AIMING FOR SAFETY - James Clark was one of nearly 60 boys and girls who turned out Saturday for the gun safety clinic sponsored by the Novi Jaycees in the com-

munity building. Watching James and Jack Racklyeft, certified instructor. Jaycee chairman of the clinic was Tom Marcus.

#### On Novi Council

# Wixom Garage Sparks Debate

lage form of government came to the front at the Novi village council meeting Monday night as Village Attorney ing legal points between a home rule village, such as Novi, and village gov-

ernment classified under general law.

ings to comply with state laws governing nome rule villages. In a related action, the council reappointed Henry Bashian to a threeyear term as a member of the board of

A shortage of candidates for the board of canvassers prompted some discussion. Membership on the bipartisan board, that functions primarily on election days, is governed by state law that requires members to that gambling urge" at their first mil-

The council assigned responsibility for finding and processing applications in time for the upcoming elections to Village Manager Harold Ackley. Discussion of garage facilities for storing and servicing village vehicles brought pointed comment from Councilman Donald Fuller when constructions costs of a building such as the Wixom

struction for use as a garage, pointing out that the city of Detroit prohibits welding and other tools, operations, and supplies commonly associated with posing fire hazards are involved.

city," Fuller said. 'I wouldn't build this type of building for my own garage use. We have a responsibility to set

ed that a block building of similar dimensions would be far more expensive struction utilizing creosoted poles are nunicipal garage,' he said.

Novi was without protection of an ordinance to prevent similar construction The discussion ended with Presithe village must first acquire a site for any building for this purpose.

# Jaycees Plan

Novi Jaycees are inviting the community to 'blow millions and satisfy lionaires' party to be held at 8:30 p.m. Friday, March 1.

Their "casino" will be the American Legion hall at 31775 Grand River in Farmington. Decorations are coming directly from the famous Harold's

Proceeds from the event, which is \$6 a couple, are earmarked for community projects, especially voter registration and cityhood. To start the evening each couple is given the first million dollars of play money free. Beer and pretzels will be supplied.

Tickets are available from any Jaycee or auxiliary member or from Jim Cherfoli, 476-6191, party chairman. Others on the committee are Dennis Berry, John McCormick and Norm

Teacher View of Year-Round School

# 'Helps Student Experience'

EDITOR'S NOTE - Following is the third of a series of articles on the year-round school concept, which currently is receiving a good deal of attention in Michigan as school districts face critical financial problems that ultimately can affect the education of children.

"Of course our schools should be in session all year. Most of the 'reasons' given against it are nothing but

"What is so bad about our schools that youngsters should not attend more than 180 days each year? If some parts students and teachers can't endure a longer or different schedule, then perhaps we should look for that which is so bad and try to correct it."

This is one teacher's reponse to the current interest in year 'round school operation. He is now on a year-'round schedule, working for a county intermediate district that involves him with teaching, counseling, and program de-

While his work schedule is longer. and his salary larger than most teachers on the conventional school schedule. his response is similar to that of other teachers questioned. Teachers usually

weigh the idea with a view of improving bill introduced in the Michigan House the school experience for students. This view differs from the motivathe Michigan School Code to read: "Any district may divide its school term terest in the four-quarter year 'round into four quarters of 60 days each plan. Reports from Lapeer, Portage, and Ann Arbor all stress the financial quarter. Pupils shall be required to advantages of enrolling only 75-percent may attend all four quarters." If such a measure became law, it of the total enrollment during any one quarter of a four-quarter school calen-

mission to adopt the four-quarter calendar and the authority to schedule sturoom teachers and counselors is that any dents for attendance for anythree of the relief that might be gained in the prefour quarters. It also would protect the sent crowded schedule and curriculum, student's right to attend the fourth such as a summer term, should provide quarter, which might satisfy the educathe student with opportunity to take tors who view an extended school year courses he might need and want but canas opportunity to provide a higher qualty school experience. elective subjects -home economics, in-Educators voice concern with the dustrial arts, art, and business education - are usually mentioned as courses that many students must by-pass to keep in step with the sequence of cours-

es and to meet college or graduation

jectives, improvement in the students'

programs or financial efficiency by re-

ducing the number of youngsters enroll-

ed for any one quarter of a four-quarter

year, might be resolved by some per-

missiveness on attendance during a

Trustee William MacDermaid expressed the opinion that the necessity of returning to the people periodically. to renew existing millage is a poor policy, though required by law. It jeopardizes the operation of the entire school system, he noted, since rejection by the people would necessarily mean reduction of services.

It stands to reason, he asserted, that cost of operation will never decrease. Dale pointed out that the local school system's 18.6 levy is low in comparison with 27 other districts in Oakland county. He said Novi ranks number 23

Renewal of this millage is particularly important to the school system at this time because of the planned expansion of the high school next fall to include a 12th grade. Cost of hiring new teachers and other resulting operational costs is already causing some concern as the board tackles preliminary work on the 1968-69 budget.

