that the majority of the board of education functions should be held in open sessions so as to let the general public contribute their ideas and suggestions. Members of the school board should always remember that they are elected by the public to serve the citizens within the school district. In what better way can the citizen express his desires than at an open meeting where his ideas and suggestions should be welcomed and given every consideration. This could help to improve the relationship between the public and the School Board. 2. As to what contribution I can make to the school system as a member of the board of education, I feel that my sincere interest in seeing that our children obtain the best education obtainable is the best contribution that I can offer. If elected I shall do my utmost to obtain harmony and cooperation in our school system. The citizens of the school district have proved, in the past, that they are willing to pay the cost to furnish each and every child with a good basic education. But the citizens do not want to waste in administering the school funds, buildings that have fancy price tags, but that do not meet the needs of the community; nor do they want dissension and bickering within the system. My ability to obtain and maintain a harmonious relationship in my daily occupation should be an asset that could be utilized as a member of the School Board.

ELWOOD COBURN, SR. (continued) Considering the fact that some of our eastwardly and southeasterly located communities are bursting at the seams, with both industrial and residential building projects flowing westwardly, it is only natural that Novi will receive its share of the overflow. This is evidenced by the ever increasing number of requests made on our village council to rezone to industrial sites. This is good but at the same time I must think of our school needs as brought on by this industrial expansion trend. With this in mind and if I am elected, I would like to become a part of or head up a study group for the future now. I would like to project and plan our total school needs covering the next 10 to 15 years. This would naturally involve population studies considering and acquiring future building sites, tax base, financing, etc.

One Year Terms

EDMUND P. YERKES Married, father of two children, William and Charles, and grandfather of three, he has been a life-time resident of this area, lives at 504 West Dunlap, received a BA degree from the University of Michigan in 1930 and an LL.D. degree from the Detroit College of Law, has been a practicing attorney since graduation, was justice of peace of Novi for 22 years, is curator of the Northville Historical Society, and a member of the First Presbyterian church of Northville.

Two Year Terms

RUSSELL L. SMITH Age 40, married, has two children, one fifth grader at Orchard Hills school, another to enter kindergarten in fall, resident of Novi 11 years, lives at 41025 South McMahon Circle, graduated Wayne University, employed as sub-contractor administrator for Allison division of General Motors, 10 years experience in negotiation and administration of multi-million dollar government contracts, several members of family in teaching field, past vice-president of Willowbrook Community association, past treasurer of Cub Scouts, player agent for Novi Little League.

One Year Terms

EDMUND P. YERKES (continued) If elected to the Novi board of education as a result of next Monday's election, I should like to spearhead a public relations program by which clear, concise, and prompt communication is established between the school teachers and administrators, the parents and the community as a whole.

Two Year Terms

EDMUND P. YERKES (continued) I have decided to seek this seat on the school board because, as the father of two young sons, I want to do all I can to improve the level of educational possibilities in this area. My objective is: Not to be just a school board member, but to act and participate in creating more interest

One Year Terms

EDMUND P. YERKES (continued) I would seem unsound to duplicate some educational services in the college district. Vocational, technical education is one example, although others exist. I believe there are avenues through which selected students, while yet in high school, could receive advanced placement in the community college. By no means do I suggest the college take over the role

Novi Board of Education

Three Year Terms

EDMUND P. YERKES (continued) I believe it is essential that the vocational education program at Schoolcraft College be enlarged and integrated with the high school program within the college district. 2. As Northville's representative on the Schoolcraft College Board of Trustees I would address myself to a number of objectives. Among these would be an attempt to have Schoolcraft become a four-year institution and to upgrade the faculty salary schedule.

Teacher-Board Cooperation Urged

"This is the year that teachers and boards either learn to work together or they can become such bitter adversaries that they will set back the whole public education program."

With that informal statement, Raymond MacLaughlin, executive secretary for the Flint Education Association, set the stage for his informal discussions with Northville teachers Tuesday night.

MacLaughlin spoke to the Northville teachers group during its annual dinner and election at the high school. His topic was "Teachers Uniting to Build a Profession."

The next meeting locally for teacher-board negotiations have been set for June 15. The bargaining teams last met on Thursday.

City Reappoints 26 Members

Reappointment of 26 persons to commissions and boards was approved by the city council Monday night.

One vacancy remains since the council has received a letter of resignation from Levi Eaton, whose term on the board of appeals expires July 1.

Persons reappointed and their new terms of office are:

Planning commission—George Zerbe, Warren Stoddard, Clarence Hinck, all three-year terms.

Board of appeals—David Biery and Francis Galley, three-year terms.

Municipal parking authority—Dwane Butler and Jack Ruland, three-year terms.

Beautification commission—Mrs. E. O. Whittington, Ed Welch, and John Wortman, all three-year terms.

Citizens' advisory committee—all one year terms, John Mach, George Clark, Essie Hirdler, Russell Clarke, Roy Lloyd Brasour, Mrs. Nancy Schoutz, Robert Hart, Arthur Adams, Robert Bretz, Arthur Procter, Harry Wagenschutz, Robert Horner, Mrs. Virginia Bake, Kenneth Rathert and Stanley Johnston.

