## Wixom Baptist to Dedicate \$150,000 Addition Sunday

Dedication of the new \$150,000 educational unit of Wixom First Baptist Church is planned for 3 p.m. Sunday. Pastor Robert Warren announced this week. It will be a high point in the celebration of the 130th year of its existence as a local evangelical church.

The new Sunday school unit, along with the remodeling work that was completed on the sanctuary, built in 1960, will provide 40 new classrooms and make it possible to accommodate approximately 500 students in Sunday School, the pastor said.

A large stone bell tower has been built to house the old church bell which dates back to 1865. It was taken from the old church building when it was torn down in 1966. The bell will ring again every Sunday.

A carport has been added to the front of the sanctuary with a circular blacktopped drive. The vestibule and balcony areas have been enlarged to help accommodate more than 400 in the auditorium.

The entire area of the two-story educational wing is covered with an olive green nylon carpeting which harmonizes with the light green walls of the unit. New tables, chairs, chalk and bulletin boards, storage cabinets, draperies, classroom velvet divider curtains, cribs and nursery equipment have been added at a cost of nearly \$20,000.

The Wixom church and Sunday school have experienced a phenomenal growth during the past few years, Pastor Warren points out, stating that church receipts have increased from \$25,000 in 1963 to more than \$53,000 last year. The weekly church budget currently is about \$1,200.

In addition the mission program of the church has increased from \$1,500 to \$7,000 during the same period. Sunday School attendance has increased from an average of 201 in 1963 to 350 presently. It reached a record high of 488 in a recent Sunday school contest.

With this expansion, Pastor Warren announced, the church has just called a second full-time man to be Director of Youth and Music. A total youth program involving the Boys Brigade, Pioneer Girls, and a choir program for children from first grade through adulthood presently is being organized.

Participating in the dedication service Sunday will be Terry Angles, new youth and music director, who will give the invocation and lead the congregation singing; Reverend George B. Dagle, pastor of the Calvary Baptist Church of Charlotte, who will give the scripture reading; Reverend Stanley Veldt, pastor of Berean Baptist church of Utica and vice-moderator of the Conservative Baptist Association of Michigan; and the Reverend Badon Brown, pastor of the Highland Park Baptist Church of Southfield and Moderator of the Greater Detroit Conservative Baptist Pastors' Fellowship.

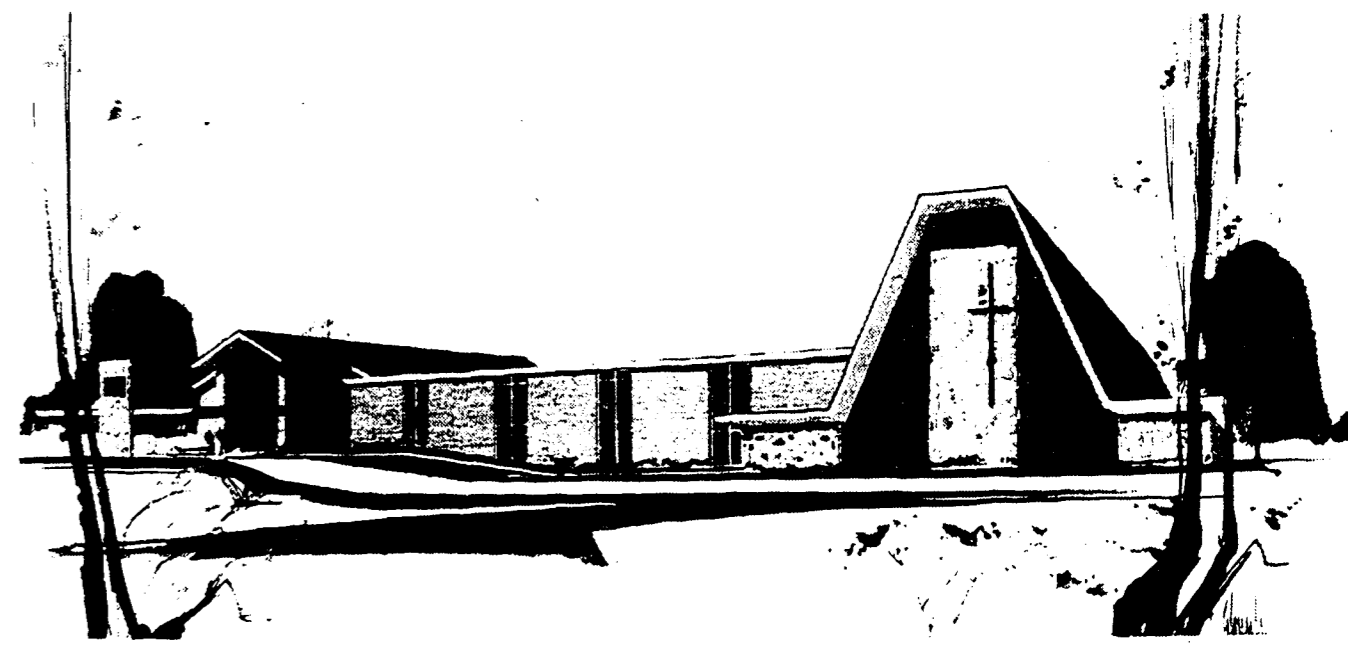

Wesley McAtee, mayor of Wixom, will bring official greetings from the community. Keys to the building will be presented to Everett Persall, chairman of the board of trustees, and Wayne Beckley and Martin Edwards, chairmen of the building committee, by Paul Proffitt, contractor and Carl Gaiser, architect.

The dedicatory message will be brought by Dr. Harry Love, general director of the Conservative Baptist Association of Michigan. Letters also will be read from former pastors and missionaries of the church. Special music will be provided by Robert Scheider of Chelsea.

At the close of the service, Reverend J. Ronald MacDonald, pastor of the First Baptist Church of Spring Lake, will give the benediction and prayer of dedication.

As a climax to the service, a former member of the church, Standish Sibley of Pontiac, will ring the old bell once again for the first time in many years. His grandfather, Alonzo Sibley, the first deacon elected by the church, was instrumental in securing the bell in 1865.

The Wixom church has a very long and interesting history. On March 21, 1838, a dozen families who had settled in Michigan coming from New York State, organized under the leadership of Reverend C. P. Goodrich, "The First Free Baptist Association of Commerce." They met in homes until 1854, after which they met in a red

## Village May Evict Dwellers Of Substandard Housing

People living in tenements face eviction.

Novi Village Council decided Monday night that something must be done to stop habitation of substandard dwellings, especially in the Walled Lake area. Attorney Howard Bond was authorized to look into eviction procedure and report back to council.

Among other actions taken by council was the hiring of Patrolman Jack Grubb through January 31, 1969. Grubb, who was injured in the line of duty while filling in as a summer addition to the force, was added on a trial basis after lengthy discussion. His ability was never in question, but some councilmen felt that there was just no place in the budget for the money necessary to keep him on.

David Harrison, vice-president of Pioneer Meadows Association, led a citizens' delegation from that subdivision in discussing the roads, gutters, and drainage problems they face. Cost of some \$77,000 seems to be a major hurdle, as council felt that it might be able to spare up to \$5,000 if pushed to the extreme.

One factor in holding back special assessment of Pioneer Meadows property owners for the necessary improvements is the fact that the village has never accepted their roads and, until they are in shape to be accepted, cannot authorize levying of any special assessment for this purpose.

Village manager Harold Ackley is to meet with the association to determine what arrangements can be worked out.

Another subdivision problem to come before council was that of what to do with housing models. Can they be approved to be built before the final pre-plot is approved?

Council authorized Bond to draw up a new ordinance allowing such building on condition of promise to meet engineer's requirements and upon posting cash bond.

Ambulance service agencies will get some help from council. The village has been authorized to pay for these services and be reimbursed by them upon collection of fees in certain hard to collect cases. A total of \$250 was approved from miscellaneous administrative expenses fund to cover the first three months of trial operation on motion of Councilman William Duesy. Councilman Raymond Evans said he was opposed to the minimal amount proposed, but the motion carried.

A payback agreement will be entered into with Holtzman and Silverman if they continue an existing water main and sewer at 10 Mile road and Novi road beyond the requirements of their own use. It was stressed that this must be beyond their own needs and that, if an ordinance can be drawn up soon enough, it could be the last such payback agreement ever entered into by the village.

Joseph Dunnabeck resigned from the village planning board. Dunnabeck, in a letter to council, regretted his decision but said he is unable to make Monday meetings due to school commitment.

PLAYGROUND UNDERWAY - It isn't much yet, just a few holes, giant tires and large tiles. But when the playground is finished, kindergartners at Orchard Hills Elementary School will have their own fun area adjacent to an apple orchard just outside their classroom. The playground is one of the projects of the Orchard Hills Booster Club formed late last year.

## Charter Debate Renewed

A controversial charter proposal establishing the position of public safety director came up for debate again last week at the charter commission reviewed a number of earlier decisions.

Although no changes were made on the matter it became apparent that the issue will be challenged again when the total charter package is finished.

Edwin Pressnell, joined by Dennis Berry, challenged the logic behind the commission's decision a week earlier to provide three different ways for filling the post of director of public safety.

Specifically, the commission voted to write three alternatives into the council: (1) Appointment of a public safety director who is to have hiring and firing power over the police, fire and health departments; (2) appointment of the city manager as director, thus putting him in charge of the three departments; (3) appointment of the police chief to the director's post as is now the case under village government.

If the proposal is aimed at giving the manager more power over the police department, argued Pressnell, "it fails to do so. Instead, it sidesteps the issue, he said while noting that in the one case the police chief could fire himself.

Furthermore, the commission in deciding upon the three alternatives has failed to spell out the duties of the director of public safety as has been done for other top administrative positions, he declared.

"If the manager is doing his job he has no time to be director of public safety," he said. "Why put the job (public safety director) in the charter; you can create it later by ordinance if it becomes necessary... You're just creating another \$10,000 or \$11,000 job."

William Brinker, in defending the proposal, said he strongly favored giving the manager hiring or firing power over the police and fire chiefs. However, because he saw little hope of gaining sufficient commission support for this position he voted to go along with the three alternatives as "a compromise," he explained.

Finally, Commission Vice-President William Duesy, filling in for absent President Raymond Evans, ruled the discussion out of order because the issue had already been decided. Bring it up again when we're ready to vote upon the entire charter, suggested Duesy.

"Okay, I will," declared Pressnell. "Don't forget it," added Berry, who obviously shared Pressnell's displeasure with the proposal.

## Motorist Dies In Crash Here

A Farmington motorist was killed Saturday afternoon when his car crashed head-on into a tree in front of Spicer Orchards, 4001 Grand River.

Pronounced dead at the scene by Dr. Lyle Pettig of Novi was Alfred L. Cowart, 56.

According to police, Cowart was driving east on Grand River when his car left the roadway, traveled 146 feet along the shoulder and 95 feet into a field where it smashed into the tree.

The 1949 model two-door car was a total wreck, investigating Officer John L. Johnson reported.

Cowart never had owned an operator's license and he carried no identification, police said. It took police nearly nine hours to reach his half-sister, Dorothy Weber of Farmington, and to get positive identification.

A section of the west wall of Fargon Bridge and Steel Company of Novi was damaged by flames at noon Monday.

Company official Paul DePodesta reported that sparks from an acetylene torch apparently touched off a barrel of red oxide paint primer. Damage estimates were not immediately available.

## Orchard Hills Gets Boost

Improvement of school facilities—that's one of the objectives of the relatively new Orchard Hills Booster Club that soon will bear fruit.

Initial work on a playground for kindergartners at the school has begun, and officials hope to complete the project soon.

Located just east of the classroom and separated from the regular playground for older elementary pupils, the new play area will contain a number of self-made fun activities. Giant heavy equipment tires have been donated by Lonnie & Woody's Tire Service of Garden City. These will be mounted in the earth and painted.

Several large tiles also have been donated by Price Brothers of Livonia, and these, too, will be decorated and turned into little "houses" and climbing equipment. Other fun pieces will be a boat.

All of the equipment is being moved to the site by trucks donated by Teltschak Trucking of Livonia. Paint has been contributed by Stricker Paint Products, Inc. of Novi.

The new playground is only one of many projects the boosters hope to undertake, explains the club president, Robert A. Gillick. "During the last school year we sponsored the school fair here and it turned out amazingly well for a first time. Planning has already begun for this year's fair."

Several fund-raising projects may be considered by the entire club membership at the club's first fall meeting scheduled Thursday, September 26 at the school. (Meetings are held on the last Thursday of each month). Among these are a millionaires party, a square dance-hayride activity, and a spaghetti dinner.

Besides Gillick, other club officers include Patricia Bees, secretary; Richard Rusche, treasurer; Isabelle Collins, membership; Bonnie Dewan, fund raising; and Norma Teltschak, equipment study.

Eligibility for membership in the club: all interested adults in the Orchard Hills school area. Membership year runs from September through June, with the annual dues of \$1 per person.

Non-sectarian in nature, the club by-laws prevent the endorsement of any candidate and prohibit participation in any way in any campaign for public office.

Its specific objectives: "To pursue an improved child-teacher-parent relationship by initiating, engaging in, and supporting — communication to parents (about the school's programs, its techniques and problems) — and school plant improvement (by fund-raising and related efforts).

## Young Runaway Draws Stiffer Court Sentence

A 16-year-old South Lyon boy, who was involved in the kidnapping of a Novi police officer, has been sentenced to the state's Boys Vocational Training School.

Rick Anthony Nolan was sentenced by Oakland County Probate Judge Eugene A. Moore last week. He is to be confined to maximum security until the state feels he has been satisfactorily rehabilitated, court officials said.

Nolan was the center of a nationwide police hunt a few weeks ago when he ran away from an unguarded rehabilitation center in Oxford where he was initially referred.

His parents, Mr. and Mrs. Roger Ingall, who have been charged with aiding and abetting his escape were to appear in Novi Justice Court yesterday.

Three other boys, also charged in the kidnapping and beating of Officer Robert Starnes, are to appear in Oakland County Circuit Court soon following their examinations here two weeks ago.

# Treasure Hunt Next for Newcomers

With the first activity of the fall season still ringing with success, the Northville Newcomers Club is turning its attention to its next fun night — a treasure hunt for couples on Saturday, September 28.

Last week some 120 women attended a coffee at the home of Mrs. James Simpson, 21300 Chubb Road. The large turnout was treated to refreshments donated by Northville Ladies bowling.

Other tentatively scheduled upcoming events, in addition to the treasure hunt, include a ladies evening card party on Wednesday, November 13; New Years Eve cocktail party on December 31; a neighborhood coffee in January; hockey game by bus on Saturday, February 1; flower show at Cobo Hall and a luncheon at the Mauna Loa in February.

