

SPEAKING for the Record

Roy Stone and his four boys returned last week from a motorcycle through 13 states. They visited the capitol city of each state and took a picture of the capitol buildings.

Speaking of vacations, we took the long-weekend variety to visit friends in Cadillac. While there we met a former Northville resident, Bill Groomer.

It's been three years since our last visit to Cadillac and, though the stay was a short one, it was pleasant renewing old friendships and also seeing how the area has changed since we worked on the Cadillac Evening News seven years ago.

Industrially speaking, there seems to have been very little progress. We understand the same is true of the Traverse City area. One new shopping center is under construction in Cadillac which will feature a Kroger store and smaller retail firms.

But from what we could observe, it looks like the future of these northern Michigan communities lies in the tourist trade. Cadillac has all the natural requirements: lakes, fishing, hunting, skiing in Cabotville and the surrounding woods.

Driving down US-16 we couldn't help notice the new fourth lane rapidly erected by John Mackie, the new highway commissioner. The job was done in record time and was definitely a good idea.

We're especially happy that The Novi News was named the official paper of the village of Wixom by the council last week. The brand new village, which includes the Lincoln plant, is starting its organizational work with weekly council meetings.

Michigan Mirror State Seeks Jobs

THERE ARE 235,000 more workers than jobs in Michigan. Unemployment is on an upward trend for every day, lack of it has become a crisis, and state government is looking for a solution.

Gov. Williams was told in July that 100,000 more jobs were needed in Michigan. He has called for a program of full employment recovery.

For better or for worse, the state and its people are linked inextricably to the fortunes of the automobile industry.

Parts and fabricating plants employing a relatively few men and women fan out from the big industries in Detroit. When the auto industry is down, business generally suffers.

Eventually, it means less money for schools because people must forego luxuries. The sales tax and now a liquor and cigarette tax increase, help support education.

Neither Williams nor the unemployed waiting another depression-era WPA. Three years ago when the same sort of unemployment crisis hit Flint and Detroit, appeals were made to the Federal Government for some form of public works.

It was not forthcoming then because the Eisenhower administration said it would not do the job. Now, the analysis finds agreement in the present Michigan crisis.

Officials believe the General Motors model changes will be more pronounced this year, delaying the start of the new model.

Incidentally, Gov. Williams will be the first motorist over the span which links Michigan's two peninsulas. And, he will pay the toll — about \$3 for his chauffeured limousine — just to set an example.

There are no answers yet. State government will base its actions on findings of a survey showing the areas of unemployment, which industries are affected, the work record in industrial versus non-industrial work, and whether automation is creating a shortage of jobs.

Roger Babson Higher Wages Cause Inflation Threat

Babson Park, Mass. — What is really causing the inflation buildup and how can it be arrested? Among causes suspected are the unchecked wage demands of labor and the government's earlier mistakes in pressing for easy-money policies.

The increased number of hours worked pushed weekly earnings in manufacturing up about 8% in June over May to an average of \$82.2, resulting in a year-to-year gain of more than \$3 per week.

Construction activity, which had been lagging earlier in the year, is picking up. Chemicals, rubber and utilities are on the upswing. Gross national product has passed the \$40-billion mark.

Important Statistics To Remember. Let us not forget certain basic statistics of our economy. Today we see about one million new family formations per year, with all the resulting wants and needs.

LABOR'S SHARE INCREASING. Both businessmen and consumers should understand that unbridled spending cannot help but intensify the inflationary threat.

End of Summer Brings Rash of Youth Trouble to Novi Police

New York and Detroit aren't alone in their juvenile delinquency problems this summer. Last week, youth trouble broke out with a vengeance throughout Novi township, with cases ranging from simple drag-racing to a vicious assault.

Police Chief Lee BeGole said the addition of night radio dispatcher Fred Garrick in recent weeks has helped police cover the township more thoroughly and more quickly.

Sanford Miller, 19, 106 Pickford, was savagely beaten at 3 a.m. Sunday morning by three men who chased him to his home after he had accidentally backed into their car near Ship-Ahoy Beach.

Police investigated eight cases of stolen hub caps, gasoline and fender skirts over the week end. BeGole urged Novi residents to guard their cars as closely as possible.

BeGole said a large number of weapons, ranging from pocket knives to switch-blade knives, have been taken from teenagers in recent weeks.

Wixom Comes to Grips With Zoning Problems

The Wixom village council grappled with two knotty zoning problems Monday night and heard that a third one will go to court in two weeks.

Meeting until past midnight, the council also retained a certified public accountant to look after its books and named a citizens' advisory group to study traffic problems.

In the first zoning question, the council authorized LWJ Local 36 to set up a union hall across from the Lincoln plant even though the site is zoned for manufacturing.

The council took the action after attorney Bruce Miller, speaking for the local, convinced council members that the union is "strictly incidental" to Lincoln's operations and can therefore be considered part of the manufacturing process.

In the second, the council handed the newly-appointed village planning commission the job of deciding whether an agricultural site at Wixom and West roads should be rezoned for commercial rather than manufacturing.

Warren Ashley, owner of the land, requested the rezoning so that a school building could be built on the site. Ashley also requested that council members pointing out that the rest of the area is zoned for residential use and decided that the planning commission should rule on the request.

End of Summer Brings Rash of Youth Trouble to Novi Police

They arrived, they believed a youth arrested the following night was one of the racers. A group of 20 teen-agers was broken up near Beck road and 12 Mile at 1 a.m. Tuesday. They were standing around a car which had rolled over onto its back.

A \$2,500 electric welder, stolen from the City of Dearborn, was recovered and returned. BeGole said the thief was a Novi resident, but added that charges have been dropped.

Eight young Willowbrook children — aged 3 to 8 — were reprimanded and turned over to their parents after Novi police discovered that they had been taking mail from Willowbrook mail boxes, opening it and putting it back in other boxes.

