

6-Month Building Declines in 1967

The number of residential units authorized for construction in the metropolitan area during the first six months of 1967 declined from the same period of the previous year, according to a report of the Detroit Metropolitan Area Regional Planning Commission.

This is the first decline for the period in six years, the commission noted. "A total of 15,370 units were permitted during the first six months of 1967 compared to 16,697 for the same period of 1966, a decline of 1,327 or 7.9 percent."

Construction of multiple-family units, which recorded an increase of 22 percent in 1966, declined 11.4 percent during the first six months of 1967. The number of multiple-family units decreased from 7,012 units in 1966 to 6,212 units in 1967, a decline of 800 units.

Oakland, Washtenaw and out-Wayne counties recorded overall residential unit declines while Macomb county and the city of Detroit recorded increases. Here's the local area residential building figures for the first six months of 1967:

LIVINGSTON COUNTY
Brighton - one single unit, no two-family unit, no multi-family, net one.
Brighton township - 42 single-family units, no two-family units, no multi-family units, 42 net.

Green Oak township - 22 single family units, no two-family units, six multi-family units, 22 net total.

OAKLAND COUNTY
Commerce township - 54 single family units, no two-family units, no multi-family units, 54 gross total and a net of 52, with three demolitions.

Farmington - 30 single family, no two-family, no multi-family net 30.
Farmington township - 153 single family, no two-family, 179 multi-family, 332 gross, net 329, with three demolitions.

Lyon township - 18 single family units, no two-family units, five multi-family, 23 net total.

Novi - 33 single family units, no two-family, no multi-family, 33 gross total, and 32 net, with one demolition.
South Lyon - 23 single family, no two-family, 10 multi-family, 33 net.

Walled Lake - two single-family, no two-family, no multi-family, net two.
Wixom - nine single family, no two-family, no multi-family, nine net.

WASHTENAW COUNTY
Northfield township - 15 single-family, two two-family, no multi-family, net 17.
Salem township - seven single family, no two-family, no multi-family, seven net.

WAYNE COUNTY
Northville (city) - three single-family, two two-family, no multi-family, net five.
Northville township - 18 single-family, two two-family, 32 multi-family, gross 50, net 46, with two demolitions.

At Schoolcraft Teachers, Board Ratify Contract

A master contract covering salaries and working conditions for the 1967-68 academic year has been approved by the Board of Trustees of Schoolcraft college and the Faculty Forum, which represents full-time instructors, counselors and assistant librarians.

Announcement of the agreement was made public by Dr. Eric J. Bradner, president of the college.

The contract provides for a \$1,000 across-the-board raise for all Forum members plus salary increments earned last year ranging from \$200 to \$500. In addition, the college board agreed to pay one-half the cost of dependents' hospital and medical insurance for dependents. The college will continue to underwrite the entire cost of the insurance for all employees.

The agreement establishes a 10-step basic salary index for a 36-week contract year for instructors and sets a teaching load of 14 to 16 semester hours or equivalent for academic instructors, 12 hours for English instructors, and 18 hours for technical instructors.

The salary index provides a range of \$6,700 to \$9,400 for instructors with a bachelors degree; \$7,500 to \$11,500 for instructors with a masters degree; \$8,000 to \$12,000 for a masters degree plus 30 or more additional graduate study hours; and \$8,500 to \$12,500 for Ph.D's.

Negotiations began in mid-January pursuant to Michigan Public Act 336.

GM Taps Quigley For New PR Post

William G. Quigley of Northville has been named staff assistant for publicity and regional activities for General Motors.

The appointment was announced by Anthony DeLorenzo, vice-president of General Motors in charge of public relations staff. Quigley succeeds Norman E. May, who was named public relations manager in the Detroit region, covering southeastern Michigan and Canada.

Quigley, who lives at 18355, joined GM in 1958 as field representative for the Fisher Body Division Craftsmen's Guild. He was named technical supervisor for the Guild in 1959 and promotional supervisor in June, 1960, and was transferred to the Oldsmobile division public relations staff in January, 1962.

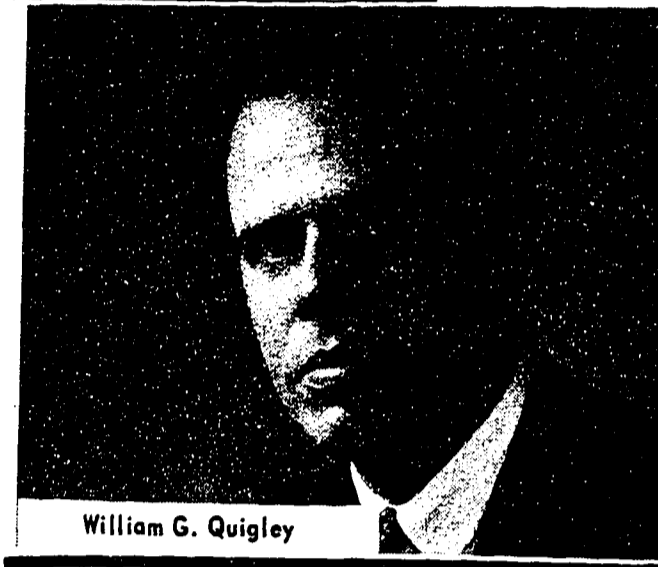

He was named representative in the Detroit regional office of the GM Central office public relations staff in April, 1964, and assistant regional manager in October, 1965.

Eva Mae Gunn Enters Evangel

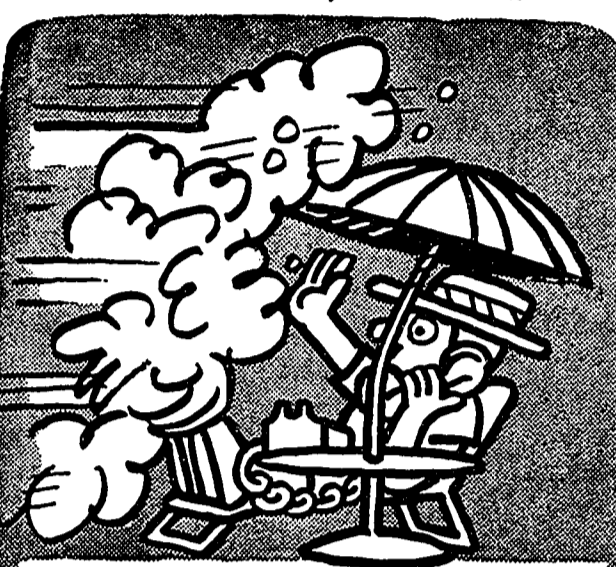

Eva Mae Gunn, daughter of Mr. and Mrs. John Gunn, 28751 Summit has been accepted for admission to Evangel College, Springfield, Missouri this fall.

A graduate of Walled Lake high school, she plans to major in music education at Evangel. In high school she was editor of the school newspaper and was a member of the National Honor society, student council, and choir.

Evangel College, Springfield, Missouri, is a four-year college of arts, sciences, and humanities.

John Finlayson Wixom Assessor Wins Salute

John C. Finlayson, Wixom assessor, has been chosen for inclusion in the 1967 edition of the publication, Outstanding Civic Leaders of America.

The book is an annual biographical compilation of approximately 6,000 civic leaders from all sections of the nation. Men and women included were nominated earlier this year by local city officials, Chambers of Commerce, and civic groups.

"Mr. Finlayson has distinguished himself in civic work to the point of being outstanding," said Doug Blankenship, past United States Jaycee president and chairman of the board of advisory editors of Outstanding Civic Leaders of America.

Mayor Jerome P. Cavanagh, president of the United States Conference of Mayors has said that "The men and women listed in this book through their abilities and services as civic leaders have earned the gratitude of all citizens... they have proved that America is confident of its ability to put aside doubt and take action."

The publication was conceived by leaders of the nation's civic organizations.

Its purpose is to nationally recognize the men and women who give their time for community development and inspire others to greater community service.

Bound in a wine-colored hard cover with gold embossing, the 1967 edition is scheduled for publication in January of 1968.

Finlayson, 72, who lives with his wife at 46735 Pontiac Trail, was a key figure in the organization and continual movement of the Wixom Kwanis club and the Wixom Chamber of Commerce.

The publication was conceived by leaders of the nation's civic organizations.

Among the defensive starters are Dan Douglas at tackle, Lee Snow at end, and Rick Hill, line-backer.

The guard slots are Paul Faulkner, right, and Dale Pohlman, left.

It's Fall Again: Wildcats To Tangle with Boysville

The Tigers may be saddled in a red-hot pennant race, but come tomorrow baseball takes a back seat as three area football giants open their 1967 seasons.

Up north, the Walled Lake Vikings travel to Royal Oak Kimball, and down south, the Mustangs of Northville host their arch rivals, the Plymouth Rocks.

And in between, Novi's exploding young gridders, eyeing their first league race in history, clash with Boysville in a non-league contest at Tecumseh.

As you look at it, 1967 promises to be an interesting year of football with the Vikings favored to cop the Inter-Lakes title, Northville pegged as a darkhorse in the Wayne-Oakland league, and Novi - still short by one year of a full four-year high school - tough enough to take on teams with far greater depth.

Here in Novi where Coach John Osborn has been drilling his young hopefuls to a fever pitch, football excitement is already in first place. The Wildcats will go into their first game minus their biggest workhorse, Jon VanWagner, who popped a blood vessel during workouts.

The loss is a tough one to swallow for Osborn, who sees the lack of depth as his squad's toughest opponent. Nevertheless, he's fielding a starting offensive eleven that isn't likely to stray off. Up front he's got experience coupled with beef, and in the backfield there's speed and experience.

As added measure, the Wildcats will be sporting a sparkling new offense popularized by the Fighting Irish. The switch from the T to the I-formation together with more emphasis on passing could give the squad an extra special punch as it takes on the competitors in the Lakeland C loop. Following tomorrow's clash with Boysville, they'll open their home-stand and league opener with the Whitmore Lake Trojans.

Because Novi entered the Lakeland league too late to get in any scouting last fall, the strengths and weaknesses of opponents are an unknown quantity. Thus, the Wildcats can only polish up their own brand of ball and attempt to work it to perfection.

That perfection was missing last Saturday when the local eleven squared off in scrimmage at Hartland. But Osborn felt his squad did "fairly well" against teams of its own size. "I think we'll be able to hold our own," Osborn commented this week.

Taking the quarterback spot will be 155-pound Gary Boyer. And entrenched in those colorful 1-formation slots beside him will be Dave Adema, swingback, Ken Osborn, tailback, and 180-pound Pat Hiley centering the line. At ends are Doug Earl, right, and David Bingham, left, and filling

September 25 Novi to Unveil Master Plan

A comprehensive master plan that takes a peek at the future of Novi will be unveiled for public inspection here in two weeks.

The 8 p.m. public hearing before both the planning board and the village council will be held in the Novi community building adjacent to the Novi elementary school on Monday, September 25.

While the proposed master plan has only recently been completed and recommended for airing, its origin dates back several years. The original plan was debated and finally returned to the planners for revision.

Perhaps the most significant change in the plans was the reduction of lot sizes in the southeastern corner of the village. Lot sizes were reduced because of the availability of sewer and water.

The new plan envisions an ultimate population of 124,456 persons, with a total of 31,912 dwelling units. It projects a population of 21,000 and a dwelling unit count of 5,344 by 1980.

Under the plan, the community is divided into 36 neighborhood units which vary in size but which properly should include between 2,000 and 5,000 persons each once the community is fully developed, according to the Planning consultant, Waring and Johnson, the firm that compiled the data that fills the thick master plan book.

Each neighborhood unit, as outlined in the plan, provides for an elementary school. Thus, at ultimate population, it sees a need for 36 elementary schools. It suggests, too, a second senior high school, six new junior high schools—not counting the existing junior high.

The plan also provides, at the saturation point, for three department of public works centers, large municipal center in the general area of the Grand River-J-696-Novi road area, a police headquarters, 10 fire stations including the central station, two water towers and four libraries.

By 1980, with a projected population of 21,000 in Novi, the community will need, the plan shows, 42 police officers.

Commercial plans indicate 19 potential areas for commercial development. The market analysis indicates approximately 254.3 acres of commercial lands would be needed to serve the anticipated ultimate population of 124,456 persons.

On the basis of providing one acre of commercial land for each 1,000 persons, for neighborhood convenience shopping," says the report, 126 acres of the 254.3 acres are located to serve the various neighborhoods. The remaining 128.3 acres provide an area for a civic and business center.

Retail sales, within the plan, are pegged at \$19,525,000, with a dollar volume of \$55 per square foot by 1980. Capacity population indicates a retail sales figure of \$115,726,000.

Here in Novi where Coach John Osborn has been drilling his young hopefuls to a fever pitch, football excitement is already in first place. The Wildcats will go into their first game minus their biggest workhorse, Jon VanWagner, who popped a blood vessel during workouts.

The loss is a tough one to swallow for Osborn, who sees the lack of depth as his squad's toughest opponent. Nevertheless, he's fielding a starting offensive eleven that isn't likely to stray off. Up front he's got experience coupled with beef, and in the backfield there's speed and experience.

As added measure, the Wildcats will be sporting a sparkling new offense popularized by the Fighting Irish. The switch from the T to the I-formation together with more emphasis on passing could give the squad an extra special punch as it takes on the competitors in the Lakeland C loop. Following tomorrow's clash with Boysville, they'll open their home-stand and league opener with the Whitmore Lake Trojans.

Because Novi entered the Lakeland league too late to get in any scouting last fall, the strengths and weaknesses of opponents are an unknown quantity. Thus, the Wildcats can only polish up their own brand of ball and attempt to work it to perfection.

Car Hits Girl In Park Here

A six-year-old girl living in Highland Hills Trailer Park, Novi, was hospitalized Saturday when struck by a car inside the park.

Admitted to Botsford General Hospital with two rib fractures was Gail Lynn Hall, daughter of Mr. and Mrs. Richard Hall.

The driver of the car, Samuel A. Simpson, also a resident of the park, told police the girl darted from between two parked cars and he was unable to stop in time to avoid the accident.

The impact tossed the girl four feet from the car.

Besides the fractures, she received scattered bruises about her body.

House Burned

The utility room and kitchen of a home at 26265 Beck road were badly damaged by fire early Sunday morning.

Three Novi trucks were used in fighting the blaze from 1:19 a.m. to 3 a.m. Fire damage was confined to the kitchen and utility room, where firemen believe it started, but the remainder of the home was damaged by smoke.

Wayne Boyce, occupant of the home, owned by Herb Fisher, was awakened by his wife who smelled smoke. Discovering smoke in adjoining rooms, he quickly called the fire department.

The damaged trucks, all new and awaiting van type bodies at the U-Haul assembly plant at 25701 Seelye road, were driven from the parking lot into an adjacent field, through a swamp, smashed against trees and then returned to the lot banging into others in the process.

Damage ranged from broken windows, lights, and mirrors to smashed or dented grilles, doors, and bumpers. Damage was estimated at \$5,000.

It appears, said Sergeant Faulkner, that the boys deliberately drove the trucks into trees. He said the juveniles were from the Highland Hills Trailer Park, which is located across Seelye road from the U-Haul firm.

Damage to the trucks was reported to police by Henry Kelly last Thursday. He guessed the trucks had been damaged between 5 p.m. on Wednesday and 10:30 a.m. on Thursday.

