editor's note

The Moscow Summer Olympics are nearly over, and it seems, the Soviet Union has managed to show most of the world, their superiority in sports. That might not have happened if the United States would have reconsidered their decision to boycott the Olympics. I still think that was a travesty and that there are better methods to conduct world diplomacy.

I talked to one person, that I know wouldn't agree with me on this particular subject last week. His name is Kareem, an employee at Oakland University and his homeland is Afghanistan. He's an old acquaintance and has been living in Michigan for approximately five years.

Unfortunately, he's not living here by choice, however. He fears for his life if he were to go back to Afghanistan to his family. He would desperately like to somehow smuggle his family out of the Russian occupied country, but he also realizes that is too risky.

Kareem tells of his father, who was forced to close up the store he owned when the Russians took over. They took everything he owned in the store and now he's living on the meager savings he managed to build-up while in business. The only way he will ever be able to operate his store again is if he joins the Communist Party. Otherwise it's inevitable poverty.

Kareem talks of visiting Iran, maybe attempting to sneak across the border into Afghanistan to visit his family. But he fears the Khomeini regime and doesn't want to end up a prisoner in Tehran.

So what can this well-educated young Afghan do? He says wait. He expects Khomeini will be assassinated or die of natural causes soon. When that happens he expects Russian and American influence to vye for superiority in Iran. The United States won't sit idly by like they did with Afghanistan and watch the Russians invade Iran. It's too valuable with all its oil to not be contested by the United States hopes Kareem. And then just maybe, if the United States wins back Iran, maybe the Communist leadership in Afghanistan and other parts of the Middle East will fade away.

Those hopes are far fetched. But for the sake of Kareem, his family, and others like them, wouldn't it be nice if America could regain its place of prominence in the Middle East.

Don't miss our Voters Guide in this week's edition of The Reminder.

On both the Independence and Springfield ballots there are township proposals requesting additional millage for various activities. At least in the case of Independence, those proposals were placed on the ballot to allow the voters to decide what they felt was

of high priority.

Although all the ballot proposals are of merit, you should carefully study each before voting. You could conceivably add an additional 2½ mills to your tax bill.

Another aspect of the Independence election is the importance of the trustee race on the Republican side of the ballot. There are four trustee slots to be filled. Only one Democrat filed a petition for trustee. Thus the August 5th election is automatically going to elect three of our trustees for the next four years.

letters

Dear Sirs:

On August 5th there are two very important decisions that will affect the very lives of the citizens of Independence Township.

They are millage for our fire department and the emergency medical service and bike safety paths.

I believe they are very closely related because they indicate how large a value we place on human life and loving care for our kids on bikes, and for everyone who may become sick or injured. Just three weeks ago a senior citizen's life was saved by our EMS. Without money it will be reduced or become antiquated.

Without bike paths we will certainly need EMS and tragically, maybe lose one of our precious kids.

Let's get out and vote YES on August 5th, and prove where our hearts and values belong.

Sincerely,
James A. O'Neill, M.D.

Changed Your Phone Number Recently?

Local Veterinarians Save Swan from Certain Death

by Sue Stephens

If courage, strength of will and the dedication of some very special people can reunite a family of swans, then the male swan presently convalescing with Doctor of Veterinary Medicine John Bruggeman will soon be home with his family.

It all began early one morning last week when the Oakland County Sheriff's Department received a call from a private citizen on Cass Lake located in Bloomfield Township. An injured animal had been reported to the Marine Division of the Sheriff's office. But it soon became necessary to call the Oakland County Office of

Animal Control when officers discovered the helpless creature unable to move his head because a fish hook was caught in his head and beak. Frightened and in pain, the swan was also missing most of one wing. It took two men to capture the animal and one sustained minor injuries in the process.

A decision had to be made. Should the swan be put to sleep or should an attempt be made to save his life? For Dr. John Bruggeman and his wife Sue, both veterinarians in Clarkston, there was only one decision. The Bruggemans had successfully treated an injured owl and returned it to the wild. But a swan was indeed a special case for them. After a call to a specialist in anesthesia for exotic birds, the team set to work removing the fish hook and amputating the open and infected wing.

And now, Bruggeman says the swan is doing great! He said, "I'm just amazed that he even lived through surgery." But now, "He is eating, drinking and getting cranky again." The swan was a very unusual case but when John and Sue saw the helpless bird, there was no choice but to do everything possible to save his life.

Carl Anderson, from the Oakland County Animal Control Office said the problem is now to locate a permanent home for the swan. Unable to fly, the swan will not be able to migrate south this winter or any winter from now on. To compound the problem, Anderson said, swans mate for life and his mate and their young are still located on Cass Lake. As a result of the monogamous nature of the swans and the thoughtless behavior of some individuals, the entire family is now in jeopardy. None of the family will migrate without the convalescing father. And unless they are relocated together, the family could die this winter. First, the family must be captured and second, a permanent year-round home must be found for them.

Anderson said the swan probably swallowed the fish hook while feeding among weeds. The hook may have become ensnared in the weeds when a fisherman was fly casting. But the injured wing was outright cruelty, Anderson said. Probably the operator of an outboard deliberately ran down the creature and severed his wing.

Anderson said there are a number of possibilities for the family. They could be relocated to a nearby lake, nature preserve or nature center. Perhaps a group of young people would like to adopt the family and purchase their food for a year. Anyone wishing to adopt this family or make a donation to keep them together, is asked to call Carl Anderson at Oakland County Animal Control, 858-1030.

Don't Miss Out! Order your Clarkston Community Telephone Book NOW!!! and get a Clarkston Area Directory FREE!

Don't you get tired of sorting through nearly three thousand pages (800 pages of yellow pages alone) everytime you want to make a phone call or find an essential service? I know I do, and with the encouragement of many businesspeople and consumers, The Reminder is preparing its first telephone book geared strictly to the Clarkston area.

The phone book, appropriately entitled, "The Clarkston Community Phone Book", will include all listings within Independence Township whether they be 625, 623, 391, 394 or 674 exchanges. It will also include a large advertising section in the back, categorized alphabetically by service headings.

The Clarkston Community Phone Book will also have pages of helpful information like who to call in case of emergency, a place to write frequently called numbers and separate listings for essential services.

Here's my \$2.00, please send me the

Safety Paths Need Volunteers

Anyone who would like to serve on the Citizens for Safety Paths Committee, which is working toward getting the safety path millage passed on the August 5th ballot, can call Joe Figa, 625-5404.

Dobson Open August 25

On Monday, August 25 friends of the Ronald Dobsons, who died in a plane crash with son Tim and daughter Jennifer have planned the first "Dobson Open" - an all day golf outing. In the evening there will be a banquet where the golfers are encouraged to bring their wives/guests for the dinner and program. The open takes place at Spring Lake Country Club.

Proceeds from the Dobson Open will be donated to charity in memoriam to Ron, Tim and Jennifer Dobson.

Tickets can be purchased by calling Brooks Patterson at 858-0646.

LaLeche League to Meet

If your family is awaiting the arrival of a new member, the Clarkston LaLeche League meeting: "The Family in relation to the Breastfed Baby", may interest you. Informal discussion will center on how to manage those first hectic weeks with emphasis on the entire family as well as timely tips for mother and baby. The meeting will be held August 6th, at 7:30 p.m. at 3120 Oakhill Place. For further information, call 634-7957.

