

Teacher Hiring Sparks Split Vote

By a 4-3 vote, the Northville board of education approved additions of five new teaching stations to the 1967-68 staff.

Board President Wilfred Becker, who conducted his last board meeting before leaving office, cast the deciding vote when Stanley Johnston, Eugene Cook and James Kiefer voted for the measure and Richard Martin, Richard Lyon, and Robert Froelich voted against it.

Major objections to the additions at Monday's meeting and at an earlier work session included the additional cost in face of budgetary limitations and a contention that different teaching stations might be more valuable.

The new teaching stations include an elementary health and physical education teacher, an elementary art teacher, an elementary music teacher, an elementary librarian, and a half-time teacher - half-time assistant junior high school principal.

Approval of the measure carried the stipulation that the half-time assistant principalship contract be for one year only, pending review of the situation next year.

Total cost of the five new teachers was pegged at \$30,000.

While some voiced concern over this expenditure, Johnston said administrators had found by reviewing the preliminary budget that the money appeared to be available. The word "appeared" bothered some of his fellow board members, who with him have been wrestling with budget financing.

To a warning comment by newly elected Schoolcraft College Trustee B. William Secord that the board may be putting itself in the position of approving expenditures and then having to ask the already burdened taxpayer for additional funds to cover them, Johnston said the board must provide good

Driver Jailed After Wild Chase

A 21-year-old Walled Lake man who led Novi police on a wild chase and smashed his car in the process was slapped with a 90-day jail sentence Friday.

Clyde Hallon pleaded guilty to counts of driving without a driver's license and reckless driving. The sentence covers both charges concurrently.

The chase began shortly after Novi police received a be-on-the-lookout at 1:38 a.m. for a car similar to the one driven by Hallon. Corporal Gordon Nelson and Officer George Biggs, on patrol on West road spotted Hallon driving north on West road.

When he failed to acknowledge the flashing red police light, police whipped around and gave chase. According to police, Hallon, clocked at 80 to 90 miles per hour, ran a stop sign at West Lake drive and West road.

At the intersection of Ludlow street and West road, he lost control of his car, which turned over twice and came to rest on its side, police reported.

Hallon and a passenger, Lonnie Spencer, 17, also of Walled Lake, were unscathed. Hallon was later remanded to the Oakland county jail overnight, then brought before Judge Emery Jacques the same morning and sentenced.

Rezoning Asked For Development

The Novi planning commission set a July 31 public hearing date on a huge proposed development of apartments, a shopping center, motel and professional building.

Called the William Walker property, the 100-acre site is located at the northwest corner of Eight Mile and Haggerty roads. Making the request was Richard Gabel, a developer formerly with Thompson-Brown.

Now working independently, Gabel is seeking rezoning of 27 acres for multiple dwellings and about 73 acres for development of a central business district.

Gabel indicated Monday that upon approval construction would not be undertaken until construction of the proposed south extension of the I-96 expressway network was completed. State plans indicate the expressway will cut through the Walker property.

The state will let expressway bids in January of next year, Gabel said he was informed, and actual construction of the Oakland county portion of the network is expected to be completed by 1970.

Another request submitted by Gabel, this one on 136 acres on 10 Mile and Novi roads, was referred to the planning consultant for an opinion. The property is owned by James Erwin. Sought is rezoning of 50 acres on Novi road to commercial (C-2) and 86 acres on 10 Mile road to heavy manufacturing (M-3).

The planning commission also denied two requests, both by 7-0 margins.

Leonard Broquet sought the rezoning of 83 acres, located on Eight Mile road west of Meadowbrook road, from R1F to multiple (R2A). His request was refused because it would conflict with the prevailing, surrounding residential area.

The other rezoning request was submitted by B. J. Pollard. It involved the change of 50 acres on the east side of Novi road, north of Oakland Hills cemetery, from residential to medium manufacturing (M-2).

Reason given for denial was that rezoning would constitute spot zoning. Adjacent property is zoned residential.

In a previous meeting, the commission scheduled rezoning hearings on three parcels for July 10. Included are:

---40 acres located east of Novi road and bordering the C&O railroad tracks. Vincent O'Roy is asking that the property be rezoned from M-1 to M-2 to permit construction of a storage warehouse.

