Churches to Recall Miracle of Christ's Birth

Local churches will recall the miracle of the first Christmas in special holiday services and programs this weekend and on Christmas Day. Most churches will celebrate the Nativity Sunday on Christmas Eve, but some have also planned Christmas Day Services.

And a few have already announced plans for their New Year's services.

The First Methodist Church of Northville will hold 8:30 and 11 a.m. services Sunday featuring Christmas carols sung by the congregation. The traditional Christmas Eve service will be held from 7 to 8. The Christmas Story will be presented in readings, music and drama.

A New Year's Eve service has also been planned. Since New Year's Eve falls on Sunday, there will be only one worship service at 11, instead of the usual two Sunday services. It will be "Student Recognition Sunday". High school students will fill the choir loft and the service will be led by college students.

A reception for all students, their

friends and the congregation will follow at 12 in the Fellowship Hall. Refreshments will be served by the Women's Society of Christian Service. Mrs. Essie Nirdler is chairman of the program.

Our Lady of Victory church will have a co-celebrant midnight Christmas Eve mass Sunday. Father Tom McGuire will be the main celebrant, assisted by Father John Wittstock and Father Francis Wojcik.

Preceding the mass at 11:30, school children will sing carols. They will

also sing during the mass.

On Christmas Day, masses will be said at 8:30, 10:30 and 12:15.

Regular services will be held Sunday at 11 a.m. and 7:30 p.m. at the First Baptist Church of Northville.

Last evening, Wednesday, the Sunday school held its Christmas program at 7:30. Mrs. William Sauber directed it.

Each department participated. Afterwards, each student received a gift and a Christmas treat from the

church.

The annual Watch Night program has also been announced at the church. The service will be held during the regular Sunday night service. Instead of at midnight as usual.

Refreshments and fellowship will follow the service in the church parlor.

The First Presbyterian Church of Northville will hold a Christmas Eve service from 11 to 12. Music will be provided by the choir, under the direction of William Williams.

St. Paul's Evangelical Lutheran church will have regular services at 8 and 10:30 Sunday. A Christmas Eve candlelight service will be held at 7:30 p.m. with the junior and senior choirs participating.

Festival services will be held at 10:30 Christmas Day.

The Evangelical Lutheran Church of the Epiphany, 41650 Five Mile, will have regular 9 and 11 a.m. services Sunday, and a Christmas Eve service.

Richard Erwin Scholarship Established

A continuing high school scholarship fund, first in the young school's history, has been established in the memory of a 12-year-old Novi boy who died in an automobile accident early this year.

Official establishment of the fund came with the board of education's approval last week of a special resolution. According to Principal Gerald Hartman, the scholarship fund was established by Mr. and Mrs. Edward Erwin, 40401 Ten Mile road, in memory of their son, Richard, who died January 21.

The fund will be called the Richard Erwin Memorial Scholarship. The Erwins, together with special donations by friends of the family and Richard, have contributed more than \$3,000 which has been placed in a special school bank account for this purpose. Only the interest will be used as scholarship benefits.

Public donations to the fund will be accepted. Specifically, the scholarship will be limited to a Novi high school graduate boy who has won at least one athletic letter during his high school career and who has a better than average academic record.

The first such award will be made to a boy of Novi's first class of high school graduates in 1969. Thereafter, applications also may be made by previous graduates who are engaged in a course of higher education and who are making satisfactory progress.

Applications for the scholarship will be made available through the high school counseling department—the amount of the scholarship based on the interest accrued from the principal investment during the previous 12 month period.

The winner will be selected by a committee of teachers from Novi community schools. This committee will consist of at least three teachers who have been appointed by the superintendent of schools.

If the interest on the principal becomes an amount in excess of \$300, the committee is at liberty to award more than one scholarship.

Richard was a seventh grader at Novi junior high school, a starting player on the school's basketball team,

a band member and an honor student. His parents, well known in the Novi-Northville-South Lyon area, are owners of Erwin apple orchard, corner of Novi and 10 Mile roads.

41 Children Feted Here

Forty-one children were feted at a special Jaycee Christmas party here Saturday following a children's shopping tour under the auspices of the Novi Rotary club.

The underprivileged youngsters, selected by churches and the school system, were taken shopping by Rotarians early Saturday afternoon and then returned to the First Methodist Church where Novi Jaycees and their wives staged their gala Christmas party.

While shopping, the children purchased gifts for their family with money provided by the Rotary club. At the party later they enjoyed refreshments, movies and games, and Jaycees presented each child with a gift.

The joint Christmas party was the first of its kind in Novi.

Dr. Robert Siles, Rotary president, was in charge of Rotary's share of the project, while Douglas Thrush was the Jaycee chairman.

Village-Township Pact Advances

A police and fire protection agreement between the village and township of Novi moved a step closer Monday night as the village council authorized its attorney to negotiate a formal document for approval.

Specifically, the council went on record as favoring the township's recent 5-percent of county allocated millage proposal but it directed Village Attorney Howard Bond to remind township officials of a still unpaid 1966 fiscal year bill of \$1,530.

Councilmen suggested that the township's recent formula for footing its share of police and fire protection is different than originally discussed.

However, they noted, too, that the newer formula results in "about" the same amount of money.

In a letter from Township Attorney Emory Jacques, Jr., councilman learned that 5-percent of the township's 1967 share of county allocated millage would produce \$1,850.

In addition to payment of \$1,850 to the village for its share of 1967 fiscal year police and fire protection, the township indicated it would continue to pay insurance for fire department equipment.

Under the township formula, the payment to the village could either increase or decrease annually, depending upon the millage allocated to the township each year and upon township valuation.

While discussing the matter of police protection for township areas, Attorney Bond reminded the council that under the law village police must act carefully in policing township areas. He said that in cases of misdemeanors, police should first obtain warrants before making an arrest, and in felony cases arrests can be made, particularly if committed in the presence of an officer, but where time permits a warrant should be obtained.

He pointed out that village ordinances, in supporting village police in making village arrests for particular violations, such as illegal booties, are not effective in township areas.

Councilmen suggested that perhaps the township could enact its own policing ordinances under which village police could act to enforce.

Novi Heights Taps Killeen

Garland Killeen has been elected president of the Novi Heights Community association for 1968.

Other newly elected officers include: Brent Canup, vice-president; Arthur Karschnick, treasurer; and Ella Karschnick, secretary.

Members of the board of directors are: Leo Tymensky, William Lovett, past president; James Mitchell, Lawrence Boyd, and Louis Gombasy. Committee chairman are John Tymensky, restriction committee; Signa Schell, membership committee; Jack Morris, public works committee; and Pat Kozak, program committee.

OFFICIAL NEWSPAPER OF THE VILLAGE AND TOWNSHIP OF NOVI, AND THE CITY OF WIXOM

Vol. 14, No. 31, 24 Pages, Two Sections • Novi, Michigan - Thursday, December 21, 1967 • 10c Per Copy, \$4 Per Year In Advance

Wixom Council OKs New Fence Ordinance

A large and vocal audience of citizens strained seating and standing capacity at Wixom City Hall Tuesday, December 12, as the city council passed an ordinance regulating construction of fences and walls on residential property and denied a request for zoning change that would have permitted construction of multiple dwelling units on about 40 acres of land at the northwest corner of Beck road and I-96.

While an interested audience had many questions about the fence and wall ordinance, most were seeking clarity not to oppose. The ordinance passed with no opposing vote. It sets a maximum height of three-and-one-half feet for fences, walls, or hedges in front yards, with the additional restriction that all such construction must be completely non-obscuring to vision.

On the requested zoning change, many Wixom residents spoke out strongly against granting the request. With several expressing concern that a series of one-story, rectangular structures, each containing several apartments, would be erected on the land. He displayed an artist's drawing of a series of one-story, rectangular structures, each containing several apartments.

The request was denied with no opposition from councilmen present. Among other business, the council agreed to provide \$3,000 to cover costs for additional part-time clerical help to relieve the present staff from a heavy and growing work load resulting from an increase in traffic violations handled by the justice court.

The council denied a request for zoning change that had been recommended earlier by the planning board. The request sought to apply residential zoning to parcels of land along a strip of land near the C & O Railroad tracks, extending from the Detroit Edison property to Beck road.

A citizen's complaint about a large elm tree, about three-feet in diameter, that is growing through a grave in the Wixom cemetery brought an opinion from City Attorney Gene Schmeiz that the city was not legally responsible for any disturbance growth of the tree caused to this or surrounding graves. Schmeiz added that removal would be an extremely costly operation and would probably involve considerable disturbance to other graves, due to the large stump and extensive root network.

Schmeiz was directed to explore other possible solutions to resolve the complaint.

In other action the council tabled a proposal to join an ambulance association. Mayor Wesley McAfee and Schmeiz commented that membership provisions could place the city in the position of paying fees for calls the association could not collect. Both officials assured council and the audience that Wixom does have adequate ambulance service without the membership.

The council reappointed Lloyd Croft to a three-year term as a member of the board of review. Croft has served as chairman of the board for the past year and one-half.

An invitation was extended to the public for candidates for an appointment to fill a vacancy on the board of canvassers. The appointment, in accord with state law, must be a Republican, and application must include written

statement to that political orientation. The council will hold its next regular meeting at 8:00 P.M., Tuesday, December 26 at the city hall.