Fall Soccer League Organizes

Independence Parks and Recreation is offering a Fall Soccer League for boys and girls ages 6 years through 13. If enough interest is shown for an older age group, games will be arranged. Games will be played on Monday and Wednesday with the games starting at 4:00, 5:30 and 6:30 p.m. The season will start September 8 and will run until October 15, giving each team 10 games during the season and 2 days in case of rain outs.

Registrations will be accepted through August 22.

There will be a manager's meeting for anyone interested in coaching soccer on August 28 at 7:00 p.m.

Halfathon August 10

Independence Township Parks and Recreation and Pine Knob Music Theatre will be hosting their Second Annual Pine Knob Music Theatre Halfathon. The run will take place on Sunday, August 10, beginning at 10:00 a.m. The race will start and end at Pine Knob Music Theatre Parking Lot. Registration for the race will be from 8:00-9:30 a.m. in the parking lot. Awards will be given to those finishing in first through fifth place in each age group, provided there are at least 8 entrants in that category. There will be two distances for the runners to choose from. There will be a 4.6 mile run and a half-marathon. For further information, call Independence Parks and Recreation at 625-8223.

Golfers to Roast Bonds

More than 50 celebrities have been recruited to play in the Fourth Annual Hal Newhouser Michigan Heart Celebrity Golf Tournament on Monday, August 25, and three of them have agreed to lend their wits to roast tourney chairman and WXYZ-TV anchorman, Bill Bonds.

The tournament will be held at the Bay Pointe Golf Club in West Bloomfield.

For more information and ticket reservations, contact Dee Rickard at the Michigan Heart Association, 557-9500.

Calvary Sponsors School

Calvary Lutheran Church, 6805 Bluegrass, Clarkston will present its Vacation Church School August 4 - August 8 from 9 a.m. - noon. Classes are offered from preschool through 8th grade.

This year's theme is "Travels with Jesus". Students will be tracing the steps Jesus took in the Holy Land. There will be crafts, music, recreation and field trips. For more information, call 625-3288.

Free Immunization Clinic

Oakland County Health Division will offer a free immunization clinic in Clarkston at the Knights of Columbus Hall, 5660 Maybee Road, on August 7, 1:00 p.m. to 3:30 p.m.

Immunizations for measles, German measles, mumps, polio, diphtheria, tetanus and whooping cough are available.

A parent or legal guardian must accompany a child under 18 years of age and bring any previous records of immunizations. If you are going to bring a child or children other than your own, a release form must be obtained either from the Oakland County Health Division or personnel at the clinic.

PWP to Discuss Heart Attacks

Single parents are invited to attend the general membership meeting of Parents Without Partners Orion-Oxford Chapter, Tuesday, August 5. Speaker is Cheryl Sunderg of the Michigan Heart Association. She is a cardio-vascular clinical nurse specialist and teaches at Oakland Community College. Her topic "Heart Attack-Before and After-Do You Know What to Do."

For more information, call 628-4494 or 693-7806.

Northern Reunion November 1

Pontiac Northern Class of '65 is holding their 15 year reunion November 1st. For information, call 628-5575.

25th Wedding Anniversary

Mr. and Mrs. Melvin Malverne Hillman of Eastlawn Avenue, Independence Township, will be guests of honor at a 25th Wedding Anniversary Party August 2nd from 2:00-5:00 given by their four children. The couple was married in 1955 at Seymour Lake Methodist Church.

WHAT DOES THE EXECUTOR OF A WILL DO?

"I have been asked to be an executor of my sister's will. What will my duties be?"

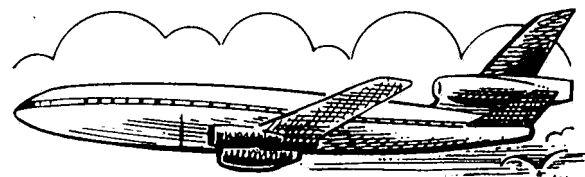

The executor named in a will is the person responsible for managing the after-death affairs of the deceased and eventually distributing his or her property according to instructions in the will. You should be told in advance the name of the attorney who wrote her will.

If you are not an attorney, you should work closely with experts who can help guide you through various federal, state and legal procedures (lawyers, bankers and accountants).

You may also be responsible for making arrangements for the funeral and burial. It is important that you know of any funeral pre-planning by your sister and where her instructions are located.

Your responsibilities with a "small" estate will be less complicated, but states vary in their interpretations of a "small" estate.

Large estates are more complicated and the responsibilities are best carried out under the supervision of a competent attorney.

Residents Take Aim at Ma Bell at PSC Hearing

by Kathy Rush

The battle between Michigan Bell and residents of the 634 exchange wages on. This week the thwarted residents "hit a milestone," said Holly resident, Roger Studley referring to the public hearing held before administration Judge Alfred A. Sullivan, of the Michigan Public Service Commission (MPSC) at the Holly High School. The purpose of the hearing was to take statements and testimony of frustrated residents so that the MPSC can

hold a pre-hearing conference on July 30th in Lansing.

Roughly 120 phone-users of the 634 exchange have filed formal complaints with the MPSC accusing Michigan Bell of unlawful discrimination against them. They maintain the 634 exchange is unable to call hospitals, schools, police, county government -- and for some -- the fire department without the imposition of a long-distance toll charge.

Michigan Bell officials maintain that extending the local zone rate charge for Holly

residents would set Ma Bell back approximately \$1.3 million.

With Forbes magazine in hand, Roger Studley pointed out that in 1978 and 1979 AT&T, parent company for Michigan Bell were number one in profit gross beating out even General Motors -- how could a minimal \$1.3 million hurt this company?" he asked.

Mrs. Diane Davis moved to Holly a year-and-a-half ago. At her request, because of her three teenagers, Michigan Bell installed two phone lines. "When our first phone bill

after moving into Holly was \$527, you can imagine how unhappy my husband was. I called Michigan Bell to have a pay phone installed in my home and they laughed me right off the phone!"

Donna Gillespie, also a Holly resident quoted the Michigan Bell advertisement jingle, "Reach out and touch someone," saying, "everytime I do this it costs me two-five dollars." Mrs. Gillespie maintained that it's cheaper to drive to a Flint business rather than be put on hold when calling there.

Holly business owners contend with the loss of customers resulting from the lack of adequate phone service. Ardeth Regan, owner of Carrie's Corner in Holly, referring to the yellow page advertising, said, "When they let their fingers do the walking, it will be right on past my business, to businesses

that are not a long-distance call for customers seeking buying information."

Nancy Howarth speaking exclusively for the people of Davisburg in the 634 exchange gave this statement for the record. "Davisburg is further fragmented because the Davisburg area includes telephones in the 625 (Clarkston) and 887 (Milford) directories. Davisburg community services, including the Springfield Township Hall, Fire Department and Library, as well as some business people have found it necessary to install 625 telephones in addition to the 634 line to better serve the area. This is an expense that most residential customers cannot justify."

Obituaries:

Banaszewski Kay E.; 7229 Perryville Road, Holly; age 40; died Monday, July 21 at Hurley Hospital. Funeral services held Thursday, July 24 at St. John's Catholic Church, Fenton. Father Bernard L. Reilly officiating. Burial in Hadley Cemetery, Groveland Township. Rosary recited Wednesday at the Dryer Funeral Home, Holly. Marsha Lee Master of T-Ball Strategy

Photos by Charles Tines

by Kathy Rush

Once is not enough! At least it shouldn't be for novice T-Ball coach, Marsha Lee.