Bowling party on Saturday, March 8; coffee in March; Detroit Art Institute tour and lunch on Tuesday, April 22; cocktail party and dinner dance at Centaur Restaurant on Saturday, May 3; coffee on Thursday, May 22; and steak roast on Saturday, June 7.

Officers for the 1968-69 year include: Mrs. Kent P. Mathes, president, 476-1649; Mrs. Frank Ollendorff, vice-president, 349-0794; Nancy Rossini, secretary, 349-4622; and Mrs. J. Thomas Handy, treasurer, 349-4237.

Board members and their duties are: Mrs. Martin Rinehart, social chairman; Mrs. Daniel Swayne, membership (349-5682); Mrs. David Cheek, telephone; Mrs. Joseph Kluesner, interest groups; Mrs. Dale Kiser, special activities (babysitting and transportation, 349-5579); Mrs. Joseph Petro, financial; and Mrs. Sheila Delohn and Mrs. Kenneth Kaestner.

# News Around Northville

Mrs. Thelma Schell and her mother, Mrs. Harriet Risch, 16207 Homer, returned last week end from a scenic motor trip through Canada and Northern Michigan. During their 1,500-mile tour through Georgian Bay and North Bay regions in Canada they visited woolen mills, paper and tobacco factories. Canadian highlights included stops at Echo Valley and Santa's workshop at Bracebridge, Ontario. They returned via the Mackinac bridge, traveling down the Lake Michigan shore.

At home they found their two dogs, three canaries and cat well-cared for by their young neighbor, Mary Hommer.

Six members of Northville's Alpha Nu Chapter attended a Delta Kappa Gamma workshop September 6-8 at Boyne Mountain Lodge, representing the local chapter were Florence Keith, Myrtle Gooding, Julia Holmes, Ruth Knapp, Martha Egge and Louva Waterman. Workshop sessions were conducted by Mrs. Loretta Halek, coordinator of program services from international headquarters in Houston, Texas.

Northville Mothers' Club will hold its first meeting of the fall season at 8 p.m. Monday at the home of Mrs. George Muray, 46842 Gramere. Hostesses are Mrs. Stuart Campbell and Mrs. Frank Paul. It is a business session.

Northville Senior Citizens will hold a potluck supper at 6:30 p.m. Tuesday at Northville Presbyterian Church. Games will follow.

Robbie Lynn Nickels, daughter of Mr. and Mrs. Robert Nickels, was baptized September 1 at Northville First Presbyterian Church. Witnesses were her grandparents Mr. and Mrs. Clarence Johnson of South Lyon and Mr. and Mrs. William Nickels of Livonia.

Robbie's Godparents are Mr. and Mrs. James Mauro of Chicago. Mr. Mauro was her father's roommate when they were students at Michigan State University. The Robert Nickels and

Robbie now make their home in Chicago. Mrs. Jim Spagnolo was called to Tilbury, Ontario, last week after her brother-in-law suffered a stroke.

**MSU to Open September 26**

Michigan State University, the state's largest institution of higher learning, with some 39,000 students on the campus at East Lansing will begin its 1968-69 academic year with the opening of classes September 26.

However, the residency halls will open September 20, and there will be a full round of Welcome Week activities for new students. The MSU president's convocation for parents of new students will be at 2:30 p.m. Sunday, September 22, in the MSU Auditorium.

**Engaged**

A holiday-season wedding is being planned by Cathleen Ann Utley whose parents, Mr. and Mrs. Myron L. Utley, 777 Grace Street, are announcing her engagement to Clifford George Gabriel. He is the son of Mr. and Mrs. Philip Gabriel of Detroit. Both Cathleen and her fiancé are students at Michigan State University in the theatre department.

A December 29 wedding date has been set.

# In Our Town

By JEAN DAY

**SCHOOL KEEPS** — and Our Town's organizations are accelerating into high gear for what promises to be an exciting fall season with much that is new. Among the "firsts" are two state meetings to be held here with Northville's Base Line Chapter of Quilters and the Northville Branch of the Woman's National Farm and Garden Association as hostesses.

"An Afternoon of Art" will open the 76th year of the Northville Woman's Club as members visit the Detroit Institute of Arts for a luncheon tour October 4. This will be the first out-of-town meeting in the club's recent history, but in years past the club has held meetings in Ann Arbor and Dearborn as the clubwomen widened intellectual and cultural horizons.

Mrs. William Switzer, program chairman for the day, explains that club members and guests will have luncheon first in the Rivera Court before a general tour of the Art Institute with special guides to be provided for each group of 25 women. Since this the deadline for reservations, she suggests that members intending to make them telephone Mrs. Robert Shafer immediately. Mrs. Donald Schwendemann and her committee will make transportation arrangements.

Mrs. Blake Couse, new president, will preside at the brief meeting at which past presidents traditionally are honored.

**TOWN HALL ANNOUNCEMENT** that Kitty Carlisle will open Northville's 1968-9 series October 17 is an exciting one — for the panelist of CBS-TV's "To Tell The Truth" has a reputation for wit, intelligence and charm. In addition to experiences as a movie, stage, nightclub and television star and even as an opera singer at the Metropolitan, Miss Carlisle can draw upon memories of her marriage to the late playwright-director Moss Hart as she talks about "First Person Singular."

As Town Hall enters its eighth season under sponsorship of Our Lady's League of Our Lady of Victory Catholic Church, it is expanding to new-and-larger quarters of Northville High School auditorium.

For this reason there still are some tickets available for the upcoming series. Mrs. Robert Lang, chairman, announced this week. Because the series has been a sell-out, the TH committee has been able to keep the series price at \$10. Anyone interested in tickets or information may call Mrs. Lang, 349-2893.

**An Invitation To Fashion**

An invitation to all women of the area to attend a fashion show-luncheon being given by the Detroit Archdiocesan Council of Catholic Women of Western Wayne Deane Tuesday, September 24, at Raleigh House, Telegraph Road at Ten Mile, is extended by Mrs. Donald J. Lane, Our Lady of Victory parish representative.

**BASE LINE QUESTERS** will be finalizing plans for hosting the state meeting when the group holds its first fall meeting at 1

p.m. Monday at the Timberlane home of Mrs. William Crump. A special guest will be Mrs. Charles Walker, state president.

The state meeting and luncheon will be October 16 at Meadowbrook Country Club. Appropriately, the theme will be "Victoriana."

**THE SECOND ANNUAL** home tour under sponsorship of the Presbyterian Women's Association this year is being held on a Saturday — October 5 — by popular request. Also being repeated are the successful luncheon (with the women of St. Paul's Lutheran Church again cooperating), the country kitchen sale at the Presbyterian Church and the antiques-and-things flea market at the Maplewood Street home of Mrs. Robert Froelich.

This year's flea market should be even more enticing than the first as, Nan Froelich again assumed chairmanship to use the experience gained. The market gives everyone a chance to contribute to a good cause (last year's home tour and sale proceeds were donated to the chapel fund at Northville State Hospital).

donations are invited from the community for the flea market with owners receiving all but 20 per cent of the sale price. Anyone with items to sell is asked to contact Mrs. Froelich.

# Clear Trays at Kroger

# New Look in Meat Packaging

The mystery of meat shopping will be eliminated by The Kroger Company here this week. The supermarket chain is introducing new, clear, plastic meat trays for the packaging of fresh red meat and poultry at the company's local supermarkets.

It is the first time a supermarket has adopted this newest development in meat packaging material in the Northville area.

The trays, developed by Monsanto Company, enable consumers to get a clear view of the entire product at a single glance, eliminating the poking, prodding and sheer guesswork traditionally associated with buying packaged cuts of meat.

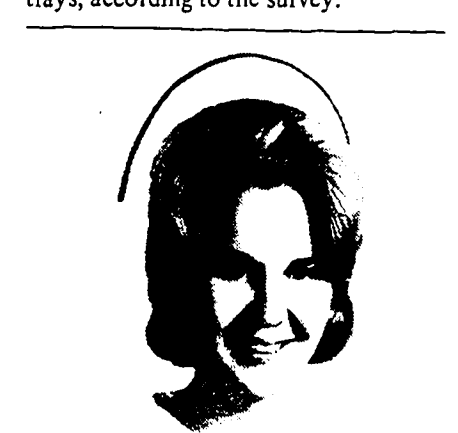

H. A. Gifford, division vice president of Kroger, said, "Our introduction of the clear meat tray is in keeping with our desire to serve our customers better at no cost to them. For the first time, shoppers at Kroger's will be able to examine an entire cut of meat to determine the quality, bone and fat content before purchasing the meat."

In addition, the trays will prevent absorption of the precious juices and retention of foreign odor or taste, according to Gifford.

Consumers have already shown a preference for the plastic meat trays. Monsanto conducted a number of surveys which illustrate this fact.

In one survey, over 80 per cent of the housewives who were interviewed liked the meat packaged in the clear tray better than identical meat packaged in other meat trays. Four out of five women stated that the meat was better protected in the plastic tray than in conventional trays. Two out of three women who normally would not freeze

meat would freeze it in the plastic trays, according to the survey.

PATRICIA ANN BURDEN

# Patricia Ann Burden Graduates as RN

Patricia Ann Burden, daughter of Mr. and Mrs. Hal Burden of Northville, formerly of South Lyon, received her R.N. September 12. She was a member of the June 16th graduating class of the Mercy School of Nursing of Detroit. This was the last class to be graduated from the three-year program.

Miss Burden has been employed at Hawthorn Center at Northville since July.

# UF Appoints 4 Area Women

Four area chairmen for the 20th annual United Foundation campaign were named this week by Mrs. David E. Goss, Torch Drive division chairman for Northville.

Assisting her in enrolling, training and directing volunteers for the campaign here will be Mrs. H. J. Frogger, 51300 West Seven Mile; Mrs. L. M. Lancaster, 302 Debra Lane; Mrs. Paul Sobol, 356 Debra Lane; and Mrs. Daniel Swayne, 18321 Laragh.

The 1968 Torch Drive October 15 to November 7 will raise money for 1969 operating budgets of nearly 200 health and community services in the Wayne, Oakland and Macomb areas.

Mrs. Goss will hold a training meeting for area and neighborhood chairmen at 10 a.m. September 26 at her home at 8882 Napier Road.

# St. Mary Offers Nurses Course

A "Nurse Refresher Course" will be offered at St. Mary Hospital in Livonia beginning October 22. Classes will be conducted two days a week for eight weeks from 8:30 a.m. to noon. Nurses interested in the course are requested to make an appointment for an interview by contacting Mrs. W. Gusef, GA 7-4800.

In announcing the course, Miss Rita Radziowski, St. Mary Director of Nursing, states that it is being given in response to requests from registered nurses of the area.

# BIRTHS

Mr. and Mrs. Harry Sedan of Lombard, Illinois, announce the birth of a baby girl September 10. Named Cynthia Jean, the baby weighed six pounds, eight ounces at birth. She joins a sister, Barbara Lynn, two years old. Paternal grandparents are Mr. and Mrs. Harry Sedan, 304 Horton. Maternal grandparents are Mr. and Mrs. Thomas Foster of Pittsburg, Tennessee.

Mr. and Mrs. Wayne Janetzke, 42132 Six Mile Road, announce the birth of a daughter, Ellen Amanda, August 29 at St. Mary Hospital. The baby, who weighed six pounds, nine ounces at birth, joined her 15-month old sister, Karen Marie, at home. Mrs. Janetzke is the former Carol Radke. Grandparents are Mr. and Mrs. Arthur Janetzke of Northville and Mrs. Hilda Radke of Lyons, Illinois.

**MEADOWBROOK FUN DAY** — If any superstitious spirits were near Meadowbrook Country Club last Friday-the-thirteenth, they must have been dispelled by the imaginative "fun day" costumes of the clubwomen. Round-eyed gingerbread man is Mrs. Lawrence Wright. A guest, Mrs. Doris Beneicke, is the angel chatting with Mrs. C. J. St. Germain in an elephant's costume while Mrs. Ernest Wood, "Satan," listens.

She's Figure Skating Champ

Marjorie Marque Eyes Olympics

Will a Novi girl represent the United States in the next Winter Olympics in 1972? There's a pretty good chance that Marjorie Marque, daughter of the Gerald Marque of 24030 Glen Ridge Court in Willowbrook, will do just that in figure skating.

operated under a tight schedule. She must work into one of 16 available skating rinks open to about 100 skaters to practice, so she has to dash from Novi High School directly to the rink. Skating practice, while extremely important to success, must allow study time since she must maintain high grades on her college preparatory schedule if she is to be accepted at Michigan State next year.

practiced at 45 to 50 minute intervals from 6 a.m. to 9 p.m. in preparation for her test at Lake Placid. If that rigorous schedule doesn't sound busy enough, consider the fact that Marjorie also is an accomplished musician, playing the French horn in high school and in the Southfield Junior Symphony Orchestra. She also picked up the cello this summer in East Lansing.

dedication, innate ability and iron discipline are not all that is required. You've got to be prepared to spend money, too. Boots for the figure skates run \$120 a pair (she must have two pair) and practice costs from \$6 to \$7.50 per half hour.

Novi Youth Tops Singers

SINGER DALE EVANS AND TROPHY

Seventeen-year-old Dale Evans of Novi won out over 33 other male singers to capture the Best Male Artist title in the second annual Michigan Country Music Convention Sunday at Onsted, Michigan.