Initial police investigation zeroed in on a former disgruntled U-Haul employee but this lead proved false, Faulkner said, and the juvenile investigation followed. Shoe and finger prints found at the scene led police to the boys, he said.

DRIVER IN COMA - A 16-year-old escapee from the Boys Training school in Whitmore Lake, who was fleeing from state police in a stolen car last week Wednesday morning, attempted to turn off the expressway at Novi road, lost control of the car and it rolled over several times. The boy, described as in critical condition at Botsford General Hospital, was thrown from the car. He was still in a coma a week later.

Birmingham Bloomfield Bank pays Michigan's highest bank rate.

5 1/2%

Annual rate. Effective rate when compounded continuously for 46 months.

Five percent is the maximum interest any bank is allowed to pay on time deposits. But at BBB, savings certificates earn this 5% every minute of every day so you actually get an effective rate of 5 1/2% at their 46-month maturity. And we'll guarantee this highest interest for the full 46 months, even if interest rates come down. If you prefer a one-year, 5% certificate, we'll still compound the interest continuously to give you an effective 5 1/2% at maturity.

BBB savings certificates are available in amounts as small as \$100, and they are insured to \$15,000 by the Federal Deposit Insurance Corporation for maximum security. It's easy to transfer your funds—just fill out and mail this coupon today.

The Ziguener He's Floating In His Dream

There's a special pride of ownership twinkling in the eye of Mark Greddell of Northville as he takes the wheel exactly when - he decided to build his dream into a reality.

Neither could be happier; Mark as builder and captain and the German gypsy as a proud boat breathing new life.

The two met three years ago down on the Ohio shore of the Erie where he traveled the roads as a sales engineer and she plied the waters as a dirty, aging collector of fish.

For years Mark Greddell dreamed of owning a "big ship," one big enough for himself and his family to live on. But his pocketbook suggested otherwise. "I just didn't have the \$20,000 or \$30,000 necessary to make it real," he recalls. Then one day - he doesn't remember exactly when - he decided to build his dream into a reality.

Scouring the shore of the Erie in his travels through northern Ohio, Mark came across the Ziguener, then a fishing boat that twice or more daily roared out onto the lake to gather fish from nets. She was a dirty boat but she performed well enough to convince Mark that here was the foundation of his dream.

Then one wintry December day, two fishermen plowed her through the ice to a Monroe drydock where for the next three years Mark and his family turned the smelly fisher into a luxurious house cruiser. The Ziguener received her trial

Juveniles Crack Up 12 Trucks

Five Novi juveniles, apparently playing their own brand of dodge ten, damaged a dozen brand new Ford trucks sometime last week Wednesday or Thursday to a tune of \$5,000.

According to Detective Sergeant Richard Faulkner, five youths have been apprehended and released to the custody of their parents pending appearance in Oakland county juvenile court.

The damaged trucks, all new and awaiting van type bodies at the U-Haul assembly plant at 25701 Se

Bride-Elect Feted Here

Corinne Johnson of Ypsilanti and formerly of Northville was pleasantly surprised by a miscellaneous bridal shower on Saturday, August 26, given by Pat and Pam Burden at their home at 46065 Frederick street.

Scouts Plan Social

The community is invited to an ice cream social Saturday, September 24 from 2 to 7 p.m. at the Scout-Recreation Building on Cady street.

about WOMEN News Around Northville

A bridal shower was held Thursday, August 31 for Carolyn Tutbill of Farmington, who will marry Jack Bailey September 16. The shower, attended by 27 guests, was given by Mrs. Cynthia Bailey, Mrs. Barbara Keller, Mrs. Edward Campbell and Mrs. William Bailey at the latter's home on 118 East Cady.

University Women Set First Meet

The Plymouth branch of the American Association of University Women will hold its first meeting of the 1967-68 year September 21 at 7:30 p.m. at Plymouth Junior High East.

Staff Sergeant Ray Kinoy of Wixom is home on furlough after serving in Vietnam. After his leave, he will be stationed at Kessler Air Force Base in Biloxi, Mississippi.

John B. Hinman is spending a few days with his mother, Mrs. Walter Hinman of 402 Verkes before leaving for the Naval Base at San Diego, California. He has just completed a special course at Davisville, Rhode Island.

Bob Hallam left Tuesday to begin training with the United States Navy in Pensacola, Florida. He flew from Detroit to Atlanta and then on to Florida.

The Michigan State division of AAUW, organized in 1929, has more than 8,000 members in 67 branches.

The annual membership drive for the Plymouth branch continues through September and October. Mrs. David Van Hine, membership chairman, urges any eligible women who are interested to come to the September meeting.

Alternate menu for each of these days includes hamburger on bun, French fries, salad, dessert and milk.

Announce Engagements

Suzanne LaRue

Mr. and Mrs. James LaRue of 638 North Center announce the engagement of their daughter, Suzanne, to James S. Germain, son of Mr. and Mrs. C.J. St. Germain of 39805 Phillips road.

A wedding date had not been set.

Susan Morrie Lemont

Mr. and Mrs. Albert Lamont of 28065 Whipple, Novi announce the engagement of their daughter, Susan Morrie, to Raymond Brooks, son of Mr. and Mrs. Kenneth Brooks of 41710 Birchhart, Novi.

A March wedding is planned.

Bonnie Rorabacher

Mr. and Mrs. Herbert Rorabacher Jr. of 50285 West Seven Mile announce the engagement of their daughter, Bonnie Lu, to Glenn Alan Martin, son of Mr. and Mrs. Frank Martin Jr. of 45332 Byrne drive.

The bride-elect is a junior under the Michigan State University elementary intern teaching program. She is a 1965 graduate of Northville high.

Diane Michelle

Mr. and Mrs. Richard Michalke of Livonia announce the engagement of their daughter, Diane, to John Callaghan, son of Mr. and Mrs. Jack Callaghan of 18285 Sheldon road.

The bride-to-be is a free lance model. Her fiancé is a student at Schoolcraft College.

The wedding date has been set for November 4.

Births Announced

Mr. and Mrs. Anthony Olivich Jr. of 514 West Cady announce the birth of a baby girl, born September 8 at Garden City Osteopathic hospital. She weighed 9 pounds, 3 ounces.

Mr. and Mrs. David Bartski of 47655 Nine Mile road announce the birth of a baby boy, Bruce, born September 11 at St. Mary hospital. He weighed 7 pounds, 7 ounces.

He has a sister at home, Kimberly, two years.

Maternal grandparents are Mr. and Mrs. Andrew Banta of Plymouth. Paternal grandparents are Mr. and Mrs. Donald Lanning of 10229 West Seven Mile road.

Great grandmother is Mrs. William Richards. Mrs. Richards' late husband was a former minister at the Methodist church in Northville.

She has become a great grandmother five times within the last nine months.

'Helping Hand' Program Set For Northville

The Northville Jayettes, headed by co-chairmen Mrs. Paul Sobol and Mrs. Joseph Kleesner, are launching a "Helping Hand" program in Northville. The program is part of a nationwide project to place placards bearing a symbolic hand in the windows of homes as a wordless sign to children in trouble that they can find help at those homes.

If children are injured, bullied by other children, lost or threatened by a child molester, they will know they can find aid in a home displaying a sign, officials explain.

The local Jayettes plan to place hands in homes throughout Northville and Northville township. They hope to post two signs per block.

The symbol of help is an 8"x8" placard with a dark blue hand on it. On the back of the placard are local emergency telephone numbers and instructions for volunteers.

Volunteers will be instructed to assist the child by summoning the parents and the proper emergency agency. They are advised not to apply medication.

All homes displaying the "helping hand" will be investigated beforehand relative to the character of the home and the importance of having someone home during school hours.

The program has been endorsed by the city council, City Manager Frank Olenkoff, Police Chief Samuel Elkins, Acting Superintendent Raymond Spear and the school principals.

PTA presidents have been contacted and will discuss it at their first meeting to explain the project further and answer questions.

The group will need volunteers. If interested, contact Mrs. Peter Lindholm, 946-1596.

Institution Seeks Help

Volunteer needs for the Plymouth State Home and Training School will be outlined during the facility's annual volunteer drive Tuesday from 9:30 to 11:30 a.m.

State Home staffers will give a brief history of the institution, slides will be shown and the needs and purposes of volunteers will be discussed.

A coffee hour will follow. In asking for volunteers, officials note that volunteers may donate a few hours weekly in a number of ways.

The first, of course, is working with the children. This includes playing, dressing, bathing, and feeding them. In addition there are some classroom settings that would be of particular interest to persons with experience or an interest in teaching.

"For volunteers with the inclination and of equal importance are the various offices that require help. Typing and filing is always needed. The X-ray, library, pharmacy and research departments are only a few of the areas where help can be used."

The Plymouth State Home and Training School is located in Northville township at 15480 Sheldon road, between Five and Six Mile roads. Persons having questions pertaining to volunteer work are asked to call the volunteer office, GL 3-1500, extension 227.

Women Plan Rummage Sale

The Northville Presbyterian women are holding their annual rummage sale Friday, September 22 from 9 to 9 and Saturday, September 23 from 9 to 12 at the Presbyterian Church House.

Mrs. Howard Waterman is general chairman with Mrs. Wilbur Johnston assisting. Other chairmen are Mrs. L.M. Eaton, helpers and Mrs. W.L. Howard, marking. Posters were made by Mrs. Douglas Smith.

Ann Salo Becomes Bride

Ann Louise Salo became the bride of William D. Mahn on August 19 at St. Matthew's Lutheran Church, Walled Lake. The Reverend Lawrence A. Kinne officiated. The soloist was Carl Temple of Detroit.

The bride is the daughter of Mr. and Mrs. Paul E. Salo of Wixom and the bridegroom is the son of Mr. and Mrs. D. W. Mahn of Minneapolis.

She was attired in a gown of orange over tulle with a bateau neckline and fitted bodice with French lace trim. The gown had an empire waistline with a sheath floor length skirt and a detachable bouffant chapel train.

The headpiece was a pillbox of organza with a bouffant silk illusion veil. She carried a mantilla bouquet of Phalaenopsis orchids.

The bride's sister, Martha Salo was the maid of honor. She wore a floor length moss green crepe dress with a brocade A-line coat to match. She carried a cascade of yellow fugi-mums.

Mrs. Mahn chose a mint green sheath with a matching lace coat and hat to match.

The reception was held following the wedding ceremony at the U.A.W. Hall in Wixom. The couple traveled to the Pocono Mountains and New York City for their honeymoon. They concluded their trip with a stop in Minneapolis where they were honored by a reception at the home of the bridegroom.

The bride is a graduate of Western Michigan university and the bridegroom will be continuing his education at Wayne State university while also working as youth director at Nazareth Lutheran church in Detroit.

The couple plan to reside in Detroit.

The bridesmaids were Georgia Leliviska of Wixom and Sandra Harrell of Pontiac. Their gowns were identical to the maid of honor's.

Neil Paul Salo, brother of the bride, was the best man and David Stelner and Joseph Lilla of Minneapolis were groomsmen. Ushers were John Lund and John Clemens also of Minneapolis.

The mother of the bride wore an apricot chiffon dress with matching accessories. She carried roses of the same shade.

Mrs. Mahn chose a mint green sheath with a matching lace coat and hat to match.

The reception was held following the wedding ceremony at the U.A.W. Hall in Wixom. The couple traveled to the Pocono Mountains and New York City for their honeymoon. They concluded their trip with a stop in Minneapolis where they were honored by a reception at the home of the bridegroom.

Planning Style Show

Local area members of the Tri-County Osteopathic Hospital auxiliaries are busy preparing lending their support for the group's third annual High Fashions for Higher Education style show slated for the Latin Quarter on Tuesday, October 3.

Co-chairmen of the event, Mrs. Christopher Masure of Bloomfield Hills and Mrs. Gary Schir of Mr. Clemens, explain that proceeds will benefit the Michigan Osteopathic College Foundation Fund.

Mrs. Gordie Howé, wife of the Red Wing star, continues her support of the benefit by serving as honorary chairman for the third year.

A Plymouth resident, Mrs. F. M. Sutherland, is in charge of decorations. Other local participants include Mrs. Donald Lane of Northville, Mrs. Lyle Fetting of Novi, and Mrs. W. C. Herbolt, Dr. Theresa Klucka, and Mrs. William Ross, all of Plymouth.

Northville Board of Education Minutes

Continued from Page 7-A

Mr. Spear recommended - in view of the already prolonged consideration of this particular site - that the board take some positive action to either accept or reject the Thompson-Brown offer to sell.

Motion No. 39 by Mr. Kipfer, supported by Mr. Martin, that the feasibility of an option agreement for the 10-acre Bradner Road site be explored, with the provision of a guaranteed price, including water and sewer to site, and an annual renewal clause at no penalty to the School District. Motion carried, with Mr. Orphan abstaining.

Motion No. 40 by Mr. Kipfer, supported by Mr. Martin, that the resignation of Mrs. Beatrice Ellis be accepted, and that a letter of appreciation be sent to her. Motion carried.

Motion No. 41 by Mr. J. Johnston, supported by Mr. Kipfer, that teaching contracts be approved for Mrs. Muriel Ross, Mr. Robert Benson, and Miss Sandra Finn. Motion carried, with Mr. Froelich and Mr. Martin abstaining.

Discussion was opened involving re-evaluation of the need for a special millage election on August 28, 1967. It was pointed out that recent legislative action which increased State Aid to the Northville Public Schools District by approximately \$30,000 precludes the necessity for a special election at this time.

Motion No. 42 by Mr. Orphan, supported by Mr. Froelich, that a resolution rescinding the previous resolution calling for a special millage election on August 28, 1967, be adopted. Motion carried. (Appendix I to these minutes)

Acting Superintendent Spear informed the board of a joint convention of the Michigan Association of School Administrators and the Michigan Association of School Boards to be held at Cobo Hall on September 19, 20, and 21, 1967. President Cook stated that Mr. Froelich would represent the district and Mr. Johnston as alternate. Mr. Spear was requested to make arrangements for the two delegates to attend. Mr. Cook stated that it would also be desirable for all board members to attend the convention at some time on one or more of the specified dates.

A discussion of a lunch hour situation which has developed as a result of students no longer being bussed to the American school, centered around three lunch hour alternatives presented by Mr. Spear as follows: 1) a policy stating that American School students will not be permitted to eat lunch at school; 2) a policy stating that walkers may eat lunch at school but will be charged a weekly fee of \$ dollars to pay for the non-supervised supervision; 3) allowing our past practice to continue and hire a non-supervisor from General Fund monies. These alternatives were suggested as possible solutions to anticipated problems evolving from the elimination of a mandatory regular lunch hour program and non-supervision at the American school. In response to an inquiry from Mr. Spear, a letter from Mr. Stratton Brown, board attorney, offered legal backing for a suggested policy of permitting walkers to eat lunch at school for a nominal fee to the parents to defray the cost of employing a non-hour supervisor. Mr. Spear was directed to survey the extent of need for American School walkers to remain at school during the lunch hour, as well as parental reaction to payment of a fee, and establish a suitable policy. The board indicated that such a policy of "accommodation," if feasible, would be acceptable to the board as a general policy for all elementary schools which might be confronted with an identical situation in the future.

Mr. Orphan and Mr. Johnston, the Board committee appointed for the purpose of recommending an appropriate name for the new Junior High School, reported that only three suggested names for the new Junior High School had been submitted thus far. They further reported that the committee was not ready to recommend a name and expressed a desire to extend this project until after the opening of school, at which time a contest might be conducted among the student body to solicit more suggested names.