To Keep Budget Solvent School Supplies Sliced

The 1967-68 Novi school district budget, which at the time of its adoption earlier this year was considered a "tight" one in living up to expectation and then some.

Members of the board of education, upon the recommendation of Superintendent Thomas Dale, trimmed the budget by \$3,300 in an effort to bring "expenditure in line with income."

With the budget amendment, together with estimated and still unrecieved income, board members are hopeful that they can meet district obligations without further reductions.

Reductions were made in three major areas:

Teaching supplies, cut from the budgeted \$25,000 to \$22,500; operational supplies, cut from \$8,000 to \$7,500; and maintenance supplies, cut from \$3,000 to \$2,800. In addition, another \$100 savings is anticipated in continuing expenditures.

The superintendent outlined several areas in which expenditures have exceeded budgeted estimates, thus prompting reductions elsewhere. These include extra curricular activities, \$1,140; noon hour supervisors, \$6,480; an additional fifth grade teacher, \$5,139; added fixed charges \$1,500; and additional tuition, \$9,968.

These, plus other anticipated expenditures, total \$751,870 as compared to the earlier estimate of \$727,943. With estimated income pegged at \$748,575, a resulting \$3,295 could be expected. This deficit, then, is what board members erased by approving the reductions.

In other business last week, the board approved a preliminary application to the state for its proposal to conduct a bonding election for an addition to Orchard Hills elementary school. The application will be submitted along with a very rough architectural sketch of what the addition will look like.

While no date for the election has been set, Superintendent Dale predicts it probably will be held in late February or early March. At that time taxpayers will be asked to approve a \$480,000 issue that includes \$20,000 for a possible future school site.

Should voters approve the issue, the addition reportedly could be completed in time for the opening of school in 1969, which Dale has emphasized may be too late to meet projected student enrollment increases.

A special meeting of the board was to be held yesterday to consider a number of proposed equipment purchases with the estimated \$80,000 remaining in the high school additional account.

Approval of at least several items of priority need was expected.

A special meeting has been scheduled for 8:00 P.M., Tuesday, January 2. Purpose of the special meeting is to review proposed ordinances affecting

operation of the new sewage disposal plant and system, and the operating agreement between Wixom and the Oakland county department of public works.

Police and fire departments, including indicators and stands used in close tolerance machining operations, were reported missing last Thursday shortly after 8:00 A.M.

The owner, Mrs. Despie Middleton, was on a journey out of the state and no one was occupying the dwelling during her absence.

Novi police, in cooperation with Michigan State Police, are investigating the cause of a fire that seriously damaged the interior of a home at 182 Penhill, Monday, December 11.

The fire, which was well developed when fire fighters arrived, was confined to the interior of the single-story home.

Novi police also are also investigating the disappearance of precision measuring devices valued at about \$700 from the Vicoite Tool Company property at 4241 Grand River. The items, including indicators and stands used in close tolerance machining operations, were reported missing last Thursday shortly after 8:00 A.M.

Child Gift Needs Told

Want to make a child happy at the Wayne County Child Development Center?

If so, Medical Superintendent Pasquale Buonico suggests a gift will do the trick. Curtin Center needs, he explains exceed budgeted revenue, so "we have established a list of items which we could utilize for the care of our children" at the Center.

He lists several categories in which articles are especially needed. These include:

Educational supplies - books, vocational equipment, slide projectors, pens, maps, globes, etc.

Musical instruction - Any new or used musical instruments.

Play equipment - A wide variety of equipment is needed, ranging from hula hoops, table games, puzzles, sleds, to muscle strengthening equipment.

Hobbies - Clay, mosaic tile, model kits, electronic gadgetry, carpentry tools, etc.

Residential needs - dressers, foot lockers, radios, records, mirrors, rugs, cosmetics, tie clips, purses, jewelry, etc.

Volunteers - "We are in the process of establishing a community volunteer program to allow any interested member of the community an opportunity of making their services available to our children at Wayne Center."

In Our Town

By JEAN DAVY

THIS IS A Silver Christmas Year for Doris and Lloyd Brasure, who chose the day after Christmas for their wartime wedding 25 years ago in Oconto, Wisconsin.

The Reverend and Mrs. Brasure were honored by the congregation of Northville First Presbyterian church at a surprise reception following the 11 o'clock service last Sunday. The church session sponsored the reception for the pastor and his wife and presented them with a pair of silver candelabra.

For Mrs. Brasure, the former Doris Winecutt, the event was a complete surprise. The couple's four children were present with Diane coming from Traverse City where she is teaching and Neal from Alma college. Completing the family circle are Lesliane and Wayne, both at home. Miss Jeanne will be visiting in New York until Christmas.

Silver-and-white reception table decorations included a topiary Tree of Happiness and a double wedding ring cake.

Washington, the cathedral while Episcopalian is non-denominational with tourists and many groups worshipping there. Mrs. George Merwin, who introduced the speakers, mentioned that the Children of the American Revolution have a memorial service there every April.

The cathedral, the speakers said, perhaps is most famous for its needlepoint kneelers and altar carpets. They are the work of a thousand women, including the British queen mother. Also noteworthy are the nine altars, 300 angelic figures in the town, done by grandsons of famous Italian carvers, and the children's chapel with Noah's arched altar.

A CHRISTMAS coffee "thank you" was given Monday morning by Mrs. Howard Meyer, Jr., at her home on Maplewood for the Presbyterian Women's association board and home tour workers.

SENIOR CITIZENS club of Northville will have its monthly cooperative supper December 26 at 6:30 p.m. in the old junior high school building on West Main street with a social hour following. Thursday, December 28, the group has made plans for a holiday outing to view the seasonal decorations in downtown Detroit and in the Birmingham area.

About 80 senior citizen club members of Northville and Plymouth will board buses at 4 p.m. at the Northville scout-recreation building for the tour. They will stop for supper enroute.

Meadowbrook Country Club, gaily decorated for Christmas, had a New England clam bake buffet dinner last Friday night. A children's Christmas party was held Sunday.

Plans for celebrating the New Year are in the final stages. A dinner dance for teens and college students will be held Thursday, December 28. Members may bring guests. Marc Avery of WJBK Radio will be at the dance. Reservations must be made by Saturday, December 23.

Adults will have their annual New Year's dinner dance Saturday, December 30 with Eddie Schick and his orchestra providing dance music.

Mr. and Mrs. J. E. Straus of 23893 Beck road entertained the Kounty-Korners Farm Bureau at its annual Christmas party on Tuesday, December 12. Twenty-four members attended.

Births

Mr. and Mrs. William Schwartz on 11727 Russell, Plymouth announce the birth of a daughter, Beth Ann, born November 24 in Sedalia, Missouri. Grandparents are Mr. and Mrs. Bernard Schwartz and Mr. and Mrs.

ALL EIGHT new members of Northville Woman's club have joined the club during the past year. They were present last Friday at the Christmas tea program which traditionally honors the newcomers.

Each was presented with a holiday corsage. They are Mrs. Alex Johnson, Mrs. Herbert Watson, Mrs. J. Harde-Bethea, Mrs. William Hedder, Mrs. E. C. Hopper, Mrs. Leroy Ordling and Mrs. Frederick Harper.

The holiday program opened with a selection of songs by a nine-member Cherub Chorus from the second grade of American school under the direction of Miss Phyllis Hinkle, American music teacher. The cherub group was formed by Mrs. John Moorhead, who made their silver tinsel wings.

Cherubs were Gary Balke, Janet Eiselle, Diane Klechner, David Laux, Julia McDaniel, Jayne Winemaster and Kim Zillich.

Completing the program were a selection of readings with the "Angels of Christmas" theme by Mrs. Charles Yabne and a vocal duet by Mrs. George Jerome and Mrs. A. E. Jones.

ABOUT SIXTY Northville and Plymouth members of the Sarah Ann Cochrane chapter, DAR, gathered at the Plymouth home of Mrs. Kenneth Hulsing Monday to hear about the Washington, D. C., National Cathedral from Mrs. Harold Joyettes and Mrs. G. Mennen Williams of Grosse Pointe.

Because they are so enthusiastic about the Episcopal cathedral, Mrs. Beatty, who is head of the cathedral association in Detroit, and Mrs. Williams have been showing films of the cathedral which has been 16 years in process and still is unfinished. Also, the two being women and friends chatted all the way to Farmington before Monday's program before realizing they had left the film in Grosse Pointe! Having become a cathedral supporter during the years she lived in Washington, Nancy Williams turned the car around and returned for the film, rather than make an incomplete presentation. Want Lip Smackin' Holiday?

During the holiday season many local cooks have been turning to the 1967 cook book published by Women's society of Northville First Methodist church for special recipes.

Mrs. Warren Fitzhary, Women's Society for Christian Service president, reports she baked her Christmas cookies early and had them in the freezer. For anyone wishing to bake between the holidays, however, here is her recipe for drop sand tarts:

DROP SAND TARTS

2 c. sugar
1/2 lb. butter
2 beaten eggs
3 scant c. flour
1/2 tsp. salt

Cream sugar and butter. Add beaten eggs, flour, salt. Drop 1/2 teaspoon (or small tart) on cookie sheet. Press flat with small glass, each time dipping glass in container of colored sugar. Garnish with nut in center. Bake 350 degrees until brown.

