Novi Farmer Defendant In \$100,000 FoMoCo Suit

Alleged Typographical Error Results In Legal Tangle - Plant Breaks Ground Friday

Because of an alleged "inadvertent mistake" in a legal description, a Novi farmer, Harold W. Witt and his wife, Eula, of 29686 Wixom Rd. were named defendants in a \$100,000 suit filed by Ford Motor Co. in U.S. District Court Nov. 23.

The suit seeks court action to rectify the "mistake", thus forcing Witt to turn over to Ford Motor Co. the title to a 9 1/2-acre parcel of land upon which the company wishes to exercise a second option. It was filed by Ford attorneys William T. Gossett, Abner M. Heggen and Richard B. Darragh.

Will Not Affect Plant
Company officials stated, however, that this suit will not affect the construction schedule for the multi-million dollar Lincoln plant and headquarters. Ground-breaking ceremonies are scheduled for Friday morning.

Also named as defendants in the legal tangle were William and Eleanor Schmitt, 16513 Lawton, Detroit, holders of the disputed first option on the 9 1/2-acre Wixom Rd. property.

NE Should Read SE
The problem began on July 13, 1955, when Witt granted the Schmitts an option to purchase two parcels of land in Section 6 fronting on Wixom Rd., a 20-acre piece and a 9 1/2-acre piece.

Ford says county records show that Witt owns two such pieces of land in Section 6, both in the east 1/2 of the SE 1/4.

However, on the option agreement given to Schmitt, the 20-acre parcel was listed as being in the NE 1/4 of the NE 1/4 of Section 6. Schmitt did not discover the discrepancy.

Gave Second Option
On Aug. 18th, Schmitt granted S. O. August, an agent representing Ford, a second option on the

9 1/2-acre piece. On Oct. 28, Ford exercised its second option.

Schmitt, however, can't deliver Ford title to the land because Witt, questioning the validity of Schmitt's option, has not completed the deal with Schmitt.

Pontiac attorney Edward P. Barrett has been retained by Witt to represent him in the case. Barrett said Wednesday morning that neither he nor his client had any statement to make at this time, but that a defense would be filed within the next week.

Ask \$100,000 Damages
Ford attorneys claim that "the description in the first option as being in the NE 1/4 is an inadvertent mistake in description, but not in the identity of the lands to be included."

They further add that in the event that Ford is delayed in obtaining title to and possession of the disputed land, the company will be damaged in the sum of not less than \$100,000.

The case has been assigned to Judge Theodore Levin's court.

Sheriff Will Speak To Bd. of Commerce

Mrs. Harnden wore teal blue brocade with matching hat and brocade accessories. She wore a corsage of bronze mums.

Mrs. Enders wore an aqua dress with black accessories and a corsage of white spider mums.

Following the wedding ceremony, a reception for the 100 guests was held in the Veterans' Memorial building in Northville.

The new Mr. and Mrs. Enders left by motor on their honeymoon and upon their return, plan to make their home in Novi.

CRITICALLY INJURED when his car crashed into a Novi Rd. bridge abutment, John Faulkner of Novi died early Saturday in an Ann Arbor hospital. Faulkner was traveling north when his car left the road and struck the concrete structure about a quarter mile north of Baseline Rd. The above photo shows the interior of the totally demolished car and the steering wheel which was torn completely apart by the impact. The left photo, taken by amateur photographer Charles Dayton shortly after the crash, shows Faulkner's car lodged tightly against the abutment.

"Hamlet May Be Forgotten, Humpty Dumpty Never!" Quotes Mrs. Newton, Authority on Childrens Books

Mary Griffin Newton, authority on books for children, has prepared a list of titles for the Christmas season which may be obtained from your bookstore or by visiting her private book shop at 4095 W. Buena Vista, Detroit. If times does not permit, they can also be obtained by telephoning Mrs. Newton at WEster 8-8408.

The following list of books for preschool children was prepared by Mrs. Griffin for The Detroit Free Press and is reprinted with her permission. Books for children from 6 to 11 will be reprinted next week, and a third report of books for older children will be printed the following week.

By Mary Griffin Newton

Who was it who said, "Humpty Dumpty never forgot his fall" in which my quote—and how true it is. For baby's own handling buy the best cloth books available. Be sure that they are washable and that the pictures are colorful like those in the Rag Book Library (four tiny books in a set. Platt Munk, L.L., and the Peggy Cloth Books which come complete with toy for \$1.50 each.