The preliminary version of the Final Budget Report for 1968-69 was reviewed.

Motion No. 43 by Mr. Kipfer, that the preliminary Final Budget Report for 1968-69 be accepted as presented. Motion carried.

Motion No. 44 by Mr. Martin, supported by Mr. Kipfer, that Bill Warrants and Payroll be approved as follows:

General Fund \$91,173.40; Cafeteria, ---; Building & Site Fund ---. Motion carried.

Mr. Busard reported that after an evaluation of the maintenance and general care provided by the Northville Tennis club and similar provision offered by Schoolcraft College, it was his judgment that contract arrangements could be entered into with these groups, at no additional cost to the District, for use of the Junior High Boys' gym.

Motion No. 45 by Mr. Orphan, supported by Mr. Froelich, that the Administration be instructed to negotiate contracts with the Northville Tennis club, Schoolcraft College, and any other organization within the framework of board policy, for use of the Junior High Boys' gym during the 1967-68 school year. Motion carried.

The board briefly reviewed priority items approved for allocation of Building and Site monies on July 24, 1967. It was suggested that in allocating the balance of Building and Site monies, the Administration be given latitude with respect to time as well as money in proceeding with priorities in the remaining classifications of the sub-committee recommendations.

Motion No. 46 by Mr. Johnston, supported by Mr. Froelich, that the Superintendent be authorized to expend monies from the Building and Site Fund for Priority C Items (Complementary instructional needs - items which are significantly important to the maintaining of a well-rounded curriculum.)

- Group I, Item 5, Communication equipment \$10,000.
- Group V Item 1, Remodeling - Central Office \$15,000.
- Group V Item 3, Central Receiving \$10,000.
- Group V Item 2, Equipment - \$2,000.

For a total of \$37,000; Priority D Items (General site and building needs - items significant to general District operation, but of lesser importance than instructional needs.)

- Group II Item 1 Fencing, Vehicle Compound \$5,252.
- Group II, Item 4, Stoning (compound & road) V.C. \$2,000.
- Group II, Item 2, Electrical Services & Lights V.C. \$3,000.
- Group II, Item 5, Radiator Heaters (buses) V.C. \$300.
- Group II, Item 3, Control Center V.C. \$1,000.
- Group VII Item 11, Landscaping - Jr. High & Moraine Site \$15,000.
- Group VII Item 12, Moraine lighting (parking lot) \$4,000.
- Group VII Item 2, Purchase of new sites \$30,000.
- Group VII Item 3 Appraisals & Legal Fees \$5,000.
- Group VII Item 4, and Priority E Items (Required but may be deferred - items which are worthy of consideration, but may be delayed due to attend. Mr. Cook stated that it would also be desirable for all board members to attend the convention at some time on one or more of the specified dates.)
- Group VI Item 10, Regrading-seeding Athletic Field \$2,000.
- Group II Item 5, Fencing - Main street \$1,000.
- Group VI Item 2, Fencing, Jr. High (east end) \$3,000.
- Group II Item 6 Paving Road - V.C., \$10,000.

For a total of \$16,000. Motion carried.

Motion No. 47 by Mr. Johnston, supported by Mr. Martin, that the Administration be authorized to proceed with drawings and plans for remodeling the present Junior High school building in accordance with the recommendations listed below as previously submitted by Mr. Spear for utilization of this building:

- Make necessary renovations to convert the basement level to central recording, storage and maintenance department.
- Remodel first level for elementary classroom use: library, music, art, and other special service programs.
- Remodel the top floor for central administration use, Board office, and special services office area.

Motion carried.

President Cook called a short recess at 10:25 p.m. Meeting reconvened at 10:15 p.m.

Acting Superintendent Spear informed the board that his latest report from the Architect and General Contractor indicated that the new Junior High school would be ready for occupancy on September 5, 1967. However, Mr. Spear expressed reservations on the certainty of the building's readiness by September 5 and invited a panel of direction from the board should his concern become a reality. In keeping with an anticipated possible delay in the opening of the new Junior High school Mr. Cook requested the Administration to award various courses of action which might be taken in the interim and submit recommendations to the board at the next meeting on August 28, 1967.

In accord with his declared intent at the July 24, 1967 Board meeting, President Cook appointed the following committees:

- Administrative Personnel/Salary Committee - Mr. Froelich, chairman; Mr. Orphan and Mr. Martin to study all administrative and central office personnel job specifications and salary schedules.
- Extra-curricular Activities Committee - Mr. Kipfer, chairman; Mr. Johnston and Mr. Deibert to study the extra-curricular program, the extent of participation and the degree of emphasis placed on administration and operation.
- President Eugene Cook and Acting Superintendent Raymond Spear will act as ex-officio members of both committees.

Both committees so appointed were directed to submit preliminary reports to the board at the second meeting in October.

Mr. Johnston, board representative to the Recreation Program, was requested by Mr. Kipfer to submit a progress report of the Recreation program, with Mr. From, director, present to answer pertinent questions at the next board meeting.

Motion No. 48 by Mr. Johnston, supported by Mr. Froelich, that the law firm of Miller, Canfield, Paddock and Stone be appointed to handle general school operation problems needing legal

ORDINANCE NUMBER 22-F AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE, MICHIGAN DEALING WITH THE REQUIREMENT OF REVIEWING ALL OPEN SPACES PROVIDED IN ANY MULTIPLE-FAMILY SITE PLAN

AN ORDINANCE ENACTED UNDER ACT 184, PUBLIC ACT OF 1943 OF THE STATE OF MICHIGAN, AS AMENDED, TO PROVIDE FOR THE ESTABLISHMENT OF ZONING DISTRICTS LYING WHOLLY WITHIN THE UNINCORPORATED PARTS OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN, WITHIN WHICH ZONING DISTRICTS THE USE OF LAND, NATURAL RESOURCES, AND STRUCTURES, INCLUDING TENTS, AND TRAILER COACHES, THE HEIGHT, THE AREA, THE SIZE, AND THE LOCATION OF BUILDINGS HERE-AFTER ERRECTED, THE LIGHT AND VENTILATION OF SUCH BUILDING, THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES, AND THE DENSITY OF POPULATION SHALL BE REGULATED TO PROVIDE FURTHER FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF ITS PROVISIONS AND TO PRESCRIBE PENAL-

ORDINANCE NUMBER 22-G AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE, MICHIGAN DEALING WITH THE ESTABLISHMENT OF NEW R-M ZONING DISTRICTS

AN ORDINANCE ENACTED UNDER ACT 184, PUBLIC ACT OF 1943 OF THE STATE OF MICHIGAN, AS AMENDED, TO PROVIDE FOR THE ESTABLISHMENT OF ZONING DISTRICTS LYING WHOLLY WITHIN THE UNINCORPORATED PARTS OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN, WITHIN WHICH ZONING DISTRICTS THE USE OF LAND, NATURAL RESOURCES, AND STRUCTURES, INCLUDING TENTS, AND TRAILER COACHES, THE HEIGHT, THE AREA, THE SIZE, AND THE LOCATION OF BUILDINGS HERE-AFTER ERRECTED, THE LIGHT AND VENTILATION OF SUCH BUILDING, THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES, AND THE DENSITY OF POPULATION SHALL BE REGULATED TO PROVIDE FURTHER FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF ITS PROVISIONS AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS; TO PROVIDE FOR A BOARD OF APPEALS AND ITS POWERS AND DUTIES.

THE TOWNSHIP OF NORTHVILLE ORDINANCES:

PART I. That the Zoning Ordinance of the Township of Northville is hereby amended by amending ARTICLE V to read as follows:

PRELIMINARY:

The R-M-1 thru R-M-2 MULTIPLE-FAMILY RESIDENTIAL DISTRICTS are designed to provide sites for multiple dwelling structures to both satisfy the needs of people seeking this nature of facility and to generally serve provide for transition between the non-residential districts and lower density single-family districts. The multiple dwelling is further provided to serve the limited needs of the apartment type of unit in an otherwise single-family residential community.

SECTION 5.1. PRINCIPAL USES PERMITTED:

In a Multiple-Family District, R-M-1 thru R-M-2 no building or land shall be used and no building shall be erected except for one or more of the following specified uses, unless otherwise provided in this Ordinance:

- All principal uses permitted in the One-Family Residential Districts with the lot area, yards and floor area requirements equal to at least the requirements of the abutting, least restricted One-Family District.
- Multiple-family dwellings, including two-family districts.
- Accessory buildings and uses customarily incident to any of the above uses.

SECTION 5.2. USES PERMITTED ON SPECIAL APPROVAL:

The following uses shall be permitted subject to the conditions hereinafter imposed for each use:

- Nursery schools, day nurseries and child care centers (not including dormitories); provided that for each child so cared for, there is provided and maintained a minimum of one hundred (100) square feet of outdoor play area. Such play space shall have a total minimum area of at least one thousand (1,000) square feet, and shall be fenced or screened from any adjoining land with planting. Any use permitted herein shall not be permitted in the interior of any residential block.
- General hospitals, except those for criminals and those solely for the treatment of persons who are mentally ill or have contagious diseases, not to exceed four (4) stories when the following conditions are met:

Use Districts	Minimum Lot Area (Sq. Ft.)	Minimum Size Lot per unit (Sq. Ft. x Ft.)	Maximum Height of Buildings (In Feet)	Minimum Yard Setback (In Feet)	Front	Sides	Rear
R-M-1 Multiple-Family Residential	(d)	2	25	25(e)	(e)	(e)	(f)
R-M-2 Multiple-Family Residential	(d)	2	25	25(e)	(e)	(e)	(f)

Notes to Section 11.1:

(1) All such hospitals shall be developed only on sites consisting of at least five (5) acres in area.

(2) The proposed site shall have at least one property line abutting a major thoroughfare (a thoroughfare of at least 120 feet of right-of-way, existing or proposed).

(3) The minimum distance of any main or accessory building from bounding lot lines or streets shall be at least one hundred (100) feet from front, rear, and side yards for all two (2) story structures. The minimum yard distance shall be increased by at least twenty (20) feet.

(4) Ambulance and delivery areas shall be observed from all residential view with an obscuring wall or fence six (6) feet in height. Ingress and egress to the site shall be directly from a major thoroughfare (a thoroughfare of at least one hundred and twenty (120) feet of right-of-way, existing or proposed).

(5) All ingress and egress to the off-street parking area, for guest, employees, staff, as well as any other staff, shall be directly from a major thoroughfare.

(6) Convalescent homes, not to exceed a height of two (2) stories, when the following conditions are met:

- The site shall be so developed as to create a land to building ratio on the lot parcel whereby for each one (1) bed in the convalescent home there shall be provided not less than fifteen hundred (1,500) square feet of open space. The fifteen hundred (1,500) square feet of land area per bed shall provide for landscape setting, off-street parking, service drives, loading space, yard requirements, employee facilities, and any space required for accessory uses. The 1,500 square feet requirement is over and above the building coverage area.
- The proposed site shall have at least one property line abutting a major thoroughfare (of at least one hundred twenty (120) feet of right-of-way, existing or proposed).
- The minimum distance of any main or accessory building from the bounding lot lines or streets shall be at least one hundred (100) feet from front, rear, and side yards when abutting residential districts, and fifty (50) feet when abutting non-residential districts.
- All ingress and egress to the off-street parking area, for guest, employees, staff, as well as any other uses of the facility, shall be directly from a major thoroughfare.
- A four foot six inch (4'6") obscuring wall or fence shall be provided on all those sides which abut a One-Family Residential District.
- Accessory buildings and uses customarily incident to any of the above uses.

SECTION 5.3. AREA, BULK AND YARD SETBACK REQUIREMENTS:

SEE ARTICLE XI, "SCHEDULE OF REGULATIONS". Limiting the height and bulk of buildings, the minimum size of lot permitted by land use, and providing minimum yard setback requirements.

The following changes would occur in ARTICLE XI SCHEDULE OF REGULATIONS, by deleting all of the present R-M and in its place introducing the following:

PART II. That the Zoning Ordinance of the Township of Northville is hereby further amended by amending that portion of ARTICLE XI-SCHEDULE OF REGULATIONS dealing with R-Multiple Family Residential to read as follows:

ELEANOR HAMMOND, Clerk

For Rocks' Grid Coach

Explosive 'Homecoming' in Works

FOOTBALL MINERS - Digging foot for a winning Northville eleven in an ore rich in defensive talent and sparkling backfield hopefuls, Head Coach Alex Kluck (center) and his assistants, Ralph Redmond (left) and Dick Willing are aiming for an early strike Friday when Northville opens its 1967 season here against the diamond-hard Rocks of Plymouth.

NOVI MENTORS - Head Coach John Osborne and his sidekick, Milan Obrenovich, have their fingers crossed as the Wildcats prepare for tomorrow's season opener against Boyville at Tem-

Help! Mom Can't Do It By Himself For Jaycees

Men between the ages of 21-35 with a pride in their community meet the main qualifications for membership in the international organization, the Jaycees.

An orientation meeting for any men interested in learning more about the local Jaycees will be held Tuesday, September 19 at 8 p.m. in the Northville Junior High school library. Wives are encouraged to accompany their husbands.

The group hopes many of Northville's new young residents will attend this informal meeting. Dick Norton, local president, states "Meeting other young couples is an advantage to being a Jaycee which complements the real reason for belonging - that of service to the local community."

For more information, phone Norton at 349-2467.

Novi Church To Get Help

REAL WHOPPER - When Jack Morris, son of Mr. and Mrs. Jack E. Morris, 25914 Clark street, Novi, fishes he doesn't fool around with little ones as attested to by this 45 1/2-inch, 25 1/2-pound pike taken from Bond Lake in the Upper Peninsula.

Miss Marie Shelly has been named parish worker at the Willowbrook Community United Methodist church, 41671 West Ten Mile road, Novi (as a result of recent Annual Conference voting of the two denominations, The Evangelical United Brethren Church and The Methodist church will be formally merged as The United Methodist Church this coming April, 1968).

The new parish worker has worked with the Mission Board of the Michigan Conference of the Evangelical United Brethren Church for 17 years. She has worked in churches in Detroit, Grand Rapids, and Ann Arbor. Prior to her assignment here she worked for two years as a parish worker with the Faith Evangelical United Brethren church in Lansing.

Miss Shelly's work will include making a survey of the community and working in the church. During her stay at the Willowbrook Church she is living in the local community. Her own home is in Detroit.

Several Thefts Hit Northville

Several thefts were reported to the Northville police department this past week. Two occurred at Northville high school.

Martin Cayley told police a drive chain had been stolen from a 1967 Honda belonging to his son, Patrick. It had been parked in the school parking lot September 5.

James Sanders reported a Hamilton, 17 jewel wrist watch, valued at \$25, stolen from his locker in the boys' gym locker room while he was at football practice.

Tricycle was stolen from the back-yard of Harry Jackson of 876 Allen drive in the Village Green subdivision on September 5. Jackson said he found the bike missing when he returned from work that evening.

After searching the surrounding area, he found the bike lying in a creek behind the subdivision. He says the tricycle was completely demolished.

Another bike, a 24" boys' bicycle, was reported stolen by Ray Southers of 405 Horton street September 9.

He said the bike was parked in his yard, but wasn't locked. It disappeared sometime Friday evening or early Saturday morning.

