

## Michigan Mirror

## Farmers Seek Means To Hold Milk Prices

A FEELING of insecurity is evident among many Michigan farmers. On the surface they face a single problem—how to maintain prices for raw milk. Underneath they face a more serious issue: What to do with marginal producers. This is the group now marketing enough milk to create the oversupply and force prices down.

There seems no practical solution to this knotty question; so many who believe the "part time farmer" to be the real issue are protesting it doesn't exist. Instead, varied attacks are being made against the "surface producer" many which solve little and increase discontent. Most dairymen (some 16,500) belong to the Michigan Milk Producers Association. The group recently voted price cuts for raw milk in some areas of the state. This was to meet competition from Ohio and Wisconsin who found it profitable to ship cheap milk into Michigan.

Last year, when farmers were pinched to produce milk profitable at existing prices, a minority splintered off to form the Fair Bargaining Association. In fact, this group was with dissent and a second revolt against the Michigan Milk Producers Association. Federal milk minimums are now being sought in several parts of the state to maintain raw milk prices. Two milk marketing bills have been introduced in the Michigan legislature with the same goal. Keep milk prices high enough to insure a steady profit for Michigan producers. Experts think this may maintain prices temporarily, but will do little to cure the real trouble. Excess milk will continue to be produced.

The "past time" farmer creates part of the milk surplus problem. These people earn a steady living by other means and keep a few cows for extra earnings. When milk prices are high this group is attracted into the milk market, the extra milk then forces the price down. A recent survey made by MMPA showed that 14 per cent of its members (some 1,400) work off the farm 100 days or more each year. About 11 per cent of the MMPA members earn more from off-farm work than from the farm.

The middle sized milk producer is caught in a squeeze. The large dairyman operates efficiently. He has a mechanized farm which reduces cost. Since the small milk producer relies on other sources for income, he can market milk when prices are good—and stop when the price makes it unprofitable. The middle sized milk producer has neither of these advantages. His cost per unit is higher than that of the large dairyman. He cannot profitably "get out" when prices are low.

## Books at Glance

From Northville Wayne County Library

NON-FICTION

*American Politics in a Revolutionary World*, by Chester Bowles. A new look at American foreign policy, based on the premise that we must take a new approach—not the Communists—if we are to provide the world leadership necessary.

*Japanese Flower Arrangement*. Complete with exquisite color photographs this book explains the simple rules of a Japanese art.

*The Prince and I*, by Marjorie Howe. The author reversed the role of Anna, the teacher to the Simses children, and became the pupil of Mousie Hassan, crown prince of Morocco. From him, she not only learned to ride a horse—but much of the politics and aspirations of his complex country.

*Battle Report, Volume IV — The End of an Empire*, prepared from official sources by Captain Walter Krings, USNR. Lt. Comdr. Russell L. Harris, USNR, and Lt. Comdr. Frank A. Manson, USN. The story of the final mopping up in the southwest Pacific, which culminated in the great battle for Leyte Gulf—where the Japanese lost their fleet.

*Imperial Woman*, by Pearl S. Buck. An historical novel about the last empress of China.

*The Wreck of the Mary Deare*, by Hammond Innes. A sea suspense story—the recital tale of man against the elements.

*Write Me a Poem, Baby*, by H. Allen Smith. This work is difficult to classify as fiction, because it contains the seeds of wisdom as only a child can produce them. An example—"The Downfall of Rome was caused by carelessness"—is just one of this collection from the pens of babies.

*Robt Hood's Arrow*, by Eugene Stone. A new Sherwood forest story introducing Dan of the Mill, the younger brother of one of the members of Robin's band.

*The Travels of Marco*, by Jean Merrill and Ronni Salbert. Marco is a pigeon who travels around the world—in New York City.

*Fun Around the World*. Children of the United Nations explain the way they have fun with instructions for their national games and things to make.

*Fun Around the World*. Children of the United Nations explain the way they have fun with instructions for their national games and things to make.

*Fun Around the World*. Children of the United Nations explain the way they have fun with instructions for their national games and things to make.

## Roger Babson

## Careful Shopping Can Save Dollars for Housewives

Babson Park, Mass. I have already given hints as to buying ready-made goods at a bargain. But here is perhaps my best tip—When one of your reliable stores has an Anniversary Sale, make a note of it in your diary. If you don't need to buy anything at that time, write down when it will come next year. It must always come the same week each year. Every month some store is having an anniversary sale. Careful shoppers fill all their needs at these sales. Instead of forming the habit of trading at only their favorite store, they shop around at these different stores awaiting their Anniversary Sale.

Discount Houses and "Loss Leaders"

I forecast that Discount Houses will continue to be a greater factor in merchandising. They have lower overhead than big department stores and are worthy of the attention of every shopper. Like all else in this world, they have their advantages and disadvantages. They can usually give you lower prices on all articles. On good furniture, textiles, and other merchandise which does not need mechanical servicing I recommend that they be patronized. I, however, cannot now recommend them for electric appliances, such as stoves, television sets, and perhaps washing machines, which need servicing.

Sales of "loss leaders" should be carefully watched. There have been an economic use in merchandising in order to get customers to a store. A merchant can well afford to advertise and sell one article below cost, to get you into the store in the hope that you will also buy something else upon which he will make good profit. A couple shopping with patience who study the advertisements can (during the year) secure most of their goods

from these "loss leaders" for one-half their regular retail prices.

Watch For Anniversary Sales

There also are "White Sales" when you can buy cheaply all needed linen, etc. There also are "Big Sales" when you can get big department stores and are worthy of the attention of every shopper. Like all else in this world, they have their advantages and disadvantages. They can usually give you lower prices on all articles. On good furniture, textiles, and other merchandise which does not need mechanical servicing I recommend that they be patronized. I, however, cannot now recommend them for electric appliances, such as stoves, television sets, and perhaps washing machines, which need servicing.

market places of Athens, Rome and Venice. Many jewelry stores hold daily auctions in most large cities today. Of course, all stock exchanges work on the auction system. Until recently, however, I have hesitated to recommend that my readers buy at store auctions.

Certain cities, however, are now holding mammoth and reliable auctions publicized by television. That is, if you cannot be at the auction personally, you can watch it on television. Then, wherever you are, you have the privilege for one week of buying a duplicate of any article sold at the auction at the same price at which it was shown and sold at the auction. One of the most famous of these auctions is operated three times daily, except Sundays, at Clearwater, Florida, under the name of "Howard the Trader". While good stores have but few regular customers, this auction will have from 5,000 to 10,000 people daily. It is amazing. Either these auctions can revolutionize retailing, or else they will wipe out the future, as I tell, I now don't even guess.