An aluminum boat struck a small hydroplane at Walled Lake Sunday, sinking it. The owners, both of Detroit, settled the loss between them.

Hallock to Fill Police Vacancy

The Novi police force was back to strength this week with the appointment of Roy Hallock to full-time duty during the three-month suspension of policeman Vernon Loeffler.

Hallock, a special Novi policeman for more than a year, was deputized Monday after approval by state and county police authorities.

At the same time, BeGole reported that Novi's police radio will be manned around the clock at least until the Labor Day crisis passes.

Mrs. Russell Woodworth operates the radio during the day, and Fred Garrick and Martin Amolsch take it during the evening and night.

Damage 'Slight' After Fire Hits Two Lincoln Ovens

A smoldering fire broke out at the Lincoln plant Tuesday morning, causing slight damage to two newly-installed paint ovens.

No one was injured, a company spokesman said. Three Novi township fire engines and two police cars answered the alarm. Though the engines were not used, Novi firemen worked side by side with the Lincoln fire squad in extinguishing the blaze.

Incubation and baking in the paint ovens was apparently hindered by excessive heat in the two huge facilities, one a low-temperature oven and the other a high-temperature oven, the company spokesman said.

Fire marshals from the Michigan state police investigated the fire. Exact cause of the fire was not determined immediately, however. Novi director of public safety Leo Bogle called the fire "potentially dangerous" because of the combustibility of nearby paint.

Is Raft to Blame for Drownings?

The drowning last week of two Detroit boys near the Ship-Ahoy Beach raft has prompted new efforts to require that the raft be pulled in to shore.

The youths were the fourth and fifth drowning victims at that location in the past two summers.

Clark Hildner, treasurer, Ray Harrison, and trustee Stan Banton said that, although they could not legally compel the removal of the raft, they would try to take other steps to have it brought in.

"The raft was towed in several weeks ago, after a boy had drowned," Babson said. "We requested that because we felt the raft was a hazard to the bathers, that the depths weren't marked, and there was no lifeguard."

"But Saturday we saw that it was out again," he added. "We told the proprietors that we thought it was a hazard. Then on Tuesday, the raft was towed in."

The Ship-Ahoy proprietors — Mr. and Mrs. Paul Hoepfer — claim the raft is legal, that Hoepfer has served as part-time lifeguard, and that the removal of the raft had reduced their business by upwards of 60%.

"We bought posts to mark the depth," said Mrs. Hoepfer. "But because we felt the raft was a hazard to the bathers, that the depths weren't marked, and there was no lifeguard."

## Carol Marie Kaiser Repeats Vows Saturday

A church decorated with white gladioli was the scene of the wedding of Carol Marie Kaiser, daughter of Mr. and Mrs. Martin F. Kaiser of West Main street, and John Ambrose Remnell. For her daughter's wedding, Mrs. Kaiser chose a pink gown of French imported lace, a pink beaded hat and matching accessories.

The morning ceremony was performed by Rev. Father John Wittstock in St. Robert Bellarmine church in Redford township. Mrs. Wilfred Babcock, the bride's aunt, sang "Ave Maria," "O Sacramentum" and "O My This Day." The bride walked down the aisle on the arm of her father, wearing a gown of white peau de soie fastened with a sculptured bodice and a Sabian neckline trimmed in re-embroidered Alencon lace. Lace medallions formed a panel effect to the bottom of a very full skirt, which was highlighted by a sweeping court train.

Her veil was of French imported silk illusion fell from a tiana of lace embroidered with pearls. She carried a white fan covered with white Fuji mums and stephanotis centered with white African lilies. Jeanne Kaiser, sister of the bride, served as maid of honor wearing a Nile green ballerina length gown styled along princess lines and fashioned with a bodice of Chantilly lace and a skirt of silk organza. A howl of white organza ended the pointed back.

Wearing identical gowns were bridesmaids Mrs. Thomas McDonough, sister of the bridegroom, and Mary Ellen O'Brien. All three attendants wore large picture hats of Nile green silk organza trimmed with matching velvet. They carried Nile green fans covered with geraniums, Fuji mums and white stephanotis.

Serving as best man for his brother was Dr. James C. Remnell. Nationally qualified judges for the show will be Mrs. Frank D. Webb, Mrs. Lindsay E. Gay, Mrs. Harold E. Klein and Mrs. Aaron Webster, all of Birmingham.

Neighboring garden clubs who have been invited to participate in the show are Berkley, Birmingham, Dearborn, Franklin, Merriam, Northville, LPA, Sylvan Lake, Valley Woods, Walnut Lake, Waterford, West Beverly, Wing Lake and Fox Croft.

The following is the schedule for the show. Those who wish to exhibit are reminded that reservations for class entries must be made by Monday, September 24, at 12 noon. ### That Novi School Just Won't Seem Like Same Place

Novi school children will soon find that there have been some changes made. While they were out swimming, playing and traveling this summer, for example, the Novi community building — which doubles as their gym — got a thorough sprucing-up. The building has been painted inside and out, the floor has been reconditioned, and such inside facilities as the stage and basketball backboards have had a going-over.

In the school itself, they'll find that the former library is now two classrooms. This was done to make room for expanded enrollment. The library is now installed in the former superintendent's office on the second floor. Though smaller than the downstairs library, Medlyn said it should be sufficient. Students will also find a host of new books. They include an encyclopedia set, new reading books and textbooks bought to replace those which have worn out. The school bought a large supply of books last year, however, and has gone easy this year.

Elsewhere, students can expect an expanded physical education program. A new coach will join the staff to fill the vacancy caused by the army induction of Novi's coach early last fall. In addition, a full intramural athletic program will be started, and athletic fields will be set up behind the school. Shower and locker facilities are already in existence at the school. Finally, students will greet seven new teachers this fall. They will be presented to readers in next week's edition.