Sandy picked up 23 points, with 4 tingers in edging runner-up Finances Trombley, who collected 20 points and three ringers.

Contestants in both divisions pitched 32 shoes.

A 15-year-old Farmington runaway is being sought by Novi police for purchasing a truck with a forged \$125 check.

Johnnie Williams of 1915 Austin Drive reported the check, which was reported stolen from the boy's father.

'Ringing' Title Goes to Siren

Art Siren and Sandy Evans copied top honors in the Wixom horsehoe contest sponsored by the Wixom recreation department.

Art edged out Terry Jadzinski, 50-38, with 19 ringers to Terry's seven ringers, in the men's division.

Sandy picked up 23 points, with 4 tingers in edging runner-up Finances Trombley, who collected 20 points and three ringers.

Contestants in both divisions pitched 32 shoes.

Evans Softball Score

Wixom's Tom Burke Smothers Brother

Rivalry in the Burke family took a twist recently as Tom Burke's Wixom softball squad defeated his brother Joe's Walled Lake team in the post-season playoffs.

Brother Joe claimed the upper hand in regular season activities as Penny Manufacturing swept to the league championship. But in the playoffs, it was Tom and his Wixom diamond giants who took top honors.

Penny opened up with an 8-5 victory at Walled Lake, while Wixom nipped the Walled Lake rivals the next day, 9-8, and then came back to claim the post-season title, 11-10.

Wixom had to battle to the wire in clinching the final victory, however. With his squad out front by one run

from the PASTOR'S STUDY

Rev. Charles F. Boeger
St. Paul's Lutheran, Northville

When Mao Tse-Tung, head of the Chinese Communist Party, was a young man, he attended a Christian Mission School, where he learned to know the Savior, Jesus Christ, from the lips of a Christian Missionary.

Several years after graduation from the school Mao Tse-Tung heard that his beloved teacher was visiting the city. He hurried to the hotel to meet him. There he was rudely refused admission by the doorman. He pushed on past into the lobby, where he asked to see the missionary.

"Get out!" cried the desk clerk of this "Western" hotel. When Mao Tse-Tung persisted in his desire, the desk clerk replied, "We don't allow any Chinese in here!" With that he picked up the rather slight young Chinese and threw him out of the hotel bodily.

Mao Tse-Tung never forgot the incident. To him this Westerner represented Christianity, Western civilization and Capitalism. All China and the whole world today may be experiencing repercussions from that experience.

If you have rejected Christ's invitation, "Come unto Me, all ye that labor and are heavy-laden, and I will give you rest," because of some unhappy experience with a person, won't you listen to His invitation today? Jesus says, "Him that cometh unto me I will in no wise cast out."

Similarly many people today who are outside the kingdom of God do not distinguish between hypocrites and genuine Christians. They have perhaps had some unpleasant experiences in the church. Because it is made up of sinful human beings who have not overcome all their weaknesses through the power of Christ, the unbeliever generalizes and says that the whole church is a bunch of phony hypocrites. He will have nothing to do with them. But he is only cutting himself off from the grace of God Jesus Christ.

TAKE ME, DADDY

Little arms reach up. I stoop and lift the precious weight of baby son into my arms and smell his sweetness. Prayers of praise and thanks fill my heart. Cuddling him close, I remember the night of his birth when Mary and I were told that our baby could not live until daybreak. How we prayed in those early morning hours, holding hands and clinging fast to our belief that God in His goodness would spare our son. How grateful we were for the courage and strength God's love and nearness supplied. How glad we were for the church where we had learned to love and worship the God who gives us all life.

Do you wonder that Sunday morning finds us both in church joyfully worshipping and giving thanks to God? Attend the church of your choice. Whatever your need, it stands ready to help.

WORSHIP WITH YOUR FAMILY AT THE CHURCH OF YOUR CHOICE

Methodists to Vote On New Church Plans

Members of the First Methodist Church of Northville will vote Sunday on proposed plans of a new church and educational unit.

The church conference will be held at 3 p.m., with the Rev. Joseph Edwards of the Ann Arbor district presiding.

According to the Rev. S. D. Kinde, pastor, the plans call for two basic units — the church proper and an educational wing separated by a hall that will double as a library.

The educational unit will include staff offices, church school classrooms, fellowship and dining hall, kitchen and heating plant. The new church will seat approximately 450 persons as opposed to 250 in the present building.

To cost between \$400,000 and \$500,000, the brick and stone structure will be built on a five acre site on the south side of Eight Mile road at Taft. Plans for the modern-type building have already been approved by the Ann Arbor District Board on Church Location of the Methodist church.

Architect for the proposed new building is William P. Lindhout of Livonia. Ralph Callagher is the building chairman, filling the post formerly held by the late Oscar Hammond.

Wed like your next water heater to be electric. So we'll pay installation costs.

We're so sure you'll like a new electric water heater, we'll pay for wiring and plumbing connections. And give you a year's money-back guarantee, besides.

As for cost, a 50-gallon electric water heater, big enough for most families, operates for only about \$3.30 a month in normal use.

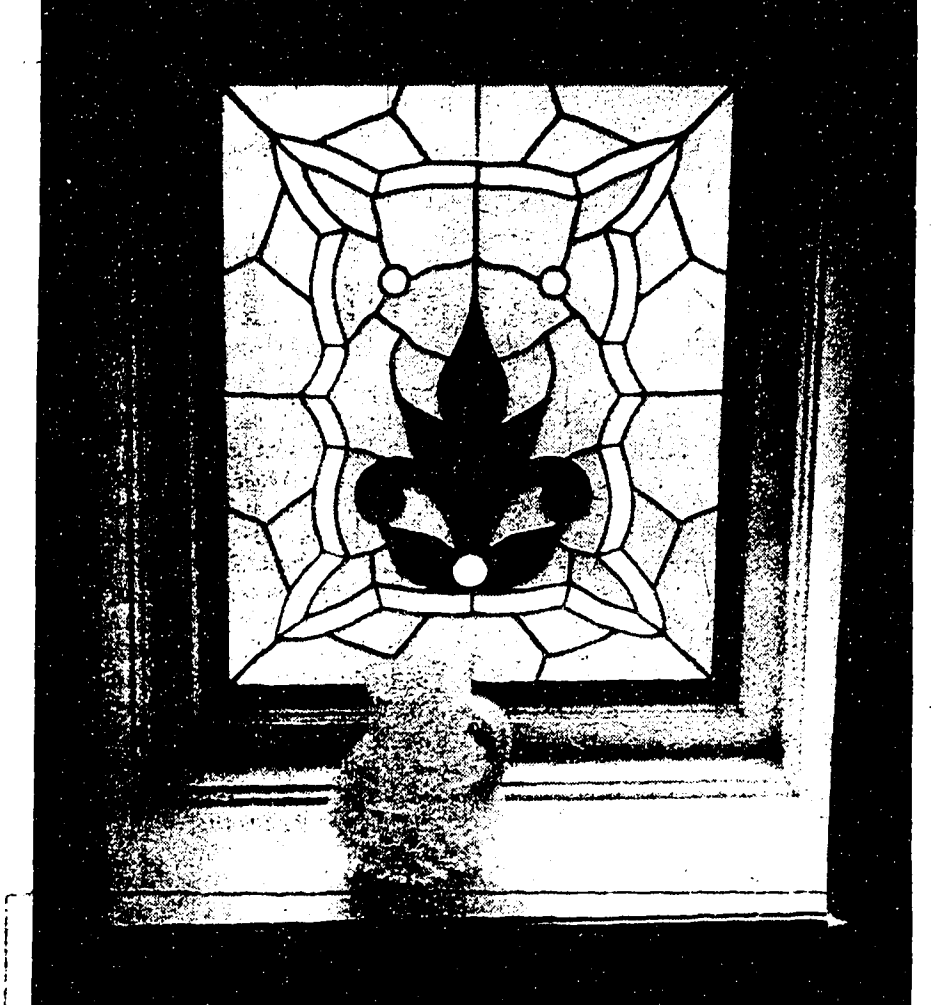

Call your plumber, appliance dealer or Edison office. As long as your new, approved electric water heater is installed on Edison lines, in any residence up to and including a four-family flat, installation is free.

We offer the same free installation on newly purchased electric dryers. (except venting) and newly purchased electric ranges.

Edison lowers the cost of all-electric living

In C. Harold Bloom Home Mason's Handiwork Survives

EDITOR'S NOTE: Following is the second of a series of articles on the five Vintage Homes which will be visited Thursday, October 5 during a tour sponsored by the Women's Association of the Northville Presbyterian Church.

Perched majestically at the top of the rolling lawn at 710 West Main street,

Out of the Past in the Attic

From top to bottom, inside and out the beauty of the late Nineteenth Century home of the C. Harold Bloom survives, is immediately recognized in the still solid stonework that encases the rambling porch and the foundation.

Its graceful pillars still possess their original strength and beauty, enhancing yet the spacious porch that made outdoor relaxation so popular in years past.

Entering the front door, the visitor is greeted by a floor-to-ceiling hall mirror, framed in the grand style of the 19th Century. The mirror was owned by the Beattie family in Detroit, where the women were dressmakers for old families such as the McMillans, Aigers, etc.

TODAY... DODGE fever HITS TOWN

'68 CHARGER

Like no other Charger you've ever seen. Brand, spanning new from road to roof. Complete with disappearing headlights. Foam-padded bucket seats up front. And eager, economical power from a standard V8 engine. One new touch is handy pockets in the doors for the things that get in your way when you travel. Here's a Dodge that's even a joy to think about.

'68 DART

The compact that doesn't look like a compact. Or ride like one. Or act like one. Or cramp your style like one. Here's a compact that's all car. With lots of go and lots of room. With a V8 under the hood if that's what you'd like. And Dart comes in a wide range of body styles. So no matter what style is your style, we have it. Come in and take a look.

'68 POLARA

A whole lot of car for a lot less money than you'd think. It's big, it's powerful, it's luxurious. And it's priced in the same league with Impala and Galaxie 500. Hard to believe? Well, then. Come in, and let's talk figures. Proving what a wonderful bargain Polara offers you is one of the things we like to do best.

'68 MONACO

The super-plush Dodge every year, and especially for 1968. Here's a car that'll spoil you for everything else. With V8 power—the slickest, smoothest automatic transmission you've ever said "go" to—and every luxury touch a car this big and this good-looking should have. And yet, its price is a pleasant surprise.

'68 CORONET

Another all-new one from Dodge for '68. Coronet is fresh to us, featuring a full lineup of newly styled models, including an addition to the line: a sharp new coupe. Like all other Dodges for '68, Coronet is sure to give you a good case of Dodge Fever. The only new cure it's at your nearby Dodge Boys'. Come on in.

Vintage House Tour

Continued from Page 3-B

A sliding door to the right leads to what is now the library, still possessing some of its original, handsome woodwork. Forward, up a few steps to the

stairway landing, two beautiful stained glass windows lead the visitor back down into the living room exquisitely furnished with antiques. At either end of the living room, which now occupies the full width of the home, two elegant

half-moon windows look out over the grounds.

The sofas and davenport in the living room were part of the house when it first welcomed visitors, and decorating the library is a banquet lamp, forerunner of the floor lamp, and a cherry table, purchased by the original owners at the time of their marriage for a second-hand price of 25-cents.

Adding a touch of the past in the modern kitchen is a chest made by the father of Mrs. Beattie for her wedding present. It features seven kinds of wood.

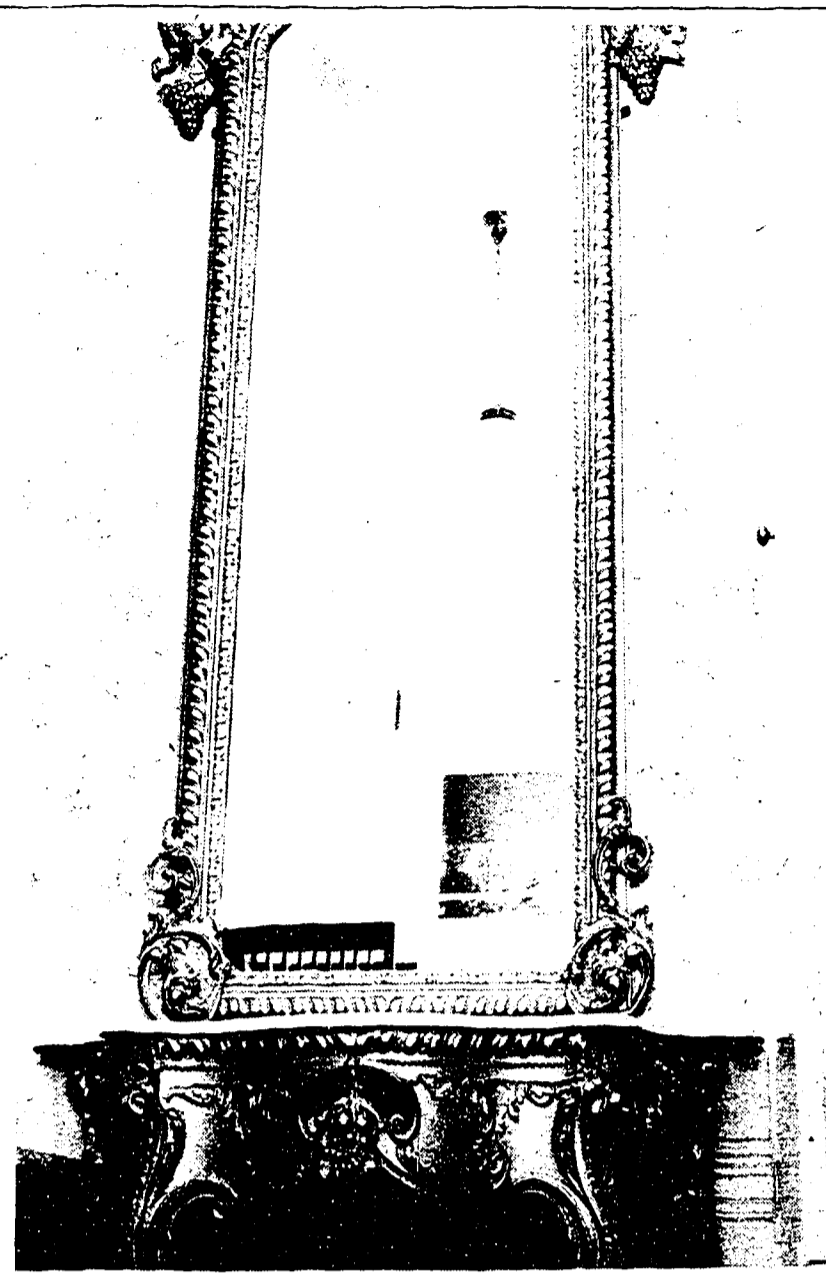

Three bedrooms occupy the second floor, one the large master bedroom featuring a warm sitting room or study for Mrs. Bloom. It, like the other two bedrooms, is tastefully decorated, blending new with the old.

The third, or attic floor has been partially finished, housing a maid's bedroom and a large den that includes heavy built-ins and a magnificent but worn cornice shelf. Originally, this third floor was important more for its height than its living quarters. For it was here that water was piped from a spring nearby and stored in a tank to maintain water pressure.

A special treat is in store for those who tour the Bloom home next month because the attic room itself, together with its dusty but fascinating contents, will be open for viewing.

