

Priorities For Safety Revealed

Noel C. Buft, executive director of the Michigan Office of Highway Safety Planning...

1. Legislation to reduce the presumptive level of blood-alcohol from the present 0.15% to 0.10%...

2. Legislation to establish uniform procedures for determining the blood-alcohol level of victims, drivers and adult pedestrians in fatal auto accidents...

3. Legislation to permit the chemical testing of drivers who survive accidents in which some one else was killed.

4. Legislation to require that a motorist be examined and licensed for the class of motor vehicle he will be driving.

5. Licensing and regulation of commercial driver training schools and their instructors.

6. Statutory establishment of a medical committee to advise driver licensing authorities on medical and visual standards for licensing and to evaluate individuals whose mental or physical conditions may be making them a hazard to other drivers.

7. Legislation requiring mandatory training of police recruits.

8. Legislation to permit law enforcement officers to make sure vehicle defects are corrected after they have been detected in the random check-lane inspection program.

9. Submission of these proposals to Governor Milliken does not mean that he necessarily will recommend them to the Legislature when the next session starts in January.

Senator Flops In Hero's Role

If it's not said anyplace else I feel it must be said here: State Senator George Kuhn...

The senator entered the controversy on October 23 and requested that work on the drain, and therefore the road-improvement program...

By unanimous action of City Council on October 14 the project had been ordered to a standstill pending a report by Consulting Engineer Larry Pate...

Work then was halted on Thursday, October 16 but resumed October 22 in order to advance the project to a practical point of termination...

On October 22, the engineer directed a report to the council "as a result of action taken... October 14" in which he reviewed the program's status...

Between October 14 when the issue was raised and a special meeting on October 23, the project has been in a state of limbo...

And then on October 23 the senator, obviously acting on hearsay rather than fact, requested work stopped where work had already been stopped...

Split Evolves Over Request Board Action Closes Bank

A request necessary to continue operations of a branch bank on Eight Mile Road near Haggerty Road was refused National Bank of Detroit on Tuesday...

Building Inspector Earl Bailey yesterday (Wednesday) informed officials of the NBD that their Eight Mile Road office would have to be closed immediately...

In accordance with zoning regulations, a bank must receive permission from the Board of Appeals before being allowed to operate in a C-T zone.

Member Ray Warren moved that the appeal be granted and received support from Bassett, Fred Buck and Roger Christensen...

Bassett stated after the vote that he felt "some members" hadn't considered the request but had instead been influenced "by other factors."

Hansen, in questioning NBD representatives at the session, asked: "And all the time you've been in this community, you haven't become aware of its ordinances?"

The bank spokesman emphasized his feeling that NBD had been mistaken in its procedure but he stated that its appeal was on the merits of the case.

Warren, Bassett, Buck and Christensen then voted in favor of the appeal with Campbell, and finally Hansen, opposed.

"I have previously stated to this board that in voting on a motion, I want a decision on that subject and not on a sidetrack," Bassett observed.

"I'm definitely against the matter in which this case has evolved but this cannot alter my opinion on the use of that property," he added.

The council that night voted to halt the project until Pate could investigate allegations and prepare a report to clarify the status of the project.

Mayor Joseph Crupi (left) and new City of Novi Manager Dallas Zonkers have taken time to preview Ackley who, at 64, is stepping down to become city assessor.

Police 'Emergency' Run Puts Chief on Hot Seat

An emergency trial run from Loon Lake Road through the city to the Wixom Credit Union near the expressway has at least temporarily put Police Chief Tom McGuire on the defensive at City Hall.

Appealing to City Council to restrict the practice, Mrs. Jill Hall, of 2915 Magellan Street, revealed last week Tuesday that she had instituted a one-man investigation into the incident and found it to be "very irregular" within area police departments.

"I've talked to several people and I just don't think I'm going to sit back and let these test runs be held at these times of day," the housewife emphasized.

Mrs. Hall explained that she had learned that the chief had ordered a patrolman to drive a police car from Loon Lake Road to the credit union "about 3 p.m." one weekday with siren blaring and lights flashing at a time when youngsters were enroute home from school.

The chief, appointed to head the department in mid-August, also came under fire from Councilwoman Mary Parvu last week's meeting when she challenged rumors that an effort was being made to recruit out-of-state men to fill two additional positions in the department.

"There's a lot of concern amongst citizens about out-of-state policemen," Mrs. Parvu, an outspoken critic of McGuire since his arrival, related.

Council to Re-Consider Check Proposed for Lake Drain

A controversy over installation of a storm drain at a popular bathing site in Loon Lake, having dominated a spirited series of Wixom Council meetings within the last three weeks, returns home from Lansing this week with apparent agreement among state and county officials that the project can safely be continued if a special testing procedure is instituted.

Mayor Wesley McAtee revealed Friday, after a session the day before with Senator George Kuhn and state and county health officials, that he plans to ask council to re-consider its \$128,000 road improvement program...

The mayor explained that Thursday he and several other city officials and citizens, along with County Supervisor Lew Coy (R-Wixom), met with Senator Kuhn and, after lengthy discussion with officials of state and county health agencies, agreed that the project could proceed without danger of hazardous pollution if the council would agree to meet conditions proposed by Consulting Engineer Larry Pate in a October 22 letter to the city.

The drain is incorporated along with curb-and-gutter and surfacing in a major road improvement program for Bell Coney and Magellan streets in Birch Park Subdivision.

Mayor McAtee emphasized Friday that the future of the project would be decided by the council. He also observed that he thought the contractor - Ben Fike of Novi - would consider resuming the project which has been shut down since October 22.

Council voted October 23 to abandon the road improvement program after citizens mounted objections claiming that the drain, designed to service the roadways, would contribute hazardous amounts of pollutant to the lake.

A large delegation of citizens, the majority of whom apparently were lakeside residents, had launched the confrontation with the council on the issue October 14 after Supervisor Coy, also a Birch Park homeowner, had ordered tests and then alleged that drainage from the outlet would endanger the quality of the lake.

The council that night voted to halt the project until Pate could investigate allegations and prepare a report to clarify the status of the project.

Then on October 23, called together in a special session primarily to consider re-appropriations for the police department and to decide pending life insurance for municipal employees, the council was again confronted by an aroused crowd of citizens with heated discussion advancing progress report on Pate's study to a point of decision with unanimous approval by the council to abandon the project and to begin negotiations with Fike for a settlement.

about Women and the family

Newlyweds Choose Florida Honeymoon

Peggy Ann Assemany, daughter of Mr. and Mrs. James T. Assemany, Jr., 46400 West Ten Mile Road, Northville, wore a traditional gown of pure silk satin as she exchanged marriage vows with Jimmy Lee Gibson in an evening ceremony October 17 at Our Lady of Victory Church.

He is the son of Mr. and Mrs. James L. Gibson, 604 North Lafayette, South Lyon. Father Francis J. Wojcik officiated.

The petite bride's A-line gown was fashioned with long sleeves. On the illusion neckline was Christian Dior applique, which was repeated on the skirt and on the Camelot headpiece that held her elbow-length veil.

Holiday Flowers Top Program

Northville Branch of the Woman's National Farm and Garden Association will meet at 12:30 p.m. Monday at the home of Mrs. Charles Walker for a program on "Christmas Decorations."

It is to be presented by Mrs. Boris Osojnak, past president of the Rochester Branch. A teacher and lecturer on flower arranging, Mrs. Osojnak will discuss and make holiday arrangements for Christmas. She also is a member of the Michigan Division of Graduate Judges.

Mrs. William Slattery is social chairman for the meeting, assisted by Mrs. George Miller, Mrs. Alfred Millington and Mrs. Charles VanEvey.

GOOD GROOMING: A neat attractive appearance is the hallmark of a United Air Lines stewardess. At the United stewardess school near Chicago's O'Hare International Airport, trainees learn the do's and don'ts of good grooming from a staff of professional appearance counselors. Here, a classmate applies make-up to Miss Nancy Bosak while another waits her turn.

Nancy Bosak Joins United Stewardesses

A Northville girl has become a United Air Lines stewardess and is serving aboard aircraft flying from Chicago.

Miss Nancy Bosak, daughter of Mr. and Mrs. Frank Bosak of 43000 Nine Mile Road, was graduated from United's stewardess school near Chicago's O'Hare International Airport after successfully completing a 5 1/2 week training course.

Nancy, 22, is a graduate of Northville High School and Michigan State University. She was employed as a receptionist with Michigan State prior to becoming a stewardess.

Nancy has joined a profession pioneered by United in 1930 with a staff of eight girls. The airline plans to train 2,000 girls in 1969, boosting its stewardess corps from 4,900 to 5,900.

The increase is designed to keep up with expansion and to compensate for the annual 25 per cent turnover.

Nancy's training covered several study areas to prepare her for duty aboard United's DC-8, Boeing 720, 727 and 737, and Caravelle jet planes.

Included in the training are courses covering the theory of flight and United's 16,000-mile route system serving the continental United States and Hawaii. Instruction also is given on ticketing procedures, in-flight services, good grooming and emergency training.

Observation trips on regularly-scheduled flights also were included.

Following the colorful capping ceremony, the new United stewardesses left for her domicile city. There are nine such cities across the country, including San Francisco, New York, Chicago, Denver, Los Angeles, Miami, Washington, D.C., Seattle and Newark.

The starting salary is \$355 per month for 70 flying hours, but more than \$150 in incentive pay is received for all hours between 70 and 85.

During their training, the young women share modern apartment suites.

In Our Town

By JEANDAY

CONFLICTS are the nightmares of every planning committee arranging a major event in a small community.

This week end both the annual Northville Mothers' Club Candlelight dinner-dance and the Northville Junior Football League banquet fall on Saturday night. However, Mothers' Club has voted to offer dance tickets only at \$5 so that participating parents can attend both functions.

There's no limit, in fact, to the tickets. Anyone wishing to attend from 9 to 12:30 p.m. and dance to the music of Phil Cole's five-piece orchestra. The dance is being held at the Mayflower Meeting House in Plymouth.

Dance tickets will be sold at the door and also are available from Mrs. Harold Wright, ticket chairman, 349-1276.

About 80 couples are expected to attend the dinner-dance, which is a benefit for the Cavern. As an innovation this year, the evening is to begin with hot hors d'oeuvres served from 7 to 8 p.m. with dinner to be served at 8 p.m. Mrs. Samuel McSevery, general chairman, and her committee will greet arrivals at the door.

PARIS IN OCTOBER was the treat enjoyed by Mrs. George Zerbel, 543 Dunlap, and her daughter, Barbara. Barbara, who has been a hostess on Allegheny Airlines for more than a year, won the trip to France in an Interline Club beauty contest held in Washington, D.C. Previously she had won a trip to Japan, taken last June.

Her mother reports that she entered the contest at the insistence of her boss and that it was a "first class" win — as they went by Air France, spent a week in Paris and also visited Versailles in "beautiful October weather."

ANOTHER EUROPEAN traveler is Mrs. Jack Scantlin, who Tuesday was to pick up the Opel Cadette she had driven through Europe at the dock here.

Mrs. Scantlin and a friend flew to Paris and then Amsterdam the first week in September. They picked up the car and had the terrorizing experience of beginning to drive on the fast-moving German autobahn.

Before shipping the car home and returning in mid-October, they toured Switzerland, Germany, Italy and "a little bit of Spain." The trip was a fulfillment of a long-held dream, Mrs. Scantlin confides, and was taken with the "Europe on Five Dollars a Day" book in hand.

After flying back to New York, Barbara Scantlin stopped off in Tampa, Florida, to visit her parents. Just before leaving for Europe she welcomed home daughter Penny, who with Western University classmates had spent the summer in Europe following her graduation.

MRS. THOMAS McDONOUGH's Northville friends will be able to see the former resident on the silver screen when "Rabbit, Run" premieres nationally in January.

The Warner Brothers-Sevco Arts picture was filmed in Berks County, Pennsylvania, near the McDonough family's present home in Wyoming, a suburb of Reading, Mrs. McDonough was among housewives hired as extras.

Reservations at \$3 should be sent to Northville Town Hall, Box 93, Northville; attention Mrs. Robert Ronk, 349-5544.

Jack Hoffman, assistant to the publisher of The Record, is to introduce Harry Morgan and will join him at the luncheon. Also at the speaker's table will be Mrs. Nelson Hyatt, TH chairman; Mrs. Jack Dohney, Mrs. Wegeng and Mrs. Francis Korte.

The committee reminds men that they are most welcome at Town Hall and also invites high school students to hear the speaker.

Usher Chairman Mrs. Orson Atchinson will be assisted by Mrs. Harold C. Bloom and Mrs. William Tucker.

Mrs. William McDermott is supervising luncheon hostesses as Mrs. Donald Ware and her husband have been in Japan for three weeks. Assisting Mrs. McDermott will be Mrs. Marc Sheffer and Mrs. Charles Fountain. (Active behind-the-scenes help includes Mrs. John Frew, theater arrangements chairman, assisted by Mrs. Henry Belanger.)

JUNIOR FOOTBALL League season concludes officially with the banquet at 6:30 p.m. Saturday at Our Lady of Victory hall. Reservations for 260 have been taken by Mrs. Peter Sylvain, reservations chairman. Parents, cheerleaders and their families will hear a program by the coaches.