HOT CRANBERRY PUNCH

1/2 c. brown sugar
1/2 c. water
1/2 tsp. salt
1/4 tsp. nutmeg
3 c. water
1/2 tsp. cinnamon
1/2 tsp. allspice
1/2 tsp. ground cloves
2 cans jellied cranberry sauce
1 qt. unsweetened pineapple juice

Bring sugar to boil in 1 c. water with salt and spices. In another pan, crush cranberry sauce with rotary beater or fork. Add 3 c. water. Blend until smooth. Add juice and syrup. Serve hot. Makes 2 1/2 quarts.

PARTY PUNCH

1 pt. cranberry juice
1/4 c. sugar
1 c. boiling water
1 c. orange juice
1/4 c. lemon juice
Add 2 c. gingerale before serving.

SWEET POTATO PIE

3 c. well-seasoned, cooked mashed sweet potatoes. Add 1 beaten egg to potatoes.
12 small, cooked onions or the equivalent of celery
Take 2 large c. broth, 4 tbsp. flour to

make gravy. Line a 1 1/2 qt. casserole with half of the sweet potato mixture. Arrange the meat over this. Pour gravy over this before spreading on second layer of sweet potatoes. Bake about 45 min. in 425 degree oven.

Mrs. L. H. Robertson contributed her cherry muffin recipe to the Methodist cook book:

CRUNCHY CHERRY MUFFINS

2 c. sifted all purpose flour
1/2 tsp. baking powder
1/2 tsp. salt
1/4 c. shortening
1/4 c. sugar
1 egg
1 c. milk
1/4 tsp. almond extract
1 c. drained sour pitted cherries (chopped)
1/2 tsp. cinnamon
1/3 c. brown sugar
1/3 c. chopped nuts

Sift flour, baking powder, salt together. Cream shortening and grad-

ually add sugar and continue creaming. Add egg and beat well; stir in milk and extract. Stir in cherries to which a few drops of red coloring have been added, if desired. Add flour mixture. Fill greased muffin pans 2/3 full. Sprinkle top of batter with topping: Bake 400 degrees for 20 min.

At Only Half the Cost. This Couple Joins Jet Set

Who says you have to be a member of the Jet Set to get around? Not according to Betty and Art Chadwick, new residents of Northville, who have just returned from a weekend at the King's Inn on Grand Bahama Island with the Nomads Flying club of Detroit.

Both the Chadwicks are pilots who have their own airplane but have gone on weekend and longer trips with the Nomads to Bermuda, Mexico, Banff, Expo '67, Hawaii and who knows - where next?

Single membership in the Nomads is \$100 and a family membership is \$150. The cost of each trip is shared among members so that it runs about half the cost of a commercial flight

- besides - its your own plane - a DC-7B!

Art, who is assistant to the personnel manager in the marketing department has been with Michigan Bell for 27 years. He has recently been elected to chairman of the board of directors of Nomads, Inc., which they joined prior to the flight. The couple lives at 18121 Jamestown Circle.

Celebrating the third anniversary of their inaugural flight, Nomads will again be winging their way south to sunny Fort Lauderdale over the long New Year's weekend.

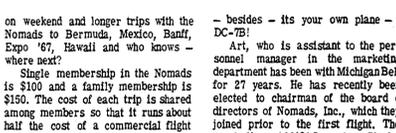

The Nomads schedule 25 weekend trips and several longer trips of one to two weeks annually.

From the beginning, the Nomads agreed that their flying clubhouse would be as safe as any scheduled aircraft with the most rigid inspection and maintenance.

The plane is operated by professional pilot and ground crews with many years of airline experience. The harmonious group of travellers is comprised of doctors, lawyers, secretaries, executives, students, retired persons - anyone with years to travel.

Due to our error the name of Mr. and Mrs. Fred Russell was omitted. The family of the late Edna M. Flaherty wish to thank our friends and neighbors for their kind and sympathetic desire on the time of sorrow. We especially wish to thank Rev. Knud for his comforting words, also Fred Casteville of the Casteville Funeral Home and Louis J. Mon of Jackson Motor Funeral Home. Our thanks also to Charles J. 186, F. A. and Fred Casteville of Eastern Star, etc.

Mrs. Helen Flaherty
Mr. & Mrs. Fred Russell
Mr. & Mrs. Robert Zimmerman
Mr. & Mrs. Elton Knapp
Mr. & Mrs. John Flaherty

In memory of Robert Carter who passed away this morning, December 20, 1967, he was missed by his wife, Betty Carter and family.

In loving memory of Shirley Ann Carter, who passed away December 20, 1967. The depth of sorrow we regret tell, the loss of one we loved so well, and whose life was a beautiful story. Her memory will be always kept. Mothers, Father and Sisters Carol, Marilyn and Gloria.

Carey Predicts Area Building Boom in '68

Robert H. Carey, president-elect of the 1250-member Detroit Real Estate Board and president of the Thompson-Brown Company, predicts that 1968 will be an exceptionally good year in all aspects of the real estate industry - including construction.

Formally installed December 14 along with Roger H. Blackwood, first vice president; Byron W. Trelice, Jr., treasurer; and Staunton M. Elise, secretary, Carey will officially take office January 1.

"Based on the predictions of auto industry leaders of a 9-million-unit year and assuming that all major auto contracts will have been signed by early '68," Carey stated, "the Detroit metropolitan area should enjoy a boom in building - even surpassing that of most of the rest of the nation."

"This will be the case," Carey cautioned, "so long as the money market holds in a manner that keeps funds available. Provided the money situation, for any number of reasons, does not worsen so as to create a lack of funds to finance transactions, the real estate industry should be able to count on a smooth year with little question in the minds of buyers."

The Detroit Real Estate Board, founded 77 years ago, was one of the 10 real estate boards throughout the country to found the National Association of Real Estate Boards (NAREB) and boasts the honor of having provided the first national president, W. W. Hannan, of the Hannan Real Estate Exchange.

The Detroit board covers all field of real estate including brokerage, appraising, property management, development, mortgages and counseling. It includes also as member savings and loan associations, banks and insurance companies.

President-elect Carey, who previously held office as both secretary and first vice president of DREB, has served on numerous committees of the organization and has headed its important Membership-Building Committee for the past two years. He is a director of the Michigan Real Estate Association, the Builders Association of Metropolitan Detroit, state director for the Michigan Association of Home Builders, a state director of the Michigan Society of Planning Officials, and a member of the executive group of the Urban Land Institute's Community Builders Council.

Newly-elected Detroit real estate board officers (l. to r.) Roger Blackwood, first vice president; Robert H. Carey, president; and Byron W. Trelice, Jr., treasurer. Carey is president of Thompson-Brown company, currently involved in a number of major land development projects in the Northville- Novi-Wixom area.

NOTICE PUBLIC HEARING

There will be a Public Hearing on Wednesday, January 3, 1968, 8:00 P.M. at the Northville City Hall to consider the following ordinance amendment.

THE CITY OF NORTHVILLE ORDAINS:
The following amendments shall be made to the Code of Ordinances of the City of Northville

Title 8, Chapter 1 shall be amended as follows:
Section 8.117 - TRESPASS:
No person shall willfully enter upon the lands or premises of another without lawful authority, when said lands or premises have been locked posted to bar such entry, or after having been forbidden so to do by the owner or occupant, agent or servant of the owner or occupant, and no person being upon the land or premises of another, upon being notified to depart therefrom by the owner or occupant, the agent or servant of either, shall without lawful authority neglect or refuse to depart therefrom.

This amendment shall take effect immediately upon adoption.

Section 8.118 - LARCENY:
It shall be unlawful for any person to steal the property of another, any money, goods or chattels, or any bank note, bank bill, bond, promissory note, due bill, bill of exchange or other bill, draft, order or certificate, or any book of accounts for or concerning money or goods due or to become due, or to be delivered, or any deed or writing containing a conveyance of land, or other valuable contract in force, or any receipt, release or defeasance, or any writ, process or public record.

This amendment shall take effect immediately upon adoption.

Section 8.119 - SEVERABILITY:
If any section, subsection, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portions hereof.

This amendment shall take effect immediately upon adoption.

Martha M. Milne
City Clerk

Winter Sports Near at Kent
Kensington Metropolitan Park of the Huron-Clinton Metropolitan Authority will offer the following facilities for winter recreation during 1967-68. Kenneth L. Hallenbeck, Authority director, said that when Michigan's winter weather arrives, operations will begin.

Kensington Metropolitan Park near Milford is one of the most popular areas in southeastern Michigan and has facilities for tobogganing, skating, sledding, ice fishing, hiking, and picture taking.

Catches of bluegills and crappies are taken by the hundreds of fishermen who enjoy ice fishing on Kent Lake. Skating is provided on the ice rink on Kent Lake in front of the Boat Rental building from 10 a.m. to 10 p.m. daily.

For ice and snow conditions call 685-1561 (Milford exchange).

SPEAKING for The Record

By BILL SLIGER

Next Thursday evening the Thompson-Brown family will appear before the Northville township planning commission and the public to explain a rather unique development proposal.

