JH CHEERLEADERS—Members of the junior high school cheerleading seventh and eighth grades squads are (top): Eighth grade (back) Lorrie Deibert, Dorcie Pickren, Robin Fox, Diane Horwath, Dawn

Wilkinson, and Sue Northrup; and (below, seventh grade) Laura Watt, Bev Wistert, Nancy Nirider, Gina Williams, Tracey Snow and Nancy Weidner.

JH Boosts Two Cheerleader Groups

This is Mrs. Susan Sysma's first year as the cheerleading coach at Ida B. Cooke Junior High School, and as she puts it, "We have a fine group of girls for cheerleading." Recently, more than 60 girls tried out for the seventh grade cheerleading squad. From the 60 or more applicants, only eight were chosen, six were designated as regular squad members and two achieved alternate cheerleading posts. The following eight girls were chosen as cheerleaders for the seventh grade basketball season: Karen Glenn, alternate; Nancy Nirider, regular; Linda Ordling, alternate; Tracy Snow, regular; Laura Watt, regular; Nancy Weidner, regular; Gina Williams, regular; and Bev Wistert, also a regular. The seventh grade cheerleaders received a \$150 donation from the student council to purchase new sweaters for their uniforms. The eighth grade cheerleaders were chosen last spring when Miss Oaklee Noblit was the cheerleading coach, explained Mrs. Sysma. The eighth grade squad consists of Lorrie Deibert, Regular; Robin Fox, regular; Diane Horwath, regular; Sue Northrup, regular; Judi O'Brien, alternate; Dorcie Pickren, regular; Debbie Pickren, alternate; and Dawn Wilkinson, also a regular who did the cheerleading during the football season and will cheerlead during the eighth grade basketball season.

College Application Deadline Nearing

"It's later than they think," commented Mrs. Violet Bradford, chairman of the Northville high school counseling department, concerning senior's college applications for the fall semester of 1968. She added that, "The counseling department urges students to send their applications to colleges in early. Seniors can't afford not to have them in early because there is too much competition." Applying to college is an important step for the planning of a student's life. Not only must students apply to a college well in advance, but you must fulfill entrance requirements as well. Mrs. Bradford suggests visits to various campuses for a day or possibly a weekend. Students must also take into consideration the colleges most suited to their field of study, plus the general qualifications they feel a college or university should have. Do you prefer a large campus or a small campus? Do you wish to go out of state or in state? What fields of study do you plan to take? What price can you afford for a college education? What types of student aid are available? What types of graduate work are offered? What are the college's policies and goals? All these and many more are questions the student must consider when applying for college entrance, Mrs. Bradford said. Many colleges and universities require applicants to take either the Scholastic Aptitude Test (SAT) or American College Testing program (ACT). Both are college entrance examination boards. Students wishing to take the SAT test must pay \$3 and register by December 9 for the January 13 test. Livonia-Bentley and Bedford high schools will be the testing stations. Students wishing to take the ACT test must pay \$4.50 and register by November 8 for the December 9 test. Farmington, Livonia-Bentley, and Walled Lake high schools will be the testing stations. A reminder from Mrs. Bradford for all students registered for the November 4 test, "Be sure to be at your testing station before 8:00 a.m. because the doors will be locked when the test starts promptly at 8:00 a.m." Mrs. Bradford also pointed out, "Juniors should start this year to explore campuses, and begin considering possible college applications and fields of study." She added that, "An alumni tea is scheduled for December 22 when the alumni are invited back to visit with both students and teachers to discuss various colleges."

Seek Scrap Iron for Art

"I'd like to see the school as a perpetual art fair," says Mr. William Case, Main Street elementary school art teacher. "The walls look dull and like a prison. There are blank spaces on the school's interior and exterior which could be brightened up with paintings and relief sculptures on the walls." He contends Amerman elementary school "is in the same condition. The paths between buildings could use some relief sculpture, too." Mr. Case is working in conjunction with Mrs. Barbara Marlon, Amerman school's art teacher, determining what direction art will be taught in the two schools. Both were to speak before the Rotary Club Tuesday in a plea for industrial scrap, (gears, scrap metal, defective machinery parts, etc.) Case explains: "We're not begging for materials nor are we begging for industrial support of the school to supplement the art budget; but as long as something is left laying around as scrap, let's do something with it. If the material has shape and color, we'll (the art classes) manipulate it into art." The materials that are discarded by industry, if acquired, are to be used by the art students to make artistic patterns, geometric designs, and various types of objects and figures to display on the walls and in the halls of the two schools, he says. Mr. Case sums it up by saying, "Art should be a definite part of your life, but the impression of art as just drawing and painting is ridiculous."

'68 Yearbook To Go on Sale

The 1968 Northville high school yearbook, Palladium, will be ordered by NHS students November 5 and 6 during study halls and lunch periods. According to Palladium Editor Virginia Round, "We haven't decided on a definite theme yet, but a strong possibility is Growth and Expansion." This theme would indicate the high school's rise in enrollment and construction of additional classrooms to house new facilities of study. Last week pictures were taken of various organizations to help meet the first palladium deadline, scheduled for December 20. The advertising campaign has also been launched to finance the Palladium. Editor Round disclosed a few of the sections to be covered in the '68 Palladium as faculty, activities, sports, classesmen, seniors and sports. "There will be teacher portraits, teacher candid, graduated pictures for the various classes, and the discontinuation of padded covers which are obsolete by professional standards," she added.

Whew! Ford Strike Ends

Ratification of a settlement at the Wixom Ford plant was expected Wednesday "by a good percentage." That was the word from UAW Local 36 Tuesday morning following an all-night bargaining session with management that led to a settlement of the strike that began September 7. The two sides had been meeting regularly, including several marathon sessions, in an effort to bring the strike to a halt at the giant Wixom assembly plant. Local 36 earlier had ratified the national contract, 1500 to 79, but local issues kept pickets at the plant gates. Last week UAW Local Vice-President Agathon D. Tasse said the union had not withdrawn or scrapped any of its original demands but had "softened all of them." Among the issues that reportedly kept the two sides apart were overtime, job descriptions, promotion opportunity, and working standards. Following the settlement Tuesday morning, pickets were withdrawn from the plant pending Wednesday's ratification vote from 10 a.m. to 1 p.m. at the union hall on Wixom road, across from the Ford plant.

