### School Officials Recommend Closing of South Sashabaw

by Mike Wilcox

Over one hundred concerned citizens packed North Sashabaw Elementary School Monday night to hear why Clarkston School officials felt South Sashabaw Elementary (directly across Maybee Road from North Sashabaw) should be closed.

A final decision to keep open or close the elementary will most likely be made at the March 8 School Board meeting. Monday's meeting was actually a public forum in which

school officials and citizens could express their opinions.

And express they did.

A spokesperson for the Executive PTO Board of Sashabaw Elementary said, "We are disillusioned by the lack of commitment to put the children first."

"We do not agree with your strategy or your priorities," she said. "Redistricting approximately 140 students is a drastic step...The savings are too little to justify this major reshuffling of our neighborhoods..."

Continuing, the PTO offered several alternatives at which they suggested the Board take a look:

1. Eliminate paying bus drivers overtime for non-league games.
2. Eliminate or reduce administrative expense accounts and automobiles.
3. Sell the hundreds of acres of vacant land the school owns.

An overriding concern for many people at the meeting was the seven percent salary in-

creases received by central office administrators within weeks after the additional millage was passed last year.

"We feel very dissatisfied and disgruntled with the outcome of that maneuver (seven percent pay raise)," said the PTO.

Superintendent of Schools Milford Mason said declining enrollment and economics led him to approach the Board about closing South Sashabaw.

According to Mason, elementary enrollment has declined from a peak of 3759 in 1971-72 to 2770 this year. Losses have been particularly heavy in the Pine Knob/Sashabaw area. "Projections indicate we will continue to lose the next couple of years before they stabilize," he said.

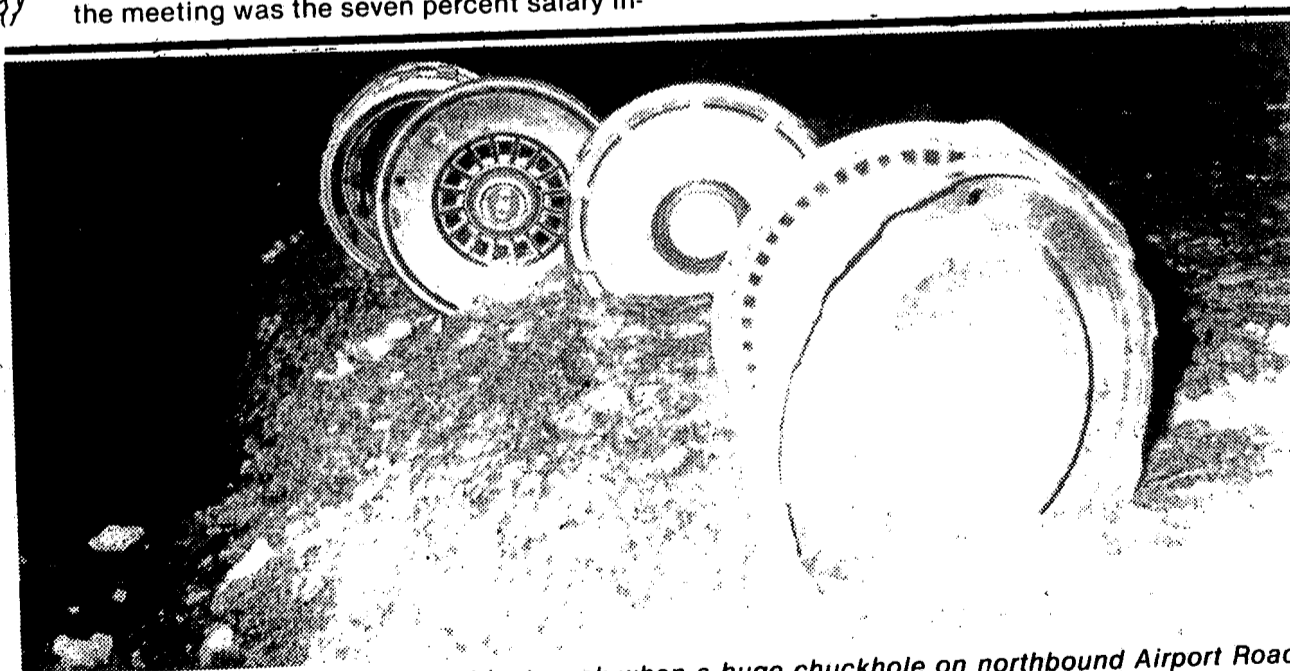

And of course declining enrollment means declining revenue. Mason estimates the district lost over \$500,000 last year due to declining enrollment. This year the figure will

Continued on Page 2

- \$2.00 for a Bunch of 10 Daffodils at Country Greens. See Page 5.
- Get a Free Facial at The Hair Shapers Salon. See Page 5.

The first signs of Spring appeared last week when a huge chuckhole on northbound Airport Road was the cause of numerous flat tires and lost hubcaps. An amused bystander lined several of the hubcaps up on the side of the road to warn drivers of impending danger until Waterford Police and the Oakland County Road Commission were able to set up a barricade.

Photo by Al Wieling

# Parents Hear Why S. Sashabaw Should Close

be even higher.

Closing South Sashabaw, Mason figures, will save the district \$45,000.

"This district isn't going to live or die with the closing of South Sashabaw. I'm not intending to make that impression," said Mason.

However, he stood his ground firmly despite an onslaught of one-sided questioning.

In answer to why South Sashabaw instead of another elementary, Mason explained

South Sashabaw is the smallest school in the district (enrollment 259, 9 classrooms, K-3 only) and is right across the street from a newer and larger school. Only 17 percent of the combined (South and North Sashabaw) student population would be transported to Pine Knob and Bailey Lake Elementaries.

In answer to whether South Sashabaw would be utilized for other purposes, specifically community education and SPICE, Mason boldly answered, "If I can find an alternative use that will either break even

or make money for the district, we would be foolhardy not to follow through."

Rumors have indicated that ultimately the community education program would end up at South Sashabaw. Mason denied that that kind of decision had been made.

The Board hired a full-time community education administrator in March. Her \$31,000 a year salary is totally paid for by

funds generated by community education. In fact, the entire program is self-sufficient according to Mason.

And when the inevitable question of administrative raises came up again, Mason received help from School Board President Janet Thomas, who steadfastly maintained the administrators deserved the 7 percent increase.

"If you're going to start talking about salary cuts or freeze, then you must talk about the total. Everyone else got raises. How can you leave out four (central office) administrators?", she asked.

Six of seven board members were present at the meeting. Ultimately, it will be up to them to make the final decision.

Fernando Sanchez, who's been on the Board for several terms, summed up their predicament best by saying, "I've lived in this (immediate) area since 1955 and I'd hate to see this school closed...but we have to look at it from a community-wide viewpoint."

Excerpts from the Executive PTO Board of Sashabaw Elementary's prepared statement.

We wish to respond to your proposed plan to close our South Sashabaw building. As concerned citizens and involved parents, we are disillusioned by the lack of commitment to put the children first in the matter of this possible school closing.