FALL BUFFET-DANCE of Our Lady's League of Our Lady of Victory church is avoiding week-end conflicts by being scheduled for Monday, November 17, at Thunderbird Inn.

"We need some extra days on the week end" explains Mrs. F.F. Ishac, Lady's League president, pointing out the Monday date should help those with filled calendars. The buffet will be from 7 to 8:30 p.m. with dancing from 9 p.m. to 1 a.m. Everyone in the community is invited.

Tickets are \$10 a couple or \$5 each person for the event, a major fund-raising benefit for the League. They are available from Mrs. Eugene Kunst, chairman, 349-3102, Mrs. Ted Matzonia, 349-2903, Mrs. Robert Mohr, 349-2651, or after masses Sunday. Deadline is next Wednesday.

NORTHVILLE TOWN HALL is continuing its new policy instituted at the opening lecture of offering individual tickets, priced at \$4, to hear Harry Morgan, who is to speak at 11 a.m. next Thursday in Northville High School auditorium.

The former roofing editor for Reader's Digest is known as an ambassador for the democratic way of life.

Non-ticketholders may call Mrs. Phillip Wegeng, 349-0484, for additional information. Tickets will be sold at the door.

This Friday is the deadline for reservations for the buffet celebrity luncheon following the lecture at Lofy's in Plymouth.

Northville Jaycees Seek 'Junior Miss' Contestants

Leanne Steeper 'n' Mom

Northville Jaycees this week are seeking candidates for the fourth annual Junior Miss Pageant with Friday being the deadline for applications.

The pageant is to be conducted Friday, November 28, in the Northville High School auditorium. The winner has the opportunity to compete for regional, state and national crowns as the ideal high school senior girl.

Character, personality, leadership, talent and scholastic ability are traits stressed.

The pageant is open to all Northville and Novi senior high school girls between the ages of 16 and 19 who have never been married. Faculty advisors and consultants for the Jaycees are Miss Karen Lowe at Northville High School and Cabin Schumaker at Novi High. Interested girls are asked to obtain applications from them and have the completed forms returned by Friday.

Contestants will be judged on scholastic achievements, on creative and performing arts, poise and appearance and on youth fitness. Some of the judging is to be conducted Tuesday evening, November 25, with a full dress rehearsal to be held Wednesday evening, November 26.

The contestants will demonstrate their talents by means of subjects of their own choosing November 28.

Tickets for the pageant will be available at local business establishments at \$1.50 for adults and \$1 for students and 50 cents for children under the age of 12. They also will be sold at the door.

The Jaycees are hoping that this year's contestant, like Miss Leanne Steeper, 1968-69 Northville Junior Miss, will go on to state finals after winning in the Metropolitan Detroit Regional Junior Miss Pageant.

The engagement and approaching marriage of Sharon Marie Adams of Plymouth to John Hoyt Darnell is announced by her parents, Mr. and Mrs. Robert Adams of South Bend, Indiana.

Her fiancé is the son of Mr. and Mrs. Donald Darnell, 332 Debra.

The bride-elect is a graduate of St. Joseph's School of Nursing in Flint. Her fiancé, a 1963 Northville High School graduate and a Navy veteran, now is a junior at University of Michigan.

A December 20 wedding date is set.

Mr. and Mrs. Allen M. Jordan of Plymouth announce the engagement of their daughter, Martha Ellen, to Frederick D. Skellenger, son of Mr. and Mrs. Robert C. Skellenger, 4677 Twelve Mile Road, Novi.

The bride-elect is a graduate of Schoolcraft College and Plymouth High School, Class of 1967. Her fiancé, a 1967 Northville High School graduate, is attending Schoolcraft.

JACK McDONALD

Jack McDonald, U. S. Representative from the 19th District, will bring a firsthand view of the Washington scene to members and guests of Sarah Ann Cochran Chapter, Daughters of the American Revolution, at the chapter's birthday luncheon at noon November 17 in the Mayflower Meeting House in Plymouth.

He also will answer questions from his audience after the formal talk.

The DAR program committee reports that it expects a large attendance as guests are invited because of general interest in the speaker and his topic.

A Redford native, McDonald is a graduate of Wayne State University. He has served as a subcommittee member on watershed development, on flood control, public works and roads. He has been active in investigating highway programs and in urban affairs. He is a member of the committee in congress to maintain public buildings and grounds. In 1965 he was named Chamber of Commerce Outstanding Man of the Year.

There were six divisions in the contest. The Northville church was in division four with Baptist churches from Flint, Big Rapids, Plainwell, Pontiac, Farmington and Albion. The scoring was based on the Sunday School average recorded between September 1968 and July 1969. Points accumulated on a percent of increase basis, Northville's base attendance was 226 and as the contest closed they showed a 34 per cent increase in the Sunday School attendance.

Highest attendance was the last Sunday of the contest when the church had 321 in Sunday School. Three of the six Sundays the church had over 300 in attendance. In a few weeks the church will receive a trophy for winning, Reverend Lewis said.

The adult department had the highest attendance with 102 on two of the contest Sundays. The junior department was next with 58 as highest attendance. All of the departments showed a considerable increase during the contest.

"There were no prizes or gimmicks for bringing people or for giving the largest attendance in any given department. It was simply hard work and dedicated effort on the part of all the Sunday School staff," church officials said.

Course Features Christmas Decor

The Walled Lake Consolidated School District will offer a five week course in holiday decor from 7:30 to 9:30 p.m. beginning November 11 at Central High School.

Instructor Ruth Ginter will feature lessons in window, table and wreath decorations for Christmas. Mrs. Ginter is president of the Western High School Parent-Teacher-Student Association and is active in community affairs.

The cost of the course is \$8. Those interested may register by attending the first session. Further information may be obtained by calling Robert Duff, director of Community Education, 624-0202.

Novi Approves New Teacher

The teaching contract of Mrs. Zelta Donaldson was approved by the Novi Community Schools Board of Education last week Tuesday.

Mrs. Donaldson began teaching junior high English on Monday. With three years' experience, her salary for the remainder of the 1969-70 school year is \$6,485.14.

She replaces Mrs. Gloria Swanson, a first-year teacher, whose husband was recently transferred to Florida.

Two Fairs Celebrate National Book Week

Benefit book fairs are scheduled by two Northville groups this month for the 50th anniversary celebration of National Children's Book Week, November 16-22.

A "Book Fair and Learning Festival" is being sponsored by the Northville Cooperative Pre-School Play Group with a preview for members at the group's monthly meeting at 8 p.m. today in the Scout-Recreation building.

It will be open to the public from 9 a.m. to 2 p.m. this Friday and next Monday and Tuesday, in the fireplace room of the Scout-Recreation building.

Children's books — both paperback and hard cover — will be available from 25 cents to \$6 and are chosen from kindergarten through eighth grade level. They are new books.

Science experiments, number games and learning kits also will be sold. Proceeds will go toward purchase of new equipment for the play school.

Mrs. Donald Thomson is chairman, assisted by Mrs. Joseph Widak and Mrs. Charles Scandl.

Second annual book fair sponsored by Northville Mothers' club will be held November 14 and 15 on the stage of the Northville Board of Education building (formerly community building), with entrance from the rear.

Both adult and children's books all new — will be sold. Paperbacks and hard cover books will be sold at the fair. In addition, any book may be ordered to be delivered later.

Hours for the fair are 9 a.m. to 5 p.m. and 7 to 9:30 p.m. next Friday and 10 a.m. to 4 p.m. next Saturday.

Mrs. George Murray is chairman of the project with proceeds to go to Northville schools. Mrs. Robert Bogart, Mrs. Earle McIntosh and Mrs. Samuel McSevery are assisting. Mr. Al Wister heads the book selection committee of Mrs. Blake Couze, Mrs. Stan Schaefer

John George is the superintendent of the Sunday School and the Reverend Cedric Whitcomb is pastor of the church located at the corner of North Wing and Randolph streets.

Senior Citizens Eye Easy Lesson in Art

Northville Senior Citizens are to have "An Easy Lesson in Art" presented by Mrs. Marj Pickett, a local artist, at their meeting at 7:30 p.m. Tuesday in the Scout-Recreation building.

A business session and social hour with refreshments will follow.

About 50 Northville Senior Citizens attended the club's Halloween costume party last week. Costume prizes were awarded to Mr. and Mrs. Jack Blackburn, for being the "most original" couple, to Mrs. Marie Travis, a flapper and to Mrs. Helen Loeffler, clown. Judges were Robert Prom, Parks and Recreation director, Miss Florence Panattoni, Northville schools curriculum consultant, and Don Krupp, Novi News editor.

Other seniors who came in costume were awarded ribbons for participation. These also went to costumed Girl Scouts who assisted at the dinner.

Installation Set By Orient Chapter

The 79th annual installation of officers of Orient Chapter No. 77 will be held in the Northville Masonic Temple tomorrow (Friday) evening.

Mr. and Mrs. Herbert Famuliner will be installed as the new worthy Matron and Worthy Patron.

Refreshments and a social hour will follow the ceremonies.

Others to be installed include: Mr. Edward McCarthy, Chaplain; Mrs. Janet Hood, Marshal; Miss Laura Famuliner, Adah; Miss Susan Famuliner, Ruth; Mrs. Deborah Brown, Ether; Miss Patricia Wachtel, Martha; Mrs. Anne McCarthy, Electa; Mr. A. J. Maier, Warder; and Mr. Clint Hudson, Sentinel.

The first business meeting of the new year will be held on November 21 at 7:30 P.M.

Area Clubwomen Convene

Mrs. Dale Starr of Northville with other members of the Western Suburban Junior Women's Club went to Belleville last Saturday to the annual Inghathering at Loch Rio, the first unit of Girlstown, a project of the Michigan State Federation of Women's Clubs.

Mrs. Starr reports that this annual event draws clubwomen from all parts of the state to tour the home and meet girls who are in residence. Groups presently are working toward a goal of \$125,000 for a second unit of this successful project for girls.

NEWS BRIEFS

LARGE METAL TRASH containers are being considered for purchase by the city for resale to downtown business places. The covered containers - one and two-cubic yards capacity - would replace "unsightly and cumbersome" barrels used now by most businesses. Similar to those used in other communities, the containers can be picked up with hydraulic equipment on the city's garbage truck. The city manager has been authorized to advertise for bids on the containers, which, if purchased and used, could possibly cut the city's trash pickup service in half.

SALE OF THE CITY'S well-site property, located adjacent to the stream near Village Green subdivision, and the Main Street downtown lot next door to Del's Shoes store, drew a steep closer Monday as the council gave the green light for formalization of specifications for their sale. The well-site is zoned for multiple housing and the downtown lot is classified commercial. Current plans are to sell the properties to the highest bidders, with stipulations that they meet certain requirements.

CITY PLANS to appoint William Bingley to the planning commission have run into a snag. Since the charter permits only one member of the commission to serve on the board of appeals and since Commissioner David Biery is a member and Bingley its chairman, Bingley cannot legally be appointed unless he or Biery steps down from appeals board. Problem is that councilmen consider both men as assets on the board. Biery was recently named to the commission and Bingley was "next in line" for a commission appointment.

A FOUR-PAGE brochure, concerning the school district's updated "year-round" school study, was mailed to citizens this week to further acquaint them with findings of the study. Financed with monies from a \$19,565 state grant and prepared and published through Ned Hubbell & Associates, Port Huron public relations firm retained by the school board to conduct the study and an upcoming house-to-house survey, the brochure uses the name-plate, "Opening School Doors." The same name will be used for a series of three bulletins, financed by other school funds, during the remainder of the school year. According to Superintendent Raymond Spear, the board decided to "experiment with the bulletin approach" as a possible "communications improvement" over the publication of minutes that was discontinued a year ago.

PUBLIC HEARING on a request for rezoning by the Boron Oil Company to permit erection of a service station at the northeast corner of Taft and Eight Mile Roads was set for December 2 by Northville's planning commission Tuesday night. The corner parcel is owned by Harold Kassab of Pleasant Ridge. Concerning property, between Kassab's property and the junior high school, the new owner, George Lloyd, was advised to submit plans and a rezoning petition in view of his desire for either professional office or garden apartments zoning. The commission also approved the rezoning request for track parking by John Carlo of the Northville Downs.

Sunday Ceremonies

Methodist Church To Break Ground

Groundbreaking ceremonies for the proposed first-stage of the new First United Methodist Church of Northville will be conducted at noon Sunday, officially signaling the start of construction.

Last week Wednesday, with the largest turnout in several years on hand, unanimous approval was given the Methodist building plans. The Charge Conference was called for a one item agenda - dealing with the specifics of financing the \$390,000 first unit of the new church at Eight Mile and Taft roads.

Initial cost includes site, architect fees, and construction of an expanded first unit which will include educational space, social hall, and office facilities. The basic mechanical unit to be installed at the outset will include capacity for the anticipated new sanctuary. The sanctuary, officials explained, cannot be constructed at this time because of the tight mortgage market.

around Northville

Tight Money Chokes Area House Building

Federal inflationary curbs are squeezing the life out of the construction industry, producing what some say are ominous signs of a major depression around the corner.

And only an immediate relaxation of tight money controls by the federal government can prevent a national economic disaster, declared a large, local developer this past week.