Monday Night Development Plan Up for Review

Two special meetings of the Novi planning board have been scheduled this month — one to consider development plans and the other to discuss a research and engineering zoning district. The planners will consider the plans of James Michael for 80 acres of what formerly was the Durie property at the northwest corner of Nine Mile and Meadowbrook roads next Monday. A development of homes and apartments, utilizing a small gravel pit, is planned for the property. A unit development plan has been submitted to Planning Consultant Waldemar Johnson, who is to review it and submit a recommendation to planners by the Monday meeting. The second special meeting, slated for Monday, November 20, is for the sole purpose of discussing and working on the research and engineering zoning district. With its completion, planners will have reviewed all of the zoning district classifications. A public hearing on rezoning of property on the east side of Novi road, south of the C&O railroad tracks, will take place at the regular meeting of the planners on Monday, November 27. One parcel of this property was presented to planners for rezoning by Ed Pressnell, representative of the owners, from R-2 and M-1 to M-2. By its own initiative, the planning board has included four adjacent parcels for possible rezoning as well. The property he represents, said Pressnell, has been sold subject to rezoning. A request for a change in zoning classification from M-1 to M-2 from Civil Works Contractors was referred to the rezoning board. A motion to deny a public hearing on a request for a C-2 classification by John Merlino died for lack of support last week, and the board then directed that a letter be sent Merlino, noting the planning consultant's recommendation for denial and suggesting instead that Merlino consider an M-1 classification. Located on the west side of Novi road, south of the C&O railroad crossing, the property is being proposed for a catering service business and a banquet hall. Planners have designated the property in the general area for a manufacturing and research classification and therefore find the banquet hall, which requires a C-2 commercial classification, unacceptable. The catering service, on the other hand, would service industries and therefore more readily fits the manufacturing concept, planners contend. Plans for a hearing on the proposed development of Max Sheldon at the northwest corner of Meadowbrook and 10 Mile road, slated for November 27, was rescinded at the request of Sheldon pending clarification. Also to be reviewed at the November 27 meeting will be the plans for a development of 180 acres at the southwest corner of 10 Mile and Taft roads.

NOVI NEWS THE OFFICIAL NEWSPAPER OF THE VILLAGE AND TOWNSHIP OF NOVI, AND THE CITY OF WIXOM Vol. 14, No. 25, 20 Pages, Two Sections • Novi, Michigan Thursday, November 9, 1967 • 10c Per Copy, \$4 Per Year In Advance

Novi OKs Engineering For Taft, Wixom Roads Name Ray Evans To Council Post

Raymond H. Evans, former chairman of the Novi planning board, was appointed to the village council Monday night to fill out the unexpired term of Joseph Crupi who resigned last month. The 41-year-old Echo Valley subdivision resident will serve until the next village election. Appointed to the planning board in July of 1964, Evans served until this past July—the final year as chairman. A married man and his wife, Shirley, and their two children, Darrell, 13, and Darlean, 9, live at 23750 Heartwood Drive. They moved to Novi in 1961 from Detroit where he is manager of engineering for Tool Industries, Inc. Following his appointment by fellow councilmen Monday night, Evans was sworn into office by Clerk Mrs. Mabel Ash.

Despite a number of reservations, the Novi village council Monday night approved engineering work for proposed improvements on two more small sections of village roads. By a unanimous vote, the council authorized Village Manager Harold Ackley to initiate engineering for road improvements on Taft road, from the Northville city limits north to Nine Mile road, and for Wixom road, from 12 Mile road south for one-half mile.

Approval is for engineering plans only, not for the road improvements themselves. Ackley had recommended the engineering work, based upon a request from the city of Northville which reportedly is considering the improvement of Taft from Eight Mile north to the city boundary, and upon a request of Perkins Engines Incorporated, which has indicated that it may be forced to relocate if the Wixom road is not improved. Councilman Leo Harrowood expressed some of the sentiments of fellow councilmen when he questioned the wisdom of improving roads along boundaries of the village — areas which he said will undoubtedly be annexed unless the village is incorporated as a city. "Why fix them (roads) for someone else?" he asked, referring to Northville and Wixom — communities which he and others contend have their eyes on parts of Novi for potential annexation. Furthermore, Harrowood said he found it difficult to justify road improvements in these questionable areas when interior roads also need improvement. "I've fought for progress but until this city thing is settled I don't feel we should do something for someone else to annex — and that's exactly what will happen," he said. Nevertheless, when it came to voting on the issue all five councilmen voted for the measure.

According to Ackley, Northville simply wants to know what Novi has in mind for its section of Taft road so that it can coordinate its improvement plans. As for Perkins, the manager said the company wants to remain in Novi but because of the heavy engines that will move in and out of the plant increasing numbers over the next few years it insists on an adequate road. The Perkins plant, which reportedly will employ up to 2,000 men within the next five years if expansion plans are materialized, is located on the west side of Wixom road just south of Grand River and the 12 Mile road line. Village President Phil Anderson concurred with Ackley, pointing out that he had spoken to Perkins officials "and they must know shortly what's to be done." He said the company presently owns the property. Ackley said he would meet with Wixom officials to learn if that community will consider improving a shorter stretch of Wixom road between the 12 Mile road line and Grand River — an area within the jurisdiction of that city.