In my opinion, it needs explaining. On this point the capable young president of Thompson-Brown (Irish Bob Carey) and I do not agree.

He steadfastly maintains that the planners are expertly informed on all details of the plan. And he bristles slightly when "they" get into the act and fail to comprehend the concept.

I will not argue with the company's sincerity and its efforts to inform. I do suggest, however, that somewhere the lines of communication have broken down.

Bob Carey and his consultants and engineers understand the concept; I think that it has sunk into the semi-propress. But the planners (either professional or amateur) have not yet had the advantage of the full course of detailed explanation.

The proposed development of the 336-acre Farm Crest Farms area first caught my attention when I learned that it included a 10-acre site for a "township administration development."

It was explained by the township supervisor that this parcel was being made available - without charge - because it could not be easily incorporated into the proposed community development. And, coincidentally, it is located almost precisely where the township master plan sets forth the location of future administrative offices.

The proposal left questions. First, is it advisable to provide "free sites" within a proposed plan conditioned upon the acceptance of the plan and passing of the requested rezoning?

Secondly, if 10 acres are available to the township without charge, why should the school district pay \$5,000 an acre for 10 acres within the same development for the purpose of providing classrooms for the children the development will attract?

I sought the answers from the developer, and I learned what I believe to be facts that are not known, or at least not understood, by township planners and officials.

First of all, the land is not "free." Secondly, under similar conditions, the school district may also find itself entitled to a 10-acre site within the proposed development without paying \$5,000, or even one dollar.

What the developer requests in return for the land gifts is "density credit" within the residentially-zoned sections of the development.

This residential "density credit" also applies to the 14.4-acre commercial zone requested, as well as the 5.6-acre professional office zone.

In other words, the developer is asking to use the land twice - once for business, offices, township buildings, schools, and once for residential density credit.

Neither the township supervisor, planning commission chairman or the township's hired planning consultant, when contacted this week, was aware

that residential density credits were assigned by the developer for the areas set aside for business, school or public administrative use.

To the reader who has followed to this point it may appear that the press holds serious objections to the Thompson-Brown proposal.

This is not true. To the best of our ability to comprehend, and without full knowledge of possible legal technicalities, we approve of the general concept.

We still hold, however, that sticky consequences could result from proposals promising land gifts to governmental units charged with the responsibility of approving the proposals.

This is basic. It is not intended as a suggestion of any wrongdoing.

But we are in accord with the general idea, as proposed for the Six Mile-Bradner area, of total zoning for the number of permissible dwelling units.

In other words, Thompson-Brown is asking to construct 311 dwelling units on a 336-acre area that would permit a total of 511 dwelling units under present R-3 and R-4 (single-family residential) zoning.

Instead of constructing all single family units, however, the community plan calls for 477 apartment units and 434 single family homes. None of the lot sizes will be reduced. As a matter of fact, only 343 homes will be constructed on the south side of Six Mile road where 522 single family units would be permitted under existing zoning. In addition to lots exceeding minimum requirements, the development south of Six Mile provides 25 acres of park area plus a proposed school site.

On the north side of Six Mile only 91 single family homes are proposed. The additional dwelling unit capacity is reached through construction of 477 one and two-bedroom apartments. In addition a commercial and office area is proposed to provide neighborhood services.

But these same economic advantages make it possible to upgrade and plan a community of dwelling units employing a plan of open spaces... and (possibly) even "free" school and public administrative sites.

It is not just another rezoning request that will come before Northville township planners next Thursday evening.

It is a proposal that measures zoning by density and dwelling units within a given area and includes those areas set aside for uses other than residential as a credit to the density quota.

Top of the Deck

by JACK W. HOFFMAN

Amateur historical buffs like myself occasionally take liberties with little known facts, unfortunately, twisting them to fit a particular occasion.

This past summer, for example, I told my youngsters upon "discovering" an out-of-the-way Indian grave site in the Upper Peninsula that we were probably the first white people to walk that hallowed ground.

The excitement and interest my observation raised was momentarily the unfounded supposition. But one thing led to another until I was telling those bug-eyed kids that Hiawatha was probably resting in one of the ground-level coffins.

All was fine until one of the kids poked her nose into a rotting, partially open coffin and asked: "Daddy, did Indians drink beer?"

"Certainly not," I said, tossing out another unfounded historical tidbit. "Why on earth would you ask something like that?"

"Because," she replied innocently, "I wish we could follow through on standards we profess and realize that money does not buy friendship and that our nation's moraliserae a reproach. I am grateful for obedient men, who make sacrifices to stem the tide of evil, but I am not with the discovery that he designed his new business place with a Spanish tile roof like to show off the bell."

"Once or twice she got so excited

that Michigan was little more than an Indian inhabited wilderness and Northville not yet a dream 175 years ago when George Washington was still president apparently did not occur to him. At any rate, once he had given the bell its age, other even more interesting historical evidence flowed like water.

"She was called 'Big Number 12,'" he explained to the reporter while perched precariously atop his agency's new building.

"Our bell visited most of California's big cities in her youth during the Gold Rush. She watched men sweat and heard them swear as they toiled in the soil.

"Finally a young Imperial Valley teacher rescued her from the back of an itinerate drummer's wagon and perched her proudly in the school belfry. There, for more than 75 years, she called children to school meetings at night.

"Must make Big No. 12 want to clang her clapper with congratulatory clangor. After all, if Chula Vista is going to have a new bell, isn't it great that it's a great bell-ringer and has a heart?"

"The historical genius of this Chula Vista insurance agency president was so moving that it inspired the reporter to end her piece thusly:

"Must make Big No. 12 want to clang her clapper with congratulatory clangor. After all, if Chula Vista is going to have a new bell, isn't it great that it's a great bell-ringer and has a heart?"

NEW PATROL CAR-What may be the first Ambassador police patrol car in Michigan was delivered to the Novi police department this week by Rose Rambler of Union

Lake. Detective Sergeant Richard Faulkner, acting chief in absence of Chief Lee BeGole, accepted the new four-door vehicle.

Parents Disappear 2 Girls Left Homeless

Information resulting from an investigation by Northville police of a case involving two teenage girls whose parents have not been heard from since October 15 has been turned over to juvenile authorities of the Oakland County Probate Court.

The girls, ages 14 and 15, were placed in the care of the Northville woman last August while the parents were to be on two-weeks vacation. The parents paid the woman \$30 at the time.

The woman, a widow with children of her own, heard nothing from the parents until October 15, when she received \$15 by mail. It was the last communication.

On December 13, the woman notified Northville police of the children's plight, with information that she was financially unable to provide the girls with clothing and other necessities for school.

Whereabouts of the parents remains unknown. The investigation revealed that the parents' landlord came to the girls' aid by breaking into the rental property and giving the girls possession of their clothes.

School officials and other local agencies, have responded with aid to keep the girls in school.

A Northville resident was arrested in front of city hall last Monday evening, shortly after police responded to a call that someone was creating a disturbance that interfered with proceedings of the city council meeting.

According to witnesses at the meeting Harold Parmenter of 17 Fairbrook, Northville, interrupted proceedings with loud, irrelevant comments and refused to comply with requests to be quiet and to permit council business to proceed.

Police at the place of the Northville Police at the order of Mayor A. M. Allen. Police reports state that when they approached City Hall, Parmenter, who had led the meeting room, struck Sergeant Westfall, who was accompanied by Patrolman Young.

Westfall and Young subdued Parmenter, placed him in a police car and transported him to a jail cell. He is charged with being a disorderly person.

Incidents involving malicious damage to property brought a complaint from John Lemon, 102 South Rogers last Thursday. Police were called at 7:57 P. M. to investigate a report that someone was shooting at the house. Marks on the front door glass and dents in the aluminum siding indicated that a number of small pellets had struck the house.

Police received and investigated a complaint from John Harper, 530 West Main, who reported that a number of decorative Christmas bulbs were missing from decorations on his front porch.

Republican State Senator Harold Volkema of Holland died Sunday of a heart attack. Death of the 67-year-old

Mustang Five Edges Trojans

It was a battle all the way, but Northville's varsity basketball team came up with its fourth W-O league victory of the season here Tuesday night in defeating fired-up Clarenceville, 56-52.

The victory was the second this season over the Trojans, who upset Clarkston last Friday in a 65-64 thriller that wasn't decided until the final seconds.

In its second game of the season, the Mustangs swept past the Trojans, 49-41, in a slow contest purposely kept to a snail's pace by Clarenceville in an attempt to upset Northville's shooting attack.

Other Friday games in the Wayne-Oakland league circuit included West Bloomfield's easy 62-47 win over Milford, and Bloomfield Hills' 66-53 victory over Holly.

Whew! Trophy Hangs by Pin In Final Round

There's a new trophy in the case at Northville high school today, placed there after a hard-won, first-place finish in a quadrangular wrestling meet held at Dexter last Saturday.

Northville's two-point margin over host team Dexter came during the last few seconds of the last match, when heavyweight Dan Conklyn pinned a tough and aggressive Saline heavyweight to end what had been a fast and furious crowd-pleasing battle.

Northville finished with 95 points to Dexter's 93. Saline placed third with 53, followed by Clinton with 37.

