

Joy and Peace at Christmas

"Around us, the wonder of Christmas spreads its joy and warmth. The radiance of a Star shines into our hearts, as once it shone above a sacred manger, heralding the miracle of the Holy Birth. As you observe Christmas with those near and dear to you, may you rejoice anew at the true, deep meaning of this most glorious time. And may the peace and joy of the season be an ever present blessing, to light the way for all men, everywhere.

Babson Institute Forecast for 1968

Year of Tough Decisions, Crises Ahead

The coming year threatens to be one of varied and recurring crises. Virtually no area of human activity will be spared... social, economic, political, or international. After years of progress and prosperity, the American people will be faced in 1968 with many decisions that will prove difficult to make and even tougher to carry out.

Don't expect the final solution to 1968's many problems to be worked out during the year ahead. But the manner in which our nation tackles its predicament will determine whether the U.S. will be able to strengthen its position as world leader... or be toppled during succeeding years and reduced to an inferior standing.

To be without hope is to sin. And we do have hope that our citizens and their government will rise to defeat the many antagonists—Inflation, social corruption, greed, crime, fear, and despair—that are pressing upon us as the new year begins. It is said that the original concept of crisis is opportunity. In that sense, we greet without reservation that 1968 will hold opportunities unlimited for our country.

1. Now that the pound has been devalued, perhaps our greatest opportunity for the year ahead is to prepare a strong defense for the dollar. We forecast that after some early tumbling both the Congress and the Federal Reserve will move with determination to protect our dollar.
2. The effects of the battle to save the dollar promise to be unpleasant. After an early-year surge to new highs for dollar values and production, business will find the going rougher as the months unfold. Scarce and more costly money will take its toll of growth.
3. Major stimulation to the economy in the early part of 1968 will come from a scramble by auto and allied lines to make up for production lost in 1967, combined with a stockpiling of steel and aluminum in anticipation of strikes later next year in these activities.
4. Some additional escalation of the Viet war will occur next year. But we have already experienced the major impact on business of the massive building in arms outlays; whatever additional procurement comes will not be a determining factor on the course of 1968's business.
5. President Johnson is torn between a desire to "pour it on" in Vietnam and bring home victory before voting time next autumn and his sincere wish to go down in history as a peacemaker. If recent and prospective tightening of the military vise on North Vietnam falls to bring results by late spring, look for spectacular moves toward negotiations. Under these circumstances we feel the chances are 60-40 that 1968 will mark the phase-out of our military operations in Vietnam.
6. But the most decisive conflict next year will not be fought on the battlefields of Southeast Asia. It will be here at home against the one enemy that has the power to destroy the U.S.—INFLATION.
7. Contrary to the old adage that Congressmen won't commit political suicide by voting a tax hike in an election year, we do expect a revenue act in 1968. It may include excise imposts as well as income levies.
8. The Administration will be forced to reduce total expenditures for the coming year by \$6-to-\$10 billion. While the war continues, most of this will have to be lopped off non-defense areas.
9. Congress will remove the 25 percent gold backing for Federal Reserve notes early in the year.
10. The amount of goods tourists will be permitted to bring into the country duty-free will be reduced to zero in 1968.
11. Further restrictions will be put on foreign investments by U.S. corporations in the coming year; our government will encourage American companies to increase dividend payments by foreign subsidiaries.
12. Rationing of credit by the Administration and the Federal Reserve is a distinct possibility in the months ahead.
13. U.S. outlays for foreign aid will be slashed in 1968.
14. Our money managers will slow down the current high rate of money-supply increase as soon as Congress takes action to curb inflation.
15. But the tremendous outpouring of money during the whole of 1967 will continue, for some months, to exert upward pressures on interest rates and the general price level. It will also have an energizing effect on business. Hence, as money flow is cut back next year, there will be a delayed depressing effect on interest rates, prices, and business... probably after midyear.
16. There will be repeated raids on the dollar; but it will not be devalued in 1968.
17. There will, however, be many discussions between financial experts here and abroad to develop a long-range plan for reviving in terms of gold—on a more realistic basis—the currencies of all of the Free World.
18. The early-1968 uptilt in business volume will give a lift to corporate profits; the fading out of wage boosts, however, along with rising costs and taxes will later have a squeezing effect on profits.
19. Short-term interest rates will rise faster than long-term in the months ahead.
20. This will have a restrictive impact on the availability and cost of mortgage funds.
21. In turn, the recovery now under way in home building will be restrained and perhaps reversed as 1968 moves along... but apartment construction should remain in an uptrend.
22. Inventories will rise—perhaps sharply—in the first half of 1968... taper off later.
23. Business capital expenditures should start the year on a strong note; but as the year advances, prospects for further gains will become dimmer.
24. With wage guidelines now definitely junked, there will be a stampede by labor generally to bring contract gains in line with the huge advances made by the United Auto Workers; the annual salary concept for production workers will gain further acceptance in 1968 by a number of American industries.
25. A labor feature for the coming year will be widespread stoppages by state, city, and local public employees.
26. With elections coming in the autumn, Congress will not vote any restrictive labor legislation in 1968. Although we anticipate that credit controls may possibly be invoked in the Administration's struggle with inflation, there is no chance that any serious attempts will be made to impose wage controls.
27. Upward pressures on the cost of living will be intensified during the first half of the year, with advances tapering as autumn approaches. Overall, we look for another increase in living expenses of over 5 percent... and it would not surprise us if the toll should rise to the 4 percent level. The "bad boys" will continue to be soaring service costs—especially medical—and spirals in transportation and finished-goods tags. Food may inch up a little more as processing costs mount further; but prospective plentiful supplies will act as a controlling factor.
28. Total cash receipts from farm marketings should advance moderately over figures for 1967; however, the relentless up-push of costs will take its toll, and farmers' net income will be cut.