T-Ball for those who do not know, is a preparatory form of baseball for beginning players in which the ball is placed on a tee in the batter's box and swung at when a simulated pitch is made. As a first year coach for the Davisburg team, the Cavanaugh Whiz Kids, she led her nine boys and, yes, one girl to a 11-1 record establishing the 1980 league champions.

After this near perfect record, Marsha is undecided about coaching next year. Because of limited time -- three children of

OOPS! Sometimes even coaches swing and miss.

Coach Marsha Lee shows just a little elation over more winning runs.

1980 T-Ball Davisburg league champions the Cavanaugh Whiz Kids. Coach Marsha Lee, John Clark, Jason Coote, Jamie Demerest, Brandon French, Melanie French, Jason Lee, Jeff Rosell, Jay Shepard, Brian Tines and John Williams.

her own, a house in White Lake Township to care for plus a part-time job -- it is understandably so.

Marsha attributes the winning streak to, of course much talent and a lot of luck. The Whiz Kids began practicing approximately four weeks before competing in real games.

"After the first practice I asked what I was getting myself into," Marsha related. "Some of the kids had seldom, if ever handled a mitt before." She went on to say the improvement among her players individually and as a team was notable, to say the least.

It was the Expos that defeated them in their first competition. However, they played this team three times and the Whiz Kids won the second game, the toughest according to Marsha, by a score of 23-22 and then again in the third game by a score of 22-9.

The team was represented by seven and eight year olds from the Davisburg area: John Clark, Jason Coote, Jamie Demerest, Brandon French, Melanie French, Jason Lee (Marsha's son), Jeff Rosell, Jay Shepard, Brian Tines and John Williams.

Two Claim Poem Ownership

The poem "Words" has been the subject of controversy recently. Ralph Halsema sent it to The Reminder, claiming it was an original, and the newspaper published it on July 17. Marion Wood claims it's her poem, and indeed she had it published

in the same newspaper in 1978.

The Reminder's editor, Mike Wilcox said it would be an impossible task to verify authenticity of all the poems he receives.

"We just have to trust people. When they sign their name to a poem, we

expect that poem to belong to them.

Who wrote "Words" we don't know. Both Wood and Halsema claim ownership. They really ought to get together and straighten it out between themselves."

exercise at the Major Training Area in Grafenwohr, Germany.

The training provided soldiers an opportunity to train and test themselves in the field and requalify with various weapons.

Powell is assigned to the 6th Field Artillery in Hanau.

recruit training at the Naval Training Center, Great Lakes, Illinois.

He joined the Navy in April 1980.

Marine Pvt. David P. Henning, son of American Martinez of 5040 Linholm, Davisburg, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

He joined the Marine Corps in March 1980.

Navy Seaman Recruit Roger M. Bradley, son of Lionel J. and Carol S. Bradley of 6334 Snowapple, Clarkston, has completed recruit training at the Naval Training Center, Great Lakes, Illinois.

A 1979 graduate of Clarkston High School, he joined the Navy in April 1980.

Gorsline Endorses Cagney

Robert Gorsline, District 2 County Commissioner announced his endorsement of LeRoy Cagney for District 2 County Commissioner in the Republican primary. "It takes hard work, political savvy and a working knowledge of government to be an effective representative for Western Oakland County. I know Roy Cagney meets those criteria," said Gorsline.

VOTERS GUIDE

For Independence and Springfield Townships

Pages 11-22

General Primary Election Tuesday, August 5, 1980

Springfield to Vote on Roads, Library

About Our Voters Guide

The Reminder, in this, it's Special Primary Election edition, profiles the candidates with primary opposition.

For the office of clerk, incumbent Chris Rose, who was elected in 1976 and 1978 as a Democrat is now running for re-election as a Republican. His primary opponent is Ralph Chambers a long-time township resident and salesman.

Also on the Republican ticket, seven candidates are vying for four trustee positions. The candidates are Larence Kozma, Lynn Mead, incumbent Jerry Powell, Dale Stuart, incumbent Michael Thayer, Daniel Travis and incumbent William Vandermark.

PRIMARY ELECTION BALLOT INDEPENDENCE TOWNSHIP

		William Vandermark

SPRINGFIELD TOWNSHIP PROPOSAL NO. 1 ROAD MILLAGE

Shall one mill levy upon all property within the Township of Springfield, County of Oakland, be established for a period of five years for the years 1980 through 1984 inclusive, for the purpose of providing additional funds to be used solely for the repair and resurfacing of paved roads, repair and resurfacing of gravel roads and for dust abatement on gravel roads in the Township?

SPRINGFIELD TOWNSHIP PROPOSAL NO. 2 LIBRARY MILLAGE

Shall the Township of Springfield increase the general ad valorem tax limitation on real and personal property by \$1.00 per \$1,000.00 of State Equalized Valuation through the levy and collection of up to 1 mill tax for a free public library, to be effective for a period of five years, 1980 through 1984 inclusive, to be known as the library fund to be used for the purpose of establishing, supporting and maintaining the Springfield Township Library as a free public library

by Kathy Rush

Springfield Township voters will have two different millage proposals on the ballot in August. One proposal is to increase the general ad valorem tax limitation on real and personal property by \$1.00 per \$1000 of State Equalized Valuation allowing the levy and a collection of up to one (1) mill tax for a free public library -- effective for five years.

Springfield Township Supervisor, Collin Walls emphasized that "if this millage does not pass it will not mean the closing of the library."

However, Walls did site three specific reasons for the necessity of the proposal.

1. There is a need for more secure funding for the library in order to take on new projects -- especially now that the library is becoming a more widely used asset in the community. Presently, the library is funded by a portion of the township general fund which, in turn, is established at the annual township meetings. If the millage passes,

the library will have their own fund and will not obtain money from the general fund.

2. Should the Tisch Amendment pass, as Walls firmly believes it will, the revenues for fire and police protection will be drastically reduced forcing the general fund to contribute money to maintain the present level of service in these operations. The library, naturally would have to take a back seat to these two vital services. Walls said, "I anticipate with the reductions from the Tisch Amendment and the loss of State and Federal funds that our General Fund revenues could be reduced as much as 30 percent."

3. Last, but not least, is the fact that the library board would know the precise amount of money they have to work with for the entire year. This would enable them to plan ahead.

The second proposal to be directed to

Springfield Proposals *Continued From Page 11*

voters in Springfield Township is for a one (1) mill levy to be established for five years for the purpose of paving repair, gravel repair and dust control. "Springfield Township does not anticipate any large scale paving project with funds collected from this special road millage. We do anticipate a program of ditching, crowning and graveling," said Walls.

Without a specially voted millage, the only time property taxes can be used for roads is when the township board can find funds from its general revenues, or if some residents decide to enter into a special assessment

district project.

Oakland County Road Commission has been doing as much as they feel they can with its share of the State collected gas and weight taxes. However, gas and weight tax revenues are decreasing at a time when costs to the Road Commission are increasing.

Walls said the proposed increase is to "improve the roads we now have plus make them safer. It was put on the ballot to give residents of Springfield a chance to vote on an important issue. The township board does believe it is necessary."