## News from Willowbrook

Some of the members of the Mother's club of Our Lady of Victory gathered at Margaret Bunker's home on Mooringside Tuesday night to sew. Those present were Mrs. Barnes and Mrs. Stubbs from Willowbrook, also Mrs. Kumpman, Mrs. Herd, Mrs. Hubbard and Mrs. Tegge from Northville.

Elcaner Froytag of LeBoist served luncheon Thursday to her friends at her home. Those attending were Mrs. B. Debenbach and Mrs. J. Debenbach of Royal Oak, Mrs. R. Loche of Ferndale and Mrs. M. Gravit of Detroit. The guests presented Dolores with a housewarming gift.

Bill and Donna Crowell of Meadowbrook enjoyed a party Saturday night at the Royal Oak home of Gene and Mary Ann Downey.

Bob Slover of Glen Ridge had a party Sunday evening in honor of his birthday. The guests present were Mr. and Mrs. Dave Fowler of Whitmore Lake and Mr. and Mrs. Robert Hay, Mr. and Mrs. Kermit Nolle and Mr. and Mrs. Richard Laddell of Northville.

Thursday evening several Rebekeh's attended a visitation at Ferndale.

Degree team practice will be held Wednesday night.

The IOOF will sponsor a talent show Friday evening, April 5. For tryouts call Ed Branch or George Kahrl.

Novi Girl Scouts  
The Novi girl scouts would like to thank everyone who contributed to the success of the girl scout camp party.

There will be direct cookie selling by two troops for the benefit of people who were not able to order cookies at an earlier date on Saturday, March 23. Intermediate Troop No. 492, under the direction of Mrs. Rex LaPlante and Mrs. Dick Ritter will sell at the Novi post office until noon. Intermediate Troop No. 491 will sell at Trickey's store under the direction of Mrs. Lloyd Coleman and Mrs. Erwin P. Goppert. Any group wishing to purchase cookies in quantity to serve at meetings, parties and hospital visits, etc., may do so by contacting Mrs. Robert Skellenger, 995-R12.

Sixth Grade  
Mrs. Salow's and Mrs. Penhale's rooms have been busy sending business letter in preparation for the school fair.

Mrs. Salow's sixth grade played "Information Please" for social studies. The champion for India was Christine Boretli, Ivan Fisher was runner-up.

Mrs. Penhale's sixth grade has a new pupil — Kathy White of Brighton.

The pupils are planning along with Mrs. Salow's room to have a "Sample Room" for the school fair.

Seventh Grade  
Mrs. Allen's seventh grade has been working on transportation booklets.

Novi School News  
New playground equipment is being installed at the school. The kindergarten has a new pupil — Linda Williams.

The latest first grade victim of chicken pox is Karen Takas.

Fourth and Fifth Grades  
Mrs. French's fourth and fifth grades met for their regular business meeting March 14 at 12:30 p.m. Those on the program committee are Diane Ramsey, Joe Dinsler and Patty Hildebrand.

## Rathbun Joins In Chevrolet Contest

Northville residents will have a good opportunity to win a new car and lots of cash for a first class vacation in Chevrolet's \$275,000 "Lucky Traveler" contest, according to Ken Rathbun, local Chevrolet dealer.

The contest, which opened on March 15 and closes April 15, offers a total of 57 awards, including four top prizes, each consisting of \$25,000 in cash, plus a 1957 Chevrolet passenger car or the winner's choice. Following the top awards are 53 prizes of 1957 Chevrolet Bel Air 4-door sedans and \$500 in cash.

Entry forms may be picked up at Rathbun Chevrolet Sales company headquarters for this area. Completed entries are also to be deposited at the Rathbun office.

Novi Sure Shots  
High for prone this week were Jack Boyd 86, Don Coleman 82 and William Krist 78 out of 100 scores. High for kneeling were Ronnie Loyne 78 and Mike Eby 71 out of 100. Meetings are held Tuesdays, 6:30 to 9 p.m.

Mrs. Harold Ortwin entertained 12 ladies at a demonstration party last week.

Car Wash Service  
Planned By Students

Students of physics, chemistry and physical science classes at Northville high school will hold a car wash Saturday, March 23 and March 30 to earn money for their trip to Chicago next month. Planned for a week end, they will visit the Museum of Science and Industry. The car wash will be open from 1 to 5:30 p.m. at Miller's garage.

Herbert Koester  
Democratic Candidate  
for Supervisor

I believe to integrate police and firemen into a single department which will give residents more efficient police and fire protection. Replace our present scout cars with station wagons equipped to handle police work and fire and rescue runs, along with proper facilities to convey the injured to the hospital.

—Pd. Political Adv.

EASTER SEAL TYPISTS — Typing students in the three classes of Miss Kathryn Giltner spent this week preparing envelopes to carry the annual Easter Seal message to Northville homes. The envelopes will be stuffed by Northville Rotarians early in April and will go into the mail around April 8. Goal for Northville this year is \$1,500, according to campaign chairman John Stuenkel.

## Preferred Candidate for City Council

# RITCHIE

## RATES 100%

### Herbert Koester

Democratic Candidate  
for Supervisor

I believe we should take a forward look toward our water front (Walled Lake) perfect setting for a year around park, sports activities, plus a bathing beach for residents of the township only. A possible relocation of the amusement park so Novi road could be rerouted on an angle and the frontage used to accomplish the above feat. This intersection now is very much a traffic hazard, along with the entire Novi Rd.

—Pd. Political Adv.

### Recorded Lecture For Camera Club

A tape recorded lecture, "My Camera in Search of a Subject," by Fred Archer will be presented at tonight's meeting of the Northville Adult Camera club.

Mr. Archer leads the viewer into strange places — including a trash basket, around the foot of a model used in a landscape shot, a trash basket — the common spots photographers are apt to pass up.

Tonight's meeting begins at 7:30 at the library.

### METALMASTERS MFG. CO.

REDFORD — 27268 Grand River near 8 Mile Road — KENWOOD 3-4414  
ROYAL OAK — 4436 N. Woodward near 14 Mile Road — LI-8-3011

WINNERS IN THE OPTIMIST ORATORY CONTEST last week were Robert Niemi, third; Douglas Whitford, second; and Frank Muller, first. Frank will go to the district judgments in Grand Rapids next month, where a win will give him a place in the International judgments in Philadelphia in June.

TO ADDRESS OPTIMISTS — Cass S. Hough, executive vice-president of the Daisy Manufacturing company in Plymouth, will discuss air travel — past, present and future — at the Northville Optimist club meeting Thursday, March 28. His talk will include the potential of inter-planetary space travel. Hough has a long record in aviation dating back to 1921 when he first learned to fly. He flew more than 100 combat missions in World War II and served as a colonel on the staff of General James Doolittle. He was awarded the Legion of Merit, Distinguished Flying Cross and other citations for his service. From 1947 until 1951 Hough was chairman of the Michigan Aeronautical Commission.

