

School talks break down over economics

By KAREN RICE
and KATHY JENNINGS

Contract talks between three striking unions and the Novi Board of Education broke down again Monday, as the two sides reportedly came close to agreement then reached an impasse over the proposed economic package.

Classes for Novi students remain indefinitely cancelled as they have been since August 31, shortly after talks col-

lapsed on the second day of the strike. Buses to special education and vocational classes conducted outside the district will operate.

Preceding the latest check in the negotiations, bargaining teams met for more than 19 hours, starting at 6:30 p.m. Sunday and breaking off Monday at 1:30 p.m.

Negotiating teams settled most of the language issues, reaching tentative agreements in areas including

academic freedom. But with the board proposing 5.5 percent the first and second year of a two year contract, and the association asking for 5.5 percent the first year and 6 percent the second year talks broke down.

Zan Alley, Uni-Serve Director of the Novi Education Association said bargaining team members put the decision of whether to return to work in the hands of the membership in an association general membership meeting Mon-

day after deciding they could not sign the offer proposed by the school board's team.

"As a bargaining team we would not sign that agreement. It is not anywhere near an equitable agreement and we would not sign it," Alley said.

In what was reportedly an emotionally charged meeting eighty-six percent of the district's teachers, secretaries, paraprofessionals and cooks voted by secret ballot Monday night to continue

their position of "no contract, no work."

Alley said the board rejected the unions' proposal to undergo binding fact-finding in an attempt to resolve the dispute.

Charging the board's negotiators with refusing to bargain, Alley said the board's team had walked out of the talks twice Monday, although a state mediator reportedly convinced the representatives to return to the table after the first walk-out.

The NEA planned to send a telegram to the board Tuesday urging resumption of negotiations and asking binding fact-finding be sought.

Alley said the settlement hinges on one final package proposal encompassing salary, fringes, extra-curricular assignment pay, and establishment of maximum class sizes.

"We're not at 14 percent, we're close. But the catch is everything is in one package. We've packaged all the economic issues. If the whole thing doesn't fly, it whole package stays on the table. If it doesn't all fall together, then it's gone," Alley said.

"Those compromises won't mean anything." Still unresolved for teachers are salary, fringe benefits and class size.

The secretarial/paraprofessional union also has been unable to reach an agreement on salary and fringe benefits, as well as between-school classification difficulties. The cooks union is seeking higher salary increases, better fringe benefits and improved job security language, Alley said.

Alley contended the board's team

Parents tell board, union to negotiate

By KAREN RICE
and KATHY JENNINGS

A meeting that began with hostility toward Novi's striking teachers, turned around to focus on a call for negotiators representing the school board and the teachers to return to the bargaining table.

At least 500 parents, teachers and citizens turned out Thursday before the Novi Board of Education to express their concerns over the strike that is delaying the start of school for Novi students.

While seventh and eighth grade students picketed for an end to the strike outside Village Oaks Elementary, adults lined up inside the school's gym seeking an opportunity to address the board.

Residents expressed support for both the employee unions and the school board, but unanimously urged the two sides to come to agreement quickly.

Board President Joel Colliau outlined seven issues of disagreement between the two which caused talks to break down last week.

He cautioned the group of approximately 500 people that there would be no public negotiations, then accepted residents' comments.

Citizens focused primarily on two issues, the same two issues that are reported stumbling blocks to solving contract disputes: salary and academic freedom.

Comments opened with the presentation of petitions calling for the firing of Novi's 188 striking teachers submitted by Kathy Crawford, 48275 Eleven Mile. Crawford said most Michigan residents have been forced to adjust their lifestyles as dictated by the state's acute economic conditions. And residents are "greatly disappointed, if not somewhat appalled" by the strike, Crawford said.

"The unresolved issues of class size and academic freedom should be settled quickly as much as Novi class size is among the lowest in the tri-county area and the academic agenda should continue to be determined by the Novi residents' representatives; the Novi Board of Education, in conjunction with teacher representatives," she continued. "It appears to us that Novi teachers have considerable freedom and creative license to achieve academic goals set by the board."

Mobile home park residents ask court to resolve disputes

By KATHY JENNINGS

Nearly 180 residents have filed suit against the owners of Old Dutch Farms Mobile Home Park, in hopes of resolving problems they believe exist within the park.

Residents have asked for a judgement of at least \$10,000 and a hearing before a jury in a suit listing their grievances against Unipro, Inc., Old Dutch Farms Mobile Home Park and Michigan Management Company, among others.

The tenants charge that water is no longer being treated in the park, causing an increase in the water's iron content which has discolored dishes and porcelains, as well as clothing.

"The water has a dark, brown color and a bad odor," the lawsuit states. "Also, (the residents') faucets, hot water tanks, washing machines, dishwashers, toilets and bathtubs have become discolored and rusted."

Snow and ice is not removed from streets during the winter, making some streets unusable, the tenants claim. Additionally, other street floods "whenever there is an appreciable amount of rainfall." The suit says park owners refuse to do anything to correct flooding conditions.

According to the suit, residents recently have been told they must pay \$50 to have electrical pedestals turned around, since they were installed improperly. Residents say Detroit Edison now insists the pedestals be installed

correctly. The residents also allege some electrical lines are not buried.

A proper emergency method for tenants to obtain help does not exist, the residents complain. They say that after 6 p.m. they must leave requests for service with an answering service. The problem is particularly acute on weekends, the residents say. In most cases, calls made Friday after 6 p.m. are not answered until the following Monday. If a water main breaks, there is no relief until the following Monday, the residents claim.

On weekends this unavailability makes it difficult for residents to gain access to vehicles parked in the storage area. The storage area is locked and no key is available on weekends, the residents say.

Residents also claim that park management assumes no liability for damage to vehicles parked in the storage area and requires all recreational vehicles to be parked there.

Streets and parking areas are in poor condition, but the park refuses to repair them, the residents claim as the suit continues.

There are many mobile homes located too close to the park's parking area, in violation of Mobile Home Commission rules. Residents have been unsuccessful in obtaining relief in this matter, though they have contacted the Mobile Home Division of the Department of Commerce, the suit states.

Is Mickey a law breaker?

By KATHY LAVELY

Mickey Mouse may be breaking the law in Novi.

Mickey, Donald Duck, a number of other cartoon characters, and plaques of safety rules that grace the red and white striped walls of the Cone Zone ice cream stand at Ten Mile and Meadowbrook Road have been cited under Novi's recently implemented sign ordinance.

Their presence on that structure, says city ordinance officer Alan Amolsch, who issued the citation last spring, is clearly a violation of the ordinance. However, Cone Zone owner John D. Henrich isn't so sure, and he's taking the city to court September 16 to let Judge Martin Boyle determine the status of Mickey and friends.

Henrich installed the laminated plywood cartoon characters and safety plaques two seasons ago to decorate the exterior walls of the seven-year-old business.

"I don't think they're signs," said Henrich. "We have to see if the judge says they are or they aren't, but there isn't any doubt in my mind that they're not signs."

"That's his opinion," said Amolsch. "Ours (the city's) is that they are. Going to court is the only way to settle it."

According to Amolsch, the part of the sign ordinance that applies to Henrich's cartoons is in the very definition of a sign, which is defined in the ordinance as a "name, identification, description, display, device or illustration which is affixed to, or painted, or otherwise represented directly or indirectly upon a building, structure or parcel of land, and which directs attention to a service, product, activity, person, institution, organization or business."

Since the cartoon characters are "illustrations" that attract attention to a "business", the Cone Zone, Amolsch says it is clear that they are subject to the ordinance.

"The characters count," he said. Henrich has already removed two illustrations of ice cream cones from the doors of the Cone Zone because, he says, he can see that they could be construed as advertising.

"I took those off," he said. "This is an

ice cream store and you could say (the cone illustrations) drew attention to the business."

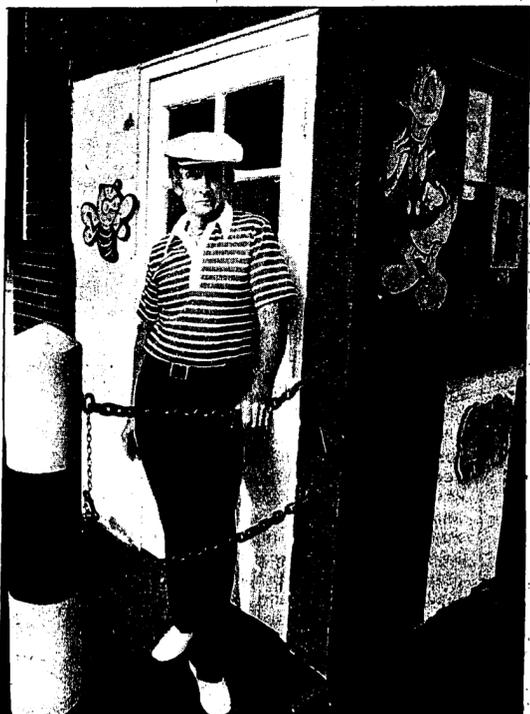

Henrich also earlier this year removed a number of international flags that were strung banner-style on cables in front of the building because the city says those, too, are in violation of the new ordinance, which allows only one flagpole per business.

He is adamant, however, about the cartoon characters and safety plaques.

"People like those safety rules up there," he said. "Parents like to show them to the kids while they're waiting for ice cream."

Henrich, who is representing himself in the case, has refused to remove the cartoon characters from building until after the judge's decision, but promises he will abide by the judgment.

"Whatever he decides, I'll do," he said. "But I want to show the judge and let him decide."

Cone Zone owner John Henrich is fighting to keep his signs

Appreciation weekend set

Appreciation for residents' and businesses' continued support of the City of Novi and Novi Community Schools will be demonstrated this weekend: Community Appreciation Weekend, September 10-12.

Superintendent Robert Piwko said he does not believe an ongoing strike by three school district employee groups will affect this weekend's festivities.

"Our feeling is this is a total expression of appreciation to businesses, as well as the residents. This is an outstanding community and it should be recognized for what it has done," said Piwko.

"The attitude in the community is outstanding and unique," he added. "People are willing to contribute their resources, time and talents. We want to show our appreciation for that."

Will there be a football game for residents to attend? "We'll have to wait and see," Piwko said.

The weekend is scheduled to begin with a parents' luncheon in Novi schools Friday. Parents are invited to visit their children's school and eat with them in the cafeteria if the strike is resolved.

All residents are invited to attend the first football game of the season Friday when the Novi Wildcats take on the Chelsea Bulldogs at 7:30 p.m.

The Novi High School band will be featured in the pregame festivities, which begin at 7 p.m.

School and city officials will be on hand prior to the game to greet residents and thank them for their support over the past year.

Community Education registration for fall classes will be conducted in the Novi High School Commons before the game and during halftime. Individuals who register at that time will be given a \$1 discount.

Residents also are invited to tour the Novi police station on Friday from 4-8 p.m.

The Novi Fire Department also will display its fleet of fire trucks for residents to inspect Friday and firefighters will be on hand to meet residents. Fire vehicles will be shown at Power Park on Ten Mile.

Jessie King named senior of the year

By KAREN RICE

A member of the West Lakes Senior Citizens Group, King was nominated by her club to vie for the title of senior of the year among the four area senior citizens groups. King was the top choice and was honored at the Christmas in August party last week.

"I tell you, I had a time and a half," King says.

King knew beforehand that she had been selected Senior Citizen of the Year, but the minister's award caught her by surprise. She had gone down to the Villa chapel to prepare for the Wednesday ecumenical service and noticed there were more chairs than usual in the room. So, she hauled a bunch of them out and sat down to play the piano. When people started pouring in the chapel, she says, she suddenly realized something was going on.

"They called it 'Jessie King Day' and it was," she says. "It was a surprise like nobody's business."

So well attended was the presentation that it was an award master

plan. A plan compiled in 1966 was never formally adopted by the council at that time.

The city's plan consultant, Tod Kilroy of Community Planning Incorporated, drew together maps of existing land use, projections for population growth and a variety of other data before compiling the master plan.

But Frey said most of the plan is not controversial.

"The way the city's zoned now is just about what (Kilroy's) going for," she said.

"There are some long range plans, such as five and 10-year plans for growth included, but everything in there is pretty much the way the city is now."

Residents interested in the proposed master plan are encouraged to look over a copy at the clerk/treasurer's office this week, or attend the public hearing at 7 p.m. Tuesday (September 14).

A regular meeting of the plan commission will follow the public hearing.

District wins boundary fight

The Oakland Intermediate School Board has rejected a request from a group of Farmington Hills homeowners to be transferred from the Walled Lake to the Farmington Public School District.

The intermediate board voted unanimously (4-0) last Tuesday to deny the transfer petition from residents in Section 6 of the City of Farmington Hills.

The intermediate board's action was good news for the Walled Lake Schools, which could have lost approximately \$193,000 in annual property tax revenues if the transfer had been approved.

Section 6 of Farmington Hills is bounded by Fourteen and Thirteen Mile on the north and south and Halsted and Haggerty roads on the east and west. The section contains one square mile of property.

Although located within the corporate limits of the City of Farmington Hills, it is part of the Walled Lake School District.

James Deutchman, a representative

"We don't want to be hard-nosed, but in this case we felt the people of the Walled Lake School District would be harmed by approval of the transfer request."

— Robert Cooper, Board president

of the Section 6 residents, has said the transfer request was in no way an indictment of the Walled Lake schools. The transfer request, he told the Walled Lake Board in July, was based primarily on geography.

"We simply feel our children would be better served on the basis of geographic considerations by attending

members and the Walled Lake Education Association (WLEA).

The Walled Lake board voted unanimously August 9 to adopt a resolution submitted by Trustee Patricia Jackman in opposition to the proposed transfer. That resolution said that Walled Lake "does strongly and with reason" oppose the transfer for the following reasons:

- the loss of Section 6 property tax revenues will greatly increase the financial difficulties of the Walled Lake School District;
- historically, the present boundary was established in a spirit of cooperation and compromise with the two districts involved and because Walled Lake wishes to support that mutually arrived-at decision;
- the Walled Lake Board of Education and its taxpayers have committed themselves and their resources to provide new facilities at Walled Lake Western and Maple Elementary so Walled Lake might be prepared to accommodate the children of Section 6

Area woman stabbed twice, boyfriend charged in knifing

A Wixom woman is in critical condition after allegedly having been stabbed in the neck by her common law husband, who has been charged with attempted murder.

Carol Marian Doebler, 66, was stabbed twice with a kitchen knife in the neck and chest on September 3, according to Wixom police.

Ted Jonah Morley, 71, her boyfriend of 12 years, is facing charges of assault with intent to murder, police said. If convicted, Morley could face up to life imprisonment for the felony.

Morley was arraigned September 6 before Judge Michael Batchik of 52nd District Court. He is being lodged at Oakland County Jail in lieu of \$25,000

cash bond and is awaiting a preliminary examination set for September 13.

The couple, residents of Maple North, apparently began drinking with friends on the evening of September 3, according to police.

Doebler reportedly told officers she was eating pickles on the dining room table when Morley arrived home around 6 p.m. September 3, and the argument began.

Morley allegedly hit Doebler around her face and body before throwing her to the floor, police said. He held her face down and allegedly picked up a long-bladed knife she had been using to cut pickles and then allegedly stabbed

her twice in the neck, police said. Shortly afterwards, Doebler apparently began screaming for help and Morley took her to Woodland Medical Center, police said.

Morley allegedly claimed self-defense in the attack, police said.

After Novi and Wixom police officers were called to the medical center, Doebler was transported to the Novi Emergency Annex of Providence Hospital in Southfield. She underwent emergency surgery and was listed in critical condition in the intensive care unit.

The incident was the first attempted murder reported in Wixom this year, according to police.

Man pleads guilty to taking chemicals, heaters

In Novi

Robert M. Peterson, 30, of Lakewood, Florida, has pled guilty to two counts of larceny under \$100 in connection with the theft of heaters and cases of chemicals from Steelcrete Corporation, 45700 Twelve Mile.

Novi police arrested Peterson after he allegedly was found outside a pile of cases, each containing four jugs of liquid products, in preparation to stealing them.

Police were patrolling the area after nine kerosene heaters worth a total of \$1,140 and two 25 pound containers of dry chemicals were stolen.

Upon investigating the matter, police found cases of liquid products were being stolen by someone who was throwing them over the fence. The products were then being gathered and stacked. A van would be driven up to the fence and the cases of chemicals would be placed inside the vehicle.

Police said Peterson was nearly caught one night after he stacked the chemicals, but he saw a vehicle and left the scene. Police found \$160 worth of chemicals stacked near the fence.

He allegedly returned the next evening and piled \$110 worth of chemicals where he could collect them, police reported. He was then arrested.

Police obtained a search warrant for his car and recovered the heaters and dry chemicals taken in the earlier theft.

Peterson was arraigned August 30 and bond was set at \$2,500 on two charges of larceny over \$100. He was lodged in Oakland County Jail prior to his examination Friday.

Friday he pled guilty to a reduced charge of larceny under \$100. In his appearance before Judge Michael Batchik, he was placed on six months probation, charged \$250 restitution and fined \$55. He also will be responsible for

area blotters

paying his court appointed attorney's fees.

Police reported the malicious destruction of a number of vehicles in two separate cases.

In the first case five vehicles were damaged while parked in the Novi 26 apartment complex parking lot. Eight vehicles were damaged in the North Hills apartment parking complex.

Police noted four wheel covers worth \$130 were stolen from a 1971 Oldsmobile parked in the Novi 26 parking area. An obscenely was scratched on the trunk of a 1980 Ford, causing \$100 damage, and four tires valued at \$200 were stolen from the automobile. Both rear tires and the left front tire were slashed on a third vehicle, causing \$450 damage.

1974 Buick had \$200 in damages including a broken windshield and scratched paint, as well as four stolen wheel covers, worth \$120. The right rear tire of a fifth vehicle was punctured, causing \$100 damage.

Solid waste plans okayed by county

By SUZIE ROLLINS SINGER

Oakland County residents finally have a solid-waste plan they can call their own.

By unanimous vote, the Oakland County Board of Commissioners has approved a 20-year plan which proposes rubbish incineration and landfill sites.

"A lot of work has gone into the program and we've decided to minimize the use of landfills by going to a more expensive kind of disposal — incineration," commented Commissioner Lawrence Pernick (D-Southfield).

In a concession to rural townships, where most landfills will be located, the plan also states that a designated local official in the host community may accompany a state Department of Natural Resources or county Health Department representative on daily inspections.

The plan must now be sent to Oakland's 61 cities, townships and villages for final approval. It takes effect when approved by two-thirds of the local governing bodies, although all municipalities will participate in the plan once accepted.

Once it is adopted, contracts will be signed by individual communities.

Four landfills will be developed during the next 20 years, one of which — in Lyon Township — is presently under construction. The other three landfills

will be in Holly, Orion and Pontiac townships. All will be privately owned.

There also will be three new "energy recovery facilities," where garbage is burned and turned into steam to heat adjacent buildings, and construction of two transfer stations.

One of the energy recovery facilities is proposed next to the Ford Motor Company assembly plant in Wixom. The others are proposed near the Parke-Davis plant in Rochester and the Oakland County Service Center in Pontiac.

No other sanitary landfill site or disposal facility may receive a state construction permit now that the plan is adopted.

Once the plan is in operation, each municipality will be charged a flat rate for rubbish collection, and it will be passed on to the residents through an already-collected millage tax, according to George Schutte, the county supervisor of solid waste.

Prior to approval, the Solid Waste Planning Committee eliminated two parts of the plan that triggered numerous objections.

The Weber landfill site in Orion Township will be included only as a 28-acre site, which currently is licensed by the DNR, not 190 acres as previously proposed.

And the section of local municipality inspection with DNR or Health Department officials was added to the draft.

ADVERTISEMENT CADELLE DRAIN Phase I CITY OF FARMINGTON HILLS CITY OF FARMINGTON OAKLAND COUNTY, MICHIGAN

Sealed proposals will be received by THE DRAINAGE BOARD FOR THE CADELLE DRAIN, Phase I Oakland County, Michigan, at the Office of the Oakland County Drain Commissioner, No. 1 Public Works Drive, Pontiac, Michigan, for the construction of certain drains and structures, including the following approximate

120 feet of 8'-6" Storm Sewer, including Inlet and Outlet Manholes, Bulkheads, State Highway Ramp Crossings, Traffic Control, and Other Miscellaneous Items Related to the Sewer Installation.

Proposals will be received up to 1:30 P.M. on the date set forth herein, at which time all bids will be publicly opened and read. PROPOSAL TO BE RECEIVED: September 22, 1982.

Starting on September 9, 1982 the drawings and specifications under which the work will be done will be on file and may be examined at the office of the Oakland County Drain Commissioner at No. 1 Public Works Drive, Pontiac, Michigan, and at the Detroit Office of Builders and Traders and Dodge Reports. Copies thereof may be obtained from the office of Hubbell, Roth & Clark, Inc., Consulting Engineers, 2323 Franklin Road, Bloomfield Hills, Michigan by making a deposit of Twenty Five Dollars (\$25.00) (CHECK ONLY) for each set of contract documents and set of plans. The full amount of deposit will be refunded to the Bidder for one set of documents and plans upon which a bona fide proposal has been submitted. For other sets of documents, ten Dollars (\$10.00) will be refunded for each set returned in good condition within ten (10) days after the bidding date.

A certified or cashier's check or bid bond for a sum not less than five percent (5%) of the amount of the proposal will be required with each proposal.

The right is reserved by the Owner to accept any proposal, to reject any proposal, and to waive irregularities in proposals. No bidder may withdraw his bid within 60 days after the actual date of opening thereof.

George W. Kuhn, Chairman Drainage Board for the Caddell Drain, Phase I

Friends seek support for disabled teen

By KAREN RICE

Jackie Somerville is trying hard to push just a little farther, to achieve just a bit more.

But Somerville knows she just can't raise \$8,000 alone. And that \$8,000-gap is standing between two very special people and something they need desperately.

Carole Pitcher of Wolverine Lake and her 16-year-old son, Dick Eddington are waiting for the debt to be resolved so they can afford a wheelchair lift and van. Both would make life easier for Pitcher and Dick, who has cerebral palsy and must be lifted in and out of a car by his mother.

"Dick's a neat boy," Somerville says. "He's enthusiastic, he loves to go places and he always has a smile. But physically, he's just about as handicapped as a person could be."

"I'm just waiting for someone, an organization, anybody to say to me, 'What can I do?' I know there must be groups who are looking for fund raisers ... This would be such a nice thing for the community to get behind."

— Jackie Somerville

Somerville, a close friend of Pitcher's and the mother of a 12-year-old daughter with cerebral palsy, decided after months of watching Pitcher struggle with the effort of lifting Dick in and out of cars that someone should help her. She finally designated herself.

"For Carole to get Dick in and out of a car with a wheelchair is downright difficult to do," Somerville said. "I'd come home and say to my hus-

band, 'Somebody should help Carole.' Finally, I realized I should help Carole."

So Somerville went to work. She organized a garage sale and raised several hundred dollars to defray costs of mailings to area service groups and businesses. Her campaign to local merchants has netted outright donations of \$685 — a far cry from the \$8,000 goal, but an encouraging beginning.

What was even more positive was the response from the Walled Lake Jaycees and several area merchants who have agreed to sponsor fund-raisers for Pitcher and Dick.

The Jaycees, in the midst of reorganizing their service group, have agreed to lend their name to the effort as long as Somerville coordinates events. All donations will be handled through the Jaycees' treasurer.

Joan LaMarra of Hair Carouse' persuaded her hair salon operators to get behind the drive. They are donating pay and tips on all hair cuts and blow dries from noon to 6 p.m. September 15 to raise which will be added to the cause. There will be games and prizes as well, Somerville said.

Several area churches — including Walled Lake Methodist Church — have demonstrated interest in backing the project. The Methodist church's teen group is planning a rockathon for October.

But Somerville is looking for more help.

shopping center on Pontiac Trail and Welch Road from 6:30-9:30 p.m. September 17 during the center's mid-night madras sale. Proceeds from the van's sales will go to the same cause.

Kathleen and Robert Whipple of the Walled Lake Roller Rink have offered free use of the rink, skates and a disc jockey from 6:30-9:30 p.m. September 19. A \$2.50 donation is requested, all of which will be added to the cause.

There will be games and prizes as well, Somerville said.

Several area churches — including Walled Lake Methodist Church — have demonstrated interest in backing the project. The Methodist church's teen group is planning a rockathon for October.

But Somerville is looking for more help.

Raise will keep Novi teachers below neighbors

By KATHY JENNINGS

Talks between Novi teachers and the school board have gotten down to one issue—the economic package.

The board's negotiating team has proposed a 5.5 percent salary increase for teachers in both years of a two-year contract. Fringe benefits would be held at 1982 levels.

Teachers, on the other hand, have tentatively agreed to a salary schedule they say would cost the school district 5.5 percent in the first year, but are asking six percent in the second year. They also are asking "slight improvements" in fringe benefits.

What does it mean in dollars to Novi teachers?

Teachers are paid according to the number of years they have served the district and the amount of education they have.

There are 11 steps on the Novi School salary schedule. Teachers continue to move up the salary schedule as they

During the 1981-82 school year a beginning teacher in Novi with a BA degree earned \$14,009. At the top of last year's salary schedule teachers with a bachelors degree earned \$24,859.

first 11 years they work in the district. Teachers receive approximately a six percent salary increase each time they move up the salary schedule and reach the top of the scale in the eleventh year. If they take on extracurricular assignments, such as coaching or advising a club, teachers are paid for that work.

Teachers are paid according to the number of years they have served the district and the amount of education they have.

There are 11 steps on the Novi School salary schedule. Teachers continue to move up the salary schedule as they

hours of graduate work earned \$14,009. A first year teacher with a masters degree was paid \$15,342. With a masters degree and 15 credit hours of graduate work a first year teacher earned \$15,825. A first year teacher with a masters degree and 30 credit hours of graduate work earned \$16,307. In the middle of the salary schedule — step six — a teacher with a bachelors degree earned \$17,000 last year. A teacher at step six with a bachelors degree and 15 hours earned \$19,540. With a masters degree at that level a teacher earned \$21,115. With a masters degree and 15 hours a teacher earned \$21,538. A teacher with a masters and 30 hours earned \$22,121.

At the top of last year's salary schedule teachers with 11 years experience and a bachelors degree earned \$24,859. Teachers with a bachelors degree and 15 years earned \$26,182. With a masters degree a teacher on the 11th step earned \$29,057. With a masters and 15 hours a teacher earned \$29,315. With a masters degree and 30 credit hours of graduate study, in Novi the same teacher would earn \$14,779 with a MA, \$16,185 with a MA and \$17,203 with a MA and 30 hours.

In comparison with neighboring districts, Novi teachers would fare better than teachers in South Lyon with the board's proposed salary increase, but be paid less than their counterparts in Northville, Walled Lake and Farmington. Contracts in those four districts have been settled for the coming school year.

Northville teachers at step one this year will earn \$15,438 with a bachelors degree and \$17,000 with a masters. With the raise proposed by the board a Novi teacher at the same step would earn \$14,779 with a BA and \$16,185 with a MA. At the top of Northville's salary schedule a teacher on the 11th step earns \$26,774 with a bachelors degree and \$31,815 with a masters. The same

teacher in Novi would earn \$26,226 with a BA and \$31,561 with a MA, under the board's proposal.

In Walled Lake a teacher on the first step earns \$15,479 with a bachelors degree, \$16,695 with a masters and \$17,854 with a masters and 30 credit hours of graduate study. In Novi the same teacher would earn \$14,779 with a MA, \$16,185 with a MA and \$17,203 with a MA and 30 hours.

At the top of the Walled Lake salary scale a teacher on the 11th step with a bachelors degree earns \$27,903, with a masters earns \$31,722 and with a masters and 30 credit hours of graduate study earns \$33,156. In Novi the same

teacher would earn \$26,226 with a BA and \$31,561 with a MA and \$31,561 with a MA and 30 hours. In Farmington a teacher on the first step with a bachelors earns \$14,879 and \$16,427 with a masters degree, compared to \$14,779 and \$16,185 in Novi. In the middle of the salary scale in Farmington a teacher earns \$20,798 with a BA and five years experience and \$23,682 with a MA, compared to \$19,683 and \$22,276 in Novi. At the top of the salary scale a teacher with 10 years experience and a BA will earn \$28,383 in Farmington and \$26,226 in Novi. A teacher with 10 years experience and a MA will earn \$33,007 in Farmington and \$30,655 in Novi.

INVITATION TO BID CITY OF WIXOM

Sealed bids for a FIRE RESCUE TRUCK will be received at the Office of the City Clerk until 11:00 A.M., Monday, September 20, 1982, after which time no further bids will be accepted.

The Bids will be opened and publicly read in the Office of the City Clerk at 11:00 A.M. on Monday, September 20, 1982. Vehicle specifications are available at the Wixom City Clerk's Office, 49045 Pontiac Trail, Wixom, Michigan 48096.

The Wixom City Council reserves the right to reject any and all proposals; to waive any informalities in the proposals received; and to accept any proposal which it shall deem to be in the best interest of the City of Wixom.

