A women's bowling league is be-
ing organized this week. The first
meeting will be held next Tuesday.

GOD IS
LOVE

"God is love" is mentioned
twice in John's First Epistle.
This simple state-
ment is a little un-
derstand truth.
A few months ago
a young man, a student
from the Armed Forces
as a conscientious
objector even
though he was not a member
of a organized religion. He
stated, "His God is love. Love
is a supreme Being." He was
right in the first statement but
wrong in the second. God is love,
but love is not God. It is plain
from the Greek Grammar that
this statement cannot be re-
versed. Then too, love is not a per-
son. Love is an emotion, an atti-
tude, a behavior. God is the
visible Being, a real person who
manifests himself as the Father,
the Son and the Holy Spirit.
When the Bible says God is love,
it means that God is love per-
sonified. He is so perfect in love
that when one asks what love is,
the reply is "God is love." If
you want to know what love really
is, do not look in the dictionary,
or to experience of others,
but to God. God manifests this
love in the common graces of
life. But most of all do we see
this love when He sends men to
be the Saviors of sinful men.
Romans 5: 7-8.

School District Votes
On Millage Increase

Novi school district residents will vote Monday on a proposed
solution to the district's long-standing financial problem.
Facing them will be a request to increase the district's oper-
ating millage by 2½ mills for each of the next five years.

Plan Re-Appraisal
Of All Property
In Wixom Limits

A re-appraisal of all property in
Wixom was approved this week by
the city council.

Mayor Joseph Stadnik called for
the measure after the city council
approved for establishing
assessments in the Novi and Com-
merce township sections of the city
had been used before incorporation.
Real property in the former Com-
merce township section of the city
is assessed at 12 to 15 percent of
its actual value, while in the Novi
township section 25 percent was
used, Stadnik stated.

"Morally and legally sound as
assessment practices dictate that the
tax burden should be equitably dis-
tributed throughout the city," he
said. Stadnik pointed out that coun-
ty and state equalization factors ap-
plied to Novi, Stadnik added that
a boost in assessment did not mean
that tax payments would be in-
creased.

"The change will be relatively
small as far as the city taxes are
concerned, but it is an important
step in the equalization process," he
said. The council moved to retain Ken-
neth Warren to conduct the re-ap-
praisal program.

In other business the council gave
permission to the Vern Spencer ar-
chitect to a three-plane steel structure
hangar noted that under the new
dog ordinance owners must acquire
licenses at the city hall when their
present licenses expire, and gave
notice that applications are now be-
ing accepted for a volunteer fire
department. A special school bus
license will be conducted by Novi
Chief Lee BeGole.

Income now appears to be nearly
\$20,000 less than is required, not
counting several teachers who will
have to be hired before the year
ends.

Little organized opposition to the
millage request has been seen, but
the proposal is almost certainly re-
ceiving considerable individual at-
tention.

Larry D. Miller of Detroit lost
control of his car as he crossed the
small bridge on South Lake drive.
According to Novi Police Chief Lee
BeGole, Miller was driving at an
estimated 75 miles an hour.
Two passengers were with Miller
when the accident occurred. Donna
Moore, 16, of 208 Paywood in Novi
was treated for bruises on the arm
and leg. Douglas Abraham, 16, was
taken to Redford receiving hospital
suffering from severe shock.

Miller, who received slight in-
juries, was charged with reckless driv-
ing and released to his parents. The
car was a total wreck, BeGole said.
Traffic was detoured for one hour
until Edison company repairmen
could remove wires and clear the
road for travel. The accident hap-
pened shortly after 6 p.m.

Tickets Still Available
For Williams Banquet

Tickets are still available for the
buffet supper honoring Governor G.
Mennen Williams Sunday, Septem-
ber 28 at 5 p.m. in the Novi com-
munity building.
Tickets can be obtained from
Archibald Marsh, Market 4-1476 or Mrs.
Sylvia Klerk, GR-4-2914.
The dinner is sponsored by the
Novi Democratic club.

Novi's much-discussed race track
was back in the news this week
with the announcement of a pur-
chase agreement for a 20-acre site.
The announcement was made by
B. F. Gregorie, board chairman of
Grand River Enterprises, Inc., a
group organized to build the facility
in Novi.