The four team meet was strictly a Northville-Dexter affair after the first round. Northville had nine men going into the final round, Dexter had eight and a one point lead in team scoring.

Northville fell further behind as Dexter came on strong in the lighter weights.

John Tam, who had a first-round bye, got things underway for Northville, pinning his 127 pound opponent from Saline.

After a decision win over a Saline man at 133, Northville's smooth-working Marty Richardson went to the mat with Dexter's Sam Bouillon in the match that many of the spectators had looked forward to since the event was scheduled. Both men rank near the top in the state's Class B high schools.

They treated the crowd with six minutes of fine wrestling that is unusual to see this early in the season.

Richardson, still wrestling above his best weight, dropped an 8-0 decision.

Curt Olewnik, at 138 pounds, got a decision win over his Dexter opponent. It was a close, hot battle all the way.

After Rick Suckow, at 154 pound lost a one-point decision in the 1 few seconds of his final round match with a Dexter man, Greg Wikarya 180, put Northville within reach of trophy by pinning his Dexter opponent that put the pressure on Conklyn, who was wrestling for the first time since losing a bout with the flu bug last week.

Conklyn used his weight and experience and his head-willie under continuous attack from the hustling Saline man, who faltered slightly in the third round, got caught in a Conklyn crac and was upended for the pin just as the mat expired.

"Conditioning did it," Coach J. Townsley said, pointing out that excellent conditioning was a key factor in the final round matches at 180 a heavyweight that let Northville take the meet.

Townsley judged the meet a success not only because of the win and the hard-ware for the trophy case but also for the early-season opportunity provided his squad to gain competitive experience while working their way down to their best wrestling weight.

The win at Dexter brought a happy conclusion to a busy week. Northville finished the season with a dual me to Grosse Ile last Thursday, 24-2 Behind 11 points after losing the first three weight classes, Northville 6 wins from Bill Krist (120), John Ta (127), Marty Richardson (133), Cur Olewnik, (138), Don Sasse (145), at Rick Suckow (154), to take a nine-point lead before losing the last three matches to give Grosse Ile a four-point margin.

The next mat action was scheduled for Wednesday night against visitin Farmington in a dual meet.

Gift Wrap 69-53 Trojan Win Wildcats Drop First Home Game

Like those Christmas packages beneath your tree, Novi gift wrapped a Whitmore Lake victory Friday night and tied it with a big bow of "ifs".

The Wildcats lost the first home contest, 69-53, but the game was closer than the score might indicate.

As it is they'll be hosting the Warriors in an all-out attempt to come up with their first triumph in Lakeland "C" competition.

Despite Friday's defeat, however, there were plenty of reasons for Coach Jim Ladd and Novi fans to find promise in the young squad's showing.

Whitmore Lake came into the game still bubbling with its amazing upset victory over the Lakeland "C" power house, Clinton. The Trojans floored

a squad with considerably more height and experience than Novi's all-junior squad. And finally, Whitmore Lake grabbed a good share of its points by taking advantage of Novi errors and not by virtue of superior floor play.

That is not to say the Trojans couldn't shoot. Far from it. They poured in buckets from all areas of the floor, including several superlative twisting shots from beneath the basket that any player would be proud to call his specialty.

Whitmore Lake outscored the Wildcats in every quarter. But for a period early in the final quarter it looked like the local quintet might cop an upset. Working a full court press to near perfection, the Wildcats chopped Whitmore's comfortable lead to crowd pleasing half-dozen points before falling apart.

With the game out of reach in the waning minutes, Coach Ladd brought in his substitutes to finish the game.

In that second half, the Wildcats scored 18 points—13 more than they were able to muster in the first half, while Whitmore scored 22 in the first half and 37 in the second.

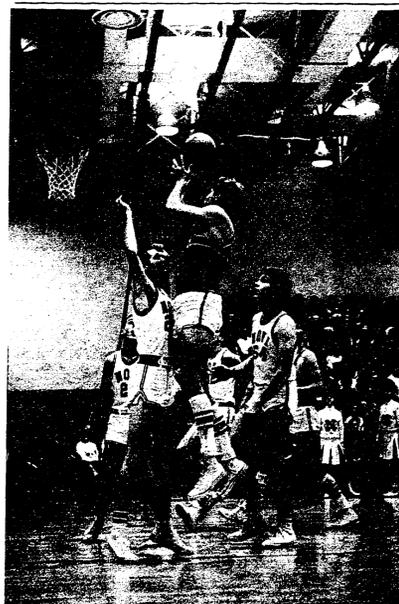

Guard Mark Gilbert led Novi's shooting attack with 20 points followed by Forward Lee Snow with 15.

At the free throw line, Novi had the edge, sinking 13 of 21 shots. Whitmore Lake converted 13 of its 22 shots.

Three Novi players hit double figures in the game. Gilbert came up with 13 points, Jon VanWagner netted 12, and Gary Boyer hit for 10.

Novi had the game all but wrapped up in the closing minutes of play only to turn cold under the basket as Ypsilanti took advantage of the poor shooting to squeeze out the victory.

Tied 13-13 going into the second quarter, Northville fell behind by a point at the mid-way point, 25-24, and pushed its way into the lead, 37-34 going into the final quarter. The final score was 44-45.

School Board Eyes Grid Lights At Novi High

A decision was expected to be made yesterday by the Novi board of education relative to possible purchase of lights for the high school football field.

Athletic Director John Osborn appeared before the board at its regular meeting last week explaining the necessity for lights in scheduling football games next season.

Osborn noted that because the Lakeland "C" league in which Novi is participating will be dissolved at the close of the current school year he is in the process of scheduling games with non-league schools.

In doing so, he said it would be far easier to schedule four remaining, untitled home games if Novi's football field were lighted. Another scheduling problem, he said, was contracting for officials. It would be unfair, he explained, to contract for officials to work day games next year and then reschedule them as night games later or vice-versa.

For this reason, he explained, he needed board direction.

In urging lights, he said night games would attract more parents to games who might not otherwise be able to attend because of their employment and because more fans and students from competing schools would be able to attend.

Board members concurred with Superintendent Thomas Dale that field lights are important but they were reluctant to give them the "green light" without first obtaining cost estimates and reviewing funds remaining in the high school addition bonding issue.

Dale, who outlined 14 different items that need to be purchased, explained that he was confident that the estimated \$80,000 remaining in the fund would be adequate to meet all the needs. However, if funds are inadequate, he was expected to list these needs by priority at yesterday's meeting.

Among the equipment listed as being needed were:

Additional gymnasium bleachers, field lights, scoreboard, additional parking, concession stand, additional fencing, audio visual equipment, classroom drapes, physics equipment, history and government equipment, shades, class cabinets, about two rooms of furniture and lockers.

Concerning athletic needs, representatives of the Willowbrook Community association suggested that perhaps it and other Novi organizations could raise money for purchase of a scoreboard, which Trustee William MacDermid insisted is a necessity whether games are played during the day or at night.

Possum Invasion Puzzle Biologists

The Virginia Opossum, that venerable marsupial (carrying its young in a pouch) of the North American continent, now has firmly established generations of relatives in Michigan—and in particularly the Northville-South Lyon area.

Something is attracting him to stay, though Professor William Prychodko of the Wayne State University biology department says biologists can't figure why he started to expand his range some time ago.

Ber's Possum fares best south of the Great Lakes region in the range from eastern Nebraska to New York.

Dr. Prychodko says the expansion of the opossum's geographic range is similar to the advance north from Texas of the armadillo to Oklahoma and other states.

New generations of opossums are chewing their way from the Southern states through Farmer Brown's garden, and through practically anything else, animal and vegetable, including corn, until they have spread throughout the southern half of the Lower Peninsula of Michigan. Somehow, around 1950, they

even managed to establish residence in Ontario, Canada.

Southerners find the opossum a fit ingredient for the succulent southern dish of possum and sweet potatoes

Another Diplomat Downed by A Powerful Teacher Attack

In Rib Cage Tickler Diplomats Edge Puffin' Teachers

Northville teachers may not be the world's greatest athletes, but they gave it that old college try here Saturday night in battling the Harlem diplomats in a rib-tickling basketball game.

The score? "Well, that's not really important," insist the huffin' and puffin' teachers. "What's important is that the game was a big success for the Northville Boosters' club."

Boosters sponsored the game featuring the professional giants, who represent Canada's version of the Globe Trotters, as a means of raising money for a planned all-sports high school banquet in the spring.

Using a two platoon system—five guys recuperating on the bench while five others let off steam on the floor—the teachers swept back and forth across the court "just toying" with the pros and tossing in an occasional basket.

Their only difficulty, however, was that the Diplomats tossed in more baskets in using an offensive and defensive attack that ranged from baseball tactics to dribbling the ball off the teachers' heads.

It didn't matter much to the fans who won anyway. Their chief concern was that it was almost impossible to turn off the laughter. At any rate they gave both sides a rousing ovation, easily assuring a rematch next year.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor in growth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sacred reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The lights of Christmas shine in children's eyes As they uncover each well-kept surprise, And we remember, as we share their joy, That Jesus too was once a little boy.

He must have laughed and shouted at His play Just as the youngest ones will do today, And surely Mary watched with pride and love... Thinking of shepherds, and a star above.