Bids shall be clearly marked as to its contents.

Secretaries seek comparable wages

Charlote Majors knows first-hand how hard it is to live on a secretary's salary.

In the nine years since she began working as a secretary for the Novi School District, her wages have increased just over \$3 an hour. Now Majors earns slightly more than \$6.00 an hour as a middle school secretary.

And Majors, president of Novi's secretarial/paraprofessional local, is upset that Novi secretaries earn so little — especially considering the cost of living in Novi.

"They (school board members) just cannot expect us to live here and be part of this community and pay such an unrealistic wage," Majors said, commenting that a "great percentage" of her union's members live in Novi.

"It's embarrassing to realize that Novi pays its secretaries poverty wages," Majors contends the school district can afford the 5.5 percent first year raise and 6 percent second year increase the union is seeking (the same figures being sought by the teachers' and cooks' unions).

"Novi ranks fifth in Oakland County in its SEV (State Equalized Value)," Majors says. Out of 27 of 30 county school districts, Novi's elementary school secretaries earn wages that place them third from the bottom, Majors contends. Middle school secretaries rank fifth from the bottom.

"I think this is a little ridiculous in an area that is fifth from the top," she says.

"I don't think we're being outrageous. We would be content to be

near the median of Oakland County, but (the figures suggested are) not even near the median. It's low."

The union president contends the district can afford to pay its secretaries better.

"The school district is certainly able to pay and meet the other secretaries in Oakland County are paid," she says.

Majors, the mother of three children who have gone through Novi schools, says that as a resident of Novi she can appreciate problems of the district's taxpayers. She says she has talked to many residents who are upset that school employees are seeking pay hikes when they have been forced to cut back and accept freezes.

"But what they've got to remember," she says, "is that back when their husbands were getting cost of living allowances and 10 and 15 percent raises, we were not."

"We really feel our demands were scaled way down to reflect the economic times."

Majors says that one positive aspect of the strike is it has forged a stronger bond between the teachers, cooks, secretaries and paraprofessionals.

But, she adds, the 29-member union she represents is committed to waiting out a good contract, even though "we want to get back to work. We want the strike to end."

"I think the secretaries are called on anything there's a difficult job, any job that they don't know where else to get it done. And the secretaries always do it. We do so many things."

"It would be certainly not out of line for them to show their appreciation for us."

Residents file suit

Continued from Nov. 1

Although it was promised, lots on Ocher and Mariga were never sodded, the suit alleges. Residents paid approximately \$380 to sod those lots, they claim in their suit.

Residents also charge in their suit that water is permitted to stand in various places in the park, causing stagnant water, mosquitos and odors. In some cases electrical pedestals and lines are in standing water, according to the suit.

Parking spaces for visitors have not been provided in the most recently constructed portion of the mobile home park. "Parking cars in the streets creates a distinct traffic hazard," the suit says.

Residents complain further that although they are not allowed to have television antennas, the cable which provides television service is not kept in repair and frequently there is no television.

They also allege playground equipment is not kept in good repair. Paul Hartly, representing the residents, could not be reached for comment regarding the park's legal responsibility for answering the residents' complaints.

Union spokeswoman Zan Alley explains position...

...while student Kari MacKercher backs teachers

Novi parents defend both sides

Continued from Nov. 1

"We consider the board of education proposals to be both fair and equitable and will not support Novi teachers in this continued strike. Teachers not wishing to return to work, should be replaced by new staff."

Her comments were met with resounding applause. Brian MacKenzie, 24869 Christina Lane, attempted to negotiate his own settlement between the board and unions, asking Board President Joel Colliau and Novi Education Association President Cal Schmucker to agree to request contract talk continuations.

"I would like you, Joel, as president of the board, and the gentleman who's head of the teacher's union (Schmucker) to come out with a joint statement that with or without a mediator, you will resume negotiations. I'd like to see my daughter back in school, for my wife's sanity and my daughter's education. I ask you to negotiate," MacKenzie said to loud applause from the audience.

Schmucker indicated agreement. Colliau did not, having previously stated the board would not comment on issues raised in the public address.

Kathleen Mutch, an unsuccessful candidate for the school board in June, told teachers "there is no way this community will tolerate a strike by public school employees and we won't support a school board or a union which doesn't respect us. The community expects the board and the union to show sensitivity to the residents' ability to pay. Residents have supported the schools financially and in other ways. Now, don't let us down."

"We don't want to see parents get caught up in aligning themselves with one side or the other," Mutch continued, "because there is a lot of public posturing that goes on and when it is all settled the side you have chosen may leave you standing out in left field."

Marianne Pembroke, representing the Village Oaks PTO, encouraged the board and unions to continue negotiations.

"I am proud of this district, its teachers and administration. My main concern is the education of our children," she said. "On behalf of my husband and myself, I urge the teachers to reconsider. Considering the economic climate I feel the Novi school board has made a fair and reasonable offer."

Middle School student Kari MacKercher, defending the teachers' position on academic freedom, which calls for autonomy regarding teaching techniques and methods.

"If you want all Novi teachers to teach alike, why don't you go out and buy robots?" MacKercher said. "Then you won't have to worry about contracts or strikes."

"They don't tell you how to act. You have no right — unless you're there every day in the classroom, seeing how they teach and how students learn — to judge them and tell them how to teach. What is important is whether or not they get the point across."

In further defense of Novi teachers, Cal Schmucker, president of the NEA, said he wanted to "dispel the rumors that our three groups are puppets of a major union. You have before you a group of teachers who willingly decided not to work without a contract. Let's get back to the table and settle this contract."

Fl Superiski asked parents to remain rational. "You come here because of what we have. In Novi we have an excellent school district; transferees from across the country know about it. A good school district affects your property values, as well as your children. Let's not let allow feelings between each other that will hurt the district and from which we may never recover. As parents we should use our guidance and influence, but not get violent. These demands are not called for."

Superiski went on to encourage teachers to act independently, rather than be controlled by the union. "If you teachers are not puppets, call for a private vote. Don't be forced into a stand up vote. I've heard from too many outside sources that Novi is a target area for a strike. Let's let Novi set an example."

High School teacher Jackie Lawrence maintained academic freedom was a major unresolved issue.

"One issue that is very important and should be of primary concern to parents is the use of techniques and methods to get all children to work and learn so they can cope with life," Lawrence said. "Why should all children be expected to learn using the same technique? When you put a child in a classroom with 25 other children they come in with different abilities. No one method will be right for all of them. Children learn at different rates because of their different abilities. No children learn at the same rate."

Larry Cupp, 25150 Trail, said he originally was prepared to speak against the teachers, but after learning more he found academic freedom was a concern.

"Why can't professional people sit down and write some language that they can both agree to. Our teachers have done a fine job, why can't we put this issue behind us? I don't understand the board's objection to academic freedom."

John A. Street, 25775 Deerfield, asked the audience to consider "what a bargain we have with our teachers."

Street went on to calculate that if teachers were paid the same rate as babysitters: "\$1.50 an hour for 20 children for 35 hours a week for the 40 weeks a year they teach they would make \$42,000 annually. Don't you think a teacher does much more than a babysitter?"

Dennis Berry, 41163 McMahon Circle, told the board he has been involved in negotiations professionally for 17 years. "There seems to be a lot of one-upmanship going on. I would like you people to know a state mediator has no power to make you do anything." He went on to say that in bargaining contracts he "got major concessions from every union I negotiated with because they realized what was going on. Those of us who have had to take cuts would love to have half of (the salary increases) you're talking about. My people have had to take cuts in benefits, not just hold the line. Regarding academic freedom, I think there's room for negotiation. But I don't want the school board to give up that right. There is an inherent danger in letting teachers do anything they damn well want to."

David Hilstrom said: "As a parent of several children in the Novi schools — four in elementary, two in middle school, two in high school — I, more than anyone else, want to see these kids go back to school. But I want to support the teachers of Novi. You've done a terrific job with my children. I want these teachers of ours to know that you have our support."

Karol Haie said Novi has "one of the best bunch of teachers. Whenever I had a question I got an immediate, concerned response from them. I don't think our teachers are overpaid."

She went on to say that she does not believe in teacher strikes, but it is "evident the board is not interested in negotiating." She also asked the audience to remember Novi teachers earned nearly \$1,000 for a seriously ill student by working in the dunk tank. "Our teachers do care."

Following a break in the meeting, Colliau announced the board's chief negotiator would contact the association to re-establish negotiations.

Classes in the Novi district have been indefinitely cancelled because three employees unions — the teachers, cooks and secretary/paraprofessionals — are refusing to report to work without a contract. The groups have been on strike since August 30, the day before school was slated to begin.

The district's other two unions have not struck, although both are without contracts. Representatives for maintenance workers and bus drivers are continuing to negotiate.

As We See It

Rational attitudes important in Novi

Few things can tear a community apart quite as thoroughly as a strike by public employees.

Rumors fly. People take sides without knowing the truth. And before it's over deep chasms have split the community.

As members of the media, reporters are fed enough information to answer some of the questions which float through a school district when teachers go out on strike.

School and union officials both do their best to keep us informed.

But the fact is that it's difficult, if not impossible, to know what is going on in negotiations unless you are sitting at the bargaining table.

In light of this, the performance of Novi school district residents at last Thursday's school board meeting is to be commended.

Apparently realizing they did not have enough information to choose sides, residents, for the most part, refrained from doing so.

A meeting that could have been a forum to call for the lynching of either the teachers or the school board turned out positively.

Most residents calmly called

for the school board's negotiating team and the teachers to get back to the table. The focus was not on who was right or wrong, but in continuing the dialogue.

Residents may harbor stronger, more negative, feelings against the teachers than were expressed Thursday night. Some of those feelings were expressed by the few who called for the firing of the Novi School District's three striking employee groups.

But residents speaking in defense of the teachers noted the quality of education that students in the Novi School district receive.

Novi has a reputation as an excellent school district, and a school district is more than its buildings. It is the teachers inside those buildings who provide the quality education in conjunction with administrators and the school board that Novi residents pay for.

It is up to the school board to strike a balance between paying teachers fairly without having to tax residents dearly.

Novi residents consistently have shown overwhelming support for their schools. Those positive feelings were the highlight of Thursday's meeting. Should the strike be prolonged it is hoped the rational attitude assumed by Novi residents Thursday can be maintained.

Businesses boost Walled Lake effort

Downtown Walled Lake is looking better these days.

Merchants around the lake have been busy sprucing up their establishments — and the reviews are unanimously positive.

Add to that the repaving projects the city is conducting on Walled Lake Drive, Liberty Street and the improvements to Mercer Beach and there appears to be a strong revitalization movement afoot.

There are a lot of people responsible — from the planners of Oakland County, to city officials to residents and businessmen.

But deserving a special note of recognition are a handful of merchants who are pumping a lot of time, effort and a fair amount of money into the buildings that house their businesses.

Businessmen like Jeff Barry of World of Wood Heat, who helped turn a faded building into a sharp new structure with a liberal application of paint. Businessmen like Bob Stone, who took out a loan to have the brick refaced on the Detroit News building. Businessmen like Danny Cyr of D&R Auto World, who has painted and rebuilt his business and is eagerly awaiting landscaping and perhaps aw-

nings to complete the look.

The city administration has demonstrated its concern with the spruce-up effort, too. City Manager J. Michael Dorman has spent hours coordinating work, helping to arrange financing and working out plans with Oakland County. He deserves credit for helping turn around merchants' attitudes on beautifying their businesses.

In these troubled economic times, it is not easy for a small business owner to tie up large sums in his or her building's exterior. It's tough just to keep one's head above water.

But between the efforts seen downtown, the city's effort to contribute by improving the beach, major roads and city buildings, and new developments like Arkin Joma's expanded grocery store, Walled Lake's appearance is undergoing a transformation.

We hope the spirit spreads throughout the city — right down Pontiac Trail and West Maple Road.

Revitalizing Walled Lake's downtown is a positive sign that should generate more pride in the community — and hopefully, a good financial return for those who have taken the first step in good faith.

We welcome letters

This newspaper welcomes Letters to the Editor. We ask, however, that they be issue oriented, confined to 500 words and that they contain the signature, address and telephone number of the writer. Names will be withheld on request, but a brief explanation of why the request is being made should accompany the letter. Deadline for submission is 3:30 p.m. Monday. We reserve the right to edit letters for brevity, clarity and libel.

Internally speaking

By KATHY LAVEY

There's something in everyone that wants to rebel against direct commands — especially if they seem arbitrary or unreasonable. On a one-to-one basis, this bent seems to be mere perversity or contrariness, and frequently, especially in children, is punished. On a larger, historical scale, this type of perversity is usually lauded as justified revolution.

It's almost obligatory, I'm told, for summer interns like me to write a "farewell column" before leaving the grind of summer newspapering for the grind of winter study.

Although I've been told time and again that the space in this column is mine to fill in any way I choose, whether it is a standard weekly column or the only farewell column I will ever write, I was warned before writing it by world-wise Walled Lake editor Karen Rice not to "make it like the academy awards."

An "academy awards" column, she explained in response to my puzzled, questioning glance, is one where the leaving intern writes "garbage" that goes something like this:

"I'd like to thank News Editor Phil Jerome for treating me like a first class reporter and handing me some really good stories. I'd like to thank Walled Lake Editor Karen Rice and Novi Editor Kathy Jennings for helping me get acquainted with the area, and for warning me not to be too thankful to a guy like Phil Jerome. I'd like to thank them and the rest of the staff of Sliger-Livingston newspapers for introducing me to the best bars in five cities."

It continues: "I'd like to thank the officials I've interviewed in Wixom, Walled Lake and Novi for letting me hone my journalistic skills on them. Even more, I'd like to thank Novi resident Winnie Dobek for being a charming grandmother who has slain 51 woodchucks to date on her Ten Mile farm, and who by doing so has provided me with my best feature byline of the summer."

According to Karen, this "academy award" drive, which will never win an award of its own, can also in-

clude "I'd like to thank everyone I've interviewed in the past three and a half months. They've made this the first of the eight summers I've spent working that I haven't grown tired of my summer occupation and eager to return to school by the time Labor Day rolled around... I really can't believe it but I got so much more out of this job than the occasional paycheck."

"Academy award" trash can continue in that vein. For example: "As an intern, I expected to get kicked around a little. One friend of mine who served an internship at a television station spent most of her time on the job getting french fries and Big Macs for the writers and broadcasters who were too busy to show her how to do anything useful."

I expected to have to write a few obituaries, announcements and other things that nobody wants, but somebody has to write. I ended being a little overworked at times, and have even been known to make a pot of coffee on a Tuesday afternoon for others who are too busy meeting deadline to make their own. The terrific stories I got a chance to write in between my few sundry tasks made me accept the dull stuff with relatively good grace."

You get the picture.

I never intended to write such a column. I share her opinion that they are like cold, syrupy pancakes — sweet but completely unappetizing. (She just said she hated them — the pancake analogy is my own). Another bad thing about the cloying columns is that the "I'd like to thank..." parts are usually significant only to those named in them, and aren't really fit for consumption by an audience who wasn't in on the joke in the first place.

By this time, you more astute readers will have realized that, even as I decry these columns, I have ended up writing one. How can that be?

You'll have to make your own judgments about whether it's perversity or rebellion, but I'd like to thank Karen for giving me this column idea — and I'd like to thank you if you've read the entire thing.

After the fact

By PHILIP JEROME

Scenes from a marriage.

She (filling out checks): What's the date today?
He (doing the crossword puzzle and watching Barney Miller): It's the second, September second.

She (suddenly animated): The second? September second? Do you know what tomorrow is?

He (stuck on a five-letter word for Malaysian archipelago): Yep. It's the third, September third. It always follows the second. Just remember the old saying, "Thirty days hath September, etc....etc....etc." The third follows the second in every one of them.

She (slightly frustrated): I remember all that, but doesn't the third, September third, ring a bell somewhere in the distant recesses of your mind? Like maybe something that happened 16 years ago?

He (still stuck on a five-letter word for Malaysian archipelago): Sixteen years is a long time, my pet. It's really not fair to expect me to remember something that happened on September third — 16 years ago.

She (becoming more frustrated): Let me give you a hint, turkey. I was wearing white, get it? Something old, something new, something borrowed, something blue. We went to the inn at the airport after the reception, and you were so happy because we got there in time to watch "Bowling for Dollars."

He (suddenly cognizant that he'd better pay attention to the conversation): Ohmigod, do you mean... Could it be... You mean that... tomorrow's our anniversary.

She (happy again): I knew you would remember. You always remember things like that.

He (happy to have remembered in time to save his neck): You wouldn't expect me to forget the happiest day of my life, would you? The church... the reception... all our friends and relatives... "Bowling for Dollars."

She (even happier): You're such a romantic.
He (gallantly): I'm a lucky man, my pet. By the way, do you know a five-letter word for Malaysian archipelago?

About Town

By JOHN GALLOWAY

Top Hat

Residents urge fact-finding for settling walk-out

To the Editor:

Some people in Novi are calling for teacher firings if the teachers do not accept the current offer of the school board. Firing the teachers simply makes no sense. Novi Schools are among the best in the state. They are because the school board has hired good teachers and those teachers have performed exceptionally. Their firing and replacement by inexperienced teachers would ruin our schools.

letters

One need only look to the Crestwood System for confirmation. After the Crestwood teachers were fired, student enrollment and property values in the Crestwood System dropped dramatically. The effects are still being felt today.

As parents we are frustrated by this strike. We wish to participate in the bargaining but know we can not. Since that is the case our only option is to push for a quick end to the strike. We believe the quickest way to end the strike is through binding fact-finding. Both sides agreeing in advance to accept a third party determination as to the disputed portions of the contract. To that end we call on both the school board and the teachers to agree to end

the strike by the appointment of an independent fact-finder whose decision will be final.
We believe Novi parents think their children's education is more important than satisfying a momentary need to lash out in frustration. We ask all Novi parents to call the school board and the teachers to demand that they enter into binding fact-finding.
Brian MacKenzie
Barbara MacKenzie

Supports teachers

To the Editor:

I am a resident and taxpayer of Novi and am concerned that our board of education would take such a small-minded attitude toward the teachers who have done such a tremendous job in educating our future citizens. The test scores prove that this good staff is doing their job.
Nanette Cooper

Strike hurts all

To the Editor:

Why did Superintendent Pivko apply for a job in West Bloomfield after being in Novi only two years? Did he know that this district was in trouble? If the Novi teachers get fired, it will ruin the educational standing of this community. It will postpone the opening of school for a long time. It will cost the district an enormous amount of money. It will devalue the property.

Responsible people want this strike to end. The school board and the superintendent could instruct their team to negotiate in good faith. They

could instruct them to agree to binding fact-finding. Why don't they do this? Novi citizens support their schools. Let us have an administration and a school board that does too.
I am the son, brother and husband of teachers. I know first hand how much time and effort it takes to be a good teacher. It requires hours of time in the evenings, on weekends and during "vacations." Grading papers, planning lessons and taking classes are only part of their out-of-school duties.

While teachers are worth every penny they earn, money is not their main concern. There are other issues like involuntary transfers, academic freedom and calendar that do not cost the district anything. Why won't the district budge on these issues? Why won't they negotiate in good faith? Why won't they agree to binding fact-finding? Those arrogance and inflexibility is prolonging this strike? As soon as they have a contract or as soon as the board agrees to binding fact-finding, they will return to work while the fact-finding is in process. They believe strongly enough that what they

are doing is right that they are not afraid of a third party's decision. Any other fact-finding is time-consuming and would not put the teachers back in the classroom.
Joseph E. O'Donnell

Coverage rated

To the Editor:
Just a note to let you know that we ap-

preciate your allowance of resources for the coverage of our Stormwater Management and Flood Control Committee.
The importance of this issue in our eyes is one of the high priority matters of our time and a program that will save tax dollars over the long haul.
We feel that your paper, and in particular Kathy Jennings, did an outstanding job of covering this development.
Joseph Toth,
Committee Chairman

Board okays Grand River zoning

Owners of small commercial parcels on Grand River Avenue turned up at a public hearing last week to express opposition to the proposed rezoning of their property to a light industrial classification.

But their protests failed to sway Novi Planning Board members who ultimately voted 6-3 to recommend approval of rezoning the property from its existing B-3 (general commercial) classification to an I-1 (light industrial) designation.

The action prompted an angry response from Margaret Johnson, owner of the Wilkins Equipment and Parts store, who lambasted planners for their recommendation.

"(That store) is my security," she said. "It's what I've been developing for 20 years. I stand to lose monetarily if I decide to sell my property. I don't understand how people who've only lived here just a few years can take away what it's taken me 20 years to develop."

The hearing last Wednesday was another in a series designed to bring the zoning along Grand River into accord with the master plan.

The master plan, adopted in December of 1980, proposes to reorient the Grand River corridor from its existing I-2 (general industrial) character to an I-1 (light industrial) nature.

In addition to Wilkins Parts and Equipment, the commercial strip includes the five-unit Fairlane Motel.

City Planning Consultant Charles Cairns noted that the council has adopted an amendment that permits existing commercial uses to continue to exist with full

rights and privileges of conforming uses. The amendment also permits the stores to be sold and used for "like or similar commercial uses."

Opposition to the proposed rezoning of the B-3 strip on the north side of Grand River was led by Planner Kenneth Albers who said he saw nothing wrong with allowing the business strip to continue.

"I don't think it would be too bad to leave this little business strip which could provide services to the people in the industrial areas," he said. "The people who work in the industrial areas will need places to pick up a quart of milk, buy lunch or drop off their laundry."

Cairns cautioned the planners that failure to rezone the B-3 parcels along the Grand River frontage could ultimately produce strip commercial development along the north side of Grand River from Taft to Beck roads.

Support to rezone the B-3 parcels to the I-1 classification was expressed by Planner William Briggs.

"We rejected the concept of convenience centers in the master plan," commented Briggs, "and we also made a rather firm statement in opposition to strip commercial development in favor of a centralized central business district."

The planners subsequently voted 6-3 to recommend that the B-3 parcels on Grand River be rezoned to the light industrial classification. Philip Manning, Joseph Brett, Joseph Toth, Lee Marmola, Donald Gleason and Briggs voted in favor of the motion, while dissenting ballots were cast by Peter Romanow, Thomas Hoskinson and Albers.

City says 'thanks'

Continued from Novi, 1

Saturday the Novi Economic Development Corporation and the Chamber of Commerce will present a Novi Business and Industrial Exposition Day at Sheraton Oaks. Novi businesses will be recognized and honored.

In the morning the business community is invited to action in the Chamber of Commerce with community leaders, city officials and legislators beginning at 10 a.m.

A business appreciation luncheon will be served at noon. The luncheon will focus on Novi's assets; the school district will give a slide presentation. All Novi businesses are invited to join the discussions and luncheon. Those businesses attending the luncheon will receive one luncheon ticket. Additional

Bushnell sets worship hours

The Bushnell Congregational Church begins a new season in Northville's historic Mill Race Village this Sunday with a special program of music.

The Chancel Choir will perform under the direction of Ray Ferguson, a professor of music at Wayne State University. In addition, Barbara Scanlon, a soprano who has been featured in numerous area musical productions, will perform along with Steve Labuta, a trumpeter in Wayne State University's symphony orchestra.

Dr. Robin Meyers, senior minister, will preach the 9 a.m. service and the Bushnell Sunday School, meeting next door in the Wash-Oak School, will launch its new season with a new curriculum.

The atmosphere is unique, the fellowship is warm and inviting, and the religious approach is free and intellectual in the Congregational tradition.

Molly Dailey noted that Bushnell Congregational is building a new church in the Novi-Northville area and invites everyone to attend worship services. "Every new face is cause for celebration," she said. Additional information about the church is available from Dailey at 477-1621.

Concert slated at Novi church

Music for flute, guitar and cello will be performed at the Faith Community Presbyterian Church in Novi on Sunday, September 19, at 3 p.m.

Faith Community is located at 4400 West Ten Mile between Novi and Taft roads. Admission is by donation. For more information call 349-5666 or 349-7788.

Flutist Janet Roehm and cellist Karen Wingert will be joined by guitarist Karen Wingert in a concert of music by Bach, Baroque and other composers.

Janet Roehm graduated from Wayne State University where she studied with Ervin Monro. Corey Trager, a member of the Classical Guitar Society, organized the Kithara guitar series. Trager and Roehm have performed as a duo at Branch with Bach, the University of Windsor and the Palmer Woods Chamber Music Series.

Karen Wingert is a graduate of the University of Michigan and has performed with the Toledo Symphony.

Antique shops will be featured during Milford's annual home tour

By ALICE DAVIES

Question: When is a home tour more than just another walk through another home?

Answer: When you can drive through the hills of Western Oakland County and find at Journey's end:

- A village that looks like a small-town movie set; shaded streets, porch swings, 18th century shop buildings marching along the one-and-only Main Street
- Ten exceptional tour sites dating from 1837
- A woodwind quintet performing inside the walls of a picturesque stone-walled church
- A costumed quilter at fireside, working at her craft
- A variety of food and drink choices when your touring is done.

The 1982 Milford Historic Homes Tour set for the September 18-19 weekend will offer all this and a lot more. Local merchants like Skip Dowler, who runs Francore's Antiques, will keep four hours.

"Someone might discover us," Dowler laughed. The shop, a stone basement area below a shoe repair, has a blue-painted door opening onto the Commerce Street level, even though the legal address is Main. "That's because we're on the corner, I guess," Dowler said.

Another antique shop, J&R Resale Antique, is just a few doors up the street, located in the first brick building built in the village. Within the same block are two unusual art galleries.

The waterfall dripping from the upper mill pond provides a dramatic setting

Novi slates exposition to honor businessmen

Novi officials will demonstrate their appreciation for the business community by hosting a "Novi Business/Industrial Exposition Day" this Saturday at the Sheraton Oaks Hotel.

The exposition is co-sponsored by the Novi Chamber of Commerce and the Novi Economic Development Corporation (EDC).

"What we're trying to do," explained Donald Grevengood, president of Security Bank of Novi and chairman of the Novi EDC, is show our appreciation for the business people in our community by giving them a forum in which they can demonstrate their products and discuss their concerns with local officials.

Grevengood also noted that the Exposition Day will serve several additional purposes.

"The public is invited to attend the displays and exhibits during the afternoon in order to have a better idea of the types of products which are being manufactured in their home town," he said.

Further, the Exposition Day is designed to give local businessmen an opportunity to meet with each other. "Hopefully," observed Grevengood, "we hope to stimulate conversation among the members of our business community which will be beneficial to all parties concerned."

The Business/Industrial Exposition Day is being sponsored in conjunction with Novi's "Community Appreciation Weekend" and has been set aside to recognize and honor business in Novi.

The morning has been reserved for the business community to be involved in informal discussions with community leaders, city officials and legislators. A business appreciation luncheon will be served at noon.

'What we're trying to do is show our appreciation for the business people in our community . . .'
— Don Grevengood, EDC Chairman

Space will be provided in the Sheraton Oaks' ballroom for 20 Novi businesses to display their products to fellow business associates.

Nancy Chambers, a CPA and an officer in the Novi EDC, reported that businesses which will be exhibiting their products include Kelly Services, G.F. Enterprises, Novi Manufacturing, Viste Engineering, Classic Products, Heath Electric, Foote Gravelly Tractor, Weiss Pollution, Star Pak Solar Systems, Allor Manufacturing, Darling Manufactured Homes and Marty Feldman Chevrolet.

Exposition Day opens at 10 a.m. for exhibits and informal discussions between members of the business community and city officials. The business appreciation luncheon will be served at noon; featured speaker will be John Gross from WXYZ-TV in Detroit.

The exhibit areas will be opened to the public at 1:30 p.m. A fashion show coordinated by Twelve Oaks Mall and Sheraton Oaks will be presented at 2 p.m. And the Exposition Day concludes at 4 p.m.

Anyone interested in additional information about the Novi Business/Industrial Exposition Day should contact Lydia Moses, secretary of the Novi Chamber of Commerce, at 349-3743.

Skip Dowler of Francore's Antiques in Milford has a shop full of antiques for home tour visitors

The 10 tour sites range from a classic white Greek Revival in the 1837 Andrews-Hulewicz House to the 1850 turrets and ruby glass of the ornate Bissell-Craigie House. Sure to be a crowd-pleaser, the 1855 cut stone house built by Squire Washington Rowe in Highland Township will be open to the public for the first time on this tour.

An 1881 brick schoolhouse, now serving as a home, another 1850 Greek Revival built by a prominent early citizen; a graceful 1873 Italianate wooden house now adapted as a beauty shop — each of the 10 sites has its own charm and interest.

Begun by the Milford Historical Society in 1976, the annual home tours have attracted more interest and support each year. Last year's tour drew more than 1,300 visitors. Again this year, antique car owners from the Brighton chapter of the Veteran Motor Car Club of America will be on hand for the tour.

On tour days, tickets will be available at all 10 sites; \$3 for adults and \$1 for senior citizens and students. Tour hours are Saturday 10 a.m. to 5 p.m. and Sunday 1-5 p.m.

