

Major Bond Issue Decided by Few

A poor turnout of citizens - about half the size that had been expected - on Monday decided a \$4,475,000 bonding issue - the largest in the history of Novi Community Schools.

Need for Spare At City (?) Hall Arouses Mayor

This is a crucial period in the growth for the City of Novi and Mayor Joseph Crupi's recent observation that we must properly staff and house municipal administrative forces is a timely observation.

Makes Offer to Ackley Council Set for Change

The City of Novi Council offered City Manager Harold Ackley the post of assessor on Monday in a move apparently designed to make way for the appointment of a younger man and to take advantage of Ackley's many years of governmental experience within the community.

Cityhood Known To New Manager

The new Novi city manager, expected to be officially appointed within the week, is a veteran in municipal government who recently administered the City of Flushing's transition from a village and who will inherit a similar responsibility here.

More Cabs Supported By City

A second taxi cab agency for the City of Novi today appears to be a small technicality away from reality after City Council concluded a lengthy argument Monday with a 5-2 vote supporting issuance of two new licenses.

DALLAS ZONKERS

McAtee Challenges Request by Utility

An appeal by Detroit Edison Company to be allowed to service an auxiliary building at its storage yard in Wixom by septic tank rather than through the public sanitary sewer received a cold reception from Mayor Wesley McAtee last week before being referred to engineers for their recommendations.

