Assessment Roll for the Township of Orion in the County of Oakland for the Year 1881

☞ [No more than one tract or parcel must be valued or taxed on the same line. Two descriptions *must not be joined* in one valuation or tax. *Personal Estate* must be valued and taxes entered on a different *line*, as well as column, from *Real Estate*. Non-resident lands must be entered in numerical order, beginning with section one. Enter the amount of any *Re-assessment with Red Ink*, in the column of taxes to which it belongs, *above* the tax for the year for which this Roll is used, and in the column for "Remarks," state opposite each parcel *for what year the re-assessment was made*. Two or more City or Village lots, owned and occupied as one parcel, may be assessed as one parcel; but the fact must be noted that they are so occupied. The school, library, and school-house taxes must be placed in *one* column, the highway taxes in another, the township taxes in another, the county taxes in another, and the State taxes in another column; and if other taxes are at any time required by law, they shall be placed each in another column. "Omitted Lands" placed upon this roll under the provisions of Act No. 6, Laws of 1874, must "be placed upon a part of said assessment roll separate and distinct from the lands as assessed for the current year, and immediately preceded by a statement which shall distinctly set forth the year in which such land was omitted and for which it is then placed thereon." (Sec. 4.)—Auditor General's Office, 1880.]