"Baby's First Book" (Simon & Schuster \$1) will give the two to three-year-olds immense satisfaction since its pages are thick and still enough for them to conquer easily. This age group will also delight in "What Do They Say?" which teaches meow, bow-wow and other animal sounds, and "How Many Kisses Good-night," a going-to-bed book that is warm with happy parent-child relationship (Young Scott \$1 each).

Very new and appealing to toddlers is "The Little Red Hen" in which a wide awake baby duck finds one after another of the great forest animals sleeping. He finally finds himself (Chilton's Press \$1.50).

Tony Palazzo, who last year gave children a stunning new edition of "The Little Red Hen" for the present gift season with an equally impressive "Noah's Ark" (Garden City \$2.50 each).

Freitz Bloembergen's "Dedding in the Moon" is a handsome counting book presenting a succession of trucking animals from "Pandas resting on verandas" to "dragons pulling wagons" (Harcourt \$2.25).

"Big Teller," one of Miriam Schlein's new books, is a fast moving, imaginative picture book about a baby kangaroo and his mother (Young Scott \$2.25).

Three and four-year-olds who play train with a row of chairs will find a kindred spirit in "Fun at My House" (Aladdin \$2). It takes many imaginary trips on the family footstep in this engaging picture book by Barbara Lindsay.

One of the most thrills of the current season is the return to print of "Little Tim and the Brave Sea Captain" and lives there a child that will not let to adventure with Tim on the stormy seas as author-illustrator Edward Ardizzone pictures them. For 4-year-olds it has top priority Oxford \$2.50.

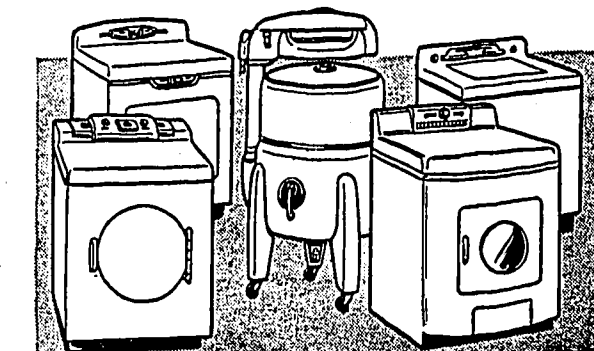

Preschoolers who like quite a lot of story served with their pictures will enjoy "The Cat from Telegraph Hill," a lively tale with California setting (Lothrop \$2) and "Brave John Henry," a tale of a boy who saves the world (Dutton \$1.75).

Little girls will want the gift new Laura Bannan book "The Little Sister Doll" (A Whirlwind \$2) and "Sugarplum." We've found a lot of lost dolls in books but never before found one in a jar of apple jelly. The illustrations in "Sugarplum" will fascinate children young and old (Knopf \$2).

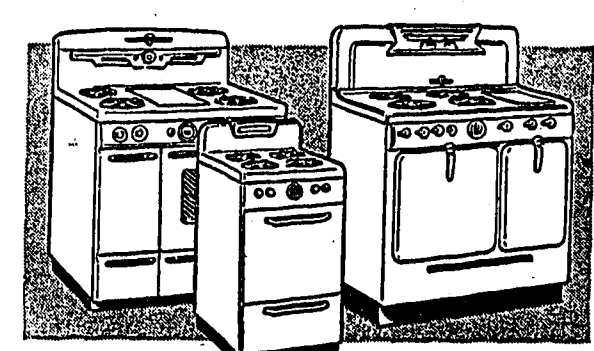

Next Week Books for children from 6 to 11.

Mrs. Harold Bloom, Mrs. Del Hahn, Mrs. M. M. East, Mrs. R. M. Atchison, Mrs. Alex Lawrence, Mrs. Carl Bryan and Mrs. W. J. Howard will be lunching guests of Mrs. Charles Yahn before the meeting of the Northville Women's club Friday.

Most important Person in the world today. Each year, when Christmas comes around, we celebrate not only the anniversary of a great man who lived a while amongst his fellows, who did his work, and then having finished his work now sleeps in death like the rest of men. Far from it, Christmas is not the anniversary of a dead man but the birthday of a living man.

