Assessment Roll for the Township of Orion in the County of Oakland for the year 1895

3-95-56400

☞ No more than one tract or parcel is to be valued or taxed on the same line. Two descriptions *must not be joined* in one valuation or tax, unless contiguous and owned and OCCUPIED as one parcel.
A parcel of land described in the government survey by lot number must be so assessed.
All lands in each town and range, city, village, or addition to any city or village, should be carefully written under the proper heading, designating accurately the town, city, or village, and the addition or subdivision, if on such.
If the name of the owner of non-resident land is not known it should be assessed as "Owner Unknown."
Enter the amount of any *Reassessment with red ink*, in the column of taxes to which it belongs, *above* the tax for the year for which this Roll is used, and in the column for "Remarks" state opposite each parcel *for what year the reassessment was made.*
Personal Estate must be valued and taxes entered on a different *line*, as well as column, from *Real Estate.*
The attention of assessing officers is especially called to sections *1 to 43* of the Tax Law of *1893*. They should be carefully studied and the directions therein contained should be strictly followed. See also sections 91, 96, 100, 105, 107, 116, and 119.—AUDITOR GENERAL'S OFFICE, 1895