### Suffers Slight Injury In Grocery Theft

A case of beer was reported stolen Monday evening from the rear of the Spagnuolo grocery, 311 East Main street.

Mrs. James Spagnuolo reported seeing four boys fleeing with the beer when she parked her car behind her son's store about 7:25 p.m. When they saw her, the youths ran toward Dunlap street, knocking Mrs. Spagnuolo to the ground. She suffered slight injuries.

Mrs. Joseph Spagnuolo, wife of the owner, was waiting on customers at the time of the robbery.

### CARELESS LIVING

We hear a great deal about careless driving in these days and the tragic accidents that such carelessness brings. Have you ever considered the tragic results caused by a life of carelessness about spiritual things? Many people who are careless in things which relate to this life often are complacent about the welfare of their souls. These people do not deny God's existence but they live as if there were no God. They never take Him into their transactions or considerations. They seldom if ever attend public worship services though churches may be within reach of them. The only time some people attend any kind of religious service is when respect calls them to attend a funeral. Then there is another class who are not quite so careless and yet are satisfied with religious forms. They satisfy their souls by going through the motions of ritualistic worship but are strangers to the vital things of salvation. They have not ever taken the time to check what the church teaches or the minister preaches with their Bibles to see if they have spoken the truth. When we see that our eternal destiny depends upon knowing the Truth and obeying it, then we will be able to see how important it is to be careful about spiritual things.

### Frank Muller Wins First In Optimist Oratory Contest

A Northville student will go to the district judgments in the annual Optimist oratory contest as a result of a local victory last week.

The winner was Frank Muller, who spoke on "Optimism and Invention," followed by Doug Whitford, who won second, and Bob Niemi, third.

Of 17 students who participated in the previous eliminations, five others spoke in the final judgments: Doug Ware, N. C. Schrader, Chuck Hix, Bob Bradshaw and Richard Drew.

All were coached by Miss Florence Panattoni, who coincidentally received the Optimist "Bouquet for the Living" award on the same program. The award was presented for her outstanding work with speech and oratory students at the school.

Frank will now go to the district judgments in Grand Rapids next month. A win there would take him to the Optimist International contest in Philadelphia June 19 through 26.

Judges for the local competition were Miss Patricia Bohl, Mrs. Violet Bradford and Clarence Mason, all teachers at N.H.S.

### Motorist Fined For Reckless Driving

Robert William McCarthy, of 2817 Midway, Detroit, was found guilty of reckless driving by Judge E. M. Bogart last week. He was fined \$25 and had his driver's license revoked for 90 days.

Political Adv. Paid By Friends

## Speaks A Language All Its Own!

Take a good look at this gentleman as he strides out into the early morning to his waiting car.

In all probability you feel—as we do—that you know a goodly number of things about him.

First of all, we would be willing to venture that he is a man who holds to high standards of achievement.

We would guess that he is held in high personal esteem by his friends and associates. And we would also suppose that he is a practical man who is keenly aware of the basic value and worth of the things around him.

The reason for all this is not far to seek. For the motor car that awaits him at the curb-side bears the beautiful crest of Cadillac. And here, beyond all conjecture, is the most eloquent spokesman in the entire realm of possessions.

In fact, the Cadillac car has, over the years, been so closely associated with the leading citizenry of our land that the two have become all but inseparable in the public mind.

And just as these motorists have placed their trust in Cadillac so Cadillac has given them everything they could hope for in an automobile.

Cadillac has given them unduplicated beauty and luxury . . . unsurpassed performance and comfort . . . and extraordinary quality and value.

Have you driven a 1957 Cadillac? If not, we urge you to come in and let the car tell you its own thrilling story on the highway.

We think you will agree that this year, more than ever, Cadillac speaks a language all its own!

SERVING A GROWING COMMUNITY

Thursday, March 21, 1957-9

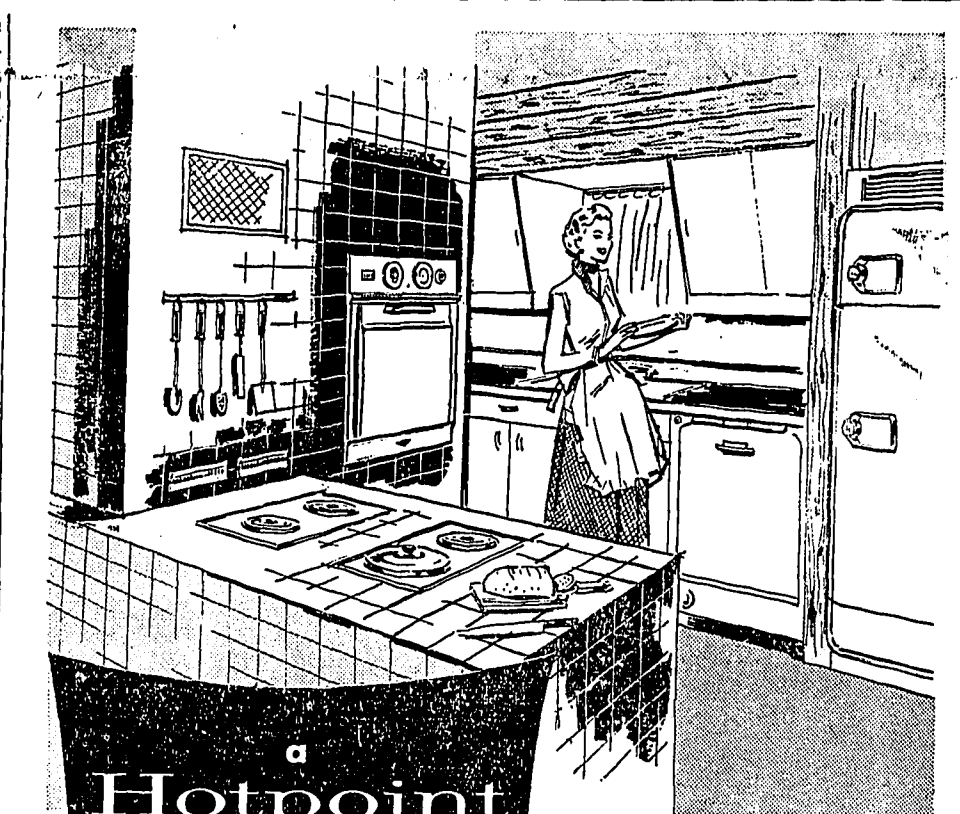

FIRST NIBBLE — The ice on the Northville mill pond wasn't even completely melted last Wednesday when Terry Kingsley, 6, 542 Rouge, tossed in his line for the first time this year. About 10 minutes later, Terry felt a tug on the pole and pulled out a hungry sucker that apparently couldn't wait to come up for some warm spring-like sunshine.

## Bell, Yahne Chosen for Post-Season Honors

### Mustangs Boasted Successful Season

The road was rough toward the end, but the 1956-57 basketball season is certain to go into the record books as one of the best in Northville Mustangs history.