THE NOVI NEWS

OFFICIAL NEWSPAPER OF THE VILLAGE AND TOWNSHIP OF NOVI, AND THE CITY OF WIXOM
Vol. 14, No. 32, 18 Pages, Two Sections • Novi, Michigan—Thursday, December 28, 1967 • 10¢ Per Copy, \$4 Per Year In Advance

Novi Delays Sewer Plan In Hopes of More Capacity

Wouldn't it be better to delay the Novi-Walled Lake sewer project by six months if the Detroit sewer interceptor can be used instead of a \$1 million sewer disposal plant?

Officials of the two communities, who have been wrestling with this question for several weeks, now appear ready to give a resounding "yes" answer despite earlier agreement on a sewer disposal plant, utilization of the Oakland county department of public works to undertake the project, and a \$1 million federal grant.

The delay, explain officials, is necessary to permit engineers time to review the capacity of Wayne county's interceptor that now reaches into southern Novi.

According to R. J. Alexander of the Oakland county DPW, there is a "very real possibility" that additional capacity can be found in the interceptor for Novi and also for Walled Lake.

If additional capacity is found, and officials believe it exists to the tune of more than double Novi's present 4-CFS share in the sewer, some believe Wayne county would be willing to allocate it to Novi and Walled Lake on a "temporary" basis or until new interceptors are built.

So confident is Oakland county that extra sewer capacity does exist, it has hired an engineering firm to do the work of reviewing that capacity for Wayne county.

Although the study is already underway, the county is proceeding with establishing the machinery for the Walled Lake-NovI project. The only major difference in that project now appears to be the possible use of the interceptor instead of a "temporary" disposal plant for which costs have skyrocketed beyond \$1 million.

Village Manager Harold Ackley Monday outlined several reasons why utilization of the interceptor would be a better choice:

- Extension of the interceptor from southern Novi to the Walled Lake area probably wouldn't cost much more than the sewage disposal plant.
- The proposed sewage disposal plant would have a life-time expectancy of only 10 years.
- Extension of the interceptor along Novi road from the southern part of the village to the Walled Lake area would open 4 1/2 more miles of the village to sewer service.
- The interceptor could service far more homes in the Novi-Walled Lake area.
- This latter advantage is being cited by some Walled Lake proponents of annexation by that city. Voters will decide the annexation question next month.

