Enter Kemedial Reading Class

Seventy-two Novi children embarked on a summer remedial reading program on June 26 that promises to make them

better students. It's not new, for Novi had the same program last year. But there's something different about this year's plan, financed by \$15,000 of federal funds. The difference is the way teachers divide their duties, which, Director Roy Williams stated, makes teachers more effective and reduces the need for more equipment.

Basically, the new educational plan works this way. The children report to the Novi elementary school at 9a.m. for an hour of skills instruction and an hour of directed activities. Rather than having the same teacher

instruct in skills and lead activities. each teacher specializes. One teacher skills for two hours, while another leads activities.

That's the way the work will be divided throughout the program, which will run through August 4. "I thought we needed more time to prepare," said Williams, who is also principal of the Novi elementary school. "But the first week was really satisfactory."

In other words, the new method was paying off. Most of the children are in grades one through six. Some are from junior high school. The first graders and junior

high students do not follow the same routine as the second through sixth graders. They have the same teacher each day for two hours. Otherwise the new division of duties is followed. Mrs. Mary Hart handles the first graders. Gloria Crawford is a full time consultant and Ann

Other members of the summer

Besides the in-service training, the teachers have other helpmates--equipment purchased with federal funds. Included are tape recorders, phonographs, Craig readers, books and anguage masters.

eight issues will be argued before Judge William Beer, Oakland county circuit judge. Bond pointed out that there are two central issues: ---Is the map attached to the petition for incorporation as a home rule city defective because it includes Novi townshio area?

--- Does the court rule stating that once a case has started the same judge must review all issues stemming from that case apply to the present

If Judge Beers should find in favor incorporate as a home rule city would be crushed. If not, likelihood is that the village could set another cityhood election. Already, one has been set aside because of litigation.

Other issues to be resolved are: --- What is the legal effect of the Novi village council permitting the withdrawal of the petition for incorporation as a fourth class city? --- Can the circuit court inquire into the legality and sufficiency of the incorporation petition of the village as a home rule city.

---Are petitions for incorporation invalid by reason of the fact that they do not state that the area sought to be incorporated contains a population density of 500 persons per square mile? ---Should the petitions for incorporating the village as a home rule city have been submitted to the Oakland county board of supervisors for

the rezoning request will sit in drydock. Submitted by William Buber and Vernon Spencer, it asks that 342 acres on West Pontiac Trail be rezoned to light manufacturing, 284 of which are included in the proposed industrial sub-

Passed 5-0 by the planning commission, the proposed amendment calls for deletion of the words "front yard" from that section of the zoning ordinance applying to setbacks. The words, in the opinion of City Attorney Gene Schnelz and council members, constitute a legal loophole.

The contractor could skirt the 160

Spinniken-Hill Wed

June 17 at Immanuel Lutheran Church in Leland, Michigan.

The Rev. Karl Weckwert, pastor of the church, officiated at the 7 p.m. ceremony in a setting of altar bouquets of white gladioli and yellow chrysanthemums, with a seven-inch candleabra flanking the altar. The bride is the daughter of Mr.

and Mrs. Robert Spinniken of Lake Leelanau, and the bridegroom's parents are Mr. and Mrs. A. Laurence Hill, Sr., of Plymouth. For her wedding, the bride chose a white satin peau, princess style floor length gown. It featured appli-

qued lace trim on portrait neckline, hemline and chapel length train that fell from the shoulders. Her short bouffant veil was held by a band of lilies-of-the-valley.

She carried a crescent shaped bouquet of white feathered carnations and Miss Trudy Gordon of East Lansing, maid of honor, wore an A-line gown of white dotted swiss over agua taffeta.

Bridesmaids were Patricia Petersen of Leland, Judith Ball of Le-

land and Kris Grueber of Traverse City. All wore gowns and carried flowers identical to the maid of honor. Serving as best man was Harold Schmidt of Northville. Ushers were Fred Sarnes of Northville, James Hill of Plymouth, brother of the bridegroom, and Donald Spinniken of Lake Leelanau. brother of the bride.

The bride's mother wore a blue silk shantung jacket dress, while the bridegroom's mother chose a brown lace sheath over beige taffeta with Following the ceremony a reception

was held at the Riverside Inn at Leland. Approximately 250 guests at-Guests attended the wedding and reception from Northville, Grosse Pointe, Birmingham, Grand Rapids, Muskegon

Three young accomplished speakers of the Wayne County TAR Council, is captured recognition and impressive trophies last week upon being named regional winners in a state-wide oratorical contest being staged by Michigan teen-aged Republicans.

The awards were presented by County GOP Chairman Henry R. Sladek, at the second general meeting of the Wayne County Teen-Age Republican (TARS) Council, held at the Pick Shelby Hotel on June 26.