**BACK TO SCHOOL FOR TEACHER TOO** — The summer's over for the Northville faculty as well as the students. Here Mrs. Peggy McGovern, who teaches at Main Street school, gets her files and teaching aids ready. Her daughter, Michele, still has a couple years before she gets a first hand look at school.

### School Thursday For Wixom Students

Approximately 5300 students from Wixom and Walley Lake will be in classes next Thursday in the seven elementary, one junior high and one senior high school in the Walley Lake district. About 200 teachers will be employed by the district this year. Books are on sale this week.

Superintendent Russell Amerman has announced that hot soups from a vending machine will be provided. Six varieties will be available and the school will provide crackers and spoons.

Students who bring lunches may eat them in the school lunchroom as in the past.

Northville Mothers Club Holding their first meeting September 23 will be members of the Northville Mothers club, presided over this week by Mrs. Stuart Campbell. The club meets the second and fourth Tuesdays of each month.

## Here Comes School Again

**READY TO ROLL** — Novi school buses will be on the road again soon, carrying students to and from school. Here, Genevieve Hazelton, 4181 Grand River, puts the finishing touches on the reconditioning job she gave her bus during the summer. For complete Novi bus schedule, see page 7.

There's no getting around it. School is definitely in the air, and more than 2,500 students in Northville, Novi and Wixom are well aware of it.

There's been a lot of changes over the summer, of course, and there is quite a bit of news about the what, when and where of going back to school.

For this reason, readers will find on these two pages a compilation of what the new school year is apt to bring — and of what it is bringing already.

Within the next few weeks, The Record-News will resume its "Mustang Hoopfrings" page — a section devoted to activities of Northville high school. As last year, students will prepare the weekly feature.

And whenever other schools in the area come up with a noteworthy news or feature story, there'll be space for them too. Meanwhile, on to the school year.

**WEIGHTY STATISTICS** — Novi principal Mrs. Mary Ann Atkinson and secretary Paul Broderson carry very rest — and heavy — proof that Novi's enrollment has gone up 22 percent since last year. Put carries the 1956 registration cards, while Mrs. Atkinson has the larger stack representing current enrollment.

### New Schools Coming Up In Northville and Novi

A year from now, Northville and Novi will have at least 27 more classrooms to handle their burgeoning student populations. In fact, Northville will probably open the doors on 13 of those classrooms yet this fall.

The extra space will come from the Amerman school addition in Northville and the proposed Willowbrook elementary school in Novi. The Amerman addition, 13 rooms in an L-shaped wing, has been growing rapidly during the summer. Inside walls are already painted, and floor construction workers soon will begin putting on the roof and laying floors.

Principal Richard Kay estimated the \$20,000 addition will be ready by November 1. In Novi, the proposed Willowbrook school is still on the drawing boards.

The present high school building will begin to be reconstructed to serve as a junior high school. By that time, both Northville and Novi will probably be thinking of still more schools for the ever-increasing population.

board will soon advertise for bids, and construction will begin shortly thereafter. The school, to cost \$485,000 will be built near Meadowbrook and 10 Mile roads and will have a capacity of 420 students. It is designed in a striking contemporary style.

Dack in Northville, school officials are hoping that at least part of the new Northville high school will be ready for students during the winter of 1958-59. The \$2,500,000 high school will be built near the Amerman school, overlooking the city.

Final plans have now been approved, and school officials are now studying the upcoming sale of bonds for the building. When this is done, construction can begin almost immediately.

The present high school building will begin to be reconstructed to serve as a junior high school. By that time, both Northville and Novi will probably be thinking of still more schools for the ever-increasing population.

### Hot Soup Available In Lunchroom

A new venture in a lunch-time hot dish will be tried the first few weeks of school in the Northville system this year and will be continued if it proves satisfactory. Superintendent Russell Amerman has announced that hot soups from a vending machine will be provided. Six varieties will be available and the school will provide crackers and spoons.

Students who bring lunches may eat them in the school lunchroom as in the past.

Northville Mothers Club Holding their first meeting September 23 will be members of the Northville Mothers club, presided over this week by Mrs. Stuart Campbell. The club meets the second and fourth Tuesdays of each month.

### Meetings Begin For Interest Groups

Parent-Teachers Association The Northville Parent-Teachers Association will hold its first meeting of the season on September 23 at the Northville Community building. P-T-A meetings are held the fourth Tuesday of each month, and begin at 8 p.m. Co-presidents of the group are Mr. and Mrs. Kenneth Curley.

Curriculum Study The Northville Curriculum Study committee will continue its project this year of working out a proposed junior high school curriculum. Chairman of the group is William Crump. A study of high school curriculum was completed last spring and approved by the Northville board of education.

Co-operative Nursery The Northville Co-operative nursery group will start orientating new members next week, Wednesday, September 4 and Friday, September 6. New members will be notified by mail when they are to bring their children for the orientation morning. The group is open to 3 and 4 year olds and meets at the First Presbyterian church on Monday, Wednesday and Friday from 9 to 11:30 a.m. Anyone wanting additional information may call Mrs. Robert Yoder at Northville 1438. Announcements of the date of the first meeting will be made at the orientation time.

St. William's School Opens Doors to 450 St. William's Catholic school in Walley Lake will reopen Thursday, September 5 with approximately 450 students from first through the eighth grades.

Principal Sister Cecilia Marie has announced that there will be seven sisters of St. Dominic from Adrian teaching in addition to two lay teachers. There will be two first grade classes as there are 80 pupils registered. Registration is now closed to all grades due to the lack of space.