Home Tour programs provide a Food & Drink area directory, as well as area listings for dealers in antiques, arts, crafts and collectibles.

Business Briefs

STARR ADVERTISING, Incorporated, of Northville, has been appointed new agency of record for American Lincoln, a division of the Scott & Tetter Company with headquarters in Bowling Green, Ohio. Effective immediately, Starr will be responsible for the company's total advertising and marketing efforts.

American Lincoln manufactures and distributes a complete line of industrial floor maintenance equipment and supplies for use in industrial, parking, public works and other commercial applications. According to Don Houser, vice president of marketing at American Lincoln, plans now are under way to re-position and revise the company's approach to the market. Bruce A. Masters, senior account executive at Starr, will handle account management on the agency side.

COMMUNITY NATIONAL BANK has declared a substantial reduction in interest rates for 1982-83 automobiles in a move to further stimulate consumer spending and aid local auto sales.

Interest rates for new car loans financed for periods up to 36 months have been reduced to as low as 15 percent. The action reflects CNB's substantial earnings improvement over profit levels a year ago, along with the drop in current cost of funds.

Warren Elerman, chairman of the board and president of Community National, said earnings for the first six months of 1982 show a significant increase over last year's figures for the same period. "Although the road to complete recovery still looms ahead, our improved earnings picture for the first half of 1982 is an encouraging sign for local optimism," he said.

"While our market rates have traditionally maintained a competitive posture with other lending institutions," Elerman continued, "this aggressive rollback in auto rates reinforces the commitment to interject renewed confidence within our community."

"The optimistic long-range goal looks toward a continued earnings improvement for Community National Bank, thereby reinforcing our stand as a leader in the battle for economic recovery," he concluded.

VETERANS, YOU CAN STILL EARN ARMY PAY AND BENEFITS.

If you can spare a week-end a month plus two weeks a year to serve at your local Army Reserve unit, you can earn extra income of over \$1,922 a year.

You'll get such benefits as wear PX privileges, back and even your old tank at your own risk within 30 months of your discharge.

Call your Army Reserve Representative in the Yellow Pages under "Reserving."

CARL JOHNSON REALTY REAL ESTATE

CARL JOHNSON poses in front of the refurbished entrance of his real estate office at 125 East Main in Northville. The Realtor is one of several local Northville businessmen who have remodeled their store or business fronts this summer following the dedication of Mainstreet '78, a city renovation project that beautified the downtown area in keeping with its Victorian origins. A matching awning blends in with the 1930-era facade of the real estate office.

GREGORY ALBRIGHT is the new owner of Green's Creative Home Center at 107 North Center Street in Northville. Albright purchased the business August 1 from Howard and Lois Green.

Albright, 31, has been in the paint and wallpaper business for the past 12 years. He was a representative for the Pratt & Lambert Paint Company for eight years and the O'Brien Paint Corporation for two years. He is the former Fuller O'Brien area representative.

Green's Creative Home Center specializes in all types of interior/exterior paint, wallcoverings, window treatments and other interior decorating items.

Albright said the center has one of the largest selections of wallcovering books in the area. "We're adding lines to the store which will complement the appearance and improve the product mix," he reported.

"We've added four suppliers in the window treatment department so customers can proceed with virtually any type of horizontal or vertical window design imaginable." The sundries department also will be expanded.

Albright stressed that the store will continue to offer fine service and employees who are knowledgeable in home decorating. Green's is now offering in-home measurement and installation of window treatments and will soon offer in-home decorating service.

Store hours also have been expanded. Green's Creative Home Center is open Monday, Wednesday and Friday from 8:30 a.m. to 8 p.m.; Tuesday and Thursday from 8:30 a.m. to 6 p.m. and Saturdays from 9 a.m. to 5 p.m.

GUARDIAN INDUSTRIES Corporation (NYSE) of Novi has announced plans to expand its reflective glass program.

Guardian has signed a definitive agreement to purchase from Airco, Inc., its reflective production facility which is located adjacent to the Guardian's float glass manufacturing plant in Carleton, Michigan. The reflective glass facility, which was opened in late 1977, has been supplying Guardian with virtually all its reflective glass products.

Guardian also has acquired the technology associated with the production process as part of the agreement.

Reflective glass is a specialty glass product with unique, energy-saving and aesthetic qualities. Its mirror-like finish reflects sunlight while allowing for visible light transmission, resulting in reduced energy consumption in building structures.

Guardian's reflective glass sales for the architectural applications have grown from less than \$3 million in 1978 to a projected \$30 million in 1982.

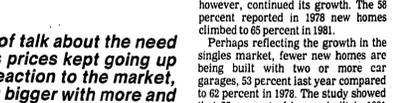

Commenting on the announcement, William Davidson, president and chief executive officer, said Guardian's plan is to expand in the reflective glass area to solidify its leadership position in the burgeoning market.

"The purchase of the Airco facility is an important first step toward this objective," said Davidson. "We now will be supplying the architectural market with an exclusively Guardian line of reflective products which will immediately provide for improved service capabilities to our customers."

"Looking further ahead, we are now in a much better position to develop improved coating products and enter new areas of coating technology."

Guardian Industries Corporation is a leading manufacturer and fabricator of flat glass products used in construction and, to a lesser extent, automotive applications. Other building products manufactured by the company include a broad line of fiberglass insulation products.

Guardian also services the amateur photography market through a nationwide network of 12 photo processing facilities.

THE COOKIE FACTORY at Twelve Oaks Mall in Novi recently opened its doors to 3-4 year olds from the Northville Kinder-care facility who learn what it's like to operate a well, a "cookie factory."

Geri Cook, manager of the store, said The Cookie Factory regularly invites pre-school groups on a reservation basis to come in, visit the store and see how cookies are baked and decorated.

In the picture above, students watch a Cookie Factory employee decorate a large, sheet-cake cookie. Students also toured the Cookie Factory kitchen where they saw the special oven which turns out seven dozen cookies every 11 minutes.

Realtors cite need to down-size housing

Facing similar affordability problems, home builders are following the lead of car makers in downsizing their product and dropping costly add-on features.

This will mean an even broader range of choice for future homebuyers when these single-family units come on the resale market, according to the Western Wayne Oakland County Board of Realtors (WWOCBR).

"There was a great deal of talk about the need for 'no-frills' housing as prices kept going up during the '70s. But in reaction to the market, new homes kept getting bigger with more and more amenities."

— Lloyd Mason, WWOCBR president

NOVI-WALLED LAKE NEWS

Wednesday, September 8, 1982

Local gridderers kick off 1982 season Friday

Labor Day has come and passed... students (except in Novi) have returned to classrooms... the leaves are just beginning to change color... and fall is in the air.

It must be football season.

All three local football teams — Novi, Walled Lake Western and Walled Lake Central — will kick-off their 1982 seasons this Friday night. The Wildcats play host to Chelsea, the Warriors travel to Brighton and the Vikings play host to Milford.

All three games are slated to begin at 7:30 p.m.

John Osborne at Novi, Chuck Apap at Western and John VanSicklen approach the season from vastly different perspectives.

Osborne's Wildcats are coming off a stellar 1981 season in which they won the Kensington Valley Conference (KVC) championship with a 6-1 record (7-2 overall) and made a serious bid for the MHSAA post-season playoffs.

The 1981 season was something of a disappointment for Apap's Warriors, however, as they finished last in the Western Six (W-6) Conference with an 0-4 record (3-6 overall).

And the 1981 campaign was even worse for VanSicklen's Viking charges, who finished third in the four-team Inter Lakes Conference with a 1-2 record (2-7 overall).

But that was 1981 and 1982 is a brand new year in which previous successes or failures mean nothing. Everybody

currently stands at 0-0 and hopes are running high.

Osborne has abandoned the wishbone attack which has carried the Wildcats to all types of success in the past and replaced it with an aerial attack.

Apap is extolling the virtues of a quarterback (Rick Hunter) and a stellar crew of runners headed by Paul Imms, and wondering how long it will take his all-junior offensive line to adjust to the rigors of varsity play.

And VanSicklen is moaning about his lack of depth, trying to conceal the fact that the Vikings are a potential "magnum force" in jerseys if the eight starters returning to offense and nine starters returning to defense manage to stay healthy.

A comprehensive view of the prospects and personnel for Novi, Western and Central appears in our special football tab in this week's edition.

Here's a look at what's likely to happen in this Friday's opening games:

Chelsea at Novi: Osborne is chucking the running game for an aerial attack this season, so Wildcats fans will see a lot of footballs flying through the air.

Quarterback Eric Deline will fling the ball to such speedy receivers as light end Paul Boyd and split ends Tim Bunker and Dave Williams.

Also, the Wildcats will be out to avenge last year's controversial 16-0 loss to Chelsea. An illegal use of the hands penalty on an interception gave

Outlook's bright for Warrior five

After losing two key players — Bridget Arenas and Joyce VanVetor — from the 1981 team which posted a less than lustrous 4-17 record, you shouldn't expect much from the 1982 edition of the Walled Lake Western basketball team, right?

The fact of the matter is that the Warriors just might be on the verge of an outstanding season.

"We're awfully young," observes Coach Roy Artley, noting that the team is comprised of two seniors, two juniors and five sophomores.

"But we've got a lot of talent this year and we could have an outstanding season. It's a little too early to make any predictions because we have to see how our young players adapt to varsity play, but as far as I'm concerned we just might have one of the top 10 teams in the county."

Only two players — Fran Cullen and Cathy Artley — return from last year's varsity, and both figure prominently in this year's plans.

Cullen, a 60 senior forward, is an outstanding rebounder and defensive player who is finally coming into her own as an offensive threat. "She was the talk of the camp director during our summer camp at Northwood Institute in Midland," says the Warrior coach.

Artley, a 5-5 senior, led Western in scoring last year when she averaged 14 points per game from the point guard position. A fine shooter and passer, she's being moved this year to shooting guard.

Except for Cullen and Artley, the 1982 edition of the Western basketball squad will be comprised almost entirely of players who performed on last year's junior varsity team which posted a 16-4 record.

Two of the key newcomers are sophomores Nancy Leach, a 5-8 guard, and Val Hall, a 6-2 1/2 center.

Artley calls Leach his "super sophomore." "I can't say enough about her," says the Warrior coach. "Having Nancy on the floor is like having six players on the floor. She's so fast that she covers her own man and several others as well. It's going to be tough for other teams to fast break us when Nancy's back on defense. She's got great speed and is a totally dedicated player."

Artley is almost as lavish in his praise of Hall, the 6-2 1/2 sophomore center, although he warns that she must be given time to develop. "Ultimately, she's going to be an outstanding basketball player in Walled Lake and the State of Michigan," says Artley. "I don't think she's ready to totally dominate a game like Amy Rembis or Stacey Green did last year."

The Book That Put Pueblo, Colorado On The Map.

For years Pueblo remained uncharted and unknown. Then, suddenly, the secret was out. Pueblo is the city that sends out the free Consumer Information Catalog. It's the city where the streets are paved with booklets.

Now everyone knows. And now everyone can send for their very own copy of the Consumer Information Catalog. The new edition lists over 200 helpful Federal publications, more than half of them free. Publications that could help with—money management, car care, housing hints, growing gardens, food facts. All kinds of useful consumer information you can use every day.

Get your free copy now. Just send us your name and address on a postcard. Write:

Poet's Corner

Landromat Birth

Tennis shoes evolve, in somebody's clothes dryer—like the womb, an unborn athlete kicks hell out of... boom...boom...

Margaret O'Brien

Simple Sweep

The birds fell from the roof in a mighty swoop. Then righted To swirl and soar.

F.A.H.

Transcendent

Oh! the magic of twilight
 Lovely shades of blue and gray
 Pearly pink edged clouds of silver
 Adorn the scene where seagulls play
 A day is ending slowly
 The sun glides gently out of sight
 Soft and damp the wind is still now
 As darkness claims the night
 On a far off shore someone
 Is watching darkness fade away
 In their eastern sky a bright streak
 Continues into glorious day

Agnes Caldwell

The End

Ominous dark mountains roll above,
 engulfing the life giving strength of the sun.
 Billowing and churning over the sky,
 and now, his friend, the wind has begun.

Lashing and tearing over the landscape,
 bending and splitting the majestic trees.
 Torrents of water beat the dry earth,
 moving boulders with savage ease.

When this caprice of nature is over,
 damp, gentle breezes caress the hills,
 sending a warm sweet fragrance of freshness,
 that overpower all of the past ills.

The crumbling ruins of yesterday,
 foreshadow the endeavors of man eternal.
 The past, as the present, with the future near,
 are always subject to constant referral.

Too often, men prefer hindsight to foresight,
 and, as is recorded, history again repeats.
 Carthage and Rome, once of might,
 have long ago fallen, aye, history cheats.

The dominate species of man prevails,
 and he soon will learn of his damnable plight.
 The long road of history will be strewn with en-
 trails
 until the end... the land of infinite light.

Mike Hager

A Poet's Muse

Thoughts that slip through the mind
 Like ships that pass in the night
 Fade with the whispering wind
 And are gone in the wakening light.

Would that they lasted until
 We could grasp and keep them alive,
 And thus their meaning fulfill
 And another poem contrive.

Charles E. Hutton

Dancing in Darkness

Dancing in Darkness
 I look in your eye
 thinking of leaving
 and wanting to fly.

Mist drifting swiftly
 by the light of the moon
 not knowing where its going
 but being there soon
 it follows my footsteps
 and watches my eye
 it waits until morning
 in light it will die

Dancing in Darkness
 I look in your eye
 thinking of leaving
 and wanting to fly.

Light rising slowly
 warming me inside
 dewdrops are drying
 from the sun as they hide
 birds sing to laughter
 as the brook murmurs song
 and in light I do see
 that nothing is wrong.

Dancing in Darkness
 I look in your eye
 thinking of leaving
 and wanting to fly.

WALLED LAKE LEAGUES: The Walled Lake Little League and Babe Ruth League will hold general meetings for the purpose of electing new officers tomorrow (Thursday) at the Richardson Community Center at 7:30 p.m.

FLAG FOOTBALL: Registrations for flag football are being accepted at the Novi Parks and Recreation office. The league is for boys and girls in grades 4-6. Registration deadline is tomorrow (Thursday).

NOVI YOUTH BASEBALL: Rob Kress of WXYZ-TV and Tiger announcer Ernie Harwell will be the featured guests when the Novi Youth Baseball League holds its annual banquet on September 23.

SHUTTLE BUS: Shuttle bus service to all eight Detroit Lions home games is available through Novi Parks and Rec. The fee is \$4 per person per game or \$20 per person for all eight games.

RUN FOR REYES: Registrations are now being accepted at Novi Parks and Recreation for the third annual Run for Reyes at the Bob-O-Link golf course on Saturday, October 16.

ADULT VOLLEYBALL: Adult volleyball league meetings will be held during the week of September 20. The women's league will meet Monday, September 20, at 6:30 p.m. in the Novi Parks and Rec office.

Novi netters fall short in tourney bid

Take Saline out of the Pinckney Invitational and Novi's girls' tennis team might have won the championship. For the second consecutive year, the Wildcats were runner-up to Saline in the four-team round-robin tournament at Pinckney Thursday.

Saline captured the title by recording close singles and doubles victories over Novi for a 5-2 advantage. Saline finished the tournament with 19 points to the Wildcats' 15.

"For some reason, we can't get past Saline," said coach Leslie MacDonald, adding that a strong wind was an important factor in the matches.

"I think that (wind) had a lot to do with my girls' performance," she added. "The wind was terrible. I've never seen it like that."

Only Kathy Malila at second singles and Dana Reynolds at third singles recorded wins over Saline. Reynolds, a freshman, won her match by scores of 7-5, 7-5. Both netters also won matches over Chelsea and Pinckney to earn medalist honors.

However, the other Wildcat netters did not find themselves on the winning end of such scores.

Wildcat booters face rebuilding year

Graduation took its toll on the Novi boys' soccer team, so it's back to square one for coach Doug Holder.

"It's a starting-over year for me," the third-year mentor laments. "About half the team is freshmen, so we lack depth."

But Holder has some optimism about this group of freshmen, since they are the first "real" group of players to come through the Novi Parks and Recreation soccer program.

With such a young team, Holder's main emphasis this season will be improvement. "All I want them to do is keep improving. I just want them to keep looking at ourselves and to keep improving," he says.

"I really hold a lot of promise for the freshmen," Holder says. "This is the best bunch of freshmen I've had in a while."

Returning players include seniors John Kim and Spencer Brinker; juniors Matt Okopyk, Kurt Krueger, Steve Kim, Ken McKay and Heidi Zimmerman; and sophomores Brian Hanley and Scott Berg. Ken Polinelli tops the freshmen list.

"Hopefully, by the end of the year, or really before the end of the year, they'll learn each other's skills to know where to play. That comes with playing with each other," Holder offers.

The freshmen will have to become aggressive, Holder says, and not be intimidated by bigger opponents.

Western net squad boasts experience

Noah Gregory is not given to rash predictions... and he's not making any this year.

Still, the veteran coach of the Walled Lake Western tennis team admits that he's "very optimistic" about the upcoming season and is looking for "a real good year."

Gregory's pre-season assessment appears well-founded. Only two players—Sue Hoff and Bev Guthrie—were lost to graduation from the 1981 team which posted an 8-7 record... and the 1982 Warrior squad is loaded with proven veterans virtually from top to bottom.

"It's too early to make any predictions," says Gregory, "but we've got a pretty good bunch coming back. We've got a tough schedule, but overall we should have a pretty good year."

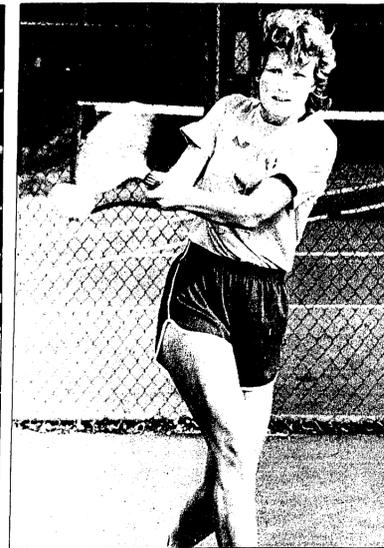

Moving up to first singles this year is Julie Jenkins, a senior who has lettered since her freshman year. She played second singles last year and Gregory says she's improved tremendously during the summer, particularly at the net.

Lisa Roselle, another senior, will play second singles. A fine athlete who finished second in the state in the junior year, Roselle is another three-year letter winner.

The third and fourth singles slots will be handled by a pair of returning veterans—Lori Kiffner, a junior, and Jennifer Sorrentino, a sophomore. Both girls, along with Jenkins and Marcia Bryant, attended tennis camp at Michigan State during the summer and

Julie Jenkins will fill top singles slot

Lisa Roselle is slated at second singles

Viking five's loaded with 'gems'

That's gold in them halls. The halls of Walled Lake Central that is. Central basketball coach Ken Butler lost a 24-carat nugget with the graduation of All-Everything center Amy Rembisz and her subsequent enrollment at the University of Michigan.

However, there's plenty more where she came from. Butler didn't even have to dig too deep to find some prospects to keep Central shining. Three of them played with Rembisz last year, as the Vikings put everything together in a tournament run which saw them take the district crown.

Two more gems saw action primarily as reserves last season. And when Butler dug up two more gold nuggets from the junior varsity mine, it began to look as if he'd hit the mother lode.

"I can stay away from injuries we'll be all right," predicted Butler after enthusiastically evaluating the Viking personnel. "The secret is putting the ball into the hole at the end of the court. I think we have people who can do that."

Past experience says he does. Four-year starter Caryn Lamb has twice cracked double figures in both scoring and rebounding average while playing in the shadow of Rembisz. This year, it's the versatile Lamb's turn to command the spotlight.

"Lamb has to become our dominant player. She has to make people aware of her," explained Butler. "If we see that, it will make our season better."

Despite her 6-11 size, it's possible Lamb will see a lot of action in the backcourt as well as the post. That depends on the performance of frontcourt counterpart Patti Fitzgerald, a 5-11 junior with a year of varsity experience.

Fitzgerald showed signs of taking control of the Vikings' inside game at times last year. If she repeats that performance consistently, Lamb will be free to operate from the outside.

Without Rembisz, Butler feels it is up to the two experienced forwards to lead the way.

"They have no excuses. Lamb and Fitzgerald have to become consistent. They've got to play well at both ends," he said.

What makes Butler more excited is the performance of 5-8 junior Shauna Anderson during preseason drills. Anderson set the all-time scoring record for the Central junior varsity last year.

"She might be the best ballplayer we've got by the end of the year. I think I made a mistake in not having her up (on varsity) last year," Butler commented.

"She rebounds, plays excellent defense and shoots exceptionally well. She's just a fine player."

Sue Kohler, a 5-8 senior forward, started a few games for Central last year and gives Butler an additional forward to free up Lamb for perimeter work.

"There's some talent in the backcourt as well. Sherri Strohs (5-9 junior) started last year when she was healthy, and when she wasn't, Kris Olin (5-9 senior) often did."

However, another junior varsity promisee looks like she may shove someone in to a reserve role. Aimee Frye, a 5-5 junior, gives Butler just what he wants from his point guard—an aggressive ballhandler with excellent speed.

"I've never had the juniors all together. I knew they were fine competition for starting spots," said Butler. "I could start any five of that seven and we'd be competitive."

Being competitive is just what Butler hopes to be in the newly-established Western Lakes Conference.

Klemet shines on links

Former Novi High School star Kevin Klemet will be teeing off for Saginaw Valley State College's golf team next spring.

Klemet attained all-area and league championships in both golf and wrestling during his prep career in Novi. He played golf as a freshman at Saginaw Valley and Coach Bob Becker says he has a good shot at being one of the top five golfers on this year's squad.

The Cardinals had an outstanding season in 1982 as they captured the

NORTHVILLE RECORD—WALLED LAKE/NOVI NEWS FOOTBALL CONTEST

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 19.

You will notice that each square below is also numbered from 1 to 18 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

(1) After each number on your paper write the name of the sponsor of the corresponding square.

(2) Following the sponsor's name—write the name of the winning team.

(3) In addition you must pick the total points scored on the outcome of the game in square 18. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of a tie your money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prizes money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.

Copies of the contest will be posted at the Northville Record office at 104 W. Main, each week.

Entries should be addressed "Football Contest," Northville Record, 104 W. Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of the Northville Record and The Novi/Walled Lake News or sponsoring merchants are not eligible.

Erwin's wins league title

If you thought Erwin's Farms was a good place to buy produce, be apprised that it also sponsors a very good softball team.

Erwin's Farms recently posted a 5-3 victory over Sheehan's/Green to capture the Novi Parks & Recreation Department's Men's Sunday League championship.

Erwin's completed regular-season play with a 9-5 record to finish third in the A Division of the Men's Sunday League.

The 5-3 victory over Sheehan's/Green marked a sweet comeback for Erwin's which came back from the loser's bracket in the double elimination tournament to win the championship.

After taking an 8-7 decision over the Jets in the first round, Erwin's served notice that it was a team to be reckoned with by hammering out a 12-4 verdict over Buddy's Pizza, champions of the A Division during regular-season play.

Erwin's continued to advance with a 7-6 victory over Michigan Rivet and a 12-7 verdict over O'Sheehan's, but then stumbled and fell into the loser's bracket when they were defeated 15-9 by Sheehan's/Green.

With both teams facing elimination, Erwin's rose to the challenge and knocked off Sheehan's/Green 3-1 in the return match to win the championship.

Here are the final standings for the Men's Sunday Softball League:

DIVISION A	1	2	3	4	5	6	7	8	9	10	11	12
Buddy's Pizza	13	1										
Besco's	12	2										
Erwin's Farms	9	3										
Sheehan's/Green	7	7										
Michigan Rivet	4	7										
Sue's	4	10										
Left Out	4	10										
Buccoers	4	10										

Person to Person... Is There A Job? Dr. James H. Luther

It is a wonder that thinking individuals who readily accept the need for human laws and judgment, are quick to deny that God will ever exercise judgment. Of course, it is comfortable to deny that which would be a threat to oneself. In Acts 24:24, Paul was brought before Felix for trial. Yet, instead of trembling before the Roman judge, we find Felix trembling before the preaching of Paul because of his fear of God. Paul "reasoned of righteousness (which Felix did not have), self-control (which he did exhibit), and judgment to come (which he had ignored)."

You see, Felix was formerly a slave but due to the affection of Caesar, he had been appointed to high office. With Drusilla, the wife of another man, he lived a life characterized by all kinds of intemperance. Having judged others harshly, he was suddenly confronted with divine judgment that awaited Him! No wonder he trembled!

The truly sad part of this story is he failed to act on the warning of Paul and accept Christ as God's provision for unrighteous and intemperate people, and thus avoid the judgment to come. Felix was convicted but not converted. Conviction is like pain which warns of the presence of disease; if the pain is unheeded, the disease may be fatal. There is danger in neglect. Do not say with Felix: "When I have a convenient season, I will call for thee." Trust Christ today!

Community ed lists fall classes

Anyone who hasn't yet received a brochure for fall classes being offered through Novi Community Education should call Clara Porter—quickly. It looks like this fall could be a big year for community ed classes, says Porter, director of the community ed program.

"I hope it goes big," she says. "I've got a lot of new classes scheduled. And I'm optimistic."

Porter said brochures were mailed Friday to residents in the Novi Community Schools district and registration begins with a special session Friday at Novi High School.

Dozens of classes—for leisure and crafts as well as physical activities—are being offered. One-day workshops are offered for both children and adults, as is swimming instruction.

Residents can sign up for the classes this Friday (September 10) in the Novi High School Commons before and during halftime of the Wildcats' first football game, Porter said. Anyone who signs up at that time will receive \$1 off

'I hope it goes big. I've got a lot of new classes scheduled. And I'm optimistic.'

— Clara Porter, Novi Community Ed

the class fee for classes costing more than \$10.

The deal will be good from 4-9 p.m. Registrations also will be accepted September 13-16 from 2-8 p.m., September 17 from 11:30 a.m. to 5 p.m., and September 20-23 from 8-9 p.m.

Three classes are being offered for preschoolers this fall: creative expressions, three play and learn, and story and art time.

Creative expressions, offered twice weekly for 17 weeks, is designed to encourage social, physical and mental

development by providing such activities as art, music appreciation, story experience and other events. Children who will be four years old by December 1 or will enter kindergarten in 1983 are eligible.

Three-year-old children are eligible for the "Three Play and Learn" class. Activities will include fingerplay, songs, games, science, arts and crafts and exercise.

For children of both ages, there will be a preschool story and art class to be offered weekly for eight sessions.

School age children will be able to sign up for animal health care and first aid, arts and crafts, ballet, computers, guitar, hunter safety, cheerleading, pottery, magic tricks, piano, stained glass, puppetry, woodworking, typing, snowmobile safety and a variety of other classes.

Adults interested in one-day workshops have a choice of business security, cardiac life support, bread-making, microwave cooking, duck decoy construction, home security and other sessions.

Full-term courses include candlemaking, cardiopulmonary resuscitation, computer programming, word processing, Lamaze childbirth education, stained glass, public speaking, quilting and wine appreciation.

Recreation and physical fitness activities include a full slate of Creative Fitness programs, as well as gymnastics, adult soccer and swim classes.

For more information on any classes or to get a brochure, call the Community Education Department, 348-1200.

Notes About Folks

CINDY HORTON of Novi has been awarded a scholarship from Oakland Community College, Highland Lakes campus. Horton, who is studying business administration, will receive the scholarship for the fall term.

PATRICK BUZOLITS of Novi and DAVE SHERWOOD of Walled Lake are among the upperclassmen who have been awarded scholarships for the 1982-83 academic year by Alma College.

Buzolits received one of Alma's Renewal Scholarships, awarded to students showing intellectual promise and superior academic achievement. A 1981 Novi High School graduate, he is the son of Frank and Jean Buzolits of Heatherbrook in Novi.

Sherwood received one of Alma's Trustee Honors Scholarships, awarded on the basis of superior academic and extracurricular achievement. A 1981 Walled Lake Western graduate, he is the son of Loran and Mary Ellen Sherwood of Green Meadow in Walled Lake.

JANE PANJU of Novi and KIMBERLY MEADOWS of Walled Lake are among 58 students from 17 Michigan public two-year colleges who have been awarded \$500 scholarships by the University of Michigan, where they will transfer from Oakland Community College this fall.

CAROLYN KUMMER of Novi attended a 10-day orientation program for incoming freshmen at Alma College. A graduate of Ladywood High School, she is the daughter of William and Dorothy Kummer.

Local couple wed in double-ring rites

Mary Carol Birchler became the bride of Dr. James Richard Miles during a July 3 wedding ceremony at St. Regis Church in Birmingham.

Father Daniel Murphy and Reverend Ned Pierson, pastor of Orchard Community Presbyterian Church, officiated at the double-ring rites.

The bride is the daughter of Mr. and Mrs. J. Donald Birchler of Birmingham. Her husband is the son of Mr. and Mrs. Richard Miles of Walled Lake.

Attending as maid of honor was Kathy Johnson. The bride's sisters, Margie Birchler and Barbara Helmsch, were bridesmaids.