Despite a season full of cut-throat competition, several crippling injuries, and the pressure of a long winning streak, the Mustangs came through in the clutch each time and chalked up an imposing overall record. Among the highlights:

—Northville tied for the championship of the Wayne-Oakland league with a record of 10 won and two lost.

—The Mustangs season record stood at 12-3.

—Northville won 10 straight victories before tumbling to Holly.

—The Mustangs bounced back from their only two league losses to drop West Bloomfield in the final game and tie for the title.

—The Mustangs defeated each of the three teams which beat them in regular season play except for Plymouth, against which Northville played only one game.

In December, however, when the Mustangs were first working out their season, they were quite so bright. Though Coach Stan Johnston had a promising squad, there were a number of problems to be faced.

The Mustangs were a tall squad, with five players over the 6' mark, but for the most part they were inexperienced. Only guard Bud Bell had seen continuous action the year before. The rest of the squad either had been on the bench or was playing junior varsity ball.

The Mustangs would have to do without all-league forward "Cap" Pethers who was still on crutches with a broken leg sustained in football.

Finally, Northville did not have a strong attack. As a team, they had not yet developed a method of playing in which each member could be at his best.

PLYMOUTH 62 — NORTHVILLE 44

The jittery Mustangs could not get going until the third quarter, and by that time the small but fast Rock squad had rolled up a commanding margin. The loss gave Northville an attack, however, as Johnston revised his strategy to cope with a zone defense.

NORTHVILLE 78 — HOLLY 66

Northville embarked on its 10-game winning streak by overpowering Holly with a booming first half. George McDaniel put in 24 for Holly, but Dick Biery countered with 23 for the Mustangs.

NORTHVILLE 78 — WEST BLOOMFIELD 47

The Mustangs smothered a doomed Laker squad by running up 30 points in a fantastic first quarter. Northville, red-hot from start to finish, hit on 58 percent of its shots.

NORTHVILLE 55 — MILFORD 45

Northville rolled over the defending W-O champs with ease, though the Redskins pressed a toughgoing and tried to use their own creaky defense to good advantage.

NORTHVILLE 82 — BRIGHTON 67

High-flying Northville knocked off its closest rival in a tight contest highlighted by giant Jeff Goodrich's 25 points — the highest total for a Mustang during the entire season, yet so, Bryan Watson put in 26 for Brighton.

NORTHVILLE 54 — CLARENCEVILLE 47

Northville ended its Christmas layoff by staving on the winning path with an easy-going triumph over the Trojans. The victory gave the Mustangs a solid grasp on first place.

NORTHVILLE 71 — THURSTON 52

In a Class A test all five Mustang starters scored in double figures. It was the sixth straight win for Northville.

NORTHVILLE 43 — CLARKSTON 37

The Mustangs and Wolves played so cautiously that the first-quarter score stood at only 4-3. But Northville went ahead in the third quarter and stilled off a last-minute Clarkson surge to keep its winning streak intact.

BILL YAHNE

Two Northville Mustangs shared in post-season honors passed out last week by three Detroit newspapers.

Meanwhile, the official Wayne-Oakland League team is yet to be named.

The Mustangs who raked in plaudits for Northville's co-champion squad were guard Bud Bell and center Bill Yahne.

Bell was named to the Detroit Times All-W-O squad and to the Times' All-Suburban third team for Class B schools.

Yahne picked up a spot on the Detroit News All-W-O team and was given honorable mention on the Detroit Free Press All-State squad.

Bell earned his rating by leading Mustang scorers with a total of 206 points in the regular season. His 13.7 average was second best on the squad. In addition, Bell gained a reputation as one of the scrappiest guards and best play-makers in the league.

Yahne, who placed third with a 12.7 average, led the Mustangs in free throws with 49. In addition, he dumped in a total of 191 points for the season. Known as a "heads-up" player, Yahne often was given the key role in bringing a given strategy to a particular opponent.

Other Wayne-Oakland players who racked up season honors were Clarkson's brilliant Leroy Parks, Brighton's high-scoring Bryan Watson, Clarenceville's little Larry Andrews, and Holly's Amos Bradsher.

Wayne-Oakland coaches have named the official all-league team, and confirmation by the league board of control is expected soon.

BUD BELL

### 1956-57 Mustang Basketball Statistics

| FINAL STANDINGS |      |
|-----------------|------|
| Team            | W L  |
| NORTHVILLE      | 10 2 |

### Award Rifle Letter To Rick Atchison

Rick Atchison, son of Dr. and Mrs. R. M. Atchison, 312 South Rogers, has been awarded a variety rifle letter at Kemper Military school in Missouri, for outstanding performance on his team this season.

He was given high recognition for his marksmanship ability by his coach.

Atchison competed in the Kemper high school rifle team in the 22nd annual Camp Perry Midwest Indoor Rifle Meet at Kemper. About 300 marksmen from 58 teams representing nine states, competed in the meet.

### Clean Carpets Save You Money

IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded grits, specks and dusts cause damage from clothes moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs for moths and carpet beetles is after they have been thoroughly cleaned.

News of Northville High School

## "Adults Night" at Teen Club Saturday

### Chicago Museums Await NHS Students

Under the guidance of LaCerte Quay, 44 members from his NHS science classes will journey to Chicago April 17 and 18. They will take a train to Chicago and back, and will spend the night at the Palmer House hotel.

While they are there, they will visit the planetarium, the field museum, Buckingham Fountain and the Museum of Science and Industry.

In order to raise funds to partially finance this trip the students sold fire extinguishers, and are planning to hold a car wash.

TO RENT—BUY—SELL  
PHONE 200

### Library Holds "Bargain" Day

Last Monday and Tuesday the school library held a bargain day for the students. On these days overdue books were allowed to come in without the charging of a fine.

The main idea of the bargain days was to bring in the overdue books so that students that had held the books would be able to get their report cards at the end of the semester. There were 150 books out and about 100 were turned in.

### Other Choirs Heard By NHS Group

The choir of NHS went on a trip to Royal Oak on Tuesday, March 12 to hear several other choirs and decide whether or not they would like to participate in the choir festival next year.

In addition, several members also attended the Wayne-Oakland county league choir last Thursday.

### Students Tour Chrysler Building

General science classes of the high school were conducted on a tour of the Chrysler Engineering building in Detroit last week.

The class was shown every part of a car is tested to find out where the weak spots are. Students noted that in one of the rooms used for testing engines, there were holes in the ceiling and floor where an engine had blown up.

All through the huge laboratory, parts were being tested for stress and strain — which showed how much work is being done to insure safety. One of the most interesting testing devices was a metal ball which had to be dropped 12 feet before it could break the rear window of an automobile.