Negotiations for the site located
on the corner of Novi and Wixom
roads were handled by Shirley Bernard, Novi
real estate agent.
In previous announcements of the
proposed track venture a site located
near Meadowbrook road north of
Grand River had been proposed.
Negotiations here bogged down,
however, and officials of the project
state that the new site was chosen

because of its accessibility to fu-
ture highway development.
While many stumbling blocks ob-
viously stand in the path of bring-
ing a licensed race track to Novi,
backers of the project never cease to
be optimistic.

Walter Cox, executive pres-
ident of the group, said this week
that engineering work is already
underway on the project. He named
the Detroit firm of LeCommer and
Monser as engineers and architects.
Cox further stated that his group
is pointing towards construction of
the track for harness and thorough-
bred racing dates next year. He
said the immediate facility would
not be elaborate, but would have
stands to accommodate 5,000 fans

and that the condition of the track
would be "excellent" for horsemen.
Nevertheless, these stumbling
blocks appear large before Novi can
hope to see racing.

The site itself must first be re-
zoned. The group intends to seek
this change in the immediate fu-
ture.

Commissioner James Ingles
states that he has not been ap-
proached by the group and that the
proceedure for awarding a new li-
cense is very slow and that ap-
plication is made.

The only permit available for
racing in the metropolitan area is
located in litigation which Wilbur
DeYoung, attorney for the racing
commission, may take to the courts
to settle. This permit was
denied the Mr. Clemens Harness
association by Ingles and cannot be
awarded until legal action brought
by the group is settled.

Novi Votes on Village Charter Monday

Time of Decision

Monday Novi must make up its mind.
The question at hand seems clear enough, although it
may have become clouded by pro and con discussions of the
proposed charter.

It is not, in the opinion of The News, a matter of the
acceptance of the newly drawn charter.
The real issue is incorporation.

The proposed charter, we believe, has been well written.
It is not unlike hundreds of other village charters and, by law,
must conform to certain regulations and then be given approval
by the governor.

It does incorporate, however, certain features chosen for
their suitability to the needs of Novi.

Taxes are limited to five mills. A five-man council elects
its own president. A village manager administers the will of
the governing body and devotes full time to the job of running
the village.

It seems to the News that these are strong and desirable
points to be contained in a charter for Novi.

Although those working closely with the charter believe
that five mills will not be needed to operate the village govern-
ment efficiently, the limitation prevents higher taxation with-
out the approval of the voters. At the same time, it allows
some leeway should additional funds be needed.

A president elected from the council also has its advantage.
Small communities seldom have a surplus of candidates.
Separate elections for president and the council further divide
the candidate list. Logically, Novi's five best candidates will
be elected to the council and from this group a president will
be chosen.

The village manager, too, seems ideal for Novi where
growth promises to be rapid and proper attention to details
demands full time duty.

So, then, if we can agree that the proposed charter is
acceptable, what next?

The matter lies squarely where it began last March. Voters
approved incorporation, but the margin of victory was
narrow. Since then, opposition forces have worked vigorously
at turning the tide.

"The News has not changed its opinion on the matter.
While we recognize that desirability may depend to a great
extent on where you live in Novi, for the majority incorpora-
tion must be called the only answer."

It offers assurance that taxes will not skyrocket by main-
taining the security of present borders and the tax base within
these boundaries.

It holds forth the promise of orderly development with-
out the threat of annexation or division within the com-
munity.

It should offer encouragement to industry and land de-
velopment firms who seek a stable community free of annexa-
tion threats.

We believe that Novi citizens must now decide that it
is time to end the uncertainty of existence under township
government and set out upon the task of building a solid
community for tomorrow.

Land Purchase Renews Race Track Talk

Novi's much-discussed race track

VILLAGE CANDIDATES — These 10 Novi residents will compete for five seats on the village council in
the special election next Monday. Voters will decide whether or not to adopt the proposed charter and at
the same time select a council to serve if the charter wins approval. The candidates are (l. to r., standing)
David Fried, Bud Fisher, George Ames, Donald Woodward, Russell Butten (seated) J. Philip Anderson,
Deron Traftman, Walter Tuck, Dick Greenberg and Leo Harrowood.

George Ames
41908 Montclair, lived in Novi
for 25 years, formerly in Detroit.
Insurance business in Detroit, is
barber at Plymouth. Republican
member of Novi township board
of health. Candidate for U.S. Con-
gress in Detroit. Member of Elks,
Williamson Civic Association, Vet-
eran. Married, five children.