Edward Schukak was best man, while

ushers were Dr. Patrick Munson and Jeffrey Mengel.

Kathryn McKenzie, the bridegroom's sister, gave the readings during the ceremony.

Following a reception at Birmingham Community House, the newlyweds left on a wedding trip to Canada and New England.

The new Mrs. Miles is a graduate of Michigan State University. Her husband also graduated from Michigan State University and from Miami University in Ohio. He is a doctor of veterinary medicine.

The couple is residing in St. Charles, Illinois.

Lions Club hosts annual pig roast at Lakeshore

Roast pig, baked potatoes, corn-on-the-cob, salad and dessert will be on the menu when the Novi Lions Club hosts its second annual Pig Roast at Lakeshore Park on Saturday, September 18. Happy hour is from 3-6 p.m. and dinner is from 6-7:30 p.m.

Tickets cost \$15 per person and door prizes will be awarded. Anyone who can donate a door prize should contact Tom Marcus at 349-7500 or Bill Weber at 349-4055. Music will be provided by the Blue Velvetes.

Proceeds will be used for such Lions Club programs as the Leader Dog School in Rochester and purchasing eyeglasses for needy local residents. Project Chairman Dick Faulkner can be reached at 348-7100 for more information.

NOVI GIRL SCOUTS: Organizational meetings will be held for all girls interested in scouting on September 8 at Orchard Hills and Novi Woods and September 9 at Village Oaks. A leaders' meeting has been slated for September 15.

The "uniform exchange" will be held this Friday under the direction of Keith Dubois in the Novi High School Commons from 5-8 p.m. Call Dubois at 476-8226 for information.

Troop Service Directors are Sue Guleserian at Village Oaks, Marlene Kuzkuzak at Orchard Hills and Jeanne Clarke at Novi Woods. Sarah Schertz is registrar and Carolyn Greenlee is calendar chairman. A Girl Scout cookie chairman is still needed. Anyone who can take a short-term job that greatly assists the Girl Scouts should call Dubois at 476-8226.

New Brownie Troop leaders are needed at all schools; more information will be provided at organizational meetings. Leader training will be offered in Farmington on September 21 from 9:30 a.m. to 2:30 p.m. for new leaders and

Novi Highlights

By Jeanne Clarke
624-0173

leaders changing age groups. Courses include troop management, leadership skills, ceremonies, games, songs and information on badges and signs.

Cadet leaders Judy Killick and Kathy Dudas attended a survival training course given by Oakland Schools at Lake Superior National Park. The program included two weeks of backpacking in the "bush," canoe portage and sleeping on a sandbar in the middle of a river.

BAND BOOSTERS: The Band Boosters have cancelled their pancake dinner prior to the September 10 football game due to the school strike. The band will perform during halftime at the game, however.

The annual subdivision march-a-ton, scheduled for September 11, also has been postponed.

Novi is one of five area bands invited to perform in a parade on WXYZ-TV on September 14.

ATHLETIC BOOSTERS: Admission to the first home football game this Friday will be free. The Athletic Boosters will begin their 1982-83 membership drive by giving a free Novi Wildcat bleacher cushion with each paid \$1 membership or \$30 family season pass. Cushions will be distributed on a first come/first serve basis while quantities last.

The club has voted to purchase four more wireless head sets to be used by various coaching staffs. Athletic Director John Osborne will supervise in-

stallation of new basketball wall mats purchased by the club last spring.

The next meeting will be Wednesday, October 6, in Room 107 of the high school at 8 p.m. Everyone is invited to attend.

PARKS AND REC: Families are encouraged to bring a picnic lunch and blankets for an afternoon of activities at Lakeshore Park this Sunday, including three concerts.

The Novi Chorales and Suzuki Strings will perform at 2 p.m., the Novi High School jazz band will play at 4 p.m. and the New McKinney Cotton Pickers will perform dixieland and ragtime at 5:30 p.m.

There will be free pony rides for children from 1-2 p.m. and water balloon throwing contests for mother-daughter and father-son teams at 3:30 p.m. Recognition ceremonies for Parks and Rec volunteers will be held at 5 p.m. Call 349-3904 for more information.

Registration deadline for flag football is tomorrow (Thursday) at 9:30 a.m. at the Belaire Lanes in Farmington. The fee for the program, open to boys and girls in grades 4-6, is \$12 and includes a free T-shirt. Games are played Thursday nights.

Parks and Rec also is sponsoring shuttle bus service to Detroit Lions games. The bus for the September 12 game will leave Novi City Hall parking lot at 11 a.m. Call 349-1976 for details.

PERSONALS: Beatrice Moyer of Decker Road celebrated her 76th birthday with 35 friends at McDonald's in Walled Lake. She thanks everyone who helped her celebrate.

Erin Dunn, daughter of Mike and Tina Dunn, celebrated her first birthday at a party with 12 children and another with family members, including her great grandparents, Mr. and Mrs. David Bauman.

Mr. and Mrs. Bill MacDermald were feted with a surprise 40th anniversary party attended by 50 friends and relatives. Guests included their sons, Bill and Dennis MacDermald, and former longtime residents Charles and Betty Trickey, now of Tecumseh.

Mr. and Mrs. Bob Skelenger, longtime Novi residents now living in the south, are visiting their son Fred Skelenger of Westland. They had lunch with friends Wilma Young and Marja Killeen at the Apple Teaser in Milford and will visit their daughter Annette in Ohio before returning home.

Mrs. Mabel Ash of Garfield Road and Cindy Gronach of Northville showed several horses at a show in Mason last weekend.

PIN POINTERS: Starting date for the Pin Pointers, a Novi women's bowling league, has been changed to tomorrow (Thursday) at 9:30 a.m. at the Belaire Lanes in Farmington.

The league has 10 teams. Four regulars and several substitutes are still needed. Call Barb Pietron at 474-0531 if you're interested.

BOY SCOUTS: The first troop meeting of the fall will be held next Monday at Novi Middle School South. Any boy who is 11 years old and would

like to join should call Gary Skodack at 476-2389.

Pin packs for the September 17-19 backpacking trip in the Pinkney Recreation Area will be made at a committee meeting at Al Rayburn's home on September 14 at 7:30 p.m.

The Scouts ended summer activities with a canoe trip down the Au Sable River. Adult leaders on the trip included Gary Skodack, Al Rayburn, Paul Chirgwin, Dan Jablonski, Dean Morrow, Charles Mutch and Martin Minim.

Members will attend the 5th District meeting at the Union Lake Post on September 12 at 1:30 p.m. Dues for 1983 are now payable and may be mailed to P.O. Box 108 at the Novi Post Office.

OLHSA CENTER: Leslie Stefes is offering a new exercise and dance program at the center every Monday, Wednesday and Friday. Exercise is offered from 9:30 to 10:30 a.m. and dancing is taught from 10:30 to 11:15 a.m.

Tickets cost \$3.50 at the door or \$3 in advance. Tickets for seniors and children cost \$2.50 in advance and \$3 at the door. Advance tickets are available by sending a check to D.A.V. No. 114, 19219 Ormsu, Livonia, Michigan 48152.

Novi Parks and Rec is sponsoring a trip to the Elora Mill Country Inn in Ontario on October 20-21 where seniors will be able to see one of the few five-story, early Ontario grist mills still in existence. Parks and Rec also is planning a trip in February to the Sailport waterfront resort in Tampa, Florida. More information is available through Parks and Rec.

VFW POST 1519: Plans for the Adult Weiner Roast on September 24 and a Post Hospitality Room will be discussed when the VFW holds its first meeting of the fall at the Post Home on Grand River September 17 under the direction of Commander Donald Roe.

The Auxiliary will meet the same night at 8 p.m. under the direction of President Nancy O'Hara. Members are asked to wear uniforms.

Additional workers are needed at the Bingo games every Thursday in the Novi Community Building at 7 p.m. Prize money has been increased and the public is invited to attend.

Library presents 'Wizard of Oz' film on Saturday

The Walled Lake Library will present the film classic, "The Wizard of Oz," this Saturday at the Richardson Community Center at 2 p.m.

Admission is free, but children under 5 years old must be accompanied by an adult. Call 624-3772 for more information.

Community Notes

CENTRAL REUNION: Walled Lake Central's class of 1967 will hold its 15th year reunion on Saturday, September 18, at Possum Hollow in Kensington Metropark. Rain date is Sunday, September 19.

Due to the economy, organizers have decided it will be cheaper and more fun to hold a family picnic ("grasser"). Class members are encouraged to bring husbands, wives, boy friends, girlfriends and children as well as picnic goodies and coolers. Girls are available.

Class members also may bring baseballs, softball, football and other recreational equipment. A \$2 admission fee will be collected.

For more information call Kathy rudeau Bedini (669-9772) or John Marshall (624-1831) or drop a line to Class of '67, 204 Osprey, Walled Lake 48088.

LAKES SENIORS: The Richardson Center seniors will hold a potluck dinner Friday, September 17, at the Richardson Community Center. The party runs from 4-9 p.m. and dinner is slated for 5 p.m.

Call 624-7266 for reservations.

DUCK HUNTERS: The Oakland Wetlands chapter of the Michigan Duck Hunters Association will sponsor a duck identification clinic at Multi-Lakes Conservation Club tonight (Wednesday) and Friday at 7 p.m.

All waterfowl hunters, especially those new to the sport regardless of age, are encouraged to attend. For more information call Ed Sienkiewicz at 424-6782 or Sharon Peterson at 368-1819.

BLOOD DRIVE: The American Red Cross will hold a blood drive at the

Chateau Estates clubhouse in Novi this Sunday from 10 a.m. to 4 p.m. The clubhouse is located at 40200 Carosel.

Blood can be donated by anyone between the ages of 17 and 65 in good general health. The procedure is painless and takes less than an hour from registration to a post-donation snack.

For an appointment call Virginia Snider at 624-6811.

STAGE I PRODUCTIONS: Stage I Productions, a non-profit, amateur community theater group, will hold auditions tonight (Wednesday) for "The Affair of Gamma Rays on Monday (September 14) at 8 p.m. at the home of Ruthellen Singer at 44146 Galway Drive, Call 349-8310 for more information.

HADASSAH: Novi-Northville Hadassah will have a meeting and evening of Israeli folk dance next Tuesday (September 14) at 8 p.m. at the home of Ruthellen Singer at 44146 Galway Drive, Call 349-8310 for more information.

CAR WASH: Novi's Jaycee Auxiliary will hold a car wash Saturday, September 18, at the old Novi Fire Station on Novi Road, just south of Grand River. Jaycees will be washing cars from 9 a.m. to 2 p.m.

Anyone interested in trying out for a part or working backstage is welcomed to attend. Call Chris Ruona at 669-4050 after 5 p.m. for more information.

STAGE I PRODUCTIONS: will hold an open house next Wednesday (September 15) at the Novi Community Building at 8 p.m. Purpose of the open house is to acquaint the area with the theater group. Visitors will have a chance to see parts of previous shows, chat with present members and ask questions about the group. Anyone interested in theater is encouraged to attend.

CHORALAIRES: The Novi Chorales will hold auditions at Novi Middle School South next Tuesday, September 14. There is a need for sopranos and male voices of all ranges. Auditions may be scheduled through Arlene Piotrowicz at 349-5364.

HADASSAH: Novi-Northville Hadassah will have a meeting and evening of Israeli folk dance next Tuesday (September 14) at 8 p.m. at the home of Ruthellen Singer at 44146 Galway Drive, Call 349-8310 for more information.

FALL FESTIVAL: Close to 20 hot air balloons will fill the sky in the early evening on all three days of the West Bloomfield Fall Festival weekend, September 10-12.

On Friday, a giant fireworks display will light up the night to mark the first of three event-filled days of fun for the

entire family. There'll be carnival rides, a tent filled with 20 of the latest video games, bingo games that run continuously during festival hours and over 80 booths filled with arts and crafts and information.

The festival will be held September 10-12 on the grounds of West Bloomfield's Henry Ford Hospital Center on Maple Road, west of Drake. Admission and parking are free. Festival hours are 6-10 p.m. on Friday, noon to 10 p.m. on Saturday and 1-7 p.m. on Sunday.

QUILT FAIR: The Northville Community Quilters will present "Your Heirloom and Mine Quilt Show" on Thursday and Friday, September 23-24, from 10 a.m. to 6 p.m. The show will be held at the Northville Presbyterian Church at 200 East Main Street. Donation at the door is \$1.

The show will feature a variety of quilts dating from 1820 to the present, many of which have never been on display. Quilting will be demonstrated throughout the show. Other quilted items will be on display. Dealers from Farmington, Marquette and Plymouth will have a variety of quilting needs for sale.

CHURCH DIRECTORY: For information re ling rates for church listings call The Northville Record 349-1700. Walled Lake/News 624-8100.

Friends help Stamans mark 50th anniversary

Frazer and Irene Staman of Novi recently celebrated their 50th wedding anniversary with family and friends.

The Stamans were feted by their son, Matthew, who co-hosted an open house at the home of John Parvu. More than 25 friends and relatives attended to congratulate the Stamans, who married September 3, 1932.

Mr. Staman, former supervisor of Novi Township from 1953-1963, is retired from the Oakland County Road Commission. He formerly owned Frazer Staman Insurance Company in Novi.

His wife is the daughter of M.J. Moran, proprietor of the Novi General Store from 1912-1952.

The Stamans have one son, Matthew, who resides in Milford with his wife and family. They have four grandchildren.

'The Gathering' is Festival focus

JOHN STANO/special photographer

"The Gathering" is the name given the pavilion which will be the focus of the 1982 Plymouth Fall Festival.

The service clubs and organizations serving dinner during the Fall Festival never have to worry about being rained out again.

The newly-completed "Plymouth Gathering," a pavilion built over the parking lot between the Penn Theatre and Masonic Temple on Penniman Avenue, was financed with private donations from Plymouth Rotary, Lions, Kiwanis, Jaycees, the Fall Festival Board, Plymouth Community Chamber of Commerce, and a Masonic Lodge, according to Plymouth City Manager Henry Graper. The service clubs will cook their meals under the pavilion during the fall festival, Graper said. Some of the organizations will serve food under it also.

"We thought if we could get the barbeque pits covered this wouldn't happen," Graper said of the rainout. "The farmer's market was also rained out a few times last year and we thought it would be nice to get a pavilion to cover it."

Graper talked to the various clubs in an attempt to get donations for the structure starting last winter.

The clubs responded well and provided the city with the \$82,000 needed to complete the pavilion.

The final cost was under the original estimate, the city manager said. One original estimate was \$107,000.

"At first we were going to use concrete pillars and a different mode of construction," the manager said.

The structure's pillars are wooden with a brick cover.

The pavilion was built in about 60 days and right on time, according to Graper.

The idea of building a pavilion first came up when part of the final day of last year's festival was rained out.

Credit

(The 1982 Plymouth Fall Festival guide was put together by advertising coordinator Peggy Knoespel and editorial coordinator Emory Daniels.)

Assisting in the planning and directing of the section were Rex Hat, Rose Stemmermann, Rick Ficorelli and Dennis O'Connor. Photography was handled by Gary Caskey with some assistance from Craig Gaffield and John Stano. Writers included Elinor Graham, W.W. Edgar, Anne Sullivan and Scott Adler with assistance from Bridget Moran and Jennifer Turner.

Supporting the guide by providing information on a timely basis were the Fall Festival Board, Cathy and Mary Kostreba. Our thanks to all who helped.)

Two Canton Township fire department squads prepare for stiff waterball-fighting competition during last year's festival. This fall features the third annual waterball fight — one of the newer and more popular events of the weekend.

Waterball contest will be Saturday

The city of Plymouth Fire Department will sponsor its third annual waterball contest and muster on Saturday. The muster will include an apparatus pumping contest, hose cart race, and bucket brigade.

The schedule on Sept. 11 will be: 9 a.m. to 11:30 a.m., apparatus pumping contest, hose cart race and bucket brigade; noon to 12:30 p.m., apparatus parade; 12:30 to 4 p.m., apparatus display; and from 1-4 p.m. the waterball contest.

The waterball contest and muster will take place on Penniman Avenue just west of S. Main in front of the post office.

The apparatus that will participate in the parade will form in the Plymouth Cultural Center parking lot at 525 Farmer. All entries must be in formation by noon to participate.

The apparatus will proceed along a designated route and then to the display area. Participants planning to bring apparatus, and who wish to partake in the morning events should bring their apparatus to the waterball area.

FOR THE WATERBALL Contest, the following rules will apply in addition to the standard waterball rules:

- Only one waterball team of five men per department.
- Liability release form must be submitted with registration form prior to day of event.
- Registration fee of \$5 for each men's waterball team must accompany each registration form.
- A maximum of five women's teams

of six members per team will be accepted. No registration fee required. Any women's team who wishes to participate is required to attend at least one waterball practice with the city of Plymouth Fire Department.

- Any team which shows up after 12:30 p.m. shall be disqualified.
- Trophies will be awarded as follows: men's waterball, first, second and third places; women's waterball, first and second place; hose cart race, first and second; bucket brigade, first and second; engine pumping, first and second.
- All registration forms, liability releases and fees shall be received by city fire department before Aug. 14.

Welcome sight

The American Red Cross is a welcome sight at the Plymouth Fall Festival.

The Red Cross will be the Festival's first aid station offering emergency care for bee stings and scraped knees along with free blood pressure checks.

The Red Cross programs offer first aid and water safety classes, disaster and emergency assistance.

The community also is familiar with the Red Cross blood donor program, volunteer nurses and youths for community service, and counseling to servicemen and their families.

GARY CASKEY/staff photographer

Pony rides and children rides are available during Plymouth Fall Festival, thanks to the Old Village Merchants Association. Enjoying a pony ride last year is Kelly Kosikowski, 2, of Canton, who is steadied by mother Cathy. Leading the horse is Stephanie Ashley of Plymouth.

Almost everyone gets into the act

Besides the major service clubs serving up dinners each day of the Plymouth Fall Festival, a large number of community organizations are involved in the festival in a variety of ways.

Following is a summary of the involvement of the clubs and organizations of the Plymouth Community in the 1982 Fall Festival. Keep an eye out for them on Sept. 9-12.

PLYMOUTH POA

The Plymouth Police Officers Association (POA) will be providing free safety information during the festival as part of its community relations activities. During the year, the union contributes to the Plymouth Community Chorus, Plymouth Fire and Drum Corps and to high school athletics.

FIFE & DRUM CORPS

Plymouth Fife and Drum Corps will be selling tortilla chips with hot cheese dip and pop to festival-goers. Buttons and bumper stickers also will be sold. The money raised during the festival will go to buy uniforms, musical equipment, and travelling expenses.

FIGURE SKATING

The Plymouth Figure Skating Club will be selling hot pretzels, coffee and cold drinks during the Fall Festival. The young athletes raise money so club members can compete in state and regional figure skating competitions.

CLASS OF '84

The Centennial Educational Park (CEP) Student Council and Class of '84 will be selling apples and school buttons at the festival. The Student Council brings the student body closer together in school and in the community.

FAMILY SERVICES

For the first time this year, Plymouth Family Services joins the Fall Festival and will be selling the popular Lebanese dish Kafta. For \$1, festival-goers will be treated to a barbecue Lebanese meat sandwich, seasoned and cooked on a skewer tucked inside of a tender slice of pita bread.

Antique mart opens Friday

The Plymouth Symphony League's 20th annual antique mart will open its doors at noon Friday, Sept. 9, in the Plymouth Cultural Center, Farmer Street at Theodore. Hours for the three-day show are noon to 9 p.m. Friday and Saturday and noon to 6 p.m. Sunday.

The 23 dealers in the mart have been selected for the variety of their antiques. Veteran visitors to the show will find old favorites and several dealers

in the show for the first time.

Those looking for the perfect accessory for their home or the perfect gift will be able to browse through a large assortment heirloom quality items. The collector of primitives will find everything from furniture to small kitchen items.

There will be quilt tops, golden oak era furniture, all types of chairs, wash stands and cupboards, baskets, mini-

tures, glass, dolls, trunks and clocks.

New this year will be a dealer specializing in French quimper ware and country accessories. Another will show her collection of paperweights, and another a priceless collection of antique jewelry.

Admission to the mart is \$1.50. Profits from the show go to support the Plymouth Symphony Orchestra and the Fall Festival.

June Weidel looks closely at glass-works at Mary Morison's exhibit last year.

A 2-day art display

The 11th annual Festival Artists and Craftsmen Show will open at noon Saturday, Sept. 11, in Central Middle School, Main Street at Church.

The event is arranged by the Plymouth Community Arts Council with a committee working year-round to select the finest artists in the state.

Participants must submit examples of their work to a panel of judges to gain acceptance in the show. The result is 80 top craftsmen and artists offering their works for sale.

Visitors flock to the show to do their Christmas shopping or to find the perfect painting or accessory for their own homes. Collectors have a heyday among the

stained glass, baskets, wood carvings, pottery, stuffed toys, and hand-crafted pewter and brass.

Hours will be from noon to 9 p.m. Saturday and noon to 6 p.m. on Sunday. There is a \$1 admission fee for adults, 50 cents for senior citizens and students. Children under 16 are admitted free when accompanied by adult.

Skills of settlers shown at museum

History comes to life at the Plymouth Historical Museum during the town's fall festival. Twenty-five artisans and craftsmen demonstrate the skills of the early settlers in a pioneer-days setting.

The Plymouth Fall Festival regenerates a spirit of early American cooperation in the community. The museum, with artifacts dating from Indian days, lends an authentic

background for the wood carvers, rug hookers, quilters and tinsmiths. Museum visitors will see Bruce Richard making Shaker-type boxes, Don and Mian Sober doing caning and wood graining, and Betty Tarpinian doing candlewicking.

The museum will be open from noon to 7 p.m. Saturday, Sept. 11 and noon to 6 p.m. Sunday, Sept. 12. The museum is on Main Street.

Cathy McClung displayed wildlife art during the Arts and Crafts Show put on last year by the PCAC.

Students sell their own art

Plymouth and Canton students of all ages will be selling artwork during the 1982 Plymouth Fall Festival.

Theatre Guild opens fest feast

In its new role of ushering in the dining portion of the Plymouth Fall Festival, the Plymouth Theatre Guild plans a real treat for the diners.

The drama group will serve ham, German potato salad and all the trimmings — at \$3.50 each — for the Thursday meal.

The guild moved into the scene when the Colonial Kiwanis Club withdrew because of the high cost of roast beef.

The ham will be prepared, along with other portions of the meal, under the roof of the new pavillion. Tables will be set up in Kellogg Park and under the pavillion.

The dinner is the second major change in the opening festivities in recent years. The Business and Professional Women (BPW) club of Plymouth had served the Thursday night German Night meal of kielbasa and sauerkraut.

When the BPW found it difficult to maintain its German Night opening, the Thursday meal was taken over by the Colonial Kiwanis Club, which started with Italian Night and featured spaghetti.

Now with the withdrawal of the Colonial Kiwanis, the Theatre Guild takes over. It will begin serving the ham dinner beginning at noon Thursday.

Her eyes definitely are bigger than her stomach, but Debbie Swatosh, 2, of Livonia, enjoys every bite of her Plymouth Fall Festival dinner.

Lions seek record for fish fry sales

The Rotarians are not alone in attempting to set a world record by serving 15,000 chicken dinners in six hours.

The Lions Club of Plymouth is looking forward to establishing a high mark by selling of 2,000 fish dinners within two hours at the annual Fall Festival fish fry on Friday.

In recent years, the Lions have averaged more than 3,000 dinners from noon to 8 p.m.

"The big rush always has come between 5:30 and 7:30 p.m.," said Bill Fellig. "This year we hope to accommodate 2,000 in these two hours, and that should be some sort of a record."

AS USUAL, the fish fry always is a feature of Friday of festival week. With the new pavillion and a change in appearance of the entire festivities, the Lions hope to sell more dinners during the peak hours.

As in other years, ocean perch will be served. It is breaded and is prepared in deep-fry pans with the highest grade of peanut oil.

The preparation of the meal will be done in the new pavillion starting at noon. Prices are \$4 for a dinner, with senior citizens paying \$3.

When the Lions made their debut in the Fall Festival, they served ice cream, a la the old-fashioned ice cream socials.

Switch for JCs economical

The Jaycee Fall Festival Dinner rib dinner has become a victim of these tough economic times. Instead of ribs, the annual Saturday-night feast will be a dinner sausage on a bun, corn on the cob, coleslaw, chips, dessert and beverage.

"The ribs alone were almost double last year's price," said Paul Foster, chairman of the Jaycee Dinner Committee. "The price would have been \$6 per dinner, and that would cost the average family of four \$24."

"We've noticed steadily decreasing sales and profit over the last four years," said Tim Sullivan, Plymouth Jaycee president, and member of the Jaycee Fall Festival Dinner Committee. "We would have to pass the cost onto the consumer, and in this region's economic state we couldn't justify selling a dinner at more than \$5 per person."

The Jaycees plan to sell 2,500 dinners this year. Dinners will be sold from the Plymouth Gathering (between the Penn Theatre and Masonic Temple), and diners will be able to chow down in Kellogg Park.

The sausages are from Spartan Distribution Center in Plymouth. Cost for the dinner is \$3 in advance and for senior citizens, and \$3.50 the day of the event.

Proceeds from the dinner will go to the Leukemia Foundation and to community-service programs.

Dinner tickets can be purchased in advance from Plymouth Glass, 1382 S. Main.

Service Cuts Are Forced

Declining state-collected gas and weight taxes forced the Board of Oakland County Road Commissioners to bite the bullet in 1982.

The Board had to cut staff, freeze salaries and wages, and reduce maintenance and construction services in 1982.

Sixty-five staff positions were eliminated, including 29 in Maintenance and 14 in Engineering.

Wages and salaries were frozen at 1981 levels.

Grading of local gravel roads was cut back from 12 times annually to 10 times, and cleaning of ditches on local roads was reduced 25 percent.

The construction program is reduced for the third consecutive year and is 21.8 percent less than in 1981.

Cuts in administration included a department head position (Permits and Special Uses), four other positions and 70.5 percent of the contingency reserves.

Capital expenditures were cut 51.8 percent from the reduced level of 1981.

The Road Commission is at about 80 percent of its 1981 strength, due to the combined effect of total revenues being down 10.1 percent and inflation's impact on costs.

The 1981 strength was down from 1980; and 1980 was down from 1979 - also due to revenue shortfalls.

However, in 1980 and 1981 it was possible to avoid maintenance and traffic-safety service cuts and staff reductions by cancelling construction projects, equipment renewal purchases and other economies.

The 1982 program still keeps most maintenance programs at near current levels. Snow and ice control, pothole patching and shoulder repairs are scheduled for the same level of attention as previously, although response times may be slower.

With the staff cuts, salary freezes and service reductions, the Road Commission's expenditures are balanced to the \$31.6 million of anticipated total revenue.

Here's the revenue picture: State-collected gas and weight taxes: \$18 million.

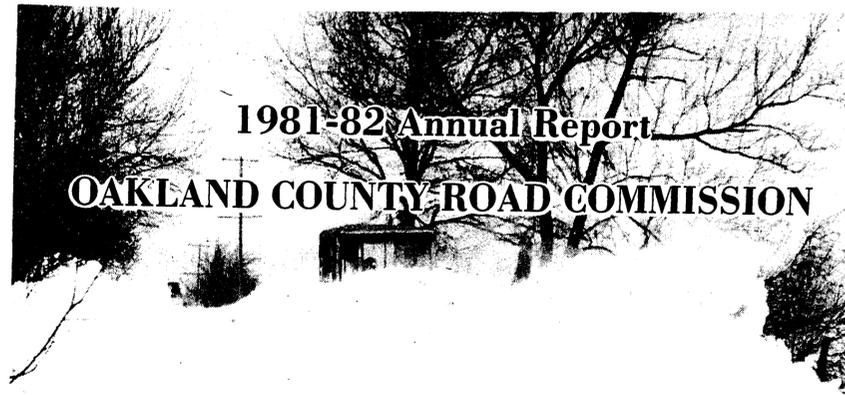

Federal aid: \$3,761,000. Revenues from local governments (county, townships, cities): \$3,701,000.

From M-DOT for work on state trunk lines: \$4,210,000.

Fees and other revenues, including interest, dust control charges, permits and sale of land: \$1,958,000.

The Road Commission does not levy a countywide property tax; nor does anyone levy a property tax countywide for roads.

More federal aid is available, but the Road Commission's share of state-collected gas and weight taxes are not sufficient to provide the required matching funds.

1981-82 Annual Report

OAKLAND COUNTY ROAD COMMISSION

Richard V. Vogt, Chairman

Fred D. Houghten, Commissioner

John L. Grubba, Managing Director

September 1982

Safe Roads Still Top Goal

More Cuts Forecasted In '83

Oakland County Road Commission services will likely be cut more in 1983, further in 1984 and deeper again in 1985.

Declining taxes paid by road users and inflation-caused cost increases are anticipated throughout the three-year period 1983-85.