Wixom Fears Hardship

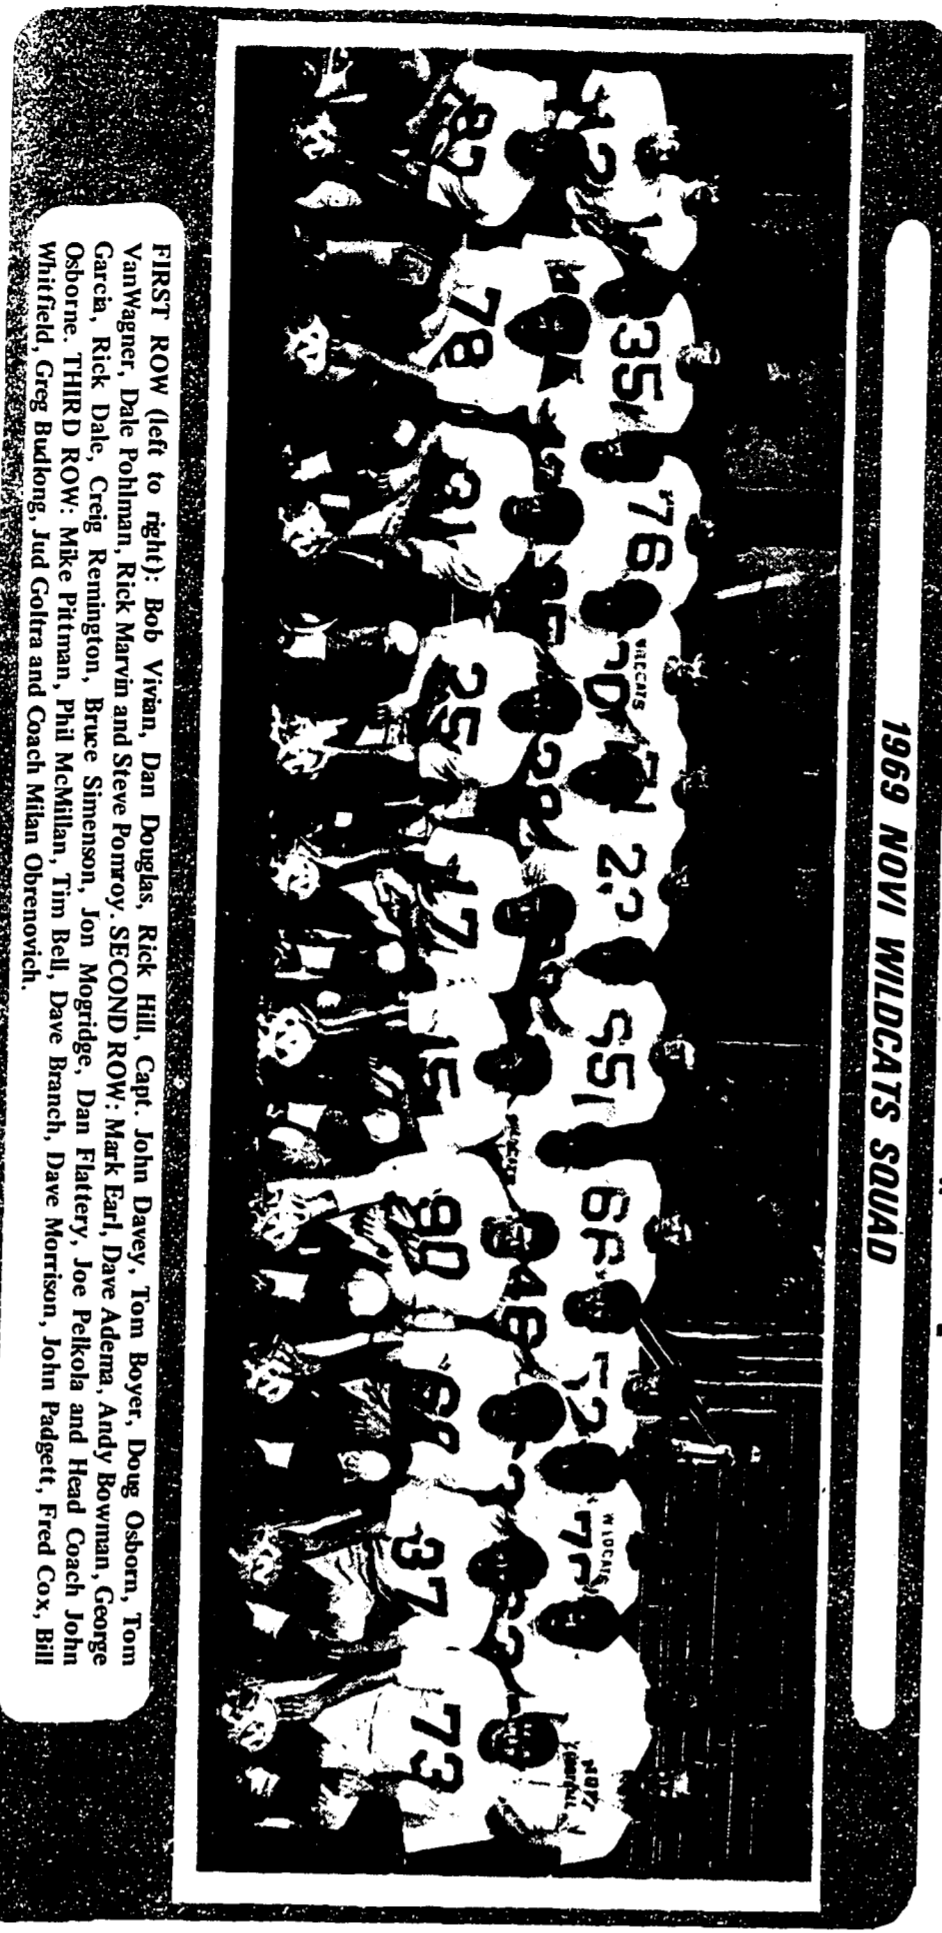

A weed ordinance introduced by Councilwoman Lottie Chambers reluctantly bit the dust before the Wixom City Council last week with opposition claiming the measure was premature for prevailing wide-open spaces in the community.

Weed Ordinance Wilts

"I think the City of Wixom, in view of the wide-open spaces we have, is not ready for such an ordinance at this time," Councilman Gunnar Mettala stated.

At this crucial time here, the city cannot afford to lose a man as close to government affairs as Ackley, And Ackley, who personally has made so many sacrifices to guide the community in its development to date, owes it to himself to remain aboard for fear that all he has worked for could be lost.

WORLD UNIVERSITY OFFICIALS confer on the new idea in education advanced by the University. Dr. John H. Zitko, left, founder and chairman of the board, talks with one of the University's eight trustees, Dr. Willis Hunting, right, 42865 Seven Mile Road. Zitko was in Northville last week in connection with World University accreditation of the Montessori training school near Pontiac. Based in Tucson, Arizona, the World University was created 20 years ago from the World University Roundtable. The college's objectives include peace, order, society and culture on a world basis. Students under the self-study programs are allowed to study courses at their own chosen pace. Instructional seminars replace the classroom for group work. Colleges affiliated with the World University include Montessori Academy of Southern Arizona and the North American Regional College, Tucson, Arizona; Great China Arts College, Hong Kong; St. Olav's Academy, London, England; and Remo Commercial College, Nigeria.

MUSICAL MINISTRY — Roger and Donna Rose of Owosso will present a program September 27 at a meeting of the Christian Women's Club. Billed as a program of musical ministry, the meeting will be held at Lofy's Restaurant in Plymouth. See story on Page 2-A.

PTA's Plan First Events Of Season

New mothers to Amerman school will meet PTA officers at a welcoming coffee at 9:30 a.m. next Tuesday at the school. They also will be greeted officially by William Craft, school principal. Invitations are in the mail to new mothers to the community and mothers of kindergarten youngsters with replies to be made to PTA board members, Mrs. James Knox, 349-0432, or Mrs. Diane LaMoreaux, 349-2656. Baby sitting for preschoolers will be available in room 11, Mrs. Kenneth E. Goldi, social chairman, is in charge of arrangements.

New room mothers at Main Street School will be honored at a tea next Wednesday. The tea given by the PTA, will be held in the school library beginning at 2:30 P. M.

The date of the fall open house at Main Street School has been changed due to conflicting dates with other schools. The open house will be held Thursday, October 2.

Committee chairmen for the coming year were chosen at the September 11 meeting of the executive board. They are:

Luncheon chairman, Mrs. Frederick Bentley (349-3282); membership, Mrs. Frank Jones (455-3147); refreshments, Mrs. Danile Swayne (349-5682); publicity, Mrs. Edgar Exelby (349-4835); library, Mrs. Frank Stulock (349-2308); room mothers, Mrs. George Wolfe (349-2643); hospitality, Mrs. Paul Folino (349-1473); and coordinating council representative, Mrs. Keith Wright (349-9956).

Annual fall open house at Moraine school is scheduled for 8 p.m. Thursday, September 25. Classroom visitation will follow the PTA meeting.