Christmas is the birthday of the most important Person in the world today, for Christ is in the world even at this present moment. True, Christ is in heaven sitting at the right hand of God His Father, but this does not mean that He is not still in the world of men. Jesus Christ, God made man, is among us to-day as truly as when He walked the streets and lanes of Palestine long centuries ago. This is not mere rhetoric. It is plain fact.

At the end of the Gospel of St. Matthew, there is described for us in a few words Our Lord's last commission to His Apostles: "Going, therefore, teach ye all nations, baptizing them in the Name of the Father, and of the Son, and of the Holy Ghost, teaching them to observe all things whatsoever I have commanded you; and behold I am with you all days even to the consummation of the world." "I am with you." These words were spoken to the Christian Church at the outset of its career, to carry it right through the ages even to the end. They are as true today as they ever were. Jesus Christ is with His Church to-day. It is Jesus Christ made Man who is with us, not as a treasured memory, but as a living companion. By our Baptism, as we know, we are made the temples of the living God. A new intimacy is established between ourselves and the Blessed Trinity. By the Grace of God we are made partakers of the divine nature. The charity of God is in our hearts, and the love of God that is in us

brings with it the indwelling of the Blessed Trinity in our souls. For us therefore who are Christians, the Feast of Christmas is of supreme importance. The Incarnation of Our Lord has made us the children of God. Christmas is the birthday of Him who is our life. It is our birthday as well as the birthday of Our blessed Lord. Advent is a time to think seriously and often about these sacred truths. Let us not have our Christmas cluttered with all the accidental and trivial things of the world; rather let us arise from sleep and try to realize that our salvation is nearer than when we first believed.

Dr. Handorf Opens New Office Bldg. Dec. 1

THE REAR VIEW of Dr. Handorf's new office building is just as attractive as the front facing Plymouth Ave. The door on the right is for entering and the door on the left is for exiting. Parking spaces are in the foreground.

Dr. H. Handorf will officially open the doors of his new office building, located on Plymouth Ave. across from the old Northville Spring, Thursday, Dec. 1.

The building, a 4x34 structure with an 8x12 L extension, was manufactured by United States Steel Homes, Inc., a subsidiary of U.S. Steel, and built by Future Homes, Inc.

BUILDING EXTERIOR
The exterior part of the building features vertical redwood siding and horizontal white plywood lap-siding. The building is a replica of most homes built by Future Homes, Inc., according to Harry Dueron, the builder; however, changes were made in the building interior to conform to the doctor's use.

A desire to eliminate . . . that commercial-type of building look was given as one of the reasons for choosing this particular building.

Dr. Handorf's new office will be on Plymouth Ave., but the parking spaces, and the entrance and exit doors are located in the rear of the building. Harry Dueron explained this arrangement as being a traffic safety precaution.

BUILDING INTERIOR
Rooms in the building include a reception room and open office, an office for Dr. Handorf, an office for a possible associate, a laboratory, and three examination rooms.

The walls are made of exterior grade Marine plywood with hand-rubbed panels that do not stain. The doors are all steel and the ceiling is soundproof.

The basement section of the building includes two lounging rooms for the staff with a completely installed kitchen and bath.

Dr. Handorf said that he is seriously considering an associate doctor and if circumstances demand, he will plan an expansion program at his present location.

Goodwill Pick-Up Truck Comes Sat.

Would you like to get rid of that Goodwill bag you keep getting to have picked up?

Boy Scout Troop N-5 of the Presbyterian church, under the leadership of Earl Collins and Troop 731 of the First Methodist church with Clyde Ferguson as leader, have come up with a novel idea for Goodwill pick-ups.

The plan will save the Goodwill Industries considerable time and expense in making individual pick-ups and needs only the co-operation of the citizens of Northville.

Two automobile agencies, Marr Taylor Ford agency and Ken Rabburn's Chevrolet agency will be "pick-up stations". You may place the Goodwill bags in the trunk of your car, drive to either of these two stations and Boy Scouts will be stationed there to remove the bag from your car.

The Goodwill truck will then need to make but two stops to collect bags and discards.

Boys from Troop N-5 who delivered bags last week were Don Eberhart, Jim Petrick, Dale Schultz, Chuck Haynes and J. Leavenworth.

This plan is in effect for Saturday, Dec. 3 only. Other dates will be announced later.

Maybe you can't take the money with you, but you sure can't go very far here without some.

ter recently published, the administrative and judicial structure of the City would be much larger than that of a Village. This larger cost of operation would be more than met by increased revenue from the track, we have been led to believe. At the same time, I have seen no evidence of increased industry in Northville which could supplement the City's income.

