For her talent performance in the competition based on scholarship, mental alertness, poise, appearance, youth fitness, creative and performing arts, Pam repeated the routine with "One of Those Songs," which helped her win the local contest. She was accompanied again by Stacey Evans. As winner of the tenth annual state contest for an ideal high school senior girl, Pam will be honored by the local Jaycee organization in ceremonies tentatively planned for half-time at Friday's Northville high school basketball game. Joe Kluesner, chairman of Junior Miss pageant locally, is making

arrangements. He and Miss Florence Panattoni were on hand with Pam's parents, other Northville friends, and local Junior Miss runner-up contestants, at the state pageant Sunday.

Pam also is to be honored at a special assembly next week as winner for the third successive year of the local and district VFW Voice of Democracy essay contest. She also has won local, district and regional extemporaneous speakers' awards of the Michigan Forensic association.

She was selected as one of six best debaters in the state in the John S. Knight scholarship contest. She received national recognition just before Christmas when she was presented with the National Council of Teachers'

A student in the Northville school system since the sixth grade, Pam at the end of her sixth semester (11th grade) had a 4.031 grade average. This is above the 4-point, or A average, as she received additional credits for honors courses.

She is a fourth-year debater, president of the Forensic club, treasurer of the National Honor Society, member of the student council and an honor member of the Thesbians. Determined to be an actress since

she first appeared on Will-O-Waytheatre stage at the age of eight. Pam has studied piano, organ, ballet, dancing, singing and drama. The summer previous, she spent four weeks at Michigan State univer-

In previous years, school officials said, parents have found the meeting helpful in becoming acquainted with the kindergarten program and providing suggestions for preparing children for heir initial school experience.

Participating in the program are Mrs. Mary Hart and Mrs. Helen Batzer. Novi and Orchard Hills kindergarten teachers, respectively; Mrs. Ellen Mac-Donald, social worker; Mrs. Karen Kraback, speech correctionist; Mrs. Mary Masini, school nurse; Mrs. Lois Lewis, Oakland county school psychiatrist; and Mrs. Robert Flattery, Novi public librarian.

Both mothers and fathers are urged to attend the meeting for which invitations have been sent out this week. Any family with a pre-kindergarten child who will be entering this fall not receiving à notice is urged to call FI 9-2110 or FI 9-2945 and to plan to attend. Judge Holbrook took the position that rulings by a circuit court judge cannot be set aside or vacated by any circuit court judge except by the one who made the ruling.

Actually, the Appeals Court order caught the city incorporation citizens committee by surprise since its members expected the court to first approve or disapprove an application for a delayed appeal. Instead, without approving or disapproving the application, the ppeals Court issued its order.

'Maverick' Recalls Teacher's Charm

Ida B. Cooke - the building and the dent council, led the audience in the woman - took the limelight Sunday afternoon as a near capacity audience turned out for the Northville Junior high school dedication program. Special tribute was paid to the 79-year-old retired Northville teacherprincipal for whom the sprawling new

educational facility was named. Former Superintendent of Schools Russell Amerman lauded Mrs. Cooke's professional performance during her nearly 40 years in the local school system, while a former student, Edward Bender of Plymouth, remembered in glowing terms her tender yet firm deal-

ings with pupils. Representing the Class of '35 - the "maverick class" which Mrs. Cooke sponsored - Bender, who is a Northville township resident who teaches elementary grades at Taylor, recalled how classmates had demanded that she become their teacher thus causing her the loss of a job as principal and how, despite some raucous escapades, she dealt a liberal mixture of love and punishment that earned her the admiration of

And to add emphasis to the longevity of this admiration, a large number of '35 grads turned out for the event, while other class members sent her and the school congratulatory messages.

Other speakers included Junior High School Principal Donald VanIngen, Superintendent Raymond Spear, Board President Eugene Cook, Architectural Representative Henry Haberkorn, and State Representative Louis Schmidt. Rick Ambler, president of the stu-

Throughout the meeting and in informal discussions with individual officers emphasis was placed on the necessity for more police with young people in roles other than as enforcers, and the desirability of establishing this contact early as part of a preventive approach.