For New Fire Equipment Seeks Township Money

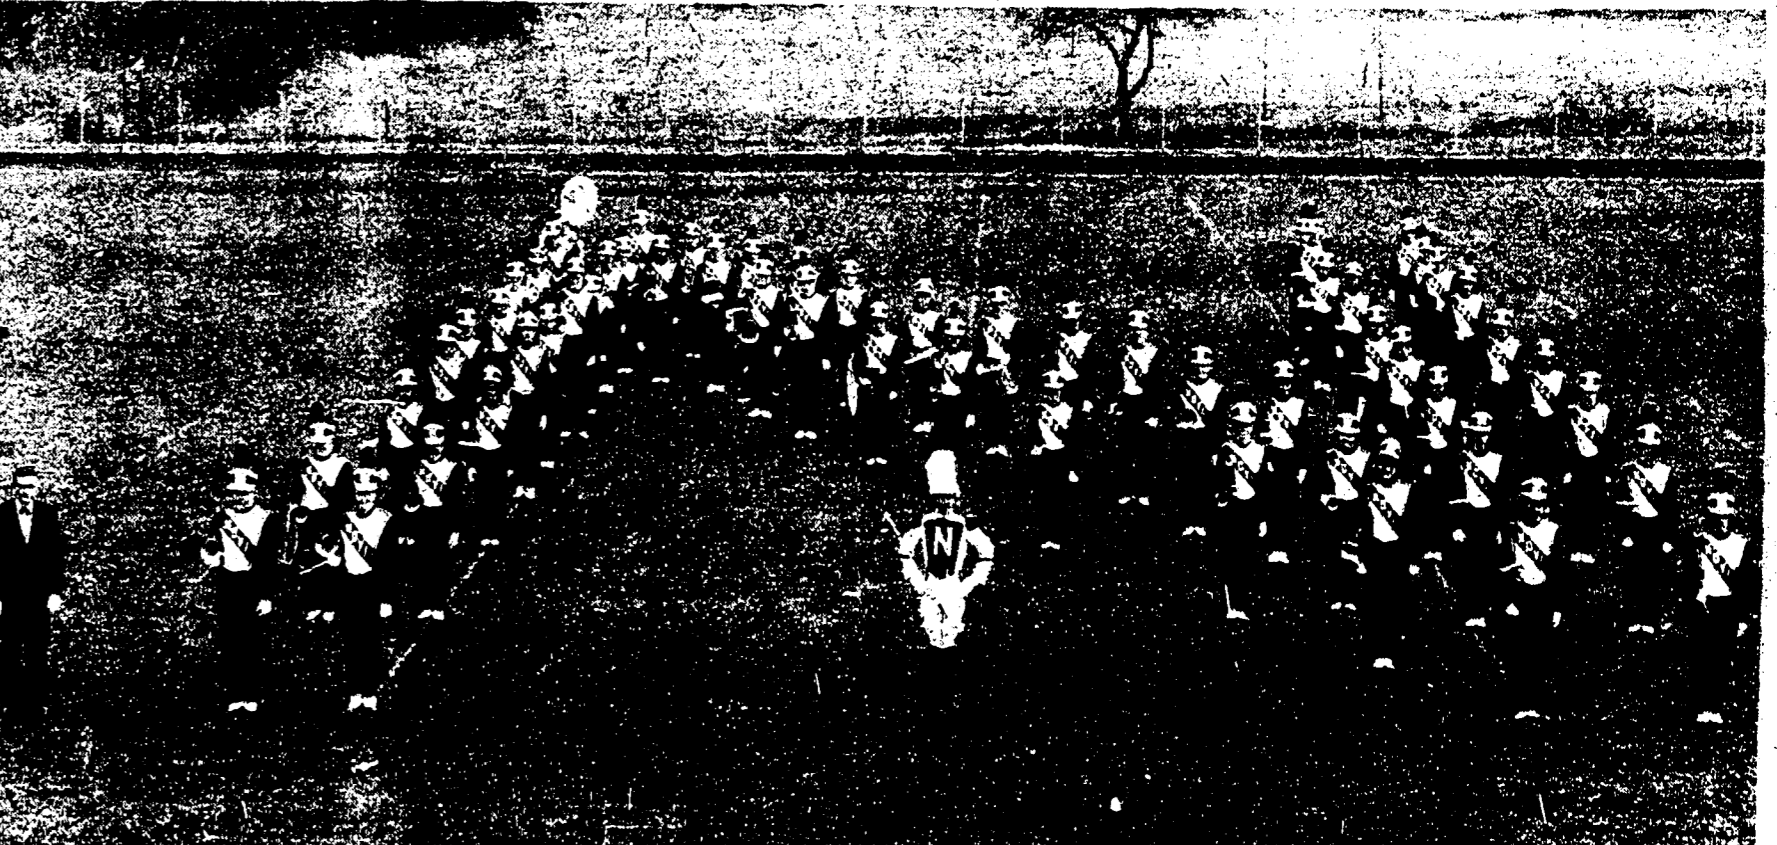

With fire department officials urging purchase of new fire fighting equipment, Novi Councilmen turned again this week to the township for financial assistance. Village officials contend the township has failed to provide monies for equipment on the basis of those township areas outside the village which receive fire protection. This agreement, they explain, provided that 5 mills on the assessed valuation of all these non-village areas be paid to the village for this protection. Councilman Monday directed Village Attorney Howard Bond to meet with Township Attorney Eperly Jacques, Jr., in an attempt to resolve the matter. Fire Chief Fred Lorenz told council members Monday that the department's fire trucks are inadequate and hence have a poor or no insurance rating. He urged the council to consider purchasing new equipment. In other action Monday, the council gave formal approval for purchase of five pieces of radio equipment for the fire department at a cost of \$1,200. Council purchase approval had been given on October 18. Separate account bills for \$8,408.50, \$66,944.05, and \$3,583.51 were approved for payment. Original estimate of \$79,738.80, officials noted. A request that Novi consider adoption of an open housing ordinance from the Oakland county commission on economic opportunity drew no council action, with members indicating that existing laws provide adequate protection for home purchasers.