---six acres on the north side of Grand River, west of Taft road. Owner Laura Lee Ozark asks rezoning of the front portion of her property, now commercial, to conform with the back medium manufacturing (M-2) portion.

Novi Rotary to Install New Officers Tonight

Installation of newly elected officers of the Novi Rotary club will take place tonight (Thursday) in a special "ladies night" program at the Bonnie Brook Golf Club in Detroit.

Accepting the gavel of presidency from the outgoing Rotary President Richard Blagman will be Robert Stiles. Other newly elected officers who will be formally inducted include:

George McCollum, vice president; Robert Metz, secretary; and Thomas Dale, treasurer.

The installation dinner program will get underway at 6:30 p.m. with a cocktail hour.

President-elect Robert Stiles and Secretary-elect Robert Metz of the Novi Rotary club attended an all-day training conference last week Tuesday at Blenheim, Ontario.

The conference was for all presidents and secretaries within Rotary District 638 who will take office on July 1. Some 75 persons attended.

Presiding over the conference was District governor elect Erik Bentledge of Bloomfield Hills, who recently returned from a training session at Lake Placid, New York. Outgoing district governor Proctor Dick also was present.

Salary Increases

Continued from Page One

In commenting on this change, Jacobi noted that any change makes contracts signed by principals invalid since their signatures were based upon acceptance of the total policy as outlined to them Friday. However, he added that he doubted if any principal would object to the change, which Trustee Richard Martin explained was made to insure that principals are kept at a level above any future maximum salary of a teacher.

Salaries approved Monday represent substantial raises for principals over salaries granted in the budget last fall. Holdsworth moves up \$1,000; Horwath, up \$1,500; Vanlengen, up \$1,500; Jacobi, up \$1,500; and Smith, up \$2,000.

The salaries are pegged within ranges established in the newly adopted salary policy. These ranges are: Assistant high school and elementary principals, \$11,500 to \$14,500 in eight years; junior high principal, \$12,000 to \$15,000 in eight years; and high school principal, \$13,000 to \$16,000 in eight years.

Other policy specifications include:

---Two-year contracts, provided the principal has previous administrative experience.

---Contracts extend from July 1 to July 30 with four-week vacations while school is not in session. This means principals will work 48 weeks instead of 44.

---Annual review of contracts by April 1 of each year.

---Provision to withhold an increment step for one year, but with the stipulation that the increment is granted the following year or the contract is terminated.

---Principal posts do not carry tenure.

---Provides that new principals may be placed on one of the first three steps of the salary schedule.

---Provides an adjustment or index of salaries if maximum teacher salaries increase significantly.

Alex Nelson

Continued from Page One

Nelson invariably accepted attacks upon himself and his role without public comment. His habit of lauding his critics infuriated some.

Nelson, who reportedly will continue work toward his doctorate degree, came to Northville in June of 1965, upon the retirement of Russell H. Amerman. The fact that he stepped into a position held by a single man for well over a quarter of a century created a greater adjustment problem for the new superintendent, some observers stated.

Prior to joining the Northville system, Nelson had served four years as superintendent of the Menominee school district. Prior to that he was superintendent of schools in Richmond (six years), Hesperia (six years) and Hershey (two years).

THE DIMENSIONS OF LIBERTY

Have you ever taken her measure? — from base to torch: 151' 1" — from heel to top of head: 111' 1" — length of hand: 16' 5" — index finger: 8' 0" — finger nail: 13" x 10"

But these are the dimensions of a statue only. The dimensions of liberty are greater. And one of these is faith in God!

The desire to worship faithfully and freely according to the dictates of one's own conscience inspired the birth of our Nation.

And to this day, every hymn, every prayer, every act of reverence and service and sacrifice which flows from our hearts toward God...