The objectives, the concerns and the growing interest in educating young people about the practical details of behavior that fall within the law enforcetion that law enforcement manpower forms a very small minority. To have a peaceful, orderly community, or network of communities, where citizens can go about their daily activities feeling safe requires that the great majority of the citizens respect and obey the law, local police emphasize.

How to instill that respect and gain the willing obedience to laws during a period of rapid social change and growth is the question foremost in the minds of local youth officers interviewed for

In describing his school as having a population of more than 3,000 young persons, all in their teens, and noting that population is larger than many municipalities having police departments, Schreiber said, "We crowd these 3,000 youngsters, representing every level and area of our society, into one building. Then every hour buzzers and bells sound and we move them all about to different parts of the building. They are under all sorts of pressures to meet complete work assignments and to keep on schedule. ago when he first proposed having a youth officer at the school the suggestion was not well received by some elements in the community, including his teaching faculty. He said that he had difficulty getting them to understand the use of the officer as a part of the educational team, rather than as an authoritarian enforcer of the law.

"As any community of 3,000, we had need to conduct some business with the police nearly every day. It made sense to me to have a man who wastrained to work with young people assigned to work fulltime in our school community." Opposition to having an officer sta-

tioned at the school quickly dwindled

after the officer started work. The teaching faculty, which had been in opposition soon became the strongest supporters, Schrieber said. In detailing the benefits to the school after more than two years of service, Schrieber emphasized the educational contributions the youth officer made by acting as resource person to

Wildcats Streak to First Season Victory, 64-47

five defeated Roeper of Bloomfield 64 to 47 Friday night to give the Wildcats their first win of the season.

Thursday, February 1, 1968

After playing on fairly even terms for three quarters. Novi won it with a big fourth quarter, hitting for 24 points while holding Roeper to 12. Novi's take-charge effort in the final quarter resulted from a press that never let a sustained Roeper offense develop. The Wildcats gained possession on steals, turnovers and other errors committed by the disorganiza-

tion effected by their press. Until Novi took over, it was anybody's ball game. Novi was up by two at the quarter, 14-12, and at the half, 29-27. The five point Novi lead at the end of the third quarter, 40-35, left no room for relaxing. Roeper's Greg Carter, a tall sophomore who gave Roeper a decided height advantage, had kept Roeper in the game with his work under the boards. This threat vanished in the fourth quarter as Novi's press broke the attack to keep the ball away from their basket.

Novi's Jon VanWagner and Carter shared scoring honors, each getting 25. Van Wagner came up with a good allaround floor game, posing a scoring threat that made passing-off effective in mounting a balanced scoring attack. His 25 points came on 12 field goals, seven out of eight trys in the second half, and one of two attempts from the

Lee Snow and Pat Haley each hit for 12 points, Gary Boyer for seven, and Mark Gilbert, who was getting open and getting the ball but who was having one of those nights when the ball won't fit the basket, got six points on two field goals and two free throws. Coach James Ladd spent little time

reflecting on the win. "We wore them

down in the second half and took control of the game in the last quarter.' He was thinking ahead to games Friand a Saturday night trip to Whitmore Lake. Hospital Patient Killed by Auto

A 50-year-old ground-privilege patient at Northville state hospital, was teenagers were unhurt in a truck-car killed Saturday when he walked in front crash at the intersection of Clement of a car on Seven Mile road.

Several witnesses of the incident, which occurred about 3:15 p.m., concurred that the driver of the car, John Brantley of Inkster, had no chance to stop and was not negligent, Wayne County Sheriff's officers investigating reported. Death was ruled accidental with the victim pronounced dead on arrival at Wayne county general hospital. He was identified Sunday by Detroit

In a personal injury accident in Northville Tuesday afternoon, William J. Carriveau, 36905 West Seven Mile road suffered minor injuries when struck by a car in front of the Northville Lanes. Carriveau received treatment for minor hand and leg injuries at St. Mary Hospital, Livonia, after a vehicle operated by Mrs. Margaret Fuller, 45850 West Seven Mile road, struck the rear fender of Carriveau's car as he was walking around the rear of the vehicle. His car was parked in a space in front of the bowling alley.