New parents will be welcomed by Principal Milton Jacobi and PTA officers at a 7:30 p.m. reception preceding the meeting.

A tea for room mothers will be given by the PTA at 2 p.m. October 1.

Film Strip Tops History Agenda

"New" is the key word for the Northville Historical Society as they begin the 1969-70 season. Coupled with the new season will be new ideas, a new place to meet and a new meeting night.

Beginning September 25, the Historical Society will meet the fourth Thursday of every month at the Scout Building on West Cady Street. Meetings will begin at 8 p.m. Club president Mrs. William

Cansfield reports the first program will be presented by Miss Linda Kate Edgerton. She will present a slide series, created by the society, entitled "The Pleasures and Treasures of Northville," a living color report of Northville's past and present architectural treasures.

Highlighting the presentation is the old library building on Wing Street, currently housing the Township offices. The society plans to preserve the building for use as a museum for the archives of local history compiled by the group.

Meetings are open to all who are interested in the goals of the Historical Society. For further information contact Mrs. Cansfield at 455-2343.

RE-DEDICATION — A short groundbreaking service, referred to as a "re-dedication" since part of the church still stands, officially recognized the start of construction — already well underway — of the new sanctuary of the First Presbyterian Church of Northville. The Reverend Lloyd G. Brasur (left), pastor, and his assistant, the Reverend Timothy C. Johnson, conducted the service while church officials, members, and building personnel joined in for the traditional shovel-turning.

Is business so good you'd turn down a chance to make it a whole lot better?

Nobody's business is so good he can afford to turn his back on an extra 1,200,000 Michigan shoppers who will soon have all the advantages of a new charge card. MASTER CHARGE® America's busiest charge card, is coming to your trading area in a big way. And a whole new army of local shoppers will join the growing list of 20 million MASTER

CHARGE cardholders nationally. With nearly 500,000 businesses in 18 countries and in all 50 states, shoppers can use MASTER CHARGE in more ways to buy more things than any other card. We bill once a month. There are no membership fees. And MASTER CHARGE cards are fully insured against loss or theft. On the merchants side, we give

low-cost mailings to cardholders in any ZIP code mailing area. And market information about your sales volume and how it compares to similar businesses in other areas. Besides reducing receivables, billing and collection problems. Being in business today isn't easy. MASTER CHARGE will make it a lot easier. If our people haven't called you yet, call us.

Downs Donation

Continued for projects that the council plans to carry out, with or without the donation.

William Gaab, a citizen in attendance at Monday's meeting, urged a public statement because of the rumors he had heard that the offer was "some kind of bribe." Gaab, who stressed that he favored acceptance of the offer, said the people should be told what the money is to be used for. Carlo's offer stipulated only that the money be used for street and parking improvements in the city.

Ollendorff reminded the audience that street and parking improvement is part of the five-year program already approved in principle by the council. Furthermore, he noted that plans for extension of Griswold and Wing streets have been individually approved by the council, and that both were indirectly approved several years ago with the adoption of the city master plan.

As for parking improvements, the city manager pointed out that specific projects await a final report and recommendation of the citizens' parking authority committee. That report is due within a week, he said.

It was noted again Monday night that the donor probably was influenced to make the offer for two reasons: One, the money is tax deductible, and two, he probably hopes to prod the council to move along faster with its

plans, which inevitably will benefit the race track directly or indirectly. According to Ollendorff, construction of the Wing Street extension probably will begin next spring. The "very earliest" start for the Griswold project, he said, will be late next summer.

Specifically, the Griswold project involves extending the street from Main Street through several private properties to Beal Street, and Beal to South Main Street. The project will involve the acquisition of some 18 privately owned parcels (only one, the Herman Hartner, Sr. house and property has been purchased to date) and is expected to cost between \$300,000 and \$400,000. Application for federal aid to acquire properties has been made by the city.

The Wing Street project involves extension of the street south through private properties (owned by former Councilwoman Beatrice Carlson and her son) to Seven Mile Road and widening of Seven Mile to four lanes from Wing to Sheldon Road. Engineering for the project has been completed and paid for. Approval has been received from Wayne County and only relatively minor plan adjustments remain to be resolved. The project is at a point now, explained Ollendorff, that advertising for bids could begin immediately. However, because of recent high construction bids received on another project, bidding probably won't begin until next spring.

5 Year Program

Continued building authority bonds for parking property purchases, separate building authority bonds for purchase of park property for Maybury special assessment bonds for street and sidewalk improvements, water and sewer revenue bonds, and general obligation bonds for such things as new street construction."

Ollendorff said the tight bond market in Michigan could very well "kill" the city's plan for purchasing Maybury property for park purposes.

Among those projects, listed within the five-year program, that either have been started or for which money has been earmarked are:

Water and sewer improvements — Construction of a short sanitary sewer line on North Center Street is about three-quarters finished, and the city is in the process of purchasing standby sewer capacity.

Street paving — Construction of new surface for Hill and Center streets is to start this week; resurfacing of some Northville Estates streets has been completed; reconstruction of the Allen Drive-Novi Road intersection has been approved and is about to be started by city crews; and \$40,000 has been budgeted this fiscal year for the Wing Street extension.

Parking — The city has committed itself to purchase parcels of property for parking at a cost of \$96,000.