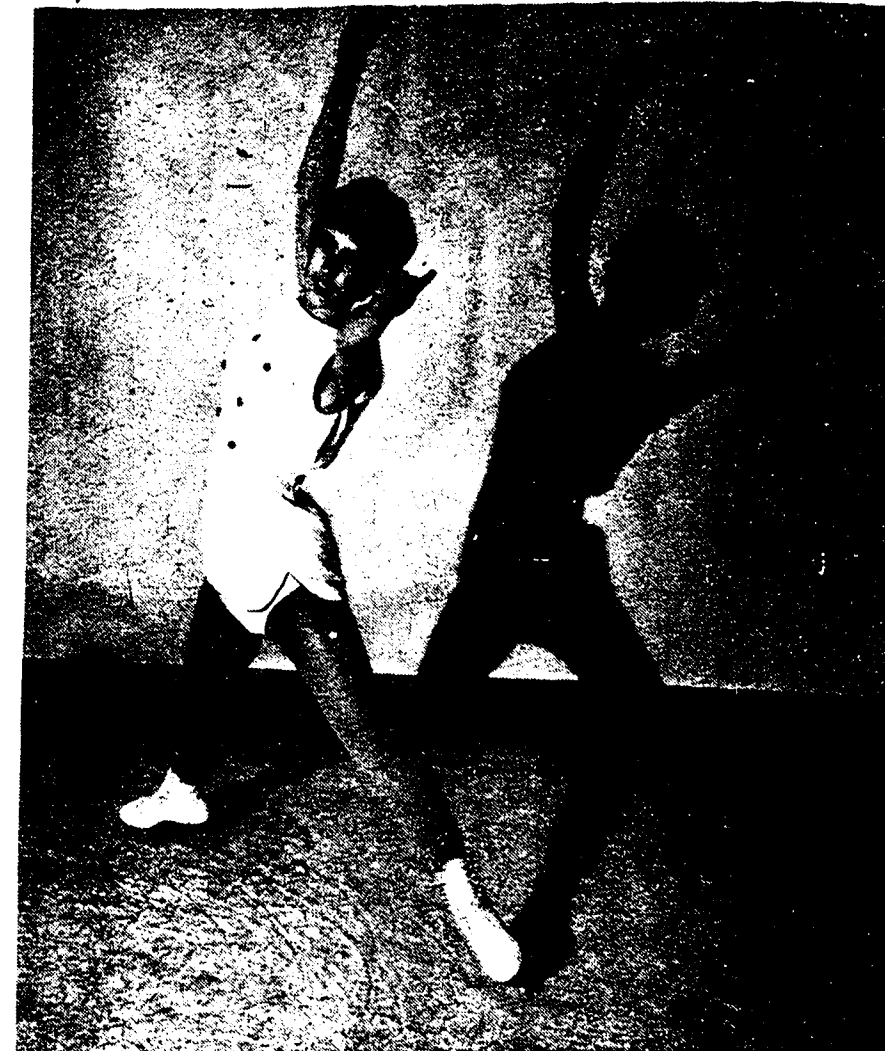

Entering competition for the first time, Dale, the son of Mr. and Mrs. Kenneth Evans, 26867 Beck, sang in the two-day event against almost all-adult singers. A 10th grader in Novi high school, Dale plays the tuba in the band but has never had voice lessons.

His impressive Buck Owens trophy was presented to him by Ralph Embry, Nashville country music star, who flew in for the event. The contest was sponsored by Paul Wade, editor of Music City News, and Al "Flat Top" Dally.

Dale sang "Distant Drums" and "He'll Have to Go." While the young singer often informally accompanies himself on the guitar, at the competition he sang with official background musicians. He also can play the bass fiddle, his mother adds.

Mrs. Evans entered the competition for female singers but did not win.

The entire Evans family has musical interests with Dale's 15-year-old brother Kyle playing the guitar and 13-year-old sister Wilma, the organ.

Holland in Spring Opens Travelogue

An unusual three-screen program will take Northville Rotary Club Travel and Adventure Series ticket holders to Holland as the travel series opens its eighth year at 8 p.m. Wednesday, October 23, in the Northville high school auditorium.

"Spring Captures Holland" will be presented by Robert Brower who uses several projectors and stereo music. The Keukenhof Gardens, showcase of Dutch bulb growers, fishing villages and canal towns are included in the tour.

Tickets for the series of six programs are available at \$6 from any Rotarian, from Northville Camera Shop and from Manufacturers National Bank. Rotarian Robert Webber pointed out that ticket holders may use all six admissions for one presentation, if desired. Single admissions at the door are \$1.50 and 50 cents for students.

Other programs in the series will be "Adventures in Switzerland" by Dick Reddy, tracing the adventures of

Mark Twain on balloon flights, sleigh rides and flights over the Alps, November 21; "Windjammer to Australia" by Art Erickson on the famous brigantine Yankee, January 15, 1969; "The Canadian Far West" by Don Cooper journeying from the western prairies to the sea, February 13; "The Atlantic Coast" by James Forshee, ranging from Washington, D. C. and New York to Williamsburg and Parris Island, North Carolina, March 12; and "Wings to the Bahamas" by James W. Metcalf, flying to the 800 exotic tropical islands, April 10.

While armchair travelers share the varied and colorful adventures, they will be helping the local Rotary continue its community projects.

Kings Mill Shows 'The Longest Day'

A new theatre program is premiering at Kings Mill this weekend with a CinemaScope production, "The Longest Day," to be presented at 7:30 p.m. Saturday in the main lounge of the Townehouse. Tickets will be available at the door.

Kings Mill Mothers' Club was to be activated for the fall season Wednesday.

LIGHT-O-BIKE-An enthusiastic turnout of youngsters who took advantage of the special licensing program sponsored by the Veterans of Foreign Wars Post 4012 Saturday. Besides issuing licenses for bicycles, the VFW passed out special reflection tape for bike safety. In addition, two youngsters won free bicycles donated by the post to a boy and a girl whose name was drawn from a box containing names of youngsters who got their bikes licensed. On hand for the afternoon drawing was Councilwoman Beatrice Carlson (below). The winners were Rickie Marone of 393 Welch and Anne Bongiovanni, 232 South Center. Above, Dave Catton of the VFW fixes the safety tape to the bike of Diana Davis, 112 Walnut.

Dr. Samenov Joins Northville State

Stanton Samenov, Ph.D., formerly associated with the adolescent psychology service at the University of Michigan in a post-doctoral project, has been named the chief psychologist of the young adult unit at Northville State Hospital.

Dr. Samenov received his B.A. Degree, with a major in psychology, from Yale University in 1963 and his Ph.D. from the University of Michigan in April of 1968.

"Our hospital's young adult unit, now two years in operation," commented M. Kemil Gokker, M.D., unit director, "serves patients ranging in age from seventeen to twenty-one. Dr. Samenov's contribution to our 60-bed unit indeed will prove to be invaluable."

Fifty members of the Michigan Therapeutic Recreation Society will convene at Northville State Hospital today (Thursday) for a statewide meeting.

A new film produced by the University of Michigan, "Boxing in the Treatment of Emotionally Disturbed Adolescent Boys," will be shown with a discussion led by Arden Kersey, chief recreational therapist of the Adolescent Service, Neuro-psychiatric Institute, University of Michigan Medical Staff.

A team of psychiatric specialists, headed by Fulvo Ferrari, M.D., will hold a panel discussion on "Discharge Techniques" at the morning session. Rama Sharma, president of Michigan Therapeutic Recreation Society, will conduct the business meeting.

Deadline Near for Applicants To U.S. Military Academies

To qualify for appointment to one of the service academies, an applicant must be a resident of the State of Michigan, unmarried and a U.S. citizen. He must be at least 17 years old but not yet 22 on July 1, 1969.

Applicants are asked to notify Senator Griffin of their interest by writing him in care of the Senate Office Building, Washington, D.C. 20510. Each applicant will be asked to complete and return an application form, together with other enclosures indicated on the form.

To assist the Senator in the selection process, each candidate is requested to take the preliminary screening examination on Saturday, October 5, in a Post Office or other designated building near his home.

The test is administered and graded by the Civil Service Commission. Each applicant will be notified of the test location. "Service Academy appointments are made on the basis of demonstrated qualities of scholarship, leadership, physical stamina and moral character," Senator Griffin said.

"In an effort to insure that appointments go to the most qualified candidates," he said, "I use the competitive method of appointment. Under this procedure, after the Academy's request that nominations be submitted a month earlier than previous years."

"On the basis of entrance examination scores, physical examination results, high school records and recommendations, the academy selection board then makes the final appointment in the spring."

Senator Griffin said he has already received 375 applications for next year's appointments.

Visiting Municipal Court Judge Dunbar Davis of Plymouth resided at Northville Municipal Court last Thursday.

Among the twelve cases he heard were six escapes he returned to Detroit House of Correction for varying amounts of time. Those receiving 30 day sentences were Rudolph Gonzales, address unknown, who escaped on May 21, 1967 and James Scott of Detroit, escapee of July 23.

Frederick L. Cain of Imlay City escaped on August 23 and was returned for 25 days, as were Earl McKenzie of Detroit (July 30) and Robert L. Miller of Lincoln Park (July 21). Receiving 20 days was Edward S. Brooks of Detroit who had escaped August 23. All entered guilty pleas.

The others fined or sentenced by Judge Davis were guilty either of drinking too much or of not being very careful drivers.

Driving violators included Edward T. McDaniel of South Lyon who answered two charges. Fined \$25 or five days on each charge, he paid the \$50 for speeding involving a property damage accident and disobeying a stop sign. Both violations occurred on Northbound Huron at Rayson.

Another driving violation was that of Lawrence L. Burhan of Pontiac who pleaded guilty to careless driving on Sheldon Road and paid \$35 fine and \$15 costs in lieu of seven days. Duane R. Busch of 111-113 West

Out of THE PAST

FIVE YEARS AGO...

Football fireworks lit up the sky on the high school field when the Northville gridders opened up the season against arch rival Plymouth.

With the theme of "World Understanding Through Travelogues" the Rotary Club announced the line-up for its third annual "World Travel Series" presentation. Six programs were scheduled with Bathie Stuart speaking on "Away to the South Seas," James Forbese on "The Canadian Rockies," Roman Wilhelmsen on "South American Adventure," John Weld on "Beirut to Baghdad," Russ Porter on "Belgium of the Masters" and James Metcalf on "Wings to Wonderland."

Friday the 13th was a lucky day for shoppers in Northville. On Saturday the 14th the bargains were even better, more plentiful and much easier to find. They were on the sidewalks. The two-day "sell-a-bration" was designed to help the merchants clean their shelves of many leftovers while giving the customer honest-to-god bargains in good merchandise.

The Northville township board of appeals received a request from the S. G. Hayes Land Development company to deposit rubbish in three specific areas in the 325-acre Manning and Lockin gravel pit land between Seven and Eight Mile roads. The request asked permission to conduct a landfill operation so that the area could be developed into homesites.

TEN YEARS AGO...

A special citation for photo presentation of Michigan Week activities was won by The Northville Record. Announcement came from Tony Spina, chief photographer to the Detroit Free Press and chairman of the Michigan Week News-Photo committee.

Northville school administrators faced up to a serious realization and found themselves on the brink of plunging into another building program.

When Larry Hill and Bob Van Hellemont gazed at the moon, chances were that they were counting craters or checking out an ice cap. Larry and Bob gazed at the distant satellite through a telescope they made themselves as part of a science project in school. They were students in Miss Gertrude Martin's sixth grade class when they built their instrument, nearly as sharp as University of Michigan's on a hilltop in Ann Arbor.

Northville, along with Plymouth, Wayne, Redford Union, Redford and South Lyon will continue the Wayne County Training School education program.

Two Northville ladies were winners in the 109th Michigan State Fair food contest, described as having a record entry and the keenest competition for top prizes in years. Mrs. Dona A. Cline-Smith of Curtis road won a fourth prize for her bean pickles. Mrs. Fred W. Cobb of Beck road made a clean sweep with three firsts, three seconds, two thirds, and two fourth prizes.

FIFTEEN YEARS AGO...

The Northville Community Building was at the ground breaking.

The annual school meeting brought out an unusually large attendance. Dr. Blanchard and E. H. Latham were re-elected trustees on the first ballot. Director Dubau's report was accepted and the recommendation of the board that \$1,500 incidental money be raised was adopted.

At the school meeting, the board reported that a new school building would be needed at once to meet the demands made by the constant increase of pupils and they recommended that a two-story brick structure be built at a cost of about \$4,000. Electors would be asked to approve bonding of the required amount.

Commissioner John Stuebenvil, chairman of the Commission Finance Committee, warned that Northville would have to forego any general improvement programs during 1954 because of the strain put on village finances by the Community Building and the Seven Mile cut-off project.

Northville school enrollment climbed to a new all-time high as a total of 1,255 students reported for elementary, junior high and high school classes.

The Northville High School Mustangs raised the curtain on the 1953 football season in a battle with the powerful Plymouth Rocks under the lights at Ford Field.

The Good Humor Man may be a hero to youngsters but he was a persona non grata as far as Northville school officials are concerned. The youngsters line up at the Good Humor wagon at the school grounds and forget to board their bus. Or they buy their treats 30 seconds before the school bell rings and then drip chocolate over themselves and the school.

TWENTY YEARS AGO...

Northville schools enrollment reached an all-time high this year with a total of 1,011 youngsters enrolled in the grade, junior high and high schools. Never in the history of the school system had there been over a thousand children attending the schools in any one year.

Northville's football season got underway with the Mustangs meeting the Brighton eleven under the lights. The probable line-up, announced by Coaches Al Jones and Charles Ketterer, included backs Rodmanky, Stovall, Tiffin and Gray and linemen Stalker, Gunsell, Sutton, Sechin, Frid, Biddle, and Kazarian. Co-captains were Stovall and Tiffin.

The great horse, Proximity, showed his wares when he competed in the Northville Driving Club Trot, one of the two biggest feature attractions of the night racing meeting.

Northville men who received degrees from the University of Michigan Summer Session were Albert J. Boelens, Master of Arts and Frank L. Eaton, Master of Business Administration.

C. Harold Bloom of Northville's branch of the secretary of state's office, reminded that 1948 automobile license plates were selling at half price until the 1949 plates came out.

TWENTY FIVE YEARS AGO... Plans were underway to turn the historic Neal property on North Center Street into a Veteran's Memorial Hall. \$3,000 of the needed \$20,000 had already been subscribed for the new housing of the Lloyd H. Green Post 147.

Northville Schools Superintendent R. H. Armerman and high school Principal G. V. Harrison announced that enrollment was down 50 from last year. A total of 799 pupils had registered for the 1943 school year.

SIXTY-FIVE YEARS AGO... The annual school meeting brought out an unusually large attendance. Dr. Blanchard and E. H. Latham were re-elected trustees on the first ballot. Director Dubau's report was accepted and the recommendation of the board that \$1,500 incidental money be raised was adopted.

greenlight on experimental maintenance work on some \$300 feet of East Chigwidden Drive in Northville Estates. For an estimated expenditure of \$2,000 the manager said existing asphalt of the pock-marked road could

be "ground-up, respread and primed" into a smoother-surface that could be later seal-coated. The council agreed that the subdivision roads need maintenance and that the process described should be tried for possible expanded use.

A preliminary plat for Lexington Commons North was approved by the council. It is a 100-home portion of the Thompson-Brown company's development on Taft at Eight Mile Road. Specifically, Lexington Commons North extends on both sides

of Taft road, with 48 homesites north of the junior high school on the east side of Taft and 52 homesites on the west side with a park area along the southern boundary. Another parcel of

the development will be multiple dwelling units south of the park and just north of Eight Mile. South of Eight Mile road at the Taft intersection will be another development of single family homes, also a part of the Lexington Commons subdivision.

Until drainage problems can be jointly settled with Oakland county and the village of Novi the council reminded Thompson-Brown representatives that final approval of the plat cannot be granted.