Twin Windows in Living Room

Gigantic Mirror Greets Visitors

College Plans Friday Dance

Freddy Cannon with K.V. Knight and the Knight Riders will provide the music for the first student sponsored dance of the new academic year at Schoolcraft College on Friday night. The Tower 1 dance, sponsored by the Student Senate, is open to all college students in the area, on presentation of a valid I.D. card. Admission is \$1.50 per person, \$3 per couple for Schoolcraft students; \$2 per person, \$4 per couple for other college students. School dress is indicated. The dance, one of two sponsored by the Senate during the year, will be from 8:30 p.m. to 12:30 p.m. in the Lois L. Waterman Campus Center.

School Counselors To Get Spotlight

Packed in their day's work are displays of permissiveness, authority, salesmanship, amazement, excitement, joy and happiness.

That's because the job of the school counselor is an emotional one, selling society on the teenager with positiveness and in turn selling the teenager on society.

To spotlight the importance of this task, the Oakland Area Counselors Association (OACA) is observing a Counselor Week from September 24-30 in an effort to aid in public understanding of counselor services.

Specific attention will be called to the 350 school counselors in Oakland county 120,000 students on the secondary level - including those of this area.

"It is believed that the support of an informed public will aid significantly to each counselor's effectiveness as he attempts to bring about guidance services to the students assigned to him," says Dr. Robert Williams, director of guidance and measurements and advisor of OACA. In Oakland county, he notes, most counselors' student assignments are 300 to 400 students.

Our public image is important and we cannot take it for granted. We need to promote a general awareness on the public of our various services available for youth and their parents. Therefore, we encourage all people to be

- NOTICE -

NOTICE IS HEREBY GIVEN THAT THE COUNCIL FOR THE CITY OF NORTHVILLE DID HOLD A PUBLIC HEARING ON TUESDAY, SEPTEMBER 5, 1967 AND ON THAT DATE ADOPTED THE REVISED HOUSING ORDINANCE.

Following is a summary of said ordinance—Article I through XVI:

Ironed With A Dryer

Shirts, slacks, sheets, pillow slips, blouses, skirts — if they're made of durable press, you can forget about ironing them—that is if you have a new gas dryer!

The gas dryer provides an exact temperature that prevents overheating or overdrying, and it has an automatic setting that's designed especially for these miracle fabrics. Your durable press garments dry with a professional "finishing touch" that completely eliminates the ironing board.

Why not see your gas appliance dealer today? While you're there have him show you the automatic settings that do your ironing for you!

News Around Schoolcraft

The fall semester schedule for the Friday Night film series at Schoolcraft college has been announced by John Kyriacopoulos, director of the series.

The seven-film schedule will begin September 15 with "Gervaise," and will continue on alternate Fridays through December 15. No film will be shown on November 24, during the Thanksgiving holiday weekend.

The schedule: September 15, "Gervaise"; September 29, "Aparajito"; October 13, "My Uncle"; October 27, "The Loneliness of the Long Distance Runner"; November 10, "The Informer"; December 1, "Viridiana"; and December 15, "Red Desert."

Films will be shown in Room 2-530, the amphitheater in the Forum building on the campus mall. Current times are 8:30 p.m., "Aparajito," "Viridiana," and "Red Desert," will also be shown at 9 p.m. Kyriacopoulos said. All foreign language films have English subtitles.

The Friday night series is open to the public without charge.

Marla Schell starts in "Gervaise," a French film based on Emile Zola's novel "L'Assommoir" (The Dram Shop) which was the forerunner of his "Nana."

The story is that of a poverty-stricken laundress in Paris during the 19th century Second Empire. She is dragged down to the death by a series of tragic incidents and the film ends on an equally tragic note.

Francoise Perlier and Suzette Delair are featured in the cast which was directed by Rene Clement.

All eight members of the Schoolcraft college board of trustees will attend the second annual meeting of the Michigan Association of Community College boards at Bay-Venue Community college on Friday and Saturday, September 22-23.

Trustees will join Schoolcraft President Dr. Eric J. Bradner at the two-day meeting at which Dr. Max Smith of Michigan State University, director, office of community college cooperation, and Dr. Harold Smith of the Upsilon Company, will be principal speakers.

Trustees designated Board Chairman Harold E. Fischer as fiscal officer of the association which was organized last year.

Other Trustees who will attend the meeting are Paul Mutnick, board secretary; Clarke Oldenburg, treasurer; James W. Boswell, Sam Hudson, Dr. George Martin and William Secord.

Congressman Jack McDonald

McDonald Heads GOP Fund Drive

Mrs. Don Kory, Chairman of the 19th Congressional District Wayne Republican Committee (Livonia, Northville, Redford Twp.), has announced September 16 as the kick-off date to begin the annual Republican party fund drive in Wayne County. Congressman Jack McDonald, is Wayne county co-chairman of this event. McDonald explains that the need for success of such fund raising, especially in a non-election year, cannot be overemphasized. "Then the party can realistically plan for assisting candidates in time for election, building organization, operating headquarters, and developing positive programs," says McDonald.

The week following the kick-off date residents will be contacted by letter asking for help that can be given for the year ahead.

Directing the drive in Redford Township will be Lou Wilking, Dave Merriam in Livonia and A.T. Gilhahn in Northville.

Contributions can be made out to the "United Republican Fund" and given to the precinct representative or mailed to the 19th Dist. headquarters at 15844 Beech Daly road, Detroit, 48239.

Novi Justice Court

A three-day jail sentence, together with a \$50 fine and court costs of \$15, was handed Michael T. Corvantes of Pontiac for driving in Novi on September 9 with a revoked driver's license. He pleaded guilty before Justice of Peace Emery Jacques.

Mary C. Ehrcke, 723 Amenia, who was the driver of a car that crashed into a porch at 1703 East Lake Drive on August 4, was fined \$10 upon pleading guilty before Justice of the Peace Robert K. Anderson.

Fined \$20 for speeding 75 miles per hour in a 55 MPH zone on 10 Mile road by Justice Jacques was William K. Edmunds of 44200 10 Mile road.

Albert G. Ringle of 1689 Decker pleaded guilty of failing to identify himself at a property damage accident on East Lake Drive August 25 and was fined \$50 by Justice Anderson.

Fined \$25 for excessive noise of a motorcycle on Grand River, west of Taft road, June 26, by Justice Anderson was Joseph D. Palluto of Detroit.

Louis R. Nostrand of Plymouth pleaded guilty of speeding 50 MPH in a 30 MPH zone on East Lake drive July 22 and was fined \$20 by Justice Jacques.

Henry R. Barton of Farmington was fined \$20 for speeding 40 MPH in a 25 MPH zone at Meadowbrook and 10 Mile road, and a \$30 fine was assessed against Thomas R. Hunt of Lincoln Park for speeding 80 MPH in a 55 MPH zone on Grand River between Beck and Novi roads. Both fines were levied by Justice Jacques.

Robert R. Noble of 27400 Novi road was fined \$30 by Justice Anderson upon pleading guilty of being a disorderly person in the Casino parking lot on June 12.

Attendance Down

Kensington Metropolitan Park near New Hudson had 252,000 visitors in August of this year compared to 253,000 in August of last year.

Tips from the STOP AND SHOP CHEF
Questions and Answers
What is cream of tartar and what effect does it have on ingredients with which it is combined?
Technically, cream of tartar is a purification of acid potassium tartrate. Combined with egg whites, its most frequent use, it stabilizes the whites after they are beaten, enabling them to retain their air. When cream of tartar is combined with egg whites for angel food cake, it makes for a lighter, whiter product.

EXPANDING—Rapidly increasing demand for its diamond tools prompted ground-breaking Friday for expansion of International Diamond Tool company, 21141 Novi road. The 4,300 square foot addition will nearly triple the size of the Northville industry, located here for nearly six years. According to the owner and operator,

Marian Szczepanski, the superstructure of the addition should be completed before freezing weather, with interior work to continue throughout the winter. Looking over the plans for the two-story addition as workers prepare the site adjacent to the present building is the owner, his wife and son, Victor.

Our Legislators Report

McDonald...

As a member of the Flood Control Subcommittee of the Public Works Committee I have just returned from a personal inspection of the stricken Alaskan flood area.

Although the news of the flood damage to Fairbanks made all the newspaper headlines, the Indian population of Alaska suffered as bad, if not worse damage to their homes and food supplies.

Our team of Committee observers concentrated primarily on the Indian villages of Nenana and Minto on the Tanana River near Fairbanks. We were appalled by the damage we witnessed and alarmed at the stark prospects which the rapidly approaching Arctic winter presents.

Time is of the essence. Much work must be done before mid-September's onset of freezing weather and ice-locked streams if the Indians are to survive the coming winter.

The floods of August 14 and 15 submerged their homes, leaving many without shelter to face the bitter winter without the elemental necessities of survival. In addition, most of their hard-won stores of summer-caught fish were washed away by the tide.

I have recommended that the Indians be given the most liberal latitude toward the permissive taking of game

through the coming winter. Their claim is not a sportsman's whim or a dilettante's diversion, but the basic need of self-preservation.

Meanwhile, the Army Engineers and the Office of Emergency Planning are struggling to restore the damaged motors of freezing apparatus and to permit the replenishing of sufficient food stocks to sustain the population and their dog teams which are indispensable to their livelihood.

But the Alaskan Indian is no slacker. He's a hard worker and will endure the desolation and hardship of the ensuing winter with courage and determination to survive. We should do everything we can to help these brave people.

Esch...

Not many people may know the meaning of the word "eutrophication," but those concerned with the preservation of our Water-Winter Wonderland are well aware of its effects.

Technically, eutrophication is the process that a lake may go through naturally. It involves the assimilation of various materials into its water and the development of oxygen deficiencies which kill natural fish and wildlife. It has become quite apparent that man has speeded up eutrophication and shortened the lifespan of our lakes. This

long word becomes another name for water pollution pertaining particularly to lakes.

We have heard a lot about river and large lake pollution, but what about America's 100,000 small lakes? A recent report published by the Committee on Government Operations entitled "Save America's Small Lakes," describes the serious threat they face and the need for concern and action. This is nothing new to the lake enthusiast but it does not seem to have aroused the great public interest that it deserves.

Lake pollution is caused by the discharge of industrial and municipal wastes of agricultural and urban runoff, septic tanks, and siltation and wastes from boats. Because a lake has relatively little motion, it has less capacity than a flowing stream to rid itself of wastes. As wastes increase, the normal aging process of a lake is stepped up and soon the lake begins to die. The result is a sharp blow to a lake's recreational uses. Swimming beaches and picnic areas close; fishing and boating decline and property values fall off.

All the causes are basically man made and man can correct them. Unfortunately not much has been done. In 1966, the Federal Water Pollution Control Administration devoted only \$150,000 to eutrophication research. Although this is expected to reach \$3 million by 1968, it will still be inadequate to cope with the problem effectively.

Insurance, Realty Firms Mark Office Expansion

Conference anyone? There's plenty of room now at Northville Insurance and Realty offices.

Denist offices have been converted into office area for the businesses. They're holding open house today, Friday and Saturday.

Northville Insurance and Northville Realty, both located at 160 East Main street, are holding "open house" today, Friday and Saturday to introduce their expanded office facilities to the public.

Kenneth Rathert, owner of Northville Insurance and Realty, and George Clark, Northville Realty owner, have issued an invitation to area residents, customers and fellow businessmen to stop in for refreshments and see their new offices.

The firms gained new office space and a conference area by moving the dentist offices, formerly occupied by Dr. Stanley DeVries, to the second floor. The new second-level dental offices will be taken over September 15 by Dr. Eugene L. Surmont. The law offices of Philip R. Ogilvie are also on the second floor.

The area for the insurance and real estate firms has been tripled by the remodeling. Private offices for Rathert and Clark, as well as a conference room and "closing office" have been installed in the rear of the building. Both firms still share front office reception space.

The main street building was constructed in 1956 by L. M. Eaton and the late C. H. Bryan, original owners of Northville Realty. At that time Clark established the Northville Insurance company and purchased Northville Realty from Bryan and Eaton in October, 1964. In April, 1965 Rathert purchased the insurance businesses of Clark and Harold Church. In January, 1966 he purchased the building from Eaton.

Joining Rathert and Clark in greeting the public to their offices will be the staffs of the two firms: Doris Rathert and Ann Lang for Northville Insurance; and Sales Manager Stanley Johnston, L. M. Eaton, Kay Keegan and Betty Tam for Northville Realty.

Novi Highlights

Continued from Page 6-B

nesday September 27 when Christmas gifts will be brought in for under the Christmas tree. There will also be tape available for anyone wishing to send a personal message.

Last Sunday Baby Dedication was held and babies from the following families were dedicated: Elwood Coburn, Lee King, Will King, George Ortwin, Ron Shaw and Roy Dickey.

Everyone planning to attend the Michigan S.S. Convention is encouraged to register with Mrs. Presnell Sunday School secretary as the pre-registration price is much lower. The dates on this are October 5, 6 and 7 and will be held in Cobo Hall.

A scholarship fund was left to the church by the late Mary Flint estate for use of young people attending Christian colleges. At present we have a number of young people attending, some with assistance from the fund and some without assistance. Anyone wishing to contribute to this scholarship fund may contact Ray Warren chairman of the board.

NOVI SCHOOL BAND NEWS

The marching band will be marching Friday, September 22 at the Walled Lake football game at 4:00 p.m. They will also be marching on Saturday September 23 at the U of M in Ann Arbor. They will be there all day.

September 12 the Band Boosters meeting was held at the Jr. High School to discuss having concession stands at the home games.

NOVI BOY SCOUTS

The following Boy Scouts of Troop #54 left Friday night for a canoe trip on the Muskegon River: Tim Bell, Tom Bell, Robert Brown, Robert Collins, George Gombas, Eric Berry, Joe Lamb, Butch Meyer, Tim Skelitts, Jim Skelitts, Randy Tobias and Tom Wilkins. The adults who accompanied the scouts were Jerry Lamb, Fred Glorez, Louis Gombas, Bob Wilkins, John Tymanski, Louise and Brenda Tymanski and Harold and Betty Sigler. Saturday morning they arrived at White Birch Canoe Rental Camp 2 where they spent one night and they spent two nights at Leola. They canoeed 60 or more miles down the winding Muskegon River.

NOVI REBEKAH NEWS

The first meeting after the summer vacation will be held tonight, Thursday, September 14 at the hall.