Two Police Proposals on Independence Ballot

INDEPENDENCE TOWNSHIP PROPOSAL NO. 1 POLICE MILLAGE RENEWAL

Shall Independence Township extend the existing one (1) mill levy for police protection, presently levied through 1980, for an additional ten (10) years, that is 1981 through 1990. Such levy is in excess of the Constitutional limitations as set forth in Article IX, Section 6 and Sections 25 through 34?

INDEPENDENCE TOWNSHIP PROPOSAL NO. 2 POLICE MILLAGE PROPOSAL

Shall Independence Township levy an additional one (1) mill for police protection, for a total of two (2) mills, for the next 11 years, that is 1980 through 1990. Such levy is in excess of the Constitutional limitations as set forth in Article IX, Section 6 and Sections 25 through 34?

The subject of police protection has been a major topic of conversation for many Independence Township residents in the past year. This year, voters will have a chance to express their opinion at the polls by means of two separate police millage proposals.

The first proposal renews the existing one (1) mill for an additional ten years (1981-1990). Independence Township Clerk, Christopher Rose stressed that "this proposal is not an increase but just a continuation of the millage already in effect." This money will be used to fulfill the existing contract with the Oakland County Sheriff's Department.

The second police protection proposal, however, requests an additional one (1) mill to be levied for a total of two mills for the next eleven years (1980-1990). This one (1) mill increase, according to Rose, is "necessary to enable the Township to provide additional Oakland County Sheriff services," which he feels are needed. "We are just making do with the police services now in effect."

Lieutenant Hubble of the Oakland County Sheriff's Department also believes the one mill increase is a necessary action. "From our viewpoint it takes nine policemen to adequately cover Independence Township for a 24-hour shift. Currently, the Township contract calls for six men forcing us to supplement with three more." Due to vacations and sick days Hubble said, "It's important for the millage to pass to make available back-up positions and to have two cars available at any given time."

One-Half Mill Proposed to Construct Safety Paths

INDEPENDENCE TOWNSHIP PROPOSAL NO. 3 SAFETY PATH MILLAGE PROPOSAL

Shall Independence Township levy one-half (1/2) mill for the acquisition of right-of-way and the construction and maintenance of safety paths within the Township the next ten (10) years, that is 1980 through 1989 inclusive. Such levy is in excess of the Constitutional limitations as set forth in Article IX, Section 6 and Sections 25 through 34?

A 1/2 mill proposal to allow for the phased design construction and maintenance of a safety path system is also on the August 5th ballot.

Proponents of the proposal say the cost of the 1/2 mill will be approximately \$15.00 per household per year, based on an average assessment of \$30,000.

It costs between \$40,000-\$60,000 per mile to construct asphalt safety paths. The Safety Path Advisory Committee, which was formed in 1978, gained approval earlier this year by the township, to budget approximately \$75,000 from Community Block Grant and federal revenue sharing funds for the construction of safety paths on Sashabaw Road, from Maybee Road to Clinton Drive.

Also earlier this year the township approved a Safety Path Master Plan, which proponents expect to be completed by 1990.

The goal of the committee is to plan for a safe and efficient means of non-motorized travel throughout the township. The master plan provides for safety paths along all major roads, connecting population centers with school, commercial and recreational areas.

Fire Department Needs Additional Mill to Boost Budget

INDEPENDENCE TOWNSHIP PROPOSAL NO. 4 FIRE MILLAGE PROPOSAL

Shall Independence Township, including the Village of Clarkston, levy an additional one (1) mill for fire protection, for a total of (3) mills, for the next 9 years, that is 1980 through 1988. Such levy is in excess of the Constitutional limitations as set forth in Article IX, Section 6 and Sections 25 through 34.

On August 5th, voters in Independence Township will be asked for an increase of one (1) mill for fire protection for a total of 3 mills for the next nine years (1980-1988). Fire Chief "Tink" Ronk says this millage is needed because of "inflationary costs." "The budget as it now stands is less than adequate."

Should this millage proposal pass in August, the money will be used to "provide the present level of fire protection to the community, continue to employ first-rate responsible personnel, and hopefully update some of our equipment and fire stations to maintain fire protection," added Ronk. Specifically, the updated equipment would include the fire-fighting apparatus itself plus fire equipment used for personal protection of Township fire-fighters.

"It's time for a POSITIVE CHANGE"
Independence Township Trustee
REPUBLICAN PARTY

I would welcome the chance to share my views on critical issues facing the township. All interested voters can reach me at 394-0520.

Paid for by Elect L.E. Mead Committee

The running of the township government has become very complex and in the future will become more complex. Our township is growing and is on the verge of a sharp rise in population. I feel the time has come to hire a professional township manager who has not only an academic background, but a proven strong work record with proven accomplishments in a type of municipal government setting. The full time members of the board should revert to a trustee status and the board should act only as an advisory policy board. The new and old members of the board do not have the expertise to run a large township. Too much time is spent learning the job and the township pays for their mistakes.

We need to upgrade and maintain a strong fire and police program. For the benefit and protection of our township.

We need to work closely with the Village of Clarkston and the Clarkston School System for the benefit of the township as a whole.

We need to regulate the growth to protect our property values and maintain a good way of life.

We need to establish a system to upgrade and improve roads.

We need to work to resolve the problems with Pine Knob.

Voters Guide

Chambers, Rose Battle for Republican Clerk Nomination

Topics:

Reasons for seeking election.

Competency and leadership of current Board.

The proposed Pine Knob Hotel. Should it be built?

Should the township allow additional gravel mining?

Ralph Chambers

Ralph Chambers of 6196 Paramus, is salesman for car dealership. Past Oakland Christian School Board member, Oakland County Child Evangelism Fellowship board member and charter officer of Clarkston Area Jaycees.

I felt I could be of a benefit to the community. And if I was going to have the kind of influence I wanted, I had to be on the Board.

I have confidence in the people we have placed there (on the Board). The things that are important to me, are the same things that are important to them, with a few exceptions.

It use to be years ago you could do most anything on your own property. But, at that time, most people didn't want to do anything that would offend their neighbor. Now it's different. I don't think there has to be as many restrictions and regulations, yet there does have to be somebody that officiates. When the people say "no", I think that should stick.

I don't see anything wrong with mining gravel on your own property with the exception when it hinders or harms your neighbor. Then I would oppose it.

Christopher Rose

Christopher Rose, 29, of 6767 Snowapple, Independence Township Clerk since 1976, graduate of Clarkston High School and U of M. Member of Clarkston Village Players, Clarkston Community Historical Society, Clarkston Area Jaycees, Michigan Week Committee.

My primary objective has been to listen to and work for the residents of the township. I enjoy what I'm doing. It's challenging.

There is room for improvement. Often we react instead of act. We put out fires as they come up.

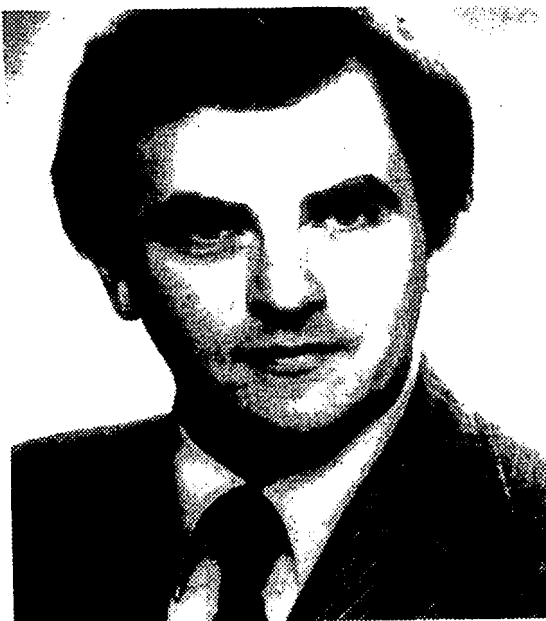

It's too bad they want to build it in Independence Township. Many areas would welcome it. But I don't see it as the way Independence Township should go. I don't think it would be a positive force in the community. It would encourage other development that isn't as good.