Caroline Collacott II, 43738 Dorisa Court, Northville chose the topic concerning the "Influence of Affluence", which depicted the escalation of costs of political campaigns. Caroline is a member of the newly formed Northville

off to a quick lead in the Northville Recreation Knothole Baseball circuit--Behind the pitching of Captain Ken Worly and Jim Watson, the Yankees posted 6-1 and 11-3 victories over the Dodgers and the Giants,

five runs in the first inning on singles by Bob Smith and Watson and four walks. The Dodgerspushed across a run in the fifth, but could not make up the

hapless Giants after allowing three runs in the first inning. Worly, Watson and Brian Mills led the hitting attack as the Yankees scored in every inning. Those were the two easy wins. In the first game of the season, the Yankees barely eked out a 3-3 tie With the Angels leading 3-1,

catastrophe struck. Their star hurler, Scott Cummings, pulled up with arm trouble and had to be relieved. Mark Matthews led the Angel attack, scoring two of the three Angel runs. Pegged to give the Yankees a real run for their money are the Athletics.

The A's romped 7-0 over the Dodgers

C. Richard Castillo

A 19-year-old Northville combat Marine, who was wounded on June 6, has been recommended for the Silver Star for gallantry in action.

Recommended for the award by his commanding officer is Lance Corporal C. Richard Castillo, son of Mr. and Mrs. Charles W. Castillo, 41400 Seven Mile road.

Corporal Castillo, who was protecting an observation-communication bunker on Hill 950 situated above Conthien, was wounded by shrapnel from hand grenades. He was hospitalized for three weeks and then returned to action at Khe Sanh, Vietnam. Recommendation for the Silver Star carries the explanation that Corporal Castillo inflicted "heavy casualties upon the enemy by sniping while

wounded." The serviceman joined the Marine Corps in June of 1966 after attending Michigan State University.

Gerald Bennett, son of Mr. and Mrs. Elmer Bennett of 41631 Six Mile road, was inducted into the U.S. ArmyonJune 12 and is presently undergoing basic training at Fort Knox, Kentucky.

A 1966 graduate of Northville high school, Bennett is 18 years old. Before his voluntary two-year enlistment, he worked at the Ford assembly plant in

The Bible was written to be read and understood. To demonstrate this principle, this writer selected a twelve year old boy from the morning congregation of our church a few weeks ago, and asked him to read aloud Romans

10:13, which is as follows: "For whosoever shall call upon the name of the Lord shall be saved." The young man was then asked to tell in his own words what he thought the verse meant. His reply was clearly and simply stated: "If someone asks God to save them from their sins, He will do it." A person would not need theological training to observe that the youth was correct in his interpretation of the verse.

Police Cases Up, Tickets off in Novi

The May report of the Novi police department revealed a continuing trend. A record number of cases - 345 were handled by the department, while the number of traffic tickets issued continued to fall off. During the past month, 154 motorists were cited, as opposed to 186 in 1966 and a record 279 in 1965. One essential factor explains the present trend: more time consumed in

Revenue from court fines reflected this trend. Justices Robert K. Anderson and Emery Jacques levied a total of \$2,461 in fines, compared with 1966's May total of \$2,719.

The nine-man Novi force put in a total of 1613 and one-half hours, topped by Chief Lee BeGole's 202 hours. In

The difference between injury and death in the typical traffic accident may well be the difference between night and day, the report indicates.

While nearly 65 per cent of the injury accident accidents studied occurred in daylight, 61 percent of the deaths occurred after dark.

Alcohol was involved in at least 36 per cent of the fatal accidents over Memorial weekend but in only 17 per cent of the injury accidents.

Other statistics gathered in Auto Club studies of injury accidents occurring last summer and Memorial Day, 1967 reveal: -driver error is listed as the prime

factor in 84.8 percent of the cases, errors by pedestrians or cyclists pushed the total to nearly 99 per cent; -Automobile defect was negligible as a cause, being listed as the chief

-two-lane roads or streets were the scene of most accidents, 60 per cent of the bodily injury mishaps Memorial weekend and 70 per cent of last summer's fatalities:

-93.8 per cent of the accidents occur within 25 miles of the drivers' homes:

-only 5.9 percent of the drivers or passengers injured were wearing seat belts and more than half of the cars were not equipped with them. although the average age of the automobiles was less than 3-1/2 years;

-bad drivers were involved in a disproportionate number of the accidents - 10 drivers with an average of nearly 25 points on their lifetime driving records (nearly six times as many as the average motorist gets in a lifetime) were responsible for onethird of the fatal accidents.

The Auto Club report, which is composed as part of the company's "Bring 'em back Alive" campaign, notes that one 32-year-old driver who was killed over the Memorial weekend had amassed 52 points in the past ll years. Another, 27 years old, had

Roger Rider, 33, is recovering from 28 points in seven years, while a 19year-old had 16 points in two years.

The in-depth studies of causes and patterns of such injury accidents will continue throughout July and August and following the Labor Day weekend.

An awareness of the prime causes of highway injury accidents should help all motorists to further reduce the rate in Michigan - and avoid the possibility that our own names might be among those statistics being studied this summer.

All accidents aren't necessarily grim. Just ask newly-appointed Municipal Judge Philip Ogilvie.