Preliminary estimate - based upon early guestimates of new valuations of the district, state aid, etc. - points up a shortage of operational funds, Dale told board members. He said the board should begin to firm up estimated incomes and outlays at its March meeting. Concerning the need for additional teachers, the board last week authoriz-

North Central's minimum standard of graduation in a shorter period), and that one unit of United States government and one unit of American history be required in compliance with North Central, which requires only one-half unit of U.S. government and one of American

unit hours, but next year will increase this to 19 and to 20 the following year). Novi's own requirements for graduation call for four years of English; one year of math (algebra or general math) in the ninth grade, either science in the ninth grade or biology in the 10th; American history in the 11th; American government in the 12th; and two years of physical education.

Novi will offer four units of math. four English, three science, two physical education, three social studies, one government, and one history. Among the additional subjects being considered for the next school year are English IV, government, economics, sociology, physics, trigonometry, solid geometry, additional shop, French II. business machines, dramatics and

sized that the graduation requirements are minimum standards only and in no way suggests that students cannot go beyond these in pursuit of education.

### Novi Changes Village Hall Phone Lines

"I know now when the police phone rings that it is a potential emergency someone might be needing help, and can give it my immediate attention. Before, I never knew whether it was an emergency or someone wanting t know where they could dump trash.' Those were the words of Novi's communications chief, Lawrence Fest, while describing equipment changes

that made available three additional lines for handling incoming calls to Novi village hall. Already Novi citizens are gettin better service on phone calls to police and fire departments and to village and township administrative offices, he said.

The most significant improvement should be evident in speeding up emergency calls to police and fire departments, he explained. Prior to the equipment change which was made last week overburdened lines did cause delay a times, making it necessary for an operator to cut in on a call to complete an emergency call.

# Reporter Raps War Policy

Washington, D.C., was pinpointed as 'our worst trouble spot" by Dutch correspondent Willem Oltmans at Northville Town Hall last Thursday.

"Nothing else is so bad for Americans than the fact that they can't believe their own government," the speaker declared, illustrating what he termed the "mess" in Washington with President Johnson's State of the Union message that the South Vietnamese were being brought under control. Four weeks after, he continued, 37 cities were taken over by the Viet Cong.

Oltmans, as foreign correspondent for Dutch and Belgian papers, hastraveled to Asia, Africa and Cuba with his Dutch passport—and cosmopolitan viewpoint — to garner first-hand opinions. Americans, he said, do not "sense" the Asian mind or philosophy. Commenting that administration mandates about Asia "make no sense," Oltmans related this to Walt Whitman Rostow's lack of knowledge about Asia. Rostow, he added, has served as principal advisor on Asia to both the late Presdent Kennedy and President Johnson.

Among American blunders in the past is Cuba, he continued, stating that three months before the Bay of Pigs invasion he had gone on record warning the American Congress that there would e no uprising of Cubans against Castro. He warned Thursday that "there are 0 times as many Russian missiles in Cuba now as there were before the Bay of Pigs, but you won't hear again about Cuban Communism because America can't do a thing about it.''

In Indonesia, the Netherlands-born, Tale-educated journalist declared, Communists are "working around the clock ... you hear nothing because it would be confusing.'' "The day will come," Oltmanspre-

licted, "when we will find out that no

torrent of dollars - or rubles, for that

natter - will buy friends." "We're breeding hate by keeping these crooks (such as head of the Indonesian oil company) in power," Oltmans told his full-house Town Hall

The Pueblo, he said, was another situation in which Americans "made fools of themselves." The Communists, he warned, choose the spots, the time to make their gains. The United States, in Oltman's opin-

land of Asia. There are now 550,000 American fighters without protection and supplies, he continued, "who can never do the job the President assigned "If Vietnam is settled, you will be extremely surprised to be confronted

ion, should never put men on the main-

"Americans must stop thinking in terms of power ... You cannot conquer Asia and get them to do what you want . Leave them alone.'

with another Vietnam somewhere else in

At the celebrity luncheon following at the Mayflower Meeting House in Plymouth Oltmans told members that 'China is the mischiefmaker in Asia today; and, we are not defeating Communism in Asia."

"China is as sick as Japan was in 1945 ... Why don't we destroy Chinese nuclear installations and immobilize them for a number of years." Oltmans warned that the United States should not wait until China develops her nuclear weapons. He emphasized that "the Chin-

ese sense of superiority is greater than that of the Germans before World War II ... the Chinese have a philosophy loose of material things; spirit and religion are strong."

# What Good's Probation?

Continued from Page One to whether or not he is ever again involved in a crime.

Some research has shown that court processing in some ways helps to fix and perpetuate delinquency. This is especially true if a child is sentenced for a term on his first appearance in court, and his view of himself now is 'confirmed'' by society that he is a criminal and so he acts like one, leading to further involvement with the How Can the Volunteer

Probation Sponsor Help? In the city of Northville's Probation Department, as in other similar state-city set-ups, there would be a need for one volunteer sponsor adult to every one offender on probation. The role of the probation volunteer would be two-fold: 1-To give guidance to the probationer: 2-To keep the court informed of the probationer's progress. The specific work done under each of these two headings would be depen-

dent upon the factors involved in an individual case. While it would be expected that the volunteer contact the probationer in person at least once every month, the volunteer would have the unlimited services of the court judge and the chief probation officer of the city of Northville. The volunteer would meet with these people once a

That "sure" feeling, plus Automatic Transmission, Power Steering, Power Brakes, V-8 Engine, White Sidewall Tires, Bumper

Guards, Eza-l-Windshield, Wheel Covers,

and other optional equipment.