Decorations winner - The Julius Pollunas, 23645 Ripple Creek was named winner of the annual Willowbrook association Christmas decorations contest.

For their handiwork, the Pollunas family will receive a large "traveling" trophy, a smaller one they may keep permanently, and a \$25 gift certificate. Judges were Association President Kent Marsh and past presidents, Robert Pohlman and Fred Buck.

Will Boys Tie Girls In 1st Baby Race?

It'll take a male baby born mighty early January 1 to even the score between girls and boys in the 11-year first baby contest.

With the arrival last January of a baby girl, born to Mr. and Mrs. Arnold DuFort, the girls took the lead in the annual contest—six to five.

The 1968 first baby will have to arrive pretty early to beat the '66 champ and current record holder, who bowed in at 12:50 a.m. on January 1. And she or he will have to go some to top last year's winner, Michelle Lynne, who arrived at 3:29 a.m.

Awaiting the '68 First Baby will be the largest collection of prizes in the 11-year history of the contest. Contest rules are simple:

1. The baby must be born to parents having Northville or Novi mailing address. (It is not necessary that the birth take place in Northville or Novi, however).
2. Time of birth must be verified by an attending physician.
3. All applications must be received by The Northville Record by 12 noon on Friday, January 5.
4. The winner will be announced in the January 11th edition of the Record-News.

Instead of ushering in the New Year at a spirited party or in the quiet of their home, the DuForts celebrated in the confines of New Grace Hospital. Actually, there was a limo waiting. The DuForts thought their first child might be the last born in 1966. They left for the hospital from their Northville home at 344 Ely Drive North at 9 p.m., December 31. But the 7 pound, 2 ounce baby cooperated by waiting several hours.

Little Michelle, now nearing her first birthday, can stand by herself and is just about ready to walk. Meanwhile, the bundle of activity crawls about the house leaving few places and things unspoiled—including her first Christmas tree in the corner of the family room.

The first contest winner in 1957 was Ruth Ann Edglin. Subsequent winners included Sherry Corydonell in 1959, Timothy McDonald in 1959, Danny Ralph in 1960, Tamara Ann MacDonald in 1961, Kimberley Ann Berger in 1962, Sherry Lynn Folsom in 1963, Mark Thomas Moran in 1964, Scott Allen Yamamoto in 1965, and Ronald James Hesse in 1966.

Sponsoring merchants and gifts include: Brader's Department Store, baby blanket; Northville Drug company, toiletory kit; Gaffield Studio, baby portrait; D & C Store, portable nursemaid; Kroger's, 24 jars of baby food; Old Mill Restaurant, dinner for mother and father; E. R. Norder's Jewelry, three piece silver set; Novi Rexall Drug, all night vaporizer; Lila's Flowers & Gifts, baby arrangement of fresh flowers; Del's Shoes, Stride Rite baby shoes; The Little People Shoppe, gift certificate; and Gurnsey Farms Dairy, 15 one-half gallons of milk.

See page 10-B for full details.

Michelle DuFort—Miss First Baby, 1967

Novi, Wixom Eye Income Tax Refund She's Mighty Handy With Hammer, Saw

Area municipalities are looking forward to a belated Christmas bonus wrapped in an income tax package that won't arrive until next May.

That's when the first municipal refunds resulting from Michigan's new state income tax are expected to be made.

Payments will be made quarterly beginning in May, with the first payment averaging about 45-cents per capita based on the 1960 census.

Officials of the Michigan Municipal League estimate that the total yearly benefit for each community, based on the 1960 census, will average between \$2.25 to \$2.50 per resident.

The total income tax return to Northville township will differ, however, because much of the township's population is made up of persons housed in institutions, League officials point out.

Township refunds, they explain, will be based on 50-percent of the institutionalized population and 100-percent of the remainder—based, too, on the 1960 census. This formula is the same used by the state in computing sales tax returns for Northville township.