That projection is the basis of a Three-Year Financial Plan prepared by management and accepted by the Board of Road Commissioners in April of this year. The plan will be used as a guide in preparing annual budgets, which for 1983 will be done later this year.

To cope, the plan recommends to cut wages and salaries top-to-bottom, pare staff and construction again, and reduce fringe benefits over the next three years.

The 1983-85 plan attempts to adhere to the Board's goal to provide a safe county road system and facilities in an equitable manner within the tight constraints that exist," said Managing Director John L. Grubba.

He said the plan seeks to preserve the current level of maintenance and traffic-safety at least through 1984. After 1984, even those areas may suffer staff cuts, he said.

The plan in April forecasted need for employee compensation cut-backs to begin January 1, 1983.

By mid-1982 it appeared that pay and fringe benefit cuts could be delayed until July of 1983.

Thus, the plan when 1983 budget preparations began in August called for:

- Continuation of wage and salary freeze at 1981 levels through June 1983 and then wage, salary and fringe benefit cuts for Managing Director on down beginning July 1, 1983.

- Construction program cuts of \$1.3 million in 1983, another \$31,000 in 1984, and an additional \$574,000 in 1985.

- Twenty-three staff position cuts in 1983: including 19 in the Engineering Department and one in the Department of Transportation Planning and Environmental Concerns (TP&EC), directly reflecting the reduced work program in construction; and one each in the Managing Director's Office, the Secretary-Clerk's Office and the Department of Citizen Services.

- Six staff position cuts in 1984: including four in Engineering and two in purchasing.

- Twenty-two staff position cuts in 1985: including 15 in the Maintenance Department; five in the Traffic-Safety Department; one in TP&EC and one in the Finance Department.

partment.

- \$271,000 annually from fringe benefits. The plan suggests eliminating life insurance, dental and optical benefits entirely. But these and other options and specifics are subject to union negotiations.

- Even such cuts wouldn't be enough except that the Road Commission's costs for debt service will be down by \$586,187 in 1983 and continue declining through 1985, said Grubba.

Further economies are also called for in the plan:

- Elimination of the Departments of Personnel, Purchasing and Citizen Services in 1984 and providing these functions under a single Department of Administrative Services.

- To achieve greater job skill and versatility by expanding training programs for employees.

And, the plan makes three recommendations to reduce "matching program" costs.

- No longer absorb the cost increases of maintenance work performed by townships and cities on county roads; instead to freeze Road Commission contributions to such work at 1982 levels.

- No longer make contributions to the cost of special assessment dis-

THE BOARD OF OAKLAND COUNTY ROAD COMMISSIONERS

RICHARD V. VOGT
Chairman

JOHN R. GNAUL, JR.
Vice Chairman

FRED D. HOUGHTEN
Commissioner

Chairman's Message:

State Of The Roads Is: 'Disintegrating'

The roads in Oakland County are disintegrating. Cracking, crumbling, potholing pavements and rutting gravel roads plague motorists more than ever before. People trying to make their cars last "just a little longer" are paying the price at the repair shops. Most car owners wonder why. After all, they've paid taxes over the years to build and improve the roads. Why can't they be maintained? Is all the tax money that has been put into roads going to go down the cracks?

We on the Oakland County Road Commission can answer the first question. The second question can be answered only by the State Legislature and the Governor.

The cost to keep up with maintenance needs has increased annually. Meanwhile, road-support taxes have declined. Since 1979, it simply hasn't been possible to do as much to maintain and renovate roads as was done prior. Prospects are that even less will be possible next year and less the year after, and much less three years from now.

OCRC Capabilities Reduced

In our front page article we note how our capabilities have already been reduced to about two-thirds and how we may be forced to an even weaker position. Throughout this annual report are the details of how it affects the programs we provide for roads. Also in these pages we tell about help we are getting, from the county and from local units of government.

Unfortunately, not enough funding is possible from these sources. They are hard pressed to meet their many obligations as it is. Only in four of the 23 townships have the people voted local millages for roads. State law prevents the county from using its general property tax for roads; the county can only contribute surplus funds. A countywide property tax designated for roads is not possible in Oakland County, because of restrictions imposed by the State Constitution.

The primary responsibility to tax for roads rests with the state. Indeed, for several decades, the state has been the primary source of funding for county roads. Today, only the state can solve the road funding problem. That's where we all must look for the changes that are necessary if road

Managing Director Comments:

JOHN L. GRUBBA
Managing Director

For years, we at the Oakland County Road Commission have addressed the need to catch up with demands placed on the road system by development.

We have also sought to assure environmental protection and to improve safety.

Funding has always been a problem, but never before have revenues actually declined in times of increased need.

Now, as our Financial Planning Group put it so succinctly, "Survival and accomplishment of basic services under very austere conditions becomes the game plan."

With many management actions such as are highlighted in this annual report, we are working to assure the best services possible.

funding is ever to be adequately restored.

Legislators tried, in 1978, to boost road funding by increasing the per gallon tax rate on gasoline to 11 cents. However, they didn't provide for the impact of people switching to more fuel-efficient vehicles. Since 1979 people have been driving more, but on fewer gallons; and therefore have been paying less road-support taxes.

Motorists understandably enjoy the tax break — until they drive on the disintegrating roads.

Need To Restore Revenues

Needed, at a minimum, is for the State Legislature and Governor to restore the road use taxes to their 1979 levels. A proposal intended to do so has been introduced and is awaiting action in the House Taxation Committee. Although a sub-committee has recommended adoption, the Taxation Committee has not yet released the bills for enabling vote.

We on the Board of Oakland County Road Commissioners have forwarded to Lansing formal resolutions urging approval before so much time passes that road disintegration will be beyond the scope of even the restored funding.

Oakland County's Executive and the Board of Oakland County Commissioners have also adopted resolutions of support.

Twenty-eight states have taken steps in the last two years to restore road support revenue levels. Some have provided for the fact that number of gallons sold is no longer a realistic measure of road use and benefit. In Ohio for example, the Legislature changed to a method that indexes the tax rate to the cost of highway maintenance as well as to consumption.

The "Ohio Plan" is what the proposal now in the House Taxation Committee recommends for Michigan. While not perfect, the "Ohio Plan" has two virtues. Its index relates the taxes to needs and it continues the well-proven equity of user benefit taxation.

It's probable that further adjustments may be necessary between now and the year 2000. Fuel consumption is expected to continue falling off rapidly as the nation's automotive fleet becomes progressively more fuel efficient. For one thing, electrical power will probably be used for vehicles more — and there will be a need to assure equitable road-support revenue from such vehicles. Rather than wait until a crisis is again upon us, we could be preparing now.

We on the Board of Oakland County Road Commissioners have urged that the state enpanel a task force of all interest groups to determine and recommend a comprehensive program. Such a task force and adoption of the "Ohio Plan" are the two most important things that can be done, we advised the Michigan Department of Transportation when it asked for testimony for a state transportation plan.

When the Governor proposed a state income tax increase and cited road needs as a justification, we went on record opposed. There were two reasons. One, the governor's plan contained no guarantee that any money would actually go to roads, rather than to public transit. Secondly, income taxes are not related to road user benefit, and nothing would prevent them from being diverted to other state general fund needs.

Being as dependent as we are on the state for resources to care for the roads, we haven't hesitated to make our voices heard in Lansing. We must, because otherwise our only choice is to cut staff and program. And that means roads disintegrate faster.

Richard V. Vogt

Richard V. Vogt
Chairman

Forecast For 1983-'85 Is: More Cuts Likely

Continued from page 1

strict subdivision street improvements. (Long-standing policy of the Road Commission has been to contribute 10 percent of project costs, when property owners have been

willing to assess themselves for street paving and resurfacing.)

• Encourage townships to pass special millages or develop any means to finance road improvement programs. (This recommendation is in addition to continuing the policy adopted in 1981 of requiring townships to pay 100 percent of costs of

'local' road improvements. Prior to 1982, the Road Commission paid up to 50 percent, the limit allowed by state law.)

The Plan also recommends adherence to policies instituted as advised by previous Three-Year Financial Plans, including 100 percent recovery of costs for services such as

dust-control road chloriding, permits, inspections and etc.

Also, the 1983-85 Plan repeats the recommendation made last year to sell the Road Commission's administration building and to return administration functions to the Paul Van Roekel Service Center at Pontiac.

Three-Year Plan Reflects Revenue/Cost Pinch

"In our 1983-85 Financial Plan we face the fact that we're forced to give up hope of sustaining the 1979 level of services, or even the 1982 level in all areas," said John L. Grubba, Managing Director of the Oakland County Road Commission.

"By 1985 revenues are projected to be about half what would be needed for the 1979 level of services and too little for even the 1982 level," he said.

"The recommended plan for 1983-85 would hold the 1982 line in road maintenance and traffic-safety through 1984, but anticipates even that may be impossible beginning in 1985," said Grubba. He added:

"State-collected gas and weight tax revenue, our largest single source, is expected to decline to \$17 million in 1985, compared to \$18 million in 1982 and \$21.2 million in 1979."

"Other state and federal revenue is projected to be relatively stable through 1985, although federal aid might be greater than projected if other agencies in Oakland County can come up with necessary matching funds. Lack of sufficient gas and weight tax revenue is expected to prevent the Road Commission from providing the necessary match for all federal aid that is available."

"Local revenues are projected to decline, from \$3.7 million in 1982 to \$2.1 million in 1985. This, too, is largely because the Road Commission is not expected to have the funds to provide any matching amounts for locally-desired projects."

"Fees and other revenues ranging from \$1.8 million in 1983 to \$3 mil-

lion in 1984 and \$2 million in 1985 are projected, including 100 percent reimbursement of costs and anticipated sale of property.

"Overall, revenues are projected to decrease from \$31.6 million in 1982 to \$28.9 million in 1985.

"Gas and weight tax revenue is the only substantial amount of income available for basic operations. The Road Commission does not levy taxes for operations and other state, federal and local contributions are for specifically earmarked purposes.

"And, basic operations are becoming more costly. Despite \$819,105 of payroll cuts for 1983

compared to 1982, operating department costs in 1983 are projected to be \$22,621 'greater' than in 1982, at \$19,107,366 compared to \$19,084,745," he said. "This reflects a projected eight percent annual inflation rate in non-payroll costs.

"Also becoming more and more costly are fixed costs of overhead, such as utilities and fringe benefits. Electricity, heat, telephone and water costs are projected to be up \$88,390 in 1983, another \$21,219 in 1984 and an additional \$58,451 in 1985. Such increases are expected despite sale of the Road Commission's administration building in

1984, which is recommended to provide funds for essential equipment replacement.

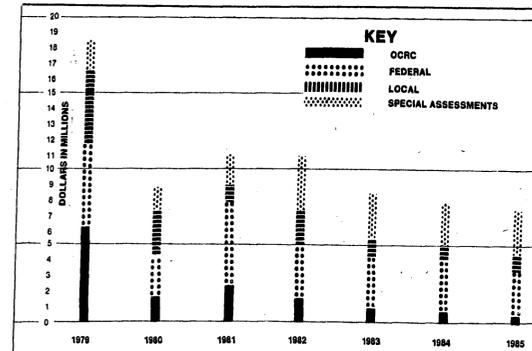

"Hospitalization insurance is projected to be up \$57,134 in 1983 even though it will be needed for 23 fewer people; another \$121,816 in 1984 despite an additional six staff cuts; and up another \$108,220 despite 22 more staff cuts. Blue Cross coverage costs are expected to increase from \$1,049,830 in 1982 to \$1,337,000, or 27.4 percent, in 1985.

"The public's expectation to recover damage costs from public agencies is also pushing up our expenses.

Our cost of liability insurance and other provisions for self-insurance are expected to be up \$86,115 in 1983, another \$189,500 in 1984 and an additional \$104,000 in 1985 — although still not as high as they would be if we hadn't gone to a self-insurance program in 1978," said Grubba.

"In fact, beginning in 1983 we expect to be forced to devote more of our gas and weight tax money annually for insurance, self-insurance and associated costs than for construction: \$1,194,000 compared to \$810,000 for construction in 1983; \$1,383,500 compared to \$787,500 in 1984; and \$1,487,500 compared to \$557,000 in 1985," he said.

Grubba summed up, "With revenues continuing to decline and inflation (even at lower rates than in recent years) continuing to force up costs, the Road Commission will be forced to cut programs in order to provide balanced budgets as required by state statute."

CONSTRUCTION FUNDING - As the Road Commission's ability to provide "matching" funds dwindles, so does federal aid and local unit contributions. Because of increasing property owner interest in subdivision street improvements by specially assessing, total amount may be little affected although the Road Commission will probably have to discontinue providing its customary 10 percent "match."

Street Paving Match Will No Longer Be Possible

Prospects are that the Road Commission's construction program will be less and less each year through 1985, as it has been since 1979.

Funding will be in such short supply that it will be necessary to discontinue the long-standing policy of contributing 10 percent to subdivision street pavings. That may discourage property owners and local units of government, who up until now have had to pay only 90 percent.

In 1982, the Road Commission has \$5,788,000 for construction contracts. That is projected to dip to \$4,455,000 in 1983; to \$4,424,000 in 1984; and to \$3,850,000 in 1985.

The majority of construction funding projected is federal aid: \$3,303,000 in 1983; \$3,195,000 in

1984; and \$3,322,000 in 1985. Gas and weight taxes available for construction are projected to be \$810,000 in 1983; \$787,500 in 1984; and \$557,000 in 1985. That compares to \$1.4 million in 1982 and \$6.2 million in 1979.

Actually, in 1983-85 the county, townships and cities are projected to be contributing more to our construction program than gas and weight revenues: \$1,025,000 in 1983; \$987,500 in 1984; and \$512,000 in 1985.

Beginning in 1982, the Road Commission requires 100 percent contributions for non-subdivision local road construction projects other than those paid for by a Tri-Party Program.

That Tri-Party Program requires

one-third of costs from townships and one-third from the Road Commission to match one-third contributed by the elected Board of Oakland County Commissioners.

The Road Commission's Three-Year Plan for construction-forecasts \$750,000 from all three sources for Tri-Party Program work in 1983 and again in 1984, but doesn't project continuation in 1985.

Other than Tri-Party Program projects, which are typically many but relatively limited in scope, the Three-Year Plan forecasts only the following projects will actually see construction beginning in 1983 through 1985, all federally aided:

- 1983 - New bridge on Long Lake Road west of Coolidge in Troy.
- 1983 - Widening of Orchard Lake

Road to five lanes between Maple and Will-O-Way in West Bloomfield Township.

- 1984-1985 - Reconstruct to four lanes divided Big Beaver Road from east of Livernois to west of Dequindre in Troy.

- 1984 - Add fifth lane on Orchard Lake at the intersection of Middlebelt in West Bloomfield Township and the City of Sylvan Lake.

- 1985 - New bridge on Ten Mile Road west of Beach in Southfield.

Programming projected for the three years includes engineering and right of way acquisition for these projects. It also includes preliminary design work for widening Orchard Lake Road to five lanes between Grand River and I-696, for which construction is tentatively expected after 1985.

BARGAINERS SIGN — After hammering out and gaining ratification of a new contract, members of the negotiating teams sign the document. Seated, from left, are Local 92 President Dean Mersino, AFSCME Council 25 Representative Billy J. Burling, OCRC Assistant Managing Director James Briney, and Personnel Director Lee Rogers. Standing, from left, are Local 92 Vice President Larry Brill, Local 92 Committeemen Harry Hale and Harold Webber, OCRC Traffic-Safety Director Gerald Holmberg, OCRC Maintenance Director James Dunleavy, Local 92 Recording Secretary Ray Stutzman and Chief Steward Larry Watson.

OCRC Hourly Employees Accept Cost-Saving Wage/Benefit Freeze

Hourly employees represented by Local 92, AFSCME, accepted in July 1982 a one-year wage and fringe benefit freeze through June 1983 in a new contract with the Road Commission.

Thus sacrificing ability to keep up with inflation's impact on their personal lifestyles, the 266 employees in the Local assisted in the effort to continue important public services.

"This is certainly good news for the citizens of Oakland County," said Richard V. Vogt, Chairman of the Board of Road Commissioners.

Noting that wage increases provided in prior contracts were less than the rates of inflation, also, he said, "We hope by next year we'll be able to make some monetary improvements, assuming the Legislature does. It's no fun living with a freeze."

The new Local 92 contract is expected to set the pattern for settlements with other union groups at the Road Commission. All non-union employees' pay and fringe benefits are currently frozen at 1981 levels.

A stipulation in the Local 92 agreement provides that if rates of pay or fringe benefits are increased for any other OCRC employees during the contract term, an equivalent increase shall be granted to the hourly employees.

"Unless the State Legislature restores road-support taxes to at least 1979 service levels, we doubt if we'll have the ability to give any raises," said Vogt.

"At the current pace of revenue declines, we're more likely to be needing even greater sacrifices from employees in the form of pay and fringe benefit cuts," he said.

"That would be unfortunate, for both the employees and the public we serve," said Vogt. "We have always tried to offer wages that are

competitive in the Detroit metropolitan labor market, so that we can attract and keep quality people. The work required, often under very hazardous traffic conditions, deserves no less."

Four Banks Help Ridesharing

Four banks in Oakland County have joined the effort to help people save gasoline and reduce traffic congestion by carpooling.

Community National Bank of Pontiac, Pontiac State Bank, Liberty State Bank and First Federal Savings of Oakland distributed 100,000 brochures to their customers.

The brochures explain the increasingly popular practice of

ridesharing and how commuters can take part.

Banks are cooperating with the Oakland County Road Commission's "Share A Ride and Save" campaign, which is funded by a grant from the Michigan Energy Administration.

Thus far, the Road Commission has helped 132 employers, including K-Mart Corporation World Headquarters in Troy, set up viable pro-

Roads Cost Two Ways

Bad Roads Increase Auto Repairs

Bad roads cost \$204 per driver per year in wasted fuel, excessive tire wear and extra repairs.

That's the national average, according to studies conducted for The Road Information Program (TRIP) that used scientific road tests and data supplied by government agencies.

Of the \$204 cost, \$157.08 was wasted fuel due to loss of traction on uneven road surfaces and uneven power flow through the drive train caused by excessive vibration. An additional fuel waste, not studied and therefore not in the calculations, also occurs due to slowing and accelerating to negotiate particularly bad sections of road.

Fifteen percent of the cost is excessive tire wear as vehicles operate

over rough, rutted pavement.

Repairs account for eight percent and include damaged brake, steering and suspension systems.

...

Road-support taxes cost \$145.38 per driver per year in Michigan.

That includes the four-cents-per-gallon federal tax and the 11-cents-per-gallon state tax on fuel at the pump, and Michigan's vehicle registration fee for automobiles that averages \$26 per vehicle.

Also used is the national average of 10,300 miles of vehicle travel per year per automobile, the national average of 14.38 miles per gallon for all passenger vehicles, and the ratio of licensed drivers to registered vehicles.

Chloride Dust Control Is Available

The Oakland County Road Commission provides road dust control service by contract with township or with property owners sharing a minimum of 1,000 lineal feet per order.

Calcium chloride is applied. The roadway is graded in concert with chloriding. Only public roads are eligible.

Orders received prior to May qualify for four applications during the season. Orders received between May 1 and June 1 qualify for three applications.

Some townships contract with the Road Commission for township-wide application.

Individuals wishing to order or to obtain information should contact the Road Commission's Department of Citizen Services, at 2420 Pontiac Lake Road, Pontiac, or by telephone 858-4803 or 4805.

Individual orders must be for a minimum of 1,000 lineal feet of roadway. The rate of application is 1,000 gallons per mile to a width of 16 to 20 feet.

In 1982, the charge for four applications township-wide service was 25 cents per lineal foot (\$250 per 1,000 lineal feet) and for individual was 30 cents per lineal foot (\$300 per 1,000 feet). Some townships contribute to the cost of individual orders as determined by township officials.

The Road Commission's Department of Citizen Services will provide any information it has about participation by townships, but doesn't always know particulars of township plans, policies or procedures.

Calcium chloride is not effective if oil has been used for dust control the previous year and is not available from the Road Commission for such roadways until a season without oiling has elapsed.

Other details of the program are also available from Department of Citizen Services.

A new beginning...

Once upon a time, there was the Western Six Conference, the Inter-Lakes Conference and the Suburban Eight Conference.

Each conference was merrily going along its way until economic hard times necessitated some changes. Two of these conferences no longer exist, while the other has been reduced to a mere six squads. Both the Western Six and Inter-Lakes have disbanded, in a sense, and the Suburban Eight is now the Suburban Six.

JEROME

VIKINGS 1981 finish: third place, 2-7 — Front row: (from left) Dave Belean, Bill Marohn, Marlin Kilmer, Regan Goins, Jerry Makkonen, Doug Barron, Bob Mourad, Scott Adams, Jeff Adams, Jim Ziola. Second row: Curt Calhoun, Dave Chwalibog, Dale Bukoski, Dan Gilbert, Frank Willetts, Doug Scott, Bill Erdman, Mike VanSicklen, Scott Gallagher, Dean Nessen. Third row: Dave Lobert, Jim Comiskey, Mike Arnold, Tom

Kaufman, Tom Menard, Tim Ginster, Jeff Henry, Kurt Couture, Darin Mickel, Ron Knoppe, Bob Lewis. Fourth row: Head Coach John VanSicklen, Jim Allen, Wayne Dean, James Shingley, Steve Thibert, Jim Kreutzer, Jason McDole, Greg Pryjowski, Kevin Wheeler, Scott Patrick, Assistant Coach Chuck McKinnon, Assistant Coach Steve Groth.

Runners, defense talented for Vikings

The entire offensive backfield is back. The offensive line boasts a bevy of 200-pound behemoths. Eight starters return to the defensive unit. And one of his players is being recruited by virtually every Big Ten school as well as Notre Dame.

So why is John VanSicklen being so careful about assessing the prospects for the 1982 season.

"All the elements are there," admits the Walled Lake Central coach, "but we don't have a lot of depth and our schedule is loaded with teams like North Farmington, Plymouth Salem, Livonia Bentley and Farmington Harrison (the defending Class B state champs).

"There isn't a breather from start to bottom. If we stay healthy, we could have a pretty decent season. But I'm not going to make any predictions when we have the kind of schedule we do."

Despite the lack of depth and rugged schedule, VanSicklen and the Vikings have a lot of reasons for optimism this year.

Not the least of them is the fact that last year's starting backfield returns intact from quarterback Tom Menard (5-1, 170) to tailback Tom Kaufman (5-8, 160) to fullback Tim Ginster (5-10, 170) to halfback Dave Lobert (5-11, 175).

Making the situation even more envious is the fact that VanSicklen has

GALLOWAY

Dave Lobert will do more running than sitting

'All the elements are there, but we don't have a lot of depth and our schedule is loaded...'

VanSicklen cautious on chances

some talented back-up material at quarterback in Dean Nessen, a 5-10, 155-pound sophomore, and Dave Chwalibog, a 5-10, 160-pound junior who was slated for the starting job at Orchard Lake St. Mary before transferring to Central this year.

"That's a heckuva backfield," admits VanSicklen, a former all-state guard at Walled Lake before moving on to win All-American honors at Iowa State. "We don't have the one big superstar, but man-for-man we have as good a backfield as anyone around."

"Kaufman was all-conference last year, and Ginster and Lobert are just as good. Menard is a super quarterback who can run and throw, and he's being pushed by Nessen and Chwalibog."

With Menard at the helm, the Vikings will be throwing more this year. And VanSicklen believes he has a pair of super receivers in Steve Thibert (6-5, 210) and Kevin Wheeler (6-2, 200).

Thibert has been switched to end this year to take advantage of his height and 4.8 speed in the 40 after earning all-conference honors at tackle as a junior. Michigan, Michigan State, Notre Dame and virtually every other Big Ten school are attempting to recruit the Viking standout.

Wheeler will start at the other end, making it difficult if not fatal for opponents to try to put double coverage on Thibert.

The Vikings also have size and experience across the offensive front. Jim Kreutzer (6-2, 210), a junior, returns to his starting job at center, while the guard slots will be handled by two more returning starters — Jim Comiskey (6-0, 210)

Central will be on the move with a strong backfield

FECHT

and Mike Arnold (5-11, 190). Comiskey and Arnold are co-captains of the 1982 squad along with Thibert and Ginster.

Jason McDole (6-0, 200) is a returning starter at tackle, while the other tackle slot will be handled by Kurt Couture (5-11, 175), a returning letter-winner. Right behind McDole and Couture are a pair of big sophomores: Greg Pryjowski (6-2, 205) and Doug Scott (6-1, 200).

Defensively, the Vikings are just as well off as eight starters return from the 1981 squad which went 2-7. Thibert and Wheeler at 6-5 and 6-2 will be formidable defensive ends, while Kreutzer and McDole give Central a pair of 200-pound tackles. Arnold anchors the line at nose

guard. The linebacking corps also is strong with Ginster and Comiskey returning to starting jobs. And the defensive secondary is set with Dan Gilbert and Kaufman returning at the corners, Nessen or Chwalibog at strong safety and Menard at weak safety.

"Defensively, we'll be as strong as we are offensively," says VanSicklen, who serves as defensive coordinator as well

as head coach. "We've got size, speed and experience."

"In fact, things are looking awfully good both offensively and defensively," continues the Viking mentor. "We've got some strong running backs, Menard is a super quarterback and I can hardly wait to see the defenses react when we send Thibert and Wheeler out as receivers."

"If we stay healthy, we can be a force to be reckoned with."

DON'T MISS THE ACTION!
because of "SHOOTING PAINS!"

If you're a victim of sciatica, you know what "shooting pains" are all about. The sometimes excruciating pain of sciatica frequently affects the hip, thigh and back of the leg. The ankle and foot are sometimes affected, too. But that's not where the problem is.

The sciatic nerve, the largest nerve in the body, extends from the lower spine to the back of the thigh and knee. Then it divides. One nerve goes down the front of the lower leg, and the other goes down the back of the leg.

It's the inflammation of the sciatic nerve that causes the pain. This can be triggered by an irritated nerve root. What causes the irritation? The cause may be traced to a misalignment of the spinal column that's putting abnormal pressure on the roots of the sciatic nerves as they pass between the vertebrae.

Through x-rays and other procedures, the doctor of chiropractic can locate the misaligned vertebrae. Using a gentle adjustment, he can align it properly again to help eliminate the cause and the pain.

Fifth row: Andy Rourke, Steve Herbert, Mark Bradley, Alfred Hamilton, Tim Marzorati, Scott Hollister, Scot Gidley, Dennis Flowers, Bill Grismer, Brian Bowman, Rich Boulton and Ron Baker. Sixth row: Mike Cohe, Sam Hogan, Paul Turner, Ty Trudeau, Chris Canning, Ted Bogdanski, Bill Blair, Jim Mirocha, Dan Nali, Joe Adams and Denny Atwell. Seventh row: coach George Evans, coach Mike Moriarty, Wayne Flatley, Rick Skalo, Jerry May, Curt Daugherty, Mike Camerella, Kevin Breen, Dave Holland, coach Keith Trumbull, coach Tom Coccimiglio. Eighth row: coach Ed Kemp, head coach Chuck Apap, coach Dick Watson and coach Ron Fuson.

When it comes to assessing the outlook for the 1982 edition of the Walled Lake Western football team, Chuck Apap is reserving comment.

"It all depends on how well our offensive line progresses," says the Warrior mentor. "We lost our entire offensive line from last year to graduation and now we're starting over from tackle to tackle with juniors up from the jayvees.

"The size, speed and strength are there, but the difference between line play on the jayvee and varsity levels is like night and day. The outcome of our season depends on how well the line comes along."

Linemen determine success

Warriors' backfield loaded

FECHT

Paul Imms (41) will be the workhorse in a talented backfield

The line is particularly important to the Warriors this year because Apap believes in running the ball, and he's got a wealth of talented running backs this year.

The strength of the team will be Paul Imms, a 6-3, 220-pound senior who earned all-league honors while rushing for 960 yards last year as a junior. Apap says Imms is already being recruited by numerous Big Ten schools, including Michigan, Michigan State and Ohio State, and has the potential to be as good as any back he's ever coached.

Backing up Imms in the rushing department are five more backs who rate high in Apap's book. Dave Meyer (5-9, 170), Dave Perry (5-10, 193) and Dave Millitello (5-4, 133) could all be starters in "an ordinary year," comments Apap, who also has Rob Adams (5-10, 155) and Greg Paulus (5-10, 170) up from last year's jayvee team where they lugged the ball with considerable success.

A second strong suit will be quarterback where Rick Hunter (5-9, 170) returns to a starting position. Apap calls Hunter an outstanding runner whose passing has improved greatly.

Backing up Hunter at quarterback will be Mickey Folsom, a 5-7, 160 pound junior who would be a capable starter if Hunter were not around.

The Warriors also boast some fine receivers in tight end Aldo Buttazoni (6-3, 190) and flanker Chris Tasse (5-8, 135). Buttazoni has the speed to be a hurdler on the Warrior track team, while Tasse possesses "tremendous hands," according to Apap.

"We're strong and experienced at the skill positions, and we're definitely going to be passing the ball more this year," claims the veteran Warrior mentor. "But our success really hinges on how well our line develops.