A Northville couple received minor injuries in an auto collision at Nine Mile and Novi roads shortly after midnight Sunday, January 21.

Chris Poulos, 795 Thayer street, received minor injuries to his knee and his wife, Penny, suffered minor head injuries. Mrs. Poulos was taken to Botsford Hospital in Farmington. The accident resulted when an auto westbound on Nine Mile missed the stop sign at Novi road and skidded into the

right front of the Poulos car, which was

traveling south on Novi. The other driver, Theresa Sawyer, 20, of Detroit, and three other young passengers were not injured. Horace Aenchbacher, 57 and Patrick Aenchbacher 11, of 212 North Wing street, Northville, were passengers in the Poulos car. They escaped injury.

and Seven Mile roads shortly after 3 p.m. Tuesday.

Treated at St. Mary Hospital for cuts and bruises was the truck driver, Donald SaintArbor of Hazel Park. The driver of the car, William Foreman, 16 of 49824 Seven Mile road, had no visible sign of injury, deputy sheriffs said, but he complained of pain. The four teenage passengers in his

car were uninjured. Deputies reported that Foreman attempted to stop his car at the intersection, apparently lost his brakes but managed to turn left to avoid one vehicle before hitting SaintArbor's eastbound 2 1/2-ton truck.

Viola Havermahl Becomes Nurse Viola Havermahl, 29 Meadowbrook

Lane, Northville, was among 56 graduates receiving practical nursing certificates in ceremonies January 25 in Ann Arbor high school auditorium. The certificates from the Ann Arbor Practical Nurse Education center were presented by Rudolph Silverstone, Ann Arbor public schools director of vocational education.

The commencement address was given by Lloyd Johnson, owner of Whitehall convalescent homes.

RN Classes Planned Soon

At the repeated urging of registered nurses in this area, St. Mary Hospital of Livonia will sponsor a "Nurse Refresher Course" beginning on March 19, Miss Rita Radzialowski, director of nursing, revealed this week.

Classes will be conducted two days per week for eight weeks. The time will be 8:30 a.m. to noon. Nurses interested in the course are requested to make an appointment for an interview by contacting Mrs. W. Gusfa,

Andy Lee Porter, Detroit, after a guilty plea to operating a vehicle with improper license plates on January 11, was sentenced to pay a fine of \$20. Roy C. Sampson, 37, pleaded innocent to a charge of being a disorderly person near West Main and Center streets on January 14. He was found guilty and sentenced to pay \$30 fine

and \$3 costs or five days in jail. Louis F. Williams, Detroit, entered a plea of guilty to escaping from the Detroit House of Correction January 3. He received a sentence of 15 days and was removed to DeHoCo.

Kaye D. Lechevalier, 18, Farmington, responded with guilty pleas to being a minor in possession (beer) and driving too fast for existing conditions. He received a sentence of \$35 costs or seven days on the MIP charge, and \$35 fine or sevendays on the driving charge.

School Launches New Alert Policy

Letters informing parents of stu-dents who are bussed to Northville schools of a new and complete "fanout" system were mailed Monday, according to Business Manager Earl

Letters were mailed to 631 homes, he said, in an effort to improve the previous system which admittedly "did not prove successful" in notifying parents of delayed or cancelled bus transportation because of bad weather.

Parents of a bussed student, Busard explained, are expected to contact other parents notifying them of changes or cancellation of bus transportation. Utilization of more calling parents, he said, should result in quicker more efficient communication.

On days of questionable bus operation or school opening, parents are being advised to listen to one of the following radio stations: WJR, WCAR, WKNR, or WXYZ. These stations will carry announcements relative to school opening or bus transportation changes.

In the event weather conditions force curtailment of bus transportation but not closure of school, Busard explained, buses will attempt to operate a normal time schedule but will eliminate pickups in certain areas. Substitute area pickup stations, particularly in subdivision areas, include: Meadowbrook — pickup on Seven Mile at Meadowbrook.