What Are the Qualifications for A Volunteer Probation Sponsor?

Any adult man or woman, may apply to be a probation sponsor. The most crucial qualification is simply a willingness to act as a warm objective guidance counselor based upon your own natural experiences as a human adult, similar to the attitude of a Big Brother or Big Sister program. The Probation Department hopes to

have on call up to at least 50 such volunteers. Similar volunteer sponsors have been found the most effective ways to achieve progress in many different areas such as education. For the last 6 years, Elmont, New York has used successful mothers as volunteer teacher-moms to work one to one with seriously disturbed children in the Elmont school system. These children otherwise could have never been successfully treated in the public Judge Ogilvie hopes to have as

many volunteers as possible apply at the Northville Municipal court office by February 29. The first organizational meeting of these volunteer sponsors will be held early in March. For further details you may write Mr. Dildy Chief Probation Officer, Northville Municipal Court, Northville.

# PUBLIC HEARING

8:00 P.M.-NORTHVILLE CITY HALL There will be a Public Hearing at the Northville

THE CITYOF NORTHVILLE ORDAINS: 1. That there is hereby created a Sanitary Sewer District, to be known as the Public Schools' Sanitary Sewer District, which shall include all of the following

Michigan described as corner of Section 34. thence N 0 degrees 42' 45" W.,

1764.85 feet, thence S. 89 degrees 48' 17" E. 935 ft, thence S 81 degrees 02' 34" E. 123.17 feet. thence N 0 degrees 25' 24" E. 125.28 feet, thence S 89 degrees 34' 36" E. 60 feet, thence S 0 degrees 25' 24" W. 96.42 feet, thence'S. 3 degrees 04' 24" W. 400.48 feet, thence \$ 3 degrees 41' W. 808.89 feet, except that part taken for relocation of Eight Mile Road, thence S. 89 degrees 51' 57" W 253.21 feet, thence along curve to left, Radius 2964.79 feet. chord bears \$ 58 degrees 18' 30" W. 326.72 feet. thence \$ 55 degrees 09' W. 155.54 feet, thence S. 3 degrees 02' 20" E. 48.21 feet, thence S. 53 degrees 01' 23" W. 138.34 feet, thence along curve to right, radius 656.20 feet, chord bears \$.53 degrees 56' 27" W. 21 02 feet, thence along Highway R/W line on curve to right. Radius 656.20 feet, chord bears S. 64 degrees 47' 22" W. 226.31 feet, except that part taken for relocation of Eight Mile Road, thence S 87 degrees 20' 13" E. 33 feet to West Section Line, thence S 3 degrees 02' 20" E. 76.22 feet to point of beginning.

2. That at the time of application for a building permit for construction within said District there shall be paid to the Citya special tap charge as follows: A. For each single family residential building a

B. For all other types of construction a charge shall e established by the City Manager, or his agents, said charge to be based upon the single family residential building charge and to be directly proportionate to the amount of sanitary sewage, which will be discharged from said construction as compared with that discharged from a single family residence.

3. This tap charge shall be in addition to the regular sanitary sewer connection charge as established under Chapter 4. Section 402(A) of the Code of Ordinances for the City of Northville, and in addition to the special sanitary sewer connection charge as established

4. The tap charges collected in accordance with this be deposited by him in a separate bank account, and shall be used solely for the liquidation of outstanding liability of the City for the Capital cost of the sanitary sewer located in the Northville Public Schools property. in the City of Northville, which serves the area described in paragraph 1 of this Ordinance.

City Clerk

R. F. Coolman, Sec. To my Dear Friends in Novi For helping me when my basement was flooded with water-The Novi Fire Department: To Duane Branch for fixing my

Herbert Famuliner, W.M.

sump pump-To Russell Ortwine for cleaning and lighting my stove downstairs to dry out the basement-And thanks to Mr. Hadley Bachert for his help.

May God Richly Bless You All Signed Mrs. Maudie St. Onge Novi, Michigan

Thanks to Mr. & Mrs. Harbin of the Novi Funeral Home for taking me to the University Hospital in Ann Arbor and taking care of my home while I was there. When came home, Mrs. Harbin took care of me and brought me my hot meals until I was able to help myself. Mrs. Harbin is taking me every 10 days to University Hospital for treatment. What wonderful friends & neighbors!

Signed Mrs. Maudie St. Onge Novi, Michigan May God Bless You Always

유

OF NORTHVILLE NOTICE-REVIEW

Oliver N. Malloy, 311 Duana, Walled Lake, was sentenced to pay a \$10 fine plus \$10 costs after pleading guilty to speeding 55 in an area zoned for 40 on Novi road.

Dorothy M. Keach, Warren, paid a \$20 fine plus \$5 costs after pleading

A Farmington man faced charges of burning without a permit in Novi justice court recently. Cited by Novi police for a violation that took place near 4026 Grand River, Allan J. Frienot of Farmington was sentenced to pay a fine of \$10 after pleading guilty to the charge.