Here's what estimated first-quarter and annual estimated payments will mean in dollar and cents to area communities:

- Northville city (3,967 population), \$2,181.65 first quarter, \$8,925.75 annual.
- Northville township (4,388 Institutionalized, 3,287 non-institutionalized), \$3,014 first quarter, \$12,308.07 annual.
- Novi village (6,454 population), \$3,552.50 first quarter, \$14,221.50 annual.
- Novi township (66 population), \$36.30 first quarter, \$146.50 annual.
- Wixom (1,531 population), \$842.05 first quarter, \$3,405.75 annual.
- Walled Lake (3,550 population), \$1,952.50 first quarter, \$7,987.50 annual.
- Lyon township (2,880 population), \$1,584 first quarter, \$6,400 annual.
- South Lyon city (1,753 population), \$964.15 first quarter, \$3,944.25 annual.
- Salem township (2,097 population), \$1,153.35 first quarter, \$4,718.25 annual.
- Plymouth city (8,766 population), \$4,821.30 first quarter, \$19,723.50.

There's a pioneering woman teaching at Northville Junior high school. She's Mrs. Joyce Peterson, a pioneer in a very real sense, because she is only one of about 12 of 15 women in the nation who teach a full general shop program in industrial arts.

If there are skeptical males who immediately assume that means an arduous course in wood carving or simple crafts involving leather, plastic, and hand tools, that skepticism can be put aside forever with one visit to Mrs. Peterson's shop class.

Her shop is equipped with table saw, band saw, and other power working tools, equipment for cutting, forming, and molding metals, as well as an electrical work bench.

Her work should have significant implications far beyond her shop—far beyond Northville. Industrial arts teachers are in such critical short supply that many school districts in Michigan and about the nation have closed their shops.

While those who dare to go first usually have extraordinary courage and ability, others can follow more easily. Because Mrs. Peterson has the determination and courage that it takes to "go first", she and the handful of other women shop teachers about the nation should make it easier to follow. The acute shortage of teachers in the field could be eased if this provostue.

News Around Schoolcraft

Since southeastern Michigan is not the most favorable area to illustrate geologic features at ground level, Schoolcraft College geology instructors John P. Bedford and William A. Ryan have been taking the students on their geology field trips in air-planes.

During the trip the students are asked to note how the hills land to the south give way to the flat farm land, and their log points out the drainage patterns of the Huron and Raisin rivers.

The flight continues to the vicinity of Schoolcraft College so the students may see the institution and the area surrounding it before returning to the airport by the way of Northville.

Municipal Court

After some indecision Joseph Neil Donovan, Plymouth, pleaded guilty to a charge of reckless driving to a complaint issued November 8. He first stood mute at arraignment on a charge of driving while under the influence of alcohol. After a plea of innocent was entered and a trial date set, he changed his plea to guilty, then changed his plea to stand mute, and again an innocent plea was entered for him. He was sentenced to pay \$70 fine or spend 10 days in jail after the charge was changed to reckless driving.

Another change of charge from driving while under the influence of alcohol to that of reckless driving drew a change of plea from Robert Durfee Morene Sr., 53229 West Eight Mile road. Morene pleaded innocent to the first charge at his arraignment on October 28, but pleaded guilty to the reckless driving charge at his trial. He was sentenced to pay \$100 fine or spend 20 days in jail. The fine was paid. On motion of the city attorney, another charge of leaving the scene of a property damage accident was dismissed.

Everett Lee Woods, Westland, drew a sentence of \$100 fine plus five days in jail after pleading guilty to a charge of driving while under the influence of alcohol. His sentence includes an additional 20 days in jail if the fine is not paid, with credit for five days spent in jail since his guilty plea at arraignment on December 15. Fine and costs were suspended on another charge of operating a vehicle with improper license plates. The judge recommended to the

Michigan Department of State that Woods' driver's license be suspended for a period of two years.