Water Rate Hike Sparks Protest

Detroit's increased water rate is an attempt to squeeze the pocketbook dry. That's the contention of the village council which Monday night stepped Detroit for the increased rate, which ultimately will be passed on to local users of Detroit water. Called "unreasonable" by the council, the increased rate charged the village went into effect last week Wednesday. Cost of water, Village Manager Harold Ackley reported, increased more than 11-cents per 1,000 gallons. The new rate, he explained, means the village must pay 50-cents per 1,000 gallons of water instead of less than 40. For the average Novi property owner using Detroit water, he said, it will mean a hike in quarterly bills of \$2.60. Contending that the water business is one of the "most lucrative around," Councilman Raymond Harrison said the increase is unjustified. He and others suggested that the matter ought to be investigated by the state. "If we don't do something," he said, "they'll keep adding to this thing, taking a bigger bite each time." Whereupon, the council voted unanimously to voice an official protest to the Detroit Water Board, authorizing the

Novi Band Plans 2nd Variety Show

The Novi high school band will sponsor its second annual band variety show on Thursday, November 16, at the high school beginning at 8:00 p.m. Among the acts include "Moon River" and "Name" played by the band, pop routines performed by the cheerleaders, a "blues" quartet, and folk singing. Fifty-cent tickets are available at the door. In other band news, it was announced that over \$1000 was taken in on this year's Community Calendar campaign of which \$700 is profit. The calendars, which include a picture of the Marching Band in their new uniforms, will be available before the start of the new year. Monies earned this year by the Band Boosters will be used to purchase 40 additional uniforms and to send students to summer band camps.

GIVE ME AN "M" — Like Novi's varsity football team that ended its season last Friday, Novi's band has closed out its first uniformed season of football marches under the direction of Keith R. Rolston. New bandmen will begin donning their concert uniforms for those rousing indoor winter programs. First up is the varsity show slated next week.

In Our Town

By JEAN DAY

WITH CHRISTMAS just six-and-a-half weeks away new ideas for holiday decorating are of top interest. Members of the Northville branch, Woman's National Farm and Garden association, will see a demonstration of holiday arrangements for their dessert meeting at 12:30 p.m. Monday in the meeting room of Northville Presbyterian church.

Presenting the program will be G. Dewey Gardner, new owner of Lila's Flower and Gift shop, 115 East Main street. There also will be a display of Christmas season decorations by the arts and crafts committee of the branch.

THIRTY-TWO members of Northville's Mizpah chapter, King's Daughters, visited University of Michigan children's hospital in Ann Arbor Monday to help with the school area where an average of 130 children are taught by the hospital teaching staff of 11.

A LUNCHEON-fashion show, "Harvest of Fashion," featuring the bright fall designs of leading designers was attended by four Northville women last Tuesday. At the Detroit Latin Quarter the benefit event was planned by the woman's auxiliary to the Wayne county medical society which is celebrating its 40th anniversary.

Calendar
Nov. 9 - Northville-Plymouth Republican federation tea, 1 p.m., PTA credit unit.
Nov. 9 - Northville junior high PTA open house, 8 p.m.
Nov. 10 - King's Daughters bake sale, 10 a.m., Manufacturers Bank.
Nov. 11 - Mothers' club dance, candlelight buffet to benefit Cancer, 10 p.m., Plymouth church.
Nov. 12 - Northville orchard, farm and garden association, dessert meeting, 12:30 p.m., Presbyterian church.
Nov. 13 - Mothers' club guest meeting, Dr. Owen Morgan, speaker, 8 p.m., Northville.
Nov. 14 - Northville state hospital auxiliary meeting, 10 a.m.
Nov. 16 - Northville town hall, P & A theatre, Dr. Albert Burke, 11 a.m.
Nov. 16 - Northville high school PTA, 8 p.m.
Nov. 17-19 - Farmington Artists Club fall exhibit and sale, First Farmington Savings, 22725 Orchard Lake road.

TOWN HALL celebrity luncheon reservations deadline is this Friday for the second program in the 1967-68 series which will bring Dr. Albert Burke to the P & A theatre at 11 a.m. November 16 with "Ideas in Conflict." The luncheon, which is by prepayment reservation only, will follow at Meadowbrook country club. Reservations to Mrs. Duane Butler, Box 93, Northville.

Municipal Court

Beer drinking and possession of alcoholic beverages were the subjects of five out of six cases before Northville Municipal Judge Philip Ogilvie Tuesday.

Three 17-year-old minors from Livonia were found guilty of being in possession of beer October 28 on High Street and were fined \$25 and \$2.50 state costs each. They were Thomas E. Garrett, Jr., 14146 Bentwood; Robert Lee Myers, 15105 Garden; and Daniel E. Moritz, 15824 Alexander.

Richard W. Miller, 47643 West Seven Mile, 35, was arraigned August 16 and stood mute on the charge of consuming beer on a public highway (West Dunlap). Case was adjourned until Tuesday when on motion of the city attorney the added count of drunk and disorderly was given with the defendant pleading guilty. He was fined \$50 and \$5.

Eugenia M. Parks, 3309 Montgomery, Detroit, was fined \$40 and \$4 on the charge of possession of alcoholic beverages when an employee of Maybury Sanatorium May 2, 1967.

Glen Soleson, of the Cue-Ball Pool Hall, 120 West Main, pleaded guilty of violating a pool room ordinance by having the blinds down October 6 and was fined \$10 and \$1 state charges.

Justice Court

A motorist who pleaded innocent of leaving the scene of a property damage accident at 811 South Lake drive was found guilty October 31 by Novi Justice of Peace Robert K. Anderson.

Anderson fined Orma S. Hodges, of 345 East Cady street \$50 in the case. Other justice court cases before Anderson and Emery Jacques, Jr. last week included:

Terrence A. Frader of 923 Jeffrey drive, Northville, was fined \$25 for speeding 45 miles per hour in a 30MPH zone on Novi road between I-96 and Grand River and \$10 for disregarding a red traffic signal at Novi road and Grand River.

Clayton H. Peters of Walled Lake was fined \$10 for improper passing on Grand River at Taft and Gary L. Stone of New Hudson received a \$15 fine for driving without due care and caution on Novi road at Eight Mile road.