Tree planting — The city budgeted an additional \$1,000 for trees.

Buildings, major equipment and bridges — The city has advertised for a new fire truck, is rebuilding a wing of the High Street Bridge, and is about three-quarters finished with an addition to the city garage.

Storm drains — The storm drain in the north portion of Northville Heights subdivision is about half finished.

Sidewalks — Of the nearly 41 properties to receive new sidewalks, 11 have been installed.

While the council has not yet approved the parks and housing improvement section of the program, it did budget \$40,000 for park purposes this year. In addition, an offer to purchase part of the Maybury property has been made and work is progressing on plans for developing the fish hatchery property.

Voters League Slates Tour

A bus tour of historical highlights in Northville and Plymouth has been scheduled for Tuesday.

The tour, sponsored by the Provisional League of Women Voters of Northville - Plymouth, is open to all interested women in the area.

He Understands Cityhood

Continued pending in many areas of this city. The administrator has 12 years of municipal government experience after having graduated from Jackson High School and Jackson Community College. He

also has studied organizational management at Michigan State University and Northwestern University and is an armed forces veteran.

In 1946 he was appointed the first director of public housing for the City of Jackson and in 1948 he became purchasing agent. He was promoted to assistant city assessor at Jackson in 1952 serving until 1954 when he became assistant manager at the Jackson Chamber of Commerce.

Zonkers moved to Manistee in 1958 as manager of the Chamber of Commerce and from 1959 to 1964 he was a Chamber of Commerce manager at Albion.

He served beginning in 1964 as city manager in Hudson before assuming his duties at Flushing in 1965. Flushing is a city of about 6,200 population. He reportedly will work at an annual salary of \$15,000.

Delegates Tap Local TAR Rep

Miss Mary Egbert of Northville has been elected Regional Alternate to the Michigan Teen Age Republican (TAR) Advisory Council by the Region No. 7 delegates to the 1969 TAR Camp.

Region No. 7 consists of Lapeer, Macomb, Oakland and St. Clair Counties.

Miss Egbert, an 11th grader, is the daughter of Mr. and Mrs. Earl L. Egbert, 20901 Chigwidden. Named as Regional Alternate with her was Miss Elena Pleskacz of Royal Oak. Elected as their Regional Representatives were Miss Joyce Burch of Birmingham and Robert Tice of Orchard Lake.

Local Horses Win Honors

Two Morgan horses owned by Mr. and Mrs. Ernest Lusk, 22243 Napier Road, won ribbons at the Saginaw Fair last week, marking the fourth time they have been shown and placed in area shows recently.

At the Saginaw Fair, September 10-13, their two-year-old stallion, "Renown," placed second in his class while "Shelby Gael," a yearling filly, placed third in her class.

Previously, they were shown and placed at the Michigan State Fair, the Tri-City event in Detroit and in the All-Morgan show.

Having won top honors in midwestern competition earlier this month, 14-year-old Melanie Cole will participate in the International All Morgan Horse Show running October 3-5 at Syracuse, New York.

Melanie and her Morgan, Punctuality, won top honors in the regional show at Springfield on September 5-7 with a first in youth horse in harness and three firsts in English pleasure class. They also had a second in open pleasure driving.

The daughter of Mr. and Mrs. Robert Cole, 356 Fairbrook, Melanie is a freshman at Northville High School.

Trustees Express Views

Baldwin Continued
The fire department, then police, then maybe public works, rather than to try to set these departments up ourselves. Township government can't handle it.

Unification need not come next year. I personally think there are other things the township should be doing, perhaps with the help of the city ... to try to prepare ourselves. One of the things might be road development and improvement. I'd like to see some of the roads paved while the county has responsibility.

We're together (city and township) on the library and to some extent recreation. Two or three years from now (unification) could be a very comfortable transition, very comfortable and natural. I think it's the responsibility of the township board to be looking ahead to that. We just can't ignore the clear indication of what's coming.

If annexation comes, through our lack of cooperation, it's going to hurt the township. Ordinarily, annexation takes the best and leaves the worse.

When a person has chest pains, he goes to a doctor. He may not like the answers, but he does everything to maintain his health because the fact is there. So you take precautions to live to a ripe old age.

But if you were to proceed like our township board is, you would be taking very evident signals of some problems and treating them with aspirin. What they're doing is calming the pain now, and not looking into the future to where they're going.

I don't think if many of the citizens of the community would come in and see what's going on, they would accept it.

What I'm suggesting doesn't need to mean increased taxes now. If someday in the future it does appear that provision of services will become costly, we then can make a very easy transition. And if we don't start doing that now, all we're going to do is encourage a separate duplication of effort so that at that time in the future it's going to cost more.

I can see us moving in the direction of contracting for minimal services, then at some point when we reach the full millage we would start to provide the services we would be in a better position than if we continue to go in the direction they're going now.

I'm very much afraid the way we're going now - increasing police work, more manpower and at some point administrators - that when we get to that point we'll be so far committed that then we'll have one large tax increase.

With a police force you're going to have a jail sometime. If you arrest people, where are you going to put them? Right now you haul them to Wayne county jail. You'd have to have housing for the vehicles, a place to put the fire engines, sooner or later administrative people in township hall beyond what we have now.