Newly elected officers here are: Richard Rusche, president; Margaret Sours, first vice-president; Carl White,

CONTROL CENTER—An operator, Alan Housner of American Teletimer corporation, looks out over the infield from one of the centers that control the giant new "tope" board of Northville Downs. Besides showing one-quarter, one-half, three-quarter and finish times of the leading horse, the board shows odds, gives win, place and show pools, race results, time of day, post time, minutes to post, race number, and personalized messages. In addition, two infield indicators along the track tell the drivers times of the leading horse and warns them of any spills on the track.

Silver Star Awarded To Dead Vietnam Soldier

A Silver Star for gallantry was awarded posthumously to Sgt. Leslie E. Wright, son of Mr. and Mrs. W. J. Wright of South Lyon, in a recent ceremony at Ft. Benning, Georgia.

The citation for Sgt. Wright related the events of November 8, 1966, when he lost his life in Vietnam.

Serving as a platoon leader with Headquarters Company, 1st Battalion, 28th Infantry, Sgt. Wright distinguished himself by going to the aid of first one and then another of the injured men in his unit during Operation Attleboro near the Cambodian border.

Disregarding his own safety, he braved the fire of enemy automatic weapons, small arms, rockets and mortars to help his men until he, too, was mortally wounded.

Accident Claims Life of Welder

A 20-year-old Detroit man was killed Monday morning while working on a freight car at the Evans Products plant in Plymouth.

Killed instantly when struck by a section of steel was David S. Klemczak, 7619 Penrod. A welder, he was helping in construction of the underframe of a freight car. Klemczak had been employed at Evans since October of 1965.

An Evans spokesman said about 270 employees asked for and received passes to leave work following the accident. Early reports that the men "went on strike" were untrue, the official said.

OUT OF THE PAST

FIVE YEARS AGO...
A plan to provide a new north-south traffic route in the city of Northville was scuttled when results of a feasibility study by the Wayne county road commission were revealed.

In a report signed by Oscar M. Gunderson, county planning and negotiating engineer, the total cost of pavement not including right of way acquisition was placed at \$993,000 for a 24-foot pavement and \$1,544,000 for a 48-foot width.

Earl Fiene was elected president, Richard Martin, vice president, and Mrs. Daniel R. Brown, secretary-treasurer of Whipples Estates Property Owners' association.

Downs Honors Driver 'n Wife

Northville Downs honored one of its first sulky drivers and his wife Monday evening on their fiftieth wedding anniversary.

Mr. and Mrs. James Carrievue of Seven Mile road were saluted with a special race at which the winner was presented with a blanket.

The Carrievues, accompanied by six of their eight children, their husbands and wives and friends, were presented a gift. Mr. Carrievue was a driver at the Downs when it opened in 1944.

New Chess Club Seeks Members

A call for more adult participation in a chess club was issued this week.

Richard Myers and Barton Harper, acting leaders of the new chess group sponsored by the Northville recreation department, urged adults to test their chess skills at the next meeting of the club on Thursday, June 22. The meeting will be held in the Scout building beginning at 8 p.m. Presently, the club has a minimum age limit of 15.

Novi Bats Boom In Little League

The Mobarak Jayhawks and Flynn Modernization, two titans of the Novi Little League, had a field day at the plate during the past week.

The Jayhawks shelled out 21 hits to whip B-V Construction Saturday, 22-4, in a game highlighted by a triple play, Shortstop Mark Bumann to Second Baseman John Pantalone to Third Baseman Dave Ward.

The Jayhawks are 5-0 on the season.

Jim Van Wagner limited B-V Construction to just one hit, a single by Dave Wihaler. In addition, Van Wagner helped himself by hitting two triples and a double.

Ward led the Jayhawk batsmen with four doubles in four trips. Pantalone had two doubles and a triple, Joe LaFleche had a double and triple and Kevin LaFleche had two doubles to raise his average to .600. Ron Frisbee also had a double.

Flynn Modernization kept pace with the Jayhawks by winning twice, 7-3 over the Rexall Pillers and 21-6 over Novi Party Store. Flynn's record is 5-1.

Heading the 21-hit route of Party Store was Steve Jacques with five for five, including a double and triple. He is batting at a league-leading .85 clip.

Wilding Pitcher Jim Adams, many who gave up six hits, helped his own cause with a double and triple. Other batting stars were Eddie Jacques with a triple, and Gary Colton, who is batting .825. Tom Ritter, Roger Freese, and Ron Wilentus with a double apiece.

In a losing cause, Joe Campbell hit a double and triple to hike his average to .538. Larry Taylor had a double.

Colton had two doubles and a triple. Tom Ritter gave up only five hits in Flynn's victory over the Pillers last Thursday.

Scholarships Announced Honor 42 Grads At Convocation

Forty-three graduating seniors with B and above averages were honored during the third annual Honors Convocation held May 31 in the Northville high school cafeteria.