Our current gravel mines have caused a great deal of problems and I don't see how this (the proposed Levy operation) will be any different.

**Clerk's Race
Continued
From
Page 14.**

**Ralph
Chambers**

Do you favor an Economic Development Corporation (EDC) for the Township?

I'm not completely informed. From what I've read, I probably would have went along with it.

Are you satisfied with the present police service - contracting with the Sheriff's Department and do you favor the renewal and additional 1 mill on the ballot for police protection?

We are paying double. We give Oakland County over \$10 million. Then they turn around and charge us for police services. I think eventually we should evolve ourselves back into our own police services. But right now it's just cheaper to buy county. As far as additional millage, I think we furnish enough money to Oakland County already.

In lieu of the fire department's financial problems do you favor passage of the additional 1 mill for fire protection that's on the ballot?

The fire issue is the most important to me.

Do you favor the 1/2 mill on the ballot for safety paths?

I think safety paths are important.

Any other issues you'd like to discuss?

One out of 4 people in our whole township are dependent on the Pontiac auto. I think it would behoove us next time we consider purchasing an automobile, to buy Pontiac or GMC. That's what we can do best to help our economy.

**Chris
Rose**

An EDC principally exists to promote growth. Our township is growing. We don't have to provide the extra incentive to bring people in.

I think we are getting much better coverage and service. The deputies are making much more of a commitment because they know they are here to stay. The renewal we absolutely have to get passed. The extra mill would allow us to get more deputies and better service.

I'm hoping the fire millage will pass also. I don't think it is as critical as the police millage, because we currently have 2 mills (versus 1 for police) but it would be very useful.

I'm hoping the 1/2 mill for safety paths will pass. It will benefit the community for years and years to come.

Probably the major item we will face the next few years is what we do with our tax monies. We will have less money to work with.

Jim

Experienced
Effective

Pd. for by Independence Residents for Responsible Government, 6498 Phelan Dr., Clarkston, MI 48016

The need to bring RESPONSIBLE, ORDERLY, and EFFECTIVE government to Independence Township has brought together a group of dedicated local citizens who are endorsing seven candidates for election in the August 5th primary. We call our group "Independence Residents for Responsible Government", and our membership is from throughout the township.

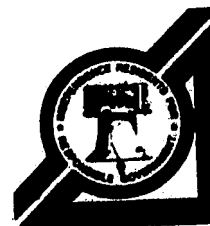

We are concerned that the majority of the current township board has not acted responsibly to assure that the quality of life for which we all settled here will be protected from such incompatible development as gravel pits and high-rise zoning.

After reviewing the candidates seeking election, we have chose to endorse seven as those we believe to be the most capable and dedicated to preserving the clearly-voiced values of township residents.

These are the seven candidates we endorse:

Jim Smith - Supervisor
Chris Rose - Clerk
Carol Balzarini - Treasurer
Dan Travis - Trustee
Bill Vandermark - Trustee
Larry Kozma - Trustee
Dale Stuart - Trustee

Republican

Paid for by: Citizens to Elect Lawrence R. Kozma, 5190 Woodcreek Trail, Clarkston 48016

Seven Republican Compete for 4 Trustee Seats

Kozma

REPUBLICAN TRUSTEE CANDIDATES

Larence Kozma, 31, of 5190 Woodcreek Trail. Is an assistant prosecuting attorney for Oakland County. Graduate of CMU and Detroit College of Law. Member of Michigan State Bar Association, American Bar Association and Oakland County Law Enforcement Association.

Mead

Lynn Mead of 5495 Boyne Highland Trail. Is food services instructor at NWOVEC. Graduate of Northeastern University and Wayne State. Member of Air Force Reserves and formerly a reserve police officer for the township.

Stuart

Jerry Powell, 35, owner of Ben Powell Disposal. Member of Independence Township Board 8 years, Zoning Board of Appeals 5 yrs, Planning Commission 3 years. Past president of Clarkston Area Jaycees.

Dale Stuart, 38, of Mustang Drive. Attorney with Langs, Schatzberg, Patterson and Langs. Graduate of Avondale High School, Lawrence Institute of Technology and Detroit College of Law.

Thayer

Michael Thayer, 44, of 46 Orion Road. Repairman and installer for Michigan Bell. Attended Clarkston High School, EMU and NMU. Township trustee 2 years, Clarkston Village trustee 6 years. Member of Independence Township Fire Department 23 years, Clarkston Area Jaycees and Oakland County Sportsmen's Club.

Travis

Daniel Travis, 39, of Perry Lake Road. Sales representative for Laclede Steel Company. Member of Engineering Society of Detroit, Oakland County Sportsmen's Club and American Cancer Society.

Vandermark

William Vandermark of 6594 Cherrylawn. Is a process engineer for Borg and Beck. Independence trustee 2 years.

Reasons for seeking election.

Kozma

I think this community is at a crossroads. There is going to be development here. There is no way it can be stopped. But, I'd like to see that development molded or controlled. My education and employment experience, as well as my past involvement within the community provides me with the background to handle development and other issues.

Powell

I think I can bring experience to the Board. It needs some continuity.

Mead

I went to a lot of meetings and was quite upset about how the Board handled the policing of the township. I guess I was tired of hearing myself complain...I decided to go in and see if I can offer any changes. I also have a deep interest in the way the township's going to develop.

Competency and leadership of current Board.

They are reacting to punches being thrown at them. They react instead of lead.

Until you are there on the hotseat, it's easy to criticize. Nobody can say this Board is not fiscally responsible.

You can sit in a board meeting and watch the bickering and arguing. The fulltime officers don't even communicate. They can't agree if it's 8 o'clock in the morning.

The proposed Pine Knob Hotel. Should it be built?

My position was not to totally stop Pine Knob and their hotel...but they made it very clear that they wanted it their way. They made no room for alternate plans.

I don't want to talk about Pine Knob because they are currently asking for two variances before the Zoning Board of Appeals (on which Powell sits).

The problem I see, if Pine Knob wants the hotel, they can have it, according to current legal opinions. I don't particularly want it there. If we would have had professional leadership, maybe we could have struck a compromise. Now, instead of a hotel, we have a damn amusement park.

Should the township allow additional gravel mining?

I definitely don't want to see Independence become the second Gravel Pit Capital of the World. We are finally getting together an ordinance on this, but it's coming a little late. It's reacting to a knock-out punch.

I'm frankly opposed to any kind of expansion of gravel pits. We have been to court with all four gravel pits in the community at one time or another. It's easy to come in to the Board and present a beautiful picture, but no one seems to follow through.

Gravel mining does more environmental damage than anything. But if they own the land, how can we legally say they can't do it?

Are you satisfied with the present police service - contracting with the Sheriff's Department and do you favor the renewal and additional 1 mill on the ballot for police protection?