It just seems foolish to me to see the handwriting on the wall and see an administrative structure already here (in the city) with a DPW, city hall, and to decline to attach yourself to that and add people one-by-one.

Straub Continued
interested in it then and nothing like that was ever said. And the fact that everyone on that street and everyone in the area signed the petition (recently) is, as far as I am concerned, proof that it is an erroneous statement. I don't mean that Bernie (Baldwin) made it maliciously but it is not a fact.

Council Orders Study Citizens Seek Traffic Signs

A traffic study of streets within Northville Estates subdivision was ordered by the city council this week on the heels of a citizen petition for stop, yield and caution signs.

Council members ordered the study and immediate installation of several caution-children at play type signs after hearing a plea from Dennis Roux for stop, yield and caution signs to protect children of the subdivision.

Roux, who presented a petition containing signatures of more than 40 residents of the subdivision, complained that speeding cars, especially on Chigwidden Drive, are endangering the lives of children. To slow traffic, he asked for a two-way stop sign on East Chigwidden at Gramere with a yield right of way on Gramere; a two-way stop at Elmsmere and Chigwidden; and two-way stops on Elmsmere at Stunstead with yield sign on Stunstead.

City Manager Frank Ollendorff recommended that the stop and yield signs not be installed, noting that the city has experienced an increase rather than a decrease in accidents where such signs are erected. He cited Base Line and Center Street as an example.

However, the manager suggested a traffic study to determine need. His suggestion was accepted, but the council ordered caution signs be placed immediately. Furthermore, it was pointed out that the study should consider advisability of installing artificial bumps in the road to slow traffic.

Councilmen Paul Folino and Wallace Nichols moved for immediate installation of the bumps as an experimentation but motion was defeated, 3-2.

Results of the study are expected to be ready next week.

.....
Sidewalk width requirements for (5 feet) were waived in Thompson-Brown's subdivision south of Eight Mile Road at Taft in view of the fact that the firm had been told earlier that the required width is 4-feet. Most existing sidewalks in the city are 4-feet wide.

.....
The council approved written qualifications for an assistant director of public works, thus setting the stage for advertising for applicants. The

NORTHVILLE LODGE NO. 186 F. & A.M.
Regular Meeting Second Monday
Herman F. Reinshackel, W.M.
Robert F. Coolman, Sec.

.....
QUESTION: Can you give us an example of Mr. Smith's thinking that you like?
STRAUB: Well, Bill is opposed to the Haggerty Road zoning, even though his reasons are a little different than mine. I like his reasoning.

.....
QUESTION: You may not like this question, but are you a member of a "bloc" with Treasurer Alex Lawrence and Trustee Richard Mitchell?
STRAUB: I think that's a fair question. On the trustee vacancy, yes. Now I don't know if you can consider that a bloc or not. On this particular issue we did agree to stick together beforehand. On other matters I've voted strictly on my own. I don't know how they will vote anyone than you. We don't get together before a meeting and say we're going to do this or do that.

.....
QUESTION: What truth is there to the conjecture that your "bloc" vote further indicates an opposition to city thinking?
STRAUB: That, of course, is a question that has been discussed ever since I've been on the board. However, I'm not going to talk for anyone else on the board - just for myself. I am anti-unification. I do not believe, as has been stated, that the city's millage, which is now 13, can be reduced to 6 mills and still have services extended to Napier and Eight Mile, to Napier and Five Mile, to Haggerty and Five Mile, and to Haggerty and Eight Mile. You cannot increase those services and reduce the tax to 6 mills or 7 mills. I don't believe that's possible any way at all.

.....
Suppose a man's got 100 acres of ground in the township and it's worth, let's say, \$3,000 an acre. Theoretically, it's assessed at \$1,500 an acre. He's got a \$150,000 assessed valuation. All right, you put 10 mills and what's he go? He's got \$1,500. What benefit has he, a farmer, got from being in the city? What's he going to get for it? You're not going to put these services out to those people. They will reduce it to 6 mills but they will not furnish any service to the township people for that. I haven't had any unification person tell me that man with 100 acres is going to get for his \$1,500.

Chatham Food Centers, headquartered in Warren, has revealed plans to build a large supermarket on the property if the zoning change is granted. The property is under option to Chatham.

Plans call for a 21,000 square foot store, similar to the store the firm has at 12 Mile and Telegraph Roads. Presently, Chatham is operating 24 stores.

Earlier, Northville's planning commission conducted its own hearing on the request and subsequently recommended the zoning change to the council.

ALOOSE LEAF
By ROLLY PETERSON

This is the week that everyone has been waiting for, according to commercial fanfare. You might term it "Debut Week" and you wouldn't be far from wrong, not as far as television is concerned. This is the season when the three major networks make their bid for prime time audiences.

The battle for ratings should be quite a show, probably most of the situation comedies, low dramas and serializations coming up in '69-70. Unfortunately, the networks will have to wait until mid-season before dumping the insipid stuff that not even an educated ape would watch.

So it stands to reason that one, at least one, should become emotionally involved. Doctors can be humanists, too. Dr. Ben Gould is such a man. Irrational, tardy, but human. When a patient of his is on the brink of death, Gould reluctantly - and only at the last minute - gives permission for a transplant.

Miraculously, the patient revives to the point where modern medicine saves his life. Dr. Ben Gould's personal involvement, his commitment more as a human being than as a man of medicine, saves a life.