WORSHIP WITH YOUR FAMILY AT THE CHURCH OF YOUR CHOICE

from the PASTOR'S STUDY

Father Edward Battersby, Pastor
St. Joseph's Church, South Lyon

What actually is the genuine Christian? What is he like? Our Lord tells us that he is like his Father. What is this? It is holiness. Jesus wants us all to be Saints. A not too precise definition has been offered: "A Saint is a sinner who has made good." All of us fulfill at least part of that definition; the part we lack can be subsidized by God's grace.

Few of us would regard ourselves as potential Saints because we have a false notion of what sanctity means. A saint is not necessarily one who does great and wonderful things, the fruit of holiness in our lives comes from fidelity to the little things of our state in life, from being charitable to members of our own family as well as to strangers. It results from daily kindness, patience, understanding and the giving of one's self. It is arrived at by opening up our whole life hearts, minds, personality to God by accepting His will as or own.

It has been said that "total perfection comes when a person really desires to do God's will. We mean it up to a point; but it takes a lifetime to make it a full truth."

We must want to do the Father's will. This is the main thing, and we must try not to be afraid of it. Remember: God is our Father. He loves us with all the love of His sacred heart; He is not going to allow anything to hurt us in life, from being charitable to members of our own family as well as to strangers. He lived God's will before us.

Presbyterians to End Vacation School Tonight

The annual vacation church school of the First Presbyterian Church of Northville will conclude this evening, Thursday, with an open house and special program at 7:00 p.m.

Students and parents will see a film entitled The Parable, a film produced by the National Council of Churches and shown at the Northville World's Fair.

During the past two weeks about 100 students have been attending daily morning classes, supervised by a staff of 30 teachers and helpers, under the direction of Rev. Timothy Johnson.

Special events included: a trip to the Northville Record by the junior department to better enable them to publish two Bible School newspapers; a trip to Eastlake Convalescent Home by the primary classes; a trip to Cranbrook Institute by both primary and junior departments; and a picnic for the kindergarten classes.

A very special occasion occurred when Father Tom McGuire talked with the school at an assembly program. The money offerings collected from the daily worship services will be used to sponsor an orphaned child in a foreign country through the Christian Children's Fund. The students here will have an opportunity to correspond with the "adopted" child.

Salvation Union Plans Special 4-Day Program

A special four-day meeting program July 1 through July 4 was announced this week by the Rev. James F. Andrews, pastor of the Full Salvation Union.

Three meetings on each of these three days will take place on the Full Salvation Union's 40-acre grounds at 51500 Eight Mile road — 3 1/2 miles west of Northville.

All persons interested in joining Jesus Christ in prayer that "we all may be made one — that the world may believe" is invited to attend," Rev. Andrews said.

Services will be held at 10 a.m., 2 p.m., and 8 p.m.

Why the big switch to electric heat?

Area ministers, rabbis and priests have been invited to cooperate and participate in these special meetings, he said. Persons wishing additional information may call Rev. Andrews at FI 9-0056.

Good news travels fast.

News Around Schoolcraft

Schoolcraft college recently moved a step closer to full accreditation by the North Central Association of Colleges and Secondary Schools when the college submitted a 193-page self-study — the result of a year-long project required as part of the accreditation process.

The self-study critically examines every major phase of the college from its basic philosophy to its financial resources, cites strengths and outlines efforts being made by the college to correct unresolved problems. Largely a project undertaken by the college faculty, the self-study involved every segment of the college staff. The study was developed by seven major committees, directly involving some 50 faculty members.

Completion of the self-study places Schoolcraft on the threshold of the final phase of the NCAACS accreditation process.

If all remaining hurdles are cleared, the college, now completing its third year of operations, could achieve full accreditation next March, according to John H. Brian, vice-president for instruction and director of the self-study.

Schoolcraft has been accredited by the Michigan Commission on College Accreditation since 1959, and last year was admitted as a candidate for accreditation by the NCAACS. In addition, the college meets all accreditation requirements imposed by the U.S. Office of Education for eligibility for various federal grants.

"It is a very real step," Brian explained. "Schoolcraft was accredited the moment it opened its doors to accept students for the first time in August, 1964."

"Our credits have always been accepted for transfer by every four-year institution in Michigan and we do not have a single instance in which a Schoolcraft graduate was denied admission to a four-year institution when his scholastic record here met the entrance requirements of the senior college."