"It seems to me that this puts the track operators in direct control of a great portion of the City's income. If they choose to quit operating in Northville, it would put us in a bad way financially. I do not believe that I am the person to put the facts together in this manner. According to your front page editorial of November 22—'Equally important, we believe, was our revelation of how one Commissioner, AT THE INITIATION OF THE RACING INTERESTS, tried to call a meeting of the Village Commission to act on the re-zoning without giving the public an opportunity to know the restrictive recommendations sought by the Planning Commission.'"

Just who is going to run our new City—"racing interests," or the proposed City Council? C. F. Wheaton

19851 Maxwell Rd. Northville, Mich. November 23, 1955

Dear Editor: Being a relative newcomer to Northville I recently had occasion to learn the names of our area's House and Senate representatives. After three futile attempts I gave up locally. I had to write to Lansing for the information.

The three persons answering the phone at the Village Hall office, the 'Record' office, and the Post Office, all three embarrassingly replied that they weren't sure. One of the three answered that Mr. Leonard Wood was one of them but wasn't sure if he was a State Senator or a State Congressman.

I ask you, is this, or is this not, an indication of our apathy and indifference, as voters, to matters of public policy? Matters that very definitely and directly affect our lives, to some degree, either for the better, or for the worse.

Another point needs to be made. It is my feeling that it is the responsibility, and duty, of the 'RECORD', the only local paper we have, to keep us informed on what OUR representatives are doing in Lansing, in our name. How are they voting on important issues. Whose interests do they serve?

We cannot vote intelligently for our representatives unless we are kept informed on their performance when elected to office. We

Keeping Up With The Grades

Mrs. Luella Rong, 2nd Grade The children in Mrs. Rong's second grade entertained their families at a pot-luck dinner at the Community Bldg. recently.

While seated around the table the children took turns introducing the members of their families to the group.

Mrs. Robert Shafer, Mrs. Richard Ambler and Mrs. John Gibson planned the meal.

Mrs. Ann Chizmar, Kindergarten Our kindergarten class has filled 20 Junior Red Cross boxes with new articles. The boxes will go to underprivileged children overseas.

In the boxes for girls we put small dolls, bracelets, hair ribbons, pencils, crayons, pads, wash cloths, soap, tooth brushes and other things.

In the boxes for the boys we put marbles, small cars and trucks, yo-yos, and small games. We hope these boxes will reach the children before Christmas.

Miss Pearl Hensch, 3rd Grade Bonnie Vredenburg brought his baby squirrels, "Jack and Jill" to school yesterday. They are very tame and the children enjoyed feeding them. They learned much from Jack and Jill's visit.

Everyone made Thanksgiving books showing a number of things for which they are thankful.

Gale Pines and Charles Bond came to our school this week. We are happy to have them join our group. They live in the Willowbrook district.

ANYONE FOR COFFEE? Amerman School Principal Richard Kay and School Superintendent Russell H. Amerman were photographed last week Wednesday inspecting a newly arrived gift to the school—a 48-cup Drip-O-Lator—presented by the Mothers Club. In addition to the coffee maker, the Mothers Club has furnished the faculty lounge with a davenport and chair and has donated \$50. Mrs. Margaret Sours, an Amerman school faculty member, has been delegated to spend the money for drapes and dishes.

One of the nice things about children is that they aren't always showing you pictures of their grandparents, and discussing all their fine features with you.

For those who may need to know who is speaking and acting for them in Lansing, I submit the following information:

21st Representative District (Northville)

Representative: Leonard E. Wood 888 Wabash, Detroit, Mich.

18th Senatorial District (Northville)

Senator: John B. Swainson 2042 Union, Detroit 19, Mich.

ALL-STEEL BEAUTY at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

IN NO uncertain terms, this one makes your travel hours prideful as well as practical. It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-aloud look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new size of its advanced Variable Pitch Dynalloy—the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach figure—you

have a car with all the savvy of a smart sedan plus the all-day handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's plain wood—aluminum—can take an inflated air mattress. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option,

in a handy split-section that lets you carry both rear-seated passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tugged SPECIAL, and the high-powered CENTURY. And, we repeat, both newly lowered in price for 1956.

*New Advanced Variable Pitch Dynalloy is the only Dynalloy Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