Arrested

Five arrests have been made by Northville police in the larceny of Asher Pure station, 357 South Rogers, October 24.

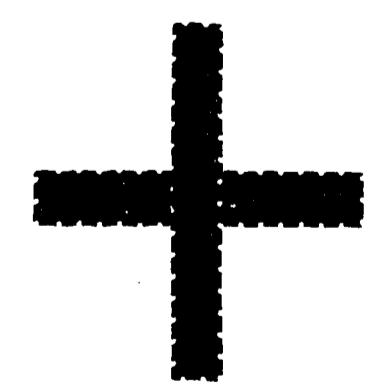

After arraignment Edward Trieskey, 17, of Livonia, October 30, police, as a result of his arrest, picked up Andrew Pringle, Ed Wilhelm and Thomas Luttermoser, all 17 and all of Livonia. They also arrested a 16-year-old juvenile in the same case.

Like Trieskey, who is in Wayne county jail pending examination November 27, Wilhelm is charged with intent to commit larceny. Pringle and Luttermoser are charged with receiving merchandise. All have examinations set for November 27 before Northville Municipal Judge Philip Ogilvie.

Police said the charges were different since apparently two cars were used, with Trieskey and Wilhelm charged with actually taking the full and half-cases of oil, tools and a chest.

JUST AN APPETIZER—Suddenly the sun disappeared, the sky darkened, and the snow struck. The white stuff came down with the fury of an angry storm and in minutes a thin blanket covered the community early Saturday afternoon. For one citizen it was an unpleasant appetizer of things.

Police Chief Tips Hat For Quiet Halloween

Egg and paint vandalism complaints were the most serious received by Northville police Halloween night and immediately following the holiday. Police Chief Samuel Elkins said the six complaints represented an extremely light number of offenses and that he felt the community could be pleased that there was little destruction.

Among those reporting paint destruction was Mrs. Theodore Reynolds, 1077 Allen, who said profane comments were written on the rear of the family's garage. W. A. Stoddard, 503 Maplewood, reported that his car, parked at his home October 31, was sprayed with paint.

Egg complaints continued to be the most prevalent of the seasonal mischief. Carl Taylor reported that an egg thrown through the open window of his car on Hines drive at Seven Mile Halloween night smashed and "made a mess" of the interior. Mrs. Mary Asher, 502 Grace, reported an egg thrown at her window Halloween night broke the window and made a mess on the carpet and rug.

William Brown, 200 Rayson, reported that eggs and tomatoes were thrown at the front of his home for three consecutive nights—October 31, November 1 and 2.

Mrs. Harry Luethers, 21183 Chigwidden, called police when she went out to her car Thursday evening and eggs hit her on the temple and also were thrown at the car.

Police Nab Drug Suspect

A Detroit man, apprehended by Novi police Friday, has been charged with possession of a stolen prescription by the State Police.

Jailed was Frederic Herring, who authorities said tried to obtain drugs from the Novi Drug store on Grand River with a forged prescription.

Herring and three companions, who were released later, were apprehended by Novi police upon a tip by Norm Sommers of the drug store. Herring's earlier trial to obtain drugs from the store owner, George McCollum, but was asked to return later by McCollum who suspected the prescription was a forgery.

When Herring returned, Sommers called police. Three companions were waiting for Herring inside a car parked in front of the store when police arrived. The prescription, police said, is believed to be one of several stolen from a Detroit hospital recently.

Boy Faces 2nd Theft Charge

A 14-year-old Novi boy, awaiting a hearing for theft of an automobile last month, faces still another car theft charge this week.

Four other boys also were involved in either the theft or drove the stolen car of Robert Jones of Walled Lake last week, Novi police said.

The car was recovered in a wooded area northwest of 12 1/2 Mile and Dixon roads—the same location where the first stolen car was recovered. Dixon said the boys had taken turns driving it about the woods and one of them had attempted to remove a stereo tape player from the vehicle.

Police received a tip on the stolen car from a father of one of the boys.

Obituaries

Dr. Snow's Wife Dies

Mrs. Sophia Barbara Snow, 70, wife of Dr. Linwood W. Snow, Sr., died suddenly Saturday, November 4, at the couple's Bradenton, Florida residence. The Snows moved to Northville January 20, 1921. Mrs. Snow was a member of St. Paul's Lutheran church of Northville.

Besides her husband, Mrs. Snow is survived by one son, Linwood W., Jr., a daughter, Mrs. Betty Hoffmann, both of Northville, and four grandchildren.

Funeral services were conducted Tuesday, November 7 from St. Paul's Lutheran Church, with the Rev. Charles Boerger, pastor, officiating. Arrangements were handled by the Ebert Funeral Home. Burial was in Highland Cemetery in Ypsilanti.

The Snows moved to Northville January 20, 1921. Mrs. Snow was a member of St. Paul's Lutheran church of Northville.

Besides her husband, Mrs. Snow is survived by one son, Linwood W., Jr., a daughter, Mrs. Betty Hoffmann, both of Northville, and four grandchildren.

Funeral services were conducted Tuesday, November 7 from St. Paul's Lutheran Church, with the Rev. Charles Boerger, pastor, officiating. Arrangements were handled by the Ebert Funeral Home. Burial was in Highland Cemetery in Ypsilanti.

Born February 2, 1897 in Superior township, Washewau county, she was the daughter of Gottlieb and Barbara (Alber) Switzer. She was married to Dr. Snow on November 27, 1919 in Ypsilanti—the same year in which she graduated from the University of Michigan School of Nursing.

She was the daughter of William and May (Peterson) Price. Her husband, Forrest, survives her.

Born April 5, 1913 in Ewart, she was the daughter of William and May (Peterson) Price. Her husband, Forrest, survives her.

Born March 13, 1895, in Battle Creek to Lillian Brown and Daniel Peck, she leaves several nieces and nephews: Charles and Harold Peck, Mrs. Lillian Potter and Shirley Hamrick.