This day is blessed by children's happy voices, The bells ring out; the Christian world rejoices, With all the gladness grateful hearts can bring, We celebrate the birthday of a King.

Happy Birthday, JESUS!

Every year Christmas appears to cause a rebirth of faith which spreads an atmosphere of hope and joy into every area of life. We feel it in our homes, on the street, in places of business. Everywhere the Christmas spirit takes over and there are few places unaffected.

Certainly, it is the responsibility of the faithful to keep sounding the message of the angels, "Glory to God in the highest and on earth peace, good will among men." They proclaimed the birth of Jesus Christ born in a manger in Bethlehem. This was the greatest event that has ever taken place in human history. It was the point at which God entered into the struggles of mankind. Surprisingly enough, God agonized with you and me in our many struggles and temptations as he does with men everywhere. Some people will say:

"How can this be? Look at the conditions in our world - why, even in our own country we see brutal killing caused by riots in the streets. Furthermore, what about the war in Vietnam? And look at the heartache brought on children, wives and husbands because of lack of moral responsibility. Where does God enter into this? Where is the peace on earth, good will among men?"

Near the end of the Civil War in 1863, Henry Wadsworth Longfellow heard the church bells ring on Christmas Day. They seemed to him to be saying, "Peace on earth, good will to men." "How can that be?" he thought, in light of the war. He came to the conclusion that the message of the bells would prevail and his thoughts are to be found in this poem:

"I heard the bells on Christmas Day,
Their old familiar carols play,
And wild and sweet the words repeat

from the Pastor's Study

Rev. R. A. Michelson
New Hudson Methodist Church

Of peace on earth, good will to men. I thought how, as the day had come, The bellies of all Christendom Had rolled along the unbroken song Of peace on earth, good will to men. And in despair I bowed my head; "There is no peace on earth," I said, "For hate is strong, and mocks the song Of peace on earth, good will to men." Then pealed the bells more loud and deep; "God is not dead, nor doth He sleep; The wrong shall fall, the right prevail; With peace on earth, good will to men!" 'Til, ringing, singing on its way, The world revolved from night to day, A voice, a chime, a chant sublime, Of peace on earth, good will to men! So the message is still the same. As men recognize and acknowledge the glory and goodness of God and respond in faith, peace and good will shall reign. It is ever our responsibility to proclaim the message of Good News. Even with the turmoil and unrest in our world, we must conclude that "In Him was life, and the life was the light of men. The light shines in the darkness, and the darkness has not overcome it." (John 1:4-5) At Christmas we see what life can really be when one allows the Spirit of God in Christ to reign. Kindness and compassion beam more brightly, love seems to be found loving even the unlovable, May God grant us the courage to dare to live in the Spirit of Christmas always.

N-Club Tests The Patience Of Initiates

Friday marked the first time in the Mustang's (the Northville high school newspaper), (four-year history that school news coverage and sales were extended beyond the confines of the high school.

Four pages of the Mustang's eight page Christmas issue were devoted to school news coverage and sales were extended beyond the confines of the high school.

Bob Collocott, a first year journalism student, entertained the idea to advisor Ralph Redmond and the Mustang staff which hearty approved.

Eight first year students covered the four schools in groups of two. Cindy Baldwin and Kris Wistert covered Amerman, Hope Hahn and Julia Williams covered Cooke junior high, Linda Williams and Marge Wojciechowski covered Main Street and Karen Baber and Claudia Nieber covered Moraine.

Dan Stodard, another first year student, made sketches of each of the four schools which were incorporated in each respective newspaper.

Amerman school coverage included the art class being a creative source for its students; the first sale of the "handy dandy bookstore"; Amerman's December 21 Christmas program titled "Sketches of Christmas Through Song"; and a human interest article on newly elected Service Girl Captain Sandy Criston.

Cooke junior high coverage included capsule comments from students on the question "what if Santa Claus were

Scholar Students Honored

The purpose of the Northville high school Honor Society is to inspire scholarship, character, service, and leadership among the student body.

Recently, 23 new members were inducted into the ranks of the honor society. According to President Chuck Keegan, "Prospects are eligible by a 3.0 (B) average. They are voted on by teachers they have had who score them on scholarship, character service and leadership." Inductees are selected from these scores.

New members are Penny Anchors, Joy Barmum, Chris Becker, Stacy Evans, Jeannette Gensley, Linda Gots, John Gustaf, Carol Harper, Dianne Holdsworth, Charles Hughes, Sue Jarvis, Betty Klein, Mary Lorenz, Bonnie McKinley, Stan Nirdler, Jill Pauler, Dave Poppe, Sandy Schwendemann, Linda Sopp, Leanne Steeper, Peg Tilkka, Rosemary Van Fossen, and Pam Witzke.

Other honor society officers this year include Mike Conley, vice-president; Allison Lyke, secretary; Pam Smith, treasurer; and Mr. Alvin Shaw, advisor.

A \$100 scholarship will be granted to a senior boy by the N-Club to help finance his college education. Members must apply for this scholarship by submitting a letter to the counseling department.

"We have to have a little bit of scholarship in the club," stated Mr. Williams, "besides, it will help keep some of the club who wouldn't be interested otherwise."

Debaters Man Candy Stand

The Northville high school debaters recently opened the concession stand after school candy, gum, and potato chip sales to help finance debate emblems and debate tournament expenses.

"Every year Miss Pan devotes much time, money, and effort to the debate and forensic cause unflinchingly. This year we're trying to do our share," commented debater Bill Christensen.

Phil Kennedy, the assistant advertising manager, stated that: "We have made much progress since we have started - Mrs. Zayft pointed out that we wouldn't last for more than a few days; however, we are now making profits."

Debater Virginia Round echoed Kennedy's sentiments by pointing out that they "have made \$31 in the first three days."

Patrons of the concession stand seem to think it's a wise idea to sell goodies after school, as evidenced in the following four comments:

Glenn Heffner - "It's a great idea. I think it should be open during lunch hour too."

Linda Lacos - "I like it because you get hungry after school."

Jenny Lindley - "It's really a good idea because it keeps our students full of energy... besides, we don't want run-down students."

Clay Ware - "I want pop after school because I'm thirsty... besides, pop tastes better than water."

Scott Sergio, business manager, and Bruce Mach, assistant business manager, pointed out that if the student body is responsible enough to keep the school free of litter, pop may be sold in the future.

WILLOWBROOK NEWS

Last Friday, Mr. and Mrs. Ralph Rivers were hosts at an open house. Their guests were Mr. and Mrs. Duncan Bones of Dearborn, Rev. and Mrs.

David Cummins of Berkley, Mr. and Mrs. Leo Leonard of Farmington, Mr. and Mrs. Lester Coffey of Southgate and Mr. and Mrs. Ed Prestnell of Willowbrook.

Sunday evening Mr. and Mrs. Rivers visited their son, Ralph Michael Jr. in Taylor. On Thursday they had luncheon with Mrs. Rivers' parents, Mr. and Mrs. George Swengel in Wayne.

Mrs. Dolly Alegram, who has been visiting relatives in Chicago for several weeks returned home this week.

The Willowbrook Community Association is sponsoring an outdoor Christmas home decorating project. A prize will be given for the most original and unusual ideas which express the true meaning of Christmas. It's not how many lights, but how effective and keeping with the Christmas theme.

The prize of \$25 and a plaque will go to the winner. A traveling trophy to be used again next year. A panel of three judges will tour the area and decide who wins the contest.

Willowbrook Association officers: President, Russ Smith has moved out of town and is no longer president. Kent Mathes will be acting president. Secretary is Gyne Cheroff and the treasurer is Vern DeWaard. The Board of directors are as follows: Sub number one-Bill Bunker and Duane Smith. Sub Number two - Fred Goerlitz, Bob Radke and Bob Sale. Sub Number three - Jim Cheroff and Gary Price.

Mrs. Cheroff is also president of the J.C. Auxiliary. The auxiliary is starting a new program called "Helping Hands".

NOTICE OF ENACTMENT
Village of Novi

ORDINANCE NO. 44

TAKE NOTICE that on the 4th day of December, 1967 the Council of the Village of Novi, Oakland County, Michigan, enacted an ORDINANCE to regulate and control culverts, drains and enclosure of ditches within the Public right of way; to provide for permit for certain purposes in relation thereto; and to prescribe penalties for violation thereof. The provisions of this Ordinance shall become effective immediately upon publication hereof.

J. Philip Anderson, President
Mabel Ash, Clerk

ORDINANCE NO. 18.97
PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE VILLAGE OF NOVI

THE VILLAGE OF NOVI ORDAINS:

PART I. That Ordinance No. 18, known as the Zoning Ordinance of the Village of Novi, is hereby amended by amending the Zoning Map as indicated on said Zoning Map No. 97, attached hereto and made a part of this Ordinance.

PART II. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of any Ordinance in conflict with any of the provisions of this Ordinance are hereby repealed.

PART III. WHEN EFFECTIVE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect ten (10) days after final enactment and publication.

Police Explain Overtime Policy

"We often work overtime, but normally we get time off to compensate for it."

That's how Patrolman Dale Gross explains the overtime policy of the Novi Police Department. "It may have sounded like police work for nothing in overtime. Actually, we may work 16 or more hours in one day, but usually we get some time off later to make up this overtime."