Presenting the honor students with gold tassels and scholarship pins were Principal Fred Holdworth and Assistant Principal Ronald Horvath. Parents of the honor students were guests.

EQUIPMENT ARRIVES—Equipment costing nearly \$2,000 has arrived for the new public park planned at the rear of the Novi Methodist Church.

park preparations are underway. "Monkeying around" on the bars during a Saturday work session are (l to r) Rotarians Emory Jacques, Richard Bingham, Philip Anderson, Robert Metz, and Dr. Robert Stiles.

Thieves Loot Car Here

A pair of binoculars, a three-piece pool stick, a sport coat and \$115 were stolen from a rented car parked on Fairbrook street between Wing and First streets last Friday.

The incident at 10:50 a.m. The thieves made good their escape when police said they doubled back and drove away.

Municipal Court

Two Northville men charged with being disorderly were arraigned Tuesday before visiting Judge James R. McCann of Livonia and were fined \$50 apiece in Northville Municipal Court.

An object, thought to be a beer bottle, was thrown through the front windshield of a car at Baseline and Center street last Thursday.

Justice Court

A Union Lake man with a poor driving record was fined \$30, sentenced to 30 days in jail and put on two-year probation in Novi Justice court.

Robert Wislaw, 41390 West 10 Mile road, was in the car at the time the window was smashed at 9:10 p.m.

Silence Marks City Public Hearing

Not even a cue stick was raised Monday as the Northville city council breezed through two public hearings, granting a zoning change and approving a billboard ordinance amendment.

Despite public silence on these two measures, such was not the case concerning recent council action to prohibit parking on Wing Court.

The zoning change gives a parking classification to the present Ford parking lot west of Griswold together with several lots extending into what is now part of Ford Field.

City Manager Frank Ottendorff explained that the extension of the parking lot to Ford Field will not affect the recreation department baseball diamond.

The amendment concerning billboard and pool rooms requires written parental permission to be placed on file before persons 14 to 17 may be permitted to play or frequent these places.

Firestone Store To Open Here

A new Firestone tire sales and repair headquarters will open here within two weeks.

Richard Ashton of Livonia will own and operate the business in a remodeled building at 446 South Main street.

As proposed, the agreement calls for \$10 per hour for general engineering services, \$15 to \$18 per hour for survey crew, \$15 per day for inspection, and 1.5-percent of construction cost for review of subdivision plans.

Edison transformer, temporarily blanketed the track in darkness on the opening night. But the lights were back on soon and fans hugged the track fence for a few more times to a special "welcome to Northville".

from the PASTOR'S STUDY

Rev. S. D. Kinder
First Methodist Church of Northville

This month throughout the United States thousands of young people will be graduating from high school and college. They will all dress much the same in colored cap and gown, how proud they must be as they carry home a diploma indicating they have reached a goal in education.

How mature they seem to be! How grown up! But how adult are they? How do they act in public?

I recall a story of a distinguished looking gentleman who on New Years Eve wore a paper hat askew on his gray locks and was riding "piggy back" on the shoulders of a strapping young athlete, and toting a tin horn with the vim of a four year old.

Someone on the sidelines remarked: "Why doesn't he act his age? Why doesn't he behave like an adult?"

This man had many of the earmarks of maturity, but something about the gay old blade smacked of adolescence. He acted like a child and had never grown up.

Becoming a mature person means more than donning a cap and gown and boasting the possession of a diploma. It even means more than turning gray or becoming wrinkled. It implies a stability of thought and behavior.

Some students leave high school a little short of being illiterate while others under the same teachers, the same curriculum and educational system, seem very mature and ready to face college or whatever life will open to them. They have sought a good education and have found it and are now ready to take on the responsibilities that are to come.

There are several characteristics which youth should acquire toward being mature: The ability to take disappointments. To take responsibility. To weigh values and make decisions. To practice self control. To respect the rights of others. To put something into life. To take criticism. To appreciate. To view life philosophically. To think seriously and honestly.

The Apostle Paul was one of the most learned men of the First Century. He gives us a sound formula for growing up into adults when he says, "When I was a child, I spoke as a child; I understood as a child; I thought as a child, but when I became a man I put away childish things."

Philip Wylie said, "We are a nation of children who refuse to grow up."

We wish the very best for all who graduate this month. May the future find you mature persons who are spending your lives for something that out-lives you.

MON PLAY BALL

Larry is in seventh heaven. He got his baseball suit yesterday, and is finally a full-fledged member of the neighborhood team.

He is the youngest one in the lot, and certainly the smallest. But he packs a great deal of leadership ability in that half-pint frame. We had not lived in our neighborhood one month, before he was bat boy and unofficial mascot. In just a few short weeks, morale improved. Two of the boys nicknamed "Loudmouth" and "Fats" became "Speed" and "Lefty." The boys began to cooperate and play better as a team. They moved steadily upward in the league.