It was good to settle the problem one way or another. The two departments were clashing. Going with the Sheriff's Department was providing people more for their money. It's really not a loss of local control. We definitely need the renewal. If people want the additional millage, fine. I'm not against it.

I was the one in 1976 that said we should form our own department. That proposal failed 3-2. But over the years everybody reevaluates their decisions and I now think the Sheriff's Department is best for us, economically. I'm really in favor of the additional mill. With that we could add 4 or 5 more deputies. We're just way understaffed, right now.

I'm a former reserve police officer and I don't believe in outside hired help. A township of this size should be able to stand on its own 2 feet. We are living on borrowed time, especially with just two deputies floating around. I'd like to see our own police department eventually reinstated. Yes, we've got to have the extra police millage.

In lieu of the fire department's financial problems do you favor passage of the additional 1 mill for fire protection that's on the ballot?

It is a bad situation when you're closing down fire stations. It appears that the extra mill may be one of the ways to bail the fire department out, therefore I'm not opposed to it.

I'm in favor of the one mill additional for the fire department. We can't let Emergency Medical Services (EMS) be cut. We have worked hard to open the 3 stations, and now should keep them open.

We have a fire department we can really be proud of. We got to continue EMS. If you reduce the millage and try to save money, you are playing with peoples' lives.

Do you favor the 1/2 mill on the ballot for safety paths?

I think they are a good idea. They will be a return in the way of property values, for the safety of our children and also it's a nice way to get around the township.

I don't know about safety paths. The people are going to have to make that decision.

I can't support it at this time because we need to get our police and fire departments in order. I'm not opposed to bike paths per se, I'm just wondering about the timing. We have to get the other problems resolved first.

Stuart

Because of my experience and training, I think I can offer balance. I feel that I'm not looking at issues with blinders on. I feel an elected official should be a representative, not a delegate. He should vote the way the majority of the people want, not necessarily how he feels.

Thayer

I have enjoyed being in the process of running the government, and doing something for your own community.

Travis

I've lived here 12 years and have seen a lot of candidates and officers come and go, and have gotten a general feeling that they didn't like the way things were going. Plus, I began complaining at meetings and thought I could contribute on a more solid basis by participating in government on the inside.

Vandermark

I feel a desire to serve and I have and can very effectively represent the citizens of this community, particularly with reference to zoning and planning decisions.

Certainly some of the members of the current Board lack leadership. I think this Board many times has been out of step with what the people want.

I think leadership is there, but sometimes we don't take the time to step back and get some fresh ideas.

I think our township has grown so much, that the pressures put upon it, can't be dealt with, without some pretty expertise handling. I don't like what I see. We have to have a business-like approach, particularly with the handling of funds.

As a group the Board lacks positive leadership. That is particularly evident in the appointments made to the planning commission. That is the weakest part of our government right now. I don't believe it (planning commission) is representative of the community.

I feel very strongly that the hotel is not in the best interest of this community. It would not serve the community well. In fact it would be a burden. You can't build that kind of attraction and not require more township services.

As far as a high rise, I'm opposed. If we have a height restriction, we should stick with it. Several years ago we approved a hotel on that site. But a massive 600-room hotel, I don't see it surviving...especially on top of that hill it would look out of place.

I'm in favor of maintaining a 35' height limitation. I think the public has stated rather conclusively that they are not in favor. I don't know what they (Pine Knob) want out of us. It's a constant source of problems.

I think ultimately what Pine Knob is looking for is a theme park type of development, i.e., Kings Island. I don't think that kind of concept fits in with the character of the community, nor does it fit our zoning or master plan.

On the basis of what it would do to landscape and environment, I would like to see that this type of operation didn't come into existence. Yet I don't want them (the Board) to spend thousands of dollars in legal fees to placate the community if it looks like they are going to lose in court (to Levy).

I guess in some places where we have wide open spaces I'm not opposed. But where they are proposing it now, I'm opposed.

I am opposed. I don't think the township needs it.

I strongly oppose that kind of development. It will simply destroy the ecology and environment. It's contrary to our zoning plan. It does not conform period.

It's the most economical way. We have got to provide adequate police protection. It's just not one of those things you can bargain with. I would support the re-instatement without question. I haven't heard enough on the additional mill to give a good answer. If I'm convinced they need it, I will vote for it.

Not really. There is always the possibility the county could pull the rug out from under us...and we would have to start over again. I support the additional millage because if it passes we will have money set aside for additional police.

I'm all in favor of it. The coverage is excellent. I've heard no complaints. I want the renewal, but I haven't made up my mind about the additional. Every additional mill must be scrutinized.

It is a very good arrangement -- the most efficient arrangement we could come up with. Certainly it worked out better than we expected. I favor both millages, particularly the renewal which is an absolute necessity.

I'll support the mill because I believe you have to have necessary fire protection for the community. But that doesn't mean I believe in carte blanche spending for the fire department. The fact that they are running out of money and have for 2 years is disturbing.

I'm in favor of the additional fire millage. We have been running with just the bare minimum. Our equipment is starting to get old and needs to be replaced. It's almost becoming more of a medical unit, rather than a fire department, and I don't think you can put a price tag on lives.

I support the 1 mill. I have watched a lot of good people volunteer a lot of good time. Perhaps with the mill they can get a leg up and hire the fulltime man they need.

It bothers me that the fire department got into such bad shape. They should have cut their costs and not waited until it was a panic situation. 1 mill is too much. I'm inclined to think if it is approved, we are going to see more expansion of the fire department. It will not improve our fire rating or decrease our fire insurance. Essentially, it is not cost effective.

I don't oppose it, but I question this community spending tax dollars on nice little projects when we got a fire department that is running in the red and have miles and miles of gravel roads.

After working in Avon Township and seeing what they got, and the number of people using them, yes I would favor it. It gives people a place to be without being right alongside the traffic.

If you have traveled like I have on bike from Perry Lake Road to the Village, you know it is a real hazard. Safety paths are really needed.

I strongly support it. It's the best buy for your tax dollars on the whole docket. The creation of well-planned safety paths would enhance the character and lifestyle of the community.

PUBLIC NOTICE

INDEPENDENCE TOWNSHIP
REGISTERED VOTERS MAY VOTE ABSENTEE BALLOT IN THE AUGUST PRIMARY ELECTION IF THEY QUALIFY IN ONE OF THE FOLLOWING CATEGORIES:

I expect to be absent from the community in which I am registered for the entire time the polls are open on election day.

I am physically unable to attend the polls without the assistance of another.

I cannot attend the polls because of the tenets of my religion.

I have been appointed an election precinct inspector in a precinct other than the precinct where I reside.

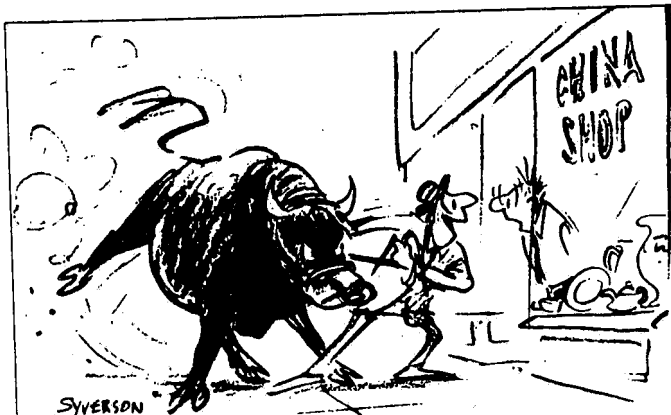

I am 60 years of age or older.