While the setback in the construction industry is generally well known, most major developers and builders, sensitive to consumer reaction, refuse to speak about the situation apparently fearing their comments might further depress the sales market or, as one developer put it, "actually cause a panic."

"Anything said by the newspaper," said a spokesman, "is like lighting a match to any improvement."

Only two local developers spoke candidly - and one of these did so only after being assured his name would not be used. Others simply refused to answer questions while still others declined to acknowledge contacts by this newspaper.

Frank Crosby, executive vice-president of the Western Wayne-Oakland County Board of Realtors - second largest operation of its kind in the nation, confirmed that developers and builders "have good reason" to be alarmed and cautious.

No single industry in the United States, declared Crosby, holds the balance of the nation's economy as does construction. Its influence in Michigan - an industrial giant - exceeds even that of the automotive industry, he said.

He and others contend that the government may live to regret focusing its restraints (raising federal reserve interest rates) on the construction industry, especially home construction, because in so doing it is crippling the whole economy. Recovery, even if it comes, will be delayed, they say.

Recently, this newspaper's financial column, Babson Report, noted the steady decline in new housing starts throughout the nation and related decrease in the value of building stocks. Babson added, however, that "while we recognize that the near-term housing picture does not inspire confidence, we feel the shelter market in the next few years is going to boom."

Single dwelling construction, Crosby said, is at the lowest point since World War II, although the total number of new dwellings remains steady because of multiples and mobile homes increases.

In the metropolitan area and even closer to home, housing construction is down but not yet to any great degree (see story on area building on Page 1-B). However, development for the year is falling far behind what builders optimistically predicted last year and earlier, and there appears to be no real evidence to indicate that the situation will change appreciably in the near future.

Even budget oriented municipalities are finding themselves with shortages because construction-related revenues are not coming in as anticipated.

Water Rates to Climb By 33-Percent in City

Public hearings for four City of Northville ordinances, ranging from a hike in water and sewer rates to control of drugs, have been scheduled November 17 by the city council.

Split Vote OK's 'Coordinator' Bid

In an unusually thin split vote, the Northville City Council Monday night authorized Mayor A. M. Allen and City Manager Frank Ollendorf to negotiate a contract with a candidate for the budgeted post of development coordinator.

Offer of a contract is to go to Thomas Ashcroft, owner of the newly established Site Research Company and presently director of Detroit Mayor Cavanagh's industrial-commercial development committee, on a part-time basis.

With two members missing (Mayor Allen was absent and Councilman Charles Lapham arrived late), Councilman Paul Folino cast the lone dissenting vote, with Mayor Pro Tem Wallace Nichols and Councilman Kenneth Rathert supporting the measure.

Emphasizing that he recognized Ashcroft's "outstanding" qualifications, Folino argued that the council ought to advertise for additional candidates and, perhaps, consider someone full-time for the post.

Under the proposal, approved for public hearing by the council Monday night, the average increase for sanitary sewer bills (15,000 gallons) is 27-percent. The minimum bill increase is 12-percent and the above average bills are increased 28 to 60-percent.

Minimum bill increase for water is 23-percent and the above average bills are hiked from a high of 45-percent for 20,000 gallons to less than 30-percent for over 80,000 gallons.

More specifically, consumers now accepted the cannon, which has been in Redford for 22 years, from Redford Commander J. Andrews (second from left). Other Legion officers on hand as the cannon was rolled into place were (l to r) Robert Sieting, (Andrews), Joe Noonan of Redford, (Pohlman), Pete Brown, Nelda and George Whitesell.

BEHIND THE SCENES in the kitchen of the Walled Lake Room, student cooks prepare a buffet luncheon for staff and administrators of Walled Lake Western High. All members of the commercial foods class under the vocational training division of the school, the 44 students rotate jobs ranging from cook to cashier. The dining facility is a non-profit operation with costs averaging around \$1. After graduation, students are prepared for entry level occupations in food service.

Builders Feel Financial Squeeze

Continued

Said one area banker: "People just aren't putting their money into bank savings accounts (the stuff which loans are made of) like they used to. They're more financially sophisticated, investing their money in things like federal notes that produce greater returns than banks can offer. Without savings, banks can't loan money."
A savings and loan spokesman said: "Due to the tight money situation we are the only savings and loan association in the state that is operating in the black this month. If we had two more mortgages come in we'd have no profit."
"The problem locally—and it's a problem throughout the country—is that it is taking much more time to find financing, with conventional money almost out of the picture," said Crosby, who used his firm's sophisticated computer system to show the effects of the money market on the used home industry. "Money is available but its price is way up and people seem to be waiting for a change."
But people who wait, suggested a developer, may be waiting for a long time.

"No one knows for certain what will happen," another said. "It's like talking to two attorneys both of whom can make a good case. One group says we've past the peak and things are starting to change, while another thought is that the worst is yet to come. It's purely speculative at this point."
The one developer, who asked that his name not be used and who defended his blunt remarks as necessary to "prevent disaster", laughed when told of the former school of thought. "There isn't going to be much of a recovery for two, three or even four years. I've never been so depressed. Let me tell you the situation is terrible!"
It isn't so much that builders cannot obtain money to construct homes, said a savings and loan official, but rather that buyers can't find the means of financing them.

Nevertheless, the builders are caught in the financial squeeze, too. A developer explained that one reason multiple housing construction continues to be brisk is that money for this kind of construction was committed before the tight money market. Money for single-family homes, on the other hand, is usually committed closer to the actual date of construction and therefore those borrowing money for these projects must now pay the "top dollar."
William Vose, coordinator of community affairs for Levitt, Inc., an international developer that plans a gigantic subdivision in Northville Township and part of the city, readily admits that the money market has affected his firm's operations nationally and in the metropolitan Detroit area as well.

People who desire to move up are

resisting the urge to buy, Vose said. It is simply too great for some of them. Today, a family income of \$18,000 per year is necessary to move into a suburban new home.

Originally, Levitt planned to start delivering homes in its Northville subdivision by the fall of 1970. Now, however, because of the financial squeeze of the government homes are not expected to be ready for sale until sometime in 1971, Vose said.

When informed that one spokesman was upset because builders must "pay as much for their money as the consumer (home buyer) — 8 to 9 percent", another fumed, "show me one that can get it for that. We're paying 11, 12 and even 13-percent for our money, not including service charges, and we're glad to get it."

Conventional mortgage money, said a local Realtor, "if you can get it" is running from 8 to 9-percent. Life-time of these kinds of mortgages, he said, have been cut to 20 years "for 25 at the outside and that makes for a heck of a big payment." People can still get FHA or VA loans, he said, but under the point system the seller winds up subsidizing the buyer's mortgage. Under FHA, he explained, the seller may pay as much as \$1,200 in points on a \$25,000 house to satisfy FHA guarantees.

FHA and VA loans for homes in the \$30,000 and more class are non-existent, it was pointed out. Crosby explained the house construction industry's dilemma this way:
Housing development generally occurs in the suburbs where land and labor costs are high and zoning is strict. Given this kind of situation, new houses must be sold for \$30,000 or more. Since FHA or VA mortgages are unavailable for houses in this price range, the buyer must turn to conventional mortgages, "and as you've learned, conventional mortgages are practically non-existent or so expensive that the buyer is scared off."

Using Western Wayne's computer, Crosby quickly showed that only 9.1 percent of all homes sold during the first nine months of this year were financed through conventional mortgages compared to 27.3 percent during the comparable period last year. Financing with cash is down slightly. FHA financing is up more than 70 percent, while VA and land contracts show modest increases.

The computer also noted that while the number of listings are up (14,499 from 13,791) as is the dollar volume of sales (\$198,604,450 from \$189,792,170), the number of sales is down. The average sale price of homes is up, and the percentage of sales down.

These figures, emphasized Crosby, cover a wide area (Western Wayne County and much of Oakland County), including high price and low cost regions. In the Northville area, where the average cost of homes sold is among the highest in the entire area (\$30,447 last year as compared to \$30,578 this year), the number of sales is off considerably. Some 75-percent of the Northville area (including part of Novi) homes listed last year were sold while this far this year the listed homes are selling at a 33-percent dip.

While the situation in the used home market does not appear that of the new home market, Crosby said the construction industry crisis "is obviously affecting us." It's full impact may be just around the corner, he suggested. When one new home is sold it usually results in the sale of two or three used homes as people move up.

In the last five years Western Wayne's annual sales have been increasing about 25 to 30 percent over the preceding year's sales. Crosby said, "This year we're barely ahead in dollar volume — but you could say that really we're down 30-percent because we're just about staying even with last year instead of increasing as we have in previous years."

Admittedly pessimistic about the blow to the construction industry, the outspoken developer warned that there "are more signs of a depression today than there were in 1929."

When asked to explain this statement, he said that there are far more two-member breadwinners in families today than there were in 1929 and "far more" people are "over-extended today" than ever before. "What can we do to stop this stupid situation? Get out of Vietnam, that's what. Write your congressmen, your governor, your president. Tell them that unless something is done and done now we're going to have the worst disaster in history."

Professor Eiteman contends that Continued on Page 7-A

Financial Squeeze

Continued from Page 6-A

anything approaching 1929 depression is impossible because the government has far more controls than it did 40 years ago. There could be a "severe period of adjustment", he admitted, but certainly not a depression. There may be some similarities, he said, but the pattern is different.

Crosby, like Eiteman, believes the restraints were purposely aimed at the construction industry. "This industry, he said, is the "safest" to hit in terms of political repercussions than any other single industry. Although it is the largest and most important to the nation's economy, it is so disjointed and unorganized that the government isn't likely to get the flak it might with a cohesive industry. Any other industry, he said, would put up such a "collective squawk" that the government would have to listen.

"In this business, however, everyone goes his separate way, concerned only about his individual circumstance and ignoring the other segments of his own industry. Banks are concerned only with money, suppliers with supply, builders with building, and so on. They don't seem to care about each other even though they are in the same game. They just don't have a collective voice."

Because there is no "collective squawk", suggested Crosby, the government may react too late in "turning off the valve." If it waits until the effects on the industry are felt by the man on the street, turning off the valve may not stop the downward trend because of the people's outlook.

Like Crosby, Eiteman believes much of what happens will depend on the people's attitude. If they keep their heads, accept the government's efforts to curb inflation as a necessary evil, and remain optimistic the dangers will be minimized, he suggested.

Edward M. McCarthy of Westland will be installed as the High Priest of the Royal Arch Masons, Union Chapter 55 here Saturday night.

The installation of officers will take place at 8 p.m. at the Northville Masonic Temple.

Other officers to be installed include: Harold W. Penn, King; Charles T. Rogers, Scribe; H. Thomas Quinn, P.M.P. treasurer; Lawrence M. Miller, P.M.P.

Like Crosby, Eiteman believes much of what happens will depend on the people's attitude. If they keep their heads, accept the government's efforts to curb inflation as a necessary evil, and remain optimistic the dangers will be minimized, he suggested.

Continued on Page 7-A

Christmas Stamp Goes on Sale Here

The six-cent Christmas stamp, a winter scene of bygone days, went on sale at the Northville post office Tuesday. Nationally, it was first placed on sale at Christmas, Florida, Monday.

The scene, by an unknown primitive artist, is titled, "Winter Sunday in Norway, Maine". The original, an oil on canvas, was printed about 1870. It is the property of the New York State Historical Association.

The horizontal stamp, designed by Steven Dohanos, a member of the Citizens' Stamp Advisory Committee, captures the ruggedness of New England winters. It shows a horse and sleigh stopped before a church with tall spire. A couple in the foreground walks toward the building. At the right is a farmhouse.

Red, yellow, green, darker green and brown are used on the stamp. It is issued in panes of 50.

High Priest Installation Set

Edward M. McCarthy of Westland will be installed as the High Priest of the Royal Arch Masons, Union Chapter 55 here Saturday night.

The installation of officers will take place at 8 p.m. at the Northville Masonic Temple.

Other officers to be installed include: Harold W. Penn, King; Charles T. Rogers, Scribe; H. Thomas Quinn, P.M.P. treasurer; Lawrence M. Miller, P.M.P.

Like Crosby, Eiteman believes much of what happens will depend on the people's attitude. If they keep their heads, accept the government's efforts to curb inflation as a necessary evil, and remain optimistic the dangers will be minimized, he suggested.

GM VP Gets Traffic Post

Martin J. Caserio, vice president of General Motors and general manager of the GMC Truck and Coach Division, has accepted the chairmanship of the 1970 development campaign of the Traffic Improvement Association of Oakland County (TIA). His acceptance was announced by Edwin O. George, TIA president.

The Traffic Improvement Association is a non-profit organization conducting programs in the areas of law enforcement, road engineering, driver education, and car safety. It works in cooperation with 38 police departments, 16 courts, and 63 separate governments and municipalities.

Caserio established a goal of \$85,000 for the 1970 fund raising campaign which will open November 17 with a meeting of committee chairman.

College Stages 'Carousel'

On stage with the cast of "Carousel" now playing at Schoolcraft College are three Northville students.

All members of Masque Players, Diane Ruffing plays the role of Louise; Dennis Mannisto, 19659 Fry, is the Captain; while Douglas Waldren, 231 South Ely Drive, is Jonathan.