You can imagine what this did to our spirits. How proud we were, and yet humble too, for we knew we could not take complete credit for his sense of fair play. You see, he has been brought up in the Church as well as in our home. It's a wonderful feeling to realize that in such a few short years our son has shown the influence of Christian training.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

News Around Schoolcraft

Kroger THE FRIENDLY FOLKS

If you are planning to attend the summer seasonal Schoolcraft College, you have not yet been admitted to the college, call the admissions office as soon as possible. If you have been admitted to the college but have not yet been counseled, make a counseling appointment as soon as possible.

That's the advice of Schoolcraft Registrar Norman E. Dunn and Director of Missions Barbara Gell. The eight-week summer session begins on Monday, July 3 and continues through August 25. Registration for the session is scheduled for June 26 and 27.

In addition to advising early action on seeking admission and counseling, Dunn also announced plans for a multi-day registration for summer session students.

"Students who have been tested and counseled for either day or evening classes have received, or shortly will receive information on how to register by mail," Dunn said. "All they will have to do is complete the registration form by indicating when they wish to take a particular course and return the form with a check for tuition and fees."

"Students who have not yet been counseled, should call the college as soon as possible to make a counseling appointment. These students will receive information on how to register when they come in for their counseling session."

"Students who do not come in for counseling until June 26 or 27 will register at the college at the same time," Dunn said.

According to Miss Gell, there is still time for students who wish to attend the summer session to make application to the college. These students, however, will be restricted to taking a limited number of courses being offered in either the day or evening programs, Miss Gell said.

Two Get Diplomas From Universities

Two Northville students have received degrees in commencement exercises last weekend at Purdue University and the University of Wisconsin.

Receiving a bachelor of arts degree in home economics at Purdue University was Deborah Ann Baldwin, 3755 Rhonwood. She was graduated with distinction.

At the University of Wisconsin, Michael P. Adas of 21371 Stanstead received a master of arts degree. He was one of more than 3,000 students who participated in the commencement platform at Madison to receive diplomas.

Of these, 1,000 received higher degrees as did Adas. The Purdue university graduation class included nearly 5,000 students, Miss Baldwin was graduated with "distinction" for making in the top 10 percent at Purdue.

Official Minutes of the Northville City Council

Continued from Page 4-B

SPECIAL MEETING
Mayor Allen called the meeting to order on Tuesday, May 23, 1967, 8:10 p.m., at the Northville City Hall. Mayor Allen stated that with the consensus of the council, considering the fact that the meeting with Northville township had been concluded early it was unanimously agreed to open the Special meeting at 8:10 p.m. instead of the scheduled time of 8:30 p.m.

Present: Allen, Carlson, Black, Lapham and Nichols. Absent: None.

Consideration of Bids for Volunteer Firemen's Insurance and Awarding of Policy:

The City manager reported, as per council's request, that the firemen are covered under these policies (including Workmen's Compensation) the same as full-time employees. He, therefore, saw no reason to raise the amounts of coverage in this policy from the present amount.

Discussion followed regarding the difference of \$13.85 between the low bidder and second low bidder—second low bidder is a local business man.

Moved by Black, support by Nichols, to accept the bid of the insurance Co. of America (Carrington & Johnson, Northville—agents) in the amount of \$279.05. Unanimously carried.

Set date for Public Hearing on City of Northville for 1967-68:

Council unanimously agreed to discuss the budget later in the evening and set this date following the discussion.

Agreement Between City of Northville and Conemaugh Agency:

This will appear on the agenda for June 5, 1967.

Consideration of Resolution to join the Plymouth Community School Joint Unification:

Moved by Black, support by Carlson, that the city council of Northville, after due consideration and deliberation, are declining the invitation of the Plymouth Community School Board of Commerce to join the governments of Plymouth city and township to engage in a study of joint unification. Unanimously carried.

City manager is to convey thanks for said invitation to the Chamber of Commerce.

Appointment of a Municipal Judge to Fill Vacancy created by Resignation

of Judge Charles W. McDonald:
At the last regular meeting of May 15, 1967, the resignation of Judge McDonald was accepted, effective May 17, 1967. At that time, it was agreed to make the appointment necessary to fill this vacancy at the next regular or special Council meeting.

Moved by Allen, support by Black, to fill appointment of the unexpired term of Charles W. McDonald (until the next regular city election), his appointment to be effective July 1, 1967. Unanimously carried.

Meeting adjourned at 8:35 p.m.

Martha M. Milne
City Clerk

SPECIAL MEETING
By unanimous agreement of all five Council members (all being present), the Northville City Council was called to order by Mayor A. J. Allen on Tuesday, May 23, 1967, 10:00 p.m., at the Northville city hall.

Present: Allen, Carlson, Black, Lapham and Nichols. Absent: None.

Moved by Carlson, support by Black, to reconvene meeting (previously adjourned at 8:35 p.m.). Unanimously carried.

Moved by Black, support by Nichols, set date of Public Hearing of the City of Northville 1967-68 budget on this agenda. Unanimously carried.

Moved by Nichols, support by Black, to set the date for Public Hearing on the 1967-68 city of Northville Budget for Thursday, June 8, 1967 (Special meeting) and advertise in the Northville Record of June 1, 1967. Unanimously carried.