"You can have the greatest backfield in the world and not go anywhere if you don't have someone to block for them."

And even though Apap says the offensive line is the team's biggest question mark, he also admits that there's reason for optimism.

In the first place, Apap says this year's line will be the biggest he has ever had at Western, and, the six junior starters played together as a unit last year on the jayvee squad which went undefeated against Western Six rivals.

Matt Turner (5-9, 161) is slated for the starting nod at center, while Chris

Thompson (6-0, 210) and Matt King (5-7, 170) will be the guards. Rob Wendland (6-2, 200) and Randy Davis (6-2, 205) are set at the tackle slots. The tight end opposite Buttazoni will be either Chris Knapp (6-2, 170) or Mark Croll (6-3, 220). Croll and Buttazoni are the only seniors along the offensive front.

Defensively, Apap believes the Warriors will be strong despite the fact only three starters return from the 1981 squad.

The "crazy men" (nose guards) in Apap's 6-2-3 defensive alignment will be Matt King, a 5-7, 170 pound junior who started for the varsity last year, and either Mark Johnson (5-9, 150) or Brian Duskey (5-7, 180). Three 200-pounders — Chris Thompson, Randy Davis and Rob Wendland — are available to handle defensive tackle, while the ends will be Mark Croll (6-3, 220) and Frank Garback, a 5-10, 150-pounder who plays like he's 6-8, 250, according to Apap.

Todd Coulter (6-0, 170) returns to one of the linebacking slots, while Rob Adams (5-10, 155) is scheduled for the other. And in the secondary the Warriors will have Hunter, Meyer and Folsom.

Mark Burroughs will handle place-kicking chores, while Mark Johnson will be the punter and Imms will be responsible for kick-offs.

"We've got talented, experienced players at the skill positions," says Apap, "and we could have a real good season. But it really goes back to the offensive line.

"We get a break because our first four games are against non-league opponents and that will give our young

linemen an opportunity to get used to playing on the varsity level.

"How well are we going to do this year?" asks the Warrior coach. "Ask me after the fourth game when I've had a chance to see how our junior line adjusts to varsity competition."

If they make the adjustment — and Apap believes there's a good possibility they will — Paul Imms, Rick Hunter and the rest of the Warriors just might run wild this year.

NORTHVILLE MUSTANGS

MYERS

MUSTANGS (1981 finish: third place, 4-5) — Front row: (from left) Kevin Hite, Andy Dimitroff and Randy Kratt. Second row: John Bringstool, Mike Wissman, John McGowan, Jim Thomson, Ron Winters, Bill Kinnard, Ron Housman, Todd Deal, Tom Yanoschik and Matt Meyer. Third row: Greg Wendell, Steve Crawford, Brian Jennings, Tom Homrich, Steve O'Hare, Jim Phillips, Roger Holcomb, Paul Caroselli, Napoleon Morfe and Dan Nielsen. Fourth row: Tim Horling, Steve Smith, Conrad Minster, Dave Longridge, Mike Weber, Dave Wilson, Ernie Bock, Mike Sylvestre and Ed Bowman. Fifth row: Dave Bach, Larry Saccullo, Brian Burgett, Steve Schrader, John Klockenga, John Quinn, Tim Jackson and Tom Millen. Sixth row: Jeff Harp, Kevin Alexander, Jeff Bainbridge, Tim Millen, Mark Deal, Phil Pendleton, Jeff Stewart, Steve

Holloway, Tom Broderick and John Storm. Seventh row: Jeff Burghard, Don Norton, Kyle Boring, Greg Barker, Robert Burghard, Jordan Beltz, Marty Broderick, Dino Candella, Vito Caruso and Andy Robson. Eighth row: Harold York, Brett Zoroya, Rick Vanburen, Ken Rosselot, Dave Denhoff, Brian Goehman, Doug Hartman, Dave Hall, Brett Netkie and Mike Kuckenbecker. Ninth row: Gary Harper, Keith Dutkiewicz, Paul Newitt, Adam Morris, Kirk Morrison, Tim Haggerty, Brett Belleston, Dan Boland, Mike Todd, Crew Pardes and Mike Nielsen. Tenth row: Dan Murray, coach Jeff Weber, coach Omar Harrison, coach Darrel Schumacher, coach Steve McDonald, head coach Dennis Colligan and coach John Horwath.

Young Mustangs ready

Steve Schrader (87) will play end and tackle

Forget the fact the Northville football team will field a young and inexperienced team.

Forget the fact the Mustangs have only six of 22 starters returning to both the offensive and defensive teams.

Forget the fact Northville will be competing in a much stronger Western Lakes Conference this season.

The Mustangs still will be competitive. Just ask Mustang head coach Dennis Colligan. The fourth-year mentor is anxiously awaiting the start of the 1982 campaign in spite of these cold, hard facts.

"I'm not ashamed to put our kids on the field. We're going to hurt some people and we're going to beat some people," Colligan says.

"We're so questionable as for me to tell you how well we're going to do, but I'm getting more confident everyday about this team and their work as a unit," he adds. "We have more determination...more enthusiasm."

Part of the reason for the better determination and enthusiasm is that there are so many starting positions open. Therefore, three to four players are battling each other to gain the starting berth.

With this in mind, it might come as a surprise to hear Colligan note the offensive line is probably the strongest area of the team, for now.

"Potentially, it could be the best looking offensive in four years. They should develop into a fine offensive line. We're

deep, quick and big," he says. "But, there are a couple of question marks."

One of those question marks is the center position where currently sophomore Greg Wendell, 6-foot-2, 200-pounds, has the inside track to the starting slot.

However, Wendell is being pressed by junior Tom Homrick, 5-10, 210-pounds, and first-year senior Dave Bach, 6-2, 195-pounds.

One of the keys to the success of the line, Colligan notes, rests with tackles Steve Schrader and Randy Kratt. "We expect a lot out of the tackles. We hope to get a lot out of them. Both are big, strong and quick," he says.

The 6-3, 205 senior Kratt was a starter

Offensive linemen strength of squad

last season, and is one of this year's tri-captains. A 6-8, 210 junior, Schrader is making a switch from tight end, where he was a starter last year, to tackle this season.

Four players are fighting for the two guard slots with senior Ron Winters, 5-11, 185-pounds, and junior Matt Meyer, 6-1, 170 pounds, the leading candidates.

Junior Mike Weber, 6-4, 185-pounds, is mostly likely to be the starting tight end despite being hampered by a hamstring injury early in practice. "He's got exceptional hands and does an adequate job blocking," Colligan notes. Sophomore John Bringstool, 6-1, 195-pounds, will press Weber for the top spot.

Currently, seniors John McGowan and Jim Thomson are the leading candidates for the starting wide receiver slots, but close behind are juniors Brian Jennings and Ernie Bock.

Only one player in the entire backfield

returns with any kind of starting experience — tailback Andy Dimitroff. The 5-10, 180-pound senior tri-captain only played in two games last year because of a knee injury he suffered in the squad's third game. At the time, he had carried the ball 18 times for 180 yards and three touchdowns.

"We hope we can get him the ball, block for him and go," Colligan says. "I expect big things from him. He's a key to us."

Junior John Quinn, who rushed for over 1,000 yards on the junior varsity team, has the unenviable task of playing back up. First-year junior Steve Smith adds depth to the position.

Senior Ray McDonough, who saw limited action in the backfield last year, and junior Todd Deal are battling for the starting fullback slot.

Another strong battle is going on at quarterback where senior Tom

Yanoschik and junior Dave Longridge are locked in a heated battle.

"Yanoschik is a good team leader, good play-action quarterback and he fakes well. Longridge is a slick ball handler. He's good with the fake and play-action and has a nice touch on the ball," Colligan assesses.

"I feel pretty good about the offense as inexperienced as it is," Colligan says. "It's ahead of the defense."

Ah yes, the defense. Too many times last season the Mustang defense allowed the big or long yardage play to its opponents. It cost them some wins, and Colligan knows this.

"That's one of our goals for this year. We're not going to let ourselves get hurt with the long plays," he explains. "That's a team goal...to stop the long plays. That's a must."

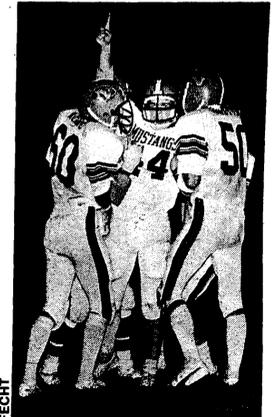

The defensive secondary is largely responsible for stopping the big play. But, the Mustangs have only two experienced players returning to try to cut down on the nine touchdowns over 40 yards allowed.

Seniors Kevin Hite, a tri-captain, and McDonough are the returnees, while no less than eight players are battling for the remaining two slots.

The linebacking corps will be headed by Dimitroff. Deal and Bock have the inside track to the other starting slot.

Along the defensive line junior Tim Jackson and O'Hare are battling for the nose guard slot, while Kratt, Winters and Housman are locked in a battle for the defensive tackle slots.

Schrader and Weber have the inside tracks to the starting defensive end positions.

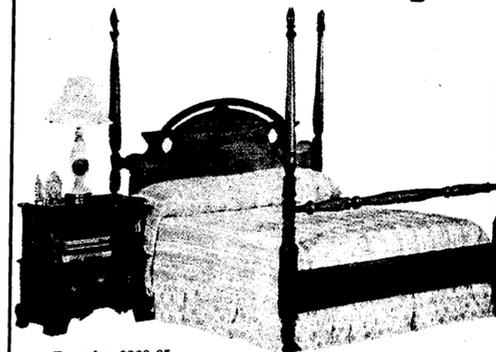

Andy Dimitroff (center) hopes to repeat many happy scenes

With such youth and inexperience dominating the squad, Colligan realizes his team will not be considered a contender for the Western Lakes title. But, opponents better beware nonetheless.

"Sometimes they (bigger schools) take the little school for granted," Colligan adds. "If they take us for granted, we'll sting 'em."

WESTERN LAKES

continued from cover

So where have these teams gone? Well, add it all together and one gets the new Western Lakes Conference which is ready to begin its initial season of gridiron action this fall. And while this may be a new endeavor, the 10 teams which comprise the new league really are not really total strangers to one another.

The five teams which comprise the Western Division are the same teams which used to knock heads in the old Western Six Conference.

Class B champion Farmington Harrison, Livonia Churchill, Northville, Walled Lake Western and Plymouth Canton will once again battle for supremacy in the Western Division.

Of the five squads which compose the Lakes Division, three used to compete in the now defunct Inter-Lakes Conference, while the other two battled in the Suburban Eight Conference.

Walled Lake Central, Farmington and champion Livonia Stevenson battled in the old Inter-Lakes Conference, while Plymouth Salem and Livonia Bentley played in the Suburban Eight.

Most of the coaches like the new league, but some express some reservations.

"That league is going to be competitive," Northville's Dennis Colligan says.

"I think it's going to be a good league," Salem's Tom Moshimer adds.

However, Harrison's John Herrington and Churchill's Ken Kaestner are approaching the league with caution.

"I'm kind of taking a wait and see attitude," Herrington explained. "But, it should be a lot of fun."

"I have mixed emotions over the long haul, but it's going to be excellent football," Kaestner said.

With two five-team divisions, the eighth week of the season has been designated the playoff night. Each team will play its divisional opponent once, and have one cross-division contest, during weeks three through seven to determine who will play whom on position night.

The two divisional champions will meet the eighth week to determine the Western Lakes champ.

Meanwhile, the rest of the teams will play each other according to position. An example is the two second place teams will play each other, the third place squads battle each other and so on down the line.

However, if the two second place teams have met before, then they instead will play the third place teams. This holds true for the remaining squads. Only the divisional champions cannot switch opponents, regardless if they have met before.

Here now is a brief rundown on each division:

WESTERN DIVISION

The coaches here are calling this one of the most wide-open races in a long time. The reason — heavy graduation losses by most clubs.

However, Harrison still is being considered the prime candidate to win the divisional crown despite only one returning starter of a possible 22.

All State kicker Dave Blackmere is the lone starter from a team which won the Class B title with an 11-1 mark, but Herrington believes he has enough talent returning to have another good season.

"I told them (last year's reserves) that they practiced against one of the best teams in the state to show what they

Dave Meyer (24) is part of a loaded backfield at Western

BOYD

'I place Harrison in the role of the favorite, and the rest will scramble for positions. I say that out of great respect for John because if you don't beat John Herrington, you don't win the division'

— Ken Kaestner

could do," says Herrington, whose team is back in Class A.

Blackmere will be playing linebacker and upback in addition to his kicking duties. Other key players on offense include senior quarterback Ken Kish and sophomore running back John Miller.

The Hawks are a little unsettled defensively, according to Herrington, but seniors Tim Smielski and Tim Barsach are expected to play key roles.

Churchill, which was W-Six runner up to Harrison, also has been hit hard by graduation. Only two starters return to a team which was 4-5 overall and 3-1 in the league.

Tight end Steve O'Hare and defensive tackle Gerald Madden return for Kaestner. Other key players include offensive tackle Tim Luch, fullback Bob Foust and middle guard Dave Minz.

"I place Harrison in the role of the favorite, and the rest will scramble for positions," Kaestner said. "I say that out of great respect for John because if you don't beat John Herrington, you don't win the division."

Northville is another team hit hard by graduation as only six starters return to a team which finished 4-5 overall and 2-2 in the league.

On offense, tackles Randy Kratt and Steve Schrader and tailback Andy Dimitroff return. Schrader is switching from tight end to tackle, while Dimitroff is coming back from a knee injury which sidelined him after the third week of the season.

Defensively, the Mustangs return cornerbacks Ray McDonough and Kevin Hite, along with Kratt. Dimitroff also saw action at linebacker before the injury.

Western lost its entire offensive line to graduation, so coach Chuck Apap is hoping his new line will mature quick enough to open some holes for a talented backfield.

The prime running back is senior Paul Imms who just missed a 1,000-yard season by 40 yards. Also ranking high in the backfield are Dave Meyer, Dave Perry and Dave Millitello.

Even though only three starters return to the defense, Apap thinks he has a strong unit. Returning are linebacker Todd Coulter, Rick Hunter, who also will play quarterback, and Meyer.

Plymouth Canton returns at least 10 players who started at one time or another for a squad which finished at 2-7 overall.

Coach Rich Barr believes he has one of the best groups of players he has had in three years at the helm.

Key returnees on offense include quarterback Pat Murphy and running back Chuck Davis, while the entire defensive secondary of Murphy, Davis, Ron Rienas and Matt Santilli return.

LAKES DIVISION

The feeling among coaches here is that Salem and Stevenson will be battling for the top spot. But, they add, be wary of Bentley, Farmington and Central who all can play a spoiler role.

Probably the most experienced team in the division is Salem as it returns a senior-dominated team, who last year as juniors won three of their final four games to finish 6-3.

The entire offensive line returns for coach Tom Moshimer. Standouts include center Keith Urban, tackle Dave Salvin, tight end David Houle and guard Mike

Moshimer.

Because of the depth of the squad, Moshimer plans to alternate as many players as possible for defense duty. An example, he says, is Scott Jurek will spell either Houle and Urban at defensive end to let one concentrate on offense.

Inter-Lakes champ Stevenson only has four starters returning to a squad which finished 6-3 overall. Coach Jack Reardon notes many battles are continuing for starting assignments.

The returning starters on offense include quarterback Pate Rose and split end Dan McGinlay, while halfbacks Karl Hill and Tom Hamill anchor the defense.

Coach John VanSicklen Central team has all of the elements to turn around last season's 2-7 overall record. The entire backfield returns, along with eight defensive starters, and the offensive line boasts a couple of 200-pound giants.

However, lack of depth and a killer schedule could mean another long season for the Vikings. Still, quarterback Tom Menard, running backs Tim Ginster, Tom Kaufman and Dave Lobert, along with receivers Steve Thibert and Kevin Wheeler, provide some hope offensively.

Bentley coach Steve Naumcheff hopes to be turning the corner with his Bulldog gridders.

Bentley finished at 2-7 last year, but Naumcheff notes losses like the 13-12 heartbreaker to Livonia Franklin last year were commonplace. Thus, the Bulldogs' record could have been better.

Tight end Keith Percin and linebacker Steve Sapienza top the list of 13 returning lettermen. Junior quarterback Steve Gregor, center Tom Watts and fullback Erik Tower are expected to contribute heavily.

Changing losing attitudes at Farmington is one of the main goals of first-year coach Rich Roy. The Falcons were winless in nine contests last season, and Roy says the squad has won only three contests in the past few years.

Some of the top returnees for Farmington include tackles Pete Brown and Tim Parler, tailback Jeff O'Malley, quarterback Paul Wenon and linebacker John Calpison.

Wednesday, September 8, 1982

KENSINGTON VALLEY

While most observers thought South Lyon would claim still another Kensington Valley Conference football championship last year, Novi rattled the preseason favorite early and went on to claim its first title.

So, can Novi repeat its feat of one year ago, or will South Lyon climb back on top of its perch. Everyone will find out soon enough when the pair collide the third week of the season. But, don't forget Milford Lakeland, Hartland and Howell, all of whom believe they will be right up there battling Novi and South Lyon for the title.

Here is a rundown of the Howell, Hartland, Brighton and Pinckney grid squads:

HOWELL

The jury is still out on the Howell High football team, but Coach John Dukes knew for sure that come fall his defense simply would not be allowed to rest its case.

With six returning defensive starters and an unproven offense, Dukes did not spend a great deal of time deciding which side his bread was buttered on.

"The key will have to be our defense," says Dukes.

The most honored of the defensive returners is Brian Frazzini, a 175-pound quicksilver defensive end who earned all-KVC honors as a junior last season and will see action at running back.

The linebacking crew will be a veteran bunch with seniors Mike Bunce, Ian Whittaker and Brian Freydl in the fold. The secondary is anchored by Mike Porter and Roberto Ramirez. The interior line is anchored by 255-pound Kerry Sigetti and 205-pound Jeff Sundberg.

The Highlander offense has as many question marks as it has players in the early going. The first task for Dukes this fall was finding a quarterback to replace the graduated Daryl Trierweiler. His first choice for the job is Bunce.

HARTLAND

Hartland coach Joe Irvin isn't saying much about his 1982 varsity football team, he doesn't have to. The smile on his face says it all.

Last year's Eagle team finished with a 6-3 record and was third in the Kensington Valley Conference with a 4-2 record.

Other than a loss to South Lyon, where the Eagle defense yielded 38 points, Hartland gave up an average of only eight points per game. The offense tallied 114 points on the year. All of this has Irvin smiling.

From that squad, Irvin has 12 letterwinners returning including last year's quarterback Scott Brooks and 1980 all-Livingston County quarterback Todd Cowan. Not to be forgotten is quarterback Rick Heavenridge who led the junior varsity squad to a 6-2 record last year.

To make room for the quarterback battle ensuing between juniors Cowan and Heavenridge Irvin has moved Brooks to tailback.

Along with sophomore Ted Selby at fullback, Irvin says his offensive backfield is the strength of the team. The return of Doug Gray, Scott Greyerbiel and Dan Boratynski bolsters the defensive secondary, making both the offensive and defensive backfields a Hartland strength.

While the backfields return the experience, both lines have been decimated by graduation.

First year senior players Troy Whyte and Dave Krause are two unproven players Irvin hopes can contribute. Mark Leehr is the lone returner to the offense.

Wednesday, September 8, 1982

Novi coach John Osborne (cap) celebrates winning the KVC title with his players

FECHT

sive line, and will see action at

linebacker.

BRIGHTON

After two consecutive mediocre seasons, the pressure could be on new Brighton High School head football coach George Reck to produce a winner—now.

However, Reck is not showing signs of feeling any pressure in succeeding seven-year head coach John Seckinger, who resigned last year. Rather, it seems Reck might be enjoying the challenge.

"We going to play hard—that's all I can expect from the kids is to play as well as they can," Reck, who won the job after an extensive search by the district, said. "I don't really care about the record, everybody would like to be 9-0. You just have to play to the best of your ability."

Brighton is coming off a 4-5 season where the defense did the job at holding the opposition, but the offense was never able to get untracked.

The 1982 Brighton varsity team lost a bevy of seniors from a year ago and will be relying heavily on the help the junior class, coming off a 6-2 campaign at the junior varsity ranks, can offer.

The Brighton backfield returns senior Tom Gehres, who controlled the Brighton attack last year, and hard-running senior fullback Mike Matthews.

Junior Chuck Smith received spot starting assignments a year ago and will take over the tailback position. Senior speedster Joe Schumacher will be at end but he is being pushed.

While the backfield is the Bulldog strength, both lines are going to have to be rebuilt from scratch. Junior Mike Kruger returns to anchor the line along with senior Mark Earl. Junior Mike Muncie comes back to provide help on the defensive line. John Fenlon and Matthews are back at linebacker.

The offensive line will be built around senior Mike Wittman, juniors Bob Thomas, Greg Garbutt, Smith and Muncie.

PINCKNEY

For the past 13 falls, the Pinckney High School football team was under the tutelage of Tom Wilson. Now, 10-year assistant coach Tom Cogswell has taken over and is ready to establish a winning football program.

The Pirates have not enjoyed much gridiron success in the 1980s, posting a 3-6 record in 1980 with a 2-7 mark last

season. Cogswell said he is ready to change a few things.

Cogswell will be changing a ball-control offense to a more big-play offense this season.

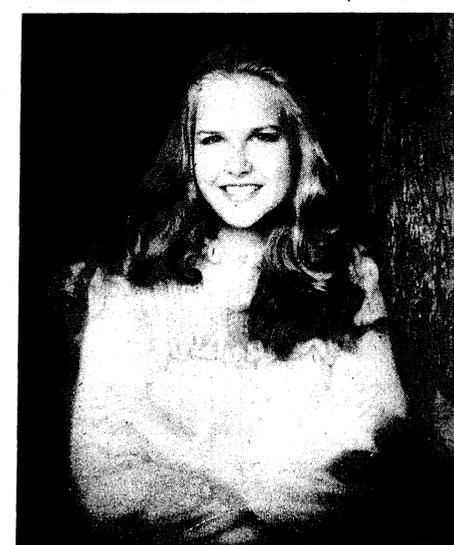

To make the big play, the Pirates' fortunes will be carried upon the swift legs of its offensive backfield. Running the Wing-T formation is junior signalcaller Phil Chapin.

Adding to the speed of Chapin are a

pair of "burners," according to Cogswell. Leading the way is junior fullback Scott Crabtree.

Paving the way up front for the big play is the offensive line, a group with considerable inexperience, according to Cogswell.

The lone returning starter for the Pirate offensive line is senior Tim Radu, who is expected to anchor one of the tackle slots.

Hell Week!

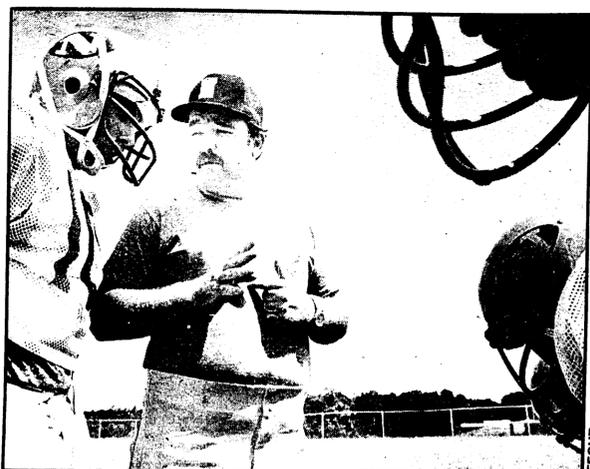

Ah, those dreaded two-a-day football practices every high school griddy has to endure for two weeks starting in middle August. For those who have to go through it, they might best describe the ordeal as "pure hell". Conditioning, of course, is a top priority as coaches have their players do everything from those famed "gassers" (wind sprints) to stretching exercises to limber up the body. Also high on the list for coaches is developing a player's fundamentals as well as working on the offensive and defensive plays.

Third row: head coach Dan Skatzka, Jesse Grimm, Joe Rockel, Bob Hansen, Frank Barabas, John Mindling, Dave Fisher, Dave Iafolla, Dave Flack, Mark Briggs, Steve Case, assistant coaches Bill Placek and Ron Theeck. Fourth row: assistant coach Eric Kehrer, Jeff Thomas, Jerry Harden, Dan Cash, Dan Allison, Eric Miller, Paul Neuroth, Mike Carano, Hank Linton, Tom Van Fossen and Jim Kehrer.

Lions to make run at KVC title

The annual rite of graduation has a way of evening things out for high school football coaches. What seniors they lose in one area are compensated by upcoming underclassmen in another area. With the changing team roster, the coach changes the team's emphasis from year to year, taking advantage of the strengths of that particular team. Such is the case at South Lyon High School, where varsity football coach Dan Skatzka presides over a quick but somewhat inexperienced Lion squad. Graduation has taken from Skatzka his veteran ball players in the offensive backfield. On the other hand, fate has

Lions face tough road to KVC title

blesed the coach with an experienced line and speedy pass catchers. "Overall, as a team, we're going to be much quicker," said Skatzka, "but by the same token, the least experienced team at the skill positions." The least experienced players on this year's team will be stationed in the Lions' offensive backfield. "We'll be going with a lot of young kids back there," explained Skatzka, who has earned three conference titles and accumulated a 30-6 record in his four years at South Lyon.

At the crucial quarterback position, Skatzka is looking at two juniors, a sophomore and a senior. In the running are junior John Barabas; junior John Mindling, who quarterbacked the junior varsity team last year; senior Jim Sawle and sophomore Joe Rockel. Skatzka explained all four quarterback candidates are fairly close in experience. He said it would be impossible to judge at this point who would start for the Lions. The coach added he would like to have two signal callers lined up by the season opener September 10. Describing the backfield as the Lions' weak spot, Skatzka added this year is the first year he has headed into the grid season not knowing his first two quarterbacks. Hinged on the quarterback situation is the passing game. Skatzka said he would like to be ready to throw the ball as much as possible because the Lions have excellent pass-catching ability as well as speed this year. Pacing the Lions is the reception department is senior Steve Case. Track fans may remember Case from last spring. A speedster, Case set school records in the high and low hurdles and set a conference record of 15.1 in the 120-yard high hurdles. He also dashed through 100 yards in the just under 11 seconds. Joining Case in hyper-space will be Mike Long, who is capable of matching Case's speed. Skatzka also pointed out that junior Jerry Bomy and Barabas will contribute to the Lions' quickness. South Lyon will find its strengths in its quickness and its offensive line, according to Skatzka. Experience is the norm on the offensive line with seniors Eric Miller, Paul Neuroth, Dan Allison, Gordon Seeley and Jim Green returning this season. The kicking game is also in the hands, or rather the feet, of some experienced and capable Lions. Skatzka said he has several contenders to handle the punting duties; it's just a matter of picking the right foot. And junior Dave Flack will be returning to take care of the place-kicking responsibilities. Looking at this year's competition in

Mike Long is another fleet-footed receiver

the Kensington Valley Conference (KVC), Skatzka said Novi looks good to repeat as the KVC champion. He pointed out that the Wildcats won the conference crown last season with a junior team. "They've (Novi) got to be the team to beat," said Skatzka. Adding spice to the KVC race is the fact that the Novi-South Lyon game has always had something extra. Last year, the Wildcats kept the normally high-scoring South Lyon team out of the end zone and snapped the Lions' 12-game win streak. When asked why Novi is always so tough, Skatzka said the two teams are very similar. Novi and South Lyon run the same defenses and offenses, he added. When the Lions play Novi, it's like they are playing against themselves. In addition to Novi, Skatzka will be wat-

WILDCATS (1981 finish: first place, 7-2) — Front row: (from left) Matt Smolinski, Dan Harrison, Duwayne Brown, Steve Chasse, Dave Williams, Rich Sinda, Eric Deline, Tim Bunker, John Monitz, John French and Fred Karam. Second row: Jim Simpkin, Scott McWhinnie, Dan Senda, Fred Samson, Al Greenway, John Antonczak, Mike O'Connell, Paul Boyd, Vince Meo, Leonard Vetere and Eric Henderson. Third row: Bill

Henrich, Scott Buck, Dan Brinker, Dave Gavalis, Steve Korte, Tom McSweeney, Todd Crutchfield, Tim Ford, Eric Schuster, Pat McKernan, Tom Kee and Mike Serra. Fourth row: assistant coach Wayne Hamilton, John Thomas, Kevin O'Connell, Greg Kessler, Dave Whitehead, Tim Horstman, Wade Webster, Erik Balk, Larry Gaiss, Eric Brooks, Kern Stahr and head coach John Osborne.

Novi sees gold with air attack

"We think there is gold in dem dere passes."

Novi football coach John Osborne has issued the edict. The defending Kensington Valley Conference champion Wildcats will be looking to strike it rich through the air instead of the ground this season.

So, enemy defenses best tune up their radar equipment since Novi plans on filling the skies with footballs.

"We've changed our philosophy. We've been an option and wishbone (running) team in the past," Osborne says. "This year we've converted to the passing game, at least."