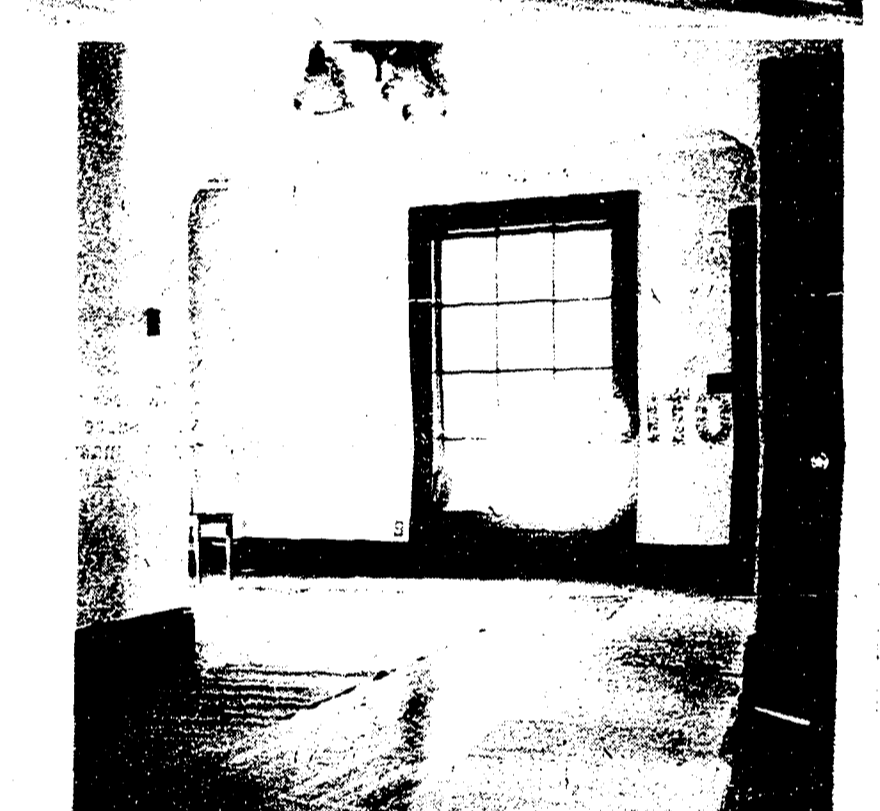

The Past Noble Grand will entertain the Past Noble Grand Association on Thursday the 21st at a luncheon in the Rebekah hall.

Several Rebekahs attended the Visitation at Clyde Tuesday evening, September 12. The Rebekah club met at the hall this week on Monday. They had a potluck luncheon, made plans for the coming bazaar, October 7.

FACELIFT—Northville's beautification campaign was given a boost recently by C. E. (Connie) Langfield, who served as mayor of the Village for many years. The house at 519 Fairbrook, which adjoins the Langfield residence,

is shown above before remodeling began. The interior, exterior, garage and grounds came in for remodeling attention as shown by the pictures below. That's Mr. Langfield in the yard. The home has been rented and will soon be occupied.

Employee Group Holds Convention

Grace Felker, Aileen Cole, M. M. Bryce, Charles McQuar, C. A. Rice and Eldin Watson of Northville have been elected delegate to the 17,000 member Michigan State Employees Association's general assembly, which will meet Friday through Sunday, September 15, 16 and 17 in Grand Rapids for its 17th Annual Convention.

More than 350 delegates, representing 122 association chapters throughout the state will begin arriving in the Furniture City Thursday night for their meetings at the Pantlind Hotel.

MSEA President Larry Hilldore, of Rockford, said the main order of business will be consideration of more than 80 resolutions which will shape association policy during the coming year. In addition, Hilldore continued, "With the present chaotic situation existing in Michigan concerning strikes or withholding of services by public employees, it is certain that the assoc-

iation will recommend legislation which would require legal action to prevent such irresponsible acts on the part of public employees."

Hilldore continued, "We cannot accept using school children of Michigan as pawns to be entered about the bargaining table."

The highlight of the Convention will be an address, following the banquet on Saturday evening, by David Brinkley, nationally recognized television news commentator who will speak in the civic auditorium. The David Brinkley program also will be open to the general public.

Central University Awards Diplomas

A Northville resident was among 253 students who completed degree requirements at Central Michigan university at the close of the six-weeks summer session, officials revealed this week. He is Lyman W. Wamock of 215 Ely drive, North, who successfully completed studies for a master of arts degree. His was one of 81 MA degrees granted at Central, which also awarded 157 bachelor degrees.

Central also awarded eight master of business education degrees, six master of science degrees and one specialist degree.

The July graduates may take part in the university's next scheduled commencement exercises on January 27, 1968.

Degree recipients include six students from 55 Michigan counties, six other states and two foreign countries. Non-Michigan graduates include those from Pennsylvania, Virginia, Illinois, Ohio, Minnesota, Arizona, Saudi Arabia and Guam.

NOTICE

NOTICE IS HEREBY GIVEN that the place of meeting for the Public Hearing on the Master Plan of the Village of Novi, has been changed from the Village Hall to the Community Building, located at 26350 Novi Road, Novi, Michigan. This Public Hearing will be held on September 25, 1967 at 8:00 P.M.

Mabel Ash, Village Clerk

Amendment # 5 to DOG ORDINANCE AS AMENDED TOWNSHIP OF NORTHVILLE

AN ORDINANCE TO REGULATE THE POSSESSING, HARBORING, OWNERSHIP AND RUNNING AT LARGE OF DOGS; TO PROVIDE FOR THEIR VACCINATION AND FOR THE DESTRUCTION OF VICIOUS AND DISEASED DOGS IN THE TOWNSHIP OF NORTHVILLE; TO PROVIDE PENALTIES FOR VIOLATION THEREOF.

The Township of Northville ordains: SECTION I

That the Dog Ordinance of the Township of Northville, is hereby amended by amending Section 11 thereof, and by adding Section 15 (a) thereto to read as follows:

Section 11 It shall be the duty of the Dog Inspector to cause any and every dog so impounded, seized or delivered as provided in Sections 9 and 10 hereof that has not been vaccinated as provided in Section 2 hereof, to be vaccinated by the Township Veterinarian unless said dog is to be destroyed under the provisions of this ordinance; and no such dog shall be released that has not been vaccinated. No such dog shall be released by the Township Veterinarian or from the pound unless the owner or person entitled to demand the same shall pay to the Township Clerk the sum of Three (\$3.00) Dollars for the first and Five (\$5.00) Dollars for each subsequent impounding, seizure or delivery of dog during a license year, plus Four (\$4.00) Dollars per day, or fraction thereof, after the first day, for the care, custody and feeding of such dog, and the further sum of Two (\$2.00) Dollars for each case where such dog has been vaccinated under the provisions of this Section and shall procure a proper license for said dog in the event that such dog shall not have already been duly licensed. All such charges shall be payable only at the Township Hall. All money so received for the release or sale of dogs shall be

paid forthwith into the Treasury of the Township. The "first day" for the purpose of this ordinance shall be considered to run from the time the dog is picked up until 6:00 o'clock in the afternoon of the day following.

Section 15 (a) All fines, penalties or fees set forth in this ordinance may hereafter be amended by formal resolution of the Township Board of Trustees of the Township of Northville, without amending this ordinance, except those penalties set forth in Section 17 hereof.

Section II All Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

Section III Should any section, clause or provision of this Ordinance be declared to be invalid, or shall certain applications of any part of this Ordinance be deemed invalid or unconstitutional, the same shall not affect the validity of this Ordinance as a whole, or any part thereof of other than the part or applications so held to be invalid or unconstitutional.

Section IV The provisions of this Ordinance are hereby ordered to take immediate effect upon the expiration of thirty (30) days after publication in the manner prescribed by law.

I, ELEANOR W. HAMMOND, Clerk of the Township of Northville, do hereby certify that the above Ordinance amendment was approved and adopted by the Township Board of Trustees at a regular meeting thereof, duly called and held on the 5th day of September A.D., 1967, and was ordered to be given publication in the manner prescribed by law.

Eleanor W. Hammond, Clerk

for The Record

By BILL SLIGER

For reasons best known to themselves members of the Northville city council have hedged on the question of whether or not the city should declare its intention of joining the voluntary council of governments in Southeast Michigan.

Twice the city manager has recommended payment of the annual fee of approximately \$200. On both occasions action has been postponed.

It's unlikely that the four dollars per week is the deterrent even though the council has just experienced its first red-ink year. An unfamiliarity with the proposal seems more probable.

Only Councilwoman Beatrice Carlson has openly expressed any anxiety, and she apparently likens the organization to a first-step of metropolitan government designed to usurp rights of self rule (such as they exist).

And it is true that the council of

governments has been attacked on this basis with charges that local governments will be forced into consolidation in order to receive federal aid, that our individuality will be lost and that we will be swallowed up by a larger government that will cost the taxpayer more rather than less.

At this point, in time and experience, however, the evidence would support the opposite.

A council of governments would protect local community home rule while providing the resources of a total area with several common problems to find solutions beyond the capability of any one community.

Self independence is commendable to a point at which joint effort and cooperation becomes more commendable.

The voluntary council of local governments for southeast Michigan was proposed by the "Committee of One Hundred" in a report published June 30, 1965. The committee was appointed by William M. Day, chairman of Metropolitan Fund, Inc., in cooperation with the supervisors inter-county committee. Members were either elected or appointed officials representing local government interests in southeast Michigan including cities, villages, counties, school districts and townships in the six-county area of Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne.

Representatives to the council would be appointed by the local unit from its own governing ranks.

Programs of study already proposed include child and youth guidance, air pollution, housing, public safety, refuse and sewage disposal, transportation, social services, and water pollution.

Resources of the council might prove the key to solving a particular problem or need by gaining authority for cooperative agreements between two or three closely related governmental units, such as the city and township of Northville, or Novi and Wixom, or the school district and the governmental units within its boundaries.

Experience has taught us that the success of such ventures, regardless of good intent, depends upon the effort and spirit of cooperation with which they are carried out.

On the basis of the belief that the organization is truly voluntary and terminable at any time, that community self-rule is not in jeopardy, and that a combined effort is successful more frequently than a solitary one, it is hoped that the governmental units and school districts in Northville, Novi and Wixom will lend their support and take out membership in the council of governments.

To date only Northville township has approved its \$200 first-year fee.

by JACK W. HOFFMAN

During a lull in negotiations between Northville teachers and the board of education, the state mediator plunked himself down at the table with teachers while board representatives labored in private upstairs on another proposal. Noting the growing pace of state mediators in face of the then and still critical state-wide situation, someone wondered how he was able to keep awake.

Torching a borrowed cigarette, he remembered how he'd face up to the problem earlier in his career. A few more trips like this and he

A LOOSE LEAF

By ROLLY PETERSON

Apparently it's the "in thing" for lawyers. They're making the switch from the court room to the living room via radio and TV. Frank Lane, appointed defender of Lee Harvey Oswald, has his own weekly radio program. And the latest to enter the lucrative realm of show biz is F. Lee Bailey. He hosts ABC's "Good Company" every Thursday night.

Television is a natural for Bailey, who made his name defending underdogs, such as Doctor Alan Shephard and the Boston strangler. Sensational aspect of the cases and the finesse with which he handled them captivated Bailey into the public limelight. His visible personality, his coolness under fire, made him a top TV guest attraction.

Strangely enough, Bailey's program permits little projection of his personality. This was clearly evident last Thursday night when he visited the home of actor Tony Curtis. The lawyer artfully wove himself into the background as Curtis conducted a tour of his sumptuous home. The program came across as surprisingly astute and definitely entertaining.

Heretofore, Curtis' image was that of a playboy philanthropist with marginal ability as an actor. "Trapeze" with Burt Lancaster and Gina Lollobrigida was probably his most distinctive part, the one which he still credits with having given his career a boost. Since that time, the parts he has assumed have not added dimension to his acting.

Although Curtis' acting image underwent no earthshaking change last Thursday night, Curtis, the person, did a flip. Rather than the obnoxious playboy inebriated by headlines, the soft spoken actor came across as serious, aspirant student of drama with talents his press notices virtually ignored.

Opulence was everywhere present in the Beverly Hills home and the spacious grounds, but Curtis was a plain im-

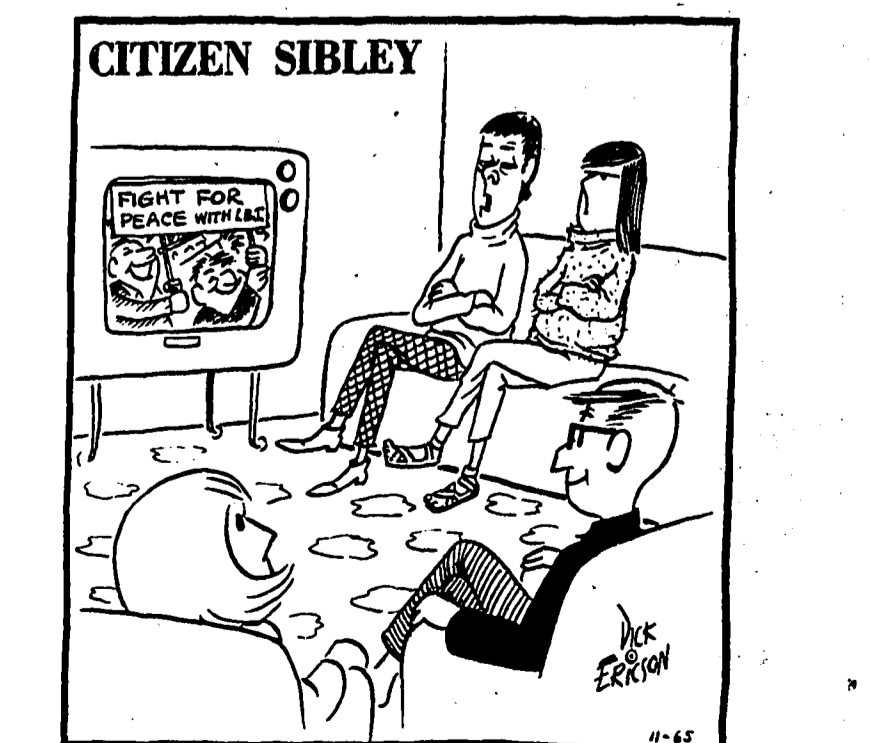

Both labor and management, he said, were entrenched in suits in the same Detroit hotel. As at Northville, he flew back and forth between the two sides carrying new proposals, revisions and suggestions. As the growl grew later he found himself pounding on the door of one side who had taken to bed. Rousing them, he relayed the m.s.s.g., gathered up the reply and headed back to the other side. Here, too, he had to roust the negotiators from bed.

A wildcat strike had hit one of the metropolitan plants and pickets were refusing to permit hourly workers access. White collar workers, not really caring whether or not they would be permitted entry, waited on the opposite side of the street and then left for home convincing themselves that they had no alternative.

"Not at all," I replied, not daring to give away my secret.

So out went the expensive radio broadcasts asking the delinquent employees to return to work in the afternoon. The pickets won't stop white collar workers, they were told. By the afternoon when the employees returned the pickets were gone, fortunately, so my cowardice was never discovered.

NOT ONLY THE ART OF CONVERSATION IS LOST BUT SO IS OUR CAUSE - WHAT CAUSE ARE WE FIGHTING FOR, MICHEL?

State Highway Death Toll Drops Sharply

LANSING — Unless Labor Day drastically altered the picture, Michigan motorists have an impressive traffic record for 1967.

Michigan traffic deaths on holidays, weekends and during the week have dropped sharply from last year's levels while they remained unchanged nationwide since the Automobile Club of Michigan.

In its continuing study of traffic mishaps, AAA reported that during the first six months of this year, including the July 4 holiday, highway fatalities were down more than 17 per cent. Injuries dropped an estimated 10 per

cent. Traffic volume remained at 1966 levels.

What accounted for the improvement? Auto Club General Manager Fred Rehm attributes a major share of decrease to better driving habits of the state's 4 1/2 million motorists. "Michigan motorists are getting the message... the vast majority of good drivers appear to be using that extra bit of carefulness and alertness to safety that is all they need to get them home safely. And more of the bad ones who've shown by their past records they are unfit to drive seem to be off the roads... on holidays at least," Rehm said.

Michigan's July 4th death rate was down 18 percent from last year. Among the seven largest states, in terms of vehicle registration, Michigan listed 30 deaths, up 7 percent over last year. This in comparison to Texas which recorded 71 deaths, up 73 percent from 1966.