### Novi School to Serve 200 Lunches a Day

Upwards of 200 Novi students will receive hot lunches at the school cafeteria each day this year. The meals, under the supervision of nutritionist Mrs. Doris Darling, assisted by Mrs. Kahli and Mrs. Bohrsund, cost students 20 cents. The cost is kept down through the federal government's school milk program and through the sale of surplus farm commodities by federal agencies.

### Board of Control Names New Head

Robert Klingman, Clarkston high school principal, has been named chairman of the Wayne-Oakland league board of control, Northville principal E. V. Ellison announced this week.

The appointment was made last week at a meeting of the eight league schools at Brighton. At the same time, the board scheduled a general assembly at Bloomfield Hills high school, October 2. At that time, teachers and administrators will plan the year's extra-curricular and inter-league activities. The following day, superintendents and principals of the schools will meet to discuss progress on revision of certain inter-league policies and activities. The program was started last spring.

Again this year: More kids are going back to school in Buster Brown Shoes than any other brand

Kids like the way Buster Browns look. Parents like the way they fit. They are made over live-foot lasts and fitted according to Buster Brown's exclusive 6-Point Fitting Plan. Now, complete stocks of new fall styles.

Charles Johnson of Wixom is confined to his home.

### In Wixom Village: Co-operative Elects Officers

Mrs. Charles Ware — Market 4-1001

The annual meeting of the Wixom Co-operative stockholders was held at the gymnasium in New Hudson last Friday evening for M. Duganle of electing two directors for a period of three years. Alden Green of Farmington and Alfred Hase of 12 Mile road, Wixom, were unanimously elected to succeed themselves.

The board of directors was also given authority by the stockholders to explore the possibility of converting from a farm cooperative to a closed cooperative. A farm cooperative does 85 percent of its business with farmers, and as farmers are reluctant to discontinue the Wixom area it was thought advisable to cater to others as well as farmers.

April 41 years old, the Wixom co-operative company was organized November 10, 1916 as the Wixom Co-operative Association. Its object was to give service to the surrounding farm community. On November 7, 1929, it was re-incorporated as the Wixom Co-operative Company. The original board of directors were Bert A. Holden, first president, H. A. Smith of West road, Fred Pearson of Moton, Frank L. Moore and Fred Childs, now all deceased.

The original capital was \$2,300 and there were 23 original voters. Today the depreciated value is \$342,000. Present voters number 1,394. Since 1941, the company has paid \$100,000 in dividends. Bernard Kison has been manager of the elevator since the company was organized.

Seal News Mr. and Mrs. Mel Woods and family spent their vacation at Tahquamenon Falls. While there they fished in the Tahquamenon river, visited Newberry Paradise and hiked a great many times. They saw several deer and bears. Mrs. Kenneth Rucker and family are vacationing at Standish for one week.

On Tuesday, August 29 Mrs. John Chambers had as her guests Mr. and Mrs. V. M. Berry and Mr. and Mrs. Dewey Schneider from Temperance, Michigan. Mr. and Mrs. Harry Scott of St. Petersburg, Florida are visiting with their daughter and family, the Ron Grannis of Willow Lane, George Sterlocks of Farmington. The Scotts lived in Wixom for 13 years and while here were active in many projects. They have visited with their daughter, Evelyn (Mrs. Heebuyer) in California and plan to fly back to Florida in the near future.

The Sunshine social service group met at the home of Mrs. Charles Armstrong on Maple road Tuesday, August 20 for a picnic. There were 12 members present. Guests included Miss Susan Sherlock of Farmington, Michigan.

The Jack Butlers of Glen Ridge were visited recently by Jack's parents, the John Butlers, of Fowlerville. Four couples from the Glen Ridge have organized a monthly bridge club. The couples met Friday, the 18th at the home of Bob and Alice LeWittor. The other members of the group are John and Marge Williams, Vern and Bea Bradach and Bill and Joan Gould.

The bridge club was held Tuesday night at Charlotte Rasmussen's home on Malott. The first and second prize winners were Nora Blackerwell and Joan Gould. The consolation prize was won by Barbara Cunn. Jean McClelland and Joan Gould were guest players. Marty Ames of Mooringside was hostess to her bridge club Wednesday night. Marg Parsons and Agnes Driscoll won first and second prize and Margaret Bunker won the consolation prize.

