Assessment Roll for the Township of ..... in the County of ..... for the year 189

☞ No more than one tract or parcel must be valued or taxed on the same line. *Two descriptions must not be joined* in one valuation or tax, unless owned and occupied as one parcel. A parcel of land described in the government survey by lot number should be so assessed. All lands in each town and range, city, village, or addition to any city or village, should be carefully written under the proper heading, designating accurately the town, city, or village. *Personal Estate* must be valued and taxes entered on a different *line*, as well as column, from *Real Estate*. If the name of the owner of non-resident land is not known, they should be assessed as "owner unknown." Enter the amount of any *Re-assessment with red ink*, in the column of taxes to which it belongs, above the tax for the year for which this Roll is used, and in the column for "Remarks" state opposite each parcel *for what year the re-assessment was made*. The attention of assessing officers is especially called to sections *1 to 43* of the Tax Law of *1893*. They should be carefully studied and the directions therein contained should be strictly followed. See also sections 91, 96, 100, 105, 107, 116, and 118.—Auditor General's Office, 1893.