The veteran grid mentor realizes the risks involved in relying on a passing game to move the ball. But he just was not satisfied with last year's wishbone attack, even though the Wildcats won the KVC with a 6-1 ledger.

"We didn't move the ball satisfactorily last year on the ground," Osborne explains. "This (passing) might be a better way to move the ball."

"We're looking for a quicker way to the goal line," he adds.

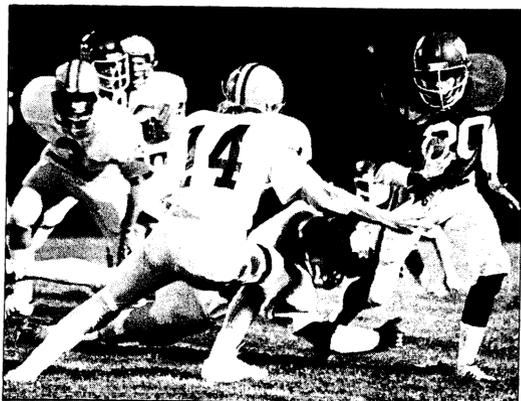

In fact, Osborne is looking for the passing game to establish the running game, instead of the opposite traditional approach. Also, he wants to keep the defenses guessing as to whether the Wildcats will throw or run whether it be first, second or third down.

The key to making the passing game work is the quarterback, and Osborne is entrusting the task to senior Eric Deline. "He's a fine athlete. He has a nice touch on the ball, and he has a nice command of the game," Osborne praises. "We feel comfortable with Eric."

Deline shared the quarterbacking duties with Chris Caudell, who now kicking for the University of Kentucky. Junior Todd Crutchfield is in the back up role.

Not only is the quarterback a key in the passing game, but so is the receiving

Wildcats prepared to defend title

FECHT

Quarterback Eric Deline (9) is being counted on by head coach John Osborne to fill the air with footballs for the receivers to run under and bring the Wildcats better offensive results

corps. Deline will have a group of speed-receivers to fire the ball to at the wide receiver and tight end positions.

Seniors Dave Williams and Tim Bunker head the list of fleet-footed wide receivers. "These two have excellent speed, good hands and are tough football players. They can catch a football in a crowd, and they have the ability to run deep and short pass routes," Osborne notes.

Senior Paul Boyd is another speed merchant who will handle the tight end position. "He's got excellent speed. He can cause some trouble underneath if the defense doesn't recognize him," Osborne says.

David Whitehead, who was the only sophomore on the squad last season, is sidelined by a broken leg. Osborne hopes to have Whitehead back by early October because as he put it, "(Whitehead) is a dandy."

While Osborne notes there will be more emphasis on passing, he still wants a balanced attack. "What we're looking for this season is that we would be a 50-50 (pass-run) team," he explains.

No less than six players are in the running for the backfield slots with seniors Rich Sinda, Leonard Vetere and Vince Meo being the top candidates.

To help protect Deline and open some holes for the running backs will be one of the better offensive lines Osborne says he has had in while.

Leading the group is tackle John Antonczak, a 6-foot, 200-pound senior, and considered the strongest player on the squad. "He has had a great off-season," Osborne says.

Another returning tackle is senior Mike O'Connell, who started last season.

One of the top guard prospects is senior John Monitz, while seniors John

French and Dave Harrison battle for the other position.

There is a three-way battle going on for the center position between seniors Jim Simpkin and Al Greenway and junior Kern Stahr.

Defense was the main reason the Wildcats claimed the KVC title last season, according to Osborne, but this year there are some question marks.

"At this point, we have some weak areas," he explains.

One those areas is linebacker where Osborne says his biggest headache is trying to find a replacement for the graduated Al Smith, an All-KVC selection.

Both Meo and Vetere had some linebacking experience, with Boyd, Greenway, Simpkin and senior Fred Karam fighting for positions.

Along the front Antonczak and Sinda are heading the list of defensive ends, while O'Connell, Monitz, French and Harrison are battling for the tackle positions.

The secondary returns a strong group headed by Deline and Williams. Bunker is in line for another starting berth as would Whitehead if not for his injury. Junior Tim Ford currently has the inside track to the other starting job.

Caudell handled the kicking chores for the Wildcats last year, and Osborne said "he was far and away superior to anything we have seen."

"We would like to be considered a contender and as defending champions, we would have to be considered a contender," he says. "It's a lot tougher defending a championship than winning one."

"They're all pointing for you because your a feather in their cap if they beat you," Osborne adds. "We feel we have a very good football team."

Fourth row: Darrin Campbell, Don Izzo, Tony LaRosa, Ken Kapanowski, Chris Roberts, Brad Perkins, Gary Stehr and Shawn Morgan. Fifth row: head coach Ken Griffiths and assistant coach Bill Mohr.

Eagles set to soar above league rivals

Size, speed and experience. That's the story of the 1982 Lakeland football team, one which head coach Ken Griffiths thinks has the capability to be the best ever at LHS.

Twelve starters return from last season's squad, which rolled to victories in its first five contests before dropping its final four games. The five wins was a season-best for the Eagles, and Griffiths noted the team dropped two of its games on last-play touchdowns.

But last year is history for the Eagles. The 39 varsity candidates, including 25 seniors, want to prove themselves on

the field this year, Griffiths said, and aren't looking back.

"Last year is water over the dam," remarks the second-year mentor. "It's what we do on the field that matters."

Returning players lend plenty of reason for optimism. Five two-year veterans and a bundle of returning let-termen form the nucleus of the 1982 Eagles. The current seniors copped freshman and junior varsity football titles in past years, and many of them played key roles on title-winning teams in other sports.

"These kids know how to win. They're

Griffiths thinks this is best squad, yet

good athletes," states Griffiths. "They should have a winning attitude. They've been there before and they know what it takes."

Talent and experience at the skilled offensive positions make that area one of the team's strengths, Griffiths says. All but one of last year's backfield and receiving starters return.

Quarterback Jim St. John (6-1, 175) will operate a more diversified offense this year, according to Griffiths. He has excellent speed and strength, throws the ball well, and is able to react quickly to game situations.

Griffiths plans to capitalize on St. John's experience and talent by introducing some additional offensive wrinkles to the year-option offense the team employed last year. Too many teams moved in to stop the run last season, Griffiths says, so this year there will be more passing and outside plays.

When that means a running play, tailback Darrin Campbell (5-9, 155) and fullback Brett Thierbach (5-5, 155) will handle the chores. Both are speedsters with exceptional strength and elusiveness.

Campbell gained 555 yards and averaged five yards per carry for the Eagles last year. Griffiths hopes to get the ball to his senior speedster even more this season.

Thierbach, a sprinter on the track team, replaces Bill Derocher who gained over 600 yards last year. He lacks Derocher's size, but is an excellent blocker.

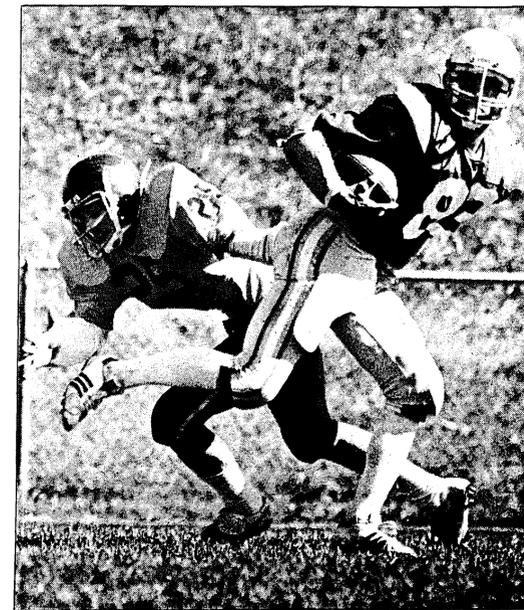

"I think this is the quickest backfield overall that Lakeland has ever had," Griffiths says. "We'll run out of the 1 formation a lot more, with a lot of motion and shifting. That gives the tailback a better read on opening of holes."

Wingback Doug Woods (5-11, 175), the team's top receiver the past two seasons, and split ends Dave Bendall (6-3, 180) and Don Izzo (5-7, 140) give the Eagles a quick, sure-handed receiving corps for St. John's aerials.

Another group of talented athletes provides depth at the skill positions. Quarterback Glen Miller (6-2, 175), tailback Craig Stitz and wingback Kip Whiteman had excellent seasons for the junior varsity last year.

Other juniors Darl Burmeister and Frank Reda back up Thierbach, while Kurtis Andrews, a senior, give Griffiths yet another experienced athlete at quarterback.

Up front, the Eagles are big, strong and quick. Tackles Ken Kapanowski (6-1, 195) and Steve Spewock (6-3, 210) will be starters. A trio of seniors is fighting for

Doug Woods is a sure-handed receiver for Lakeland

the guard slots.

Jim Edelman (5-10, 190), Joe Ciofu (5-10, 190) and Sean Koenig (6-0, 185), a starter last year at Waterford Mott, will all see a lot of action.

Joe Saulski (6-5, 200), a basketball standout, returns to the gridiron after two seasons and looks likely to hold down the tight end spot. Greg McBride (6-1, 190), perhaps the team's most versatile athlete, and an All-KVC choice at linebacker last year, will start at center.

"I think we'll have an explosive offensive attack," says Griffiths. "We've got a little of everything this year. But it all comes down to execution."

To go with the solid offense is a fairly experienced defensive front and linebacking corps. Third-year starter Spewock and returning starter Paul Melton (6-0, 175) have the inside track at defensive end. Saulski is also in that pic-

"I think this is the quickest backfield overall that Lakeland has ever had"

didates. Gary Stehr (6-3, 211) is a returning starter, and Griffiths is hopeful that Brad Perkins (6-3, 225) will grab the other. Edelman and Kapanowski will swing from offense to back up. Chris Roberts (6-0, 260) may also see some time.

Thierbach is a two-year starter at nose guard, but Griffiths hopes that another player will capture the top job and leave Thierbach free to concentrate on offense.

Four juniors, Tony LaRosa, Frank Reda, Shaun Morgan and Chris Navarre, are in "a wide-open battle" for the job.

Linebacking is solid with McBride, Koenig and Ciofu fighting for playing time.

The defensive backfield features seniors Rodney Elliott and Mark Edson, both with some starting experience last year, Andrews, Woods, Campbell, Miller and Stitz. Campbell and Woods have practiced at safety for two years, but concentrated primarily on offense.

Bendall returns as Lakeland's punter, while McBride, Ciofu or Edelman will handle placekicking.

MILFORD REDSKINS

REDSKINS (1981 finish: third place, 6-3) — Front row: (from left) Klistler Jensen, Steve Ceresa, Roger Crouse, Todd Minor, Phil Coyle, Tadd Sundria, Ted Dabbs, Rick Gordon, Greg Cronin, Matt Schmitt, Greg Vaden and Ken Siegfried. Second row: Bill Finkbeiner, Jeff Hinkston, Steve Young, Andrew Jackson, Alex Bageris, Buddy David, Mike Con-

ard, Paul Gmelin, Brad O'Neill, Chris Leonard, Steve Calhoun and Tim Melton. Third row: head coach Cole Rowekamp, assistant coach Ralph Scherler, Rich Reid, Glenn Roach, Carl Cenzler, Rob Pace, Kevin Winter, Dan Mitchell, Frank Perlaki, Bob Clement, Eric Azzoli, Chris Sobbe, Joe Roberts, Brennan Hamilton and Wayne Moore.

Coach hopeful despite losses

Last graduation day was not a happy one for followers of Milford High School football. Among those departing the halls of MHS for bigger and better things was an awful lot of football talent.

The bulk of last year's 6-3 squad walked off with their diplomas that day. That group compiled the best single season record in 10 years, knocking off archrival Lakeland and Kensington Valley Conference champ Novi along the way.

But head coach Cole Rowekamp isn't one to live in the past. The Milford mentor admits freely that he has few proven players on hand, but that doesn't mean he's writing off the season.

Rowekamp himself is new to his job. He replaces Larry Bittinger in the top coaching spot. Bittinger and assistant

Milford's defense will rely on quickness

coach Ron Marinucci resigned at the end of last season.

Gone with the two coaches are such MHS grid luminaries as quarterback Dave Monroe, who threw for over 1,000 yards last year, and his chief targets Pat Brower and Pete Thome, who pulled in 58 of his passes.

Filling their shoes won't be easy, Rowekamp comments, but the situation isn't hopeless.

Rick Gordon (5-10, 145) has the task of replacing Monroe, who was as big a threat running the ball as he was through the air. Gordon can't match Monroe's sprinter's speed, but he does have a good arm and is a very intelligent player, according to Rowekamp.

Two years a starter at defensive safety, Gordon doesn't lack for game experience. He saw limited action in the QB slot last year, but Rowekamp states "he'll handle the tough spots all right."

Wednesday, September 8, 1982

Redskins return few veteran players

Dave Monroe (11) left big shoes to fill

Two more returning starters will line up in the backfield with co-captain Gordon. Senior halfback Paul Gmelin (5-8, 140) was the Redskins' top ground gainer last year with about 250 yards.

At fullback will be junior Dan Mitchell (6-1, 150), who earned the label of Mr. Clutch last year when he carried the ball in for the winning two-point conversion against Lakeland last year. He added to that reputation by booting a 40-yard field goal in the mud for the winning points in Milford's 10-9 win over Novi the following week.

Mitchell's kicking will be a big factor for a team with little demonstrated offensive potency. He only attempted the one field goal last year, but Rowekamp says he'll be trying more this season.

His range goes over 40 yards, giving the 'Skins a scoring threat anytime they cross the opponents' 30.

The receiving corps has little experience because of the success of Brower and Thome. Senior Rob Pace (6-0, 150) will be the split end, senior Andrew Jackson (5-8, 150), a transfer from St. Hedwig in Detroit, will be the wingback, and sophomore Darryl Barr (6-0, 175) will be the tight end.

Both Jackson and Barr are hitters, Rowekamp says, while Pace relies on good speed and good hands as the team's deep threat.

"We're going to have to pass," says Rowekamp in analyzing his offense.

"Not as much as last year though, would say we'll be about 60-40 run/pass. Our size is our biggest disadvantage."

The lack of size shows up on the offensive line as well. Tackles Tom Melton (6-0, 180) and Wayne Moore (6-1, 190) are among the biggest players on the squad. Other starting linemen are guards Greg Vaden (5-10, 160) and co-captain Frank Perlaki (5-5, 140), and returning starter Carl Cenzler (5-7, 140) at center.

Because of the lack of size, Rowekamp anticipates the use of more misdirection and trap plays than in previous years. The additional speed up front will be used to get Mitchell and Gmelin outside, he states.

Quickness will be the key defensively as well. Middle guard Chris Sobbe (6-4, 225) provides the size on the line. A three-way battle is going for tackle slots. Alex Bageris (5-7, 160), Glenn Roach (5-8, 212) and Brad O'Neill (5-10, 150) will all see action on the line. Vaden and Thad Sundria (6-0, 150) will line up at the end positions.

Linebacking will be the defensive strength, according to Rowekamp. Melton will start at middle linebacker and be flanked by Buddy David (5-10, 165) and co-captain Ted Dabbs (5-11, 175). All are quick and hard hitters, Rowekamp comments. Eric Azzoli will also see action at linebacker.

'The kids have a positive attitude. They think 'Hey we can win.' Last year we had two overtimes games and won them both'

The defensive secondary is all new. Senior Mike Leonard (5-4, 130) will be at one halfback, with juniors Roger Crouse (6-0, 140) and Steve Young (5-6, 140) splitting time at the other.

Jackson will be the starting safety, but Gordon will also see time depending on game situations and his physical condition.

Rowekamp is looking for good things from the 1982 Redskin football unit. The winning season last year has beefed up the number of players in the program and has really helped the team's attitude, he says.

"The kids have a positive attitude. They think 'Hey, we can win.' Last year we had two overtime games and won them both," he comments. "Milford teams have to scramble for everything they get."

Even graduation can't change that.

WHITMORE LAKE TROJANS

LAPINSKI

TROJANS (1981 finish: did not play) — Front Row: (from left) Bryan Snow, Jim Robeson, Jon Newton, Don Shattock and Allan Schumacher. Second row: head coach George Housner, Steve Barnett, John Wagner, Tom Randall, Greg Camp, Tim Coon, Tom Smith and Shawn Henderlong.

Third row: assistant coach Bill Schuster, Jim Gibbons, Stephen Philipp, Eric Alent, Ed Dreffs, Mike Bajorek, Jim Mayo, Mike Elowsky and assistant coach Bob Henry.

LAPINSKI

'You can't coach football just 12 weeks of the year'

Football returns to Whitmore Lake

Turnover is a problem most high school football coaches learn to deal with on an annual basis. Graduation takes the seniors but a coach can usually count on a handful of returning varsity football players to provide the foundation for next year's team.

George Housner, varsity football coach at Whitmore Lake High School, does not have the usual turnover problem. That's because Housner did not have a football program last year after a

millage defeat forced the cancellation of fall sports in the Whitmore Lake school district.

While most high school coaches build their teams around several returning varsity players, Housner has just one player this season with varsity football experience. The rest of his football team has collected its football know-how at the junior varsity level.

The lack of a 1981 football program has presented Housner with some obvious

Year lay off hurts team's experience

obstacles for the 1982 season. "It's made a tremendous difference in us being prepared," he says, adding this year's program was not a reality until August 10, one week before the official start of high school football practice.

"It has hurt," explains Housner, referring to the non-season last year. "Every year they (the students) play, they get better at their skills. We'll just be one year behind with them."

Even though Whitmore Lake fielded winter and spring sports teams, this year's fall sports program was still a question mark until last month. Voters in the school district rejected a special millage for the athletic program in June, casting doubt on football. It was not until August that the school board agreed to let the Whitmore Lake Athletic Association, a private group, fund the fall sports program.

August is a time when most football coaches are well into their upcoming football programs. But Housner says he had done nothing all summer because of the unsure state of the grid program. "It's just a problem of starting too late," he says. "You can't coach football just 12 weeks of the year. We're scurrying trying to get football players."

While Housner says Whitmore Lake will field a varsity team of 22 players, the junior varsity team was two short of its minimum of 18 and coaches were on the phone trying to line up the final pair of riders.

Leaving the financial problems aside, Housner says he has a talented group of varsity players. But he admits it will take a few games for the team to get itself together.

Housner will be trying to make the most of his team's speed in this year's offense. He explains he hopes to use the option play this season and run the ball outside. Junior Ed Dreffs, who saw some football experience as a freshman, will call the signals for the Trojans.

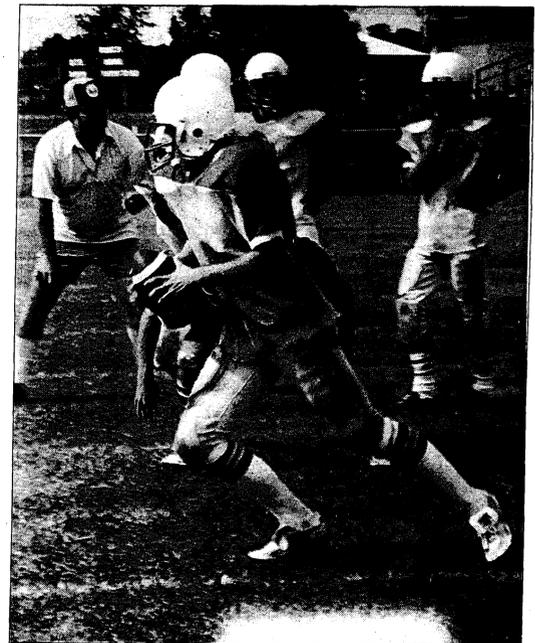

Playing behind Dreffs will be senior Jim Robeson, Whitmore Lake's only returning varsity player, Jon Newton and Don Shattock. Housner says all three players have good speed.

Defensively, things are going to be a little tougher for Housner. Senior John Wagner is the only Trojan who has experience in the defensive backfield. He is expected to lead the backfield and Robeson and Newton are expected to be defensive standouts this year. "It's going to be a job," said Housner about his defense.

Dreffs is expected to handle the Trojans' kick-off and point-after respon-

Ed Dreffs (with ball) will be leading the Trojans' fortunes

Everyone Can Help Fight Winter's Woes

Page 5

Here are some ways everyone can help with roadway snow and ice control this winter.

"Observing a few simple precautions will improve the safety and convenience of all, and will help to hold down the tax cost", said John R. Gnaou, Jr., Vice Chairman of the Board of Oakland County Road commissioners.

He advises:

- Do not drive in a winter storm

unless absolutely necessary, especially during storms of wet snow or freezing rain. Stalled and stranded vehicles present hazards to other motorists and significantly impede snow and ice removal. The longer it takes Road Commission crews to do their job, the more it costs the taxpaying motorists.

- Properly equip all vehicles for winter driving, from snow tires to wiper blades. Winter driving is diffi-

cult enough with the proper equipment. Faulty equipment is dangerous to you and to others, and is an invitation to be stranded.

- When a storm is forecast, remove all vehicles from the sides of roads and streets. This allows plows to clear the area the first time through without expensive return trips. (Many communities have winter roadside parking prohibitions,

and the fines and towing charges can be costly to the citizen.)

- Shoveling or plowing snow from driveways into or across roads or streets is illegal, because it can present a serious traffic hazard. Violations noted are reported, and police do enforce the law. Pile snow on your own side of the road.

- If you cannot pile driveway snow behind the curb or shoulder, be sure to place it to the right as you face the street so that road plows will push it away from rather than back into the driveway entrance. (Road plows unavoidably roll some snow from the road itself into the driveway entrance, because plow blades cannot be lifted for the thousands of driveways.)

- Mailboxes installed on the right-of-way are placed there at the owner's risk. Get them as far off the roadway as practical. A flag or other identifying marker will help plow operators see them and avoid them. If the mailbox post is rotting, it should be replaced so the weight of plowed snow will not break it.

- Snowplow trucks operating with blades up do not mean the drivers are not doing their jobs. They might be heading for fuel or repairs, or enroute to their area of plowing responsibility.

- Remember, during a heavy or prolonged storm, the limited crews must remain on the heavily-travelled critical and priority main routes until these are safe. Only then can they turn attention to subdivision streets, and sometimes this will be a day or two after bad conditions begin. It is too costly to staff and equip to clear all roads and streets on the same priority.

- Avoid calling the Road Commission's snow removal operations centers. They are extremely busy coping with storm situations and their telephone lines should be kept open for emergency calls. Emergency claims must be verified, such as by a doctor.

- If you note an unusually hazardous road problem on state trunklines, which include the freeways, or on county roads, call the Road Commission's Department of Citizen Services: 858-4804 during office hours or 858-4751 at other times.

Gnaou said, "Highway safety remains the Road Commission's top priority. Therefore, our winter snow and ice control capability through the winter of 1981-82 was kept at the same level as in previous years although our revenues declined.

"But, every dollar of winter operating costs that can be saved is a dollar for spring, summer and fall road work - such as pothole patching - that otherwise would not be available."

He noted that snow and ice control is paid for by motorists, through the 11-cents-per-gallon state-collected tax on gasoline at the pump and registration fees.

"People are contributing less for road services because they're driving smaller, more fuel-efficient vehicles. But they still deserve safe road conditions and cost efficiency," said Gnaou.

Michigan's Rate Not Highest

27 States Increase Gas Taxes

Twenty-seven states and the District of Columbia have changed their road-support tax rates since the beginning of 1981 in efforts to restore road-support revenues.

Eleven states switched from flat rates per-gallon to variable rates based at least in part on other factors, which have had the effect of changing the tax value more than once already.

Most variable rates use indexes keyed to the wholesale price of gasoline. The theory is that wholesale price increases reflect general cost increases faced by road agencies, but that didn't hold true in early 1982.

Ohio's variable rate is determined by a formula that takes into account the federal index of highway maintenance costs and a fuel consumption factor.

The "Ohio Plan" has been endorsed by a subcommittee of the Michigan House of Representatives Taxation Committee for adoption here, but has not been reported by the parent committee for final action.

Michigan continues to rely on the 11-cents-per-gallon fuel tax rate adopted in 1978 that went into effect in 1979. (Although gasoline purchasers are charged a four percent sales tax in Michigan, the proceeds are not devoted to roads. Sales tax revenues go into the State's general fund.)

The Highway Users Federation

periodically reports motor fuel tax rates of all states and the District of Columbia, using per-gallon equivalents for comparison.

Twelve states and the District of Columbia had higher rates than Michigan's as of July 1, 1982.

New Hampshire and Washington D.C. had the highest rate at 14 cents per gallon, followed by Nebraska at 13.7 cents and Iowa, Minnesota, South Carolina, South Dakota and Wisconsin at 13 cents.

Ohio variable rate was yielding 11.7 cents per gallon equivalent July 1 and can go as high as 12 cents per gallon.

Indiana, also on a variable rate, was at 11.1 cents per gallon equivalent July 1.

Texas, which derives much of its highway support from oil well taxes, has the lowest rate as delivered at the pump - five cents per gallon.

GM Research Concludes: 'Shortfalls Imperil Nation's Road Preservation'

America was able to finance 84 percent of road preservation needs in 1976.

Only half could be done in 1980.

Just 30 percent will be possible with expected expenditures in 1985.

Such are the findings of a General Motors Research Laboratories (GMR) study using road condition data collected by the federal government. GMR provided an integrated methodology that examined changes in condition over time to determine mileage that must be restored in the future and costs of those restorations.

GMR's publication, SEARCH, said:

"The GMR analysis indicated that approximately 26,000 miles of U.S.

highway should have been resurfaced or reconstructed each year since 1975 to have kept pace with deterioration.

"It also found that the annual cost of preserving this mileage has increased rapidly, from \$7.9 billion in 1976 to \$14.1 billion in 1980 dollars.

"If projected resurfacing and reconstruction expenditures are not increased, it will cost almost \$120 billion by 1985 to restore the Interstate, arterial and collector highway systems to their 1975 conditions and \$76 billion to restore them to their 1980 conditions."

Dr. Bruce Phillips, GMR researcher, said, "We do suggest that prompt action be taken to preserve our nation's investment in its highway systems."

Here's Construction Program For 1982

There are no general road pavings, resurfacings or intersection improvements in the Road Commission's 1982 construction program.

Pavings and resurfacings were also notably absent in 1980 and 1981 construction. In prior years, before the sharp decline in state-collected gas and weight taxes, about 15 miles of each had been accomplished annually.

The construction program totals \$7.1 million. Of the total, \$3,519,100 is federal aid; \$1,466,700 is OCRC funding; and \$2,100,200 is local government contributions as follows: \$1,050,000 county, \$671,200 cities, and \$379,000 townships.

County Funds Highlight

The majority of the projects in the 1982 program are road safety improvements for which the County Executive and Board of County Commissioners are providing \$800,000 without a matching fund requirement. (The projects were listed in the 1980-81 annual report.)

Also included are \$750,000 worth of Tri-Party road construction projects, for which the County Executive and County Board are contributing \$250,000 participating townships are contributing \$250,000 and the Road Commission by prior commitment is funding with \$250,000.

Tri-Party projects are determined annually in cooperation with the County Board and the participating units of government. (Projects selected in 1982 are listed in this annual report.)

Local Governments Help

Local government contributions totalling 87 percent make possible three of the five county primary road construction projects to be accomplished. Such projects usually do not receive substantial local government contributions.

The three projects are:

- In Commerce Township: Reconstructing as a "T" the intersection of Commerce and Sleeth Roads; with \$58,000 of township funds and \$12,000 OCRC.

- In Commerce Township: reconstructing as a "T" the intersection of South Commerce and Oakley Park Roads; with \$68,000 of township funds and \$12,000 OCRC.

- In the City of Southfield: widening to three lanes the 0.6 mile of Twelve Mile Road between Northwestern Highway and Telegraph Road; with \$135,000 of city funds and \$15,000 OCRC.

A county local road project, paving of portions of Squirrel Road in Pontiac Township, is being administered by the township which has the responsibility for \$300,000 of the cost outside the Road Commission's budget, while the Road Commission is budgeting \$66,000 in 1982.

Special Assessments, Too

The construction program also includes \$4 million for subdivision street improvements, 90 percent of which would be contributed by special assessments on benefiting property owners and/or contributing local units of government.

Federal Aid Included

Another primary road construction project is 75 percent federally funded. It is \$16,000 worth of preliminary engineering for reconstruction of White Lake Road for 1.2 miles between Andersonville and Orr Roads.

Federal aid for 89 percent makes possible a local road bridge reconstruction:

- In Waterford Township, replacement of the Island Park Drive bridge, with \$47,000 federal funds, \$3,000 township funds and \$3,000 OCRC.

Widenings to four or more lanes make up \$4.6 million of the total construction program, but all is for projects begun in 1981, and thus to which the Road Commission, Federal Highway Administration and local units of government were already committed.

The projects are:

- In West Bloomfield Township, design and right of way acquisition for widening of 1.3 miles of Orchard Lake Road between Maple and Will-O-Way; \$162,000 federal aid; \$24,000 township; \$24,000 OCRC.