There being no further business, the meeting adjourned at 10:15 p.m.

JOINT MEETING
City of Northville Council and Northville Township Board - Minutes of May 23, 1967, Northville city hall.

Present: City: Mayor Allen, city manager Ollendorff, Black, Carlson, Lapham, Nichols.

Township: Supervisor Merriam, Treasurer Lawrence, Clerk Hammond, Armstrong, Baldwin, Stromberg, Talam.

Meeting called to order at 7:05 p.m. by acting Chairman, Mike Allen.

Allen stated that the Plymouth Chamber of Commerce had proposed a five-community study, leading toward unification. The Chamber had given the same presentation, with slides, to both the Northville City Council and the Northville Township Board. He asked: "Are we interested in jointly entering into this program?" He went on to say that it would be useless for the city to do so without the township, and that he believed the city council is more interested in a study of our own two communities. He requested Township Clerk Hammond to read a letter from the Committee for Area Progress which suggests a study of a future master plan. Allen pointed out that the letter was from Don Lawrence, the Chairman of the C.A.P., and did not necessarily represent the thinking of his whole committee.

Supervisor Merriam remarked that he felt Supervisor McEwan had hoped to include the Northville area in the Plymouth study in order to foil the chances of success for the Plymouth unification, and that he felt the Chamber of Commerce wanted us not to join the study. Carlson and Allen both expressed much the same sentiments.

Merriam said that it would be much more practical for the township to join a larger governmental unit in order to make a better tax picture rather than to join with a community 17 times smaller than our own.

Allen proposed that an outside, unbiased group be hired to come in and help us decide on answers to questions that have been asked about the advantages or disadvantages of one government for the area.

Nichols volunteered that any information that is garnered couldn't be harmful.

Carlson felt that we should study only the Northville area as Plymouth really doesn't want us, but she felt that we could handle the study locally, without outside help, as we know better than any others what our problems are.

Merriam maintained, however, that a group of experts, an expert, could answer a lot of questions.

Stromberg recalled that before last November's election all the candidates

Northville Hosts Jehovah's Witnesses

Northville was host to some 1,200 Jehovah's Witnesses last weekend as Michigan Circuit No. 8 held a Bible educational forum at the high school.

Marvin L. Holien, district minister in charge of Witness activity in five states, was the principle speaker.

The convention theme, "Supply to Your Faith Endurance," was struck by Holien Friday when he said, "The present unsteady world has caused many serious thinking people to weaken in faith, if not to lose faith entirely. Who can have faith in a God they declare to be dead? This claim has shaken many. One Bible writer said that faith is not the possession of all people and Jesus said that in the last days because of the increasing lawlessness the love of many would cool off, and he added, 'But he that endures to the end will be saved.'"

"You folks," Holien continued, "have assembled here because you want to endure to that end. Our assembly, we hope, will add to your faith and increase endurance."

Carlton L. Cecil, circuit minister, was program director and arranged for speakers from Addison, Adrian, Ann Arbor, Dundee, Monroe, Ypsilanti and Bryan, Ohio.

Particular emphasis was given to parents aiding their children and Saturday's program featured demonstrations by children illustrating the value of parental discipline and Bible training.

The feature of the meet was the showing of a color film, God Cannot Lie, which presented evidence that the Bible is true and is a reliable guide in these modern times.

Mr. Holien concluded the meet by saying, "Every normal human wants to live. If our heavenly father holds out the hope of everlasting life, shouldn't we do our utmost to serve him with

Mr. Holien concluded the meet by saying, "Every normal human wants to live. If our heavenly father holds out the hope of everlasting life, shouldn't we do our utmost to serve him with

just that in view? Many have lost sight of that view due to the cares of this life. Others have gone with the world's moral standards. These are not God's standards and will not give us life. If you are to endure, shut this world's apathy toward a spiritual life. Continue your personal study of the Bible," he concluded.

gestion for a five man committee, and strongly urged its acceptance.

At this time the meeting recessed to enable each municipality to confer and elect representatives.

Baldwin and Stromberg were chosen to the study committee from the township and Black and Nichols from the city. The C.A.P. is to be asked to appoint the fifth member.

Baldwin moved that each Northville community officially notify the Plymouth Chamber of Commerce before Thursday, May 25, 1967, that our joint boards have rejected the idea of a five-community study.

In further business of the joint meeting, the subject of the annexation of the Moraine school property by the city was discussed. Merriam said that the township would be willing to give the

property to the city as it now contributes no tax revenue to the township. However, he feels that the city and township should not have to pay a crossing guard. It is not done anywhere else, and the expense rightfully belongs to the school board.

Mayor Allen said that the city would not want the school property if it would be a burden to the city. The city council wishes to take it under further advisement.

Black mentioned that all schools in the school district do not necessarily have to become a part of the city. The matter was tabled for a later meeting. Meeting adjourned at 7:50 p.m.

Respectfully submitted,
Eleanor W. Hammond, acting Secretary
Clerk of Northville Twp.