"We are, however, extremely desirous of full accreditation by the NCAACS at the earliest possible time. The North Central Association is the sole regional accrediting organization, and the recognition will place Schoolcraft on a parity with every other accredited institution in the nation."

"While there are a number of steps that must still be taken, we are confident of attaining accreditation from the NCAACS next spring."

"If this is the case, Schoolcraft will have achieved accreditation in the shortest time possible under the requirements of the North Central Association."

A final decision as to accreditation would be made by the NCAACS during its annual meeting in March.

HIGH SCHOOL CONSTRUCTION—Construction of the additions at Northville high school are moving along on schedule, officials report this week. The classroom section is expected to be ready for occupancy by the opening of school, and the swimming pool (foreground) and the shop are expected to be completed sometime between September and February.

'Mail Early For Fourth'

Regular holiday schedules will be observed by post offices in Northville, Novi and Wixom on Tuesday, July 4. Acting Postmaster John J. Stelmel of Northville outlined schedules for nearly all post offices with these words: "There will be regular window delivery service. Mail will be picked up from deposit points on holiday schedules, and special delivery will be provided.

Kurt M. Wiley Attends Special Science Class

To learn at first hand about engineering and science, 41 high school students who will be seniors next fall—including one from Northville high school—will spend six weeks this summer in the University of Illinois at Urbana.

OUT OF THE PAST

FIVE YEARS AGO... Northville city and township officials appeared to have reached opposite conclusions on the procedure to follow in considering the proposed entrance of Novi into the Middle Rouge interceptor sewer system.

Northwestern Gives Degrees

Two area residents were recently graduated from Northwestern University in Evanston, Illinois. They are John W. Schwartz, 23145 Novi road, who was awarded a doctor of philosophy degree, and Eric R. Brown, 45400 Pontiac trail, who also received a doctor of philosophy degree.

Delay Industrial Park Wixom Seeks Changes Wixom Sewers Lagging

Work is lagging on Wixom's sewers. At the half way point, only 30 percent of the sewer pipe is in the ground. "We've been hampered by ground conditions and the weather," Robert Trombley, superintendent of the department of public works, said.

Gaye Brothers is building the plant and fields, located west of Wixom road, just off Charns road. Work at the present time centers on: --the 42-inch line from the disposal plant. --Hickory Hills --the North Wixom road area, south of Charns road to Potter road, where a 24-inch line is being put under ground.

The ABC Photo building now under construction is Novi's biggest commercial project this year.

Three Cheers For Six

Novi's winsome cheerleaders returned last Friday from Camp All American at Hartland with an unprecedented number of honors. The six girls walked off with three trophies and three ribbons—the most ever garnered since Novi began competing three years ago.

Novi Construction Out Front of '66

Estimated value of building for the first six months in Novi is running ahead of last year's record pace of \$2,381,956. Thus far this year, residential and commercial building totals \$1,467,205.

District Tourney Slated for Novi

Mark July 17 on your calendar. That's when the Novi Little League All-star baseball tournament will be held. The site: Novi school field. Novi is scheduled to clash with Holland in a preliminary game.

Manager Improving

That's the latest word on Village Manager Harold Ackley, who has been hospitalized at St. Joseph hospital, Pontiac for about two weeks, following a heart attack. Still no word was forthcoming as to when the manager will be back on the job, let alone out of the hospital.

A New Volkswagen costs less than most new cars. Less in fact, than many used cars. So, if you buy a VW, you may start right out saving a bundle. A Volkswagen goes a lot farther on a gallon of regular gas... about 27 miles. So, if you buy a VW, you'll save on gasoline. A VW averages about 40,000 miles on original tires. That's about twice as far as most cars. You save on tires. A VW is air-cooled. So you can forget about anti-freeze, radiator repair or water hose replacement costs. More savings. Even if you bend a VW fender, you save. It can be removed by loosening only 10 bolts. You don't pay for the whole side of the car. License & Insurance costs save money, too. Buy your Volkswagen now, and save even more. Come in and see us right away before new car prices go even higher! We'll save one for you.