Just a Dirt Highway We were getting a highway! Everyone in my boyhood community was excited over the news. Our teacher in school explained its advantages to us. "It will be higher in the center," she said. "The water will run off and it will not get mud-

dy as other roads do!" For us in those days a highway was nothing more than a graded dirt road. All of our other roads were just winding wagon trails. Now we were getting a real highway! Someone suggested that some day it might be slag or gravel! How fortunate we thought we were! How proud we were when on one occasion for a short distance we actually traveled 35 miles an hour on it! For

many years we appreciated and enjoyed our highway. I vividly remember hearing my Mother tell how in some places there were hard surface highways! My Father said cars could even travel 60 miles an hour on some of them! I wonder what my parents would have thought if they had seen a sign, such as we often see today, "Left Lane, Minimum Speed, 55

Miles An Hour!" Our modern highways are marvels of engineering skill. It is a tremendous thing, that for a small sum of money, we can buy a liquid (gasoline) which will provide energy for us to go traveling in great comfort at high speeds, practically anywhere we wish to go! Just the same when I was a lad we enjoyed our dirt highway just as much as people enjoy our splendid highways today. Perhaps the secret of happiness is not what we have but how we have learn-

ed to appreciate and enjoy what we have,

If we can only become aware of it, life

is packed full with magnificence!

At an AA meeting I once heard a former alcoholic talk with great enthusiasm about the superb experience of living a life of sobriety! Now alcoholism is a serious illness and it is wonderful to be cured of it. Yet thousands of us teetotalers always have and always will live lives of sobriety with not the slightest fear of catching that disease. Do we realize how marvelous

I am thoroughly enjoying our winter weather. When everything is covered with ice and snow the world looks enchanting. I understand that under a microscope every single snowflake is a thing of mathematical accuracy and charm, and all different. Then there are delightful winter sports. 'All beautiful the march of days. As seasons come and go;

The Hand that shaped the rose hath The crystal of the snow; Hath sent the hoary frost of heaven.

The flowing waters sealed.

And laid a silent loveliness On hill and wood and field." Jesus Christ can teach us to appreciate and enjoy the grandeur of commonplace things. "I came that they may have life," He said, "And have i

abundantly!" (John 10:10). If you will believe in and follow Jesus Christ He will give you happiness. He will give you a sense of well being, a feeling of contentment, a "peace of God that passes all understanding" (Philippians 4:7) that no power in this world can ever take away. You will not only learn to enjoy our highways. the blessedness of sobriety, and the beauty of winter, you will find all of life filled with wonder.

Late Dr. Pierce Memorialized

A sacristy dedication memorializing a former Northville minister was held January 21 at the First Methodist EVANGELICAL LUTHERAN Church Church of Lakeland, Florida. Dedication of the room near the church sanctuary honored the late Dr. Ralph M. Pierce, who served the First Methodist Church of Northville from 1911 to 1915. It was purchased with

Dr. Pierce was pastor of the Lakeland church when it moved to its present location in 1951. A reception for the members and

friends of the church and Dr. Pierce were held in the social hall following the dedication service. He was survived by his wife and three sons, his daughter having died years ago.

2nd Salem Film Slated

"Escape to Egypt," the second of 12 full-color motion pictures covering the life of Christ is to be shown Sunday evening, February 4, at 7:00 p.m. by the Salem Congregational Christian Church of Salem. Pastor Gary L. Herne will elaborate on the cultural background of the