Jack Edward Lake, 505 East Base-line road, was sentenced to pay \$50 fine and \$5 costs or spend 10 days in jail on a charge of being an intoxicated, disorderly person during incidents occurring in the A & P Store's parking lot on December 15. He pleaded guilty and paid the fine and costs at his arraignment December 19.

Erast L. Lewyckij, Livonia, was found guilty of careless driving at Seven Mile road and Hines Drive on November 19. He pleaded innocent at his arraignment December 5. He was sentenced to pay \$35 fine or spend seven days in jail. The fine was paid.

John M. Keyes, 142 Randolph street, paid a \$5 fine after being found guilty of violating a city ordinance against burning rubbish in the street last November 25. Keyes pleaded innocent at his arraignment on December 9, was released on \$100 bond until his trial. Bond was refunded.

Richard Jeffrey Edmonds, Detroit, pleaded guilty and paid a \$5 fine on a charge of disobeying a stop sign at West Main and Rogers streets on November 24.

Irene May Greenfield, Westland, pleaded guilty to following another vehicle too closely. She was involved in a property damage accident at Novi and Eight Mile roads November 30. She was sentenced to pay \$25 fine or spend five days in jail. The fine was paid.

Charged with operating a vehicle with improper license plates on December 6, Delmer Caldwell, 249 Hutton street, pleaded guilty at his trial December 19 and was sentenced to pay a fine of \$10 or spend two days in jail. The fine was paid.

Delmar Ray Ritchie pleaded guilty at his trial December 19 to a charge of escaping from the Detroit House of Correction on December 7. He was sentenced to 90 days in jail with sentence to start January 17, 1968, after expiration of a prior sentence.

Novi Justice Court

A suspended jail sentence topped Novi Justice of Peace fines this past week.

Richard L. Tarrow of Livonia drew a 15-day suspended jail sentence when he pleaded guilty of being a disorderly person. Fined \$25 and \$10 court costs, lieu of the jail sentence by Justice Emery Jacques, Jr.

In other court action, Thomas L. Adkins of Wayne was fined \$20 for speeding 60 in a 50 MPH zone upon pleading guilty. He also was fined \$10 for improper passing.

A \$25 fine was assessed against Edward O. Melner of Detroit when he pleaded guilty of failing to stop for a halted school bus on Novi road.

Donald J. Boucher of Detroit pleaded guilty of possessing improper vehicle registration and was fined \$15.

Fined \$20 and \$15 court costs was John E. Nolan of Plymouth, who pleaded guilty of not having a valid operator's license.

James Lance of Detroit was fined \$25 and \$5 costs for being a minor in possession of beer. He also pleaded guilty of defacing his operator's license and was fined \$10 for this offense.

Gerald R. Harkless of 1517 East Lake drive pleaded guilty of speeding 45 in a 30 MPH zone on East Lake drive and was fined \$20.

Fined \$20 for speeding 65 in a 50 MPH zone on 12 Mile road was Charles F. Kerr of Muskegon. He pleaded guilty.

James B. Hutchison of Livonia paid a \$15 fine upon pleading guilty of running a red light at Grand River and Novi road.

Mickie Jean Lakner, 47000 West road was fined \$15 upon pleading guilty of failure to stop within an assured clear distance ahead.

In Uniform

Staff Sgt. Harold Gardner

Sumter, S.C.—Staff Sergeant Harold E. Gardner, son of Mr. and Mrs. Frank J. Gardner of 21383 Chubb road, has been assigned to the newly activated 21st Helicopter Squadron at Shaw AFB, S.C.

As an aircraft pneumatic technician with the squadron, Sergeant Gardner will maintain the unit's CH-3C "Jolly Green Giant" helicopters.

The 21st is part of the Tactical Air Command's Special Air Warfare Force, an organization that provides highly specialized tactical air power to cope with insurgency aggressions anywhere in the world.

Sergeant Gardner attended South Lyon high school.

His wife, Billie, is the daughter of Mrs. Flossie M. Carr, who resides on Whipple street, South Lyon.

Why are more and more people turning to us to handle their insurance problems?

They like the way we solve them... with personal service.