## Twin Tragedy at Walled Lake

### THE NOVI NEWS

SERVING A GROWING COMMUNITY Thursday, August 29, 1957

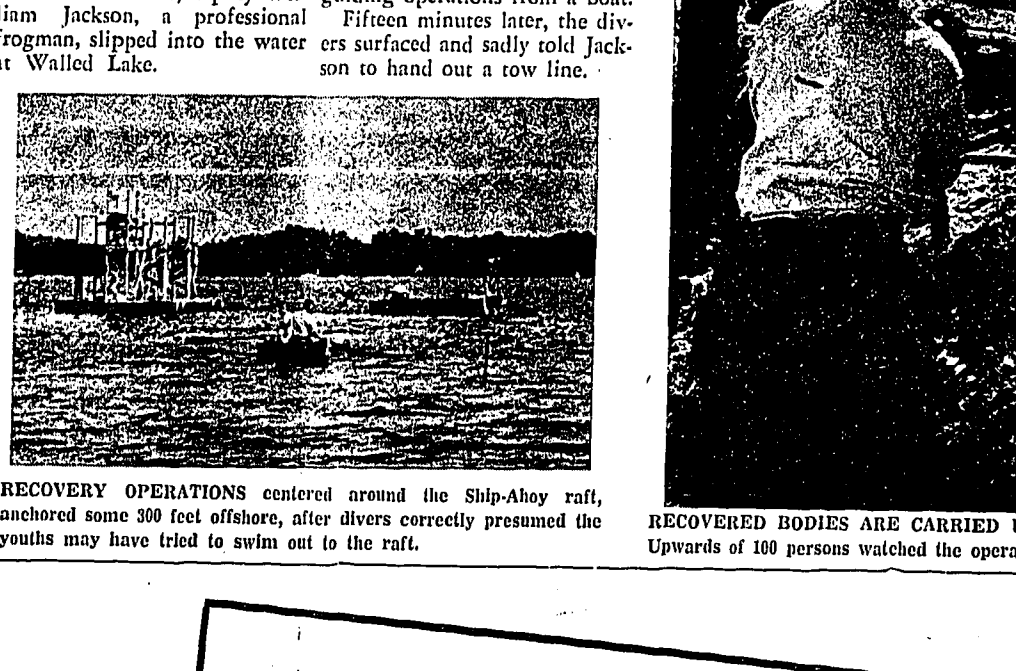

Five hours after the search on the gently-sloping lake began last Thursday morning, a skin-diver broke surface and signalled with his arm. This was confirmed what a handful of distraught relatives and scores of horrified onlookers had suspected with mounting certainty; two young Detroiters had drowned offshore seeing them since that time.

BeGole called the parents of the missing boys and asked the father to come out. In the afternoon, possibly in full sight of scores of other swimmers. It took telephone operator call 16, and Richard H. Malo, both also appears likely that they went under while swimming to the south end of Walled Lake. The bodies of Robert W. Sego, 16, and Richard H. Malo, both 18, were found in the water near the ship-offer. The case began just past midnight Thursday when Novi police superintendent Robert Richardson reported to Novi police seen since.

For nearly five hours, Jackson later recovered help from the state police. By 9:30 a.m., two divers were roaring toward Novi from East Lansing — headquarters of a new 16-man state police recovery squad. When they arrived, Jackson quested diving help from the state police. By 9:30 a.m., two divers were roaring toward Novi from East Lansing — headquarters of a new 16-man state police recovery squad.

RECOVERY OPERATIONS centered around the Ship-Abay raft, anchored some 300 feet offshore, after divers correctly presumed the youths may have tried to swim out to the raft.

RECOVERED BODIES ARE CARRIED UP to waiting ambulances, while numb onlookers stare against. Upwards of 100 persons watched the operations, and nearly 30 policemen in 11 cars stood by to assist.

BRIEFING PERIOD — State troopers Thomas Mechler (left) and William Carter (right) check a map of Walled Lake before starting their search. Members of a new rescue squad, they were on their first case since completing recovery training two weeks ago.

## BOARD OF EDUCATION

NORTHVILLE, MICHIGAN

August 29, 1957

To the Citizens of Northville:

On September 9 classrooms in the Northville Public Schools will again hum with the activity of the largest enrollment in our history.

Our school system has become the biggest business in our community. Its function is of vital interest to every parent.

Your Board of Education is grateful for the support it has been given. We are proud, too, that our students may attend full-day sessions with modern facilities and competent teachers.

As we welcome the students of the 1957-58 year, we also continue to look ahead to future years when students in greater numbers will enter our schools. Work is well underway on the enlargement of the Amerman elementary school. Plans, too, are nearly completed for the construction of our new high school.

### Merchants Take Third; Await League Playoffs

The Northville Merchants, winding up the regular season in third place, were all set this week to dig into Inter-County tournament play this coming week end.

The Merchants ended up in the third spot by virtue of a late-season splurge, after dropping five contests earlier in the year.

The final league standings:

Rouge Merchants	14	3
Plymouth Merchants	13	4
Northville Merchants	11	6
Redford Merchants	10	7
Romulus Merchants	9	8
Chelsea Merchants	6	11

Deloit Merchants 2 10  
Plymouth Elks 2 15  
Manager Steve Follen's Merchants took third place last Sunday by downing Redford Merchants, 3-1. The game was scoreless until the seventh when both Redford and Northville pushed across a run. Then in the eighth, triples by Dick Turner and Ariston Luzon, coupled with two sacrifice flies, brought across two more. Jim McIntyre was on the mound for Northville.

### Mustangs Begin Practice Monday

Football will return to the Northville scene Monday when a host of Northville high school grid hopelists turn out for the Mustangs' first practice at Cass DeWitt park.

Coch Ron Schipper has scheduled twice-a-day practices until school starts the following Monday. The team drew equipment Tuesday and yesterday, and is scheduled for a squad meeting tomorrow.

The Mustangs, defending champions of the Wayne-Oakland league — open the schedule against Plymouth September 28.

### Batting, Pitching Crowns Go to Bearden and Rose

As Novi Little League play-offs got underway this week, officials revealed that Ron Bearden and Paul Rose, both of Fiberglas, have won the first batting and pitching crowns of the newly-organized league.

Bearden pounded out a mighty .333 average, while Rose Morrison paced the hurlers with a .61 record.

Meanwhile, Little Leaguers began competing this week in post-season "World Series" play. The sudden-death series will end tomorrow night when the winners of Detroit-Boston game at Briggs Stadium Wednesday.

Getting back to statistics, William Hannon, Sr., Little League scorer and statistician, has compiled the following list of players with averages higher than .300:

Ron Bearden, Fiberglas	.633
Paul Rose, Fiberglas	.632
Ralph Calliguri, Fiberglas	.54
Fitchers with one or more victories:	
Paul Rose, Fiberglas	6-1
Tom Morrison, Paragon	7-2
Dennis Marshall, Young Door	6-3
John Walters, Paragon	4-2
Ralph Calliguri, Fiberglas	4-4

## Motorcycles to Race Here Monday Afternoon

ROARING RACERS — Scenes such as this will be common next Monday when between 30 and 50 motorcycle riders jockey their iron steeds through the turns at Northville Downs. The motorcycle race, fully sanctioned by the American Motorcycle Association, will be the first on a half-mile track in the Detroit area in many years, says promoter Mel Larson.