Presently, we do not argue the known fact that district wide enrollment is on the decline, nor the fact that at least \$45,000.00 would be saved if the building were to be closed. Our main consideration, however, is that we do not agree with your strategy or your priorities. Redistricting approximately 140 students is a drastic step and should be considered as such. We know this measure has been done in the past and is not a new idea, however, we feel it is a suggestion that this administration is too comfortable with and much too quick to recommend. The savings are too little to justify this major reshuffling of our neighborhoods. There are students who will not make the adjustment

SAY YOU SAW IT IN THE REMINDER THURSDAY, FEBRUARY 25, 1982 PAGE THREE

well and it will interfere with their scholastic achievement.

In conclusion, these items mentioned to you tonight, are only a few of our concerns in regard to the quality of our children's education in the Clarkston School District and we have merely scratched the surface of

these topics. We want you, the School Administrators and the members of the School Board to know that we, as the citizens of this community, expect you to be more accountable for your actions and decision making process regarding this possible school closing proposal and any future cutback considerations.

## Sewing Contest at Fayes

Fayes Fabrics of 17 E. Flint St., Lake Orion, is sponsoring a 1982 Fashion Show and Sewing Contest. This year the store will be giving away over \$450.00 worth of prizes. The contest rules are available at the store. The fashion show itself will be Thursday, April 29th at the Lake Orion United Methodist Church.

## Dance Cancelled

The Lucky 13 C.B. Club announces the cancellation of their "No Frills" Dance on February 27.

The club will hold the 50/50 drawing (blue tickets) in Davison, at the Spark Plug City 7th Annual Break on March 14. Winners will be notified by mail if not in attendance.

Any white admission tickets purchased will be refunded by contacting your seller. Further information can be obtained by calling Babysitter at 334-7854.

## Wheelchair B-Ball March 5

Several teams will meet in the Michigan Wheelchair Basketball Class B and C State Championship Tournament March 5 and 6 at Pontiac Catholic High School, 1300 Giddings Rd., Pontiac.

Tickets are available at the Oakland County Parks and Recreation Commission administrative offices at 2800 Watkins Lake Road, in Pontiac. Call Monica Walch at 858-1441 or Rick Knass at 338-6078 for more information.

## Applications Available

Applications are being taken for the 1982 Clarkston Community Historical Society's Craft's and Cider Festival to be held on September 17, 18 and 19. All arts and crafts should be handmade by the exhibiting artist.

Anyone interested in space for next year should send slides or photographs which are representative of all their work, along with a stamped self-addressed envelope to the Clarkston Community Historical Society, P.O. Box 261, Clarkston.

For further information call, Emily Henen-dinger 625-8748, Denise Symons 625-8823.

## Drop-In Service Available

Drop-In service is available at the Neighborhood Child Care Center for all Moms and Dads.

The Neighborhood Child Care Center is a non-profit community program located in Drayton Plains School, 3000 Sashabaw, corner of Dixie.

## SPECIAL EVENTS

Special Events and Club Notes should be sent to The Reminder, 6569 Dixie Hwy., Clarkston 48016

Paul Hoffmaster and Carol Seth in the Lakeland Players production of Neil Simon's "Plaza Suite" February 26 and 27 and March 5 and 6 at 8:00 p.m. in the Eagle Theatre Live in Pontiac.

### Lakeland Presents Simon

The Lakeland Players will present Neil Simon's "Plaza Suite" directed by Jan Cable. The story, though set in the same hotel suite, takes place over different time intervals and involves three totally unrelated sets of characters, the result of which is similar to three one act plays. The comedy and drama of contemporary life are presented in a style unique to Neil Simon and interpreted as only Jan Cable can.

"Plaza Suite" runs Feb. 26 & 27 and March 5 & 6 at the Eagle Theatre Live at 13 S. Saginaw in Pontiac. Curtain is at 8:00. For more information call 335-5470.

### Reunion August 21

The Waterford Township High School class of 1957 is planning their 25 year class reunion to be held at Deer Lake Racquet Club on August 21. Contact Marlene Joss at 623-7518 or Carol Arnold at 623-6369 for information.

### PUBLIC NOTICE

The Independence Township Board of Review will meet at the Township Hall, 90 N. Main Street, Clarkston, on March 2nd at 9:00 a.m. for the purpose of assessment roll examination and review.

The Board of Review will also meet on the following dates to hear 1982 assessment appeals.

March 8 9:00 a.m. - 5:00 p.m.

March 9 1:00 p.m. - 9:00 p.m.

The 1982 tentative equalization ratio is 50% and estimated multiplier is 1.00 for all property classifications.

If you wish to officially appeal your assessment, it is necessary that you contact the Board of Review by phone or in person on one of the above listed days. An appointment will be arranged at that time. Please use the Parcel Identification number above when referring to your property so that your records can be quickly located.

Board of Review Telephone 625-5111  
(March 8 & 9 only)

Christopher L. Rose, Clerk  
Independence Township

### Stop Smoking March 1

St. Joseph Mercy Hospital - Pontiac, will sponsor a five-day smoking cessation program conducted by the American Health Foundation (AHF). Those persons interested can attend a free introductory meeting at the Davisburg Medical Clinic, 12715 Andersonville road, on Monday, March 1 at 7:30 p.m.

The introductory meeting will include a presentation by one of the foundation's program directors who will explain the Stop Smoking System. The representative will relate her own experiences as a smoker and refute the common rationales for continuing to smoke. She will present documented research on the success of AHF's program which has helped thousands of people stop smoking in five days without the "wall climbing" usually associated with that process.

For more information, contact the Davisburg Medical Clinic at 334-9180 or 634-4461.

### Boy Scouts Sell Fruit

Boy Scout Troop 105 is having a fund raising Fruit Sale through March 8. Valencia oranges and pink or golden grapefruit will be delivered to Clarkston fresh from the packers. You may order this Indian River Florida fruit by calling on one of the following numbers: 625-2526 or 623-0175.

### Miniature Aircraft at Mall

The Pontiac Miniature Aircraft Club will fly into The Pontiac Mall, February 23 through 28, with miniature radio-controlled aircraft. Mini-aviation buffs, potential pilots and hobbyist can learn about radio-controlled flying, soaring and sailing.

Show hours are daily from 9:30 am to 9 pm and on Sunday from noon to 5 pm.

## Dental Dialogue

by Gary R. Ushman, D.D.S.

**Q. Is mouthwash really effective against germs and bad breath?**

**A. No. Mouthwashes can only freshen your breath temporarily. They can't remove plaque, prevent decay, or cure a cold. They are a cosmetic rather than a therapeutic measure. Also the alcohol they contain, because of its drying effect, can be harmful to mucous membranes. So daily use is not only unnecessary, but could possibly cause problems as well.**

**Persistent offensive mouth odor may be a indication of a medical problem or poor oral health. Check with your dentist, and leave the myth of the miracles of mouthwash for T.V. commercials.**

This column is presented in the interest of better dental health. From the office of Dr. Gary R. Ushman, 55 S. Main St., Clarkston, Michigan 48016. Phone 625-7066.