Perhaps some people, doctors too, would condemn the episode as being hoocus-pocus, a nice bit of sentimentality. Life doesn't work that way, it might be argued. The practice of medicine must be scientific, rather than personal. But the episode clearly points up the need for perhaps more personal commitment as human beings, not doctors.

One of the shows to make its debut Sunday was "The Bold Ones" on NBC. And for openers, the episode, "To Save a Life" wasn't bad. Not extraordinary, either. But not bad, which means that the Bold Ones will be around for a while.

If for no other reason, the one-hour drama will survive because it plays a different tune every week. In short, variety is the bulwark of this program, an alternating trilogy of dramas about the worlds of law, medicine and law enforcement.

The controversy over transplants was the drawing card in Sunday's debut. Now, the controversy over transplants is hardly something new for television, yet Sunday's treatment was refreshing whenever it departed from the clinical aspect.

Ever since Dr. Ben Casey, physicians have carried the image of remorseless people involved in their patients only insofar as medicine dictates, an image not altogether undeserved. But not all doctors are the same, just as not two people are the same.

Visit U-M Museum
Bone up on Your Natural History

Three floors of exhibits at the University of Michigan Exhibition Museum await visitors, giving them an insight into the world of the past. Located in Ann Arbor on Washtenaw and North University avenues, the museum is open to the public from 9 a.m. to 5 p.m. daily and from 1:30 p.m. to 5:30 p.m. Sunday. There is no charge for general exhibits. Included in the exhibits is a life-size model of a human female, Tam, as the mannequin is called, can be seen on the fourth floor Saturday and Sunday afternoons. Fossils of prehistoric mammals and plants, mastodon and dinosaur skeletons and dioramas of prehistoric life acquaint the visitor with the earth world. Exhibits also include minerals from throughout the world, geological history of Michigan, a planetarium and a display showing the inter-relationships of all living organisms. The museum was built in 1928. The area not open to the public includes research laboratories for zoology, anthropology and paleontology. Working in these labs are undergraduate and graduate students along with curators. Groups of more than 15 are not permitted without a guide. Guides can be arranged by calling the museum two weeks before the planned visit. A charge of ten cents per person is made for groups. There is a 25 cent charge for the planetarium and Tam.

Missing the Boat?

W. Herbert Glenn, First United Methodist Brighton

The spirit of the Lord is upon me, because he has appointed me to preach the gospel to the poor...