Be not so bigoted to any custom as to worship it at the expense of truth. —Zimmerman

The way of the world is to make laws, but follow customs. —Montaigne

### Junior Red Cross Calls for Members

Once again it is time for students to renew their memberships in the American Junior Red Cross by giving what they can — and by urging others to do the same.

Forty years ago, this self-supporting organization was introduced in schools across the country, and was a major source of help for its "parent" organization.

A large share of Red Cross money last year went to Hungarian relief. Funds also went to India, Iran, Japan, Korea, Okinawa and Puerto Rico.

Purely voluntary workers of the Red Cross give help to members of the armed forces, and right here at home, emergency help in times of national disaster.

The teen club is doing pretty well on its young legs, and wants you to have an "inside" look into its activities.

So far, the kids have had help from Mrs. Sid Junod and Stan Johnson, Student leaders for the group. Richard Drew, president; Scott Adams, vice-president; and Elsie Sedon, secretary-treasurer, newly elected officers.

The evening promises to be a good one — dancing to the music of Bob Williams and his dance band, and a floor show of talent picked from the students themselves (just who will be on stage is being kept a secret until the big night).

So come on, moms and dads — drop in Saturday night at the Community building. The fun begins at 8 p.m. and lasts until 11:30.

The second was a showing on extensive work that is being carried on to rid our lakes of the jamprey eel.

Offer Scholarships To Future Nurses

Michigan Blue Cross announced recently that for the seventh straight year it will award 10 nursing scholarships of \$300 each, with winners to be chosen by the Michigan League for Nursing on a competitive basis.

William S. McKinley, executive vice-president of Blue Cross, said that the contest — open to all high school seniors and graduates in Michigan — will run until March 31.

Application blanks together with rules and regulations governing the 1957 competition are available through high school principals. Future Nurses clubs, approved schools of nursing, all Blue Cross offices, or by writing directly to the Michigan League for Nursing, 507 Hollister Building, Lansing 8.

## Ordinance No. 136 — City of Northville

AN ORDINANCE REGULATING THE CONSTRUCTION, ALTERATION AND REPAIR OF ALL BUILDINGS OR STRUCTURES IN THE CITY OF NORTHVILLE.

The City of Northville Ordains:

Section 1. That a certain document, copies of which are on file in the office of the City Clerk of the City of Northville, being marked and designated as "Amended Building Code, 1955 edition. Building Officials Conference of America, Inc." together with Supplements No. 1 and No. 2, hereto, be and the same is hereby adopted by reference, including all references therein printed except those sections and appendices herein amended or added, and this document, together with the provisions of this ordinance shall be known as the Official Building Code of the City of Northville.

1.1. TERMS  
Whenever in said reference ordinance a municipality is mentioned and no name is given, said municipality shall be construed to mean the City of Northville, Michigan.

Whenever in said reference ordinance a state is mentioned and no name is given, said state shall be construed to mean State of Michigan.

102.8. MINIMUM SIZE OF DWELLING  
No dwelling shall hereafter be erected having a ground area of less than six hundred and twenty-four (624) square feet.

104.01. BOARD OF APPEALS  
There shall be a Board of Appeals consisting of nine members not holding any public office, appointed by the City Council to serve without pay. The members of the Board of Appeals shall be appointed for a term of three years staggered so that three shall be appointed each year and to serve until successors have been duly appointed.

In case of dissatisfaction with any decision of the Inspector of Buildings, except as to dangerous structures and management of the department, an appeal may be made to the Board of Appeals. The applicant for a moving permit shall file with the city a liability insurance policy for the amount of fifty thousand (\$50,000) dollars for injury to one person and one hundred thousand (\$100,000) dollars for injury to more than one person and property damage insurance in the amount of fifteen thousand (\$15,000) dollars. All policies shall be approved by the City Attorney.

107.1. FIRE DISTRICT  
To control types of construction based on the inherent fire hazard of use groups of buildings, the municipal authority shall establish fire district limits to include all areas in which commercial, business, industrial and public assembly uses are housed. Such areas shall be designated as "within the fire limit" and shall be bounded and described as beginning at the center of Rayson street at a point of intersection with Hutton street and extending westerly along the center of Rayson street to the center of Center street, thence westerly along the property line between lots 563 and 562 of Assessor's Northville Plat No. 3 to a distance of two hundred (200) feet, thence in a southerly direction parallel to and two hundred feet from Center street to the center of High street, thence southerly along the center of High street to the center of Dunlap street, thence westerly along the center of Dunlap street to the center of West street, thence westerly to the center of Cady street, thence in an easterly direction to a point of projection of the lot line between lots 278 and 281 of Assessor's Northville Plat No. 3 to the intersection of the lot line between lots 251 and 252. Thence in an easterly direction between lots 251 and 252 to the center of Wing street, thence in an easterly direction to a point on the property line between lots 249 and 248, thence in an easterly direction along the northern property line of lot 246 to the northeast corner of lot 246, thence in an easterly direction between lots 246 and 182 to the northern property line of lot 215, thence easterly along the northern property line of lot 215 to the center of Center street. Thence easterly along the property line between lots 166 and 182 to lot 174. Thence in a northerly direction between lots 166 and 182 to a point one hundred and twenty-five (125) feet south of Cady street, thence in an easterly direction at the said distance of one hundred and twenty-five (125) feet from the southerly boundary of the said Cady street to the center of Church street.

104.6. FEES  
No permit to begin work for any new construction, alteration, removal, demolition or other building operation or installation of service equipment shall be issued until the fees prescribed herein have been paid to the City of Northville, nor shall any amendment to a permit necessitating an additional fee because of an increase in the estimated cost of the work involved be approved until additional fees shall have been paid.

104.61. SPECIAL FEES  
The payment of the fees for the construction, alteration, removal or demolition and for all work done in connection with or concurrently with the work contemplated by a building permit shall not relieve the applicant or holder of the permit from payment of other fees that may be prescribed by laws or ordinances for water taps, sewer construction, electrical connections, plumbing permits, erection of signs and display structures, or fees for inspections.

104.62. FEE COMPUTATION  
The fee for the building permit shall be based on the estimated cost as determined by the Building Inspector, who shall determine the cost at current standard prices.

104.63. SCHEDULE OF FEES  
Provided, however, that no permit shall be required for minor alterations or repairs to existing structures costing less than \$100.

104.64. MOVING OF BUILDING, ETC.  
No person, firm or corporation shall move, transport or convey any buildings or other similar bulky or heavy object, including machinery, trucks, trailers, etc., longer in width than fourteen

feet, into, across or along any street, alley or other public place in the City of Northville without first obtaining a permit to do so.