### Volunteers Needed

Volunteers for the Horseback Riding for Handicappers Program are needed at the Dennis Farm, 11444 Clark Rd., Davisburg. Training will begin March 22, from 7 to 9:30 p.m. For more information call 625-5981 between 3-5 p.m.

### Fund Raiser for Trim

The Committee For Trim For Better Government has announced that it will be hosting a fund raiser for State Representative Claude A. Trim (D-Davisburg) on Saturday, March 13.

The event will be held at the Knights of Columbus Hall, 5660 Maybee Road, Clarkston. Social hour begins at 7:00 p.m., with dinner at 8:00. Music will be provided from 9:00 to 1:00 a.m.

Tickets may be purchased by contacting one of the following: Paul Felice, 681-1116; Tom Rademacher, 625-5071; or Mary Jean Cox, 625-4446.

### Barrueco at DIA

Cuban-born guitarist Manuel Barrueco will perform music of Bach and Villa-Lobos on Saturday, Feb. 27, at 8 p.m. in the Detroit Institute of Arts Recital Hall.

Tickets for the concert are now available through the Art Institute ticket office 832-2730.

With  
**Lew Wint**  
Funeral Director

### WHAT HAPPENS TO THE FLOWERS?

The beauty and fragrance of flowers serve as a reminder that funeral services are for the living.

Colorful, tasteful floral arrangements are generally sent by those who cannot be present but wish to extend their condolences. These floral pieces help the bereaved to accept that life continues, though the loved one is no longer present to share in it. As such, flowers serve both to honor the deceased and to reaffirm the value of life itself.

The sentiment which the flowers represent can travel further than the funeral. Floral arrangements may be taken to the gravesite or to the church. Many hospitals and rest homes will accept gifts of flowers for their residents and patients.

Or flowers given by friends in honor of the deceased may be given to guests as a fragrant reminder of a life that has passed and of the value of their own lives.

Most florists have developed special floral arrangements for funerals. We also can answer your questions about the value of flowers in funeral services. Please call us if you would like more information.

# Independence Discusses Stiffening Arcade Restriction

Independence Township Board members are considering a new ordinance that would offer further restrictions to their already stiff regulations governing video arcades.

At a Township board meeting last week, township officials discussed a new video arcade ordinance drafted by township attorney

Richard Campbell. If passed the ordinance would:

- Apply to all businesses that have three or more games. Currently there are several restaurants and party stores that have a few games that aren't governed by the present ordinance.

- Set-up a new fee schedule that would include a \$250 yearly license fee, and a \$50 additional annual fee for each game.

- Not allow anyone younger than 14 years to enter an arcade without a parent or guardian, and no one younger than 18 years would be allowed in the arcade after 10 p.m.

- Require a uniformed security guard be on duty during business hours.

- Require that 10 sq. ft. of vacant space be allowed for every 1 sq. ft. taken up by games.

- Prohibit the sale of drugs. No gambling would be allowed, either.

The current ordinance which requires that an arcade be located in an enclosed shopping mall is being challenged by Robert Warrington in Oakland County Circuit Court. Warrington, who claims the ordinance is unconstitutional, would like to open up an arcade adjacent to the Clarkston True Value Hardware in Clarkston.

Arcades weren't the only item on the agenda at the marathon session that ran for five hours. A public hearing to distribute federal revenue sharing and community development block grant funds was resolved with law enforcement, parks and a drain study coming out of it as big winners.

The board granted \$59,000 in federal revenue sharing funds to the police department to help offset expenses and formulate crime prevention programs. The Township Library (\$20,000), Deer Lake Beach (\$4,000),

Spring Cleanup (\$4,000), Street Safety Signs (\$4,000) and Microfilming Township records (\$1,379.44) will also receive federal revenue sharing funds.

Residents of Pine Knob Trail were on hand to request a share of the community development block grant monies. They said they would be willing to pay for 65 percent of the expenses incurred in paving Pine Knob Trail if the Board would allocate \$30,000 for the project. After considerable discussion the Board granted the use of community development funds for the project.

Also receiving development money was a request for a storm drainage study (\$35,000) and the new Maybee Rd. Park site (\$135,000).

The Board also okayed a request by the water department to increase water rates. According to George Anderson, department head, the minimum bill would now be \$9 for a 3/4" meter, instead of the \$7 it's been for the last two years. Usage rates would increase from \$3.50 per 1,000 cubic ft. to \$4.50.

Anderson said the increased rates were necessary to offset "periodic monthly losses over the last two years."

The new rates are expected to go into effect beginning April 1, 1982.

# TRIVIA

by Mike Morrow

Do you want to know the best defense against burglars? It's one I use everyday. It's called "being poor" and is practically foolproof.

The theory is that if you have less than the burglar, he or she will leave you alone.

I know it works for me. I'm sure a burglar checking out my house would figure why bother? They aren't going to get much for a television that has a coat hanger for an antenna or a clock radio that tells the minutes but not the hours (it's stuck on 8). Let's face it, they could do better at a Salvation Army drop box, after it's been emptied.

My car has never been vandalized or stolen either. To start with, it looks like someone beat them to it. Another scratch in the paint or another dent wouldn't even be noticed for about a month. And as for stealing it, no one but me can start it. You have to turn it on, pump the gas pedal exactly four times, turn it off, do it again then go inside and call AAA for a jump. No burglar is going to bother with that especially since the car is so easily identifiable. Not very many cars are missing their

passenger door and have their hood tied down with a jump rope.

This same theory also applies to being mugged. When you dress like I do, you can walk practically anywhere and no one will bother you. Burglars nowadays are smart enough to know that if they are dressed better than you, chances are, they aren't going to get any money from you.

Before I perfected my theory, I tried a number of other ways to ward off burglars. The least successful was the time I put stickers in my windows warning that my house was protected by a guard dog and an alarm system. This was an open invitation to any burglar within a three mile radius to come on in and browse. I'm sure they figured

I must have had some really great stuff to advertise like that. Boy were they disappointed when they got inside. In fact one left a note, it said, "Next time I break in here you'd better have something to steal or I'm going to report you for false advertising, P.S. the dog is real friendly, she wouldn't leave me alone while I was in here, she just kept licking my hand." So much for that theory (and that dog.)

That's why I decided to finally stick with poverty. Remember, poor is never having to say, "I've been robbed."

P.S. Thanks to my readers who responded to the Reminder Survey and voted me in as a popular feature for the second year in a row. Your checks are in the mail.

## EDITORIAL

One is always in a better position to judge a program or project, after experiencing it first hand. Thus, during all the hoopla caused by the Clarkston School Board's approval of the "gifted" student program last year, we remained silent. We felt a program should be given a chance, before stones were to be thrown at it.

I admit, I had my doubts about the worthiness of such a program when our school system was operating on an extremely tight budget. I wondered whether it may be fiscally foolhardy to appropriate money for a non-essential class.

But after visiting a "gifted" class of Bailey Lake and North Sashabaw 4th, 5th, and 6th graders last week, I came a believer.