### Morgan Horses Featured on Sunday

The fifth annual All-Morgan horse show, sponsored by the Justin Morgan Horse club, will be held Sunday, September 1 at the Woods and Waters Farm, 2221 Pontiac trail, between Eight and Nine Mile roads. The show will begin at 9 a.m. with a short intermission for lunch. Good food will be served on the grounds. Free parking and grandstand seats are available.

Horses from Michigan, Ohio, Illinois and Wisconsin will be exhibited. Horses from the immediate area will represent Dr. Alexander Bulven's Stanerig Stables, of Ann Arbor; Mr. and Mrs. Milo Dugan's Mario Farm of Northville; Edmund Rickard's Wenloch Farm, of Ann Arbor; Gerald Tall's Springbrook Farms of Northville; and Walter Kane's Woods and Waters Farm of South Lyon, and many other local breeders. These horses will go on to the Michigan State Fair for breed and performance classes.

This show is unique as it presents horses performing in all types of classes from high stepping English and fine harness horses to fast performing western style all done by one breed of horse, the Morgan horse.

The Morgan horse is said to be the oldest breed of horses in the United States springing from the famous stallion "Justin Morgan" over 100 years ago. The present Morgans exhibit has great beauty and easily controlled animation.

William Reid of Beck road, Plymouth, is chairman of the show committee. Mrs. Rheda Kane of South Lyon is the show secretary.

Dr. John Hutton of Lansing, who has recently retired from the faculty of Michigan State university, will be the judge at the show.

### Here's What to Watch For

What do you look for at a motorcycle race? Since most Northville sports fans probably know more about Jacosse or East Indian rope-jumping than they do about motorcycle racing, The Record this week asked promoter Mel Larson to explain a few of the fine points of the two-wheeled sport.

Among his answers: Motorcycle riders are known as "hot shoes" because of a steel plate they wear on their left shoes to help control their machines through the turns. The plate also serves in stopping the brakesless motorcycles.

The only protection offered riders is a crash helmet, goggles, leather jacket, breeches and boots.

Riders are divided into two classes — "A" and "B." "A" riders are those who have accumulated at least 60 points in one season. Points are earned by placing in the first three places during competition.

Few sports require such unshaking nerves and expert judgment of distance. In addition, riders must have great stamina and skill to maneuver their mounts at top speeds on the straightaways and in the close proximity of the turns.

The most popular racing motorcycles are the Harley-Davidson, B.S.A., and Indian.

### Some Fishing Ends On September 8

Fishermen were reminded this week that September 8 marks the last day of angling for several Michigan game fish species.

The statewide trout season closes soon, fishermen will be able to take part in a special rainbow trout season in certain state waters.

The special waters designated by Conservation Department director Gerald E. Zddy are open to rainbow trout fishing during September, October and November.

### Expect 30-50 Top Riders For Labor Day Program

Northville sports fans will have a made-to-order opportunity for a backyard holiday Monday afternoon.

While thousands of Labor Day motorists are cramping the highways and beaches, several dozen of the best motorcycleists in the Midwest will stage a daredevil championship race at Northville Downs.

The Labor Day classic is expected to draw between 30 and 50 leading riders from Michigan, Indiana and Ohio, according to promoter Mel Larson.

Three riders from the Northville area are the fastest to sign up. They are Jay Hawkins and Stephen Simek, both of Farmington, and Lawrence Carroll of Livonia.

Larson said some 77 professionally qualified riders have appeared in Michigan races so far this year. In most programs, between 30 and 40 have entered — though the figures has passed 60 on several occasions.

The program will begin at noon when drivers warm up their cycles and try out the track. From then on, the program will read like this:

- time trials (12-30)
- McKanna trophy dash
- three 8-lap heat races for class B cycles
- three 6-lap races for class A cycles
- 10-lap feature event for class B cycles
- 10-lap feature event for class A cycles.

The McKanna trophy, sponsored by McKanna Mercury of Plymouth will go to the winner of a 5-lap dash between the three fastest qualifiers of the afternoon.

If it rains Monday, the races will be held the following Saturday.

The entire program is sanctioned by the American Motorcycle Association, and is subject to its rules and regulations.

Tickets are now on sale at Northville Downs. The show office will be open from 12 noon until 8 p.m. daily. Reservations can be made by calling Northville 1140 or Plymouth 482-24.

Larson emphasized that persons ordering in advance can get box seats as long as they last for the day. The all-day affair, to begin at noon, is expected to attract a record 250 entries.

**LIVING THE CHRISTIAN LIFE**  
 An old Christian elder in one of my former  
 parsonages was fond of repeating these words,  
 "One must have the life to live, before he  
 can live the life!" How true this is. One can-  
 not make a dead man sit up or walk, neither  
 can a person who is dead in his sins live the  
 Christian life.  
 Every person born into this world possesses  
 natural life. This life makes him think and  
 act like a human being. But to be a Christian,  
 one must have a new life, a life received from  
 the Spirit of God. Jesus Christ made this plain  
 to Nicodemus in John 3. He said, "Except a  
 man be born again he cannot see the King-  
 dom of God!" The term "born again" sug-  
 gests two things. (1) Born a second time.  
 (2) Born from above. This new life is just  
 as real and actual as the first birth. The first  
 birth is the result of natural generation, the  
 second comes by an act of God whereby he  
 imparts new life to the soul. When a person  
 possesses this life he can understand spiritual  
 things and live the Christian life as described  
 in the Word of God.  
 It is clear to all of us that this life will  
 be imparted even to a remarkable degree. It is  
 possible for a person through self effort to  
 pass as a Christian. By having a high moral

### Protest Deportation Of Missionaries

Ten American missionaries were deported to Puerto Rico from the Dominican Republic August 4, C. O. Conner, president of the Michigan Council, presiding minister of the Plymouth congregation of Jehovah's Witnesses, announced yesterday. Fare was paid by the Dominican government and the missionaries were escorted under arrest to the plane.