A defective vehicle citation brought, a stiff penalty to Neil D. Farver, Dexter. After pleading guilty to operating a vehicle with defective exhaust, he was sentenced to pay a fine of \$10 and \$15 costs.

A Walled Lake man, who was involved in a collision on East Lake drive early in February that dealt minor injuries to seven occupants of the other car, was found guilty of drunk driving in Novi Justice Court last week. Judge Emery Jacques sentenced Estell Hinkle. 3268 Pontiac Trail, to pay a fine of \$100 and \$15 costs or serve 30 days in jail on the charge brought by Novi police.

A.mong other cases, Louis S. Chrismark, 23980 East LeBost, was fined \$15 after pleading guilty of improperly passing another vehicle on Novi road near Grand River. On a second charge of speeding 45 in a 30 MPH zone, Chrismark paid a fine of \$20.

M. C. M. Culings, Detroit, also cited for two violations, paid \$20 in fines and costs for driving on a revoked license and operating a defective vehicle.

Gary R. Pope, Ferndale, pleaded guilty to driving without a Michigan operator's license. His sentence was a \$15 fine plus \$10 costs or five days in jail.

Another feature that has bearing is the increasing number of men inteaching. About six years ago the number of men teaching in secondary schools grew to equal the number of women in high-school teaching positions. With more household heads earning livelihoods from teaching, it reasons that some would prefer to work more weeks per year in their chosen profession, for a larger salary, than a shorter schedule for shorter pay coupled with brief periods of work outside their field.

The question of larger salaries seems no longer an issue. Ray Kehoe, of the University of Michigan's Bureau of School services said, on viewing the continuing drive for higher teachers' salaries in relation to year 'round operation, 'During the next five years

is the proper pattern of prayer and meets every requirement. Richard C. Trench once said of prayer, "Prayer is not overcoming God's reluctance, it is laying hold on His highest willingness."

Let us take to heart the words of Him who said, "Ask and it will be given you. Search and you will find. Knock and the door will be opened for you. The one who asks always receives; the one who is searching will always find, and the door is opened to the man who knocks." -Matt. 7:7-8.

# Ann Arbor Eyes Year-Round School

First Methodist Church of Northville

(See third of series on year-round school on Page One.)

An Ann Arbor school board trustee proposed Thursday that his district scrap a spring bonding election and substitute a referendum on the establishment of a year-round operation. William C. Godfrey said his suggestion resulted from a "certain unrest among the people concerning taxes' and their apparent unwillingness to approve more tax hikes for school construction and operation.

It followed a suggestion three weeks ago by the administration that a threepart school bonding proposal - an \$8.5 million total outlay —be put to the voters on May 13.

Arguing against the vote, Godfrey said year-round operation of the schools would "increase our existing schools" capacities by one third," and would have the same effect as building \$18 million worth of new school buildings. The trustee's proposal also called for an increase in teachers' salaries

on a straight line basis, with a onethird increase for teaching 240 days a vear instead of the now required 180. Superintendent W. Scott Westerman. Jr. and several other trustees expressed doubt as to the value of the proposal. They noted such disadvantages as family disruptions regarding scheduling of vacations, increased school maintenance and the possible inability of teachers to adjust to a 12-month school

Westerman said that although the \*\*

# Ohio OKs Year-Round School Bill

The Senate approved bill permitting year-round school operation received the approval of the Ohio House of Representatives last week. The measure passed by a vote of 57-32. Senate passage of amendments to the bill by the House was expected soon to speed the bill to the governor for signature.

The measure had failed to win enactment in three previous sessions of the legislature. Passage in the House followed more than an hour of floor debate during which former school administrators warned that adoption of permissive quarterly or tri-semester systems would be dis-

ruptive to pupils and teachers. Representative Barry Levey, cosponsor of the year-round bill, argued that the new system would permit up to 50-percent more enrollment in existing facilities with little additional operating cost over a two-year period. "It will help schools without room or funds for additional facilities," he said.

Representative Mark C. Schinnerer, a former school superintendent, disagreed. He said costs would be high, families would be inconvenienced during vacation periods and he asserted "any superintendent who put it

A brief review of the Budget Report for December 31, 1967 indicated the following statistics: 38.2% of the Total Budget Expended

88.3% of the Total Budget Expended or Encumbered 81.0% of the Total Budget Unexpended Balance Encumbered 19.0% of the Total Budget Unexpend-

ed Balance Unencumbered

The Board gave consideration to the scheduled 28th Annual Convention of the National School Boards Association to be held in Detroit, March 30-April 2, 1968. Board members noted the request for several categories of assistance during the Convention and concurred that the Board could send one or two interested Senior High School students to act as messengers. Mr. Froelich pointed out the value of learning while serving if the opportunity were

offered for a student, or students, to attend. President Cook directed that the matter of student attendance at this Convention be left to the Superintendent's discretion. Superintendent Spear informed the

Board of Education that the dedication of the Ida B. Cooke Junior High School is scheduled for January 28, 1968, at ed the board with a tentative program for Mr. Martin presented a brief oral

report on his, Mr. Orphan's and Superintendent Spear's attendance at a meeting of the Northville Township Planning Commission held on December 28, 1967, at which time Thompson-Brown Company requested rezoning of acreage for a proposed development of 911 units, both multiple and single dwellings, north and south of Six Mile road near Bradner Road. At this meeting, Mr. Carey, President of Thompson-Brown, indicated the donation of a 10-acre site on the south side of Six Mile road to the Northville School District as a school site. Mr. Martin pointed out that details of the meeting had been well

covered by the newspaper. Board discussion revealed that no provisions have as yet been made for a school site to serve future development on the north side of Six Mile road. from the Michigan State Board of Ed- Mr. Cook requested that Superintendent ence at the February 12, 1968 meeting of the Board of Education to pursue further discussion along these lines.