104.65. UTILITY CLEARANCES  
Before a permit is issued for moving a building or other similar bulky object, written clearance shall be obtained from the City of Northville, Michigan, and the utilities, stating that all connections have been properly cut off and, where necessary, all obstructions along proposed route of moving will be removed without delaying moving operations. In addition, clearance shall also be obtained from the Superintendent of Public Works, and the Police and Fire Departments, together with the time of moving, together with an estimated cost of such department, due to the moving operations.

106.93. DEPOSITS AND BUILDING FEES  
Before a permit to move is issued, the applicant shall deposit with the City the total estimated cost to the various city departments as provided for in Section 104.62 of a fee of \$50.00. Said deposit shall be used to defray all expenses to the city and shall not be refunded to the applicant at the end of 30 days from date of moving. In the case where said deposit does not cover said costs, the deficit shall be paid by the applicant.

106.94. INSURANCE  
The applicant for a moving permit shall file with the city a liability insurance policy for the amount of fifty thousand (\$50,000) dollars for injury to one person and one hundred thousand (\$100,000) dollars for injury to more than one person and property damage insurance in the amount of fifteen thousand (\$15,000) dollars. All policies shall be approved by the City Attorney.

107.1. FIRE DISTRICT  
To control types of construction based on the inherent fire hazard of use groups of buildings, the municipal authority shall establish fire district limits to include all areas in which commercial, business, industrial and public assembly uses are housed. Such areas shall be designated as "within the fire limit" and shall be bounded and described as beginning at the center of Rayson street at a point of intersection with Hutton street and extending westerly along the center of Rayson street to the center of Center street, thence westerly along the property line between lots 563 and 562 of Assessor's Northville Plat No. 3 to a distance of two hundred (200) feet, thence in a southerly direction parallel to and two hundred feet from Center street to the center of High street, thence southerly along the center of High street to the center of Dunlap street, thence westerly along the center of Dunlap street to the center of West street, thence westerly to the center of Cady street, thence in an easterly direction to a point of projection of the lot line between lots 278 and 281 of Assessor's Northville Plat No. 3 to the intersection of the lot line between lots 251 and 252. Thence in an easterly direction between lots 251 and 252 to the center of Wing street, thence in an easterly direction to a point on the property line between lots 249 and 248, thence in an easterly direction along the northern property line of lot 246 to the northeast corner of lot 246, thence in an easterly direction between lots 246 and 182 to the northern property line of lot 215, thence easterly along the northern property line of lot 215 to the center of Center street. Thence easterly along the property line between lots 166 and 182 to lot 174. Thence in a northerly direction between lots 166 and 182 to a point one hundred and twenty-five (125) feet south of Cady street, thence in an easterly direction at the said distance of one hundred and twenty-five (125) feet from the southerly boundary of the said Cady street to the center of Church street.

## Congressman Names Press Agent

A former newspaper reporter has been named by Congressman William S. Broomfield (Royal Oak) as his research and press assistant.

He is Roy A. Gast, 31, 2463 Thomas, Berkeley. Gast has been a general assignment reporter for The Daily Tribune for the past five years.

Broomfield said the new post will provide a closer link between Oakland county residents and Congress.

Broomfield is the county's representative in Congress. He said Gast's experience in covering Oakland county affairs will be of "benefit to all our residents."

Gast was graduated from Michigan State university in 1953 with a degree in journalism and attended the University of Zurich, Switzerland, for a year.

## SPEAKING

## for the Record

By BILL SLIGER

Voters of Northville and Novi will decide April 1 what officials will lead their respective governments. The responsibility is one that every registered voter should regard as irrevocable.

At no other level of government do the decisions rendered bear more directly upon the people. At no other level is it possible for the voters to know their candidates so intimately.

As comparative newcomers to the area, we shall not attempt to tell our readers HOW to vote. This is a decision only they can make. We shall, however, do everything within our resources to encourage a heavy turn-out of well informed voters.

In both Northville and Novi our March 28 "Election Edition" will carry pictures, biographies and statements from major local candidates. We hope that every reader will take time to consider their qualifications and vote according to their best judgment.

The approaching years in Northville and Novi are ones of important decision. Perhaps at no other time has the area given greater promise of immediate and significant growth. The officials you choose will determine policy to govern the manner in which this growth takes place.

Make it your business to know every candidate personally. If you have questions, ask him. These candidates are your neighbors and would probably appreciate your interest in their work for the community.

Above all, don't forget to vote April 1. You owe this vote to yourself and the future of your community.

## Dem Highway Candidate May Face Detour!

THE TERMS "qualified engineer" and "registered engineer" may be bottled around in front of Michigan's Supreme Court if John C. Mackie, Democratic candidate for state highway commissioner, receives the voters' approval for that office.

Currently, the Michigan Society of Professional Engineers (MSPE) is doing a slow burn because Mackie is not registered as an engineer. MSPE contends that according to Michigan law, this makes him ineligible for the highway post.

An MSPE attempt to force Democrats to select a new candidate for highway commissioner failed when the state supreme court refused to issue an order to Secretary of State James M. Hare to keep Mackie's name off the April 1 ballot.

The Mackie-MSPE dispute appears to be heading for further legal tests if the Democratic candidate is elected.

Robert E. Childs, attorney for the professional engineering group, says he assumes the court refused to rule on the issue before the election because the usual method of ruling on a candidate's qualifications is to wait until after he is elected.

Charges of "politics" were leveled against the suit by Democratic State Central Committee Chairman Neil Staebler. Childs replied the statement saying, "A. C. Friel, president of the MSPE, has instructed me that the suit must be brought against any man running for highway commissioner, regardless of political connections, if he isn't a qualified, registered engineer."

As the pioneer in this compulsory driving education, Michigan is being closely watched by other states contemplating the adoption of similar legislation.

Some changes are suggested for the present law. The Michigan State Safety Commission had heard recommendations that:

1. All students who have completed a year or more under temporary permits be granted a license without the formal training.

2. The mandatory \$5 fee for a driving permit be eliminated. This fee can be collected when the student applies for the regular license, Borgerson suggests. At present, the \$5 is returned to those who take the course but do not choose to apply for a license.

One conflict exists with present driving regulations.

Under the training program a student is eligible to take instruction any time after his 15th birthday. Some students complete the course within eight weeks after they become 15 years of age. Law then prevents them from driving for the next 44 weeks until they reach 16.

The Department of Public Instruction is recommending a change to grant restricted permits to any "graduate" of the driver training course.

PHOTOGRAPHS may soon be necessary on Michigan driver licenses if a proposed bill meets with favorable legislative action. Currently, the State Highway Commission is taking testimony on the proposal, which would require that a motorist's photograph be imprinted on his license.

Trade groups and safety organizations are generally in favor of the bill. Retailers, bankers and liquor licensees point out that driver licenses often are used for identification of customers. They believe a photograph would assure positive identification.

Bill speakers also believe bad check passers, who often rely on stolen or counterfeited licenses would be greatly deterred.