"Carousel" opened Wednesday at Schoolcraft's Liberal Arts Theater and continues through Saturday. Performances begin at 8 p.m.

Tickets may be purchased at the bookstore, prices are \$2 or \$1.50 with Schoolcraft ID.

With music by Rodgers and Hammerstein, "Carousel" is based on Ferenc Molnar's "Lilom." Produced in 1945, it was performed 890 times by the original cast.

The musical begins when Billy Bigelow, a rough but handsome amusement park barker, loses his job when he falls in love with Julie Jordan. He marries Julie and she becomes pregnant.

Realizing he must provide for Julie and the baby, he attempts a robbery, then commits suicide to elude arrest. Billy is denied entrance to heaven until his sins are redeemed, and is given one day back on earth to make up for his sins.

Student Visits Miami
Laurie Killeen of 26399 Beek Road, a graduate of Northville High School, and now a student at the Art Institute of Ft. Lauderdale, Florida, participated in a field trip this past week to the famed Miami Seaquarium to paint and sketch the exhibited marine life.

One of the many hats of Consumers Power

CONTINUING PROGRESS

UNDERGROUND AGENTS

Down-under at a Consumers Power regulator station, underground agents are at work. Agents of progress. They help to make sure we meet your needs for natural gas, day in and day out.

In the next five years, Consumers Power expects to invest nearly \$300 million in expanding and improving its natural gas system. Making progress—to serve you better.

To meet Michigan's needs, Consumers Power has to increase its supply of natural gas 12% every year. Each year we lay hundreds of miles of pipelines to reach 30 to 40 thousand new customers. We add new compressor capacity to push gas through the new lines. We are providing more underground storage to take care of new peak demands in winter.

GENERAL OFFICE: JACKSON, MICHIGAN

Northville City Council Minutes

October 20, 1969
Mayor Allen called the regular meeting of the Northville City Council to order at 8:05 p.m. Monday, October 20, 1969 at the Northville City Hall.

ROLL CALL: Present: Allen, Folino, Lapham, Nichols and Rathert. Absent: None (Lapham was late).

ACCEPTANCE OF MINUTES: The minutes of the regular meeting of October 6, page 4 - delete "preliminary engineering for widening of Beal St. from S. Main to Church St. - engineering fee for this is \$4,068.00" in last motion at top of page.

BILLS: Moved by Rathert, supported by Folino, to pay bills in the following amounts:

General Fund Disbursements - \$54,713.73
Investment purchased - \$100,000.00
Other Government Fund - \$52,696.97
Public Improvement Disbursements - \$15,979.05
Investment purchased - \$100,000.00
Street Fund Disbursements - \$789.98
Water Fund Disbursements - \$12,660.61

Unanimously carried.

COMMUNICATIONS:
(a) City Mgr. reported the City's application for funds for development of Fish Hatchery park at Maybury San Park. The Dept. of Natural Resources has approved the Fish Hatchery Park project for possible funding under the State Recreation Bond Fund program and recommended to the State Legislature for their approval.

(b) A letter received from George Bingham of the Wayne County Board of Public Works stating they have a request from the Detroit Water Board to provide additional capacity in the Rouge Valley Plant in the vicinity of Hines Drive and Haggerty Rd.; responses from the municipalities were solicited.

(c) Robert Shafer, representing the Northville High School Student Council, requested a Parade Permit for a Northville

High School Homecoming Parade for Friday, October 24, 1969 at 7:00 p.m. (route bumper stickers).

Moved by Rathert, supported by Folino, to approve a Parade Permit for Northville High School Homecoming on Friday, October 24, 1969 at 7:00 p.m. said permit having received approval of Chief of Police Etkins.

Unanimously carried.

(d) Requests from Ethel Wallis, 506 Griswold St., to sell Hallows candy for the Michigan Kidney Foundation.

Moved by Rathert, supported by Folino, to approve sale of candy for Michigan Kidney Foundation by Ethel Wallis, 506 Griswold St., Northville, from October 20, 1969 to October 31, 1969 (Hallow's). Unanimously carried.

(e) Karen Lang requested permission to sell buttons and bumper stickers on the streets of Northville business district on 3 Saturdays for Detroit headquarters of the non-profit organization "Coalition to End Sewer Rates." City Mgr. recommended approval of this request.

Moved by Rathert, supported by Folino, to approve Karen Lang's request to solicit for bumper stickers and buttons for the non-profit organization "Coalition to End the War Now" with supplementary list of help.

Unanimously carried.

(f) Letter from Mrs. C. M. Cross, 410 Lake St., reporting bad condition of street on Lake St., also street light which has been out for 3 weeks, at Lake and Novi Sts. This referred to City Mgr.

COMMUNICATIONS FROM CITIZENS:
Mr. Wright, Field Engineer for Boron Oil, representing Mr. Newman, spoke regarding the Boron Oil Co. water tap at the corner of Seven Mile and Novi Sts. They were told by Mr. Thomson they could make a tap on his 2" line. He was told this is not possible. City Mgr. and City Engineer recommended denying "a tap on tap" and recommended a 1" tap under S. Main or Northville Rd.

Motion by Rathert, supported by Folino, to deny permission to Boron Oil Co. to tap into Don Thomson's water line (2") at the Choo-Choo Car Wash on Northville Rd.

Unanimously carried.

Motion by Rathert, supported by Folino, that Boron Oil Company be given permission for a 1" water tap from the City of Northville, Michigan, a hearing be held at which all creditors of said deceased are required to prove their claims. Creditors must file sworn claims with the court and serve a copy on Raymond P. Heyman, executor of said estate, 18724 Grand River Avenue, Detroit, Michigan, prior to said hearing.

Publication and service shall be made as provided by statute and Court rule. Dated October 21, 1969

Ita G. Kaufman,
Judge of Probate
25-27

Unanimously carried.

PROPOSED AMENDMENT FOR OPERATION AND PARKING OF VEHICLES: City Attorney read the proposed ordinance.

Moved by Rathert, supported by Folino, to set Public Hearing for Monday, November 3, 1969 to consider ordinance "Operation and Parking of Motor Vehicles on School Property."

Unanimously carried.

MISCELLANEOUS: Mr. Angelo Gadioli spoke regarding proposed wall on W. Main St. and S. Center Sts., at a cost of approximately \$4,000. He requested consideration of re-routing storm sewer which now runs underneath his parking lot.

Councilman Folino urged that Council proceed with necessary steps.

City Mgr. recommended that Property Committee talk with Mr. Gadioli within next 4 weeks and City Attorney is to examine legal liability concerning the sewer.

City Attorney reported that an appeal of Pure Oil to Court of Appeals is still going on - briefs will be filed.

Marathon Oil (Allen Drive) has a motion to file supplemental complaint - hearing on the motion is Friday, October 24. This is to be discussed at a City Session.

Councilman Rathert asked Council's consideration of changing Novi St. and Novi Ave. to Reed St. It was suggested that petitions for this should be presented to the City of Novi.

Councilman Lapham asked if City Engineer had complete set of prints on file at City Hall. City Mgr. said yes.

There being no further business, the meeting adjourned at 11:00 p.m.

NOTICE OF PUBLIC HEARING

MONDAY, NOVEMBER 17, 1969
8:00 P.M.
NORTHVILLE CITY HALL

There will be a Public Hearing on the above date, time and place to consider an amendment to Sections 7-318 and 7-323 of Chapter 3 (Water) and Section 7-402 of Chapter 4 (Sewer) of the Code of Ordinances for the City of Northville, as follows:

THE CITY OF NORTHVILLE ORDAINS

That Sec. 7-318 (Art. 1) of Chapter 3 entitled "Water" shall be amended to read as follows: (In summary)

(a) 0 to 20,000 gallons per quarter - 80 cents per 1,000 gallons; over 20,000 gallons per quarter - 80 cents per 1,000 gallons. The minimum charges per quarter are as follows, by size or meter or service:
¾" 7,000 gallons or less per quarter - \$5.60
1" 14,000 gallons or less per quarter - \$11.20
1½" 28,000 gallons or less per quarter - \$20.00
2" 56,000 gallons or less per quarter - \$34.00

(b) non-metered water rates
(c) Construction rates
(d) Fire hydrant charges
(e) non-resident customers
(f) connection charges
(g) billing
(h) enforcement
(i) outside reading meter

That Section 7-402 of the City Ordinance entitled "Rates and Charges" be amended to read as follows (in summary):

Charges
Readiness to Serve
Fire Hydrants
Connection Charges
Billing
Enforcement

That Section 7-402 of the City Ordinance entitled "Application for Permit, Fees, Rates," be amended to read as follows (in summary):

Application for a permit shall be made to the city in such form and detail as it may prescribe, accompanied with the payment of such charges as may be determined from time to time by the Council except that tapping charges shall be uniform to all property owners on streets of equal width irrespective of the location of the lateral sewers in said streets.

The rate to be charged for sewer service and treatment shall be \$2.80 per any amount of water used up to 7,000 gallons per quarter, plus 24 cents per 1,000 gallons of water used in excess of 7,000 gallons.

Services which are not metered shall be charged a reasonable rate as set by City Council resolution.

(a) Connection
(b) Billing
(c) Enforcement

The only change in the above ordinances is with respect to water and sanitary sewer rates.

Above is a Summary and complete content of same may be obtained at the office of City Clerk.

NOVI HIGHLIGHTS

MRS. H. D. HENDERSON
349-2428

Week end guests at the home of Mr. and Mrs. Gerald Pomeroy at Pioneer Meadows were Mrs. Pomeroy's two brothers and their wives, Mr. and Mrs. Robert Jensen of Hamlet, Indiana, and Mr. and Mrs. Pete Jensen of LaPorte, Indiana. On Saturday they all attended the Homecoming foot ball game.

This week on Monday, Mr. and Mrs. Louis Tank attended the funeral of their young friend in Detroit, who died suddenly of a heart attack at the age of 45 years.

Mr. and Mrs. Erwin F'Geppert had several visitors over the week end. They were Ellen Southard of Detroit, Miss Georgia Richardson of E.M.U. Ypsilanti, who was the guest of Sue F'Geppert, and on Sunday, Mr. and Mrs. Leo Gregory and infant son, Jeremy of Walled Lake, Mr. and Mrs. Andy Kozak of Northville and Mrs. Millie McHale of Novi.

Last Saturday, Mr. and Mrs. Wes Klocke of Nine Mile Road spent the evening with Mr. and Mrs. Rex Smith. On Sunday, Mr. and Mrs. Rex Smith went to the Metropolitan Airport to see their daughter and son-in-law, Mr. and Mrs. Louis Perry of Williamston, take off by plane to Puerto Rico. Daniel Smith and his friend, Debby Solze, were also there to wish the Perrys Happy Landings.

Mr. and Mrs. Russell D. Smith of Lynnwood Drive entertained on Sunday. Mr. and Mrs. Erwin F'Geppert had several visitors over the week end. They were Ellen Southard of Detroit, Miss Georgia Richardson of E.M.U. Ypsilanti, who was the guest of Sue F'Geppert, and on Sunday, Mr. and Mrs. Leo Gregory and infant son, Jeremy of Walled Lake, Mr. and Mrs. Andy Kozak of Northville and Mrs. Millie McHale of Novi.

Methodist men breakfast meeting. All men and young men are welcome.

Whitehall Worship Service at 2:30 p.m. will be a part of this ministry to residents of the Whitehall Convalescent Home.

November 10 - 8:00 p.m. (change of date) Evening Circle of the Women's Society of Christian Service will meet to organize for the year. All women who do not find it convenient to attend a day time meeting are welcome.

FIRST BAPTIST CHURCH OF NOVI
Mrs. Rita Bellamy of Wales, and Mrs. Nola Bellamy will be guest soloist for the Harvest Supper, November 12 at 6:45 p.m. Special speaker for the annual event is Pastor Walter Ballagh from First Baptist Church of Farmington. Friends of the church are invited. Call the church for reservations at a Giant Teen Rally.

Classes with perfect attendance last Sunday were Randy Thomas' fifth grade boys class and Mrs. Arnie Bellefleur's Senior Women's Class.

Projects recently completed have been bricking of the west side of the Church and painting Flint Hall, Jack Anglin and Don Ball supplied the compressor and spray equipment.

A series of lessons about TI-FAM, Witch Doctor's Daughter of Haiti is being presented to Primary Church by Mrs. Dan Thomas for the next few Sundays.

Next Sunday evening's youth group programs are Whirly Birds, topic "Crown of Rejoicing." Mr. and Mrs. Claude Beachy, teachers. Jet Cadets club, "John Bunyan to the Wicket Gate." Miss Fay Qualls, leader.

The teenagers will be attending a Mass Youth Rally Saturday night at Temple Baptist Church where Bill Glass, former pro-football player is the featured speaker.

The Sunday School staff will be attending the Michigan Sunday School Convention in Detroit Thursday through Saturday.

NEWS FROM ORCHARD HILLS BAPTIST CHURCH
An hour long color film will be shown next Sunday evening, November 9th.

The regular business meeting was held on Wednesday, November 12th at the Church at seven o'clock.

An all church social sponsored by the Young Adult Ladies Sunday School class has been planned for November 18th.

A special Thanksgiving Service has been planned for Wednesday, November 26. Baptismal service will take place during the evening worship service, November 26.