I cannot attend the polls because I am confined to jail awaiting arraignment or trial.

Independence Township residents who qualify and wish to vote Absentee Ballot should call the Clerk's Office at 625-5111 or write the Clerk at 90 North Main Street, Clarkston, MI for an application for Absentee Voter's Ballot.

The deadline for applying for absentee ballots to be mailed is August 2, 1980 at 2:00 p.m. However, voters qualified to vote absent voter ballot may vote in the Clerk's Office up until 4:00 p.m. on August 4, 1980.

Christopher L. Rose
Independence Township Clerk

County Parks Renewal on Primary Ballot

Parks and Recreation Renewal of One-Quarter (1/4) Mill for the Purpose of Acquiring, Developing and Maintaining Parks and Recreation Areas in Oakland County, Michigan

"Shall the constitutional tax limitation on the total amount of general ad valorem taxes which may be imposed each year for all purposes upon real and tangible personal property in Oakland County, Michigan, be increased as provided in Section 6, Article IX of the Constitution of Michigan for a period of five (5) years from 1982 to 1986, both inclusive, by one-quarter (1/4) mil, twenty-five (25¢) per One Thousand (\$1,000.00) Dollars of the assessed valuation as finally equalized for the purpose of acquiring, developing, operating and maintaining parks and recreation areas in Oakland County, Michigan? (such increase being a renewal of the one-quarter (1/4) mil increase which expires in 1981)?"

More than one million people are expected to visit the Oakland County Parks this year.

Oakland County Parks and Recreation Commission officials point to this fact along with high gasoline costs and increasing unemployment as reasons to support the parks millage renewal on August 5.

"Many families will not travel long distances for vacations this summer but will seek recreation closer

to home," says Oakland County Parks and Recreation Commission chairman Lewis E. Wint.

The unemployed, he adds, are unlikely to completely give up their leisure pursuits. The need for recreation for people with time on their hands should intensify, he points out.

Since 1973, the attendance at Oakland County Parks has increased 147 percent. In 1979, some

912,500 people visited the eight parks.

The statistics point to the fact that the people of Oakland County want, need and use their parks, says Wint.

The millage proposal calls for renewal of a one quarter mill, or 25 cents per \$1,000 equalized valuation property tax.

The current millage expires December 31, 1981.

The parks commission received unanimous approval by the Oakland County Board of Commissioners to place the parks millage question on the ballot. The request was made for this year because

there is no regular county-wide election scheduled for 1981.

In addition, and more importantly, a renewal now would provide the opportunity for the parks commission to plan for the inevitable increased demand for leisure services through the next decade, according to R. Eric Reickel, manager of the Oakland County Parks.

The five-year millage has been approved three times.

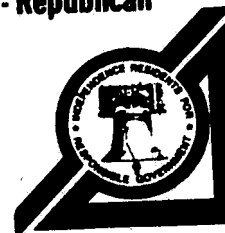

For 15 years, no extra tax has been requested, said Reickel.

In the last vote in 1976, the millage was approved by more than a 2-1 margin.

RETIREMENT

When retirement came
I took to the sea,
This voyage in dreams
Has come true for me.

Hard work and worry
A part of my life,
The end of the chapter
The end of the strife.

The island ahead
A beautiful place,
So different from cities
With fast moving pace.

As the ship laid to rest
On this wonderous isle,
I was a young man
And thought for awhile.

Why is he idle
In this noon day sun,
Is there no job
Or task to be done.

I asked him this question
and he did reply,
"There's plenty of work
But no reason why."

"I sit 'neath this palm tree
With nothing to do,
But drink from the coconut
And live my life thru."

I told him my life
The hard work and sweat,
The years on the job
The rewards you can get

The money, the cars
To live for yourself
Then to finally retire
And there's something else

"You can sit 'neath this palm tree
With nothing to do,
But drink from the coconut
And live your life thru."

The Findlay Insert More heat from your fireplace.

Converts an open fireplace into a
beautiful, efficient, convection heat
exchanger. Burning wood, it quickly
pays for itself with the normally wasted
heat it saves. The Findlay Insert draws
cool air from the lowest louvre of the
fire box and converts it into clean hot
air and by natural convection it is
circulated into the room.

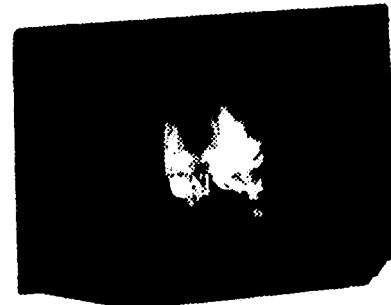

The airtight, all steel constructed
convection heat exchanger provides
more heat from your fireplace. The
built-in baffle system captures the
maximum amount of heat returning it
to your room. And you still enjoy the

"cheer" of an open fire through the
glass door. The Findlay Insert provides
a 9" cooking surface for your conveni-
ence or in the case of a power failure.
So easy to install. Normally there's no
masonry work required.

The Findlay Insert fits most fire-
places. Just clean out your fireplace
and open (or remove) the built-in
damper. Slide the insert in and adjust
the rear bolts for level installation.
Move the insert back slightly, install the
insulation into the front plate, and now
slide the insert all the way in. That's
all there is to it.

Sunday afternoon Jon and Barb Abbott hosted the 10th annual Rolls Royce Picnic at their home on Paramus Street in Clarkston. Over 110 club members from Michigan, Ohio and Canada gathered in the Abbott's backyard to party and exchange ideas concerning their unusual autos.

The Abbotts themselves own a 1947 "Silver Wraith". This Rolls Royce was the 8th car made following the second world war. The car was priced at \$20,000 when newly purchased in '47.

Barry Young of Barry Young Real Estate who also had a hand in coordinating the picnic arrived via his 1967 "Silver Shadow" Rolls.