Big questions to be answered are how much would such a program cost and how can it be handled efficiently? No information exists at present because other states do not require photographs.

Sidney H. Woolner, deputy Secretary of State, suggests that such a program be put on a trial basis. By limiting the requirement to only a few counties at first, costs and administrative problems could be determined.

## Roger Babson

## Population to Increase by 50 Million in 20 Years

Babson Park, Mass., in 1950, the U.S. population was about 150,000,000. Today we are about 160,000,000 strong and the prospect is that our rapid expansion in numbers will continue. The 20,000,000 more Americans added since 1950 are equivalent to twice the present population of the six New England states.

Tremendous Growth Ahead  
I am told that a baby is born in this country every eight seconds, and that, if present rates of increase continue, we could well have a population of 220,000,000 by 1975. This huge gain means that demand prospects for our products are good. Each new birth, each immigrant, and each person living a longer life than had previously been considered normal, adds to the potential demand for goods and services. We ought to find out whether our products are actually doing the type of educational job that needs to be done. If we do not meet our ways in this respect, we shall pay dearly in coming years for our thoughtlessness.

Will More People Mean More Sales?  
Growth in population suggests a rising demand for products and services. However, we should not be too quick to assume that this increase will always be translated into actual buying power. This growth in population far exceeds earlier predictions. I will remember the experts telling us in the depression days of the thirties that the U.S. population would hit a peak — probably around 1960 — and then decline. As I recall it, they thought that peak might be around 154,000,000 — a mark we actually passed about five years ago!

What About Our Labor Force?  
The current boom in people is the result of an unexpected high birth rate and a steadily declining mortality. Modern medicine conquers many of the diseases which in the past have cut life short. Thus the area of our greatest population gain is among the young and among our senior citizens. The adults who form the labor force are a decreasing segment of the total population. That being the case, we should be more concerned about labor-market conditions in future years. I forecast that labor-force growth may continue to lag the total population.

## School Board Loses In Effort to Expand

The Novi school district is larger this week than last — but only by some 232 acres, rather than the nearly nine square miles which school board members originally hoped for.

The Oakland county school board Friday decided three of four Novi petitions which would have increased the Novi district from 15 square miles to nearly 25.

Four loose dogs felt the wrath of a Willowbrook resident this week, as that community's official body hurried up on a program to control the current rash of stray canines.

The four dogs were reportedly tied up by one resident who then called the Oakland county animal shelter and had them picked up. At least two were known to be strays, and it was believed the other two might be pets.

Meanwhile, the Willowbrook Community Association is considering plans for controlling the outbreak of loose dogs.

An association committee met last week to make initial plans for a dog control program. The plan is expected next week.

The dog problem in Willowbrook came to a head recently when residents began complaining of canines having the run of the community. Most were said to be strays, although some reportedly were pets.

County and township officials explained that only the county animal shelter has jurisdiction over stray dogs, and even then they are not dogs only if a particular dog or dogs are seized and tied up by a resident.

## Novi Highlights:

## Cancer Chairman Named

By Mrs. Luther Rix — Phone Northville 2741

Mrs. W. G. Dean has been chosen chairman of the Cancer Crusade in Novi township. A meeting was held at the home of Mrs. Dick Neble Friday evening. On Wednesday of this week a luncheon and meeting was held at the Athletic club in Detroit.

Mr. and Mrs. George Schwarz of Detroit and Mrs. Edith Eaton of Lansing were visitors at the home of Mr. and Mrs. Luther Rix Wednesday evening.

On Thursday, Mrs. Luther Rix took her sister-in-law, Mrs. Edith Eaton to her home in Lansing after which Mrs. Rix visited relatives in Williamston.

Mrs. Henrietta Hicks returned to her home in Detroit Friday after visiting her daughters, Mrs. Russell Taylor and Mrs. Edwin P. Gumpert, for the past two weeks.

Mrs. and Mrs. Arthur Kozak and children were last night guests of Mr. and Mrs. Edwin P. Gumpert Sunday.

Mr. and Mrs. Gordon Blakelee and son, Ricky, of East Lansing spent Sunday with Mr. and Mrs. Russell Eaton. Mrs. Blakelee and her son are staying on this week at the Buttons and at the Blueberry house in Clarke subdivision. Mr. Blakelee will come again next Sunday to take his wife and son back to Lansing.

## In Willowbrook:

## Clothing Drive Ends Sunday

By Mrs. John Parent — Greenleaf 4-2060

The clothing drive ends March 31, so you still have a few days to gather together the clothes you want to give. Please call Mrs. Borrell Greenleaf 4-7888, or Mrs. Good Greenleaf 4-2884, to have your parcel picked up.

Emery Edward Jacques of Malot was christened March 17 at Our Lady of Victory church. The godparents were Mrs. Ed Pugh, Birmingham and Thomas McLaughlin of Marquette. Dinner was served at the Jacques home after the ceremony. The guest list included Mrs. Emery Jacques, Sr. and Mrs. Yvonne Jacques, and Mrs. Ed Pugh and Jackie and Eddie Pugh.

Elizabeth Ann Chismark of LeRoy was christened March 17 at Our Lady of Victory church. The godmother was Mrs. Susan Salo, and the godfather was Mrs. John Zivcar of Willowbrook. The mark of Detroit was the godfather. Returning to the Chismark home for dinner were Miss Susan Salo, Mrs. Chismark and the John Zivcars and their four children, Barbara, Susan, Michael and Mary Beth.

Mary Chismark also entertained Mrs. Sadie Merrill and Mr. and Mrs. Charles Williamson of Highland Park last week.

John Webster and his three children of East LeRoy have returned from a two week trip to New York City. They visited their family.

Joe and Mary Williams of Midland, attended the Red Wing game Thursday night at Olympia.

## Monday Is 'It' for 18 Novi Candidates

## Novi Candidates Tell Qualifications

Democratic

HERBERT KOESTER  
As the Democratic candidate for township supervisor, I would like to state these objectives as being part of the proposed program of the Novi Township Democratic club.

1. Adequate police and fire protection. Better relationship between the township and the citizens. Sewers and water. Adequate schools. Church planning. Industrial areas. Recreation facilities for the children both winter and summer. Shopping centers, etc. But before we go ahead with these projects a planning committee must be constituted and make a thorough study so we don't make the same mistakes that other cities have experienced, and that is to build all over again in the future.

2. I believe we should integrate police and firemen into a single department which will give residents more efficient police and fire protection. We should replace our present scout cars with station wagons equipped to handle police work and fire and rescue runs, along with a patrol car to convey the injured to the hospital.

3. I believe we should take a forward look toward our water front (Walley Lake) a perfect setting for a park. We should have a swimming pool, a building for rest of the residents of the township only. A possible relocation of the amusement park so Novi road could be rerouted on an angle and the frontage used to accomplish the above features. Novi is a beautiful area, a traffic hazard, along with the entire Novi road.