In additional comments to the Board, Superintendent Spear reported contact with representatives of two other development companies indicating a total of five potential building projects now in the community.

Brief reference was made to a Report submitted by Mr. Donald Oakes, Management Consultant, on the Economic Impact of the Thompson-Brown Unit Development on Northville Township, in that some statistics presented therein appeared to be questionable. Mr. Cook indicated future reference to this report is indicated.

President Cook called attention to a memorandum from the Superintendent in which Mr. Spear reviewed past and present thinking of the board relative to a memorial honoring the late Edward Angove, member for one and a half terms on the Northville Board of Ed-

Because Mr. Angove displayed keen interest in athletics during his tenure on the board, it was suggested that a fitting tribute to his memory would be a dedicatory plaque in his name at the new Northville High School Swimming Pool. It was pointed out that the pool would be known as the Northville High School Swimming Pool although dedicated to

Motion No. 68-161 by Mr. Johnston. supported by Mr. Kipfer that the Northville high school swimming pool be dedicated to the memory of Mr. Edward Angove with an appropriate plaque installed so indicating this dedication. Motion carried.

Subsequent comments by Mr. Froelich indicated the desirability of developing a board policy listing concepts and/or criteria governing dedications, naming of schools, and other similar conditions. President Cook concurred in the need to establish some guidelines in this area. Superintendent Spear was requested to develop a recommended policy covering

Superintendent Spear initiated discussion of the Year-Round School Program by informing the Board of results of a telephone survey on January 5. 1968, which indicated 14 of 26 school districts contacted are considering the Year-Round School concept. Board members' suggestions included an objective approach to a concept best stuied to Northville, not necessarily bandwagon in nature with other districts; completion first of a study to determine direction and ramifications with regard to tax dollars, parochial schools in the District and general economics involved; a patient, thorough

The board accepted an outline prepared by Superintendent Spear as guide-

lines for areas of consideration in the Year-Round School study, along with proposed establishment of a Steering Committee and subcommittees on Research; Concept and Implementation; Pupils, facilities, Staff and Finances: Survey and Publicity. Mr. Spear indicated that if committees were established in accordance with his outline. representation would involve 7 board members, 9 administrators, 19 teachers and 26 citizens, with the president of the Board of Education and the superintendent acting as ex-officio

members of all subcommittees. Board members indicated their preference to serve on the various committees outlined by Mr. Spear. Audience response to requests for com-

mittee volunteers was unanimous. Names of possible citizen committee members were submitted to Mr. Spear by board members. Mr. Zabell, Principal of St. Paul's Lutheran School. suggested from the floor that contact be made with the Principal of Our Lady of Victory school and, in turn, laymen of both churches for possible committee participation in the Year-Round School

Business Manager Busard informed the board of education that sale of 1956 Chevrolet 4-door sedan, procured by the District from Federal Surplus in 1966, has been completed. The title to this equipment was trashferred to the highest bidder for the sum of \$35. In an oral report by Mr. Busard, the board was informed of \$11,000.00 additional reimbursement revenue which would be forthcoming to the

District as a result of a revision in reporting expenditures for transportation for 1966-67. Since this \$11,000 was not included in the auditor's figure of \$14,000 of revenue earned over expenditures last year, the amount of revenue earned over expenditures should be increased to \$25,000. Superintendent Spear reported on the status of the position of Curriculum Coordinator, indicating that 23 letters

of interest had been received with 14 resulting applications filed. According to Mr. Spear, the screening committee, composed of five building principals and two teachers, has reviewed the applications of 14 candidates. Mr. Spear subsequently consolidated comments of all committee members and submitted same for review and recommendation by the committee. The Superintendent indicated the screening process would narrow the candidates to two or three applicants and invited review of these by the Board Subcommittee on Admin-

on the status of the District's building -- Main Street School: relighting completed; Architects preparing esti-

> mates for proposed additional remodeling; teachers' committee submitted proposals for renovation of gym, said report being reviewed by Administration. -- New Junior High School: School s complete except for minor interior corrections and adjustments yet to be made; bids on bleachers received and recommendations to be made at next Board meeting; final completion of shop expected within week to 10 days; exhaust for kiln in art room, which was overooked by Contractor, will be installed this week; folding door corrections are being made as required by Contractor;

locker installation completed this

week: combination locks master-keved to High School system have been ordered, to enable student use through Junor and Senior High school; lighting -- High Schools: carrels installed. ready for occupancy this week; completion of shop expected this week; continuing work on swimming pool with completion anticipated March 15 to April 1, some progress at the bus

compound until work stalled by cold weather, although installation of transformer for lighting expected within 10 -- Moraine School: Corrections to

olding doors being investigated to insure proper resealing. Mr. Busard provided information to the board relative to approved or anticipated approval of reimbursable programs for 1967-68, indicating total anticipated Vocational Education revenue would be \$14,701,00 and total Special Services reimbursement would