SPEAKING for The Record

By BILL SLIGER

In terms of value received per dollar invested there can be no greater bargain in all the world than the education provided American youngsters through the public school system.

If you doubt it, compare your annual school tax bill with what you spend on almost anything else - cigarettes, booze, hobbies, entertainment, food, clothing, lodging, automobiles, transportation or private school tuition.

Then ask yourself, how does the public school tax stack up against these other expenditures?

Taking the position of the severest critics and conceding nothing to the educational effort, it costs the average Northville taxpayer (in local property taxes) about 25 cents per classroom hour to get their kids out of the house and into the classroom. That's about half the going rate for baby-sitters.

It's really "cheaper-by-the-dozen" - just two cents per hour per child!

Yet school taxes represent our biggest single local expenditure for public services and the bill comes in one grand total that must be paid in a lump sum. So they do not escape recognition like other nuisance taxes, such as sales, gas, oil, cigarette, etc., do. And they put a dent in the family budget all at one time.

Because it is tax-supported, and because nearly everyone has been exposed to an education some where and thus something of an expert on the subject, the public school system has more than its share of armchair quarterbacks. Ask anyone ... housewife, merchant, doctor, student, editor ... and they'll give you their theories on how to run the school system and how and what to teach.

They've paid the price of admission, so that's their privilege.

But when all the clouds of conversation are cleared away, only a few hard facts remain to be encountered:

-one cannot honestly complain about the cost of education;

-the quality of education relates directly to what the taxpayer is willing to pay;

-prudent and skillful use of available funds is necessary to guarantee maximum value received per dollar spent;

-the success of any community school system depends to a large degree upon the quantity and caliber of citizens willing to devote time and talent to the board of education and its study committees.

This brings us to Monday and the election of school board members. A relatively small field of candidates exists despite high interest in school affairs.

There's no competition for the two-year post. But the lone candidate, Glenn Deibert, is one who has long shown interest and devoted time to the school system.

Six candidates seek two four-year seats on the board.

My first choice is R. T. Martin, incumbent.

He's really a newcomer to the board, having replaced Don Lawrence following his resignation in March.

Esch...

The first big battle of the 90th Congress is over and now that the dust has settled we can get a good perspective on exactly what happened. While the Elementary and Secondary Education Act passed the House, it did so only after extensive alteration to this federal program for aid to local schools.

On opposite sides were the administration forces who favored the present Washington-controlled approach and those of us who favored more state and local involvement.

IT'S THAT GLORIOUS TIME OF THE YEAR, AGAIN!

A loose leaf By ROLLY PETERSON

At last, a western to beat all westerns. There's more bloody, unmitigated action in one scene of 'A Few Dollars More' than in the collective western canon of Hollywood.

He suggests that there are 'undeveloped relationships' between the community college and the high school. I agree. Some youngsters cannot be inspired by an education keyed to academic requirements for college entrance.

When you go to the polls Monday, I urge you to vote for Martin, Orphan and Hunt.

describe the pieces that were removed. Suffice it to say that when the operation was half completed a good two-dozen pieces of metal, porcelain and petroleum were heaped onto a pile at my feet. (All my repair jobs are done from a reclining position).

This section of the Act which aids supplementary education activities and innovative projects will now be planned and carried out by the states with the Federal government providing the funds.

While other titles remain firmly in the grip of Washington authorities, the compromise indicates an encouraging trend in the House toward a recognition that state and local governments have a role to play in solving their problems and planning their futures.

The program includes a 3 cent hike in the price of a package of cigarettes and would provide for return of a portion of the income tax to counties and cities, villages and townships.

If passed by the House, the temporary tax plan could not be operational until October. Without immediate effect the bill would not take effect until October 20 under the present adjustment schedule.

A number of controversial bills, already approved by one House of the Legislature, were buried in committees and failed to reach the floor of the other House.

Among the more significant measures held in committee were bills dealing with Sunday liquor, military holidays, driver license seizure and discrimination in housing and hospital services.

The Department of Commerce's Environmental Science Services Administration has asked that we pass on to you information about what to do if a tornado threatens.

The new fiscal reform program was expected to reach the House floor for debate sometime during the last week of May or the first week of June.

Expected to get close scrutiny in the House is an amendment tacked onto the income tax bill that prohibits the inclusion of an appropriation measure in the bill, and spells out the public's right to sue for a referendum on the tax issue.

The fiscal reform program, as passed by the Senate, would expire December 31, 1969. It is estimated that the program, in its present form, would provide the state \$230 million in net new revenue, with about 70 percent to come from individuals and 30 percent from business.

State increase or tax reform, whatever you choose to call it, is a priority matter in the legislature and rightfully so. State expenditures are presently exceeding revenues by 12 million dollars per month.

State Republicans last weakened to amend the Senate-passed tax program and attempt to pass two identical tax packages of their own. One

Michigan Mirror State's Lawless Drivers Cost 'You' Money

LANING - Michigan motorists will be hit again this year, physically in the pocketbook, or both, because it seems impossible to get lawless drivers off the highways.