The Baptist Lottie Moon Season of Prayer for foreign missions will start on November 30th.

Last Tuesday night seventy-two youngsters and seventeen adults enjoyed a Halloween Party at the Church.

The Adult Ladies and Young Adult Ladies will be in charge of the Whitehall Convalescent Home Services this Friday evening at 7:30.

During the month of October the average attendance in church was 86. The record attendance 89 on Sunday, October 26.

HOLY CROSS EPISCOPAL CHURCH MISSION
Holy Eucharist Sunday, November 2nd. George Simmons, Crucifer and Randy Huber Acolyte.

The E.C.W. met in St. Thomas Hall on Tuesday, November 4th at 8 p.m. All women of the church are invited to attend the E.C.W. meetings, and also to participate in the annual bazaar which is being planned soon.

Won't you please volunteer your services for the various booths. Things needed - handcraft of any kind, baked goods and candy.

Volunteers are needed for the coffee hour and couples are needed to clean the church. Anyone who wishes

flowers for the altar register name on the bulletin board.

A speedy recovery is wished for choir members who are ill.

FIRST BAPTIST CHURCH OF WIXOM
This week the church program is being enlarged to include an hour of Jr. Choir rehearsal for 3rd, 4th, 5th and 6th graders. Meeting at 6:00 on Wednesday evening. The regular Family Night Program begins at 7:00 p.m., which includes Bible Study and Prayer, Boys Brigade, Pioneer Girls and Adult Choir Rehearsal.

Thursday evening the church bus will leave at 5:30 p.m. to take teachers and others to attend the Michigan Sunday School Convention at Temple Baptist in Detroit. The convention will begin at 9:30 a.m. to 9:30 p.m. on Friday and continue Saturday on a similar schedule, concluding Saturday evening with a Giant Teen Rally.

Sunday, November 9th at 11:00, Mr. George Mackey will be speaking, he comes as a possible candidate for Youth Pastor. Rev. Dick Messner of Grace College, Winona Lake, Indiana, will be guest speaker for the 7:00 p.m. service.

November 16, Rev. Jim Gridu, New Church Director for C.B.A. of Michigan will be guest speaker. Coming November 29th Youth on the March South Gate High School - All day Service - Work Shop leaders, Larry Coy, Elmer Tork, Chuck Crost, Duane Cuthbertson and many others.

All you can eat, pancake lunch, recreation in the gym, chicken dinner and the Billy Graham film, "For Pete Sake" all for \$5.00 if you register by November 15 - \$6.00 if you pay at the door. Register with Larry Smith.

Police & Courts

Nine-year-old Marty St. Lawrence, 1065 North Center, was bitten October 30 by a German shepherd. He was treated by Dr. Robert Wetterstrom who used five sutures to close the wound in the back of Marty's head.

A window broken at 129 Baseline may be connected with youths who fired a rifle from a car during the evening of October 31, Northville police said. About 8 p.m. youngsters came to the home and said youths in a car stopped in front of the home and fired a rifle out of the car towards the home. Police said the window was broken by an air pellet or a BB.

Kish Wahi, 20900 Taft Road, told police his mailbox was smashed October 31 with bricks and rocks. He said he saw a youth running from the area but could give no description.

A fire hydrant at West Main Street and Orchard Drive was opened by pranksters October 30. Police closed the hydrant shortly after 11 p.m.

Northville police investigated a destruction of property complaint October 30 at 300 Sherrie Lane. Four dents were found in the garage door and red berries had been thrown against the house. The incident occurred shortly after 8 p.m.

Eggs were thrown at a car parked at 562 Baseline October 30 around 9 p.m. The owner of the car held a youth until police arrived. The youth released after questioning revealed he had not been involved in the vandalism.

A five-speed Allied light weight bike was stolen from the Convenient Food Market October 29 shortly before 11 a.m. The bike, red with no fenders or license, is owned by Kevin Hartshorne, 1031 Grace Court.

Along the Way... by Krupp

Continued to continue the project in accord with Pate's recommendation.

Last Thursday officials and concerned citizens of this community who had journeyed to the senator's office in Lansing realized that he had been able to do for them what they had done for themselves one week before.

Senator Kuhn had ambiguously identified himself with an issue, and the people of this community were at the same point they had been on October 23, almost.

Unfortunately, last Thursday today and tomorrow this community finds that it isn't as able to resolve the issue as it was October 23 because a state senator chose to challenge the integrity of City Council and in so doing, just because he is a state senator, has caused some people to lose some confidence in the ability of their local government. And

Walled Lake Sets Blood Bank
The first Walled Lake Community-School Blood Bank program will be held from 2 to 8 p.m. Monday, November 10, at Central High School, 2978 South Commerce Road.

The new program, expected to be the only blood bank operation in a greater Walled Lake, is an effort to consolidate the many small area programs.

The Walled Lake Parent Teacher Association, coordinator of the program, urges every person over 18 to give blood.

SPEAKING for The Record

By BILL SLIGER

There really will be a Santa Claus in Northville at Christmastime this year after all.

Just when the annual Santa Claus Workshop project was about to be dropped because of lack of suitable space, Del Black came to the rescue.

The "workshop" has become a traditional attraction in Northville for several Christmas seasons. Originating and sparking the idea have been the Fred McLeans of the Spinning Wheel. This year the Northville Newcomers Club agreed to take over the time-consuming responsibilities of setting up and making arrangements for the workshop.

But until Monday it appeared that there just wasn't a spot in the business district for Santa to set up shop.

Merchants wanted him right in the heart of the business district, where kiddies can show their parents what they want for Christmas when they're visiting Santa. They didn't like the trailer parked in the central parking lot last year, and the American Legion building is a little out of the way.

So Black, the energetic shoe merchant who also heads up the Retail Merchants Association as president this year, polled every merchant in the business district asking if they could spare space to accommodate Santa's Workshop and about a thousand young visitors during the Christmas season.

He received one "yes". It came from his wife, Ila, who runs Del's Shoes when Del is out trying to do things like finding a spot for the Northville Retail Merchants' Association's Santa Claus Workshop.

Speaking about local groups doing something for the community's young people, the Northville Fire Department deserves recognition for its Halloween project.

The volunteer department of Chief Bud Hartner was "on duty" at the station when "tricks or treaters" came around. One way to have protected the valuable fire-fighting equipment from vandalism might have been just to station guards. But Northville's volunteers popped corn instead. They gave away more than 25 pounds along with hundreds of apples.

"We'd like to thank John McGuire (Guernsey Farms Dairy) for the popcorn machine, Fred Casterline for the apples and Mayor Mike Allen for the popcorn," said Bud.

Thanks to Chief Hartner and his men for opening up their fire station and inviting young people in, instead of chasing them away.

A prominent Northville city resident once remarked at a city-township meeting called to discuss the possibility of unification of the city and township of Northville that it might be defeated by a negative city vote.

The suggestion was scoffed at by township residents, who viewed the city as eager to gobble up township taxbase.

Tuesday in neighboring Farmington an ambitious plan to consolidate Farmington Township and the city of Farmington, along with the smaller incorporated villages of Quakertown and Wood Creek Farms was defeated.

Township voters approved consolidation 4,236 to 1,984; the two villages also voting in favor of consolidation; but the city of Farmington said "no", 1,258 to 1,013.

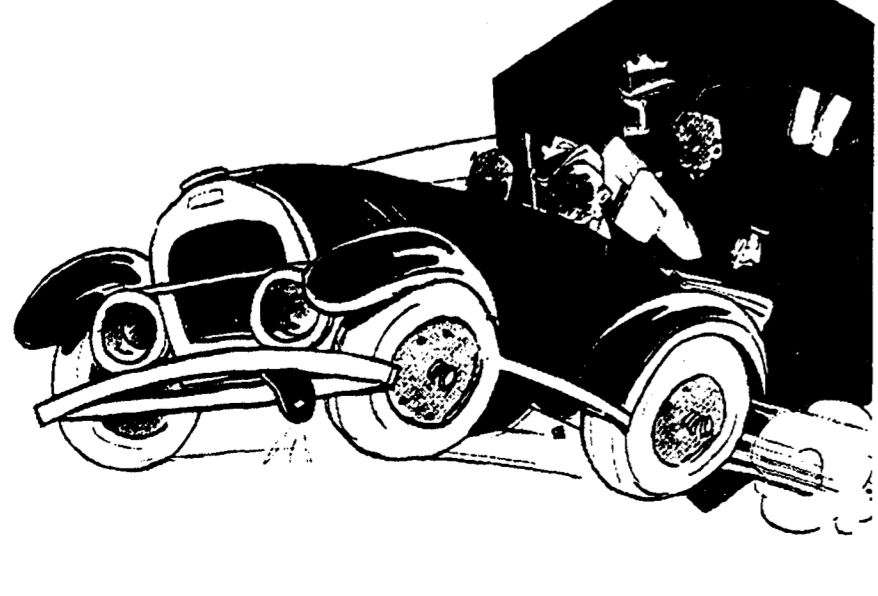

Top of the Deck

by JACK W. HOFFMAN

Russell Race scanned the screaming headline, "Dodging Death in a Detective Flyer," smiled and slipped back over the years to the time when he was a member of Detroit's famed "flying" detective division. "Oh, those were exciting days," recalled the 76-year-old Novi man who was shown the yellowed newspaper clipping about one of the most famous vehicles in the Detroit Police Department history.

"When you jumped in that car and tore off down the street you really didn't know what kind of adventure you'd get into. If the case wasn't exciting enough, just the ride alone was enough to make your heart beat faster."

Called the Detective Bureau Flyer, the sleek open-top speedster was either a Lincoln or a Studebaker, Russ said trying to remember details. In the early Thirties when 50 miles an hour was a "wicked" speed, the Flyer zipped and yowled its way through traffic. It speeds of up to

60 MPH in quest of criminals. As one of the few detectives assigned to the Flyer, Russ was the envy of the department—not so much because of the cases assigned to him but because he commanded the only Flyer in the city. The long 1934 newspaper clipping notes that riding the Flyer was much like a roller coaster thrill and it mentions Russ: "I'll never forget my first run," it quotes a detective serving with Russ. "It was only about eight blocks, and by the time I got there I couldn't get out of the car. My feet were shaking so hard. Just nerves. But you get over it don't you, Russ?" "Russ," explains the detective

in the story, "ought to know. He's been driving police cars or motorcycles for 16 years." The article continues: "'Russell' Race looked thoughtful. 'Yes,' he agreed, 'you get over it. But in time it gets you. Sixteen years is enough for me. That's why I'm not doing it any more.' A lot of years have come and gone since Russ made that observation—35 to be exact—but the Flyer's nerve pinching speed never really frightened him out of the driver's seat altogether. From 1917—the year he joined the department and the model year of his own first personal car, a Saxon—through 1942 when he retired from police work and right up to the present, Russ has been riding and driving just about every car manufactured. "Course, I've slowed down a good deal since the days of the Flyer," he smiled wistfully. "A little gardening and a slow ride around in my '69 Chevy's about all I can handle today."

Speaking for Myself

It Really Bugs Me When . . .

...the spirit at the high school seems all to be on the playing field with some (thankfully few) students vandalizing school property while others condone or ignore their actions, also ignoring the strain on their tax-paying parents—who continue giving larger portions of income to education. ...that there's a difference in attitude toward privately owned and company or organization property, making it "all right" to appropriate such an item as the American flag belonging to Northville's Senior Citizens! ...and, Boss, semantically speaking, this phrase itself really irritates, disturbs, distresses and "bugs" me.

Jean Day

...I pull up to the counter in a drug store, many times after spending hours looking for merchandise they either haven't got or haven't gotten around to getting out, and the clerk gives me that looking-down-her-nose: "Is that all?" I'm confident that she would give me the same old line even if I was about to purchase her total inventory but too often the fact of the matter is that it's not all I want but it's all she's got of what I want. And so I should say to them: "Is that all?"

Don Krupp

...I make avoidable mistakes. Some things other people do irritate me at times, but never as much as those things I do that display my sheer stupidity or unthinking snap judgment. The most disturbing facet of errors in the newspaper trade is that a reporter, or writer, always hurts others when he errs—and nothing "bugs" me more than to be guilty of such injustice.

Ernie Brown

...I hear the outcome of the University of Wisconsin's football game for an entire week. Then they lose another, and it starts all over again.

...women go shopping with their hair in curlers. I wonder if the curlers are removable or not. ...men complain about women drivers. I have never seen drivers who are more discourteous or turn-right-in-front-of-me, run-me-into-the-curb-drivers than men!

Sally Burke

...Politicians who wait to see which way political winds are blowing, then take the path of least resistance. Also those politicians who throw the ball back to the people for their opinion, rather than leading the way by making the tough decisions themselves.

Rolly Peterson

...I'm driving along at the speed limit—the only car traveling in my direction—and another motorist in a hurry to get nowhere pulls out in front of me from a side road or driveway. Then, after he's succeeded in shaving a quarter inch of brake lining and tire rubber and scaring me half out of my seat, he proceeds along ahead of me 20 miles over the speed limit.

...Fishermen tell me I should have been out on the lake yesterday or hunters insist I should be in the woods tomorrow on a work day. Why is it that my "today's" never become good "yesterdays" or why my "tomorrows" are just as bad as my "today's?"