My mission that day was to speak to the students on the state of my art -- newspapering. I was worried about getting too detailed, and boring the group with terminology exclusive to media types. After all, the kids are only 4th graders.

Much to my surprise, the kids did not get bored. They asked questions - hundreds of questions. They wanted to know whether I thought the media was biased. They wanted to know how and why stories were edited. Every nook and cranny in my newspaper, and the media, in general was explored and taken

Gifted kids crowd around Reminder General Manager Kathy Wilcox as she explains how to put together a newspaper.

to task.

I don't think this kind of interest or intelligent questioning would have resulted, if the students were part of a normal classroom. Most students that age are more interested in counting down the minutes to recess, rather than listening to a publisher talk about the black and white sheet their daddys hide behind at the breakfast table.

But these "gifted" students, for the most part, are highly motivated. Recess may be

enjoyable, but in the case of my visit, we worked right through it, and nary a student complained.

Yes, putting intelligent students together, letting them compete with each other, and letting them work to their capacity, I'm happy to report, seems to be working in Clarkston.

*Mike Wilcox*

### Results of Reminder

#### Poll to Date:

Question: Would you be in favor of twice yearly property tax collection (summer tax)?

Yes: 42%

No: 58%

#### Comments:

No: A million times no. Mason says idea of vote (of the people) leaves him cold. It should.

No: Once a year is enough to worry about. If the schools need the money between July and January, move the once a year collection to July 1st through August 31st.

No: The extra paper work, etc, would end up costing us more money.

No: If the administration cannot get by on 70 percent of our tax dollar then there should be a lot of changes made. Starting at the top. Let them concentrate on getting the best use of the money they have instead of constantly reaching out for more.

No: This shall be an additional cost to the already overtaxed taxpayers. Then you shall see the summer or winter taxes start to escalate, tie them both together the package could outweigh one taxation.

Yes: Interest money saved could be used for education.

Yes: As I am in the lower-income bracket it would be easier to pay twice a year, especially summer when overhead on home is less than winter. Please put it in effect.

Yes: Absolutely, why not give the schools all the help we can.

## SMALL TALK

by Rebecca Roberts

I went to the movies the other night, a reluctant tag-a-long with my husband and sons Adam and Mike, who are 13 and 18, respectively.

As we climbed the steps to the theatre, we passed two boys just coming out, apparently still caught up in the movie's fantasy, sing-songing military cadences.

The movie we were going to see was "Taps." From the previews I'd seen, I expected "Taps" to be just another male-drawn caricature of the "macho mystique," complete with pomp and nonsense, set (appropriately) in a military academy called Bunker Hill.

George C. ("Patton") Scott plays General Basch, the academy superintendent. At 65-plus, the General is quintessential Old Army. He is entrenched in the "peace without honor is worse than death" doctrine, and, understandably, his dogma works its magic on the young cadets, some of whom are only eight.

One cadet in particular, 18 year old Molan, played by Timothy Hutton, hero-worships the old general, hanging on his every word. For his devotion to military life, he is awarded in his senior year the coveted honor of Major.

The drama turns on the fact that Bunker Hill's Board of Directors has voted to close the school, tear it down and sell off the property for development of condominiums.

Trained to respond militarily to crisis, the students, led by Cadet-Major Molan, decide to "hold" the academy grounds against "enemy invasion" - using real military weapons and ammunition stockpiled at the school.

From that point on, events get wildly out of hand, almost to the point of incredibility--but the underlying (and not-so-underlying) rigors of violence are all too believable.

The tensions on the screen were brought into sharp focus when from the back of the theatre a man (a Viet-Nam vet?), apparently provoked by a comment from his companion, leaped up and began shouting obscenities, crying "I was there--you weren't! I was there!"

There were some tense moments until the man quieted down. But his raw hostility seemed to hang in the air, becoming in a strange way, a part of the awful events that were taking place on the screen.

As one violent scene folded into another, I became increasingly dismayed by what I saw as a "cops and robbers" mentality developing. What was worse, the audience seemed to be cheering the "robbers" (students).

Then I began to sense a shift in the film's direction. Beneath the grandstanding heroics of the kids and the absurd military posturing by the National Guard (they had been called in to settle things), were some unexpected questions. Who really were the

bad guys? Were there any? For that matter, were there any good guys?

Well, it would seem the general, with his fierce love of battle, is a likely culprit. Certainly, he was responsible for the over-zealousness of his young "troops," especially that of the Cadet-Major. He told Molan at one point that "men were meant to be warriors."

And the National Guard should fit the role for the good guys. But with their tanks and heavy artillery loaded and ready against a meagre band of misdirected boys, one could hardly call them good. Nor were they

necessarily bad. They reacted predictably--doing what they were trained to do.

Everybody did what they were trained to do.

They had all been trained long in the ways of weaponry and pitifully short in negotiation and reason. They had learned that to have power is good, and to overpower is the ultimate goal of power. And they all learned obedience, above all.

"Taps" is a brutal film, with graphic violence in large doses. It's rated PG, and in this instance, I would take them at their word and go with your kids, so you can discuss the issues afterward.

## FRIEND OF THE COURT

This is one of a series of articles by Roland C. Fancher, Assistant Friend of the Court for Oakland County, concerning the operations of that office. If you have questions regarding the functions of the Friend of the Court, address them to Mr. Fancher in care of The Reminder. Questions of general interest will be answered in later articles. Questions regarding individual cases should be submitted directly to the Office of the Friend of the Court.

The role of the Friend of the Court in domestic relations matters is often a subject of controversy. Legislation is now pending before the State Legislature to redefine the role of the Office, and update the current Friend of the Court statute, which was enacted in 1919.

The new legislation, House Bill 4870, would set for some new procedures for the Office. One new function of the Friend of the Court would be created with the establishment of a Domestic Relations Mediator. This mediator would be required to be a person with a master's degree in clinical psychology, social work or marriage and family counseling, or not less than five (5) years experience in family counseling.

The issues of custody, visitation and support (except support arrearages owed to the State) could be referred to the domestic relations mediator. Parties would not be required to meet with the mediator, but would be advised of the availability of this service. If the parties choose to accept this service, they will meet with the mediator who will attempt to assist the parties in volun-

tarily settling a dispute regarding the pertinent issues. If agreement is reached, a recommendation incorporating the agreement will be prepared by the mediator or by the attorney for one of the parties and submitted to the Court. If no agreement can be reached, the parties may jointly agree to allow the mediator to make a written recommendation to the Court regarding resolution of the dispute.

Another creation of House bill 4870 would be the State Friend of the Court Administrative Bureau. This office would be situated in Lansing and would be responsible for setting guidelines and recommending procedures for Friend of the Court offices throughout the state. The Bureau would also seek to educate the population of the state as to the role of the Office of the Friend of the Court, train Friend of the Court personnel, establish uniform child support and visitation guidelines, and keep statistics as to Friend of the Court activities on a statewide level.