When police are investigating a case, he said, they like to follow through until its completion, often times leading to the overtime. "It's not necessarily a requirement of the job, but a desire by the policeman to finish up his work."

The True Joy of Christmas Comes in Loving God's Free Gift

BABSON PARK, Mass. — As the season of the birth of Christ returns, we gather new strength from the angelic chant: "... there is born to you this day in the city of David a Savior

who is Christ the Lord ... Glory to God in the Highest..."

why call person-to-person?

Long-Distance calls can be dialed direct at a big savings 43 percent on a daytime three minute call between Traverse City and Detroit, for instance!

and so forcefully by the leaders of the Romans and of the Jews. In every way, Jesus tried to show that all men are equal before God. He went further and promised that the humble would be exalted and that the meek would possess the land. Reflect, if you will, on the ways in which His birth was announced, marking the contrast between the angelic greeting to the shepherds and the indirect sign to the three wise kings.

The kings, far away in the east, saw only the star. Had the shepherds seen such a star, probably they would have gazed in awe and then forgotten. Even had they sensed its meaning, they would have been unable to follow it, for they had neither the means nor the leisure to do so. The indirect announcement to the kings may have been a tribute to their wisdom. More likely it was meant to indicate that their wealth and learning had its responsibilities, because for them the way to the manger was neither easy nor safe. And when they got there they found the shepherds had already made their adoration. The lesson is this: No matter what our station or condition in life, our color or creed, we are all God's creatures and equal and responsible as individuals in His sight.

LIFE is so mysterious and often so apparently wayward in its vagaries that if we try to take a detached view of it for a moment, we stand aghast at the spectacle. There is in it, however, one element that admits of no misunderstanding. It is the role that children play in the general scheme of things. Like a medal, a child has two sides. On the one side, it is helpless, or so we think. On the other, it possesses the only quality or at least one of the principal resources, that lends warmth and strength to its elders. What matter if the world be split between rival factions, if national and international disorders abound? The children of the world are forever lighting lamps in the human heart that pierce the fog of our adult futility and restore our confidence in God and in ourselves.

It was no accident that Jesus came as a child. To the extent that we are successful in recapturing something of the innocence and usefulness and faith of our own lost childhood will we find true joy this Christmas. For the way to the fulfillment of our desires must lead us — from our own visit to the manger — into paths of kindness, thoughtfulness, hopefulness, and helpfulness.

CHRISTMAS is a time of gift-giving ... and rightly so. But the true joy of Christmas is the free gift provided for us by the graciousness and love of God, and offered to all who will receive it as little children. It should matter not at all how costly or showy the presents we exchange, so long as with each gift we give something of ourselves.

Our nation has been the greatest benefactor in the history of the world. Yet we have received scant credit for the sacrifices we have made and are making to feed the hungry, to educate the young, and help build up the economies of underdeveloped countries. In only one program have we made rapid, and what promises to be good, over-all progress, — the Peace Corps. Could it be that the instant success of this particular program derives from the fact that through it we have made more of a personal effort to teach, to serve, to lift? This gift of ourselves to God and to each other is the essence of the Christmas Spirit, the best guarantee of our own tranquility of mind, and the way of prosperity and peace in our troubled world.

Water Pollution Down, But State's Problem Still Serious

LANSING — Clean water is usually taken for granted when we turn on the faucet, and few of us give thought to what happens to water as it funnels down the drain.

In most Michigan communities, "used" water flows into a sewage plant where it is treated and dumped back into our rivers, lakes and streams. This "treated water" still contains an over-enrichment of phosphates and nitrogen, nutrients which promote excess growth of weeds and other aquatic plants. The resulting effect is foul

smells, dirty appearance and a depletion of oxygen in the water, ruining it for game fish and recreational purposes. PESTICIDES and herbicides in the state's water supply is also causing concern. Bald eagles, disappearing in Michigan, feed on dead and live fish. Tremendous buildups of pesticides are found in the eagles' brains.

Sea gulls and even the newly-introduced Coho salmon have shown evidence of DDT. The sea gull population is already declining. If amounts of pesticides increase in salmon eggs, scientists fear

the Coho reproductive capacity will be inhibited.

Pollutants come from agricultural and urban land run-off, from municipal wastes and industrial sources. Increases in population with accompanying shortage of public shoreline seriously affect the state's recreational and wildlife facilities. Water pollution further depletes wildlife and renders many public beaches useless.

Pollution is less of a problem than it was 10 years ago and most state officials are aware of what remains to be done. Waste oil in the Detroit River has been reduced by 90%, and in the next 10 years the remaining 10% should be reduced by 90%.

NEW STANDARDS for municipal and industrial sewage systems will be set next year by the Water Resources Commission. In most instances, this will mean upgrading present systems, adding considerable cost. As Dr. Niles R. Keven, assistant director of MSU's Institute of Water Research, states, "The sewage treatment plant, as it exists and is operated here today, just isn't the method that is going to clean up our water."

Pollution is not as dramatic a problem as it once was except when there is an occasional large fish or wildlife kill. "The Water Resources Commission is pretty well aware of the major polluters. It is the everyday, gradual

pollution that is the problem," Dr. Keven emphasizes.

"TERRIFYING COSTS." This is how one member of the Michigan Conservation Commission characterized the reluctance of some legislators to face the task of eliminating pollution problems.

Dr. Kern supports the cost-factor by adding, "The technology needed to halt water pollution is already available, but it will be costly. This the public will have to recognize."

Major authorities note that few, if any, of Michigan's lakes and streams are hopelessly beyond at least partial "repair," but failure to act immediately will compound the seriousness of the problem at a very rapid rate.

ANOTHER STUDY by the Automobile Club of Michigan points out that the average Michigan driver is improving steadily, while the driver with a bad record is causing more than his share of accidents.

The 45-page study released in November covers traffic conditions for 1967 and includes an in depth study of the 48 traffic deaths and injuries on Labor Day weekend.

Compared to 1966, injury accidents are down 11% and fatalities down 13.4%. Of the 57 drivers involved in fatal accidents over the Labor Day weekend, the worst 10 averaged 24.8 points on driving records, most of which covered only the last six years. One had 40 points.

The study notes that nearly 45 percent of all drivers involved in Labor Day fatalities had more than the so-called lifetime average of four points; nearly 19 percent had been called in by the Secretary of State or were subject to some administrative action during their driving careers. Yet this group represents only about 2 percent of the driving public.

ALCOHOL, darkness, speeding, driver error or improper action were noted as most common factors in fatal accidents. Most accidents occurred in familiar territory, within 25 miles of home.

Sixty-percent of the automobiles involved in fatal accidents did not have seat belts, but of those automobiles which did have them 81.5 percent of the drivers and passengers had not "buckled up."

Joy and Peace at Christmas

Around us, the wonder of Christmas spreads its joy and warmth. The radiance of a Star shines into our hearts, as once it shone above a sacred manger, heralding the miracle of the Holy Birth. As you observe Christmas with those near and dear to you, may you rejoice anew at the true, deep meaning of this most glorious time. And may the peace and joy of the season be an ever present blessing, to light the way for all men, everywhere.