Jack Hoffman

"Speaking for Myself" is a new weekly platform for the divergent views of Sliger newspaper staff members who seldom agree on any topic.

Finds Recall Action Disgusting

To the Editor: I read with disgust the article on the first page of the October 30 issue of The Northville Record wherein a former Northville Township Trustee as initiated a movement to recall four of the present Township Board members.

Today, it seems that many elected officials are being subjected to undue criticism for trying to perform their duties. Why should some Northville Township Board members be subject to such unwarranted harassment for making a necessary decision.

The people, especially those in my residential area, were well aware of the need for better police protection. There wasn't time to make long range studies and, furthermore, many of us do not want to have another community police our area. We, the people of Northville Township, should stand on our own feet and provide our own needed services. Otherwise, we become subject to the political pressure of the other governmental body performing the service.

It also is apparent to many of us that there is pressure to become unified with the City of Northville. Many of us would rather become an incorporated Village, in our own right, rather than to see this unification. We are not too happy about the present shopping situation in the city and, if we were to make a survey, they would find that the majority of the Township residents shop either in Plymouth or Livonia.

It is suggested that the Northville Chamber of Commerce look into this situation. Also, if the Township Planning Commission prohibits the rezoning of suitable areas for shopping, centers, etc., as it has been doing, this is liable to be interpreted as further indirect pressure for the businessmen in

the city to protect themselves against competition. However, in time, things will change, with the coming of Levitt's new project, etc., the Township will no longer be in the "backwoods". In summation, compliments to the Board Members who are not afraid to act for the welfare of the citizens. Let's hope that they will shortly authorize the building of a Township Hall, outside of the city, and establish our own Fire Department as well. We should be "as good" as Plymouth Township.

Sincerely,
M. C. Parsons

Flag Disrespect Seen As Sickness

To the Editor: It never ceases to amaze me why people who are privileged to live in this country fail to appreciate their position. It is a sickness, I believe, that some people have who show so little respect for the flag and the basic philosophy under which this nation operates. I'm not speaking so much about dissent as I am of out and out refusal to boast of the good things our nation represents.

I am reminded of an article by S. L. DeLove. Some of his words seem particularly appropriate: "Is it possible to wave the flag too much? Provided, of course, that you wave it with integrity? Is it possible to study Lincoln or Shakespeare too much? Is it possible to read the Bible too much? I believe that we are not waving our flag enough, not nearly enough."

"Isn't the flag flying on every rooftop and from every home and building? This complacent attitude is strong evidence of cancerous patriotic decay. The flag is a symbol of our national unity. It is the spirit of our undying devotion to our country. It stands for the best that is in us...for loyalty, character, and faith in democracy. Isn't our flag a synonym of the United States of America? Does it

not represent man's greatest, noblest, most sublime dream? Is it not the zenith of achievement, the goal to which generations have aspired? "I believe it is time for us—for the mad, rushing Twentieth Century American—to stop for a moment and think. Let us arrest our near reverential admiration of material success and return to the spiritual and ethical values. Let us imbue and rekindle in ourselves and our children the so-called old-fashioned way of patriotism, a burning devotion to the principles and ideals upon which our country was founded."

David McDougall

Rats 'n Snakes Plague Residents

To the Editor: How would you like to live in a place where there's rattle snakes and rats and water moccasin and stinky fish? Well, I do. Because of the Department of Natural Resources, there is a natural stream in our back yard that comes from Walled Lake. They have dammed up Walled Lake so we don't have any water to flow down the stream forcing snakes and rats and fish down the stream by our house and

my friend's, Mr. Parkinson, house. At night you can't sleep because of the stink of the dead fish. Mr. Parkinson has called the Department of Natural Resources and so have I but it is no good. All they do is pass the buck and sit on their behinds all day. If you ask me we need someone who will fight for the little people. We need a new and better Department of Natural Resources. Thank you, Angry Concerned People

Readers Speak

Berates Newspaper's Criticism

To the Editor: I read your article in the Oct. 30th issue of the Novi News berating the citizens of Wixom for being rude to the council and mayor. I was present for the meeting in question if the citizens were slightly out of order, the citizens were forced to use this method, to

make mayor and council listen to their objections to the storm drain to be located in their subdivision.

I found a group of citizens very much concerned about pollution and how the proposed storm drain would affect Loon Lake and their environment.

Slaps Stempien For Innuendo

To the Editor: Mr. Stempien has once again shown himself to be a master of the gutter tactics of smear, innuendo, deceit, and evasion.

Whereas Citizens Against Parochialism conducted its petition drive openly and in full view of the public, Mr. Stempien exhibited a cowardly fear of the press when it came time for him to receive the petitions. He has never explained why he waited until the TV cameras arrived, (long after the meeting was scheduled to start) and then appeared from his hiding place to commence a personal attack upon myself, after which he approached me with outstretched hand and a smile on his face to say, "nothing personal Bob."

His actions forced Citizens Against Parochialism to issue a letter, (which I hope this newspaper will have the courtesy of reprinting) detailing the events as they occurred. A letter which he calls "misleading" in the first sentence of his so called "reply" but never mentions again or even attempts to refute in the entire 531 words of his partisan political statement.

He claims disappointment at reading our letter and this I do not doubt. Disappointment that it informed the public that over 10,000 signatures had been obtained against parochialism. A fact which he has frantically tried to obscure.

Here's Bouquet For Beautifiers

To the Editor: Thank you to Paul Vernon and the other members of the Northville Civic Association who spent long, hard hours cleaning debris out of the stream on the south side of 8 mile Sunday, October 26. Some of the things they took out were unbelievable. Now the water runs free and clear and instead of an eyesore it is pleasant to look at.

It is very heartwarming to see people care enough about the beauty of their Community that they give unselfishly of their time this way. It would be nice if there were more people who care about the beauty of Northville and would undertake projects such as this.

Thank you again for a job well done.

Sincerely,
Mr. & Mrs. August Prince
Appreciates
City's Help

To the Editor: On behalf of the Student Council of Northville High School I would like to thank the Northville City Council, the Police Department, the Fire Department, and the City Clerk, Mrs. Milne, for helping to make our Homecoming Weekend a huge success. The cooperation of these people and the assistance given at the bonfire and parade are very greatly appreciated.

Sincerely,
Robert T. Shafer

Super Finish Fatal to Mustangs in Finale

The 1969 Mustang football season finished in a flurry at Waterford Kettering on Friday, but, unfortunately, the Mustangs didn't.

Trailing throughout most of the contest, Coach Al Klukach's squad rallied in the last period only to be out-rallied by the Captains who scored twice in less than three minutes for a 34-26 victory.

The game, played in the chilly wetness of a late fall night, concluded the Mustangs' season at 3-4 in the Wayne-Oakland League and 3-5 overall. Kettering, also 3-4 in the W-O, meets neighboring Waterford Township next Friday in a non-conference finale.

Kettering, speeding in to score on its first drive in less than three minutes and then scoring again with seconds remaining in the first quarter, appeared to be in full control at the outset but the visiting Mustangs moved within striking distance, then struck and forced a razz-dazzle finish within which the lead changed hands four times in 11 minutes.

Kettering with the Captains promptly launching a drive which was climaxed seven plays later when Halfback Bob Gratz crashed in to score. Gratz also tallied the two-point conversion by running off left tackle.

A second fumble halted the Mustangs' drive.

Points	152	231
Fumbles Lost	4	0
Interceptions	1	1
MUSTANGS	0 6 6 14 - 26	
Kettering	14 0 20 - 34	
KET - Bob Gratz, three-yard run (kick by run for two-point conversion)		
KET - Tom Setter, one-yard run (kick failed)		
NOR - Bernie Bach, 15-yard pass from Rich Adams (kick failed)		
NOR - Rich Adams, 12-yard run (pass failed)		
NOR - Terry Mills, 29-yard run from Adams (pass failed)		
KET - Gratz, four-yard run (pass failed)		
NOR - Scott Stuart, 75-yard kickoff return (Mills pass from Adams)		
KET - Gratz, five-yard run (Barry Baked by kick)		
KET - Dan Pillow, 15-yard pass interception (Baked by kick)		

Kettering again capitalized on the Mustang error driving 78 yards in 10 plays with Halfback Tom Setter plunging in from the one with 15 seconds remaining in the quarter. Barry Baked's place kick struck the goal post and fell short.

Neither team threatened early in the second period but a short punt by Kettering gave the Mustangs possession on the Captains' 38 with 3:22 until halftime.

Adams tossed complete to Bach on the first play for seven yards. Coe ran for two and Adams ran for two moving the ball to the 27. After an incomplete flat pass, Adams was trapped as he dropped back to pass and a personal foul was called against Kettering.

With the ball on the 15 and with 53 seconds remaining, Adams hit Bach over the middle to score. Co-captain Terry Mills' extra point attempt by place kick also hit the goal post and fell short.

Northville 20. Curry then threw incomplete before Gratz took an option pitch and rambled 15 yards to the five.

With 34 seconds to play, Gratz crashed in to score from the five and Baked kicked the point-after to give Kettering a 27-26 advantage.

Mills returned the Captains' kickoff from the two to the 15 but then Adams, in apparent desperation with 19 seconds remaining, had his pass intercepted by Captain Dan Pillow who scampered 25 yards to score. And Baked again converted making the score 34-26 - Kettering - with 13 seconds remaining.

The Mustangs' final play, after receiving the kickoff, was a pass from Adams to Bach which went from the 39 to midfield with time running out.

Contest Dominated By Plymouth Family

Three members of the same Plymouth family nearly made it a clean sweep in last week's football contest.

Mrs. E. W. Brown, 501 Byron, grabbed the \$10 first place money, son Byron topped second place, and her husband, Edgar, tied for third with Steven Stowell, still another Plymouth resident.

The top two winners missed just three games, while the two tied for third came up with four mistakes. The latter two were just 10 points off the actual score of the Detroit-San Francisco score (26-14). Edgar picked the Lions to win 17-13, while Steve had Detroit winning 20-10.

Mrs. Brown was just three points off the tie-breaking score, picking the Lions over the 49'ers 24-13. Byron had Detroit winning 21-13.

Also making just four mistakes were Joe Krich, 360 Spring Drive, and JoAnn Fison, 331 Sherrie Lane. Joe picked Detroit 35-21 and JoAnn had San Francisco winning 28-10.

The three toughest picks for last week's contestants proved to be Minnesota's surprising 35-8 win over Iowa, Nebraska's 20-7 triumph over Colorado, and the upset victory by Dallas over Cleveland.

Two other games were hard ones for the regular contestants. These included Indiana's win over MSU and Novi's win over Flint St. Mary.

Mustang Athletic Director Bob Kucher, who began his coaching-teaching career at Brighton, can sympathize with the dilemma which has confronted Bulldog coaches and which administrators apparently feel won't go away.

According to Principal Lyle Powers, Brighton entered the conference - for better or worse - in 1958 after receiving promises that band, choir and forensics would also become areas of competition amongst the schools.

Powers, in making his recommendation that the Bulldogs withdraw, emphasized his disappointment that no progress has been made in those areas during the last 11 years.

And meanwhile, Brighton has been taking it on the chin pretty regularly in athletics as it has battled schools with considerably larger enrollments.

But what makes Brighton's decision unexpected now, if not surprising, is the fact that its grievances seemingly never were brought to the attention of other league members. Either too few administrators throughout the Wayne-Oakland considered Brighton's problem as their problem or the Bulldogs were unable to communicate.

The league has failed to strengthen the common ground amongst its members and Brighton's case is a good example. We'll be leaving soon ourselves - mainly because of the enrollment factor - and our experience in the Wayne-Oakland should be a lesson in our future alliance.

"The other schools are just so much bigger - West Bloomfield and Andover, for instance," he explains. "When I was there we could have what we considered a good team and still be getting our brains beat out in the league because the other schools were just so much bigger."

And Kucher adds that its difficult to motivate a boy to make the personal sacrifices necessary in winning if your chances of winning are reduced considerably by a factor - such as enrollment - which is out of your control.

Mustang basketball Coach Bob Kucher planned to start drills today (Thursday) with the varsity-jayvee non-conference debut preceding the Wayne-Oakland League opener on December 5 - a Friday - at Clarenceville.

Kickers Close Initial Season

The Reef Kickers, competing for their first season under the direction of Coach Phil Jerome and the Northville City-Township Recreation Department, concluded its season Wednesday evening at Livonia Stevenson, 7-2, at Schoolcraft College. The squad had a 1-2 record and Jerome has indicated that arrangements are under way for an expanded schedule next fall. Members are, from left in front: Bob DeHart, Jim Armstrong, Bill Reilly, Rich Ording, Brian Dyke, Bob VanNieuwekze, Timo Koskela, John Jerome and Steve Sullivan. Standing, from left, are Coach Phil Jerome, Scott Vanderford, Doug Morrison, Curt Sawyer, John Balkwill, Todd Hannert, Rick Sechler, Bill Pink, Andy Walters and Recreation Director Bob Prom. Vanderford had both goals for the Kickers in Wednesday's match.

League Lacks Brotherhood Area Rivalry Debuts On Gridiron Friday

The contest, season finales for both teams, will also be the last time 12 Wildcat seniors will don the Gr... for the purpose of play or orbal.