Area Youth Competes In Tractor Competition

David Schwark, a 16-year-old farm youth from Orin, Clinton County, was named Michigan champion tractor operator at the State 4-H Club Show held on the Campus of Michigan State University, East Lansing.

Winning second place Thursday was Dennis Harris, Route 1, Edwardsburg, Cass County, and in third was Jack Middleton, Lake Orion, Oakland County.

Each of the 12 contestants had won similar contests in their home counties and each of them drove the

difficult course at the University in East Lansing Thursday. One of the 12 was Richard Cort, 6864 Six Mile Road, representing Washtenaw County.

The junior tractor operators' contest is one of the events of the 4-H Petroleum Power program, which is sponsored in 40 states by a grant from the American Oil Foundation. In addition to tractor maintenance and operation, the national program teaches young people maintenance and safe operation of smaller engines such as those found on lawn mowers.

City Favors More Unification Study

For its part the Northville city council hopes the joint city-township unification study steering committee will re-convene for further study.

Specifically, the council voted Monday night in favor of further study of questions asked at two public hearings held on unification and to investigate methods of undertaking unification.

The original study determined that unification was feasible.

Councilman Del Black, who served as chairman of the steering committee, told the council that "I hope the day will come that the public has an opportunity to vote on the question rather than letting it die at the council table."

Black indicated that, as chairman, he would call for another meeting of the steering committee and he expressed the hope that the township agree to further study.

Willowbrook Elects Brinker

Bill Brinker is the new president of the Willowbrook Community Association.

Among other officers selected in the association's annual election and business meeting were Vice President Norm Schollett, Secretary Lisabeth Berry, Treasurer Evelyn Natzel and directors for each of the three subdivisions.

The directors were Bob Macomber and Otto Natzel of No. 1, Denis Berry, Chuck Collins and Bob Sale of No. 2 and Jim Cherlofi and Jerry Lafave of No. 3.

Big event coming up is an adult dinner dance tentatively scheduled for Saturday, December 7. Plans also are under way for a children's Christmas party for all children of the three subdivisions.

Proposed constitutional amendments were accepted by the association.

NOTICE IS HEREBY GIVEN THAT REGISTRATIONS WILL BE ACCEPTED SATURDAY, SEPTEMBER 28 AND MONDAY, SEPT. 30 THROUGH THURSDAY, OCTOBER 3, FROM 8 A.M. TO 5 P.M., AND ALSO

FRIDAY, OCTOBER 4, 1968 LAST DAY

FROM 8 O'CLOCK A.M. UNTIL 8 O'CLOCK P.M., THE FIFTH FRIDAY PRECEDING SAID ELECTION AND ON SATURDAY, JUNE 29, 1968-8 A.M. TO 5 P.M. AS PROVIDED BY SECTION 498, ACT NO. 116, PUBLIC ACTS OF 1954 AS AMENDED.

For the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE AS SHALL PROPERLY apply therefor:

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

The township office will be open all day the Saturday prior to close of registrations.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located may be registered prior to the close of registration before any election or primary election by executing a request under the signature of the elector, or by executing a request through the last address, ward and precinct number and record the new address, ward and precinct card in the proper precinct file. Such transfers shall be made within the 30 days next preceding any election or primary election, unless such thirty day shall fall on a Saturday, Sunday or day, provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided 30 days next preceding any election or primary election.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE SEC. 491. The inspectors of election at any election or primary election in this State, or in any district, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote.

TRANSFER OF REGISTRATION, APPLICATION, TIME SEC. 506. Any registered elector may, upon change of residence within the Township, City or Village, cause his registration to be transferred to his new address by sending to the Clerk a signed request stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct card in the proper precinct file. Such transfers shall be made within the 30 days next preceding any election or primary election, unless such thirty day shall fall on a Saturday, Sunday or day, provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided 30 days next preceding any election or primary election.

TRANSFER OF REGISTRATION ON ELECTION DAY SEC. 507. Any registered elector who has removed from 1 election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request under his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request, the inspector of election, or the clerk of the precinct, shall transfer the elector's signature therewith to the signature upon the applicant's registration record and, if the signature transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such resident house number in any Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of the street or residential house number, and the registration records, and if shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

Walled Lake Out to Attract \$100 Million Sports Stadium

With a feasibility and design team focusing its attention on the most likely sites for a giant, all-purpose metropolitan stadium complex, Walled Lake is putting its best foot forward.

projections reveal that Walled Lake will be the center of population radius containing in excess of eight million persons by 1990.

Michigan's Metro Dome will dwarf Houston's AstroDome by comparison, according to Leo Kousin, chairman of the Metro-Dome Athletic Club. Present plans call for a total of up to 100,000 for regular football and post season games.

Spokesman for the club and the city say there will be adequate land area available for a future Olympic site and such other national or international events as may be attracted by the Metro-Dome, all-weather stadium.

Walled Lake officials, community citizens and other supporting communities are daily boasting Walled Lake's location in hopes of attracting the proposed \$100 million stadium which reportedly would be the world's largest.

Bruno Leon, dean of the school of architecture at the University of Detroit, and Thomas W. Gardner, coordinating secretary for the feasibility and design team note that all of the country's major cities have or are planning new stadiums and that the greater Michigan megalopolis has a more urgent need than most of the other cities.

Gardner points out that the plans call for the stadium complex to be privately financed, possibly through revenue bonds. He points out that all of the country's major cities have or are planning new stadiums and that the greater Michigan megalopolis has a more urgent need than most of the other cities.

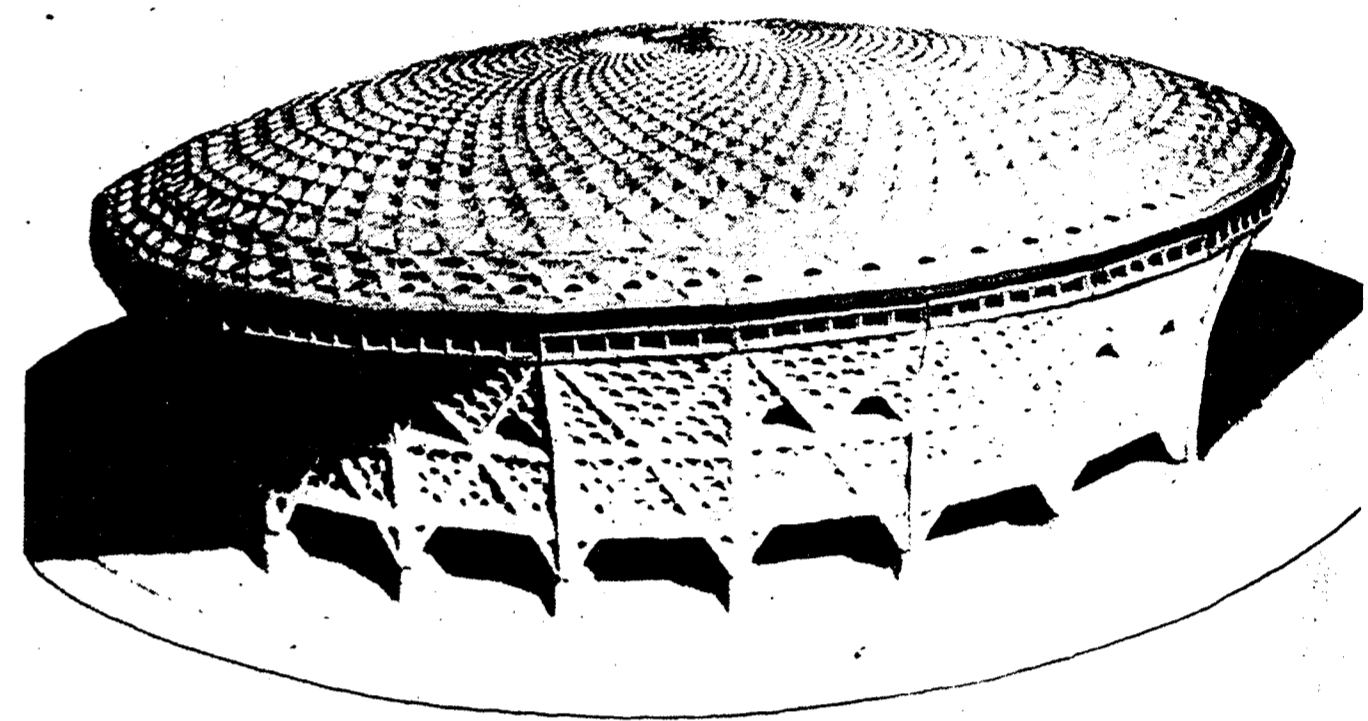

Once erected, the stadium would be used by the Detroit Tigers, Lions, Cougars, and other professional sports teams, as well as for concerts, conventions, circuses, and many other functions.

The Metro-Dome reportedly would be on the order of the Houston AstroDome, only larger and more plush.

Indications are that Walled Lake is attracting more and more attention of the feasibility and design team. But to further boost the local community, a Metro-Dome Athletic Club is being formed in Walled Lake to accept tentative membership applications.

A \$100-a-plate dinner was slated to take place in Walled Lake yesterday.

City Manager Royce Downey points out that there are more potential spectators within 80 minutes driving time of Walled Lake than Dallas, Boston, Pittsburgh, Buffalo or Atlanta. For every 100 fans within 80 minutes of a site here, the Walled Lake official claims, Denver has only 19, Miami 27 and Green Bay only 15.

# Penalties, Plus Second Quarter Spell Doom for Novi, 18-13

HARTLAND — Unleashing a three-touchdown attack in the second quarter, the Eagles snugged an 18-13 victory here over the Novi Wildcats in the season opener.

It was no easy victory for the Eagles, however, as Novi's eleven grabbed a 7-0 lead in the first quarter and then bounced back late in the third quarter to slice their opponent's lead to five points in a sustained 75-yard drive.

Playing with its first senior class in history, Novi displayed a superior ground attack against the more experienced Hartland team. But repeated penalties and a surprise Hartland interception upset any plans the Wildcats may have had for a season opening victory.

The Wildcats netted 150 yards on the ground to Hartland's 126. They were nipped for 93 penalty yards, however, which completely erased their rushing advantage. Hartland lost only 10 yards by penalties.

In the air Novi completed three of its 11 passes for 51 yards, while

Hartland picked up 69 yards by completing three of seven passes. Both teams lost the ball once through interception, but Novi's loss proved fatal as the Eagles turned their ball-hawking into a winning touchdown.

Novi stunned its over-confident opponents with their first crack at offense. Mixing up a series of passing and ground plays, the Wildcats launched a drive on the 46 and advanced to the Hartland 29—despite two damaging penalties. On fourth down Gary Boyer uncorked a long looper to his brother, Tom, for a first down at the four. Then, on first play from scrimmage, Jon Van Wagner smashed through right end for the first score of the game.

In the opening minutes of the second quarter, the Eagles carried the ball from their own 45 into the end zone in eight plays. Two were by pass as Quarterback Mike Banfield hit first halfback Doug Dalton, then end Larry Cook, before driving around the right

end and into the end zone for the final nine yards.

The extra point attempt failed, however, and Novi clung to a one-point, 7-6 lead.

Just four plays later, Hartland's agile quarterback took to the air again, this time firing to Halfback Mike Callaghan in a play that carried from Hartland's 36 to Novi's 10.

Hartland casked over right tackle and pushed to the five before a Novi penalty stretched scrimmage to the two-yard line where Dalton took a handoff and smashed through right tackle for the touchdown.

Once again PAT failed and Hartland now led, 12-7.

With 2:23 minutes remaining before the intermission and on the first play from scrimmage following the kickoff Quarterback Gary Boyer fired a wobbly pass to Van Wagner, but Banfield picked it off and galloped until he was hauled down at the one-yard line.

At that point Novi's defense rose

and nearly stopped the threat. But on fourth down at the two, Banfield again sliced through right tackle. And again the kick was no good.

Still within reach of the Eagles, Novi took the kick on the 25 to start the third quarter and ground out 36 yards before Van Wagner fumbled and Hartland's Tackle Rick Poznanski grabbed the loose ball.

Van Wagner came close to wiping out the fumble moments later by intercepting a pass that was partially blocked by one of Novi's defensive backs. But a 15-yard roughing the passer penalty marred his effort and Hartland pushed the ball to the Novi 39 before punting to the Novi 25.

From that point on to the touchdown there was no stopping the fired up Wildcats. Novi pushed upfield, picking up four first downs along the way, and at the 21 Gary Boyer raced into the right flat and fired a delayed pass to Rick Hill who scampered in for the touchdown just inside the fourth quarter.

# SPORTS

RACING around left end for 15 yards and a first down, Jon Van Wagner carries the ball for the 22nd time in Friday's contest at Hartland. Van Wagner accounted for more than 100 yards rushing in the rough 'n tumble game.

## Coach to Cut Down On Two-Way Play

Disappointed but hopeful, Novi's Coach John Osborne plans some strategy changes in tomorrow's home opener against Livonia Churchill.

"It was pretty obvious to me that our boys can't play both offense and defense and remain strong throughout," observed the coach following last week's loss at Hartland.

It's too much to expect from them, he said pointing out that he will attempt tomorrow afternoon to utilize some kind of platoon system — both on offense and defense.

In addition Osborne plans to make some adjustments in his squad's aerial attack.

How Novi will fare against Livonia, a new high school team, remains to be seen. Livonia will be playing its first game tomorrow and Coach Ken Kaestner, who lives at 941 Novi Street in Northville, will field a young, untried squad.

Conceding that Novi has plenty of football know-how to offer, Kaestner nevertheless notes that his boys "will be up" for Friday's contest — first of only two varsity encounters for them all season.

Kaestner, who moved from Brighton High School to Churchill, cautions Novi: "It won't be a breather."

Churchill players to watch in the Wildcats' home opener, says Kaestner, are Tackle Mickey Gooding, Guard Mike Weiby, and three backs, Jerry Oljace at quarterback, John Corratani at fullback and Tailback Evan Smith. Gary Warner, his coach says, is another fine lineman.

Wixom All Set For Decathlon

Get on your running shoes, kids. The annual Wixom decathlon races for elementary school children will be held this Saturday, September 21 at Wixom Recreation Field behind City Hall for all boys and girls who are residents of Wixom.

Medals will be awarded for the first three places.

Times are as follows: 10-12 will be for grades 1-3; 1 to about 4 for grades 4-6.

To participate, children must be there by their group's starting time.

Also sure to hurt may be the loss of sophomore Tom Boyer, a stellar pass receiver who injured his wrist early in last week's game. Broken or sprained, the wrist injury will mean one less "excellent" player.

# Northville Off to Winning Start With 20-13 Victory at Plymouth

PLYMOUTH — With time running out and the score knotted, Northville uncoiled a fourth-down touchdown drive from the one to snatch a 20-13 victory from arch-rival Plymouth here in the season opener Friday night before a capacity crowd.