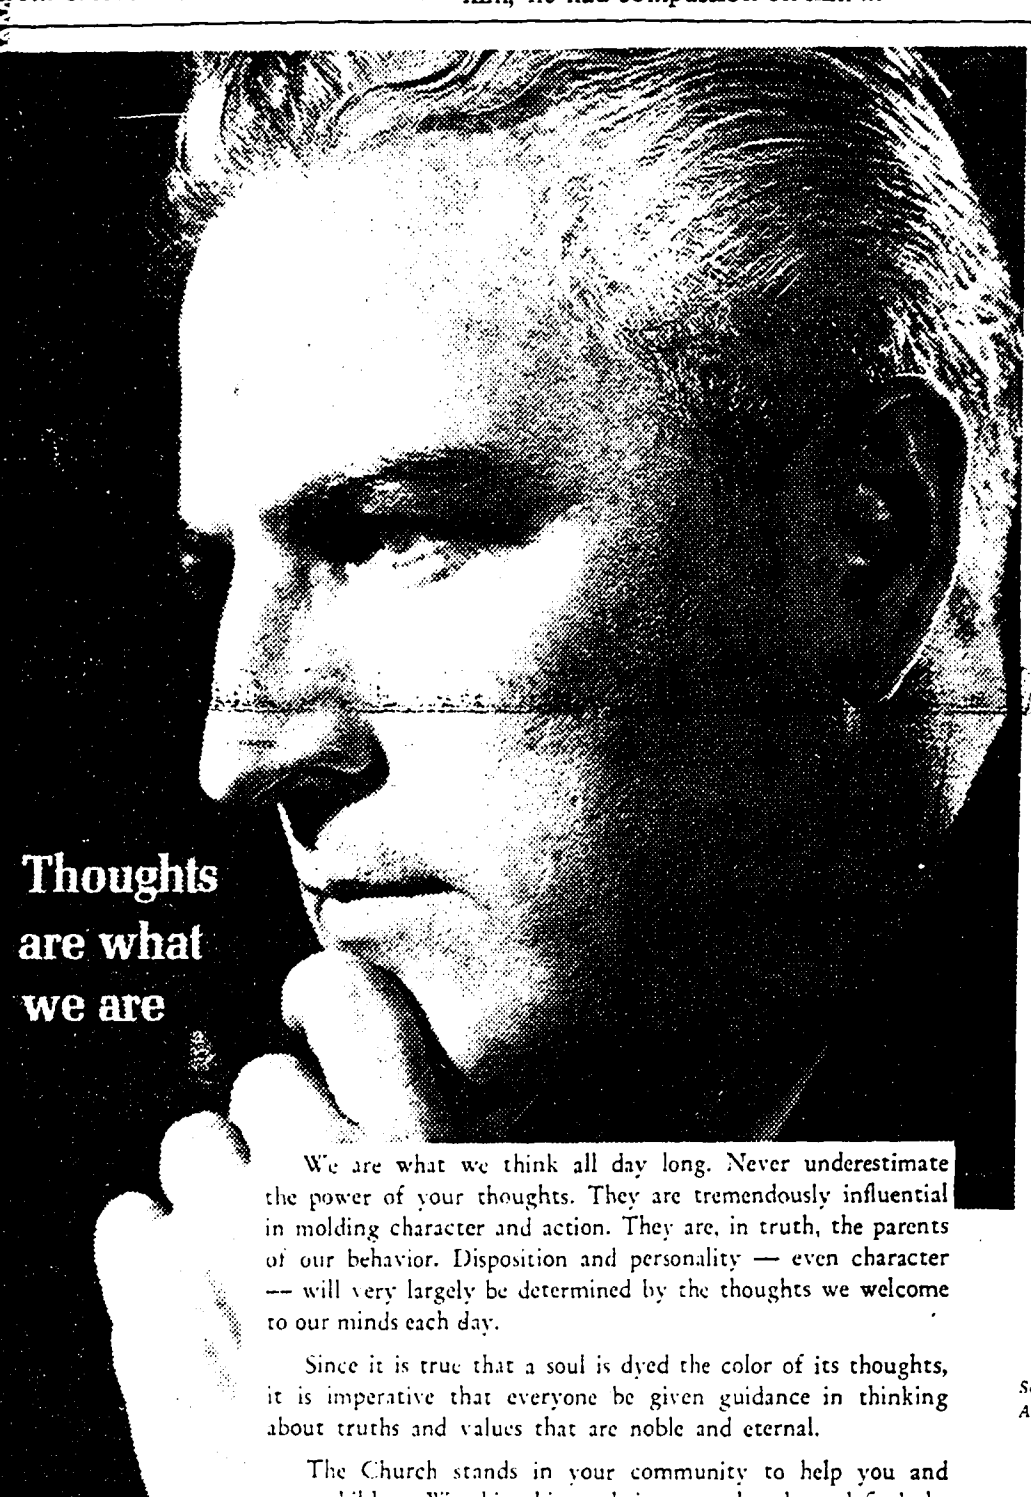

for they shall inherit the earth. Blessed are they who hunger and thirst after righteousness...

Jesus made judgment clear: "Woe to you scribes and Pharisees, hypocrites!"

From the beginning to end of his earthly ministry, Jesus was most critical and most severe to those who "played church"...

Then Jesus, as he began his great sermon delivered on the mountain, said, "Blessed are the poor in spirit..."

Mostly it seems, the kinds of people he was aiming at were not the kinds of people we like to minister to as God's congregations of the faithful...

Michigan Mirror State ReflectORIZED License Plates to Debut Soon

LANSING—Little more than a month from now, Michigan passenger car owners will begin placing reflectORIZED license plates on their vehicles for the first time in history.

Search for Untapped Oil Spreads to Far Flung Places

WELLESLEY HILLS, Mass.—Today the search for untapped petroleum reserves has spread into every section of the globe. Demand for oil, today and into the future, is steady on the increase.

Alaska and the Arctic will undoubtedly provide a huge pool of oil in a few years, but some cold-weather operational problems and the very difficult question of getting the oil to the refineries have yet to be resolved.

Hope Seen In Similarity Of Disease

Striking similarities between multiple sclerosis (MS) and a model of the disease induced in rats and other laboratory animals give hope that this lethal disorder one day may be treated or prevented.

MS most often strikes young adults, beginning with minor symptoms and leading eventually to massive incapacity, including severe in-coordination, speech and vision problems, weakening of limbs or paralysis, stupor, and death in the majority of patients.

The similar condition induced in animals is Experimental Allergic Encephalitis (EAE). As with other allergies, these animals can be desensitized by an injection of the material to which they are allergic - in much the same way that fever sufferers now are desensitized to ragweed.

The ability to induce Experimental Allergic Encephalitis is crucial to MS research. According to Dr. Campbell the animal model of MS was first produced by researchers at Columbia and John Hopkins Universities in the 1940s.

TALUS Plan Up for Airing

Preliminary hearings on the TALUS Preliminary Plan for Southeast Michigan in 1990 have been scheduled in five counties.

Announcement of other sessions will be made as arrangements are completed, Irving J. Rubin, TALUS director, said.

Following is the scheduled of area meetings thus far arranged: September 18 - 7:30 p.m. - Pioneer High School, Ann Arbor, arranged by the Washtenaw County Metropolitan Planning Commission for all county, local and school board officials.

October 8 - 7:30 p.m. - Oakland County Center Auditorium, arranged by Oakland County Board of Supervisors for all county, local and school board officials.

along the way By DON KRUPP

The fate of Gala Days apparently will be decided on one of these autumn nights and indications presently are that the observance will be scrapped.

Unfortunately, the event is being evaluated in dollar-and-cents rather than on the basis of its other contributions.

And in a community growing like this one, the value of a let's-help-each-other attitude translates into dollars-and-cents with city's that have it coming out millionaires.

But the Novi Chamber of Commerce, on the other hand, would be foolish to continue an observance which too few appreciate and in which too little is accomplished.

A city like Holland - and not just because it's a bigger city - has built a reputation for its Tulip Festival.