Vice President Johnston opened a discussion of the Waterford School site and building by indicating the advisability of taking immediate action on the disposition of the building and/or land involved. Mr. Johnston suggested three alternatives for consideration: 1) Raze building and consider land as part of adjacent parcel already owned by the District, 2) Sell land as one parcel together with the building. 3) Retain land contained in the site and either raze building or offer it for sale and removal from the site. It was recommended that the property contained in the .88-acre site be retained and the build-

ing be sold and removed from the premises, leased, or demolished. Motion No. 68-162 by Mr. Orphan. supported by Mr. Froelich, that the building known as the Old Waterford School, located at 16860 Franklin road. Northville Township, be advertised for study but with some adherence to a lease or for sale to move or demolish.

Motion carried. Motion No. 68-163 by Mr. Martin. supported by Mr. Deibert, that the parcel of land described as Lot No. 15. Plat containing .88 acre and site of the old Waterford School, be retained by the Northville Public Schools School District. Motion carried.

Superintendent Spear presented excerpts from Board Minutes of November 28, 1966, wherein the Board of Education adopted a Resolution requesting the Board's membership and participation in the Southeast Michigan Council of Governments, in connection with Board consideration of an Intergovernmental Agreement and Resolution for full membership in the Southeast Michigan Council of Governments. Mr. Kipfer indicated he had been in contact with officers of the Council on two occasions and provided information relative to the Southeast Michigan Council of Governments Superintendent Spear summarized the purpose of such membership in the council as benefits resulting from consultations with other

plans that are of mutual interest and concern." Mr. Martin registered concern that the board is confronted from time to time with commitments made by previous boards and questioned the advisability of establishing similar commitments by the present board which were not anticipated and for which funds were not allocated in the Budget. It was pointed out that the obligation for membership in the Southeast Michigan Council of Governments is on a year-to-year basis.

units of local government in southeast

Michigan "as to policies, problems, and

supported by Mr. Johnston, that the Agreement and Resolution with the Southeast Michigan Council of Governments be adopted as presented. Motion carried, with Mr. Martin abstaining. (Appendix I to these Minutes). President Cook indicated an added agenda item was an expression of appreciation from the family of the late Mrs. Lenore Upthegrove.

There being no further business, the

Motion No. 68-164 by Mr. Froelich

meeting adjourned at 10:00 p.m. Glenn E. Deibert, Sec. The meeting was called to order by President Eugene Cook at 7:30 p.m. in the Board of Education offices at 405 West Main street, Northville, Michigan. Members present: Mr. Eugene Cook, President: Mr. Stanley Johnston, Vice President; Mr. Glenn E. Deibert, Secretary; Mr. Richard Martin, Treasurer; Mr. James Kipfer. Trustee: Mr. Andrew Orphan, Trustee. Mr. Raymond Spear, Superintendent, Mr. Earl Busard, Business manager. Members Business Manager Busard reported Mr. Robert Froelich, Trustee. Administrators present: Mr. Fred Holdsworth: Visitors present: Miss L.

K. Edgerton, Mrs. K. Edgerton, Mr. Art Adams, Mr. G. V. Harrison. President Cook declared that a quorum was present and directed the board to proceed with the regular order of

Treasurer Martin indicated that he would be absent during the month of February, 1968, and requested President Cook to appoint an Acting Treasurer for the purpose of auditing monthly reports during his absence. President Cook appointed Mr. Andrew Orphan as Acting Treasurer during the month Motion No. 68-165 by Mr. Johnston,

Prior to board action regarding Mr.

Stafford's request for release of con-

tract, Mr. Martin questioned whether

light of Mr. Stafford's statement that

erintendent Spear assured the board that

Mr. Stafford is under contract although

Mr. Stafford's proviso for recognition of

an Education Specialist Degree Equiva-

lency was denied when the board ap-

proved his present contract. Mr. Spear

indicated that Mr. Stafford had been

informed by letter on June 27, 1967,

of board action relative to his contract

and requested proviso. Mr. Martin

and Mr. Orphan questioned the worth

of a contract as such if it were binding

only upon the district and permitted the

other party to terminate the agreement

upon request during the life of the

contract. Mr. Cook and Mr. Johnston

suggested the main purpose of a con-

tract is to protect the individual and

set forth the terms under which he is

that it is not uncommon for a request

for release of contract to be pre-

seeking professional advancement; fur-

ther, it is his best judgment that when

it is within reason, such release be

granted for the benefit of all concerned

accept or reject the request.

although the board retains the right to

supported by Mr. Kipfer, that Mr. Ro-

bert Stafford, Amerman School Princi-

, pal be released of contract effective

Motion No. 68-166 by Mr. Johnston.

sented when the requesting party is

employed by the school district.

he was not legally under contract. Sup-

Mr. Stafford "is under contract." in

supported by Mr. Kipfer, that the agenda be adopted as amended. Motion car-Secretary Deibert summarized a letter dated January 9, 1968, from Mr. Robert Stafford, Principal of the Amerman Elementary school, requesting release of contract effective the end of the first semester, 1967-68 school year. Secretary Deibert paraphrased a letter from Miss Florence Panattoni Chief Negotiator for the Northville Education Association, requesting an organizational meeting with the District sometime in the month of Febcipated there until 1969-70.