Other aspects of House Bill 4870 create a system for filing grievances against the office of the Friend of the Court, and set standards for appointment of the Friend of the Court in each local office. Related legislation, House Bill 4871, would establish new procedures for implementation of wage assignments against persons delinquent in support payments.

If you have questions or comments regarding this legislation, contact your state legislator immediately. While these bills have not been enacted at the time of this writing, prompt action is expected.

All Work Done by Senior Students

# In Time of Economic Doom, NWOVEC Thrives

by Mike Wilcox

Dan Manthei doesn't like to admit it, but his school is actually benefitting from the economic problems that are creating havoc for nearly everyone else.

Manthei is principal for the Northwest

Oakland Vocational Education Center (NWOVEC), a facility located on Big Lake Road in Clarkston that offers 16 career-oriented programs to high school students from Clarkston, Waterford, Holly and Brandon Schools.

"We are starting to regain our health and vitality when most school districts are feeling the pinch," said Manthei.

The reasons why are twofold. First and foremost is that because local school district are having to make severe program cuts, many students are looking towards NWOVEC to supplement the basics.

"Our enrollment is the greatest it's ever been," said Assistant Principal Alberta Ellis. In comparing September 1980 to the same time in 1981, daytime enrollment rose from 740 to 806. During the same time span adult education participants jumped from 140 to

250.

Secondly, for the first time in seven years NWOVEC has money to spend on capital improvements. Oakland Schools, which oversees county vocational education, has earmarked \$250,000 for capital outlay at the four regional vocational centers.

Manthei said capital funds will be allocated on a priority basis. The top priority, he indicated, was the need to stay current with the state of the art.

Thus one of the first new items students can expect to see are word processors for the Total Office Procedures program. "In that field, word processors are a must," added Ms. Ellis.

New equipment isn't the only addition expected this fall, however. Manthei revealed the Heating and Air Conditioning program which was eliminated three years ago, will be reinstated.

"We feel there are jobs opening up in that area," reasoned Manthei.

As if greater enrollment and newer equipment weren't enough, NWOVEC is seeing a better quality of students come through their doors than ever before.

Gone are the days that most students with a high school education could get a secure and financially rewarding job in the auto factory. When that was the case, many students could care less about learning at NWOVEC and discipline was a problem.

That's not the case nowadays.

"Whatever he works toward here, he knows most likely that will be his meal ticket," said Manthei.

That doesn't apply to all NWOVEC students, however. Ms. Ellis claimed that 38 percent of the school's student body goes on to

college for further study.

"We are here to prepare people for entry-level jobs but they have the option to go on to college or the military," she said. And interestingly, "many students have been thinking lately about going into the military," said Ms. Ellis.

## What NWOVEC Has to Offer:

**Auto Body Repair:** Job entry level skills are developed in collision repair and normal auto body upkeep, including complete refinishing.

**Building Maintenance:** Students learn many maintenance functions which include caring for and maintaining floors, walls and other surfaces using hand equipment.

**Commercial Art:** Students learn to communicate ideas with various media and materials while building a portfolio.

**Computer Accounting:** The student

processes accounting problems with computer assistance, using terminals for communicating the data to the computer.

**Dental Assisting:** Students learn to assist the dentist chairside, to perform reception and clerical functions and to carry out selected dental laboratory work.

**Diesel Mechanics:** Students learn to tear-down and rebuild a diesel engine and to diagnose problems; repair and replace parts.

**Electronics:** The student will study the basic principles of electricity, electronics, digital electronics and stereo and television service.

**Food Services:** The course prepares students for occupations such as baker, cook, waiter, waitress, bus person, host, hostess, pantry worker, storeroom worker, salad maker and cashier.

**Greenhouse Management and Landscaping:** The identification, growth and marketing of plants is stressed. Students work with soils, fertilizers, insects and diseases. Landscape design and techniques are also emphasized.

**Major Appliance Service:** Students should gain a solid background in basic electricity, and learn to diagnose problems and repair major appliances like dishwashers, clothes washers and dryers.

**Medical Assisting:** Students learn reception and clerical functions, how to perform laboratory tests and clinical procedures.

**Metal Machine Trades:** Students learn to shape metal to exacting sizes and angles using mills, lathes, surface grinders, numerically controlled tape machinery and other machines.

**Modern Printing:** The program provides specific instruction to gain an understanding of basic printing methods and related processes.

**Small Engine and Recreational Vehicle Services:** The program is concerned with maintenance and repairing many types of two and four-cycle engines.

**Retailing and Marketing: Merchandising** is related to a variety of retail sales principles including basic mathematics, merchandising techniques, advertising, display and store management.

**Total Office Procedures System:** A two-year office education program where students develop skills such as typing business correspondence, filing, phone procedures and word processing techniques.

# Task Force Recommends Revamping Police, Fire

The following report was presented to the Independence Township Board by the Task Force on Public Safety, chaired by Dr. James O'Neill. The group has been meeting for over a year in an effort to restructure the township's public safety. The Board won't be expected to act on the proposal for quite some time.

The Task Force recommends the creation of a Commission of Public Safety with a volunteer Director who shall also serve as Director of Civil Defense. The Commission and its Director would act in an advisory capacity on matters of public safety and report to the Township Board and Supervisor as appropriate in such matters. The Director of Public Safety shall create a disaster plan along county civil defense guidelines to utilize and augment all local services as needed in case of any local disaster or catastrophe.

Future funding for police and fire services would be via a combined millage under the title of Public Safety. The millages would be designated in two parts: one for capital expenditures; that is, buildings and major pieces of equipment such as a bond issue. The other millage would be designated as operating expense and be allocated for police and fire services as recommended by the Director of Public Safety. The Commission would make recommendations on the general needs and services for the Township annually. However, both the use of the millage and services would be advisory in nature only with the final authority resting in the Board.

The unused balance of police and fire millage shall be invested in a public safety fund for purchase of capital equipment and the construction of central police, fire and administrative offices. Further, the Public Safety Director and Commission should study future site selection, construction and housing needs of public safety. Careful thought and planning should be given to location, accessibility, and roads of ingress and egress. There is a lot of unused school property in Independence Township which could be utilized without direct purchase but

may be negotiated by combining central recreational services such as a swimming pool, gym, etc. to be shared by school and Township residents in lieu of land purchase. The wise investment of our millage may go a long way toward paying for this facility with little or no additional millage or need of Township monies from the general fund.

Finally, we believe in a "sunset concept" for the Commission of Public Safety. At the end of 1984, the Director and Commission shall make a report as to its accomplishments and future recommendations to the Board and it shall automatically cease to exist unless reappointed as a group by the new Board.

## Public Safety

Continued from Page 17

The recommendations for police services are:

1. Continue to contract police services with the Oakland County Sheriff's Department with a total of six or seven officers, depending on the budget. Look into the feasibility of one or more of these being obtained without charge from the Public Safety

Division of Oakland County. We would ask that one senior officer be assigned exclusively to Independence Township to direct and coordinate our police services. He would essentially function as our Chief of Police even though his direct line of authority would be to Johannes Spreen. He would be liason to the Director of Public Safety and the Supervisor.