A study recently completed by Michigan Insurance Information Service shows that 65% of those involved in accidents had poor driving records. This compliments studies already done by American Automobile Assn.

Also discovered were 182 drivers whose records were not available because they were driving without licenses.

Wages Up, Sparking Dollar Flow

BABSON PARK, Mass., - Although the dollar volume of total retail trade has been disappointing so far this year, consumer buying power is actually being supported by a record flow of wages and salaries, dividends and interest, pensions, annuities, and government payments.

Wage and salary income has been heading steadily upward since the beginning of World War II - and decidedly so during the past 10 years. Even now - although total number of hours worked has slipped from earlier high-hourly earnings are still advancing.

Among the more significant measures held in committee were bills dealing with Sunday liquor, military holidays, driver license seizure and discrimination in housing and hospital services.

Another 23 cases showed no police record of the accident. AAA studies show similar findings. An analysis of 205 of Michigan's 2,290 traffic deaths in 1966 spotlighted two chronic highway offenders: the drinking driver and the repeating violator.

DRUNK DRIVERS are involved in 44% of fatal accidents. Any driver with more than 12 points in any two-year period runs the risk of a fatal accident eight times that of the average driver. Flagrant violation of highway laws and ensuing accidents have caused annual death rates to climb by 900 per

This increase in cost is reflected in amount of premiums paid by policyholders, almost double that of 1959. Secretary of State James Hare points out that the present point system works in about 95% of the cases. But the remaining 100,000 to 200,000 drivers seem impossible to rehabilitate, Hare maintains.

He notes that these offenders go on-

less and less of their total incomes for food, clothing, and shelter. Of course, expenditures for the necessities of life will still be increasing, but they will not be rising as fast as will TOTAL spending for consumer goods and services.

AS INCOMES rise to new highs, more and more American families will have more money to spend as they choose. A decade from now, today's upper- and middle-income market will be a mass market, for the upward trend in discretionary income promises to resist stubbornly any interruptions caused by cyclical and other forces.

Such a sharp boost in family income should go a long way toward expanding markets for consumer goods and services. It should also mean that in the years ahead families will spend

punished primarily because law enforcement agencies are "understaffed and undermanned," causing a "lower priority on these kinds of violations."

Hare feels that improvements in the point system have been made through the years, but that more are needed. Any major changes, such as re-examinations at the nine point level, would be extremely expensive and add further burden to law enforcement personnel, he says.

Much depends on new legislation. But he reports that some of the bills introduced this year under the direction of his department "are either dead or stymied by lack of appropriations."

TRAFFIC SAFETY studies all point to the same general recommendations: Earlier and stronger steps must be taken to get the irresponsible motorist off the highways and keep him off. Operating a vehicle without a valid license must carry stiffer penalties.

Michigan people will pay either a bettering legal system or in lives, injuries and dollars.

Unless the rising toll of highway accidents is turned, Michigan may soon record the highest traffic fatality count of any state.

Wixom Granted Additional Funds

The Wixom city council received news Tuesday night that an additional \$14,580 in state funds will be coming its way to help finance the city's sewer system now under construction.

After the grant announcement, the council turned its attention to a zoning ordinance amendment that would eliminate front yard fences back to the setback on residential property. But no action was taken.

There was confusion over details of the amendment. It was originally intended to eliminate front yard fences back to the setback was 25 or 50 feet, or whether fences would be permitted to extend in front of the house line.

Two projects to enhance the appearance of the Novi township hall - one near completion and the other in the planning stage - highlighted Monday's monthly meeting of the Novi township board.

The board voted unanimously to give Paul Proffitt, Walled Lake builder, 14 days to complete work on the fire hall addition to the Novi township hall.

Specifically, the notice grants seven days to complete the job and another seven until termination of the contract between Proffitt and the board. A similar letter will be sent to the bonding company, informing of the board's action.

Already, Proffitt has exceeded the extended deadline of June 9. He was granted a 30-day extension beyond the original completion date of May 9.

Several requirements remain to be met on the \$15,920 addition. Of this amount, the township has withheld payment of \$1,700, pending completion. Township Attorney Emory Jacques advised that Proffitt's exceeding of the extended deadline constituted a breach of contract. Failure to respond to the notice would trigger the hiring of a new builder to finish the work.

Novi Justices to Resign

Novi's two justices of the peace and two of its most prominent citizens will be resigning their positions in the fall.

The departure of Robert K. Anderson and Emory Jacques, Novi township justices, will create two elective vacancies. The township board is empowered to appoint replacements.

Ironically, both men decided to move to new homes at the same time. It's on Bloomfield Hills for Anderson in September or October. Jacques has already purchased a home in Northville, and will move in August.

Their terms were to have expired on December 31, 1968, when the justice of the peace system is reportedly slated for the scrap heap, due to reorganization of Michigan's lower courts.

Anderson, who came to Novi in 1956, has been a justice of the peace for 10 years. First elected in 1957, he ran successfully for re-election in 1961 and 1964.