And it's also the final opportunity for Coach John Osborne's squad to defeat a Southeastern Conference team before beginning competition as a member of the rugged area league in 1970.

"This looks like it'll be our biggest game of the year," Osborne explains. "We've never played in a rivalry like this before and we don't know for sure how our kids will react."

"South Lyon has had a rivalry for Brighton and so they know the experience but this is our first," he adds.

The Wildcats, a young school which graduated its first class in June, has knocked around playing an independent schedule for the last two seasons and now finally finds itself on the threshold of playing in a league and of having games with certain opponents mean a little bit more.

And the Lions, located just down the road, are a natural rival for the Wildcats and it all begins Friday.

Osborne was particularly pleased with his team's defensive efforts last Friday when it handed Flint St. Mary a 20-4 setback breaking a five-game losing string.

Wildcat quarterback-defensive halfback Tom Boyer, a junior, has been announced as the team's outstanding player following Friday's victory against St. Mary. Boyer scored twice and passed for a third touchdown while also excelling on defense, according to Coach John Osborne.

Novi piled up a 20-point first half lead here Friday night and then hung on to defeat a determined but wasteful Flint St. Mary eleven, 20-4.

The Wildcats were the Wildcats' first win since its season opening triumph over Hartland. It came on the heels of five straight losses and it sets the stage for next week's finale with South Lyon, which won 20-8 in a non-league tilt over Linden on Friday.

The Wildcats proved Friday that statistics don't necessarily spell superiority. St. Mary clobbered Novi in rushing and first downs - most of which were garnered in the second half - but the visitors simply failed to take advantage of its opportunities.

Novi, on the other hand, worked its passing superiority overtime and moved successfully on the ground when it counted most.

Late in the first quarter, Bob Vivian recovered a St. Mary fumble and quarterback Tom Boyer quickly fired a pass to Phil McMillan for a 30-yard touchdown.

After trading punts, the Wildcats scored again midway through the second quarter. A screen pass from

Boyer to John Davey pushed Novi deep inside St. Mary's territory and three plays later Boyer scooted around the left for a four-yard TD. The extra-point kick was blocked.

Shortly before the intermission, a passing-running attack carried the Wildcats to the St. Mary eight yard line where, on second down, Boyer crashed through the St. Mary defense for the third and final touchdown. Rick Hill plunged up the middle for the two-point conversion.

St. Mary started the second half with a strong running attack that carried it to the Novi 25 in 15 plays and four first downs. After the Wildcats failed to move in three plays, St. Mary took the punt on its 43 and pushed downfield to the Novi 11 and a first down. Then the roof fell in. Two 15-yard penalties pushed the visitors back to the 41 and, still in the first-down situation, a pass was intercepted to end the threat.

St. Mary had some measure of satisfaction following this disappointment however, by blocking a Novi punt at the 15. The ball rolled into the end zone for the first of two safeties.

Late in the fourth quarter, St. Mary pushed to the Novi 30 where, on the fourth down, the Wildcats intercepted the ball at their own one-yard line. Inched backwards to the half-yard line, Novi took the safe way out by covering the ball in its own end zone for the second two-point.

Area Rivalry Debuts On Gridiron Friday

For those wondering from whence football rivalries do come, one will be born Friday beginning about 7:30 p.m. right here in this neighborhood when the Wildcats travel to South Lyon for the first time.

But the Wildcats are expected to need another stellar performance on defense in order to contain Lion Quarterback Dave Brandon, the Southeastern's leading scorer and one of the most heralded football prospects in the area.

But Friday represents a first time for the Wildcats - a first time against in a game that means a little bit more - and it'll be the last time for a dozen seniors.

Osborne continues: "He does everything well. There's no doubt he's probably the best individual we'll have opposed this season."

"The Lions are 5-3 with a modest two-game winning streak to their credit. Coach Bob Keezer's squad was a favorite at the beginning of the season in the Southeastern after having finished in second place last year."

But Friday represents a first time for the Wildcats - a first time against in a game that means a little bit more - and it'll be the last time for a dozen seniors.

Osborne continues: "He does everything well. There's no doubt he's probably the best individual we'll have opposed this season."

Osborne continues: "He does everything well. There's no doubt he's probably the best individual we'll have opposed this season."

But Friday represents a first time for the Wildcats - a first time against in a game that means a little bit more - and it'll be the last time for a dozen seniors.

Osborne continues: "He does everything well. There's no doubt he's probably the best individual we'll have opposed this season."

But Friday represents a first time for the Wildcats - a first time against in a game that means a little bit more - and it'll be the last time for a dozen seniors.

Can't Catch On

Wildcat defensive halfback Tom Boyer gets positions and deflects a St. Mary pass during Friday's game which Coach John Osborne's squad won, 20-4. The victory was the second of the season, breaking a five-game losing streak, with this week's contest at South Lyon to be the finale. Game time will be 7:30 p.m.

NORTHVILLE RECORD - NOVI NEWS

FOOTBALL CONTEST

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16.

You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- after each number on your paper write the name of the sponsor of the corresponding square.
- following the sponsor's name - write the name of the winning team.
- in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry).

Enter just once a week, but may enter as many weeks as you wish. In case of tie, prize money will be split.

Copies of the contest will be posted at the Northville Record office each week.

Entries should be addressed "Football Contest" and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of The Northville Record-Nowi News or sponsoring merchants are not eligible.

\$10 First Prize

\$5 Second Prize

\$3 Third Prize

VFW Asks Citizens To Back Vietnam

Northville Veterans of Foreign Wars Post 4012 and Auxiliary this week called on all community organizations to join the VFW in "Operation Speak Out," a program designed to encourage the "silent majority" to show support of the government on the Vietnam question during the week of November 9-15, which includes November 11, Veterans' Day.

Speaking on behalf of Post 4012, Commander William Widmaier said: "Vietnam Moratorium Day last October 15 has given the world and especially Hanoi a distorted view of the true feeling of the majority of people in this country. It is the belief of the Veterans of Foreign Wars that the majority of people in this country do support our men in Vietnam and the position of our government.

B-1 WANT ADS... 2-B-8-B CHURCHES... 9-B The Northville Record THE NOVI NEWS Brighton Argus THE SOUTH LYON HERALD Wed.-Thurs., November 5-6, 1969 Page 1-B

The recent death of author Jack Kerouac was surprising in the same way anyone's death is unexpected until it actually happens. His death didn't send me into a despairing nose dive.

Rather, it sent my mind skimming back through the years to the time I first read of Kerouac in the pages of Time Magazine. There was some comment, as I recall, about a new breed, a new cult called "The Beat Generation" which he wrote about in his books.

His book, "On the Road," escalated Kerouac to the forefront of the Beat generation. He was called the Beats' most articulate spokesman, whether he was or not, and through his novels he captured the Beat essence, as did poets Gregory, Corso and Allen Ginsberg.

As the title "On the Road" implies, the Beat is an ambulatory soul in quest of experience for experience's sake. His philosophy of life dovetailed nicely with the Existential theories emanating from Europe, although there were as many interpretations of Existentialism as there were people to espouse it.

Existentialism and the Beat quality eluded any precise definition, but both essentially took one form. Life was to be lived, for there was no hereafter, no tomorrow. So the goal was to climb aboard life and ride it much as a bird might ride with the wind.

Any experience - good or bad - was invaluable. Better to have walked the primrose path of dalliance than to not have walked or run at all. "Yeas" was the cry as the man flitted about the country with nerve endings open to the world, ready to absorb whatever it was that life offered.

The Beat movement wasn't political, not as the Hippie movement is today. It was personal. The Hippie, or Yippie movement in full swing today, however, is an offshoot of the Beat Movement.

To me, Beatniks were fascinating creatures, human beings in search of themselves and their place in the cosmos. They had a certain romantic appeal, the romance that comes with things distant and slightly out of step with accepted mores and manners. It's the same romance one associates with those free souls who can drop everything and flit off to Europe or across the country.

I had no links at that time, back in the late 1950's. I was one of those free souls, capable of taking flight because there were no responsibilities to assume. Yet, I never flew like the men I read about in "On the Road," nor did I lead the life of a subterranean in the back alleys of the world.

There was always that nagging inhibition, that tie to society that I could never sever. I envied the Beats, but recognized that for me, they would always be story-book creatures. I might identify with their cause, but I would never be a Beatnik.

He said the law requires only that the buyer in these circumstances make out an affidavit for the dealer's records, and provide the dealer with the title of the chief law enforcement officer in the locality where he lives.

Area Building Starts

First Nine Months of 1968 and 1969

Table with columns for Brighton Township, Hamburg Township, Green Oak Township, Northville Township, Northville City, Lyon Township, and Novi City. Rows show building starts for 1968 and 1969, with a TOTAL row at the bottom.

Few Clues Seen

Do Area Statistics Signal Building Dip?

Despite implications that new house construction is falling significantly behind predictions for the year, the lag in the industry has not yet shown up dramatically in most area building statistics.

Nevertheless, there are some clues in these statistics that the tight money market is indeed beginning to take its toll locally.

Most significant, perhaps, is the situation in Northville Township which has been experiencing a building boom for the past several years.

Through the first 10 months of this year, 67 new housing units (includes both single family and multiple units) have been started for a total value of \$2,812,364.

The total number of new units started and the value of these units are running far behind last year. It must be noted, too, that the bulk of the new starts in the township this year occurred during the first six months - before the construction industry began to feel the full impact of the government's restraints.

Effects on municipal budgets cannot be accurately gauged by these figures, officials point out, because municipalities operate on a fiscal year as opposed to the standard, January through December period.

In Brighton Township, new dwelling construction through September of this year was running only slightly behind construction during the same period in 1968. Last year the value of the 124 new units was \$2,551,799 as compared to the 108 units valued at \$2,494,690 this year.

Most important clue to what is happening can be seen in how predictions of developers simply are not being realized. Last December, Northville school administrators polled area developers to determine the extent of likely construction upon which the school could base its enrollment projections. Today, school officials note that 250 homes expected to be completed and occupied by this period have not even been started.

Nearly every development, if not all of them, are way behind building predictions, officials point out. The school district, based upon "firm" predictions of the developers, anticipated an increase of more than 700 students during the current school year. Now, say school officials, the increase probably won't go much beyond 500 students.

"At least," comments School Business Manager Earl Busard, "the lag in the housing industry gives us a little more breathing time."

AGRICULTURE IN ACTION by GARY A. KLEINHENN

Wife: "Guess who's sponsoring a contest to find exceptional hickory nuts." Husband: "Let's see, a branch off the government maybe? You know the U. S. House of Representatives recently approved legislation which would give an immediate pay increase to postal workers and establish machinery for giving annual pay increases to all federal employees. With today's inflation, that's nuts!"

No silly," she said, "The announcement I got said entrants must send a sample of at least 25 nuts from a single tree to the Horticulture Department of the college. We can enter as many as we wish."

"No problem there," he said, "Did you know the rate was 281 to 81 against killing the inflationary bill and \$11 to \$1 on sending it to the Senate. You see, the majority of both parties are ignoring the current battle against inflation. Entries for your contest will be easy to find."

She says, "Your jumping to extremes, the best nuts will win prizes of only \$5, \$10 and \$15. Furthermore the contest ends in a few weeks."

Husband, "That's hardly true, this bill if passed will raise spending by \$1.5 billion for this fiscal year and eventually add \$4.3 billion a year to Federal expenses. That's not peanuts."

Wife: "Oh you're such a bore, for this contest voting on the nuts will include judging among many things, the crackability of their shells and their general acceptability of most other things that are expected of them."

"That's right, dear," he said, "and apparently many of the lawmakers haven't been listening to the folks back home, or if they have, they are braying ignoring the message. Earlier this year, they voted themselves a healthy 41 per cent pay boost. With this kind of a cushion against the rising cost of living, it may be difficult for the average Congressman to put himself in the position of the typical taxpayer and consumer."

Lamb Cuts Good Buy One of the most reasonably priced and readily available cuts of lamb this fall and winter will be the lamb shoulder combination, according to the MSU extension service. This combination is often featured in the meat cases in supermarkets and consists of shoulder lamb chops and bone-in stew meat packaged together in a tray. It's generally labeled as such - Lamb Shoulder Combination. To make this combination, the butcher cuts four chops from the square lamb shoulder - two round bone and two blade bone chops. The rest of the meat is cut up for stew. The round bone chops come from the arm side and, as the name indicates, contain a cross section of the round arm bone. The two blade bone shoulder chops contain three bones blade, rib and backbone. Bone-in stew meat consists of lean, meaty lamb chops that can be broiled, pan fried or braised. This lamb shoulder combination is especially economical, this is particularly true when the meat is lean, meaty fresh lamb. SWEET AND SOUR LAMB CHOPS (Makes 4 servings) 4 shoulder lamb chops, 3/4-inch thick 1 tablespoon salad oil 1/2 cup vinegar 1 cup water 1 can (8-1/2 ounces) pineapple tidbits 1/2 cup ketchup 1 tablespoon soy sauce 1 teaspoon dry mustard 1/2 cup finely-packed brown sugar Trim chops, broil in oil in large skillet over medium heat. Drain off fat. Add remaining ingredients. Cover skillet tightly and simmer until chops are tender, about 45 minutes. Baste chops occasionally. Skim off fat from top of sauce. Serve with hot cooked rice if desired.