Following his report on Thompson-Brown's proposed Six Mile road development, Superintendent Spear referred to Thompson-Brown plans to con-

Mr. Martin abstaining.

Motion No. 68-167 by Mr. Orphan. supported by Mr. Kipfer, that the budget for the 1967-68 school year be revised as presented in Reference No. 3. Motion carried. (Appendix I to these Minutes). Motion No. 68-168 by Mr. Kipfer, supported by Mr. Johnston, that the Bid for Bleachers, Scorer's Table and End Rails for the Bleachers at Cooke Junior High School be awarded to Mc-Fadden Corporation in the amount of \$3,871.00 installed. Motion carried.

Mr. Busard reported on the status of arrangements for exterior lighting at Moraine School, Cooke Junior High school, and the bus compound. The Business manager informed the board that in accordance with board action of an earlier date, the Administration had received proposals from the Detroit Edison company relative to exterior lighting on the above-mentioned sites, and that the District could expect completion of these lighting projects 30 to 45 days following administration approval of the proposed layouts. According to Mr. Busard, the cost to the district will be \$4

per month for each 175 watts of light. In discussing plans for overhead exterior wiring at the Moraine school. the board did not object to this procedure but requested the business manager o further investigate the feasibility of Edison's utilizing underground conduit at the Moraine site prior to a definite commitment on overhead wiring.

The administration pointed out the possible need for more exterior lighting at other school sites in the district, and was directed by President Cook to explore the need for additional lighting at Amerman School and the Main Street complex, in conjunction with existing plans for exterior lighting at areas designated in this report.

In an oral report to the board, Superintendent Spear informed the board that he and Business Manager Busard spent four hours in conference with Mr. Robert Carey, President of Thompson-Brown Company, on January 22, 1968. discussing Thompson-Brown's proposed housing development on Six Mile road near Bradner road, Mr. Spear indicated Mr. Carey would be available at the February 12, 1968 board meeting and requested board members to determine what specifics they wish to discuss with Mr. Carey at that time. The superintendent reported that after reviewing Mr. Carey's publicly stated intent to donate 10 acres to the North ville Public Schools School District in the area to be developed on the south side of Six Mile road, it was his opinion that the District could count on this if Thompson-Brown is permitted to develop the full area as planned. The donation could be either the 10-acre site previously chosen by the Board for an option agreement, or one more centrally located near that portion of the acre-

age designated for parks. Mr. Spear pointed out the urgency of a board decision on a preferred location for the free school site in order for Mr. Carey to proceed with purchase of the land parcel containing the chosen school site.

To aid the board in its decision, Mr. Spear cited projections of student population to an elementary school on either of the suggested school sites offered by Thompson-Brown. The Superintendent expressed a preference for the more centrally located site under consideration, which could accommodate an elementary school with a projected enrollment of 700 pupils. Mr. Spear pointed out that no discussion was concerned with Thompson-Brown development north of Six Mile road and a possible school site in that area, inasmuch as no major development is anti-

January 29, 1968, as per his letter of struct 60 single-family housing units January 9, 1968. Motion carried, with south of Eight Mile road and west of of 1968, as well as plans for 54 singlefamily dwellings north of Cooke Junior High school and 52 west of Taft road. with a test section of 255 multiple dwellings to be started sometime in 1969. In addition, Mr. Spear pointed out other proposed developments by Slatkin on both sides of Center street to Nine Mile road, and by Greenspan on Six Mile road south of the Thompson-

> Mr. Spear expressed personal responsibility to see that the Board antiprograms within the school district and their approximate impact on the School system, thus moving to provide adequate classrooms for pupils in order to avoid a crisis of half-day sessions, utilization of teacher lounges for classrooms and/or similar measures.

by Mr. Spear, Mr. Martin called attention to a comprehensive study on school financing recently completed by the State of Michigan. Mr. Spear indicated the availability of a copy of the summary report on this study for board review. Superintendent Spear commented on a statement in the summary report which noted that, of 900-plus school districts in Michigan, Northville was one of 107 which met three major criteria for existence of a school district: 1) K-12 program; 2) enrollment of 2000 or more; 3) SEV per pupil not less than \$13,000.