People of all ages participate and the memories live forever - the memories of the long hours in preparation just for an event that transpires in a matter of minutes.

But most important is that people in Holland know that they can do things well together and that confidence is reflected throughout the community every day of the year - not just during the Tulip Festival.

Councilwoman Mary Parvu, apparently walking in Wixom Chief Tom McGuire's shadow as promised, took it upon herself Tuesday to question rumored procedures being used by policemen.

Mrs. Parvu who on August 25 unexpectedly indicated that she would be keeping an eye on the new chief, asked City Attorney Gene Schnelz questions concerning the legality of a policeman stopping a motorist and asking for his keys, of handcuffing a prisoner to a stationary object and of questioning an individual - apparently not a juvenile but a young adult - without contacting his parents.

Schnelz observed that from a legal standpoint, all procedures would be in order but he advised that the councilwoman contact an authority on the subject like the chief.

Wixom has a rather unusual situation at its City Council meetings. It seems that people attend and as government officials elsewhere know so well, their sessions usually aren't major attractions.

OFFICIAL NEWSPAPER OF THE CITY OF NOVI AND THE CITY OF WIXOM. Vol. 16, No. 19, 26 Pages, Two Sections. Novi, Michigan - Thursday, September 25, 1969. 15¢ Per Copy, \$5 Per Year.

Council Denies Edison Request For Variance

A request from Detroit Edison Company asking to be allowed to employ a septic tank at its Wixom Road facility rather than a more costly sewer line connection to service a remotely located building came down to a tie-breaking vote Tuesday by Mayor Wesley McAtee.

City Council, after hearing a report on the proposal from engineers, divided 3-3 in casting ballots on the issue with the question coming back to the mayor for a decision.

In other business Tuesday, it was revealed that a new contract with policemen - described by the mayor as "something good for the entire community" - has been settled.

But the Novi Chamber of Commerce, on the other hand, would be foolish to continue an observance which too few appreciate and in which too little is accomplished.

Officials Huddling Over Property Split

Although the case between the City of Novi and Novi Township, having evolved from an apparent conflict over the division of assets for the recently reorganized areas, will continue in Circuit Court on Tuesday, Mayor Joseph Crupi, Councilmen Denis Berry and Supervisor Leo Kalota were planning to meet this week in order to personally consider the issue.

City Attorney Howard Bond reported on Monday that the case, in which the city has filed a show-cause suit against the township because of alleged delays in division of assets, began September 17 and will be continued next Wednesday.

City Council, after hearing a report on the proposal from engineers, divided 3-3 in casting ballots on the issue with the question coming back to the mayor for a decision.

In other business Tuesday, it was revealed that a new contract with policemen - described by the mayor as "something good for the entire community" - has been settled.

Schnelz observed that from a legal standpoint, all procedures would be in order but he advised that the councilwoman contact an authority on the subject like the chief.

Wixom has a rather unusual situation at its City Council meetings. It seems that people attend and as government officials elsewhere know so well, their sessions usually aren't major attractions.

Beauty and Brains Pretty 17-year-old Kathy Romanow became Novi High School's first National Merit Scholarship semi-finalist this week following announcement of honors by officials of the program.

Mayor Crupi Assigns Prelims To Councilmen by Committee

In another apparent move to better accommodate business accumulating before the City of Novi Council, Mayor Joseph Crupi on Monday established six two-man committees with each assigned a specific area for study and recommendation.

The action comes on the heels of a mid-summer decision to hold weekly - rather than bi-weekly - meetings of the council because of the amount of pending business.

The mayor on Monday revealed his intentions for assigning a number of the issues to committee with each councilman to serve as chairman on one and the second member of another.

Committees appointed, with chairmen designated first, are Proposed Ordinance 30 (licensing of all businesses); Councilman Donald Young, Jr. and Councilman Edwin Presnell; Proposed formal organization of an auxiliary police; Councilman William O'Brien and Councilman David Harrison; Proposed realignment of office space in City Hall; Councilman William Duesy and O'Brien; Property acquisition; Presnell and Councilman Denis Berry; City Manager's reception; Berry and Duesy; and Pioneer Meadows; Harrison and Young.

A seventh committee - to be concerned with drainage conditions in Orchard Hills - was left unappointed after councilmen seemingly agreed that residents of the subdivision have successfully organized their own effort to resolve the problem.

The mayor proposed that chairmen make regular reports beginning the first session in October - October 6.

Branch Locates on Eight Mile Banks Rushing onto Local Scene

The rush is on - not unlike the one which evoked shouts of "Go West, Young Man, Go West" except now its people rushing out to put gold in "them thar hills" rather than to mine it out.

National Bank of Detroit, with an established office in the Novi business district on Grand River Avenue, has received a special variance from the City of Novi for locating a trailer unit on Eight Mile Road near Haggerty Road and also has acquired use of a building in Northville Township on Seven Mile Road near Northville Road.

requirements, according to Bailey, although its future still remains dependent upon the decision expected to be handed down by the Board of Appeals at its October meeting.

But if West Oakland Bank should receive its charter and open before that first Tuesday in October and the Board of Appeals' expected approval of NBD's use on West Eight Mile Road, then some controversy could evolve over the legality of the move apparently made to get a site in an area

New NBD Location Near Haggerty