Much room for improvement remained, the study notes. Ninety-one percent of all highway accidents which occurred in Michigan during the July 4th weekend involved "driver error." The four top "errors" were excessive speed loss of vehicle control, right-of-way violations and drunk driving. Drivers with unsatisfactory driving records again contributed heavily to fatal accidents. Nine of the 28 known Michigan drivers involved in traffic deaths had more than the so-called average lifetime record of four points.

ANNUAL REPORT of crime in the United States, released by the FBI, shows another significant increase in crimes of all types. Currently the increase in crime outstrips population growth by almost seven-to-one. In Michigan, a total of 182,045 crimes were committed in 1966. Burglary accounted for 78,533; larceny for 47,552; auto theft, 29,277; robbery, 13,061; ag-

gravated assault, 11,411 and forcible rape, 1,998. Murder and non-negligent manslaughter totaled 393.

Michigan's Highland Park led the nation in total crimes committed in cities from 25,000 to 50,000 population. A total of 2,848 crimes were reported there in 1966. Lowest in the nation in that population category was South Euclid, Ohio, with only 67 crimes.

The 10-hour day, 54-hour week limitations for women employees will be lifted November 2. The 1969 statute which set the labor ceiling for females was repealed this year when the legislature decided the law had become out-

dated by other statutes, particularly by the Federal Equal Opportunity Law. Scheduling of hours should become easier for employers with women on the payroll, but other states still protect females from working under conditions which the State Labor Department may consider injurious.

The Michigan State Chamber of Commerce backed the move to scrap the 1909 law. The chamber represents hosts of employers of women throughout the state. "Progress has to be made," said William A. Wickham, legislative counsel for the chamber.

SENIOR CITIZEN housing in Michigan is on an upswing, reports the Michigan Commission on Aging. In 1964 only 22 communities had completed or were developing low-rent housing projects designed for the elderly. These totaled 163 completed units in five communities.

By June of this year, 62 Michigan communities were involved in building and planning 7,838 units. Eighteen communities now have 1,192 units in operation.

A growing problem has been the shortage of trained personnel to manage housing projects. This is partially solved by new training programs instituted at Wayne State University and U-M.

There is still much to be done if Michigan is to reach its goal of 100,000 units for elderly housing by 1974, the commission noted.

Roger Babson

Optimism Signaling Greater Retail Sales

BABSON PARK, Mass. — There is still a lot of optimism among marketing men despite the fact that consumers lately have been dragging their heels on the retail front. Are the optimists right in their conviction that we are heading into another buying spree? Or is a substantially more cautious view prompted by the probabilities for coming months?

There are some hopeful signals. Personal income is still heading upward, though not at the invigorating pace of the past few years. Labor is still on the go-go for big pay increases, and many of the settlements this year have pushed ahead of those for 1966, breaking the guidelines and edging into the 5-7 1/2 percent range. Employment continues to smash one record after another, and jobless totals are small enough to prove that our economy is successfully absorbing millions of the steady additions to the labor force.

Even though prices have been pressing upward in many lines, our nearly 200 million consumers have not yet put on any frantic display to buy things before there is "more price inflation." They have, in fact, been cooking away more cash in the bank, and reducing the volume of their debts as related to their incomes. These are fundamentally healthy developments; they could lay the groundwork for a later burst of confident buying. But there are other things that must be considered.

The seemingly unwinnable war in Vietnam seems to be having an unfavorable effect on buyer attitudes. There just isn't much desire to splurge when a butter-and-guns economy calls for a big new income tax boost. More and more families are sending their youth

to a distant land, paying billions to do it, and seeing no chance of an early end to this bitter situation. Local and state taxes practically everywhere are going in one direction only. And it is UP!

Some lines have had to raise prices because of rising output costs, and this has caused many potential customers to back away. This can also be applied to new homes, with outlays for materials and labor expanding so spectacularly that many young couples would rather just "wait a while" and rent an apartment. All in all, rising prices seem to be holding buyers back from big-tag items. This is the opposite of what happened after World War II, when there was a scarcity of consumer goods instead of today's surpluses.

This doesn't mean that we are heading into a buyers' strike. More likely there will be retail glazes over the months ahead. But they will be less sprightly than in recent years because of the continuing nagging doubts about the war and the upward in taxes. Some industries are reporting cutbacks in working time, which represent a restraining influence on income advances. And here and there layoffs of workers have been publicized — news that must be almost unbearable to many young people, and almost vaguely disturbing to older ones.

Comparisons with a year earlier in various divisions of retail trade are definitely not going to be as rosy as they have been in recent years, at least not for some time. For one thing, there is nothing moving onto the market yet that is as dramatic as, say, color TV. Some possible car buyers may be held back because they expect still further safety features in the next year or two. And

Self Analysis Quiz

Can You Give A Successful Party?

By Jane Sherrod Singer, M. A., University of California

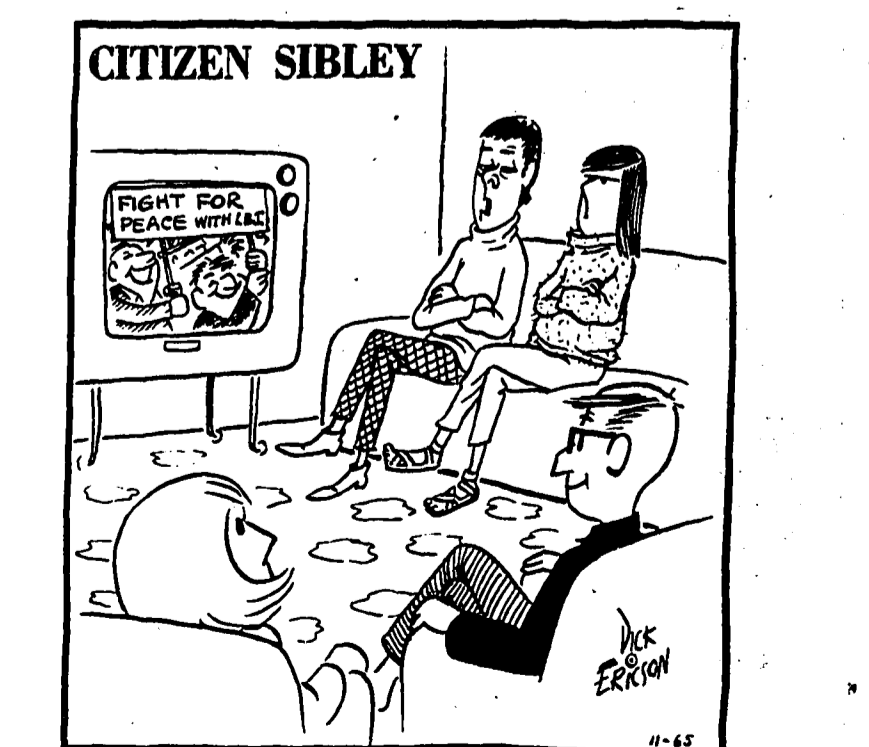

Former U. S. Ambassador to Luxembourg, Perle Mesta, known as the "hostess with the mostest" on two continents, says that the one ingredient basic to successful entertaining is a sincere interest in people.

"Anyone who doesn't like people can't really be a good hostess... or hostess." In addition, however, she has a number of more specific hints. How would you answer these questions?

- | | | |
|---|-----|-----|
| 1. Children should be included in the guest list for evening dinners. | YES | NO |
| 2. Your guests should be selected from the same occupations, professions or at least have many interests in common. | () | () |
| 3. If you forget a name, honestly admit it. | () | () |
| 4. At a sit-down-dinner it is permissible to leave your guests at the table while you prepare the last minute details. | () | () |
| 5. As a host or hostess, wisdom lies in being conservatively dressed. | () | () |
| 6. If an unpleasant subject comes up, quickly change the topic. | () | () |
| 7. The same kinds of foods should be served at a buffet dinner as at a sit-down dinner party. | () | () |
| 8. As a host or hostess you should spend most of your time with your shy guests. | () | () |
| 9. Your guests should be urged into joining planned activities after dinner. | () | () |
| 10. The best parties just happen spontaneously. | () | () |
| 11. The more your party shows the "personal touch" of your own planning, cooking, etc., the more successful it is likely to be. | () | () |

PERLE MESTA'S ANSWERS:

- No. "Not until your children are over 18 and adult in their behavior should they be privileged to be guests."
- No. "A cross-section of guests is much more interesting. People in different occupations are more curious about each other..."
- No. "The name comes back if you talk for a little while. But any trick is better than letting a person think you have forgotten his or her name."
- No. "Everything should be cooked in advance. Guests would rather have something simple and have their hostess with them than to have something time-consuming which deprives them of her company."
- Yes. "Always let your guests' gowns outshine yours."
- Yes. "Never make a reference or argue with an embarrassing statement. Change the subject... abruptly if necessary."
- No. A buffet table should include only foods which can be easily eaten without cutting. "One of my favorites for buffets is Chicken a la King, hot peas and fruit salad. I also like to build a supper around a casserole of baked beans which most people enjoy."
- No. "A good hostess enjoys her own party and does not spend all her time hovering over her guests. I meet my guests, make sure they know everybody and then enjoy my own party."
- No. "I never force guests to participate in doing anything, but I always have music as background for my parties. Charades are fun. Some may prefer cards. Unrelieved conversation can be wearing."
- No. "Chance is rarely on your side. Plan your guest list... plan the type of party and the menu well in advance. Write things down."
- No. "I think home is the best place for parties, but more and more it's proper to entertain in clubs and restaurants. Even at home, the tremendous growth of catering services makes it easier for hostesses to lean on expert services... if there is one thing a party doesn't need it's a nervous, tired hostess."

NOT ONLY THE ART OF CONVERSATION IS LOST BUT SO IS OUR CAUSE - WHAT CAUSE ARE WE FIGHTING FOR, MICHEL?

PURINA HORSE CHOW CHECKERS
COMPLETE...NO HAY NEEDED!
Here's the product horse owners have been waiting for... Purina's revolutionary Horse Chow Checkers... built-in hay.
It's tailor-made for folks where hay is a problem. Roughage is built right into the product—no extra hay is needed.
Because hay is built right in, extra hay feeding is eliminated. Horses like Purina Horse Chow Checkers almost as well as sugar... and it's economical.
If hay is no problem, ask for Purina Omolene, long-time favorite of horsemen the country over. But, if you don't want to bother with extra hay, feed Purina's new Horse Chow. Available now at our store in easy-to-handle 50-lb. bags.

Teenagers to March For Hospital Funds

An army of volunteer teenagers will march through Northville Sunday in a drive for funds to support St. Jude Children's Research Hospital in Memphis, Tennessee.

Heading up the local drive, similar to those to be conducted throughout the nation, is Linda Johnson, with Ronnie Bell and Chris Walker as co-chairmen. More teens who have taken on the job of leaders are:

Kyle Stubbenvoll, Pam Witzke, Hope Hahn, Luane Godfrey, Jane Jerome, Stacy Evans, Ann Sarms, Luane Steeper, Patty Loom, Janet Ogilvie, Donna Knapp, and Mary Petroski.

The two hour march will be held from noon to 3 p.m. here with approximately 125 teens participating.

Founded by Danny Thomas, St. Jude's is working in childhood diseases, including childhood cancer, leukemia, muscle disorders and nutritional disorders.

Goal set for Northville is \$1,300. Officials emphasize that expenses have consistently been held under 10-percent of all funds raised, with more than 90-cents of every dollar going directly to the research hospital.

According to Miss Johnson, not all of the teens who will be soliciting funds at homes in Northville are from this community. Teens from surrounding communities, she explained, have answered a plea for assistance to make the drive a successful one here. All are volunteers, however, and have a common goal: help the hospital that helps children.

The teenagers will be identified with badges, she said.

In addition to the house-to-house canvass, canisters have been placed in business places for contributions.

The annual Teenagers March with Danny has been carried on nationally for several years. The 1967 march, however, represents the first time Northville has participated.

FREE INSTALLATION OF ELECTRIC WATER HEATERS

Buy a new satisfaction guaranteed approved electric water heater now and we will install it absolutely free! You pay nothing for electrical and plumbing connections on Edison lines. And that includes all new installations up to and including four-family residences. A major savings? Certainly is.

And look at the other benefits you get when you own an electric water heater:

- EDISON'S NO-CHARGE REPAIR SERVICE.
- EDISON'S MONEY-BACK GUARANTEE.
- EDISON'S LOWER WATER HEATING RATE.

It all adds up to this. Now you can be sure of all the hot water you need for less money than ever.

Novi 11: Downed But Not Out

Any way you look at it, Friday's season opener was a defeat. But neither Coach John Osborne nor his Novi eleven are discouraged by the 19-7 loss to Boysville at Tecumseh.

"We'll be tougher ... at least we'd better be," Osborne said Monday morning in reviewing his squad's opening performance and looking ahead to tomorrow's league opener here with Whitmore Lake.

The game will get underway at 4 p.m. on Novi's new gridiron located behind the high school.

Osborne said he was "pleased" with his squad's aerial defensive and offensive play, but he plans to "plug some holes" in the line where Boysville out repeated paths in scoring their three touchdowns.

The coach concedes that tomorrow's contest will be no snap, particularly against the Trojans' surprisingly strong showing against Clarenceville Friday.

Whitmore battled the far larger Wayne-Oakland League opponent to a 20-20 tie.

Nevertheless, Novi will be tough, too, and both coach and players are anxious to make a good showing in this their first game in the Lakeland C League. Both squads will field I-formations in a contest that's sure to display some aerial spectaculars.

Boysville's 215-pound tailback, David Rockwell, made mincemeat of Novi's rugged line, repeatedly piling over it.

He scored all three of Boysville's touchdowns. The host team ground out 240 yards, almost all of it on the ground, while Novi's offense could boast only 112 yards in the air and on the ground.