Dr. W. Leslie Williams of Farmington First Methodist church will officiate at the service at Heenev-Sundquist funeral home in Farmington, Interment will be in Oakwood cemetery, Farmington.

Holt Keith, brother of Miss Florence Keith, 333 First street, died Tuesday, October 31, in Goshen, Indiana. Funeral services were in Goshen with burial in North Dakota.

They have turned their collection in to Northville First Presbyterian church to be forwarded to UNICEF with its collection. Since Richard is a member of the Catholic church, this was entirely an individual effort on his part.

Richard McCarthy, 11, son of Mr. and Mrs. Lawrence McCarthy, 19450 Clement road, requested candidates for himself and two young neighbors, Marilyn Sasse and Nancy Anderson, and collected the sum on Halloween from neighbors on Clement and the adjoining streets west of it.

Amateur Artist Found 'A Little Color' in Life

A 58-year-old engine expert who traded wrench and grease for an artist's brush and paints two years ago following a violent heart attack died suddenly last Thursday at Northville Convalescent Center—his home and studio.

Mr. John C. Bough, who found two years of happiness in Northville as an amateur artist after emotional despair threatened to strip his desire to live, was a familiar figure in the streets of the community as he tried capturing on canvas landmarks of his adopted hometown.

Painting, it's all I have. It's putting a little color in my life, he said last winter. Today, many of his paintings are hanging in Northville homes as well as the Northville city hall.

Born July 17, 1909 in Evansville, Indiana, he was the son of Louis and Caroline (Suffman) Bough. During his lifetime, he was a weight-lifter, boxer, semi-professional football player and a much sought-after engine trouble shooter or nearly all of the big automobile and trucking giants.

A resident of Detroit for 40 years, he was a service manager of a retail automobile dealership for many years. Mr. Bough is survived by a daughter, Mrs. Caroline Amos of Detroit; two brothers, Elwood of Jeffersonville, Indiana and Fred of North Terre Haute, Indiana; and one grandchild.

Visitation was held Thursday at Ebert Funeral Home, with funeral services conducted in Evansville Saturday, November 4. Burial was in Lotus Hill Cemetery, Evansville.

Besides her husband, she is survived by her mother, Mrs. May Peel of Millersburg, Michigan; a daughter, Mrs. Norbert (Crotty) Radziszewski of Detroit; a son, Marvin Lemmon of Northville; grandmother, Mrs. Minnie Peterson of Ewart; a sister, Mrs. George Kimball of Millersburg; five brothers, Paul, Norman and Bruce of Cassway, Wayne of Livonia and Leo; and one grandchild.

Funeral services were conducted from Casterline Funeral Home on Friday, November 3, with the Rev. S. D. Kinde officiating. Burial was in Rural Hill Cemetery.

FERN D. PECK
Funeral services will be held at 1 p.m. today for Miss Fern D. Peck, 72, who died at West Trail nursing home in Plymouth Monday, she had been at the nursing home for four years. Prior to that time she lived in Northville at 405 Horton.

Holt Keith, brother of Miss Florence Keith, 333 First street, died Tuesday, October 31, in Goshen, Indiana. Funeral services were in Goshen with burial in North Dakota.

They have turned their collection in to Northville First Presbyterian church to be forwarded to UNICEF with its collection. Since Richard is a member of the Catholic church, this was entirely an individual effort on his part.

Richard McCarthy, 11, son of Mr. and Mrs. Lawrence McCarthy, 19450 Clement road, requested candidates for himself and two young neighbors, Marilyn Sasse and Nancy Anderson, and collected the sum on Halloween from neighbors on Clement and the adjoining streets west of it.

She Makes Music A Fun Course

It's American Education Week and pretty Sandra Lou Fife, Northville's Motown elementary music teacher, symbolizes today's educational philosophy, whose combination of informality and professionalism is so much a part of our time. Mrs. Fife, who holds both BA and MA degrees, will study in Germany next year under a Fulbright scholarship. On November 15 she'll sing a classical composition by Hans Ferner Hertz, contemporary German composer, on Michigan State's educational television Channel 10. Though she has appeared on TV frequently, she is at her best performing for her attentive pupils. That's an out-of-step she's playing.

SPEAKING for The Record

By BILL SLIGER

It's been said that one appreciates personal achievement more than an outright gift. Maybe this is the reason the city council has heard so many complaints from businessmen about the offstreet parking in the shopping area. In the main it has been provided from general fund monies. Few local businessmen have contributed towards public parking in the business district. It can be argued, of course, that businesses pay taxes and part of their tax dollars should be spent for public parking. Few communities, however, can match Northville for dollars spent for public parking. Somewhere between the extremes of total city participation and complete private financing lies a reasonable middle ground that one day soon must be reached in Northville. The responsibility for proposing a cooperative program for joint business-government financing of parking rests with the city's parking authority and the council. Businessmen cannot be blamed for not contributing to public parking if they are not asked. Those closest to the objectives of the central business district plan know that if property now held by either the city or the Northville Area Economic Development Corporation (and in some instances currently used for parking) is ever to be sold for new development, the responsibility for providing adequate parking cannot be left entirely up to the new development. Financially, this would be impossible. And the new business that is interested - and can be attracted to downtown Northville - would be forced to consider cheaper land in border area shopping centers. The central business district plans designed to avoid this by providing retail