Board Lacks Own Appeal

The Board of Appeals for the City of Novi seemingly has lost its way and is searching for some direction while several appealing citizens are suffering the consequences.

The board frequently in denying requests has had the honesty to admit that it feels that existing ordinances have forced decisions which often are in the best interest of the community.

Perhaps these ordinances are as good or flexible as they should be but they are the law. Andre (Bud) Hansen, one of seven men serving on the board, observed that this month in making an argument over control of signs for residential areas.

But it's not our duty to change these ordinances, instead we must judge as they stand, he added.

I don't know what these people had in mind when they brought up this type of ordinance, Chairman Kenneth Bassett stated later in the same meeting. But these are what we have to work with.

But at other times the board also appears to be having difficulty functioning simply because members are reluctant to make judgments. Too often appeals are being refused because the ordinance says so.

A citizen appeals to the board knowing what the ordinance says but feeling that his case is an exception which can't reasonably be controlled by law and deserves the attention of understanding human beings.

To deny such an appeal strictly on the basis of the ordinance itself is, in reality, to deny the right to appeal. At one point the board claims that some ordinances do not give it sufficient flexibility and then it turns around and assumes an inflexible approach in making its judgments.

Trustee Blasts Council Position

Negotiations between Novi Community Schools and developers over the cost of a proposed elementary site in Village Oaks reached a point of bitterness Tuesday reflected when Trustee Verne DeWard lashed out with claims that Kaufman & Broad is taking advantage of the district.

After being informed by Superintendent Thomas Dale that Kaufman & Broad is asking \$85,000 for a site which the board of education values at \$60,000, DeWard responded with charges that the district "is being used" since developers have promoted the sale of other properties with claims that an elementary school will be located within the development.

They're using the district in the promotion of the sale of their lots and then they're not being reasonable in negotiations with this board," he stated.

Dale, in making his report on the talks and after reading a letter from the developer, recommended that the board "break off negotiations with Kaufman & Broad and direct the committee to push its efforts elsewhere."

The board eventually compromised on the superintendent's request directing its building-and-site committee to initiate talks on other properties while "keeping the door open" for further negotiations with Kaufman & Broad. The new school, approved by voters at a \$4.5-million building and property acquisition program in early September, is proposed for the southeastern portion of the district in order to accommodate growth trends.

Kaufman & Broad's Village Oaks is presently being developed at Nine Mile Road and Haggerty Road in the same general area.

In other business Tuesday, the board endorsed a decision by the administration to amend the dress code on a trial basis to allow girls to wear slacks to school and approved a request for a teacher's union to support development (special education) program.

THE NOVI NEWS 15¢ OFFICIAL NEWSPAPER OF THE CITY OF NOVI AND THE CITY OF WIXOM Vol. 16, No. 26, 26 Pages, Two Sections Novi, Michigan - Thursday, November 13, 1969 15c Per Copy, \$5 Per Year

To Survey or Not? Council Splits on Plan

The procedure for development of recently-acquired property resulted in a clash of opinions within the City of Novi Council on Monday with members taking both sides of a proposed \$1,500 preliminary survey and with Councilman William Ducey asking that the project be assigned to a building authority.

The discussion evolved when Councilman Edwin Prenell expressed objections to delaying the construction of a Department of Public Works garage on Grand River Avenue in order to allow for a topographical survey of the three-and-one-half acres of property recently purchased by the city.

The parcel, located just west of Taft Road, includes a ranch-type house which is being converted for DPW offices while a garage is proposed for location to the rear of the property. Presently, the city rents garage space for the department at \$250 per month and uses the basement of City-Township Hall for its offices.

At a recent session of the council, Richard J. Hapley, an architect, advised the city to have a topographical survey prepared before proceeding with development because of the condition of the property. The majority of the parcel is behind the building and will need to be filled and balanced in the process of development, according to the architect.

Hapley emphasized the value of the topo survey explaining that it would establish and assure the conditions of the land before permanent development. He said that "a considerable amount of fill" will be necessary and could best be applied if a topo survey is available.

"I think that the time to be taken for such a survey - when we're presently paying \$250 per month for a wood shed that somebody else is using - would be a waste of taxpayers' money," Prenell observed Monday.

"I don't think we should go about this like a bunch of farmers," Mayor Joseph Crupi responded. "When a person comes into our building has when seeking state or federal assistance."

Mayor Crupi indicated that when organized, the group would meet monthly with members alternating as hosts. Although the mayor didn't say specifically, it is expected that the council will include Novi, Wixom, Northville, Farmington and Walled Lake initially.

Mayor Draws Plan For New Assembly

Plans to organize a Council of Mayors - a group of top elected officials from area communities - have been revealed by Mayor Joseph Crupi after apparently having evolved from a social gathering hosted here Friday.

The mayor announced his intentions to encourage formation of the council in order to allow area municipal officials an opportunity to exchange ideas on common and mutual problems.

"With Novi being somewhat of a hub in this area, I think it would be appropriate for us to launch efforts to organize a group such as this," Mayor Crupi explained.

The idea apparently evolved here Friday night during a reception held for new City Manager Dallas (Barney) Zonkers and attended by state and area officials. Mayors attending the event were Wixom's Wesley McAtee, Walled Lake's Wendell Kellogg and Mayor Crupi.

State Senator George Kuhn (R-Birmingham) suggested the arrangement explaining that such a concept was employed successfully in the northwest suburban area when he was mayor of the City of Berkeley.

Senator Kuhn also emphasized the additional influence that such a group directed to order operations halted at the location.

But before Bailey could act in concert with the board's direction, the bank filed suit and the restraining order preventing action until the court hearing.

The branch, located in a 40-foot trailer unit on a parcel west of Haggerty Road, was established by NBD on September 15 with Bailey then challenging operations for failure by the bank to receive permission from the Board of Appeals. In accordance with zoning regulations, a bank must receive approval from the board before locating in a C-T district.

Cherfoli Named To Fill Vacancy

The appointment of James Cherfoli to succeed Robert Wilkins on the City Planning Commission was decided Monday by the City of Novi Council. Wilkins, also a member of the Novi Community Schools' board of education, resigned effective Monday because of business reasons and his interest in school development.

Cherfoli, who resides with his family at 24066 Glen Ridge Court, is the assistant manager in publications at American Motors Corporation. The term being assumed by Cherfoli expires June 30.

Bank Remains Open Board Decision Challenged

Legal action taken by the National Bank of Detroit last week has prevented the City of Novi from closing its West Eight Mile Road branch despite a decision by the Board of Appeals and pending a District Court hearing on Wednesday.

According to City Attorney Howard Bond, the bank filed suit against the city demanding a show cause hearing over its decision claiming that the branch cannot legally operate in a commercial-thoroughfare (C-T) district on Eight Mile and NBD also has filed a restraining order allowing the facility to remain open pending results of court action.

The Board of Appeals last week Tuesday took action denying a request by NBD to continue operations of its branch bank at 39820 West Eight Mile Road with Building Inspector Earl Bailey

Then at its November meeting - held last week Tuesday - the request failed to receive the necessary two-thirds support from the seven-member board and was denied.

Twelve Mile Property Rezoned for Industrial

A request from a Detroit general contractor to rezone property on Twelve Mile Road from its existing small farms classification to light industrial, after recommendation by the City Planning Commission, was granted Monday by the City of Novi Council.

A spokesman for Lerner-Linden Corporation, Detroit, addressed the council and commission in its joint hearing on the proposed rezoning and explained that the company plans to re-locate its warehouse and office building here "within the next three to five years."

The property is located on the north side of Twelve Mile from the Chesapeake & Ohio Railway crossing to the City of Wixom limits and the action is consistent with the master plan, according to Robert Shadduck of Vilcan-Leman & Associates, planning consultants for the city.

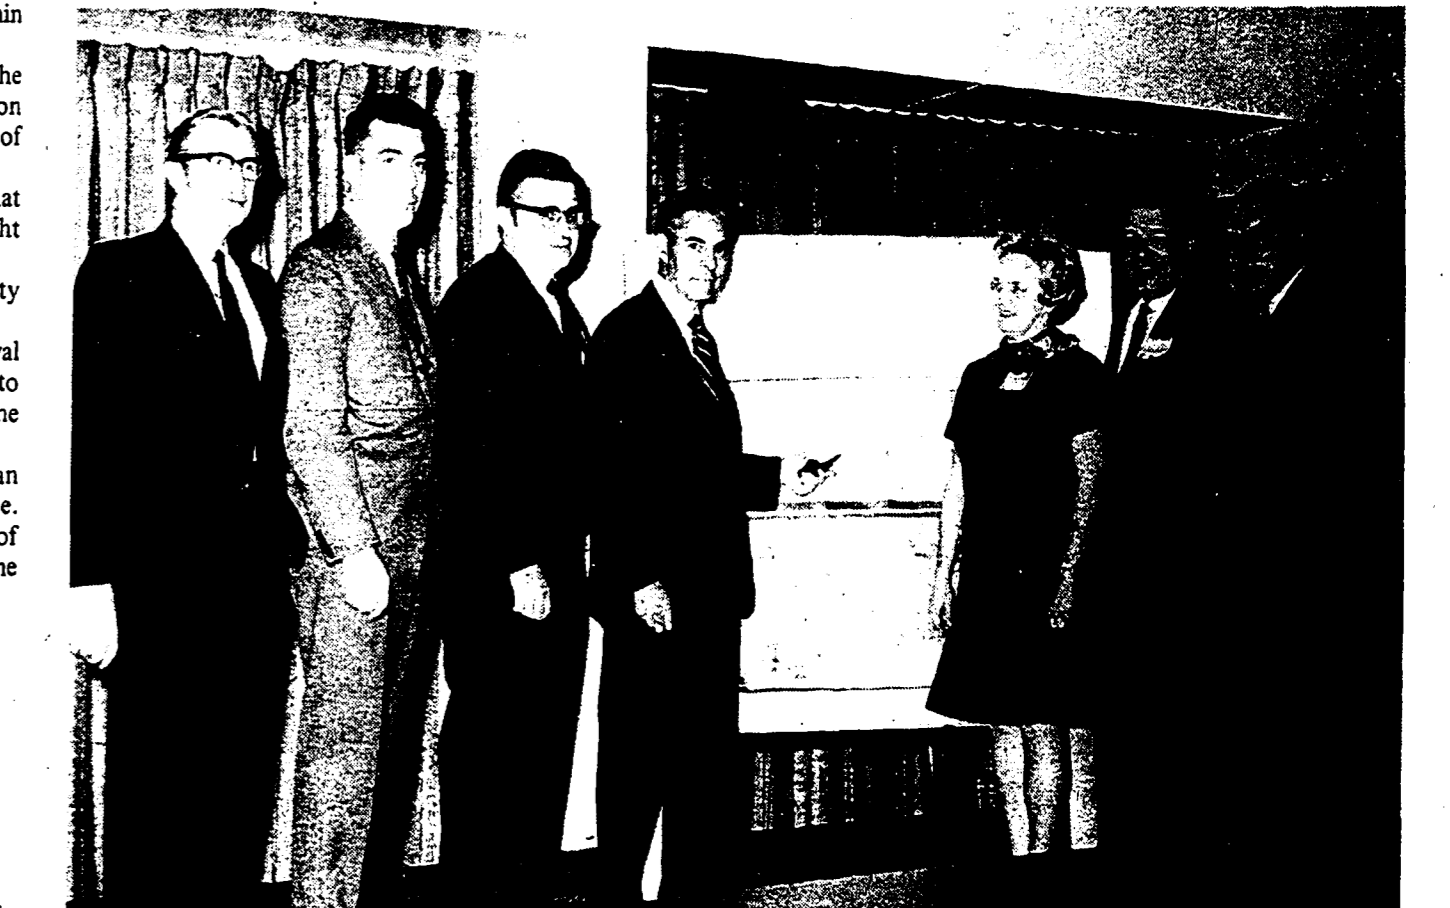

Shadduck also supported the planning commission's decision to request that property adjoining the parcel owned by Lerner-Linden be rezoned for light industrial to encourage consistent development of the area.

The consultant reported that the City of Wixom recently rezoned property along Twelve Mile for industrial.

The planning commission was unanimous in voting to recommend approval of the request with Councilman William Ducey moving that the council act to rezone the property. Councilman Denis Berry supported Ducey's motion and the council passed it unanimously.

Several citizens from the area attended Monday's hearing and a spokesman asked that planners consider rezoning property on the south side of Twelve Mile. Mayor Joseph Crupi explained that the commission is in the process of considering rezonings consistent with the master plan for large areas within the city but are acting upon individual requests to expedite development.

Welcome New City Manager

A large turnout of area municipal and state officials attended a reception held Friday by the City of Novi Council for new City Manager Dallas (Barney) Zonkers, second from right, and Mrs. Zonkers. Amongst those attending the event at Michigan Tractor and Machinery Company works, from left, County Department of Public Works

Director R.J. Alexander, County Supervisor Lew Coy (R-Wixom), Walled Lake Mayor Wendell Kellogg, Mayor Joseph Crupi and State Senator George Kuhn (R-Birmingham). Zonkers, who succeeds Harold Ackley, assumed duties here November 3. He previously served as city manager in Flushing.