The slim seven-point margin was hardly indicative, however, of the bruising battle by the Mustangs who were bent on avenging two straight defeats at the hands of the Class "A" Rocks.

But for two exceptionally fine Plymouth backs — hard-to-stop Bob Thornbladh and fleet-footed Bill Tobey — the final score might have been a lopsided extension of the Mustangs' 13-0 halftime lead because the Rocks simply were no match for the fired up, determined Northville eleven.

Nevertheless, Plymouth pushed Northville to the wire in the annual non-league classic.

Midway through the fourth quarter, the Rocks tied the score at 13-13. And then, after taking a Northville punt, the Rocks appeared on their way to salvaging a tie. But the booming punt forced them deep inside their own territory and Plymouth took to the air only to have Bernard Bach pick off another of Bruce Bauman's errant passes.

Bach galloped to the eight-yard

line before Plymouth pulled him down. Four plays later Pat Cayley dove into the end zone from the one and then added the conversion to make it 20-13 with time all but gone.

Still another interception by Northville at the wire ended what might have been Plymouth's last threat.

The first half was almost all Northville.

Yasli Tupurkovski's (exchange student from Yugoslavia) kickoff was taken by Terry Mills to the Northville 28, but a clip put it on the 13 to open the game. Unable to move the ball, the Mustangs began an interchange of punts that finally put the ball on the Rocks' 36, first and ten Northville, with less than three minutes left in the first quarter.

The next play was one of the most exciting of the game. Quarterback Stan Nirdler sent two men down the middle, with the short man picking up most of the Plymouth defensive coverage. With Terry Mills wide open, Nirdler dropped a picture pass into his hands and Mills scampered into the end zone untouched. Cayley's conversion attempt sailed wide to the right.

With the score 6-0, Northville found itself hard pressed at the quarter's end. Plymouth had a first and ten on the Mustangs' 34.

Two plays into the second quarter, however, Barry Deal fell on a fumble by Quarterback Bauman caused by the hard-charging Northville defensive line.

The Mustangs moved the ball rapidly go forward following this break until Jeni Latham stopped the drive on his own two by intercepting a Nirdler pass. Key plays in this long drive were an 11 yard run on a draw play by Deal, set up by a fine fake by Nirdler and an exciting 10-yard pass play on fourth down from Nirdler to Deal.

The Rocks then moved to their 40 on Northville penalties only to lose the first of six passes picked off by Northville. Nirdler accounted for three of these six.

Nirdler's arm then took Northville to the one where Deal plunged over to make it 12-0 Mustangs. The conversion was an alert play by Cayley who caught a bad pass from center and ran around the right side to score. The two key passes in this drive were caught by Mills for 12 yards and Fred Holdsworth for 24 and a first down on the Rocks' four.

The second half opened with the Rocks making a game effort to erase the deficit. Tobey took Marc Sheffer's kickoff 22 yards to Plymouth's 32. Running outside, the Rocks moved quickly to the Mustangs' 17. Big gainers were reeled off by Tobey, Thornbladh, and Walter Lee. But Nirdler's deft hands stopped the drive on the six with his second interception.

Any thought of another Mustang touchdown drive was quickly thwarted as Latham picked off his second Nirdler aerial moments later and gave the Rocks a first down on the Northville 32.

Having found on the previous series of downs that they could move to the outside, the Rocks scampered to the two, where Tobey pushed over for the first Plymouth touchdown. The PAT attempt was blocked, chiefly by Nirdler and Deal.

Northville came back swiftly. Cayley carried Tupurkovski's kickoff 27 yards to the Mustangs' 47. Keyed by a hard drive by Cayley, Northville moved to the Plymouth 31 only to have Craig MacDermaid fumble after a good gain and Thornbladh, as rugged on defense as on offense, recovered it.

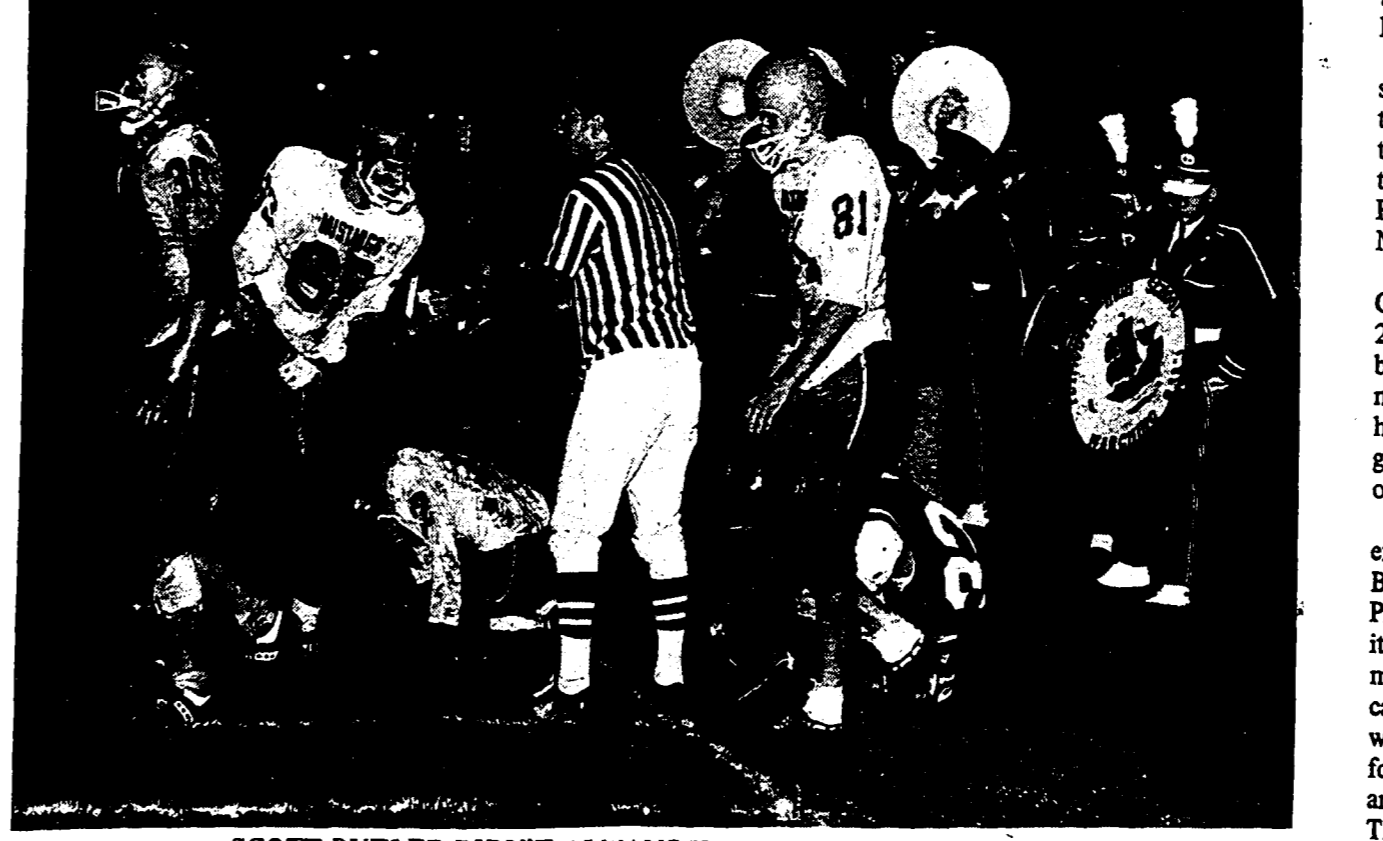

In the fourth quarter, after an exchange of the football (a punt by Bauman and a fumble by Deal), the Plymouth touchdown express rolled at its formidable best with Thornbladh making the run of the night as he carried a couple of Mustang defenders with him 22 yards to the Northville four. Four plays later Bauman swept around the right side to score. Thornbladh followed Bauman's route to knot the score at 13-13.

## Mustangs Healthy, Ready for Mott

Coach Alex Klukach was pleased to list a clean bill of health for his charges following his Mustangs' "very satisfying" victory over arch-rival Plymouth Friday night.

"We're going into this week's game with Waterford Mott carrying just minor aches and bruises," the coach told the Record.

Klukach also sorted out a handful of players for special praise. Barry Deal played an outstanding game, he said, leading the ground gainers with 81 yards and playing equally well on defense. Other boys who did very well in both aspects of the game were Pat Cayley, Fred Hicks and Stan Nirdler, he said.

All-in-all it was a great team effort as shown by the alert pass interceptions and pursuit on defense, according to Klukach, who agreed that it took good defense to slow down the Rocks' Bob Thornbladh — as good a boy as any the Mustangs are apt to see all year.

Waterford Mott is a new school and Klukach has had to size them up only through their opening loss to Clio, 34-7, last week. Mott has about the same size line, led by a fine split end,

but Northville sports a bigger team. Klukach expects a good ball game, but he cautions his players to watch out for Mott's split end who "mikes an average quarterback look like a good passer."

## Local Netters OK in Tourneys

Northville area tennis players have met with some success over the summer in tournament play.

In the Pontiac Open Tournament played at Oakland University, Bob Neff and Ian Wilson were beaten in the men's finals in doubles. Neff defeated Wilson for the over 35 singles championship. Also playing at Pontiac were former Northville High and Clemson University players Tom Long and Dick Ornekan.

## Ypsi Promotes Coach Chizmar

Lincoln's football team won its first game last Friday, 14-13, against Mason High School of Erie, Michigan.

Promotion of Bill Chizmar, a former Northville resident, to assistant varsity coach at Lincoln Consolidated school in Ypsilanti has been announced. He previously was junior varsity coach at the school.

The son of Mr. and Mrs. William Chizmar, 19360 Maxwell, he and his wife and son now make their home in Saline. He was a 1959 graduate of Northville High School, receiving BA and MA degrees from Eastern Michigan University. Chizmar also teaches fourth grade at Elwell school in Belleville and serves as the varsity coach for track

**FOOTBALL CONTEST**

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16.

You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- after each number on your paper write the name of the sponsor of the corresponding square.
- following the sponsor's name — write the name of the winning team.
- in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry).

Enter just once a week, but may enter as many weeks as you wish. In case of tie, prize money will be split.

Copies of the contest will be posted at the Northville Record office each week.

Entries must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of The Northville Record—Novi News or sponsoring merchants are not eligible.

## from the Pastor's Study

Rev. Fred Trachsel  
Orchard Hills Baptist Church

Can you imagine 25 million people involved in a cooperative effort to witness for Christ? This is precisely what the Crusade of the Americas is all about. Yes, 25 million Baptists are on the move in the most ambitious evangelistic crusade in their history. Participating in the Crusade are 38 or more Baptist bodies in 28 or more countries in North, Central, and South America, including some in the Caribbean Islands. Additional groups are joining the Crusade as it gains momentum. The Crusade is a coordinated effort with a major thrust in personal witnessing and mass evangelism climaxing in 1969, followed by a year of follow-through in 1970.

This Western Hemisphere Crusade was born out of a two-year evangelism campaign of Brazilian Baptists which concluded in 1965. During this campaign there were over 100,000 who found Christ as Saviour. Brazilian pastor, Rubens Lopes, Director of the crusade, challenged Baptists to consider a hemisphere-wide crusade. His proposal was heartily accepted, and the proper organization was set in motion immediately. Preliminary strategy indicates this to be the most massive and comprehensive evangelistic thrust ever attempted by Christians of any age.

From the southern tip of South America to Kiana, Alaska, far above the Arctic Circle, Baptists will be uniting under the Crusade theme, "Christ the Only Hope." It lifts up an alternative to the unsaved person and asks, which will you choose, life or death? If the Crusade theme is a statement of historical fact that Christ is the only hope for every individual in this fantastic age; and if that theme voices the only effective alternative for the ills of the Americas; and if the Gospel of Christ is indeed redemptive and relevant to men in a hemisphere in revolution; then the Crusade of the Americas is of surpassing importance!

Five hundred new churches are being planned to be organized in North America as a result of such a Crusade. Nation-wide prime-time commercial color television will be used to support this evangelistic thrust in 1969. Prayer partners between individuals, groups, and churches among the Western Hemisphere is being set in motion now. This is the greatest emphasis on prayer

## Wixom Plans Autumn Revival

Wixom First Baptist Church will hold a week of Autumn Revival Services, September 22-29, with the Reverend J. Ronald MacDonald of Spring Lake as the speaker.

At nightly services at 7:30 p.m. Reverend MacDonald will be presenting "Sermons in Song." He also will be showing color slides of his recent trip this year to the Holy Land. Special music will be featured each evening and a nursery will be provided. Sunday services will be at 11 a.m. and 7 p.m.

The revival series is part of the celebration of the 130th year of the church's existence. It begins on the day of the dedication of the new \$150,000 educational unit.

Reverend MacDonald has pastored churches in Chicago, St. Paul, Flint and now Spring Lake during the past 22 years. He and his wife recently were appointed missionaries to Naples, Italy, under the Conservative Baptist Foreign Mission Society. He will be seeking to organize and pastor a church for the English-speaking NATO Navy personnel and their families numbering about 10,000 who are stationed in Naples.

Reverend MacDonald is a graduate of Bob Jones University in Greenville, South Carolina, and also attended Northern Baptist Theological Seminary in Chicago as well as Bethel Baptist Seminary in St. Paul, and the Central Baptist Seminary in Minneapolis.

## TROGLDYTES Young Columnist Off To College

By DARYL HOLLOWAN

Yes, my friends... this is the closing chapter.

By the time this issue reaches print, let alone subscribers and consumers, I'll be firmly entrenched in classes at Central Michigan University in quest of a journalism degree.

However, I did take the time before I left to impart this closing message to you, my readership, left it behind for you to digest and contemplate.

The Cavern has come a long way since it was conceived and born from the efforts of a handful of Northville teens, aided by a Mothers' Club which believed such a club would be an asset to Northville and its youth.

There's been quite a lot of opposition to The Cavern... and I haven't been a bit surprised.

After all, The Cavern does expose its Northville patrons to the outside world... exposes them to the outside world each time a non-member enters the premises.

It doesn't phase me one bit that some of the opposing forces to The Cavern don't allow their offspring to attend Cavern functions... they feel their children must be shielded in the protective custody of the parent... a protective custody which places the child in an enclosed environment apart from the outside world in which teens and adults thrive.

Ah, but it's a pity! These parents forget - or ignore... the fact that soon their sons and daughters will be leaving them... striking out on their own to shape their own future.

These are the parents who hinder their children will step past the threshold to the outside world with countless others from across the nation and the world... and too, they must realize that stepping stones to this threshold in that their teens can mingle with teens of other communities holding similar interests.