Philip J. Anderson
50250 Eight Mile, born in Canada,
lived in Novi since 1910, attended
Northville high. Self-employed as
fruit-grower, has 30-acre fruit or-
chard. Member Novi chapter of
charter commission. AMVETS, Od-
d-fellows, Masons, Treasurer board of
Commerce, Director of Methodist
church. Three years in army en-
gineer. Married, one daughter.

Burt Fisher
120 Northaven, lived in Novi seven
years. Owns coffee shop at Four
Corners. Graduated from high school
in Muskegon. Supervisor for Buick,
Continental Motors, Chicago Motor
Coach, owned bar and restaurant
near St. Ignace. First president of
West Shore Veterans, Married.
Overseas veteran, WWI.

David M. Fried
41000 Hollywood Drive, lived in Novi
since 1956. Partner in Detroit law
firm of Lampert, Fried and Kannev
Attorney since 1949. Detroit Bar
and Michigan Bar association. Grad-
uate of Wayne. Candidate for char-
ter commission. Four years in air
force. Married, has three daugh-
ters.

Dick Greenberg
42365 Twelve Mile, born in Harlem,
Holland, educated in Ohio, came to
Michigan in 1939, lived in Novi for
nine years. Comptroller for Laitner
Brush company in Detroit. Director
past president of Novi board of
commerce. Member of Novi incor-
poration committee and appointed
clerk of charter commission. Is
married.

Walter Tuck
43111 Grand River, raised in Novi.
Owned Novi Auto Parts since 1925.
Past school board president. Char-
ter member, past president, board
of commerce. Fire chief, 25 years.
Director, finance chairman, Novi
Methodist church, Oddfellows, Elks,
Charman, incorporation committee
and charter commission. Married,
two sons.

Donald W. Woodward
149 Northville, lived in Novi for
10 years. Is bricklayer, member of
bricklayers union. Attended Wilbur
Wright trade school. Vice president
of West Shore Association, part-
time Nov police man, member of
Oddfellows, World War II vet, is
34, married, has three children.

Leo Harrowood
27000 Novi road. Lived in Novi 14
years. Owns gas station and ambu-
lance service at Four Corners. Past
president (two years) of board of
commerce, director of Grand River
Businessmen's Association. Member
of charter commission. AMVETS, Od-
d-fellows, Masons, Oddfellows, Eastern
Shrine, World War II vet, Mar-
ried, two daughters.

Other provisions of the charter
include:
A full time village manager elected
by the council and responsible
to the governing body for conduct-
ing administrative duties and func-
tions of the village.
A five mill tax limitation.
Should voters approve the charter
the council will hold its first
meeting on October 1. The council
would then have until June 30, 1959
to submit the transition plan to the
township government to village sta-
tus. Village taxes would first be
levied July 1, 1960.

If the charter is approved, the top
two vote getters in Novi's election
will win four year seats on the
council. The other three members
will have terms of two years.
Elections would be held every two
years in March with three seats up
for election. After the first election
the top two candidates in every
election would win four year terms
and the third candidate a two year
term.

If the charter fails to win approval
the election of council members
would be invalidated. The charter
commission, however, has two years
and three elections to win approval
for a charter. It's highly unlikely,
however, that Novi's charter com-
mission would again take up the
task of preparing a revised charter.
A defeat of the charter would un-
doubtedly be interpreted as a man-
date by the people against incor-
poration — not the text of the
charter.

Polls will open at 7 a.m. and close
at 8 p.m. Qualified electors in pre-
dict one will vote at the Novi town-
ship hall and precinct two electors
at the Novi community building.

Wixom P-TA to Discuss
October School Fair

The Wixom P-TA will open their
fall season with a meeting at the
Wixom elementary school next
Tuesday promptly at 8 p.m.
A scout executive will be on hand
to present a charter to the 36 cub
scouts sponsored by the P-TA.

A film on saving stamps will be
shown to renew interest in the sav-
ing stamp program and members
will hear reports on the progress
and plans for the P-TA fair to be
held at the school Saturday, Octo-
ber 4.
Refreshments will be served by
room mothers.

PROPOSED VILLAGE — Shown here are the approximate boundaries
of the proposed village of Novi (shaded area). It would cover all
of Novi township except Wixom (A), Northville, Estates (B), City of
Northville (C), area annexed to Northville but currently faces a court
decision (D), and Brookland Farms No. 1 subdivision (E).