New Image

space in the center of town surrounded by adequate parking. The Northville area is on the brink of a population boom that is unmatched in the history of the community. One need only look at developments under-way or plans near approval for proof of this. Planners, the parking authority, the council, retailers and the Northville Community Chamber of Commerce have little time to get down to serious consideration of a long-range plan and program of financing for future parking needs - if the objective of the central business district plan is to be realized. That objective, incidentally, is survival. Our Gal, Winona Woods, who runs the office out at Inter-City Press, Inc., in Novi, received a pleasant surprise in the mail last week. The letter started out, "you expect more from Standard, and you got it!" The "it" was a new Mustang, one of the prizes being given away by the company's gasoline stations. In any profession there's no satisfaction quite as self-rewarding as the recognition from within your own industry that you're doing the best at your job. Northville Piano-Tuner George Lockhart must be quietly enjoying this inner-satisfaction. He's been selected by the Steinway company to tune all their pianos for concert artists appearing in Detroit this season. He prepared the piano for the initial concert of the Detroit Symphony Orchestra and will perform the same service for Arthur Fiedler, when the concert pianist appears at the University of Detroit November 10. For unadulterated suspense, few television programs can surpass the FBI, which has and is holding its own opposite that perennial favorite, the Ed Sullivan Show. The program itself is a testament to the adage that fact is as compelling as fiction. The Bonedogue thrillers are a potpourri of the absurd, cruelty and gadgetry - all part of the violence syndrome. Coquettish females prance willy nilly in the super spy thrillers, brutish males are shown at their diabolical best, while settings have that futuristic look of a celluloid society. Not so with the FBI, if the narrator can be believed. The stories are taken from real cases, with only the names changed to protect the innocent, and, of course, the story is worked into dramatic form. The product is usually a fast suspense. Efram Zimbalist, Jr. plays the role of Erskine, the erstwhile detective who matches wits with the underworld's slipperiest criminals and wily communist conspirators. Zimbalist comes across as an exemplary FBI man, cool and cagey, who always gets his man. Erskine's reappellation, while enhancing the reputation of the FBI, undermines somewhat the proposition that the program is indeed based on fact. Chances that America's elite force is impeccably correct in every respect defies the facts. Another drawback, dramatic this time, is the shallowness of the characters. Perhaps the nature of the show

A LOOSE LEAF

By ROLLY PETERSON

A Communist General named, Erik Salzman, has decided to defect to the United States. The key to his escape from the Iron Curtain is the safety of his wife, Ida, who has already landed in America. She's far from safe. There's a Communist conspiracy afoot, and nearly succeeds, except for the vigilance of the FBI. Erskine and his cohorts, picking up bits and pieces, finally recover the kidnapped wife and the general is safe to declare his dissatisfaction with a country we assume is Russia. The cast filling last Sunday's playbill would fill any Hollywood's Who's Who. It includes Edward F. Marx as the general, Viveca Lindfors as his wife, John Van Dreelan as Brown, a conspirator; Dana Wynter as Sylvia, the Mexican Mata Hari, and John Kerr as Morgan, one of Erskine's FBI lieutenants. Their appearance attracts viewers to the program. But is the seriousness with which any one case is approached and the fidelity to investigate methods that make each episode suspenseful and compelling.

Self Analysis Are You A Victim Of Convention?

by Jane Sherrod Singer
Are you the master or the victim of convention? Some of us are so busy being like "the crowd" that we have lost sight of our own powers of individuality. Granted that the world would be a confusing place if we were all "odd balls," it would also be dull if we were all "stick-in-the-muds." Victim or master? Pick up your pencil and see.

- 1. Do you find yourself interested by many different types of people?
2. If at a party, you find yourself conspicuously under or over-dressed, is the evening still enjoyable for you?
3. Do you wear clothes in which you feel comfortable, even if they are not of the latest style?
4. Have you read some current books that you are excited about?
5. Do you enjoy the company of people who are younger or older than you?
6. Would you give up a "secure" job if you found it boring?
7. If your usual schedule is changed, are you upset?
8. Would you like to try living in a foreign country?
9. Do you sometimes tend to be careless about money?
10. Is it difficult for you to remember the dates of friends' birthdays, anniversaries, etc.?
11. Do you pick up new slang or passing expressions?
12. If you had a choice, would you rather live fifty years in the future than fifty years in the past?
13. Did you ever walk across the grass in front of a sign that said NO NOT WALK ON THE GRASS?
14. Do you belong to or plan to join a political party different from that of your parents?
15. Do you find abstract art interesting, and even exciting?
16. As a design, do you prefer a loose spiral to a square?
17. Did you or would you like to have a simple wedding - or even elope?
18. Do you take a certain pride in being "different"?

DESIRABLE ANSWERS:
If you are to be different, you will have given YES answers to all questions except 9, 10, 13, and 18. If you answered YES to these questions, you are TOO daring for the following reasons:
1. A conscientious care of money, without being a slave to it, shows good judgement. Careless use will land you in trouble.
2. Do not live a self-centered life or you may find yourself alone and forgotten.
3. Laws, even signs, are made for a good reason. If you said yes, you are not daring to be different, but challenging authority which was set up for your protection.
4. If you said yes, you are using your "difference" as a front, very likely a shield for some feeling of insecurity.
5. An unlearned carpenter of my acquaintance once said, "There is very little difference between one man and another; but what difference there is, is very important!"

Readers Speak She Urges Backing Of Our Servicemen

To the Editor:
Once again it is almost Veterans Day and once again many homes will feel the emptiness because a loved one is far from home fighting. There is not a family that has not shared the sorrow of war or the privileges gained by the many battles. In every battle the blood of our men has been spilled to safeguard our right to enjoy the many freedoms of our country. Regardless of our personal feelings about the issues of today we are still very proud of our country. We hear about those who oppose this and oppose that, but against this and against that but in how many countries could they or would they dare to speak out against anything? Those proud of this country don't feel it necessary to proclaim their pride because it is our heritage. One which has been earned by those who sacrificed to preserve it for us. Yes, the veteran of the past wars.
Once more our young men have been called upon to go into battle by our country. They are doing what they think is right just as those before them have felt. Has the blood of these many battles been spilled in vain? Have we lost our desire to keep this, our country, the proudest in the world? We have the same reasons, the same pride and the courageous young men are still doing their share. Can we do less?
Let us take Veterans Day to stop and say "To the lads in Vietnam, right or wrong, our sympathy and our prayers". Each one over there is someone we loved one. From daylight to midnight on November 11 let every home in Northville - forget their differences, turn on your porch light and drive with your headlights on, to visibly show we DO appreciate their sacrifices and are proud of them. Not every home has a flag to display but let us light the lamp of loyalty in Northville and show them the minority demonstrate but the majority are proud of them. A flick of the switch will do more than all the demonstrations against our boys in Vietnam.