This is why I'm convinced that The Cavern should be supported by the community, and not cast aside as so much "waste" - or does it ignore the fact that the Cavern is a charity organization which aids such worthwhile organizations as ALSAC and the March of Dimes?

The Cavern is also greatly appreciative as to the aid given by the following adults and adult organizations:

Dr. and Mrs. Gordon Forrer - Dr. Forrer for his help with the clubroom construction, and Mrs. Forrer for her role as advisor.

The Mothers' Club - for the pool table and the time and effort donated to The Cavern by many of the mothers.

Northville Public Schools' Business Manager Mr. Earl Busard and Superintendent of Schools Mr. Raymond Spear - for "bending over backwards" to help The Cavern.

Mr. John Northup - receives a special thanks for advising, supervising, and participating in the construction during the redecoration of The Cavern Club Room.

Mr. Robert Miller - for overhauling the plumbing in the girls' lavatory free of charge.

Mrs. William Seccord - for donating her time as The Cavern's financial consultant.

## About Our Servicemen

San Diego - Marine Privates Howard L. Heach Jr., 19, son of Mr. Howard L. Heach Sr. of 1424 Wren Lane, and Gary L. Moorman, 20, son of Mr. and Mrs. Robert Moorman of 2970 Potter Road were graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

They will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to their first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marines' recruit education and prepare them to join the Marine combat forces.

News was received by his parents, Mr. and Mrs. Edward Baughman of Nine Mile Road, of the return from Vietnam of CW-2 Lynn D. Baughman. Warrant Officer Baughman returned on August 29 from duty as helicopter pilot with the 1st Infantry Division after a year of service there.

\*\*\*\*\*

Private Robert J. Regenhardt Jr. and Lloyd A. Cusson is assigned to Company B, 12th Battalion, 3rd Brigade, here in the United States Army Training Center, Armor (USATCA).

Following the completion of basic training, Private Regenhardt, who is the son of Mr. and Mrs. Robert Regenhardt Sr. of 4428 Cottisford, and Private Cusson, son of Mr. and Mrs. Andrew Cusson of 48905 West Nine Mile Road, will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify them in a specialized military skill.

\*\*\*\*\*

The pilot received the Distinguished Flying Cross, the Vietnamese Cross of Gallantry and The Air Medal, V Device.

He has been reassigned to Fort Rucker, Alabama.

\*\*\*\*\*

Inter spaced with constant emphasis of proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCS's many and varied recreational and religious facilities.

## THE LAND AND THE PEOPLE

Jim has a college degree in agriculture—Helen, a diploma from junior college. And they're back on the land.

Less than five miles from the farm where they'll start their married life is a church. They'll be part of it.

For they know the greatness of the nation in which they were born; a greatness rooted in the land and the people.

It's the same land their forefathers tillled. It's got to be the same kind of people.

That's why there's a church less than five miles away... and why they'll be part of it.

# NOVI HIGHLIGHTS

Mrs. H. D. Henderson - 349-2428

Mr. and Mrs. Jack Anglin recently spent a long weekend with relatives at Sunbury, Pennsylvania.

This past weekend, Mr. and Mrs. Lawrence Boyd and their son-in-law and daughter, Mr. and Mrs. Gerald Daldor of Royal Oak had a very successful fishing trip at St. Jose Channel in Canada.

The Rollie Adams family attended the Aeronautics Show at Willow Run this past Sunday.

Mr. and Mrs. Owen Bellinger and their daughter Deanna who came up from Kalamazoo where she is attending Western Michigan University, attended the wedding of their nephew at Alpena on Saturday.

Mr. and Mrs. Charles Trickey Sr. were the guests of cousins, at their Vaughn Lake cottage at Glenzie for several days last week.

Mr. R. H. Kirkwood underwent major surgery at St. Mary's Hospital in Livonia on Tuesday of this week.

Dennis Kirkwood son of the R. H. Kirkwoods left last weekend for active duty with the Navy Air Reserves at Providence, Rhode Island.

Mr. and Mrs. Oscar Waldridge of Montreal, Canada were the weekend guests of the Choquet family on South Lake Drive. Mr. and Mrs. Waldridge had just returned from a trip to Europe.

Mrs. Daniel Boone of Eubank Avenue is a patient in St. Joseph's Hospital for observation and tests.

Another pre-nuptial shower honoring Marian Slentz, daughter of Mr. and Mrs. Ted Slentz, was held at the home of Mrs. Raymond LaFond. Mrs. LaFond's daughter, Sharon assisted at the miscellaneous shower. The marriage of Marian Slentz and William (Bill) Trotter will take place September 27 at Our Lady of Sorrows church on Farmington Road.

Lawrence Smith attended a weekend retreat at Camp Co-Be-Ac with ten other men from the Wixom Baptist Church.

Mrs. Lawrence Smith in the company of 51 women, attended the

Youth for Christ Rally in Ann Arbor High School on Saturday.

Richard Sigbee, who is attending the State Technical Institute at Plainwell, spent the weekend with his parents, Mr. and Mrs. Harold Sigbee.

Mrs. Corrine Smith took her aunt, Mrs. Corrine Story who has been her house guest for the past three weeks, back to her home in Cold Water, Michigan.

Richard Story, who has spent the summer at the Lawrence Smith home, left to attend Michigan Tech in the Upper Peninsula.

Leon Dochot attended the Oakland County Law Enforcement meeting at Saratoga Farms Tuesday evening.

Mr. and Mrs. Lloyd Coleman have returned from a month's vacation. They spent two weeks at White River, Canada camping and fishing. For the first week their daughter and son-in-law, Mr. and Mrs. Ronald Slobor of Detroit were with them and the next week they were joined by their sons, Gerry and Don. The last two weeks of their vacation Mr. and Mrs. Coleman visited relatives in Ashby, Minnesota. Last Saturday evening Mr. and Mrs. Lloyd Coleman attended the wedding of the former's niece at the Martha-Mary Chapel in Greenfield Village.

The Russell Raes had a surprise visit on Sunday when Mrs. Raes old school mates, Mr. and Mrs. Howard Lane of Dearborn came to see them. The Lanes were formerly from Kinde, Michigan.

**WILLOWBROOK NEWS**

Mr. and Mrs. Jordan have been welcomed to Maude Lee Court in the Willowbrook Subdivision. The Jordans, who came to Novi from Jackson have a small daughter named Michelle.

Mrs. Ralph Rivers is recuperating at her home on Ripple Creek from an injury received several weeks ago. She is able to walk with a cane but has had from four to six hours of traction daily.

September 27-28-29 Retreat for

**FBI Arrests**

**Gas Station Operator Here**

If you're going to handle stolen guns, make sure they aren't stolen in another state. Service station owner Jerry Cole is under investigation by the Federal Bureau of Investigation (FBI) allegedly for having sold firearms stolen in an interstate shipment.

Cole also is at odds with the Novi police. Chief Lee BeCote and Detective Sergeant Dick Faulkner revealed this week.

His service station, located at 196 and Novi Road, has been doing a great deal of business with credit card holders who haven't stopped there in months, they point out. He apparently has been dealing in stolen credit cards for some time, they add.

Novi police also have him under investigation for theft of license plates not registered to his name as well as possession of unregistered firearms.

Separating fighting dogs is, at best, not a safe practice. Jeffrey Larzelere, 3, son of Mr. and Mrs. Dale Larzelere of 148 Henning, learned this week. Several bites were the result of his painful lesson.

Jeffrey was treated at Walled Lake Medical Center. Police said for bites inflicted by one or both of two dogs, a German Shepherd and a mixed breed.

The breaking and entering of a school bus at Novi Elementary School is under investigation this week. A fire extinguisher (recovered), flashlights, and miscellaneous objects, were stolen from the bus on September 12, Novi police said.

## Novi Justice Court

A felony and a high misdemeanor highlighted Justice of Peace Emery Jacques' justice court activities in a day-long session, Thursday, September 12.

James Scherwin of 26458 Novi Road is being held on a \$10,000 bond in Oakland County Jail awaiting arraignment on September 24 before Oakland Circuit Court Judge Phillip Pratt. He is charged with theft from the Marathon gas station at 26909 Novi Road and 196.

Arrest for a second time by Novi police for driving while license is revoked, suspended or denied and a string of 15 arrests elsewhere, brought James D. Yorch of Detroit before Justice Jacques. He waived examination and was bound over to Circuit Court of Oakland County to stand trial before Judge Robert L. Templin on September 27 for this high misdemeanor.

A string of arrests also highlighted one of numerous cases of less serious nature handled by Justice Jacques.

The arrest string has cost Donald H. McIntyre of Farmington a total of \$95 and includes minor in possession, unsafe start, excessive noise, passing on

right and noisy exhaust. These five arrests occurred on five separate dates since August 3, 1967.

Anthony P. Olivich of 26975 Novi Road pleaded guilty to a charge of passing no account checks and paid \$10 fine and \$5 costs in lieu of 10 days in jail.

Driving with one headlight was costly to Loren D. Hoffman of 48361 Pontiac Trail, Wixom. When he was stopped on South Lake Street at Burlington, the officer also learned he was driving with a revoked license. His guilty plea brought \$100 fine and five days, or 30 days. He paid the fine and has served the five days.

Speeding 75 MPH in a 55 MPH zone cost \$10 and \$10 costs for Jerry A. Burke of Livonia following his guilty plea to this charge.

George E. Clarkson of Farmington pleaded guilty of driving with no tail lights on his trailer when he was stopped at Novi Road and Grand River. It cost him \$15.

Speeding 75 MPH in a 55 MPH zone was expensive for Gerald W. Oneskis of Detroit who was caught at Novi Road and 10 Mile. The guilty plea cost \$40.

A \$30 fine was levied against Nelson M. Mercado of Wayne who was caught driving 70 in a 50 MPH zone on Novi Road south of 10 Mile. He also pleaded guilty.

Kenneth V. Falconberry of 42486 13 Mile forfeited his bond for no operator's license on bond and paid \$50.

Also fined for bond forfeiture was Everett J. Fox of Jackson, Kentucky, who had been held for assault and battery.

It was \$75 or 5 days, suspended because he was in service and had to return to his post, for Robert L. Grewing of Detroit. He had entered a plea of guilty to driving on a revoked license.

Henry Sispera of Warren was caught driving while his vision was

impaired. His guilty plea brought \$100 fine and \$15 costs or 30 days.

William T. Long of Walled Lake paid \$15 for failing to have his vehicle under control.

Rounding out the court's calendar for Thursday were two cases of no operator's license on person, Charles P. King of Union Lake was fined \$25 or five days. George D. Green of Detroit paid \$25. Both had entered plea of guilty.

### That's Happy Acres

## Happiness is an Old Home

by Mary Ellen Kelly  
When 30 or 40 people all come home for Christmas dinner every year by choice one can easily surmise that home is a happy place.

The home in question is just that, aptly named Happy Acres, and it is and has been the homestead of the William B. Walkers for 34 years. Located off of Eight Mile Road, just outside of Northville, Happy Acres is a part of the Presbyterian Women's Association Homes Tour of 1968 and will be open to the public on October 5th.

After you've strolled through Happy Acres you'll probably want to have Christmas dinner there, too. For the rambling white homestead is a container of history, tradition and innovation.

Mrs. Walker has mixed her furniture periods, colors and overall decor with a flavor that is cozy yet grand, awesome yet natural. Nature is the key to the flavor, for the house sits somewhere within the confines of 105 acres and the view from any and every window, any season of the year, seems to take your breath first then overflows into the house itself becoming a part of the atmosphere and charm.

The living room offers separate groupings, each with a Victorian sofa as its major accommodation. One of these is reputed to have arrived on the Mayflower and retains its original damask. Here and there within the room you'll see a lovely Victorian marble-topped oval table, Mr. Walker's pride: a mahogany grand Maison Hamlin reproducer, and Mrs. Walker's stately grandfather clock in the corner.

In the den or sitting room - Mrs. Walker calls it "My husband's room, he loves it" - one finds all the ingredients of comfort. Again with a combination of periods including an antique cherry dropleaf table, early original fireplace,

needlepoint footstool ... all in juxtaposition with the latest look in television.

This sitting room has been extended, as have many others in the house. What once were screened porches have now become part of windowed rooms. Where more space was needed and no porch available the walls have moved accommodatingly.

The dining room is proof in point. Here a cheerful colonial block print carpet is plush foundation for that magic Christmas dinner and many others. Two large fruitwood tables flanked by matching servers, hutch and buffets lend themselves to the cheer. Over and above all two great crystal chandeliers with shining prisms add their glow to the festivities.

Mr. Walker's love of autumn reds abound in his upstairs bedroom and den... a sanctuary where you'll find the contour of the house much in evidence. Matching patterns of autumn tones cover the walls and beds and are repeated in blues and greens in Mrs. Walker's bedroom and elegantly long and spacious sitting room. These quarters, along with the upstairs guest room and nursery are punctuated with the past in dressers, desks, even an old Victorian shaving stand, yet tempered with the functionality of the present.

Mrs. Walker, known especially for her interest in gardening, has filled the one window wall of the relatively new family room with all manner of greens. Taking their sun from the south... the plants are part of a bright, gay feeling of new-old Americana. Richly paneled walls and a well-equipped refreshment corner stand ready to play host to games and recreation for all ages.

There is so much to see: spool beds of old; an antique globe of the world, the completely modern kitchen

### Schoolcraft Choir Formed

Organization of the Schoolcraft College Symphonic Choir, formerly called the Evening Choir, has been

announced by Bradley Bloom, music department instructor at the college who will conduct the choir.

According to Bloom, rehearsals started Tuesday, September 17.

Bloom said membership requirements are some previous choral experience in church, school or other organizations, and regular attendance at the weekly Tuesday night rehearsals. There is no membership fee, and music is furnished, Bloom said.

Membership in the choir is open to all residents of northwest Wayne County. Organized essentially as a choral group capable of giving concerts on its own, the Symphonic Choir will be available for guest appearances with area orchestras such as the Plymouth

Symphony. The choir will perform sacred and secular works from all periods and of all styles.

Bloom joins the Schoolcraft music department from the University of Michigan where he served as a teaching fellow and assistant conductor

### TAKE IRONING OFF YOUR MIND

LET A GAS DRYER DO YOUR IRONING

Forget once and for all about ironing the family wash! With today's new durable press fabrics and a new gas dryer you get perfect results—like new press restored as if by magic! You can't get these perfect results with old-fashioned drying methods. No matter how you pat, smooth and fuss, you're back at the old ironing board for touch-ups.

Go modern all the way. See your gas appliance dealer for a new gas dryer and let it do your ironing for you.