Anderson has practiced law in Detroit since 1954. He is a member of the American Legion, the law firm of Lawson and Anderson of Farmington, where he also has an office.

Anderson lists many other civic and service activities in Novi. He was elected to the Novi township board in January of 1956, while still attending the University of Detroit law school.

8 Boys Enter Politics

Eight Novi high school boys are in the lap of political excitement today as the community's representatives at the American Legion's 30th annual Wolverine Boy's State in East Lansing.

Yesterday, they joined 1200 boys from throughout the state to take part for one week in grass roots politics and to learn civic responsibility.

The opportunity was afforded through the Lloyd H. Green American Legion post of Northville and primarily, through the sponsorship of various local organizations.

This year, the boys and their sponsors are: Paul Faulkner, General Filler, Inc.; Levon Trafiran, Holcomb Industries, Inc.; Gary Boyer, Willowbrook Civic Association; Tom Holmes, Novi Farm Bureau; David Bingham, Novi Rotary Club; Lee Snow, Novi Board of Commerce; Pat Haley, Village of Novi, and Douglas Earl, Novi township.

Upon arrival at Michigan State University, each boy is assigned to one of 24 designated "cities," the basic governmental unit, each one comprised of 50 boys. The cities, in turn, make up the county and the counties, the state.

Each city has its own officers, and all city members pull together for its betterment. What political positions the boys assume within the mock city is strictly up to them.

The week-long activities will provide a thorough familiarization with government functions, including election of officers, city and county orientation, party affiliation, law enforcement, planning, parliamentary procedures and civil service clinics.

Highlight of the gathering are the state conventions, during which candidates vie for state and county jobs, from governor to constable. The candidates campaign vigorously, hold political rallies and generally, seek out those all-important votes, to be cast at the polls on Sunday.

Inauguration of the governor and state officials will take place during a general assembly Sunday night. Included in the program will be a speech by a guest speaker.

Coburn Wins in Novi

A former Novi board appointee and two Walled Lake incumbents were elected to the board of education of the two districts.

Also, both districts approved the county vocational education proposition as did the entire county.

Very few electors took time to cast ballots in what officials termed a "poor" turnout in Novi and an "extremely poor" turnout in the Walled Lake district. Only 33 persons - about 4 percent of the approximate 700 qualified electors - voted in Wixom, part of the Walled Lake district.

A total of 324 persons voted in Novi, 631 in the Walled Lake district. Elected to the Novi school board was Elwood Coburn, Sr., who had a 78-vote margin over his nearest opponent, the Ford Motor company senior claims adjuster polled 170 votes, J. F. Buck received 92 votes, and Russell L. Smith picked up 55 votes.

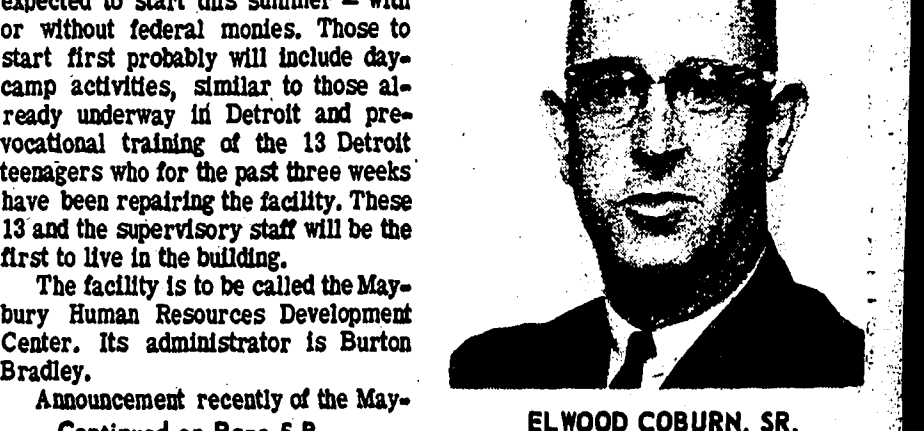

Buck and Smith received fewer votes than the number of registered voters of Willowbrook. Subdivisions where they live, Willowbrook has the largest concentration of voters in Novi.

Returned to office in the Walled Lake school district were incumbents Robert M. Thibideau and Barbara A. Scully. Thibideau polled 391 votes (25 in Wixom), Scully 371 votes (22 in Wixom), and challengers Roy W. Fogle, Richard T. Schilsky, and Herman P. Werther, picked up 220, 120 and 83, respectively. Thirteen Wixom voters picked Fogle, four Schilsky, and one Werther.

The vocational education proposal won by 166 to 101 in Novi, by 302 to 239 in Walled Lake (including Wixom), and by 15 to 9 in Wixom. County-wide the proposal carried, 19,874 to 16,219.

While far fewer persons voted in this year's school election than last, it was pointed out that last Monday's ballot contained names of fewer candidates for fewer offices. A dozen candidates sought office in Walled Lake last year while five campaigned for three Novi board seats.

A total of 608 votes last year in what officials termed a "relatively heavy" Novi school election turnout. In 1965 a total of 492 voted in Novi.