President Cook indicated the addition of two items to the agenda:

1. Soliciting of Bids - Waterford School building. 2. Communication—WaterfordSchool

President Cook directed the adminstration to proceed with Mr. Busard's proposal for soliciting of bids for the purchase for demolition for salvage, or removal from its present site, of the former Waterford School building located in Northville Township, at 16860 Franklin road. (Appendix II to these

President Cook requested that the party in communication relative to Waterford School building be advised to proceed with his offer through bidding procedures outlined by the Business Manager in Added Agenda

President Cook announced that the Board of Education would move into tions, additional site acquisition comments, and personnel matters immediately following adjournment. There being no further business,

News Around Schoolcraft

Thursday, February 22, 1968

If you are a geography bug with a yen to travel, the Schoolcraft college geography department is offering a 52-day field trip to five Western European countries that may be just the way for you to satisfy both desires this summer.

Offered as part of the department's curriculum. Geography 280 will carry six hours of college credit during the summer session, and will emphasize rural as well as urban geography of Eur-

The course has been in the planning stage for a year and a half and will send its first class of students to Europe via prop jet charter aircraft on June 25. The 16-city tour will include stops at Amsterdam, Munich, Rome, Paris and London, as well as small agricultural villages along the Rhine River of Germany and to such cultural centers as Heidelberg and Florence.

PORK CHOPS What's more, according to Ralph Miller, geography instructor who will lead the tour, you need not be presently enrolled in college to take the tour.

ALL PURPOSE

The course is open to all residents of the School craft college district who have high school certificate or its equivalent, and who can meet the requirements for the course. Miller, who joined the

Schoolcraft faculty a year ago, has conducted a number of geography tours of Europe for Wayne State Travel on the Continent will be by first-class rail

coach, and by river and channel steamer. Lodging will be in university hotels or small European - style According to Miller, the tour plan assures constant

contact with foreign students and people. Total cost for transportation, lodging and meals for the 52-day trip is \$1,025. plus college application fee hours of credit. Students now attending other colleges are eligible for the tour and transferable college credit,

Details are available from Ralph Miller, Schoolcraft college, 18600 Haggerty road, Livonia, Mich., 48151, phone 591-6400.

An exhibit of photographs by Robert F. Webber is on display in the lower level of the Lois L. Waterman Center at Schoolcraft college. The exhibit of 45 photographs will continue through February and is open to the public.

Webber turned to professional photography after a long-time interest as an amateur. A former Latin American operations coordinator for the international division of the Ford Motor company, Webber now operates a photography business in Northville. A member of the Photographic Guild of Detroit, he has contributed prints and color slides to domestic and international salons for many years. Webber has been active in the Plymouth Symphony Society, serving for a time as its president, and is president of the

Northville Chamber of Commerce. What's new

#### **SPEAKING**

# for The Record

A meeting called and hosted by Our Lady of Victory school board last week resulted in some frank and open dis-

Guests of the OLV board were the boards of education of the Northville public schools and St. Paul's Lutheran, as well as the administrative heads of the respective systems.

Host Emery E. Jacques, Jr., wasted little time in getting to the point of the meeting.

He explained that non-public schools are facing a cash crisis. He noted that a bill is currently being considered by the state legislature to provide financial aid for non-public schools. And he said that he wished to apprise the group of the plight of the non-public school; to discuss the problem openly and "exchange honest candid views".

The proposed legislation to which Jacques referred has been accompanied by a mail campaign that has swamped legislators. It has been given such strong support that some lawmakers are already predicting passage.

But what the final bill will contain is still an uncertainty. One measure would give to parents of non-public school children up to \$50 per elementary school child and \$100 for each high school pupil.

Jacques handed out a list of statistics concerning non-public schools, among them these:

-- one of every seven children in Michigan attends a non-public school;

--non-public school enrollments at the elementary and high level have declined by 28,000 students in the last three years;

--teacher ranks in non-public schools are increasing and improving;

-- the two major reasons for tremendous increases in instructional costs in the non-public schools are the desire of non-public schools to pay competitive salaries and the increase in the number of lay teachers in Catholic schools;

--some non-public schools won't open next fall, thus the cost to taxpayers to educate children who could be attending non-public schools will

Jacques said the only alternatives open to non-public schools are either closing, state aid or higher tuition. He said tuition rates are already becoming prohibitive.

Our Lady of Victory school has 331 students through eighth grade. Ninetyone of these reside in the Novi public school district.

Based on the fact that any exchange of ideas and viewpoints is beneficial, the meeting called by Jacques was successful. It did stimulate an exchange. It couldn't be expected to achieve agree-

The advisory committee is compiling a list of companies and independent Public school officials are old hands truckers most frequently using Center at dealing with cash crises. Superintendent Ray Spear expressed And he's suggested that the advisory committee might give some thought to a circular drive in the downtown area.

a position popular with many public school administrators. He called for an expansion of the "shared time" approach. This calls for more use of public school facilities by non-public school students, particularly in the areas of special services, art, remedial reading, swimming, etc. It was also suggested that better working relationships could be established between public and private schools in purchases of books and other supplies, thereby saving money.

Those holding the position expressed by Superintendent Spear would ask the state to grant the additional money sought by non-public schools to the public school system so that it might expand its already established shortfunded programs and share them with the non-public schools.

In the coming weeks this question

will be a strongly debated issue in our

state legislature. Its implications strike

closely at the long-cherished Ameri-

can principle of separation of the church

and state. It is certain, therefore, to

create an atmosphere of potential hos-

tility, both locally and at the state level.

Copies of the proposed bill are not