Babson Institute Forecast for 1968

Year of Tough Decisions, Crises Ahead

- The coming year threatens to be one of varied and recurring crises. Virtually no area of human activity will be spared... social, economic, political, or international. After years of progress and prosperity, the American people will be faced in 1968 with many decisions that will prove difficult to make and even tougher to carry out.
- Don't expect the final solution to 1968's many problems to be worked out during the year ahead. But the manner in which our nation tackles its predicament will determine whether the U.S. will be able to strengthen its position as world leader... or be toppled during succeeding years and reduced to an inferior standing.
- To be without hope is to sin. And we do have hope that our citizens and their government will rise to defeat the many antagonists—Inflation, social corruption, greed, crime, fear, and despair—that are pressing upon us as the new year begins. It is said that the Original concept of crisis is opportunity. In that sense, we present without reservation that 1968 will hold opportunities unlimited for our country.
1. Now that the pound has been devalued, perhaps our greatest opportunity for the year ahead is to prepare a strong defense for the dollar. We forecast that after some early tumbling both the Congress and the Federal Reserve will move with determination to protect our dollar.
2. The effects of the battle to save the dollar promise to be unpleasant. After an early-year surge to new highs for dollar values and production, business will find the going rougher as the months unfold. Scarce and more costly money will take its toll of growth.
3. Major stimulation to the economy in the early part of 1968 will come from a scramble by auto and allied lines to make up for production lost in 1967, combined with a stockpiling of steel and aluminum in anticipation of strikes later next year in these activities.
4. Some additional escalation of the Viet war will occur next year. But we have already experienced the major impact on business of the massive building in arms outlays; whatever additional procurement comes will not be a determining factor on the course of 1968's business.
5. President Johnson is torn between a desire to "pour it on" in Vietnam and bring home victory before voting time next autumn and his sincere wish to go down in history as a peacemaker. If recent and prospective tightening of the military vise on North Vietnam falls to bring results by late spring... look for spectacular moves toward negotiations. Under these circumstances we feel the chances are 60-40 that 1968 will mark the phase-out of our military operations in Vietnam.
6. But the most decisive conflict next year will not be fought on the battlefields of Southeast Asia. It will be here at home against the one enemy that has the power to destroy the U.S. ... INFLATION.
7. Contrary to the old adage that Congressmen won't commit political suicide by voting a tax hike in an election year, we do expect a revenue act in 1968. It may include excise imposts as well as income levies.
8. The Administration will be forced to reduce total expenditures for the coming year by \$6-to-\$10 billion. While the war continues, most of this will have to be lopped off non-defense areas.
9. Congress will remove the 25 percent gold backing for Federal Reserve notes early in the year.
10. The amount of goods tourists will be permitted to bring into the country duty-free will be reduced to zero in 1968.
11. Further restrictions will be put on foreign investments by U.S. corporations in the coming year; our government will encourage American companies to increase dividend payments by foreign subsidiaries.
12. Rationing of credit by the Administration and the Federal Reserve is a distinct possibility in the months ahead.
13. U.S. outlays for foreign aid will be slashed in 1968.
14. Our money managers will slow down the current high rate of money-supply increase as soon as Congress takes action to curb inflation.
15. But the tremendous outpouring of money during the whole of 1967 will continue, for some months, to exert upward pressures on interest rates and the general price level. It will also have an energizing effect on business. Hence, as money flow is cut back next year, there will be a delayed depressing effect on interest rates, prices, and business... probably after midyear.
16. There will be repeated raids on the dollar; but it will not be devalued in 1968.
17. There will, however, be many discussions between financial experts here and abroad to develop a long-range plan for revamping in terms of gold—on a more realistic basis—the currencies of all of the Free World.
18. The early-1968 uptilt in business volume will give a lift to corporate profits; the fading out of wage boosts, however, along with rising costs and taxes will later have a squeezing effect on profits.
19. Short-term interest rates will rise faster than long-term in the months ahead.
20. This will have a restrictive impact on the availability and cost of mortgage funds.
21. In turn, the recovery now under way in home building will be restrained and perhaps reversed as 1968 moves along... but apartment construction should remain in an uptrend.
22. Inventories will rise—perhaps sharply—in the first half of 1968... taper off later.
23. Business capital expenditures should start the year on a strong note; but as the year advances, prospects for further gains will become dimmer.
24. With wage guidelines now definitely junked, there will be a stampede by labor generally to bring contract gains in line with the huge advances made by the United Auto Workers; the annual salary concept for production workers will gain further acceptance in 1968 by a number of American industries.
25. A labor feature for the coming year will be widespread stoppages by state, city, and local public employees.
26. With elections coming in the autumn, Congress will not vote any restrictive labor legislation in 1968. AI-

Novi Delays Sewer Plan In Hopes of More Capacity

Wouldn't it be better to delay the Novi-Walled Lake sewer project by six months if the Detroit sewer interceptor can be used instead of a \$1 million sewer disposal plant?

Officials of the two communities, who have been wrestling with this question for several weeks, now appear ready to give a resounding "yes" answer despite earlier agreement on a sewer disposal plant, utilization of the Oakland county department of public works to undertake the project, and a \$1 million federal grant.

The delay, explain officials, is necessary to permit engineers time to review the capacity of Wayne county's interceptor that now reaches into southern Novi.

According to R. J. Alexander of the Oakland county DPW, there is a "very real possibility" that additional capacity can be found in the interceptor for Novi and also for Walled Lake.

If additional capacity is found, and officials believe it exists to the tune of more than double Novi's present 4-CFS share in the sewer, some believe Wayne county would be willing to allocate it to Novi and Walled Lake on a "temporary" basis or until new interceptors are built.

So confident is Oakland county that extra sewer capacity does exist, it has hired an engineering firm to do the work of reviewing that capacity for Wayne county.

Although the study is already underway, the county is proceeding with establishing the machinery for the Walled Lake-Novl project. The only major difference in that project now appears to be the possible use of the interceptor instead of a "temporary" disposal plant for which costs have skyrocketed

beyond \$1 million.

Village Manager Harold Ackley Monday outlined several reasons why utilization of the interceptor would be a better choice:

—Extension of the interceptor from southern Novi to the Walled Lake area probably wouldn't cost much more than the sewage disposal plant.

—The proposed sewage disposal plant would have a life-time expectancy

of only 10 years.

—Extension of the interceptor along Novi road from the southern part of the village to the Walled Lake area would open 4 1/2 more miles of the village to sewer service.

—Extension might spur earlier development of the 60 acre 12 Mile-Novl road area property owned by J. L. Hudson interests.

This latter advantage is being cited by some Walled Lake proponents of annexation by that city. Voters will decide the annexation question next month.

DECORATIONS WINNER — The Julius Pollunas, 23645 Ripple Creek was named winner of the annual Willowbrook association Christmas decorations contest.

For their handiwork, the Pollunas family will receive a large "traveling" trophy, a smaller one they may keep permanently, and a \$25

gift certificate. Judges were Association President Kent Marsh and past presidents, Robert Pohlman and Fred Buck.

Will Boys Tie Girls In 1st Baby Race?

I'll take a male baby born mighty early January 1 to even the score between girls and boys in the 11-year First Baby Contest.

With the arrival last January of a baby girl, born to Mr. and Mrs. Arnold DuFort, the girls took the lead in the annual contest—six to five.

The 1968 first baby will have to arrive pretty early to beat the '66 champ and current record holder, who bowed in at 12:50 a.m. on January 1. And she or he will have to go some to top last year's winner, Michelle Lynne, who arrived at 3:29 a.m.

Awaiting the '68 First Baby will be the largest collection of prizes in the 11-year history of the contest. Contest rules are simple:

1. The baby must be born to parents having Northville or Novi mailing address. (It is not necessary that the birth take place in Northville or Novi, however.)

2. Time of birth must be verified by an attending physician.

3. All applications must be received by The Northville Record by 12 noon on Friday, January 5.

The winner will be announced in the January 11th edition of the Record-News.

Instead of ushering in the New Year at a spirited party or in the quiet of their home, the DuForts celebrated in the confines of New Grace Hospital. Actually, there was a limo waiting; the DuForts thought their first child might be the last born in 1966. They

left for the hospital from their Northville home at 344 Ely Drive North at 9 p.m., December 31. But the 7 pound, 2 ounce baby cooperated by waiting several hours.

Little Michelle, now nearing her first birthday, can stand by herself and is just about ready to walk. Meanwhile, the bundle of activity crawls about the house leaving few places and things unspoiled—including her first Christmas tree in the corner of the family room.

The first contest winner in 1957 was Ruth Ann Edglin. Subsequent winners included Sherry Corydonall in 1959, Timothy McDonald in 1959, Danny Ralph in 1960, Tamara Ann MacDonald in 1961, Kimberley Ann Berger in 1962, Sherry Lynn Folsom in 1963, Mark Thomas Moran in 1964, Scott Allen Yamamoto in 1965, and Ronald James Hesse in 1966.

Sponsoring merchants and gifts include: Brader's Department Store, baby blanket; Northville Drug company, toiletary kit; Gaffield Studio, baby portrait; D & C Store, portable nursemaid; Kroger's, 24 jars of baby food; Old Mill Restaurant, dinner for mother and father; E. R. Norder's Jewelry, three piece silver set; Novi Rexall Drug, all night vaporizer; Lila's Flowers & Gifts, baby arrangement of fresh flowers; Del's Shoes, Stride Rite baby shoes; The Little People Shoppe, gift certificate; and Gurnsey Farms Dairy, 15 one-half gallons of milk.

Novi, Wixom Eye Income Tax Refund She's Mighty Handy With Hammer, Saw

Area municipalities are looking forward to a belated Christmas bonus wrapped in an income tax package that won't arrive until next May.

That's when the first municipal refunds resulting from Michigan's new state income tax are expected to be made.

Payments will be made quarterly beginning in May, with the first payment averaging about 45-cents per capita based on the 1960 census.

Officials of the Michigan Municipal League estimate that the total yearly benefit for each community, based on the 1960 census, will average between \$2.25 to \$2.50 per resident.

Here's what estimated first-quarter and annual estimated payments will mean in dollar and cents to area communities:

Northville city (3,967 population), \$2,181.65 first quarter, \$8,925.75 annual.

Northville township (4,386 institutionalized, 3,287 non-institutionalized), \$3,014 first quarter, \$12,308.07 annual.

Novi village (6,454 population), \$3,552.70 first quarter, \$14,221.50 annual.

Novi township (66 population), \$36.30 first quarter, \$146.50 annual.

Wixom (1,131 population), \$84.02 first quarter, \$336.75 annual.

Walled Lake (3,550 population), \$1,952.50 first quarter, \$7,821.50 annual.

Lyon township (2,880 population), \$1,864 first quarter, \$7,460 annual.

South Lyon city (1,753 population), \$964.15 first quarter, \$3,842.25 annual.

Salem township (2,097 population), \$1,153.35 first quarter, \$4,718.25 annual.

Plymouth city (8,766 population), \$4,821.30 first quarter, \$19,223.50.

While those who dare to go first usually have extraordinary courage and ability, others can follow more easily. Because Mrs. Peterson has the determination and courage that it takes to "go first", she and the handful of other women shop teachers about the nation should make it easier to follow. The acute shortage of teachers in the field could be eased if this proves true.