4. I believe we should take steps to avoid a disaster. Novi township prepared for a year last year when the National Bank of Detroit opened its new office. Novi is a beautiful area, a traffic hazard, along with the entire Novi road.

5. Looking back over 1956, the following matters were presented by Democratic club representatives to the township board for its action: Adequate mail service. Improved Novi road. Speed control for Novi. Adequate police protection at school crossings. Library service. Refund money on race track. Change in the second precinct polling place. Offer our assistance to register voters on a door to door basis. Ask to sit in on road house cases. Ask to sit in on liquor cases. Ask to sit in on gambling cases. Ask to sit in on prostitution cases. Ask to sit in on other cases.

6. In all the above requests only one was acted on by the township board. Referendum vote on the race track was submitted on February 17, 1956, along with improved Novi road and speed control for Novi. Change in the second precinct polling place was denied by the board.

7. L. G. BIRI, Democrat, for trustee, Age 48, married, two children. Lived in Novi since 1942. Employed by American Motors for 20 years. General business. Held number of union positions. Member of D.F.S.V. Novi Civic Association. Novi Democratic club. Lives at 283 Bernhardt.

8. E. A. (JIM) MARTIN, Democrat, for trustee, Age 33, married, two children. Construction superintendent for John Manville. Past president of Willowbrook Civic Association. Past treasurer of Novi Board of Commerce. Presently lives at 2442 Willow Lane in Willowbrook Village.

9. JOSEPH A. ARDITO, Democrat, for justice of the peace, Age 26, married, two children. Employed by General Baking company. Served in the U.S. Army. Served in administration at Wayne University. No previous experience in politics. Lives at 2717 LeRoy drive, Willowbrook.

10. A Reminder  
Novi township citizens were reminded again this week that the annual township meeting will be held this Saturday afternoon. The meeting will begin at 2 p.m. in the Novi Community building.

11. Schedule Auditions For Talent Show  
Auditions for the Novi Odellville talent show will be held tomorrow night in preparation for the show itself next week.

12. Novi school, actually brought by two residents of the contested area, sets invalidation of a February 5 election in which Willowbrook voted to become a village. Novi insists that a tie vote in the Novi section of Wisconsin makes the election invalid.

13. In addition to the question of home rules, the Novi-Wixom dispute centers around tax control of the huge new Lincoln plant in the contested area.

## Novi Republicans

## To Meet Tonight

Novi township Republicans will meet tonight for the last time before the Monday morning spring election.

The GOP meeting is scheduled to begin at 7 p.m. in the Novi Community building.

A prominent Republican official is scheduled to address the group.

## Township to Choose Full Slate of Officers

Novi township will return to normal next week after voters go to the polls Monday and name the men who will guide their political destinies for the next two years.

Voters will elect a full slate of township officers — from supervisor down through board of review — as well as a number of county and state officials.

The election will mark an end of a vigorous political campaign that began several months ago and reached a climax just before the township primary on February 18. Throughout the campaigning, most township problems and policies have been given a thorough airing for the electorate.

Because of the widespread interest in the Novi township spring election Monday, The Novi News will stay open that night to give complete election returns by telephone.

Only 12 ballots were issued, compared with more than 60 for the township primary in February.

Although this seemed to indicate a smaller turnout than the record number of voters in the primary, the possibility remained that the small number of absentee ballots was due to the return of many vacationers to Novi.

No special services for voters such as rides to the polls or baby sitting services — were reported to The News this week.

## 4th Home Burned At Lincoln Site

A \$40,000 house that couldn't find an owner was burned to the ground in Novi township last week. The house, located in Wixom road, had been used as engineering headquarters while the new Lincoln plant was being built.

But with completion of the plant, it had to be done away with. Lincoln officials gave the two-story brick structure to any taker, but four house-moving companies said the job was impossible.

Lincoln general manufacturing manager William Singleton gave the order to burn it down, and Thursday night five fire companies used it for practice. Firemen from Novi, Milford, Walpole Lake, Commerce and Franklin joined in.

With Novi director of public safety Lee BeGole supervising the session and fire chief Fred Lyons directing it, the house was reduced to a single wall and a chimney. Before firing the home, BeGole and several other firemen returned to the Novi fire station to answer any fire alarms.

It was the fourth — and most expensive — house to be burned down on the site of the new Lincoln plant. All were burned in practice sessions by Novi firemen.

While Willowbrook was wrestling with its dog problem this week, two other sections of Novi township were actually hit with cases of dog bites. Dog bite incidents were reported in Walpole Lake and Clark subdivisions. In both cases, the dogs were apprehended.

Police chief Lee BeGole reminded parents to call Fido's name (county animal shelter) in case of dog bites. The shelter will give the animal tests to determine if it is rabid.

If the dog is not reported, the victim must undergo a painful series of rabies tests. Novi also warned parents to caution their children against playing with strange dogs. Even a seemingly harmless pet may suddenly snap at a child, he said.

## Election Sidelights

Novi township clerk Hadley Bachtel this week reported a considerable decrease in the number of absentee ballots taken out for the election.

On the state level, candidates will compete for seven key positions at the University of Michigan, superintendent of public instruction, state board of education (1), state board of agriculture (2), and state highway commissioner.

Unlike Wayne county, Oakland county has no county offices at stake in the election. The Oakland ballot also will not have a proposition on it.

Polling places will be open Monday from 7 a.m. to 8 p.m. Precinct 1 voters will cast ballots in the Novi township hall, while from precinct 2 will vote at the Novi Community building.

The complete alphabetical list of candidates for office:

TOWNSHIP  
Supervisor: Herbert Koester (D) Frazier Staman (R) Clerk: Hadley Bachtel (R) Treasurer: Kenneth DeHayes (D) Ray Harrison (R) Justice: Joseph Ardito (D)

Board of Review: Kenneth Cook (R) Leroy Cries (D) Constable (4): Donald Arnett (R) Jack Kahrl (R) Vernon Leffler (R) Donald Woodward (D) D'Arcy Young (R)

STATE PARTISAN  
U-M Regents (2): Clark Brubaker (D) Alfred Canale (R) Irene Murphy (D) Ethel Watt (R)

Superintendent of Public Instruction: Leonard Bartlett (D) Edgar L. Harden (R) State Board of Education: George W. Dean (R) Chris Magnusson (D)

Board of Agriculture (2): Frank Meritt (R) Frederick Mueller (R) Don Stevens (D) Jan Vanderploeg (R) State Highway Commissioner: George Foster (R) John Muckle (D)

Supreme Court Justice (eight year terms): Robert E. Chismark (R) Thomas M. Kavanagh (R) Michael D. O'Hara (R) Talbot Smith (R)

Supreme Court Justice (10 year terms): Joseph A. Moynihan (R) John D. Voelker (R)