News Around ${f Schoolcraft}$

Problems and aspects of taxation will be the subject of the Third Annual Schoolcraft college Small Business Seminar which will be offered for owners, managers and operators of small business establishments in the area starting Feb. 21. Fred Stefanski, director of the Evening Program at the college, said the eight-

week seminar will meet on

Wednesdays from 7 to 9:30

Cooperating again in the seminar will be the Chambers of Commerce of Livonia, Garden City, Northville and Plymouth, as well as the Detroit office of the U.S. Small Business Adminis-Instructor for the course according to Stefanski, will

be Lee Holland, tax manager for the Detroit CPA firm of Miller, Bailey, Smith and Dale. Holland was formerly an instructor for the Internal Revenue Service. Individual sessions will be devoted to techniques of appealing revenue agents' rulings, deducting travel and entertainment expenses, retirement plans for the small business, tax traps, some unknown tax saving ideas, important tax elections when starting business, the Michigan in come tax, and one session devoted to special topics of interest to participants. Fee for the course is \$35 according to Stefanski, who said additional details are available at the Chambers of Commerce offices in the four communities or by calling Stefanski at the college, 591-6400.

"The Organizer," a 1964 Italian film that provided Marcello Mastrojanni with perhaps his greatest character role, will be presented at the Schoolcraft College Forum on the Winter Film Series, on Friday night, Feb. 9 at 8:30 p.m. Essentially a social drama, the story is told with humor and compassion as a strike at a textile factory in Turin at the end of the 19th century brings a seedy intellectual to the foreground as spokesman in getting better working conditions for the employes.

Appearing with Mastrioanni are Annie Giradot, Renato Salvatori, Bernard Blier, François Perier, and Folco Lulli.

As with all Winter Series films, there is no admission charge.

SPEAKING

for The Record

This week's record could have the fair. And his position was predicted by same headline across the top of page the city manager in 1961, John Robertone as the March 16, 1961 edition.

It posed the question: How Long Can City Continue Paving Policy?' Basically, the problem of the 1961

and 1968 councils remains unchanged.

It's just a matter of degree.

In early 1961 the city was paving streets entirely from general fund monies. The council figured out at that time that the cost of improving all the existing unpaved streets in the city would be \$400,000.

Due to cost hikes, and a few more streets, there's still about \$400,000 worth of paving to do.

Mayor Allen is the only member of the 1961 council still serving.

In the March, 1961 edition he was quoted as saying, "We won't live long enough to see our streets paved from general funds".

He said practically the same thing last week about the current practice of assessing property owners at the rate of 25 per cent.

Eventually, that 1961 council adopted prices'. the policy of assessing 25 per cent of the cost of paving streets against abutting property owners. It was not a unanimous action, but it managed to maintain a 3-2 edge and become accepted practice.

Last week in work session most council members, including the Mayor, were repeating what His Honor had said seven years ago with just a slight

"We won't live long enough to see our streets paved on the basis of only a 25 per cent assessment".

city" at the existing 25 per cent level.

The council opinion is not unani-

Councilmembers Del Black and Charles Lapham believe the time has arrived to "take the next step" and increase the assessment level, but there was no indication of how high.

Should half the taxpayers ... residents of the city ... be expected to pay for paving a street that was far down

on its list of priorities previous to construction of the school? Would it have been more equitable for the school district to have collect-

ed enough money from all itstaxpavers to have made the improvement? Do people owning land on the street

benefit from its paving? Will the value of their land increase after the paving

At that time the March, 1961 article quoted Manager Robertson as warning the council about the dangers of adopting a policy that called for assessing 25 per cent for streetimprovements in the "old city" and at the rate of 100 per cent in newly annexed areas.

Said the manager: "The new sections of the city hold the most possibility for future growth. The city can hardly afford to maintain two sets of standards for "old" and "new" residents. To assess one and not the other for improvements will create a split of old against new. And someday the new may represent a majority of the tax base. What's more they are certain to gain representation on the council".

But Mayor Allen didn't indicate whether he favored a bond issue to pay for the 75 per cent not collected from special assessment, or whether he would increase the assessment to say, 50 per cent, thus reducing the amount of the general obligation bond that would have to be paid off from general tax funds.