Action came on the heels of "waves of persecution" against only in communist countries" climaxed by a total ban proscribing the work of Bible education conducted by the witnesses in the Dominican Republic since 1945.

An ultimatum to the Christian missionaries to renounce all association with the organization and cease communication with their Brooklyn, New York office or leave the country was made last month by Major General Arturo Espallit, minister of security, whom the U.S. government has sought to question in the disappearance of Dr. Jesus De Galindez. Some of the missionaries have been in the country for 11 years.

According to official news sources of the Dominican Republic, pro-secution of the Christian activity of Jehovah's Witnesses was legalized by President Hector Trujillo on July 25 and the law carries penalties of from one to three months imprisonment with fines of from \$30 to \$100. It was announced that over \$1 million had been appropriated by the Dominican government to enforce the ban.

Mr. Conner said a full-scale cam-paign to restrict the religious freedom of the witnesses has been un-derway since July 1.

### Rev. B. J. Pankow Returns From Lutheran Conference

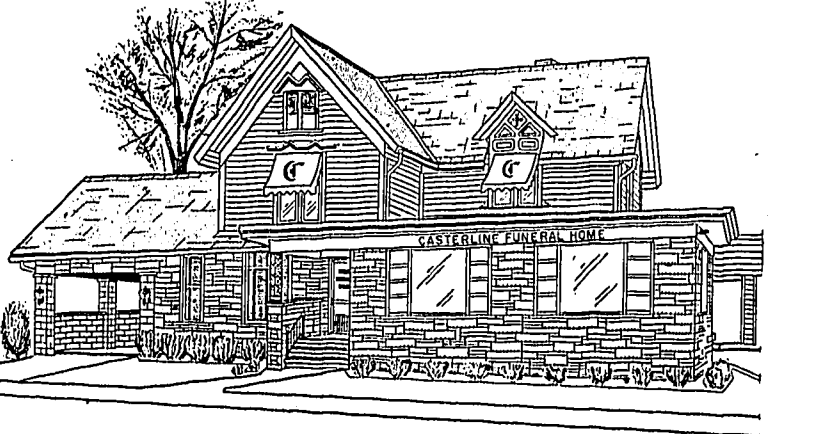

The Rev. B. J. Pankow of Northville returned Thursday from the 20th convention of the Michigan district of the Lutheran Church Missouri Synod which concluded on Wednesday, announced yesterday. The note of "the greatest mission interest and accomplishment in the church's 102 year history."

This marks 25 new churches started by the mission board over the past five years, with 19 churches declaring themselves self-supporting in the past year alone. Rev. Pankow said.

An all-time high of \$8,000,000 in the district's church extension fund for creation of new church buildings was recorded, with over a dozen fields awaiting additional extension loans. The district fund exceeds that of the national body.

Deeding over to the Michigan district of the Schwaning Indian Mission House was one of the highlights of the convention. The restored original of the house, used as a base for the work among the Chipewas a century ago, was given to the church by its owner, Charles F. Leobhard. The 125th anniversary of the coming of the first Lutheran pastor to the "Michigan Territory" will be observed by the district next year.

Necessity for the responsibility of youth in the district's expanding plans was emphasized through

# EXTRA EFFORT THIS WEEK AND NEXT WINS \$50 EXTRA

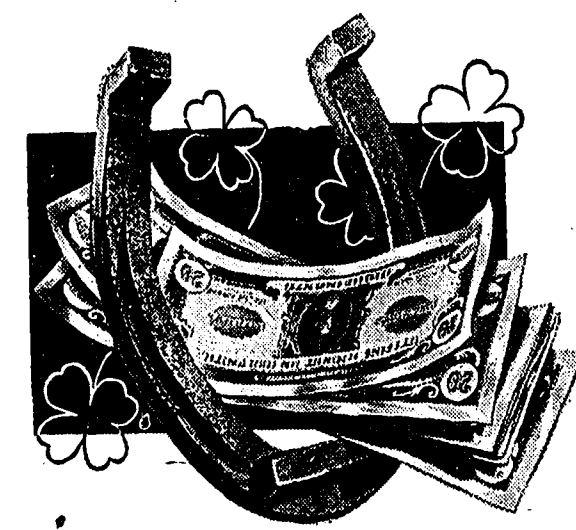

AN EXTRA \$50 WILL BE ADDED TO WINNINGS OF THE CONTESTANT TURNING IN THE MOST MONEY FOR SUBSCRIPTIONS FROM AUGUST 26 THROUGH SEPTEMBER 7, 10 P.M.

All Start Even Monday, August 26 For The Extra Money

HOW THE EXTRA PRIZE WILL BE AWARDED

Announcement was made Monday morning of an EXTRA CASH PRIZE of \$50.00 for the contestant turning in the LARGEST AMOUNT OF MONEY for new and renewal subscriptions in The Northville Record and Novi News \$1.00 SUBSCRIPTION CONTEST—during the SECOND VOTE PERIOD—between August 26 and September 7, 10 p.m. ALL STARTED EVEN MONDAY, August 26 for the EXTRA \$50.00 PRIZE. The money turned in previous to August 26—during the first period—does NOT count toward winning the extra \$50.00, but all that is turned in during the second vote period counts toward winning the EXTRA PRIZE, and the vote each subscription earns DO count toward winning the FORD CAR and other prizes on September 21. The winner of the extra \$50.00 prize will not be announced on September 7. If you win the extra prize it will be ADDED TO YOUR PRIZE OR COMMISSION when the final votes are counted and records checked by a board of judges after the contest closes.