2. The Chief of Police would be authorized to organize and train a local reserve police force of at least twenty men and women to augment the present law enforcement presence and services. None of these officers would be allowed or authorized to carry a gun while on duty.

3. Organize the entire Township into neighborhood watch associations and instruct and coordinate these groups in crime prevention, surveillance and reporting. Further, to place appropriate signs and advertisements so that potential crime offenders would be aware that we are prepared to apprehend, convict and punish any violator of our laws.

4. Organize a CB patrol with a central dispatcher who would coordinate with the police emergency network. This patrol would be properly trained and would have appropriate identification and instruction in surveillance and communications only.

5. Organize various age groups of our young people into "Independence Rangers" with appropriate identification and training to educate them to the danger and the prevention of drug abuse, vandalism, loitering, shoplifting, reckless driving and various other crimes which we believe they could either help prevent or assist us in apprehending the offenders. We would ask the assistance of the various churches and services organizations in the youth patrol programs.

6. Organize the senior citizens and disabled persons into a program "Care with Love" so that anyone desiring a daily telephone call and/or visit to ascertain their daily welfare could be provided the same on request.

7. Utilize special units of the Sheriff's Department to train our volunteers and citizen groups in crime prevention, reporting on the value of cooperating with all of our law enforcement officers.

8. Utilize and advertise the use of undercover vehicles, scooter patrol and officers of various age groups in disguise so as to make it difficult for organized criminal groups with lookouts to function in our area.

9. Appoint two citizen advisory sentencing boards, one for adult and one for

juvenile offenders. These groups would be appointed by the Township Board and be instructed in sentencing and law enforcement procedures for offenders who have been found guilty of any crime. They would sit in a panel of three and make recommendations on sentencing and there would be a strong emphasis on restitution and work programs to assist public works in our Township. Appropriate liability policies and coordination with the existing juvenile work and restitution programs through the county would be coordinated by the Director of Public Safety. We feel this approach would be educational to the present offenders of our laws and create a great likelihood of preventing future crime in our area.

10. Our Sheriff's officers assigned to our Township should be instructed in basic life support and carry the appropriate equipment so that if they are the first responders they will begin basic life support until the arrival of the E.M.S.

11. We recommend against creating our own Police Department at this time but we believe that our new "Chief" should organize for regular officers and volunteers so that at any time in the future that economics or necessity dictates the formation of our own department, we shall make the transition smoothly and easily. Note should be made that under Public Act MSA 5.2640 (21) a special police-fire district with up to ten mill assessment could be created for north Oakland County; however, we would recommend against that at this time.

12. The police should report the conditions of the roads daily and forward the need of grading, plowing, sanding or salting to the Director of Public Safety who in turn could coordinate better services in our area by the Oakland County Road Commission.

13. Dispatching and emergency numbers should remain the same until a 911 emergency service is put into place by the County.

14. We want our law enforcement officials to have a very positive and helpful image in

our community to create happier and safer lives for our citizens. Because of the highly technical nature of police and fire departments remain separate except for E.M.S.

The recommendations for fire services are:

1. Operate all 3 stations 24 hours a day.  
2. Personnel recommendations shall be on the basis of need as recommended by the Board.

3. Develop the above unit into a well-trained cadre to recruit and train a large volunteer force.

4. The volunteer force should emphasize daytime presence and skills in E.M.S. and health care.

We believe that by recruiting health care workers both women and men and 3rd shift personnel, this desired coverage can be achieved.

5. E.M.S. shall be maintained at all 3 stations and appropriately equipped rescue vehicle.

6. The volunteers shall be provided with "pocket paging" receivers.

7. E.M.S. equipment and training shall be provided to all police officers and volunteers.

8. E.M.S. should use a "Seattle type" citizen training program in E.M.S. so that all geographical areas, especially with a high concentration of older people, shall have a large number of citizens training in basic life support.

9. Coordinate an ongoing series of health care lectures and support service for senior citizens, ex. lectures in diabetic nutrition, assistance in health care services, benefits and their rights and entitlements, also

publishing timely articles of advice such as hypothermia, snow shovelling.

10. Utilize the advanced E.M.S. systems of the private carrier for advanced life support and transporting of patients.

11. Purchase of a new fire pumper tanker with specifications to be obtained from the chief.

# RETIRE RICH

## I.R.A. PLUS

### ACCOUNT

The retirement account for all wage earners who want to retire with lots of money.

If you'd like to maintain your current standard of living when you retire, then retire in style with our new "I.R.A. PLUS" Account. Just open a new "I.R.A. PLUS" (or Keogh) time deposit account now with \$100 or more and here's what you'll receive:

**INSURANCE AT NO COST TO YOU — UP TO \$250,000.** You'll receive accidental death and dismemberment insurance up to your account balance — up to a maximum of \$250,000 — underwritten by the Hartford Insurance Group\*. It's a gift that keeps growing, because the more you save the more it's worth! Plus...

**NO-SERVICE-CHARGE CHECKING ACCOUNT.** You'll receive a "Checking Account that Pays Interest" — and we'll pay all the monthly service charges for the first 6 months! You'll enjoy unlimited check writing with no minimum balance requirement. But keep \$300 or more in your account and you'll automatically become a member of our popular money-saving "Friendly One Savers Club." Plus...

**"FRIENDLY ONE" 24-HOUR CONVENIENCE CARD.** Receive cash, make deposits and withdrawals, and more — any hour of the day or night — at dozens of "Friendly One" 24-Hour Automatic Teller Machine locations throughout the area. Plus...

**PERIODIC DEPOSIT PLAN.** Make I.R.A. deposits for as much or as little as you want, as often as you want. A payroll deduction plan is available, too. Plus...

**TAX-FREE SAVINGS.** All the money you save in your I.R.A. (up to \$4,000 a year for working couples), plus all the interest that accumulates, is totally tax-free until withdrawn. Plus...

**FUNDS INSURED TO \$100,000.** Your retirement nest egg will be insured to \$100,000 by the Federal Savings & Loan Insurance Corporation, an agency of the U.S. government.

So, put some fun in your future. Retire rich... with the help of an "I.R.A. PLUS" Account at First Federal of Oakland.

## Wolves Edge West Bloomfield; Lose to Midland

by Ron Wagner

This week has apparently been a switch for Gary Nustad.

The Clarkston Varsity Basketball coach used to long for Tuesday nights and dread Fridays. That was when he was winning on Tuesdays and losing later in the week.

Last Tuesday, his Wolfpack dropped a disappointing contest to the Midland Chemics. Midland scored first and held Clarkston from scoring for nearly five minutes. The first quarter ended and the Chemics led 11-2.