The council feeling seemed to be that there was little chance voters would support a bond issue to pave

Few Draft-Dodgers in Ethiopia

Are you wearying of the controversy over our Selective Service system? While we don't advocate such drastic measures, nevertheless Emperor Haile Selassie came up with a slightly hair-raising solution to the problem. When Mussolini attacked Ethiopia in 1935, the Emperor simply issued this

draft order: ---"When this order is received. all men and boys able to carry a spear

will go to Addis Ababa. --- "Every married man will bring his wife to cook and wash for him. --- "Every unmarried man will bring any unmarried woman he can find to cook and wash for him. --- "Women with babies, the blind and those too aged and infirm to carry a spear are excused.

Two characteristics in particular make "Dark" a movie of significant, but not overwhelming, achievement. The two essentials are suspense and gore. And the person who makes the movie "go" is Audrey Hepburn, the wide-eyed nymphet whose delicate frame suggests helplessness.

"Dark" is a mystery. The suspense inherent in all mystery stories, from the ancient Greek plays to Earle Stanley Gardner, is the loom upon which the story of "Dark" is woven, with the intricate pattern taking shape with bills. wave-like regularity.

Irma Bombeck is indeed a woman-a flat-chested housewife who writes a humor column for 138 newspapers, including the vacationing Detroit Free

But what she lacks in exterior accouterments, she makes up with honesty - 'I am possibly one of three people in the world today who do not know how to end the war in Vietnam"-and a soaring optimism - "If someone gave me a barn full of manure I would probably run through it in my bare feet shouting. T know there is a pony here someplace'.

Irma Bombeck and her humor were on exhibit Friday night at the centennial anniversary celebration of the Michigan Press association in East Lansing.

By her own admission she is a typical, average, normal, Americanhousewife, "who is bored and trapped and neurotic and depressed and who nips away at a bottle of vanilla in the broom

> Four years ago she began writing for a suburban Ohio newspaper. Those early columns dealt primarily with the serious happenings within her little community of Centerville, where just last year one of the two biggest stories to come up was a charge that the librarian had purchased a dirty book-Robinson Crusoe. Stories like this have a big impact on Centerville. "We are now the only library in the country that takes out Robinson Crusoe in a brown paper bag" because of its abnormal sexual overtones.

Eventually, she turned from serious business to her three hostile children and her inconsiderate husband for humorous material. It attracted the attention of a nearby daily newspaper. She was hired and within three weeks the column was syndicated.

Since then she has always tried, in her columns, to update the image of the American housewife. "We're depicted as women consumed by our own bad breath, our rotten coffee, our underarm perspiration, and our loose dentures. Some TV sponsors even suggest that we get a real wild kick out of squeezing johnny paper at the supermarket.'

In boosting the American housewife, however, she attacks the root of

The human cold, she explains, dramatizes the pedestal on which the housewife sits in today's world.

"A woman's cold is her own fault. She asked for it. She drove her kids to school in her nightgown. She wasn't dressed properly when she shoveled the driveway. She delivered the paper route under adverse conditions. And she was foolish enough to sleep with her sick child ...

"A man's cold is quite another story. His is the work of a Communist infiltrator who conducted germ warfare last week in New York and is striking down all the brain-power in the Midwest. The first sniff carries with it all the drama of Caesar staggering around the Senate. Children scatter, mother recites Bible quotations, the dog hovers with his tail between his legs. and he hasn't been so crabby since he let his GI insurance lapse."

It's time, says Irma, that men look at woman with greater respect. "She outlives you by 20 years, she controls 90 percent of the world's purchasing power, and she can put a woman in the White House if she ever found a woman who would admit she is over 35."

Finally, she admonishes newspapermen: "Where would you go to get your supply of newspaper boys?"

Other schools put students behind the wheel for long trips to give them the mandatory six hours driving all at one time. The foundation is attempting to improve the quality of driver education

and make it uniform throughout the state. LaPere stated, but is faced with monumental problems. The Michigan Department of Education, which surveys the quality of local driver education programs, is faced with a manpower shortage. Most driver education instructors have not had enough up-todate training. Many school administrators look upon driver education with

Nationally, teachers work an average of 47 hours per week, he said, and in Northville they work an average of more than 50 hours a week for the duration of the school year of 40 weeks. This means, he said, that teachers lo-

In the area of teacher status, Hudson noted that teachers in Europe and Russia 'enjoy prestige and status commensurate with the vital contribution they make to society" while in the United States

the teacher has a low status in society. "Teachers have low prestige and status because they have not demanded otherwise," he said. "Contrary to what some have said, status can be negotiated to the extent that it depends on income.'