ORDINANCE NO. 70 AN ORDINANCE ESTABLISHING A DISTRICT AREA FOR THE CENTRAL BUSINESS AREA RENEWAL PROJECT CITY OF WIXOM, MICHIGAN

WHEREAS, the City Council of the City of Wixom, by official resolution dated February 28, 1967 as amended by resolution dated May 23, 1967, approved the undertaking of surveys and plans for an urban renewal project and the filing of an application for an advance of funds for such surveys and plans from the Secretary of Housing and Urban Development for an area known as the Central Business Area Renewal Project; and

WHEREAS, notice has been given pursuant to Section 4 of Act 344 of the Public Acts of the State of Michigan of 1945 and Act 189 of the Public Acts of the State of Michigan of 1968 of a Public Hearing before the Wixom City Council to consider the establishment and designation of a District Area in accordance with Act 189 for such proposed urban renewal project area (development area); and

WHEREAS, the City Council of the City of Wixom has determined that the project area as established for the undertaking of surveys and plans is the only area that would be significantly affected by the Urban Renewal or Development Plans.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Wixom that the District Area for the proposed Central Business Area Renewal Project is hereby established pursuant to Public Act 189 of the State of Michigan for 1968 and that said District Area, located in the City of Wixom, is described as follows:

"Beginning at the intersection of the south right-of-way line of Pontiac Trail and the west right-of-way line of Main Street; thence northerly along said right-of-way line to the south right-of-way line extended of the Grand Trunk Railroad; thence easterly to the intersection of said right-of-way with the east lot line of Lot 48, Supervisors Plat No. 10; thence south along said lot line to the south right-of-way line of Pontiac Trail; thence west along said right-of-way line to the east lot line of Parcel CV-26; thence south along said east lot line to the Northern right-of-way line of the C. & O. Railroad; thence northerly along said railroad right-of-way to the south boundary line of Wixom Plat; thence westerly along said south boundary line to the west right-of-way line of South Wixom Road; thence northerly along said right-of-way to the south right-of-way line of Pontiac Trail; thence westerly to the point of beginning."

BE IT FURTHER ORDAINED that the above District Area has been established following a Public Hearing and Notice thereof given pursuant to the provisions of Public Act 189 of the State of Michigan for 1968.

BE IT FURTHER ORDAINED that this Ordinance is hereby deemed to be an Emergency Ordinance, and shall be effective upon publication.

## SPEAKING for The Record

By BILL SLIGER

It was not surprising to members of the city-township unification study that the majority of the citizens attending the township-sponsored information hearing were opposed to the idea.

Yet, in general, the committee was pleased at the outcome of the meeting.

Purpose of the study in the first place was to determine the feasibility, not desirability, of unification. The public meetings following the year-long study were designed to inform the public of the committee's findings and answer questions.

There were many questions from township residents and most related directly to the cost.

A popular attitude was that the estimated seven mill levy places the burden on the township because it represents a six mill hike in the township and a six-mill reduction in the city.

Closer inspection, however, should clear up this point.

Under consideration in Northville is not the formation of a new city, but the expansion of an old. Many facilities that would normally be required already exist and therefore do not need duplication. These include a city hall, jail, fire department, police department, administrative staff and offices, etc.

A city the size of Northville cannot operate at peak efficiency because it needs physical facilities that could serve far more people with little more, if any, capital outlay.

And when the addition of such an area, like Northville township, is considered, savings are immediately evident. Add to the efficiency quotient the doubling in tax base and you have a millage roughly equal to half the levy now existing in the city producing tax revenues equal to, or exceeding, those now collected.

There should be no surprise at the city levy going down and the township's up under unification... the surprise is that the levy is as low as seven.

Next most important consideration, so far as township residents were concerned, was the need for additional services. Time

# Ex-Resident Still Proud, but Saddened

To the Editor:

You have never heard from me before. Perhaps you never will again. My objective for writing is not entirely clear even to myself. However, being a former Northville resident during the all important formative years of school, I have a compelling desire to communicate with the voting citizens of Northville in regard to the recent millage defeat, as the voice and power of voting is not available to me. I will endeavor to let you know what the recent millage proposal defeat means to at least one former Northville student.

Former teachers of mine at Northville would probably regard me as an average student, an average high school athlete, but one who never showed much interest or desire in the area. However, being able to say that I'm from Northville, went to school at Northville, represented Northville on the athletic field and other ways, has always filled me with pride. More than likely, this feeling is still strong within me.

The study revealed that police protection alone equal to the city's present department would cost township taxpayers 7.85 mills, if undertaken separately rather than through unification.

It was suggested that more cost comparisons should be developed for other services that might be desired.

At any rate, it appears that the unification study committee will not die... at least not immediately. The suggestion has been made that the steering committee review all questions posed at the public hearing and further outline various methods of accomplishing unification.

Eventually, the question of the future status of the community rests with the voters... in both the city and township.

It's interesting to note that "unification," the union of an existing city and its neighboring township, has never been accomplished in the history of Michigan.

There have been "annexations" and there have been total incorporations (such as Livonia). But "unity" in the strictest form as provided by state law has never passed the study stage (at least in research reported by the local consultant).

The steering committee's continued study will reveal why an annexation, rather than unification, has been the rule. It will also point to certain advantages under the provisions of unification.

When all these are known, an informed citizenry may ask for a vote on the question.

my former classmates, as it is with me. There may be doubts being raised on this feeling of loyalty and pride, due to what many consider to be a deterioration of our youth (gang bangers, hippies, etc.) in Northville and throughout the country. There are many who complain about the condition of national, state and local affairs, in regards to politics, civic and social conditions; but there are few who are concerned enough to take action.

What does all of this have to do with Northville? Well, for those who are unaware, Northville has become the epitome and classic example of this attitude of indifference.

Like most of you though, I don't have a simple answer or easy way out, but I would like to offer a suggestion for what it's worth. Instead of just complaining, coordinate and communicate your thoughts and ideas. If you're concerned about school

expenditures, or excessive taxes, investigate and work with your fellow citizens to come up with an answer. Equally important, and so much easier, make your opinions heard by voting.

I question how many citizens failed to vote because their indifference would not let them take a few minutes to drive into town to vote, not only those without school age children, but those that should be most concerned — those with children. My suggestions are by no means unique or novel. They've been repeated many times. It's being done by some citizens now. Once again, however, they are only a small minority and can not be expected to perform miracles for the majority.

The sad result of what is happening to the Newville Public School System is not going to affect me directly (at this time) or my parents, or their friends. At least not tomorrow, or next week, or maybe sometime this school year, or in years to come. The undeniable benefits derived from sports, clubs, activities, etc. were not forbidden to me or my classmates, my brother and his classmates or my parents and their classmates. By taking a serious inspection of conditions as they exist today, wouldn't you agree that one of the primary reasons is because of the indifferent and selfish

attitude of the citizens, regardless of age, number of children and income? As I said previously, I don't have the answers. It's only because of my pride in Northville and what the city has meant to me and my family that I endeavored to communicate my feelings. In my opinion Northville's school system did an excellent job in preparing me for college, not only academically, but also the intangible benefits derived from sports and other activities. Can anyone honestly say that to not make available these important educational activities in question, that have been available to all Northville students in the past, would be a most selfish and unjustifiable act on the part of the citizens of Northville?

My opinions have been formed by talking with friends, relatives and by reading the Record. Perhaps someday I can do more than just sound off by writing a letter. This attempt to show my reaction to the millage defeat may, in the jargon of the athlete make me sound like a "hot dog". However, I want to make it very clear, I wrote this letter out of respect for a wonderful city. One that has many fine people fully capable of resolving the unfortunate school problems as they exist today.

Who is the real Vince Lombardi? That was the question before Sunday night's hour-long special on the now legendary Packers coach, and that's still the \$64,000 question. And chances are there'll never be an answer on TV.

For months CBS ballyhooed its special on Lombardi, promising that at last the riddle of Lombardi would be solved and the real man would emerge from the shadows of legend. But he didn't.

For the simple truth may be that Vincent Thomas Lombardi is beyond normal, human understanding. He has reached proportions of the giant killer, of Daniel Webster, of Caesar. Already he has been immortalized and the task of reducing him to a one-hour special — and doing justice — is impossible.

This, primarily, and among other reasons, is why the CBS special failed. It was a mere replay of the Lombardi motions, without any substantial analysis of the man as a man, without any continuous weaving of his life fabric.

What surfaced Sunday night is what was apparent to football fans to begin with. As George Cantor once put it, "He (Lombardi) is a martinet. He is a relentless, often cruel, taskmaster who can drive his players to more than the maximum effort. He is a despot in cleats."

The words were all there Sunday night: "Nothing to lose." "Run to win." "Pride and dignity." "Hates to Lose." "No game without meaning."

Wonderful. But what happened to the real Vincent Lombardi? I lost him somewhere in the explosive succession of football plays which showed the Packers annihilating opponent after opponent, like a relentless hurricane bent on destruction. Somewhere in that photographic madness was Lombardi.

The special I saw, in technique at least, was no different than the half-hour specials the NFL produces to graphically illustrate the malevolence of the sport. And in this sense, the Lombardi special was no more than a pathetic tribute to the NFL.

What happened, also, to the Super Bowl games? And the rising American Football League? Rather than focus on the Packers' victories over Kansas City and Oakland, the special chose to highlight Green Bay's quest for three consecutive NFL championships. As if the Super Bowl never existed.

Perhaps three consecutive NFL championships was the greater achievement, something no other coach or team had accomplished. But to a man like Lombardi, who obviously has a demonic drive to win, the Super Bowl would at least present a new challenge and one that he would feel compelled to conquer.

Maybe these are small discrepancies. But in a special that portends to tell the life of Lombardi, to probe his innards to see what stuff he's made of, these small discrepancies take on the dimensions of serious flaws.

EVERY YEAR, successful though small family businesses are put up for sale because of the retirement or death of their owners. Often survivors need to get their money out fast to pay death taxes or satisfy other obligations. Hence bargains are by no means rare, though you must scout for them. As a rule of thumb, beware of paying as much as ten times the average annual net earnings after taxes for a going business. Aim to pay closer to five times annual net, and then only if you are satisfied as to location, competition, and the general character and condition of the business.

Anyone seriously bent on buying an existing business should go about it systematically. First, read your own local newspaper thoroughly — news, editorials, and advertisements. Then learn about conditions and opportunities in other cities in which you might like to locate by studying their newspapers just as carefully.

Today, however, this testing technique has been replaced by the door slammer. If the door doesn't fall off its hinges or rattle the salesman, it's worth the down-payment.

# Businesses Increase Despite Red Tape

WELLESLEY HILLS, Massachusetts — Despite the fact that our free enterprise system is fettered by heavier taxes and more government regulations than ever before, interest in starting new businesses still runs high.

Last year, new business incorporations in the United States totaled 206,000 plus. Add to these the number of unincorporated new businesses started and you reach a formidable figure.

Many returning servicemen are seriously exploring the possibilities of going into business for themselves. They seek advice from friends and relatives, from former teachers, and sometimes from businessmen in their home communities. Less frequently do they address their queries to the best of the position to counsel them: Bankers, chamber of commerce officials, and business analysts.

Opportunities still abound in the United States, but a good deal more than hard work is needed to take advantage of them. Veterans and others desiring to enter business as proprietors must be adequately financed, know well the field in which they plan to operate, and be prepared psychologically as well as financially to endure disappointments and setbacks (including bankruptcy). There is no easy road to success, and the business mortality rate is heavy.

MOST BUSINESS consultants caution against returning veterans starting new businesses immediately, even in cases where they appear well financed and well acquainted with the field. One obvious reason is that most returning servicemen have been away from civilian pursuits for two, three, or more years and are out of touch with what is going on in business in the nation or even in their own communities. They need time to get their feet on the ground and to think their plans through. Also, many of them have had no prior business experience.

But perhaps the biggest stumbling block is the high start-up cost in most businesses. Even with all other signals "go", individuals starting businesses today soon discover how quickly these costs can eat up what seemed initially to be ample capital funds.

Broadly speaking, even the well-heeled veteran who is apparently able to finance a new business venture without taking on an unrealistically heavy debt burden would do better to spend two years at a school of business administration or as an employee in his chosen line. And then he might be smarter to buy an existing business at a reasonable price than to start one from scratch.

EVERY YEAR, successful though small family businesses are put up for sale because of the retirement or death of their owners. Often survivors need to get their money out fast to pay death taxes or satisfy other obligations. Hence bargains are by no means rare, though you must scout for them. As a rule of thumb, beware of paying as much as ten times the average annual net earnings after taxes for a going business. Aim to pay closer to five times annual net, and then only if you are satisfied as to location, competition, and the general character and condition of the business.

Anyone seriously bent on buying an existing business should go about it systematically. First, read your own local newspaper thoroughly — news, editorials, and advertisements. Then learn about conditions and opportunities in other cities in which you might like to locate by studying their newspapers just as carefully.

Today, however, this testing technique has been replaced by the door slammer. If the door doesn't fall off its hinges or rattle the salesman, it's worth the down-payment.

Despite the gigantic increase in verbiage, missing from the latest edition is the cure for baldness — rubbing the head with a freshly cut onion "until it is red and itchy" — that appeared in the first.

increase the number. Apol is concerned that many voters will not be aware of the referendums "hidden" in the maze of office seekers. It is a well-founded fear.

AN IN-DEPTH study of the 1961 Spring Election conducted by Apol showed a significant difference in behavior of voters using paper ballots than those using machines. Almost 18 percent of those casting ballots by machine did not vote on the new Constitution proposal. For those voting by paper ballot, the number was only 2.5 percent. Although many factors could have affected the machine-voter drop-off, Apol believes that many voters simply did not notice the proposal on the voting machines.

"When someone votes by paper ballot," Apol says, "he looks at each ballot individually. Whether or not he chooses to vote on each proposal is immaterial. At least we are pretty well assured he has seen the questions." When using a machine, Apol points out, the voter may not be aware of the propositions placed near the top of the ballot, close to the instructions.

THE AUGUST Primary Election showed the same trend in voter drop-off, although some improvement has been made since 1963.

Rep. Russell Strange (R-Mt. Pleasant), chairman of the House Elections Committee, says, "This has been a matter of growing concern during the 12 years I have served on the elections committee. I have been involved in five Legislative recounts and have noted the voter drop-off on propositions, particularly in Presidential elections."

Both Strange and Apol feel a study is needed, following the November election to determine the best way to deal with the problem. Strange notes that many Legislators share his concern. Rep. Louis Schmidt (R-Livonia) has requested a joint study be conducted by the House Elections Committee and Apol's office.

VARIOUS METHODS to draw attention to proposals on voting machines have been tried, says Apol, but no one solution seems best.

A multi-color face of red, white and blue seems to be most effective.