GOING UP — Wixom's new postoffice is well underway and should be ready for use about November 1.
The 2400 square foot building is located on Wixom road next to Ted's grocery. Building Inspector Ed
Wendt is shown above looking at the progress of the construction.

You'll See Rosie's, Etc. Is Top Bell Ringer

The National Brown Swiss Association of Babol, Wisconsin, announced that a Brown Swiss calf owned and exhibited by Walter E. Clark of Northville has recently been awarded special recognition in the State and National Bell Ringer Program.

The animal, "You'll See Rosie's," was selected by the Michigan State Bell Ringer judging committee as the Michigan State Reserve Bell Ringer Heifer Calf for 1959.

In order for an animal to become eligible for the state competition, it must have won first or second blue ribbon awards in its age classification at the county show held in the local cantons in late August.

Mr. and Mrs. Russell Race returned home Monday evening after spending several days visiting Mrs. Race's relatives at Bad Axe and Kilde.

Community Auction Sale The Novi community auction sale sponsored by the Novi Goodwill was held Saturday with Pete Norton acting as auctioneer. The sale was very much appreciated. The Goodwills are also grateful for the donations from business places in Farmington. They cleared over \$400 on the auction and bake sale.

Mothers' Club The Novi Mothers' club had their first meeting Monday with Mrs. Russell Taylor, president, presiding. The meeting was mostly for organizational purposes. On display for the mothers to see was the school equipment which was purchased by the Mothers' club in their first money.

Rehearsal The Past Noble Grands will have a potluck dinner this week, Thursday, at the home of Mrs. Rowena Salow at 6:30 p.m.

Novi Methodists A missionary film was shown at the WSCS meeting last Wednesday. For five consecutive weeks on Wednesday from 7:30 to 9:30, special training for Sunday school teachers and church officers will be held in the Plymouth Methodist church. The first meeting will be Wednesday, September 23.

Funeral services were held for Mr. Harold Vogt September 5 at Northrup Funeral home in Redford. Interment was in Novi cemetery. His parents were in Novi. Mrs. Charles Vogt, well known in Novi, several generations of the family have lived in Novi in years gone by.

The Al Harnden grocery store on East Grand River, was broken into early Saturday morning. The theft was discovered when Mr. Harnden opened the store at a o'clock Saturday morning. The back door had been broken down and several hundred dollars worth of merchandise stolen.

Girl Scout News All registered adult girl scouts all which leaders and committee people, members at large and local board members are reminded that October 1 is the deadline for registering for the regional conference at the Henry and Edsel Ford auditorium, Detroit, October 28-29-30.

Novi township has lost more tax base in the past two years than it has left. This cannot continue without someone getting hurt.

Some people want to be left out of this incorporation. The hope of joining Northville. The question is — can they do it? We think not, in the foreseeable future. The loss of a subdivision is not too important to the village, but when 200 people leave and take half the township assets with them it becomes a serious problem to those who are left.

He Wins Battle of Nerves and Nitro!

"Sure I was scared!" But outwardly, Leo Kalota was as nervous as the "nitroglycerine" itself.

Perhaps that explains the undying of the mid-mannered man who threatened to blow Manufacturers National Bank apart unless he got \$12,000 in cash.

The war of nerves backfired on him.

Kalota, the bank's young assistant manager, is no veteran of danger. His army service was in peacetime, and he's never been close to flying bullets or falling masonry.

But Robert Valpey isn't apt to believe it.

Kalota and Valpey came face to face at 11:45 a.m. Friday. Valpey had asked to see Manager Charles Strutz. Told Strutz was at lunch, Valpey asked for his assistant and was directed to Kalota's desk.

"I was reading a loan application," Kalota says. "When I looked up, he handed me this note."

"I read it once, rubbed my eyes, and read it again. Then I read it again."

Valpey sat quietly, holding his briefcase in one hand and the cotton-wrapped bottle of "nitro" in the other.

"I looked up at him and he looked at me. We just stared at each other for a long time."

"So finally I asked what he should do now."

"He said, 'Well, I guess it's your move. My partner's waiting outside.'"

That's when the wheels started turning in Kalota's mind.

"I figured that he might be bluffing, because he wasn't threatening me and he didn't seem too violent. All he did was fiddle with that bottle."

"Of course. I knew he probably had a gun. But it wasn't drawn, so I didn't bother me."

Coolly weighing these thoughts, Kalota decided he'd call Valpey's bluff — if it was a bluff.