Concerning income, Hudson noted that the public school teacher ranked 117th in 1965 among all occupations and professions according to the Bureau of Labor Statistics. Some of the other occupation rankings include, much confusion about these areas and he said, pilots sixth (just ahead of college presidents), insurance and real estate managers 9th, architects 16th, train engineers 38th, and train conductors, 54th.

"And even if we were to include income from all sources," he added, "teachers in Michigan would rank about 60th on this list."

Furthermore, teachers' salaries fell further behind many other professions requiring a college education. during the years 1960 to 1965. Salaries of chemists rose 35.2 percent, engineers 27.2 percent, attorneys, 25 percent and teachers 24.8 percent. 'In two years, 1963 to 1965 principals averaged 12 percent increases and superintendents 10.2 pecent. For that

In conclusion, Hudson said the teachers' concern is not built on greed. "We are teachers because we wish to

be so. Most of us have passed up the opportunity to become engineers, chemists, lawyers and perhaps even 'It is unprofessional to be unconcerned about this because the concern is not for individual prosperity, but

ultimately for the quality of the profession. In America, a man is free to climb the economic ladder with pride as high as his abilities will take him. As teachers we must accept this fact and cease being ashamed to pursue just economic goals with the pride and vigor that marks a good teacher."

Northville State Hospital Admits Criminally Insane

Criminally insane are being admitted to Northville State hospital, Dr. E. Gordon Yudashkin, medical superin-

tendent of the hospital, said Friday. Dr. Yudashkin revealed this fact during an interview with the Record-Novi News concerning the hospital's new admissions and treatment program. (See story on Page 12-A). The hospital is located on Seven Mile road in Northville township. Northville township officials were

unaware of hospital's treatment of criminally insane. Supervisor R. D. Merriam expressed dismay upon hearsaid, "particularly since the hospitalis heard a Wayne county sheriff's bulletin that Northville State hospital patients considered one of the least restrictive of any in the state."

Contacted at his Lansing office, V. Stehman, deputy director of the State Mental Health department, confirmed Dr. Yudashkin's disclosure and, when asked if any additional security measures had been ordered at the hospital here, said they are unecessary because these are not very serious offenders."

Nevertheless, the initial report that criminally insane might be at the hospital was brought to the attention of this ing of it. "It's a surprise to me," he newspaper by a citizen who said he

about a hospital escapee who had been in a gun battle with police years earlier. Criminally insane have been committed to hospitals other than at Ionia since last July, Dr. Stehman said. This

fact apparently missed the attention of local officials and law enforcement agencies because of the department's reference to criminally insane as "for ensic" cases. Dr. Stehman said the term "criminally insane" is not a proper one and that the term "forensic" has been used more frequently in the past 10 years by those in the medical field.

One of the major projects involved in the 15 miles of improvement includes reconstruction of Novi road to a two lane concrete pavement between I-96 and 12 1/2 Mile road. Cost of the Novi road project is pegged at \$300,000. Cities are expected to pay between 25

and 50 percent of the cost of projects that involve increasing the number of lanes of pavement thereby paying about 1.0 million dollars of the cost. Federal aid secondary funds will pay about \$700,000 and the remainder will be paid from gasweight tax funds received from the State

Staman further stated, "The need for these improvements is so pressing we must proceed in spite of the fact that a bond issue of two million dollars or more will further limit our capacity to use similar financing in the future." Money Pinch Solution Sought

Another area of savings often mentioned is the interest a district pays when it mortgages its tax base in the bond market. Repayment of such funds by the district is in much the same manner as a family with a 30-year mortgage on its house. In the case of a \$3,000,000 school house, where the \$3 million is repaid over 30 years, the interest will about equal the \$3 million