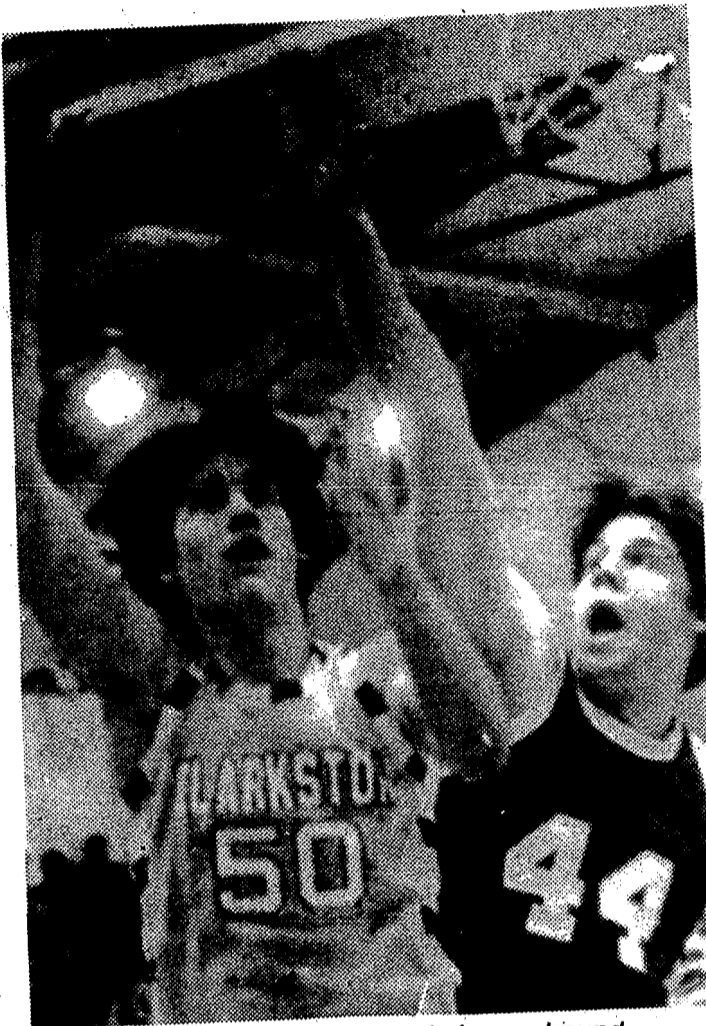

Shortly into the second period, the Chemics sank six unanswered points and led by eleven points 19-9. Clarkston started to hit from the floor, causing Midland to call time out with the score at 22-14. A couple of fast breaks and free throws by Craig Kulazewski put the score at 25-22, the Wolves trailed by three. Midland came back with four points to widen their lead, but Ray Kubani got four himself and the half time score was 29-26.

The Wolfpack won the second half tip-off and scored first. This brought them within one point from the lead. Some excellent outside shooting by Midland put them back up by seven and Clarkston was forced to call time. A few shots later, and the Chemics were back to a ten-point lead 43-33. The Wolves then out-scored their opponents 9-2 and were in the game again, trailing 45-42.

That was the closest that the Wolfpack would come for the rest of the game. Midland scored next and then ran to an eleven-point lead. A Chemic three-point play with twelve seconds in the game produced the game and the final score 71-57 Midland.

Mike McCormick led the Wolves in scoring with 19 points. He was followed by Kubani with 16 and Kulazewski with 11. Although disappointed with the loss, Nustad was pleased with the students that made the 90-mile trip up to Midland to support the team. One of these students, who would be identified only as "Babes" felt that his screaming caused at least eight missed free throws by the Chemics.

Friday night's game was a different story. The Wolves faced West Bloomfield at home. The Lakers were the first to score and held the

Ray Kubani fights gallantly for a rebound.

lead for about two minutes. Rick Williams scored for Clarkston and they went up 6-4. Bloomfield scored to tie it, but then it was all Clarkston. The Wolfpack scored six straight points and then Kubani sank an alley-oop pass from Williams and the score was 14-6. A shell-shocked Laker team called time out to try to get together. It did not work as Clarkston scored five more before West Bloomfield got two, for a total of thirteen unanswered points for the Wolfpack.

From there, the Lakers scored nine points of their own to make the score 19-17. That made it Clarkston's turn to call time out. Kubani sank a shot to make it 21-17, but West Bloomfield

successfully stalled until the last second and scored the last points of the first half. This put the score at 21-19, Clarkston's 13 point lead was reduced to two.

Although McCormick was the first to score in the second half, the Lakers tied it up at 23 apiece. Clarkston went ahead, but Bloomfield tied it again at 29-29. Things started to get exciting as the third quarter ended with the score 31-31. Early in the fourth quarter, shots by Kubani and Mike Dearborn were better than one foul shot by the Lakers and the Wolves had a three-point lead.

After a travelling call, West Bloomfield scored and took the lead 36-35 for the first time since the opening minutes of the game. Points by Williams and McCormick gave the Wolves the lead back 43-36. Clarkston attempted to stall and had the ball stolen three times and Lakers brought the score to 43-42. Clarkston called time out with 54 seconds in the game. With 18 seconds left, Kulazewski was fouled and showed an amazing amount of maturity by sinking both shots amid a roaring crowd. That made the score 45-42. Bloomfield could not score again and the final score remained 45-42.

McCormick was the high-scorer with 14 points. Kubani had 12 points and 15 rebounds. He shared the game ball honors with Dearborn and Kulazewski.

"We held together," said Nustad after the game. "The kids showed a tremendous amount of poise." That poise was showed through in the fact that the Wolfpack committed only four fouls in the second half.

The JV's lost both of their games this week. They lost to Midland 60-36 and to West Bloomfield 63-52.

# 6 Grapplers Qualify for Regional Competition

This has been a year of firsts for the Clarkston grapplers. This is the first year that they have gone undefeated in dual meet competition. More importantly, last Saturday at Frasher High School, they won the District title for the first time ever. Clarkston led from the first whistle of the first match when John LaPorte beat his opponent. They never gave up the lead. Clarkston led the nineteen schools with 120 points. They were followed by Anchor Bay with 100½ and Rochester Adams with 98½.

Unlike other sports, in wrestling only those individuals that qualify move on to the following Regional meet, and not the whole team. The tournament was held in a single-elimination fashion. To qualify, the wrestlers had to finish in the top four places. Clarkston led every other team with six qualifiers.

Greg Ellis, with a season record of 27-7 finished second at 98 lbs, Mike Conway also took second place. Conway has a season record of 33-4 and a career record of 99-15-1. Todd Thompson was third at 119 lbs and is 23-

11 on the year. Jeff Miracle finished in first place at 138 lbs, making him a three-time District champion. He saw a 35-1 season mark and just broke the school record for career wins with a record of 104-11. At 167 lbs, Bruce Burwitz finished third and has a record of 31-6. Tom Hecker was narrowly defeated in his final match to finish second at 185 lbs. His season mark is 30-5.

"This is what its coming down to," said Coach Rick Detkowski. "This is what they've been working for."

## SPORTS CALL

**Win 2 Free Tickets to a Detroit Pistons Basketball Game**

# Volleyballers Vault into Tie for 1st with 3 Wins

In just one week, the Varsity Volleyball team went from 2-2 in the Greater Oakland Activities League to a 5-2 mark. That ties them for first place with Waterford Mott.