Strange believes the method will probably be made mandatory. He notes that local voting precincts are now permitted to use the strips but many do not. "Depending on the results of our study, there is a good chance the 'red, white and blue' designation for propositions, partisan and non-partisan questions will be adopted as a standard."

A numbering system was also used on an experimental basis but many of the county clerks ran into complaints, says Apol. The system used oversize numbers to designate steps for the voter to follow when casting his ballot. Arrows pointed to questions which corresponded to the numbers. Some candidates complained that the numbers pointed to their opponents' names, and many complained that the arrows pointed to "yes" or "no" on proposals, thus influencing voter decisions.

PRINTED INSTRUCTIONS and verbal reminders have been used in some communities, and a facsimile of the face of the voting machine must be posted outside of voting booths.

Mechanical innovations may be in the offing. Apol has written to manufacturers of voting machines asking that they investigate installation of special lights or lock-releases to assure complete scrutiny of the ballot.

Since approximately 87 percent of all voters in Michigan use machines to cast their ballots, it is important that an effective solution be found.

## Top of the Deck

From a newspaperman's mailbox: JAMES THURBER once served as a rewrite man for the Post during his youth, Columnist Bennett Cerf recalled recently.

The Post's editor had a mania for short lead sentences and frequently lectured Thurber on the subject. Thurber finally ran this lead on a page one story:

"Dead. "That's what killer Joe Cocochum was when police found him in an alley yesterday."

IF CATS really do have nine lives, the wild Canadian lynx, once listed as extinct in Michigan, is a good example.

During the past decade hunters have taken enough of these animals in Michigan to prove conclusively that the lynx has risen from the dead, reports WSU Biologist William Prychodko.

CHESTER ZAWISLAK, director of the state income tax division, took a newspaper mistake in stride.

## Deck

The newspaper erred in giving out the conservation department's telephone number so outdoorsmen could fire off their complaints about the state's proposed angling seasons.

Said Zawislak, up to his ears in phone calls, "We can't do anything for the fisherman and taxes are out of season."

WAYNE EAGLE columnist Rosemary Kozielski, who wears her hair shorter than those she defends, climbed up on the soapbox last week and declared:

"The next time somebody with a spray deodorant mentality starts bugging me, I'm going to tell them about the greatest bearded, peace-loving, sandaled, long-haired kook of all times — Jesus of Nazareth."

# Volkswagen leaps into the present.

With a fully automatic transmission.

If you bet a friend we never would, we almost didn't.

10 years ago the decision was made. To design a fully automatic transmission. The kind you put in drive and forget.

Our aim was to make things easy, but for us changes aren't easy to make.

Especially in this case. There were certain things we just didn't want to lose.

Like horsepower, and our reputation for being economical.

What we've ended up with is a 3-speed

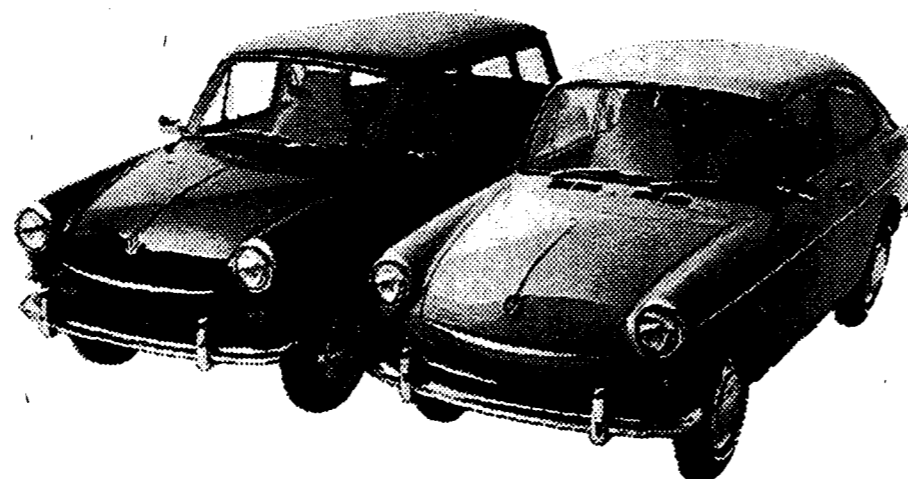

automatic transmission that's pure Volkswagen—designed from scratch to get the most out of the VW with the least expenditure of effort. It has the fewest moving parts.

It's the lightest per horsepower output. And it's incredibly sensitive. (A model airplane engine is powerful enough to turn it.)

So come see how far Volkswagen has come.

The Squareback and Fastback. Both have disk brakes, an electronically controlled fuel injection system, and now, a fully automatic transmission.

If you're interested, it's available as an option on our '69 models. If you're not interested, we sure went to a lot of trouble for nothing.

## Esch, Vivian Attack President's Vietnam Policy

### INTERVIEWS Campaign '68

#### ESCH

Are we going to accept the mistaken idea that federal money will solve our problems? That one question, declares

Congressman Marvin Esch, GOP candidate for re-election in the Second Congressional District, is the all-important one in this year's Presidential election.

Vietnam, crime in the streets, education—all are important election issues—but the role of the federal government in solving social ills is the overriding issue, he contends.

Among other statements made by the congressman in an interview with this newspaper were:

—Unlike many Republicans, he

opposes the Johnson administration's policy in Vietnam. —Of the GOP nominees put forth in Florida, the first preferred Michigan Governor George Romney as the most ideal presidential candidate and second, New York Governor Nelson Rockefeller.

—With Richard Nixon as his party's standard bearer, he is finding a "party spirit" of enthusiasm and party unity in the Second Congressional District.

### INTERVIEWS Campaign '68

#### VIVIAN

Although it may spell political suicide, the Democratic candidate for the Second Congressional District, Wes Vivian, opposes the Johnson

administration's Vietnam policy and vigorously attacks Governor George Wallace.

The former congressman, who seeks to regain the seat lost to GOP Congressman Marvin Esch two years ago, candidly admits, too, that Eugene McCarthy, Ted Kennedy, and particularly George McGovern better represented his views than does Vice-President Hubert Humphrey and that the candidacy of any one of these three men probably would have enhanced his own candidacy.

Nevertheless, Vivian is convinced that the Vice-President's current pro-administration views on Vietnam will soon change significantly and that Humphrey will take a stand on this issue more closely identified with that of his own.

"I don't see the American's presence there (in Vietnam) as having any more benefit to the United States and very little for the South Vietnamese," declared Vivian when questioned by this newspaper.

## Woman Killed, Driver Arrested

A 20-year-old Union Lake woman was killed instantly last week Tuesday night in a spectacular two-car collision

on East Lake Drive. Pronounced dead at the scene was Marcella Elsie Hatfield, who, according to police, was riding in her car driven by Gerald E. Weaver, 24, of 42479 Thirteen Mile Road.

### Bicyclists Hit By Car, Hurt

Two Novi boys are reported in good condition at Botsford Hospital after their bicycles were struck by a car at 5 p.m. Monday on 10 Mile road near Beck.

Bruce Simmons, 14, 46320 West 10-Mile, suffered a broken hand and had 47 stitches taken in his groin. The other bicyclist, Gary Whitfield, 13, 24120 Linwood, suffered cuts and bruises on his right leg.

The accident occurred when Malcolm J. Detlefs, 29, of 41151 McMahon Circle, driving west on 10-Mile in his 1965 Tempra, swerved to avoid hitting William R. Little, 77, of 47430 10-Mile who was standing in the road.

Traveling at 65 MPH, the Detlefs car skidded 300 feet, Novi police said, before striking the two boys and sliding into the ditch. Detlefs was not injured.

Both boys stated to Novi police at the scene that the vehicle had swerved to avoid hitting Little. They were taken to Botsford by Casterline.

Upon release from Pontiac General Hospital, Tuesday, September 24, where he had been taken with a broken leg, cuts and bruises, Weaver was arrested by Corporal Dale Gross of Novi police and brought before Justice of Peace Emery Jacques on a charge of involuntary manslaughter. Justice Jacques released Weaver on his personal bond of \$1000 and set October 3 as the examination date.

Driver of the second vehicle was Karl Kovach, 51, of 48225 West Road, Wixom. He suffered cuts and bruises, and a head wound required six stitches.

According to Detective Corporal Gordon Nelson, who investigated the accident, Miss Hatfield's car was to north-bound when it left the roadway at high speed, traveled 196 feet with two wheels on the shoulder, skidded another 80 feet sideways down the highway and slammed into Kovach's car headed south. Upon impact, the fatality car flipped into the air and its rear end lodged on the engine of Kovach's car.

The victim was imbedded in the passenger's door.

Both cars were demolished.

It's becoming more and more apparent as work on the Novi city charter progresses that earlier approval of individual sections merely represents the calm before the storm.

Although the bulk of the charter has already been written and tentatively approved, final approval awaits completion of the entire document. And at that time, old disputes are certain to spark renewed debate.

In the schedule of events, final commission approval comes just before the document is submitted to the attorney general for his stamp of approval, before publication and distribution of the proposal to the public, and before voters vote on it.

During the past months, the commission has voted approval of each section it completes. And each time disagreements have arisen, it is emphasized that the disputed issues can be reopened for discussion upon final approval. Many non-unanimous decisions have been made, but relatively few have been over major issues.

Type of government—manager versus strong mayor—is one of the major issues likely to come up again, although the commission has already voted to go with the city manager. Similarly, that portion of the charter dealing with the director of public safety will come up for another round of debate—as it has for the past several weeks.

One of the reasons for repeated debate on the latter issues is that two or more sections of the proposed charter concern this post directly or indirectly. Thus, while the section establishing the post has already been approved—although not unanimously—subsequent chapter also discuss it, thereby feeding further debate.

Last week, for example, the commission took up the chapter dealing with the functions of the director of public safety and related personnel. In a split vote (5 to 2) the commission voted to provide that the

### Time to Register

Voting age residents who have not registered have until 8 p.m. Friday, October 4 to become qualified electors for the November presidential election.

City and township clerk offices will be open during normal hours daily for registrations and, in addition, on Saturday, September 28 from 8 a.m. until 5 p.m. and the final day, October 4, from 8 a.m. until 8 p.m.

city council serve as the board of health and that the health officer be appointed by the director of public safety.

In other actions last week, the commission voted to provide for "at

least" three public meetings involving special assessments. The first is to be a preliminary hearing in which preliminary costs are stated; the second will be for the purpose of further discussion and detailing of "firm" cost

estimates; and the third or final hearing for confirmation of the special assessment role. The proposal passed unanimously although two members—Joseph Crupi and Fred Buck—were absent.

## Wixom Council Up in Arms

A "firearms fight" between citizen Lloyd Croft and Police Chief D'Arcy Young highlighted Tuesday's Wixom Council meeting.

Croft, who claimed he had brought three guns to Young in 1962 to be registered and returned to him, sought the return of the third of these weapons. Young claimed Croft had not brought the guns to him until 1964.

Council considered the ensuing argument about when the registration proceeding was begun to be of no consequence and sought speedy settlement of the case.

Croft produced a receipt he had written out for the gun in question and stated that he would be willing to give it to Young in exchange for the firearm.

Young argued that he needed the original receipt for all three weapons in order to keep his records straight. At this point council requested Chief Young to receive Croft's receipt in fair exchange. After further discussion, the exchange was finally effected.

During the "call to the public" portion of the meeting, Croft raised a question concerning why citizens were requested to register firearms when the police did not prosecute hunters who were caught trespassing on private property. Mayor Wesley McAtee said the matter would be investigated.

A number of other citizens of Wixom spoke up as well. Most complaints were directed at needed road repairs. Councilman R. W. Lahti pointed out that Oakland County seemed to be running a bit behind in its obligations, perhaps due to the millage deficit in the primary election. Neal Taylor felt that the serious problems on Flamingo Road should be corrected despite this situation. Council was in agreement here, and felt that something might be done by the city if costs weren't prohibitive.

Attorney Gene Schelz reported that an enabling act for establishment of water systems in Wixom is being worked out and will be mailed to council prior to the next regular meeting. Council agreed to vote on this

matter at the October 8 meeting. Appointments took up the remainder of the council's agenda for the meeting.

Mayor McAtee suggested that Fay Wana, city treasurer, was the best and most logical appointee to the post of city assessor, primarily a signatory office connected directly with city finances. Council agreed and the appointment was accepted.

Delegates chosen to the annual MERS meeting concerning the proposed amendments to the Retirement Act to be held at the Pantlind Hotel in Grand Rapids on October 16 included: for the city Councilwoman Lottie Chambers and

alternate, Councilmen Charles McCall; and for the employees, Robert Wagnitz and alternate, Donna Thorsberg.

Mrs. Neal (Donna) Taylor was reappointed beautification representative.

Council also was required to draft a resolution to permit city employees to have money taken from their checks to pay for their insurance. A resolution was adopted to adopt a resolution drafted by council attorney Schelz in this matter.

Adjournment for the council and the 25 to 30 interested citizens in attendance came at 9:01 p.m.

## Adult Education Classes Slated

Registration for adult education classes will be held three days next week, Richard Hendrickson, director of adult education for the Novi Community School District.

Hours for registration in the high school commons will be from 6:30 p.m. to 8:30 p.m. on Monday, Tuesday and Friday, October 4. Students also may register by mailing their checks and indicating the courses they wish to the Adult Education Program, Novi High School.

Following are the high school credit courses to be offered:

English, general mathematics, bookkeeping I, biology, American government, plane geometry, typing (beginning), and chemistry (beginning).

All credit courses will meet twice weekly on Tuesday and Thursday evenings between 6:30 p.m. and 8:30 p.m. or between 8:30 p.m. and 10:30 p.m. Fee for each credit course is \$18.50, which does not include textbooks. Credit courses will run for 11 weeks, beginning October 15.

Non-credit courses to be offered are: Ceramics, typing, cake decorating, father-son workshop, drafting and blueprint reading, senior citizens seminar, advanced woodworking seminar, and women's physical fitness.

Non-credit courses will meet on Wednesday evenings between 7 p.m. and 9 p.m. beginning October 16. Fee for each non-credit course is \$10, which does not include any needed supplies. Non-credit courses will last for 10 weeks.

If classes are not filled the students will be notified and his money returned. No money will be refunded after the second meeting of the class.

Hendrickson will meet with all students who are taking credit courses and who are under 20 years of age (as of August 31, 1968) on Friday, September 27 in the Novi high school commons.

Additional information about the adult classes may be obtained from Hendrickson by calling the high school, FI 9-5155.

FIRST YEAR TEACHERS—were feted, together with other teachers, at a dinner given in their honor last week by the Novi Board of Education. The new teachers are: (seated, left to right) Miss Jane Harris, Mrs. Geane Foreman, Mrs. Fred Gerhardt, Mrs. Keith