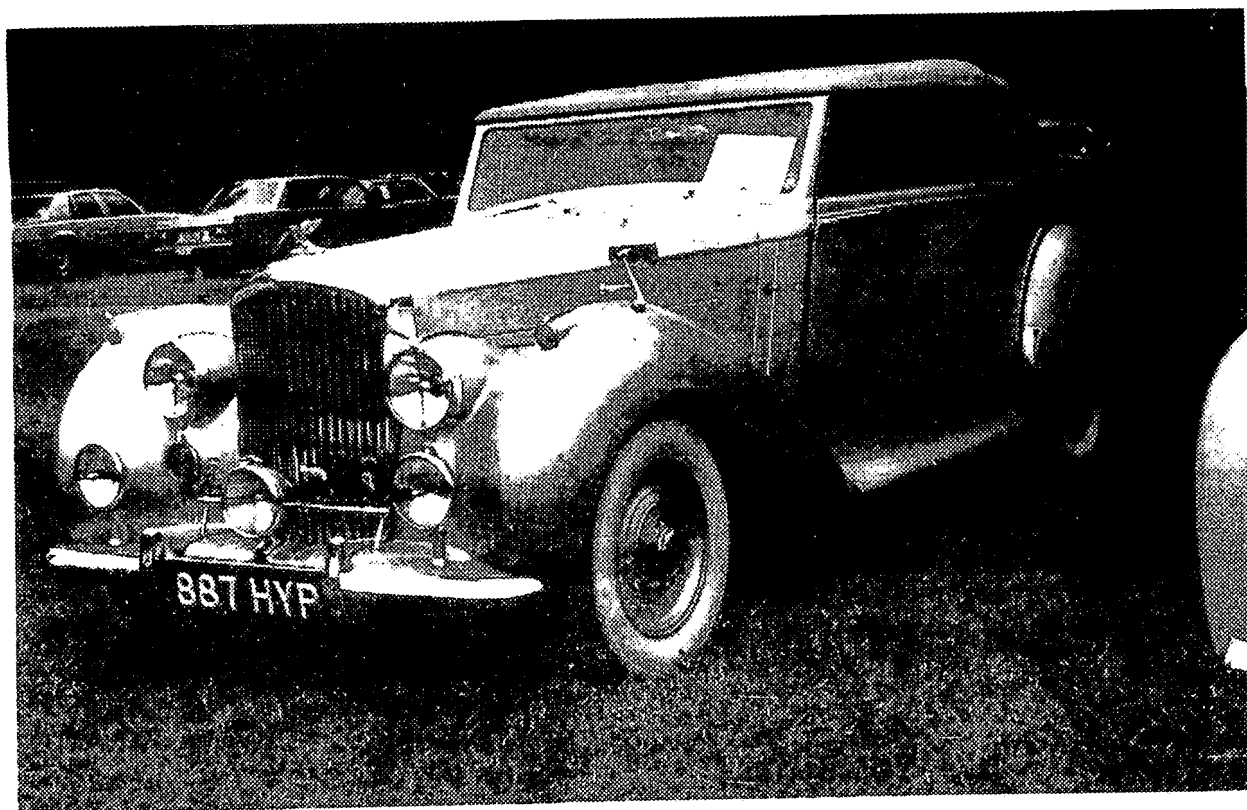

Another rare vehicle that arrived on the scene was driven by owner Lon Harmon, also of Clarkston. On the way to Abbott's home, though, his 1950 Bentley MK6 had some difficulty shifting into 2nd gear. In checking out the gear box, Harmon, much to his surprise, discovered the problem. Approximately 75 dog milk bones had been stored in the box by either squirrels or chipmunks.

It's A Rolls Royce Party

CENTRAL PORTION BOX STYLE

NEW ENGLAND STYLE PLAN RESEMBLES OLD ADD ON HOUSE

© By W. D. Farmer

The old fashioned foyer to this plan includes an open rail straight stair to the second floor. There is an isolated living room, or parlor and the family room extends the full width except for a wet bar and convenience half bath. A fireplace is shown and access to the deck is included here. The kitchen, dining, breakfast garage and laundry are in a wing. All of the rooms are very adequately sized and the laundry area shows cabinets and freezer area as well as space for the washer and dryer.

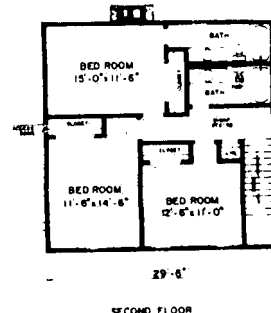

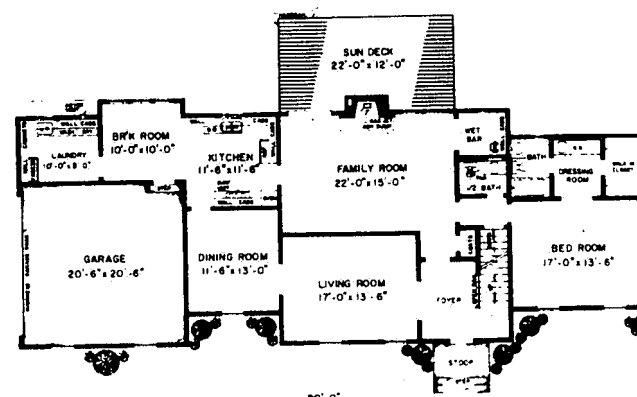

The master bedroom suite is provided with a dressing

room, private bath and a large walk-in closet. This room is also in a wing to itself.

There are three bedrooms up, along with two full baths with a vanity. Closets are well distributed and a disappearing stair is shown to the attic storage.

The New England exterior is constructed of horizontal wood siding. The ornate entrance frame, gable roof and shuttered multi-lite windows all enhance its beauty.

The plan is Number 2643. It includes 2,687 square feet of heated area. All W. D. Farmer plans include special construction details for energy efficiency. For further information on plan 2643, write W. D. Farmer Residence Designer, Inc., P.O. Box 49463, Atlanta, Ga. 30359.

ELECT *****
LeROY

CAGNEY

DISTRICT 2
COUNTY COMMISSIONER
REPUBLICAN

Endorsed by retiring Commissioner BOB GORSLINE...

Bob says, "It takes hard work, political savvy and a working knowledge of government to be an effective representative for Western Oakland County. I know ROY CAGNEY meets those criteria."

"ROY has practical experience as a small businessman and knows the value of hard-earned dollars. He will be fiscally responsible."

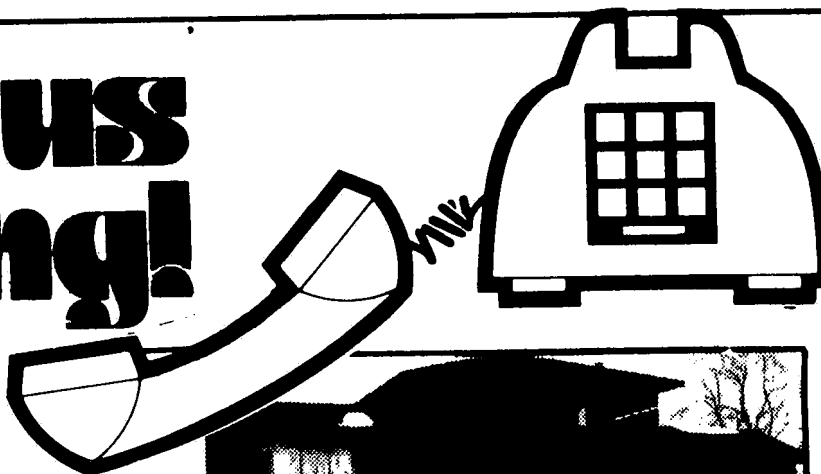

"ROY'S personal experience as a local official has given him insight into the needs and problems of communities throughout the 2nd District."

Paid for by Citizens for Cagney for County Commissioner, 956 South Main, Milford, Michigan 48042

1970 CHEVY Impala station wagon. Power steering and brakes, air. Clean, runs good, \$750 or best offer. 444-4444 after 6.

1 IDENTIFY
Abbreviations may be clear to you, but they're not to a prospective buyer!

2 DESCRIBE
Give enough basic information to get the reader interested.

3 DON'T EXAGGERATE
Make your pitch attractive but also make it believable.

4 INCLUDE PRICE
Research shows price promises greater response. If price is negotiable, say so.

5 BE HOME
Specify the hours you can be reached. Some people will never call back if they can't reach you the first time.

It's easy! Fill in the blanks at right with what you want to see in print. Complete and clip coupon sending it along with your check or money order, 10 words or less, just \$3.00 for two weeks: 20¢ each additional word. (Zone 2 Prices Only.)
To run your ad in both Zones 1 and 2 paper, the price is \$5.00 for 10 words or less, 30¢ each additional word.