My wife and I came here (Novi) in 1952. We will go back to when there was the big deal about filling a few frog ponds to provide landfills. They said it would dry the wells and the Northville Spring. Then they turned right around and pumped thousands of gallons of water out per minute to put in sewers. They dried up wells and the Northville Spring. Now they've got shops all over the place. In time they will have railroad spurs all over. Why not put all the shops up and down the railroad where they belong. There is a lot of land all along the railroad right of way. So put them where they belong. I wouldn't want to come out here and build a house and live next to a shop within the next year, and it's always something they are planning.
But while Novi sleeps do you sleep well? I don't sometimes. We have a wonderful (burglar alarm). I think about the patrolman driving alone to protect you and I while we sleep. Last summer when our neighbor was gone I used to get up and watch him check the place. As I said we have a good burglar alarm. Most would think that's only the patrolman checking the place. I would watch until he was out and the gate shut and in his car. What chance would he have alone when he went back to his car? What is wrong that we don't have two men in that car at night? Would you do it at the risk of your life for someone else? We have the best police department in the state. Why can't we get the money for them to run it for their own protection as well as ours? We also have a chief of police who spends much of his time after his working hours to better himself and his department to protect you and I. But you can always get him any time.
Some of us are out having a good time. Let us get the money some way to help them in return for their protection. If one of them gets killed you and I are to blame.

Here is for more help for them.
D. M. Parkinson
27110 Taft road
P.S. Yes, I have had traffic tickets since we have been here. I had them coming.

EDITOR'S NOTE: This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signatures of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

Top of the Deck by JACK W. HOFFMAN

Recently, this newspaper's business columnist wrote: "Proof of our speedy progress toward a 'cashless' society may be found in the fact that an estimated 200 million credit cards are now outstanding in this country."
Now comes our former nextdoor neighbor - the gal who lost a Christmas turkey and later discovered it in the clothes hamper - with even better proof that we've become a cashless society.
Her husband recently hammered together an addition to their home, and last week they entertained a carpet salesman from one of the metropolitan department stores as he showed samples of what could become a "priceless" cover for the addition floor.
The carpet selected, the salesman measured the floor, took a deposit and their "cash on delivery" order back to the store.
The following day, while husband was away at work, the star of this conversation, believe it or not, went something like this:
"Service" and you sent over a salesman, didn't you?"
I'm Miss Whatsname from your Favorite Department Store and I'm afraid we forgot to get a credit report from you.
Oh, I think you've mistaken me for someone else. We're buying carpeting but plan to pay cash for it.
Yes, I know, but we still must have a credit report.
Why?
Because it's our policy.
Well, we've purchased other things from your store, always paying cash, and never had to give a credit report first.
Yes, I'm sure you have but we must have a credit report this time. Can you stop by our credit office?
Well... I would, but the baby just burped all over my blouse and my husband's got the car. Besides, your advertisement said you offered "in home

At Age 35 Work Horses Kick Up Heels

She cupped her hands over her mouth as she stood there at the end of the lane and shouted: "Here Queezy, here Hill!"

The two horses and the empty barns are the only remaining links to the once bustling activity that was so much a part of the 160-acre Fuerst farm in Novi.

...Kicking up Heels in '67

School Contracts For Architect

A contract between the Novi school system and the architectural firm that is to design an addition to Orchard Hills elementary school was approved by the board of education last week.

Under the contract, actual designing of the school is to wait until after voters decide if the school should be built. That election is expected to take place, probably, in February.

In other action last week, the board approved the hiring of an additional teacher, Merna Henderson, at Orchard Hills in an effort to reduce class size that had 125 pupils in four grades.

Late Effort Pays Off Novi, Wixom U-F Drive Tops Goal

In the final hours of the 1967 Torch Drive last week, Novi and Wixom went over-the-top in their residential campaigns. Mrs. David L. Longridge, Jr., division chairman for Novi, reported a complete residential total of \$2,604.68 to top the goal of \$2,536.

Commenting that she "came in late" and had to recruit workers just as the 23-day drive was beginning, Mrs. McGuire praised the efforts of her Novi volunteers who covered Novi, part of Northville township and a portion of Walled Lake.

THE NOVI NEWS OFFICIAL NEWSPAPER OF THE VILLAGE AND TOWNSHIP OF NOVI, AND THE CITY OF WIXOM

New Constitution Cuts Township Bonus Terms

The new state law awarding "bonus" terms to township trustees is unconstitutional and it now appears at least two local officials will face re-election next year.

That's the word from a spokesman for the Attorney General's office, who said this newspaper Monday that the State Legislature has been advised that the portion of State Act 215 dealing with terms of trustees elected in 1964 is unconstitutional.

Novi JP To Quit In '68

Robert K. Anderson, Novi justice of the peace since 1957, has announced his intention to resign the post on January 1. The justice appeared before the township board Monday night in explaining he planned to resign because he will move.

Walled Lake Village OK'd

Voters of Wixom and Novi within the Walled Lake school district went to the polls last week (Wednesday) and approved the renewal of five operational mills and an addition of three mills.

Novi JP To Quit In '68

Robert K. Anderson, Novi justice of the peace since 1957, has announced his intention to resign the post on January 1. The justice appeared before the township board Monday night in explaining he planned to resign because he will move.

New Factory Construction Underway

Construction of a new Novi factory, which reportedly will employ 35 to 40 persons initially and eventually 80, has begun on the 1 1/2-acre site on the north side of Nine Mile road east of the C&O railroad.

Cityhood Group Sets Meeting

Preparation for an "extensive and aggressive campaign" to acquaint Novi village residents with the necessity for incorporation will highlight a meeting November 18 of the citizens incorporation committee.

NEW FACTORY - Another Novi factory, this one located on the north side of Novi, east of the C & O tracks, is underway as workmen prepare to lay the footings.