WIN TWO PRIZES FOR THE EFFORT OF WINNING ONE!

It Takes More Than LUCK!

Don't depend on horsehoses and four-leaf clovers. Don't figure that other contestants will win. Make your own good fortune. Steady participation does it! First, decide that you can get more subscriptions than anyone else and then go after them. . . keep on trying. . . you will find that you can get them where others failed. A few new, renewal or extended subscriptions, obtained each day, soon adds up to the winning vote. Then, see how lucky you are! YOU START EVEN for the EXTRA PRIZE. If you lack confidence in yourself. . . if you know that you can't win it with an even start. . . then fall to try, you can't hope for success. Remember, \$30 clubs of subscribers, turned in on report days, will get you more votes than all your competitors who get barely one or two subscriptions to make a report.

**OPPORTUNITY CLUB COUPON**  
GOOD FOR \$50.00 EXTRA VOTES

This coupon when accompanied by \$30.00 worth of subscriptions, will entitle a contestant with 2,000 extra votes if turned in by 9 p.m., Saturday, August 31, 1957.

**SAYS POLICEMAN DROVE WILDLY**

To the Editor:

Although I am not a taxpayer in Northville I feel that it is my civic duty to bring this incident to the attention of the editor of this paper.

Who was the hot-rodder driving the police car to the north of Northville township the other day?

One speaks of citizens getting the book thrown at them by a policeman when a law is violated. But what happens when a member of your local police department does the same violation?

True, the errand he was driving to was an emergency but not so urgent that he had to endanger the lives of people.

Passing the fire truck on the hill south of Northville on this hot-rodder's part was about as stupid an act as I have ever seen done. A suggestion would be in order to correct the driving of the police department and then perhaps the drivers of Northville would learn to respect the law more in our city.

I believe that the local high school has a driver's class. Perhaps it would be a good idea to send this hot-rodder to this school.

(Signed)

While summer means "vacation" for most people, it often is a time for schoolwork for thousands of Michigan teachers.

Many of these teachers take part in conservation education classes at the Michigan conservation department's Higgins Lake training school. The teacher training program conducted by the department each year provides basic education in principles and practices pertaining to the program.

Among Northville teachers who attended this summer were Mrs. Bruce Bradshaw, Mrs. Lucy Miller and Robert Williams.

SPEAKING for the Record

By BILL SLIGER

Allied Products made headlines in the Port Huron Times Herald recently but on a happier note than the first which brought the firm's plant into the news.

The lead story of the August 13 edition of the Port Huron daily announced Allied's intention of moving into a leased plant in nearby Marysville.

School and city officials reached quick agreement last week on the off-site installations for water and sewer facilities for the new high school.

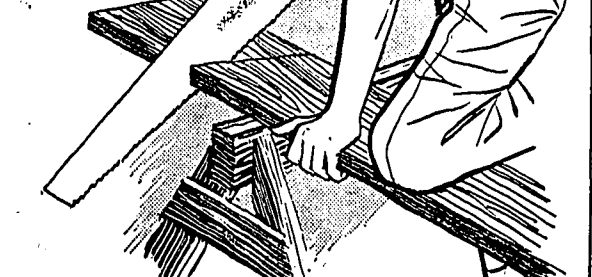

Because school board members must be certain that any expense of this kind is justifiable and can be substantiated as a definite need, the matter came in for close examination.

It was a case of two governing bodies carefully scrutinizing the manner in which the taxpayers' money was being spent. After it became apparent what services the school would need, board members didn't hesitate to assume the costs.

Earlier some misunderstandings had grown from the situation, but once members got together and the cards were on the table, the matter was quickly settled.

Michigan Mirror GOP Seeks Governor

REPUBLICANS are looking for a candidate for governor. A one-rich field of aspirants in the party has been hit by drought and its aftermath before 1958's November election there is no one in sight.

Democrats have enough candidates for two or three elections. Gov. Williams at the moment is expected to be a candidate for another term. Since his re-election in 1950, he has set a new precedent for Democrats every two years.

There has been talk of Rep. Alvin Bentley of Oshtemo taking a turn at the gubernatorial race. Bentley has indicated he prefers to stay in the House of Representatives.

Some secrets predict that by 1958, House Speaker George M. Van Pelt (R-Zeeland) and his fellow legislators are expected to assume the legislative leadership as a candidate for governor.

Van Pelt is a shrewd and powerful speaker, and he has not forgotten his role as a legislator. Sallade is a shrewd and powerful speaker, and he has not forgotten his role as a legislator.

Hart was elected late in the last legislative session by Senator John P. Smeekens (R-Coldwater) who, referring to Williams' statement that the lieutenant governor would "fill in" in 1958, chided Hart publicly about "always being a bridesmaid."

The party has months to make the decision. Names most prominently mentioned are Senator John P. Smeekens (R-Detroit), now in his second term, and Rep. Ed Carey (D-Detroit).

Carey, a candidate now for the Detroit City Council, prefers to stay near his family in Detroit after 23 years in Lansing as a legislator. Swainson, a young lawyer, is a strong possibility.

THE STATE'S FIGHT against alcoholism reached new high points this year. Under the state board of alcoholism, two professional workers operate the program on a budget just less than \$400,000 a year, using co-operation with local government as the main power.

Roger Babson Shopping Centers Thrive on "Main Street Laxity"

Babson Park, Mass. — Merchants often "gone out to lunch" or are at some cocktail party. Some Shopping Centers are profitable because of the jealousy, stolidity and shortsightedness of the nearby local city governments. Did you know whether we are facing either World War III or Disarmament?

The first requirement is that each one must have a strong backbone or core in the form of a large, successful, and well-known department store or supermarket. The second requirement is that each Shopping Center should be able to support itself on the suburban development surrounding it. The third requirement is that it must be well-financed.