On Monday, the girls hosted Lake Orion and beat them in three games 15-9, 15-15, 15-8. A fantastic team effort was responsible for the victory. On Wednesday, Sandy Mason's and Michelle Ulasich's hard hitting combined with

the serving of Lanette Whitehead, Annette Ulasich, and Shaun O'Brien to give the girls a win over Waterford Kettering 15-8, 15-9.

Thursday saw the team dispose of West Bloomfield in two games 15-9, 15-13. Kathy Weber and Diane Pfahlert led in the hitting area and Becky Buhl and Jamie Howenstine had strong games of passing. The team is still feeling the effects of the numerous snow days;

they face another full week due to a make-up match with Kettering next Thursday. They also will play West Bloomfield and Mott next week.

"For us it depends more on what we do than what the other team does," said Coach Linda Denstaedt, declining to predict the outcome of next week's matches. "It just depends on how we play."

## CHS Girls Capture Regional Ski Title

The Regional Ski Meet at Pine Knob was a good day for the Clarkston Girls Ski team. They finished in first place, led by Angela Balzarini who took second place in both the slalom and seventh in the G.S. Lisa Burkemo finished eighth in the slalom and fourth in the G.S.

The boys were not as successful, finishing fourth. Medal winners for the boys were Andy Balzarini with an eighth in the slalom and Fred Roeser with a seventh in the giant slalom.

## Flying High!

Some teenagers will do anything for a thrill as indicated by Chris Dropps who is attempting a "whirlybird" off a ski jump Clarkston residents have constructed atop Waterford Hill. Dropps and several friends practice their acrobatic ski stunts 3 or 4 times a week at the Waterford Hill jump.

# Meet Your Community Businesspeople

## Brayton's Offers Fine Apparel at Affordable Prices

Fine women's apparel at affordable prices - that's what you can expect from Brayton's in downtown Clarkston.

Owner Richard Brayton claims there is no need to travel to large malls and shopping centers in search of that perfect fit and price tag. Brayton's has a large selection of popular name brands that are marked down before they reach the rack.

Whether it be coordinates or dresses, coats or evening gowns, sportswear or cruisewear, Spring or Summer fashions, Brayton's is likely to have it. New clothing arrives daily - all of it by famous makers, and all of it marked down at least 20%.

Brayton's has been in operation for nearly 1½

years in the Clarkston Corners. Owner Richard Brayton had accumulated 14 years of retail experience before then. He now says he's here in Clarkston to stay. In fact he likes the town so well, he recently moved from Livonia to Clarkston.

Brayton said he specializes in attractive window displays and friendly service. His store has the look of utmost professionalism with the carefully designed window and standing displays. Plants and bright colors at this time of the year make the atmosphere refreshingly Spring.

The store is open from 10 a.m. to 6 p.m., Monday through Friday, and from 10 a.m. to 5 p.m. on Saturday.

## Service Station Opens at Dixie/I-75 Intersection Specializes in Auto Reconditioning

When times are tough, the tough get going. Certainly the old axiom applies to Dean McCarrick who recently opened a new service station at Dixie and I-75.

No other industry, like the oil industry, has experienced as hard of times. But, McCarrick, with his Clarkston Mobil Auto Clean hopes to buck the trend with an emphasis on service.

McCarrick claims service is the most important aspect of his business, and he hopes to provide the best service available.

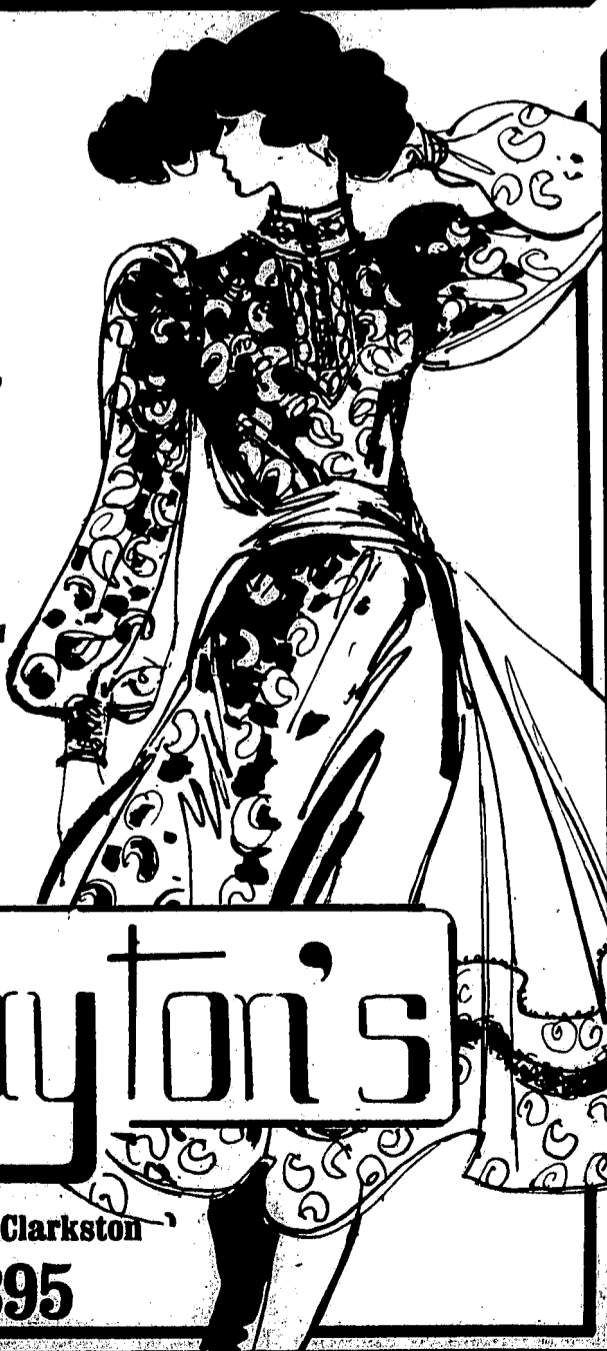

Other strengths of the newly remodeled service station, said McCarrick, are

experience and price. Before opening the Clarkston location McCarrick managed a store in Pontiac for 6 years. His philosophy on pricing is simply, "being inexpensive keeps you busy."

The business offers gasoline, diesel fuel, kerosene, and auto reconditioning. The reconditioning is a specialty that McCarrick is proud of.

Clarkston Mobil Auto Clean is open seven days a week. Hours are 7 a.m. to 8 p.m., Monday through Friday; 8 a.m. to 8 p.m. on Saturday; and 9 a.m. to 5 p.m. on Sunday.

*This spring, there's no reason to pay full price for brand name fashions. Not when you can get them at Brayton's for 20-60% less than department store and specialty store regular prices. Every day. And you'll always find lots of new styles to choose from. You'll also find a cheerful shopping atmosphere, a "Hassle-Free" refund policy and layaways, too. So make this spring brighter. Don't pay full price for brand name fashions. Pay a visit to Brayton's and save.*