- In Troy, boulevarding of Big Beaver Road from west of Coolidge to east of Livernois, \$1,010,000 federal aid; \$190,000 City of Troy; and \$340,000 Road Commission.

- In Southfield, widening of 10 Mile to five lanes between Telegraph and Northwestern: \$2 million federal aid; \$319,000 city; \$319,000 OCRC.

- In Orion Township, reconstruction of Brown Road between Giddings and M-24: \$227,000 federal aid.

Refunding of staff expenses on delayed projects accounts for \$72,000 of the construction program, including \$61,100 of federal aid, \$7,700 OCRC and \$3,200 of local contributions. The projects now expected to get underway in 1982 are:

- In Bloomfield Township, adding a fifth lane and resurfacing at the intersection of Lahser and Maple Roads; with \$17,000 federal aid and \$1,900 OCRC.

- In Madison Heights, widening to four and five lanes on Twelve Mile Road between John R and I-75, with \$22,300 federal aid, \$3,200 by the City of Madison Heights and \$3,500 OCRC.

- In Southfield, partial funding for replacement of a bridge on Lahser Road south of 10 Mile Road, with \$21,000 federal aid and \$2,300 OCRC.

10 MILE ROAD between Telegraph and Northwestern as it looked in preparation for five new lanes of pavement.

Long-Awaited Widening Of 10 Mile Road Underway

Reconstruction of 10 Mile Road from two lanes to five lanes between Telegraph Road and Northwestern Highway in Southfield began in early June and is expected to be in progress through fall.

Access to Lawrence Technological Institute, WXYZ-TV studios, businesses and homes is being allowed and provided for.

The road is closed to through traffic at two locations: between the entrance to Lawrence Technological Institute and Lahser Road; and between Berg and Lahser Roads.

Motorists are advised to avoid the

area, if possible. The simplest detour is through the Northwestern-Telegraph interchange.

The road will be reopened to traffic for the winter, although final project clean-up is not expected to be possible before next spring.

The construction contract was awarded to the Tony Angelo Cement Company of Southfield for \$2,682,798.

The project is being funded 75 percent with federal aid. The 25 percent local matching funds are being shared equally by the Road Commission and the City of Southfield.

Part Of Big Beaver Is Done; More Planned In Near Future

"Together we have done it," said Oakland County Road Commissioner Fred D. Houghten at dedication of the new \$6.4 million Big Beaver boulevard in Troy on October 5, 1981.

He said, "This project represents the highest level of community involvement ever achieved in a Road Commission project. The final design and many, many features are due to the direct wishes of the people."

"Boulevarding, provisions for pedestrian crossing and extraordinary landscaping as part of the basic construction project are among the highlights, he said.

More than 10 years were devoted to planning and environmental impact review, which included public hearings, a citizens study committee and a referendum of city residents.

"Citizen awareness and involvement has, truly, aided in providing a roadway that will be safer, better serving and the best possible asset to the Troy downtown environment," said Houghten.

In tribute to the citizens, the City of Troy presented a tree to be planted alongside the boulevard. It will become part of a border of trees. Also part of the project is shrubbery in the median provided by the Oakland County Road Commission.

The new boulevard is 3.2 miles long, from east of Livernois to west of Coolidge in the heart of Troy.

The \$6.4 million cost included \$3.7 million for construction contracted to the Tony Angelo Cement Construction Company of Southfield and sub-contractors, \$1.6 million for right-of-way and \$1.1 million for engineering, inspection, signals, signs, markings and street lights.

Funding for the project is 56 percent by the Federal Highway Administration, 25 percent by the City of Troy and 19 percent by the Road Commission.

The Oakland County Road Commission had planned to purchase \$2 million worth of right-of-way in 1982 for the eventual widening of Big Beaver Road from east of Livernois to west of Dequindre in Troy.

The widening would complement boulevarding of the 3.2 miles adjacent on the west and widening east-erly in Macomb County.

Federal aid is available to pay \$1.5 million of the \$2 million right-of-way cost. The City of Troy will pay the balance, including \$250,000 that ordinarily would be paid by the Road Commission.

"We just won't have our share," said Road Commission Chairman Richard V. Vogt.

Innovative Method Saves \$\$\$\$

A million-dollar road building problem was solved by Oakland County Road Commission engineers for less than \$100,000.

Through innovative use of geotechnical fabric, wrapping it around compacted slag, a mattress was created to buoy about 1,100 feet of two-lane pavement over a 35-foot-deep peat and marl bog.

Like a giant bag of rough-edged beans tightly knitted and confined, the mattress creates tensile forces that spread highway stresses over a broad area. Eliminated is the need for point buttressing beneath or at the bottom outside edges.

Thus, remove and fill operations estimated to cost more than \$1 million were avoided. The results also are better and cheaper than corduroy or gabion alternatives.

Daily traffic to General Motors Truck and Coach Plant uses the resulting roadway, which is the westerly two lanes of Opdyke Road beginning about 300 feet south of Auburn Road on Pontiac's border.

The mattress analogy comes partially from another innovative use of space-age fabric nearby. A little over a mile away, the largest enclosed stadium in the northern United States, the Pontiac Silverdome, sports a 10-acre roof of teflon-coated fabric floated by air pressure and resembling a pillow.

Tri-Party Program In Second Year

County, Communities Boost Some Road Projects

Road improvement projects for the second year of a four-year Tri-Party Program have been selected.

The decisions are made jointly by the elected Board of Oakland County Commissioners, local units of government and the Road Commission which share funding equally.

The program is made possible by the elected County Board's commitment of \$1 million over a four-year period. The Road Commission matches that amount and local units contribute the other third for projects in their communities.

Amounts to be spent in each township, if all participate, were determined on the basis of a formula that gives equal weight to county local road accident experience, mileage and population in each township.

Townships may elect to use any portion of their four-year allotment in any program year.

Because the \$750,000 total allotted for 1982 projects was not completely utilized, projects in 1981 may total \$842,935. An estimated \$816,039 will be needed for projects selected.

Road Commission Vice Chairman John R. Gnaun announced the 1982 projects and estimated total cost by townships as follows:

TRB WINNERS - Authors of papers that won TRB honors were, from left, OCRC Transportation Planning Coordinator Brent Bair, Transportation Planner James Barbaresso and Chris Mann, and Traffic-Safety Engineer Michael Labadie.

'CRIS' Helps OCRC Wage War Against Carnage On The Highway

The Oakland County Road Commission now has the most sophisticated data analysis system of any local road agency in the United States.

Called a Comprehensive Roadway Information System (CRIS), "it is a key component in the Road Commission's war against highway carnage," said John L. Grubba, Managing Director.

"We can now compare accidents, roadway characteristic and road-

way obstacle information in computer-quick time and accuracy in a number of ways useful in planning and daily operations," said Grubba.

"For example, programs for highway safety improvements can be identified and recommended. If, say, program money becomes available for shoulder paving, it will be possible to determine where on the road system the money could be used most effectively," he said.

TRB Honors Work Done For Safety

Processes developed as part of the Oakland County Road Commission's "Highway Risk Management Program" have impressed the National Association of Counties (NACO) and the Transportation Research Board (TRB), an affiliate of the National Research Council.

TRB accepted three papers for publication and presentation to its Annual Meeting in Washington, D.C. during January, 1982.

All three processes are used to determine cost-effective means of improving the safety of Oakland County's road system. Several projects in the Road Commission's 1982 work program result from analysis using the processes.

The process detailed in one of the three papers, a procedure useable by even the smallest agencies to evaluate and rank problem locations and countermeasures by cost-effectiveness, was applied in the Oakland County Transportation Systems Management Plan. The plan won a NACO National Achievement Award during 1982.

The second process impressing TRB compares a computerized accident data base to road characteristics to perform a variety of safety analysis functions.

The third process inventories, computerizes and ranks roadside features for analysis in a systematic program for enhancing road safety.

Rochester to Haddon, and on West Predmore Road from Hall to Tamarac Subdivision.

Orion Township (\$45,000): pave approaches on Waldon Road west off M-24; and on Greenshield east and west off M-24.

Pontiac Township (\$37,000): drainage improvement in Walton Heights Subdivision.

Rose Township (\$20,000): drainage improvement on Green Cove Road and new gravel on Tiptico Lake Road from Demode Road south for one mile.

Springfield Township (\$40,000): pave all approaches on Hillsboro, Ember and Neilson Roads off Big Lake Road.

Waterford Township (\$128,000): drainage improvement in Oakwood Manor Subdivision; pave approaches on Lake Side north off Cass Elizabeth, and on Winding Drive north off Cass Elizabeth.

West Bloomfield Township (\$112,000): pave approaches on Glenway south off Maple and on Bloomfield Lane south off Maple; and extend pavement on Inkster Road to south township line.

White Lake Township (\$11,500): passing lane on Cooley Lake Road at Carroll Lake Road.

Building Named For Paul Van Roekel

The Board of Oakland County Road Commissioners has named its facility in Waterford Township the "Paul Van Roekel Service Center."

Thus recognized is the man who has served 25 years as Oakland County Highway Engineer and the agency's chief operating officer.

The building is located at the northwest corner of Pontiac Lake Road and County Service Center Drive.

It has served as the Road Com-

WILLIAM "BERT" MERCER retired. "His quiet leadership is one of the things that has made the Road Commission tick for the past 30 years." Mercer served as Director of Maintenance and Director of Permits/Special Uses.

mission's main headquarters and is currently the base of Maintenance, Traffic-Safety, and Citizen Services Departments; and also houses the main repair garage and the Pontiac District Maintenance operations.

Van Roekel, 56, came to Oakland County from similar duties in Iowa at a time when this county's rapid suburbanization following World War II required intensified road reconstruction and subdivision street development.

He has been a leader in several national and state professional organizations in addition to his duties with the Road Commission.

He recently completed a one-year term as National President of the Transportation Officials Division of the American Road and Transportation Builders Association (ARTBA).

He has also been a member of the Waterford Township Planning Commission since 1961 and was its chairman in 1969-70.

Van Roekel, and his wife, Ann, live in Waterford Township.

PAUL VAN ROEKEL'S 25 years as Oakland County Highway Engineer, the chief operating officer, were commemorated with naming of the Road Commission's facility in Waterford in his honor.

WILLIAM "JOHNNY" JONES, known as "Mr. Road Commissioner," has retired after 46 years of service. He was Engineering Department Office Manager at his retirement. Jones helped found the Oakland County Employees Credit Union and served several terms as its president.

Finances Get Annual Audit
Plante and Moran, Certified Public Accountants of Southfield, audit the Oakland County Road Commission's financial statements annually. The complete Audit Report is on file at the Road Commission's Beverly Hills Administration Building and is available to the public. At right is an excerpt. (Fund Balance 12-31-81 was committed to operating capital and to complete construction projects that were under contract as of 12-31-81.)

Wonderland Barbershop Chorus	4:25 p.m.
Plymouth Community Band	5:10 p.m.
Emcee — Arnie Williams	

Rotarians raise sights for chicken dinner

Although it offers the biggest chicken barbecue in the state of Michigan, the Plymouth Rotary Club is seeking a much higher goal for the major event of the Fall Festival.

If plans succeed, the Sunday event will be listed in the Guinness Book of World Records and thus receive worldwide recognition.

No chicken barbecue in the country comes near selling 15,000 dinners in only

six hours, according to a preliminary survey.

That's the schedule arranged for this season with the serving of the meals — \$4 each — starting at noon and going on through the afternoon until 6 p.m.

Club members are optimistic because they have devised a plan for the carry-out dinners. With the speedier plan, the carry-out area at Sheldon and Ann Arbor roads

is expected to boost the total to the record heights.

THE GOAL of 15,000 dinners was expected to be reached last year, but rain interfered, and the total was cut considerably. Now, with the barbecue under the new roof, a defense has been built against the weather, and the 15,000 goal is possible.

The club has ordered 15,000 dinners, said James Somers, who handled the pur-

chasing for this year's Rotary chicken barbecue. Along with them, he ordered 17,000 ears of corn.

The extra 2,000 ears of corn are to accommodate diners who want an extra cob and for people who come just for the corn portion of the dinner late in the afternoon.

Along with the order for chickens and corn, 15,000 buns have been ordered.

If the club sells enough chicken barbecues, it has a shot at world fame.

Bluegrass band to perform

The Fall Festival will be featuring some new entertainment this year at the band shell in front of the Penn Theatre.

Roy McGinnis and the Sunnysiders, a bluegrass band, will be making its first appearance at the festival along with the Bluegrass Cloggers at 8:30 p.m. Saturday, Sept. 11.

The Bluegrass Cloggers are not affiliated with the Sunnysiders and will be teaching the audience to "clog" as well as entertaining them.

Clogging is an ethnic dance that came from Ireland, England and Scotland with the settlers and was blended into what it is today. The jig is one variation of clogging.

But clogging won't be the only type of dancing entertainment available at the festival, however. There will be the traditional square dances with Ron Seime calling.

The square dancers will perform at 8:15 p.m. Friday, Sept. 10. People from the audience are welcome to come and swing their partners along with the dancers.

Tim White is a champion pancake-maker at the annual Plymouth Kiwanis breakfast spectacular.

Kiwanians move pancakes outdoors

For the first time since the inception of the Fall Festival, the Plymouth Kiwanis Club will sell pancakes in the outdoors.

Under the new plan, the pancakes will be prepared under the roof of the pavillion between the Penn Theatre and the Masonic Temple, instead of being cooked inside the Masonic Temple.

With the move, the Kiwanians hope to double the sale from about 2,500-3,000, despite the 2 p.m. Saturday of the pancake feast.

Additional electric power now is available under the roof of the pavillion, and six new electric stoves will be added.

When the temple was used, the sales were limited because space and cooking equipment were limited. With the added room and the new stoves, there should be little wait for pancakes.

PANCAKES WILL go on sale at 7 a.m. Saturday. The 2 p.m. end of sales isn't ex-

pected to have much effect, as few pancakes were sold after 2 p.m. in other years.

When the stoves get going and the Kiwanians open for business, a veteran crew will be at the baking end. Chuck Moore, heralded as the best pancake cook in the area, again will be in charge.

With Moore will be veterans, including former mayor James Houk, the oldest of the lot. The other oldtimers will be former mayor James McKeon, Bryan Giltson, and Leo Schultz. Oldtimer waiters will include Bud Schrader, the retired funeral director, and Bob Barbour of the National Bank of Detroit.

With the move outdoors, the Kiwanians hope for a record sale. If the weather is nice, pancakes will be served in the park.

If there is bad weather, the serving will be done under the pavillion, with tables and chairs set up.

This display in Emma's Restaurant earned a first place in 1982.

Marigold decorating

Businesses, residences, festival booths and serving lines can compete and beautify the festival with marigold displays.

Residents and businesses are encouraged to decorate the town with the official Fall Festival flower — the marigold.

Marigold decor judging is based on the following criteria: color, dramatic arrangement and creativity.

The Plymouth Lions Fish Fry serving line won last year's competition.

Any one wishing to have their marigold display judged may contact the festival

Don't miss decorated windows

"Old-Fashioned Holidays" is the theme for this year's Fall Festival window-display competitions.

During the Fall Festival, local merchants decorate their store windows following one theme, and each display is reviewed by a panel of judges, according to Pat Carne, chairwoman, Fall Festival Window Display Committee.

Windows can be decorated by either the individual store owners or an organization, said Carne. She's had many stores ask her if a group was available to do the decorating. "Last year we had close to 25 windows decorated," said Carne. "We hope to have at least that this year."

The competition is open to all area merchants, Carne said, although she said most of the participants are in the downtown district. Judging will begin at noon Thursday, the first day of the Fall Festival.

"Forest Place Mall is doing something special this year," said Carne. "They're working on an overall scene." The window displays will remain up throughout the Fall Festival.

"The window displays are an important

part of the Fall Festival," said Carne. "It helps everybody participate and get involved, and it's another facet for the people to enjoy."

The criteria for judging each window display is how well the theme is carried out, artistic creativity, authenticity of the period and initial impact on the judges.

Last year first-place ribbons were awarded to Wiltse Pharmacy and Emma's Restaurant, said Carne.

The window decorating has grown in

popularity, said Carne, and she believes the window displays are a nice added feature to the Fall Festival. "I think the window displays will maintain its popularity," said Carne. "Those who took part last year wanted to do it again."

The competition is open to every merchant, and Carne said if a merchant is interested in entering, all he has to do is decorate his windows and notify the Fall Festival Committee of entry in the competition.

Grange Hall a busy place for the Festival

For the last eight years, Jim Henry has put on the Arts and Crafts Show held at the Grange, 273 Union, during the Fall Festival.

Henry has been a member of the Grange for 20 years, and his interest in crafts goes back twice as far. In 1940, Henry started making toy trucks and doll beds, and he still makes them today.

"It's a hobby with me," said Henry. "I first started selling them during the war, because toys were hard to get," he continued. "I like to see every kid have a decent toy, one that won't be broken in a couple days."

Everything on display at the Arts and Crafts Show is all handmade. "We don't want any of that made-in-Japan stuff people try to pass off as crafts," said Henry. "We have a lot of knitted and crocheted works, candles and ceramics."

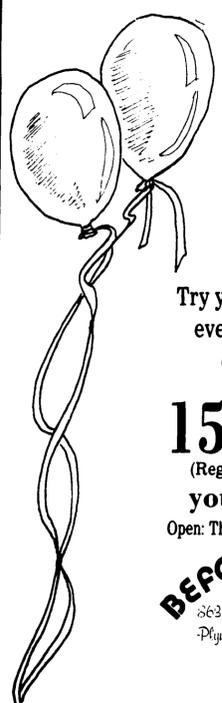

"Sure, I'd like to sell some of my own crafts, but I won't have the time," said Henry. During the Fall Festival Henry also makes all the donuts sold at the Grange. "Two years ago, I made 600 dozen donuts," said Henry. But Henry does sell his crafts at area flea markets.

Henry doesn't want to run the Arts and Crafts show next year, and said he's been trying to get someone else to take over.

"Last year I had a heart attack during the Fall Festival," said Henry. "I'm not going to overdo it again this year."

Reservations for booths at the show have been booked since the end of May, said Henry. There will be about one dozen individual craft displays throughout the four days of the Fall Festival.

The show will be on the second floor of the Grange. There is no admission fee. Donuts will be sold at \$1.75 a dozen.

Time to spruce up your pets

Hey kids, it's time to spruce up your pets and get them ready for the annual Plymouth Fall Festival Pet Show. Pets of all kinds are eligible for this year's pet show.

Categories to be judged are dogs, cats, and the most unusual pet.

This year's pet show is co-sponsored by the Optimists and by the continuing education department of Plymouth-Canton Community Schools. Charles Childs and Larry Masteller are co-chairmen.

"It's kind of a fun thing," said Childs. "It's an opportunity for kids to show off their mutts."

The show is open to kids through junior high age.

"We don't want high school students or adults," added Childs. "We are not looking for the best trained or the best groomed - we just want the kids to have fun."

About 50 awards will be given this year. A first, second and third place ribbon will be awarded for each area to be judged, including best looking, ugliest, longest tail, most friendly, and the most colorful in each category.

"We try to get animals lovers to do the judging," said Childs. This year the judges are Carolyn Tkacz, Jane Stuart and Bill Strahan, who also were the judges in 1981.

"The pet show was started by Herb Woolweaver about 15 years ago," said Childs. Woolweaver was active in the community through sports, the schools, and local affairs. "Larry Masteller and I picked it up when Woolweaver retired from the school system."

Animals entered in the past pet shows have included many dogs and cats. But the unusual pet category has seen a wide variety of pets, such as peacocks, goats, spiders and ants.

Both Childs and Masteller agree the most unusual pet they have seen in the pet show is an iguana.

Judging begins at 9 a.m. Saturday, Sept. 11, for dogs. Most unusual pet category will be judged at 10:15 a.m. and cats at 10:45 a.m.

Every participant who has a pet entered will receive a free matinee ticket from Margaret Wilson, owner of the Penn Theatre.

There is no limit on the number of pets to be entered.

"If they have 10 dogs, and want to enter them all, they can," said Childs. There is no entry fee, and viewing of the pet show also is free.

The cost of the pet show is absorbed by the Optimist Club.

Green thumbs drawn to fest produce tent

Calling all green thumbs! The Fall Festival is having a produce judging tent where your finest vegetables, flowers and canned goods can be displayed and rated.

Ribbons will be given for first, second and third place finishes as well as honorable mention in 21 categories.

Categories include cut marigolds, flower bouquets, mini flower bouquets (under three inches), largest squash (zucchini), largest pumpkin (other), dried flowers, biggest pumpkin, tallest sunflower and biggest sunflower, to name a few.

The various categories will be judged by Gene Dodge of the Men's Garden Club and Horticultural Department of Parks and Recreation in Detroit. For the first time, the ribbons handed out will have "Plymouth Fall Festival" written on them.

All kids under age 15 that enter will receive a ribbon.

This is Mary O'Connell's fourth year as chairman of the event. Her first year there were 81 entries, but thanks to a professional judge like Dodge, there were over 300 entries last year, according to O'Connell. She is expecting another big turnout this year also.

To pre-register for the event you should send your name and what you plan to enter to O'Connell, 12009 Fall Tree Drive in Plymouth. There is no limit to what you may enter. The show takes place 1-2 p.m. Sunday, Sept. 12, in front of Central Middle School on Main Street.

It is sponsored by the Crier and organized by the Trailwood Branch Woman's Farm and Garden Association.

Students will be selling artwork

Continued from Page 8

The artwork by students in grades kindergarten through 12th will be on display for sale during the regular Arts and Crafts Show. Staged by the Plymouth Community Arts Council (PCAC), the show will take place Saturday and Sunday in Central Middle School, Church and Main, Plymouth.

The student art sale last year fea-

tured a wide variety of artwork including crafts, leathers, ceramics, wooden toys and other items. Some 40 students exhibited.

The student artwork will be in the corridor of Central Middle School.

Students wanting to participate this year should bring their artwork to the corridor of Central Middle School 4-6 p.m. Friday, Sept. 10.

THE FIREPLACE
By VERMONT CASTINGS™
The fireplace that can actually heat your entire home

The fireplace by Vermont Castings gives you the open-fire charm of a fireplace without fireplace heat loss.

Most community groups join Festival

Continued from Page 5

COMMUNITY CHORUS

The Plymouth Community Chorus will be selling tacos, soft drinks, and community chorus tapes during the Fall Festival. The group also will be singing on Sunday afternoon, Sept. 12.

OPTIMISTS CLUB

The Plymouth Optimists Club will be selling air toys and helium balloons this year. The Optimists also sponsor the Fall Festival Pet Show, an oratorical contest for young people, and college scholarships to local youth.

SALEM ROCKETTES

Plymouth Salem Rockettes will be sponsoring the dunk tank again at this year's Fall Festival. The Rockettes foster school spirit and buy uniforms and equipment with money raised during the festival.

1ST BAPTIST CHURCH

The First Baptist Church of Plymouth will be selling wholesome books at its Fall Festival booth. The literature will be available and priced up to \$7. The church uses the money raised for local relief and moral training to the people of the Plymouth community.

NATIONAL HONOR SOCIETY

National Honor Society members will be taking the weekend off from studying to sell Italian ice at this year's festival.

Italian ice, an alternative to ice cream, will be sold for \$1. The NHS uses its money for academic tutors, community speakers, and for the high school library.

GARY CASKEY/staff photographer

Patrolman Robert Scoggins provided information last year at the booth manned by the PPOA.

BPW CLUB

The Plymouth Business and Professional Women's club will be providing fun for children at this year's festival by allowing children to create spin art masterpieces at its booth near the children's rides. The BPW contributes to the community by sponsoring women returning to college.

CHAMBER OF COMMERCE

The Plymouth Chamber of Commerce will be selling T-shirts and fruit cups at its festival booth. The chamber is devoted to contributing to the community by promoting the town.

CEP FORUM

The CEP Executive Forum will be dishing out old-fashioned hand-dipped ice cream cones during the Fall Festival — single- or double-dip, chocolate, chocolate chip, mint chocolate chip or vanilla.

The CEP Executive Forum brings together students to work on projects such as the Christmas canned food drive, Walk for Mankind, and leadership conferences.

FAMILY YMCA

The Plymouth Community Family YMCA will be selling Italian sausage subs and soft drinks at its booth. Also available will be information on the YMCA's fall programs and its new Town Hall series. The YMCA provides the Plymouth community with enrichment programs, parent-child programs such as Indian guides and maidens, fitness workshops, outings, and a senior citizen organization.

PLYMOUTH CANTON MOOSE

The Plymouth Canton Moose will be selling slush cones in many flavors and colors during the Fall Festival. The Moose contribute to groups that need outside assistance such as scholarship funds, children with learning disabilities, and the Northville Regional Psychiatric Hospital.

OLD VILLAGE

The merchants of Old Village participate in the festival by providing the children with kiddie rides, such as two moon-walks, a merry-go-round, ferris wheel, and boat rides. All rides will cost 60 cents and are near Growth Works on Main Street. The Old Village Association raises money to promote and beautify the residential and business areas of Old Village.

GREEK CHURCH

The Nativity of the Virgin Mary Church will be serving Greek foods for festival crowds. Shis-ka-bob and gyros have been offered in the past and are proven favorites. The dishes are only \$2 and beverages, sweets, pies and bread also are available. The church raises money for community projects such as the Plymouth Goodfellow's, operation of the church, and its building fund.

COMMUNITY FUND

The Plymouth Community Fund will run an information booth during the festival to let residents know where to go when help is needed.

Please turn to Page 15

How to get to Festival

Many of the Fall Festival activities are in Kellogg Park and along Penniman Avenue in downtown Plymouth.

For out-of-towners, Kellogg Park is downtown in the city of Plymouth at Ann Arbor Trail and Main. Penniman Avenue is a one-way street from Main to Harvey west of Main.

Routes to Kellogg Park and Main include: From I-275 south of Ann Arbor Road, west to Main Street, and north on Main to the park; Plymouth Road west to Mill where Plymouth Road is renamed Main Street and changes directions from east/west to north/south; Ann Arbor Trail west to the heart of the downtown area; M-14 to Sheldon Road exit, west on Shel-

don to Ann Arbor Trail and east on the Trail to Main.

Central Middle School is at Church and Main near City Hall, two traffic signals north of Penniman Avenue (easily within walking distance of Kellogg Park).

Cultural Center is at Theodore and Farmer and is easily accessible by taking Main Street to Theodore, which intersects Main at the C&O Railroad tracks.

The Grange Hall is on Union Street near the northeast corner of Kellogg Park.

Parking areas include: Lot at Cultural Center at Harvey and Theodore; East Central Lot between Church and Penniman Avenue, Union and Main; the Central Lot between Ann Arbor Trail and Penniman, Main and Harvey.

How Festival is born

The four days of the Plymouth Fall Festival are the results of weeks of planning by a group of dedicated volunteers who meet year-round to plan each year's festival.

Directing the Plymouth Fall Festival Board for 1982 is president Eleanor Shevlin of Plymouth. Assisting her are Jim Anulewicz, first vice president, and Erick Carne, second vice president. Other officers include secretary Pat Carne, treasurer Eugene Kafila, manager Carl Glass and assistant manager Mike Vanderveen.

Other members of the Festival Board are Fred Eisenlord, Grace Light,

Ken Fisher, Louise Tritten, Jim Ventitelli, Dennis Siegner, Ann Taylor and City Manager Henry Graper.

The work of the board is done, in part, by committees, which include:

Marigold Committee, Tritten, Fisher and Kafila; information booth, Light, produce tent, Taylor and Anulewicz; entertainment, Shevlin; theme, Carne and Siegner; budget, Anulewicz, Kafila, Light, Shevlin, Glass and Vanderveen; publicity, Kafila, Light, Eisenlord and Tritten; layout, Carne, Ventitelli, Light, Anulewicz, Glass and Vanderveen.

Lots to do and see

Continued from Page 14

THE GRANGE

Plymouth Grange will be serving different foods along with hosting an arts and crafts show. The Grange Hall is on Union Street near "The Gathering" pavillion.

Thursday and Saturday hot beef loaf sandwich with soup, slaw, and beverage will be available for \$2.35. Friday and Sunday stacked ham sandwich with the trimmings will be sold for \$2.10. All of the sandwich extras also will be sold separately. Sloppy joes will be served on all four days, any time of day. Meal hours are from 11:30 a.m. to 2 p.m. and from 5-7:30 p.m. The arts and crafts show is in the upper floor of the Grange Hall.

The Grange's primary focus is the welfare of the farmer and the consumer. They

offer educational programs, perform community services, and promote legislative action for home, farm, family and community issues. The Grange raises money for community programs such as the Salvation Army, Goodfellows, school band, Fife and Drum Corps, Hawthorn Valley, the Jaycees, and Tonquist Creek Manor.

THE CIVITANS

Plymouth Canton Civitan Club members will be selling photo buttons plus yaki-tori and soft drinks. The Civitans sponsor senior citizen programs, cosponsor the Special Olympics in Wayne County, and raise money for such groups as the Plymouth Canton High wrestling team, the Junior Civitans, the handicapped, and the Salvation Army.