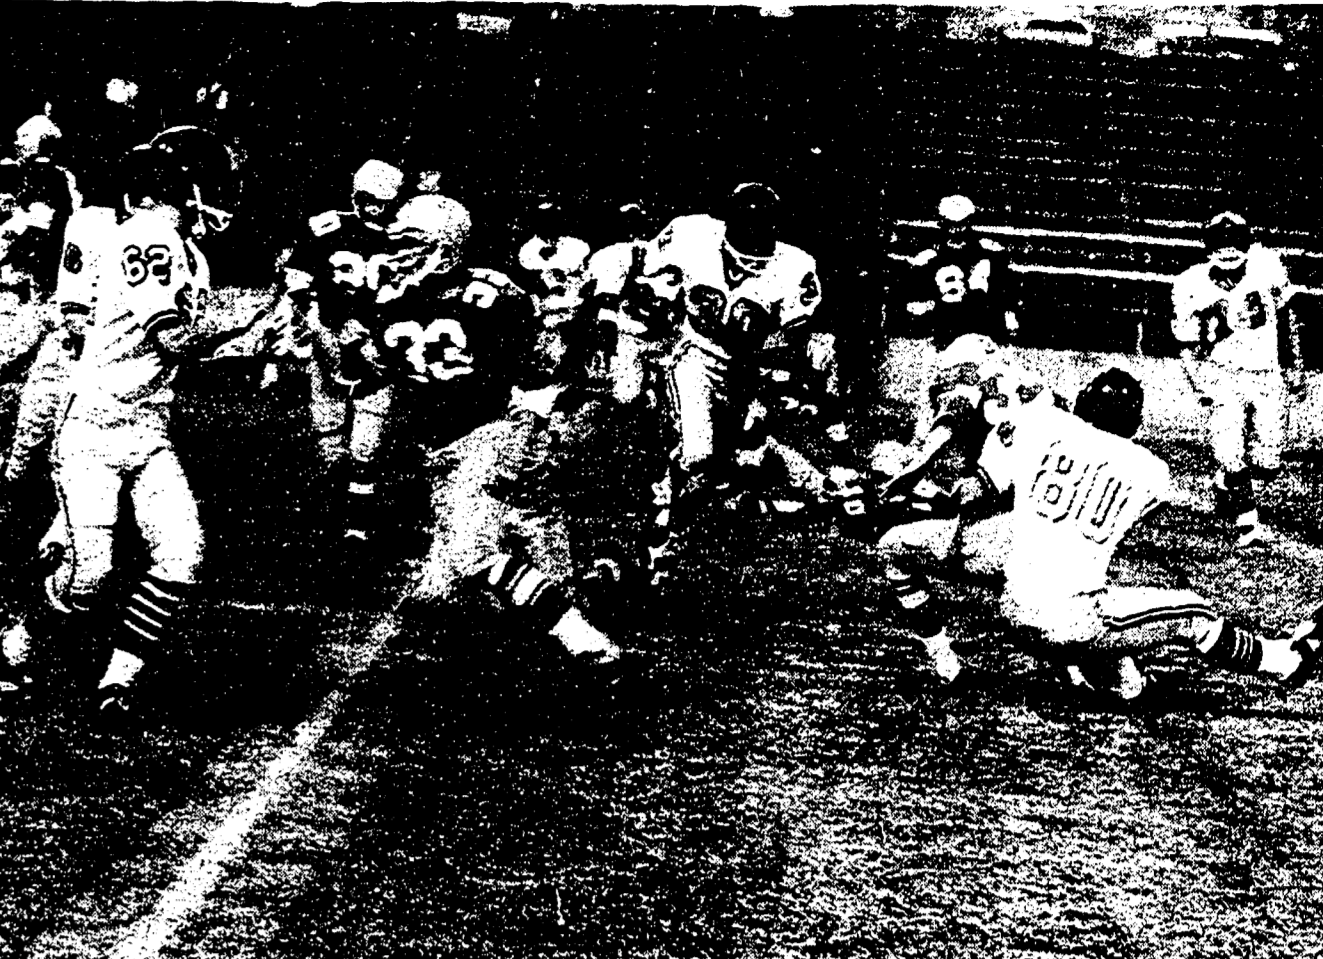

Rockwell slanted off tackle, swept past a host of tacklers to score his team's first TD early in the first quarter. A Novi fumble in the second quarter set up Boysville's second tally, putting the hosts out-noon, 13-0.

Shortly after Boysville's touchdown however, Center Pat Kline partially blocked a Boysville punt. The kick hit the ground, bounced and Novi's fleet-footed quarterback, Gary Boyer, caught it on the fly, streaked past three defenders and scampered 65-yards for what appeared to be the Wildcats' first TD. But a clipping penalty nullified the play.

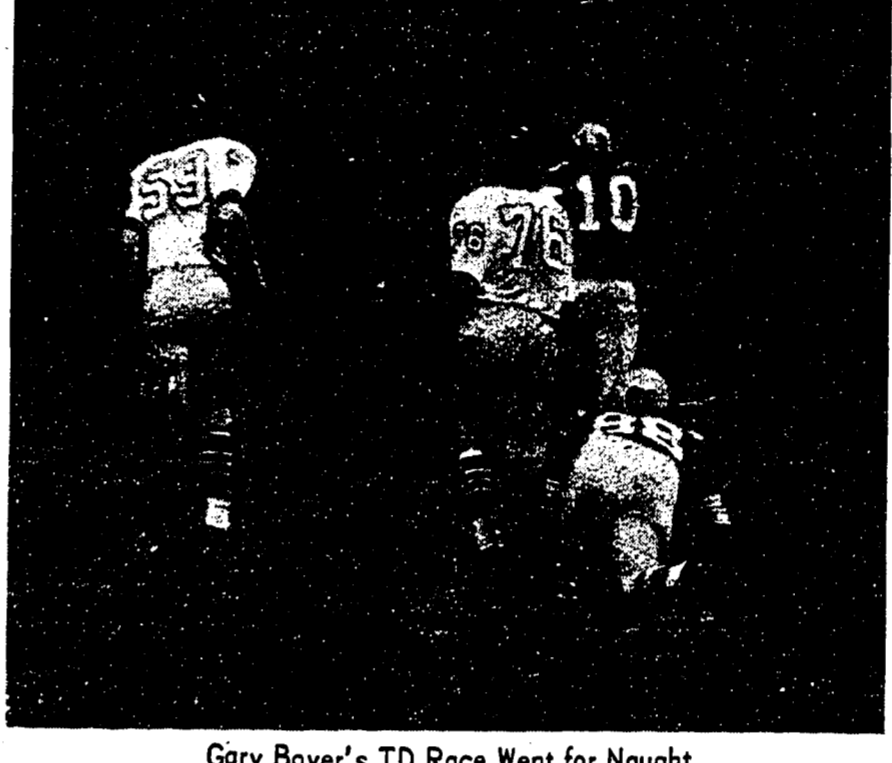

By now, Novi seemed dead on scoring. Several pass completions, including a 27-yard pass play from Boyer to End Doug Earl, and still another 22-yard pass from Boyer to Earl pushed the Wildcats deep into their opponent's territory.

Then on second down, three yards out, Mike Parrish dived across for the touchdown. Boyer ran in the extra point.

Boysville sandwiched a fourth-down rousing the kicker penalty against Novi between a couple of passes in scoring their third TD in the third quarter. That score was the turning point in the game, with Novi unable to spark another successful drive.

Cityhood? Up in Air

Court Settles Nothing

A disputed Oakland circuit court decision on the aging Novi incorporation question that is likely to grow older. Proponents and opponents of incorporation interpret Judge Beer's ruling differently, thus upsetting both sides that the question would be finally definitely settled.

Township officials see Judge Beer's decision as a victory against incorporation, while representatives of the incorporation committee contend the ruling opens the door for further, more specific court debate.

The judge dismissed two related court cases and then, depending on whose interpretation is used, upheld the original decision of Judge Arthur Moore against incorporation on grounds that Novi's population does not meet the requirement for first-class cityhood, or he pointed to Judge Moore's decision, inviting further arguments from either side on this ruling.

Township Attorney Emery Jacques said the ruling "in effect," substantiates the township's position thus giving the township a victory. However, he said proponents may, within 20 days after the judge signs the order, appeal the case.

Legal counselors for the incorporation committee, on the other hand, argue that the judge specifically said he will hear arguments by either side on the question to which Judge Moore addressed himself.

ELECTED - Russell L. Smith, 41025 South McMahon Circle, has been elected president of the Willowbrook Community association, succeeding Robert Pohlman.

Smith, a graduate of Wayne State University, is employed as a sub-contractor administrator for the Allison division of General Motors.

Council Weighs Sewer Tap Policy

A fee policy proposal or ordinance is expected to come up for council consideration October 2, residents of Brookland Farms subdivision learned Monday night in quizzing council members about installation - tap fees and hook-up requirements.

With only three of the five council members present for the regular meeting - and with these three apparently holding different views on the necessity of immediate hook-up to existing sewer lines and apparent flexible availability fees - it was decided to withhold definite answers to the residents' questions pending review of the proposed policy to be introduced by Attorney Howard Bond.

Specifically, the Brookland Farms property owners complained that contractors had not restored their property to the original condition after installing the sewer line behind homes on Nine Mile road, wondering if financial consideration is to be given those property owners through which the line was constructed, and asked if they must hook-up to the sewer immediately and, if not, when it must be done.

Furthermore, they sought clarification of the \$599 construction fee and the \$300 availability fee.

When told that although the village ordinance required hook-up within a prescribed period the village had not been enforcing it "to the letter," Councilman Joseph Crupi argued that since Willowbrook residents had been required to hook-up immediately there should be made to do likewise. He also took issue with an apparent practice in the Meadowbrook Lake subdivision to waive availability fees in lieu of sewer construction investments by the contractor.

New Road Work Slated in Wixom

Wixom's road improvement program, sidetracked with the advent of the city-wide sewer construction project, appears ready to start rolling again.

City council set the stage for resumption of the program last week by authorizing Mayor Wesley McAtee to procure the necessary engineering specifications and then seek bids for paving of Flamingo, Fairbury and Theodore streets.

(Proposed improvement of Fairbury is to extend to Bogle and Bogle north). The decision to resume the road building program was sparked by the city auditor's report that Wixom closed its fiscal year with a budget surplus of \$85,182. Mayor McAtee suggested the surplus be used to improve roads - in those areas serving the most people.

McAtee suggested Flamingo and Fairbury, and Councilwoman Mrs. John Chambers recommended the addition of Theodore which earlier had been considered as part of overall road improvement plans.

Improvement of Flamingo, located in Birch Park, would extend from Potter to the lake front, and improvement of Fairbury, located in the Loon Lake area, would extend around the peripheral of the lake. Theodore runs west of Wixom road, between West Maple and the Grand Trunk railroad crossing.

Blood Donors Sought Here

A Red Cross bloodmobile will be at the community building, 26350 Novi road, between the hours of 2:00 and 8:00 p.m. on Monday, September 25. For an appointment to donate area residents are asked to call MA 4-1248.

According to Frank R. Ellis, M.D., director of the Southeastern Michigan Red Cross regional blood program, the summer slump in the number of voluntary blood donors ordinarily extends through September.

"With this in mind," he stated, "we are still working toward the goal of getting more people to participate during this season. We are particularly interested in the younger generation. We find that many past donors are reaching the age where they will soon be ineligible to donate."

Scouts Plan Sale

Preliminary plans for a candy fundraising sale were announced this week by officials of Novi Boy Scout Troop 54. A variety of Halloween candies are to be sold, beginning October 1 and continuing until October 31.

The road improvement question arose when the manager recommended something be done from Novi road east to the C&O railroad in view of the giant new photo-finishing plant nearing completion on the south side of Nine Mile just east of Novi road.

Lengthy discussion concerning proposed salary increases for custodians resulted in a temporary stalemate but finally was resolved when the board approved an hourly rate of \$2.60 for the head custodian at the high school; \$2.70 for head custodians at Orchard Hills and Novi elementary schools; \$2.45 for assistants; and \$2.30 for matrons.

Here's Chance To Eye Plans

Public hearing on the proposed village master plan will be held Monday in the Novi Community building beginning at 8 p.m.

Council and planning board members will meet jointly for the hearing to which all Novi village residents are invited.

College Eyes \$5.6 Million Bond Issue

Trustees of Schoolcraft college have authorized college officials to begin work on preparing a \$5.6 million bond issue which would help finance the next phase of the college's pay-as-you-go construction program.

The bonds would provide \$4 million in local construction funds and \$1.6 million to refund the 1962 bond issue, first of three sold by the college to build the Haggerty road campus.

In a companion motion at their meeting on Wednesday night, September 6, Trustees ordered that the question of the new bond issue be submitted to the voters of the college district.

Vice-President for Business Affairs W. Kenneth Lindner said the question would go on the ballot at the regular school election next June.

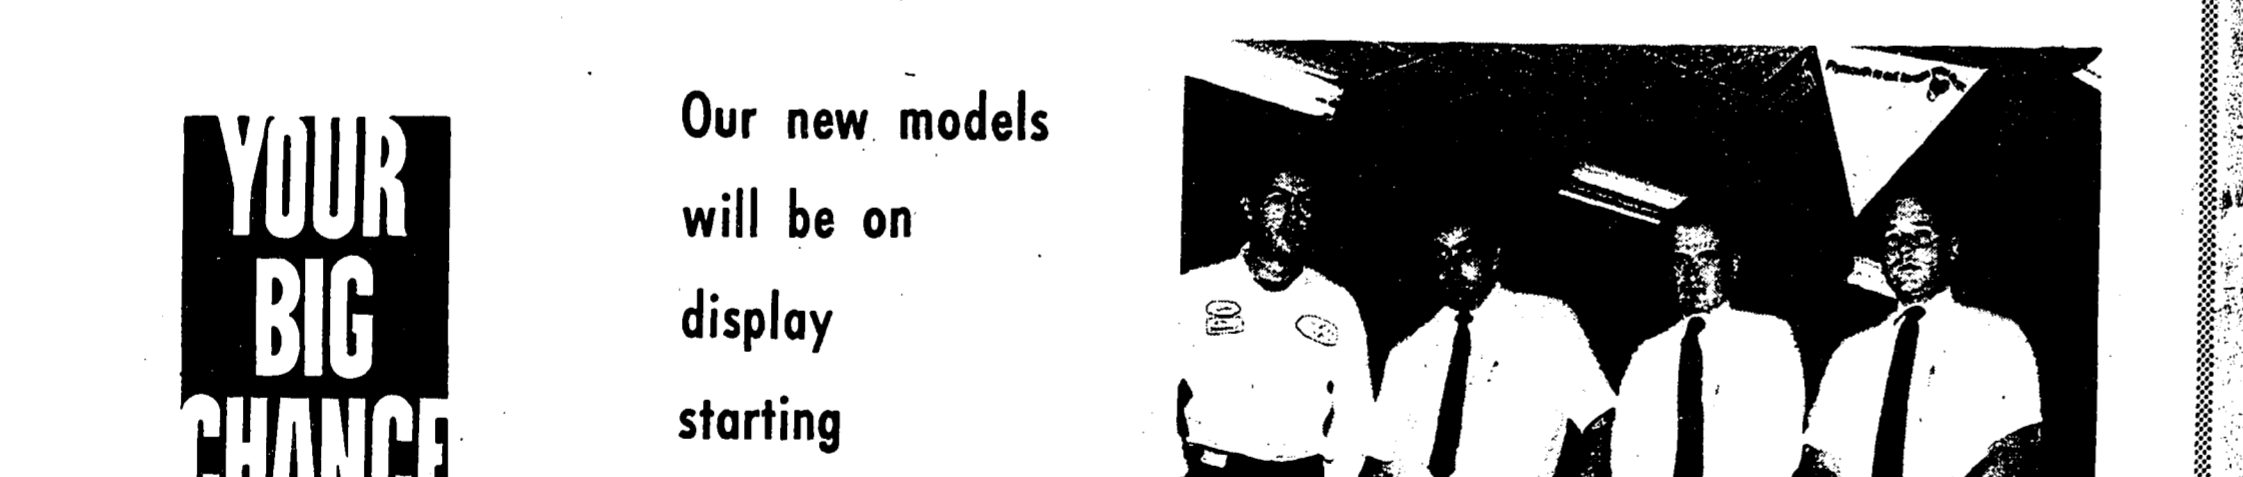

The trustees' decision endorsed a recommendation by the administration that bond attorneys Miller, Canfield, Paddock and Stone of Detroit, be commissioned to prepare the issue for sale, along with a time table for its approval by trustees, the Michigan Finance commission and the voters.

When sold, the bond issue would provide the local share of capital funds for planning and construction of a number of buildings called for in the original plan for the college.

The bond sale, Lindner told trustees, would assure the availability of local funds to match grants and appropriations from both the state and federal governments.