He calmly asked Mrs. Ruth Stroth, whose receptionist desk is six feet away, ring the police buzzer.

"Until then," says Mrs. Stroth, "I didn't know a thing about what was happening. But when Leo said to ring the buzzer, I knew something was wrong."

Valpey watched impassively as Mrs. Stroth pushed the buzzer and phoned to Miss Pauline Graham in the back of the bank, asking her to ring a second police alarm.

Then he started to unroll the briefcase.

"So I opened a drawer as if I was going for a gun too," says Kalota. "And there we sat, staring again, him with his hand on his briefcase and me with mine in the drawer."

Within seconds, Patrolman Leonard Masochowski entered the bank and walked up to Kalota's desk.

"Here's your man," said Kalota. Masochowski started to handcuff Valpey, but the nerve-shattered holdup man halted him.

"Here, you'd better take these," he said, handing the "nitro" and briefcase to Masochowski.

Then Masochowski and Patrolman Frank Heintz, who had entered from the rear, handcuffed Valpey and led him out.

"Why aren't you beating me up?" asked the bewildered bank robber as he stepped into the police car.

In the bank, the 20 employees and to customers chattered amuse-ment. None had known of the incident until Valpey was led out.

Kalota breathed easily and began answering questions.

What was it like? Wasn't he afraid? What made him think he could get away with the bluff?

"I don't really know what went through my mind," he says. "It's just a good thing he didn't say, 'C'mon, get a move on, buddy.'"

"If he had, we'd probably be out \$12,000 now."

"Your Family Shoe Store In Plymouth"

MODERNIZATION of Northville Drug, 124 East Main street, got underway this week. Workers began excavation (shown above) for a complete new addition to the rear of the store (sketch below). According to Leo Mainville, owner of the store, the addition will include a completely new and modern prescription department. A rear entrance will be provided for customers. Extensive interior work as well as alterations on the front of the building will be included in the modernization project. The second floor will be completely remodeled into an apartment for the Mainvilles. Work is expected to be completed by December 1. Clifford Smith is the contractor.

Population Now 24,000 In Novi, Northville, Wixom

The combined population of Northville, Northville township, Novi township and Wixom is now nearly 24,000—an increase of 7,000 or about 44 percent since 1950.

Most of the growth, both numerically and percentage-wise has been in Northville township and Novi.

Novi township's population jumped from 8,410 in 1950 to the current 12,300—or by 84 percent. Northville township increased by 81 percent, from 4,184 to 7,600.

On the other hand, Wixom gained but 50 percent, from 940 to 1,500 while the city of Northville saw only a 14 percent increase, from 2,581 to 3,400.

This picture was presented by the Detroit Metropolitan Area Regional Planning Commission in a report on population growth in Wayne, Oakland, Monroe, Macomb and part of Washtenaw counties.

Population of the entire Detroit area grew by 22 percent, from 2,338,279 to 3,965,000 since 1950, the report showed.

That increase of 886,721 is equivalent to adding a city the size of St. Louis, Boston or Washington, D.C. to the area.

Biggest numerical growth came in out-Wayne (326,303) but the greatest percentage growth was recorded in Macomb (92 percent).

The city of Detroit grew by 50,000 (largest of any city) but this represented an increase of only three percent.

Commenting on the figures, the report noted that most of the growth has been due to an increase in family size. Migration accounts for only 70,000 persons.

On the other hand, population has been held somewhat in check by a low marriage rate (due to a low birth rate in the '50s) and by migration of unemployed workers to other areas.

Northville township's 84 percent growth and Novi's 81 percent are well ahead of the average for their respective counties (61 in out-Wayne and 62 in Oakland).

Some adjoining communities have grown faster, and others slower.

Livonia, eighth fastest growing community in the area, jumped from 17,534 to 52,000 (196 percent).

On the other hand, Plymouth grew only from 6,657 to 8,700 (31 percent) and Plymouth township from 4,945 to 6,900 (39 percent).

So, while the city of Northville has remained stable, Northville township and Plymouth township both numerically and percentage-wise.

In Oakland county, Farmington township has soared from 10,924 to 22,200 (103 percent) and the city

Bible In Solitary

Confinement

Recently I hear that the only book given to those who are placed in solitary confinement in the Navy is the Bible.

A few years ago as I was waiting in the sheriff's office in Ottawa County to talk to a prisoner, I noticed a list of items that prisoners could take when being transferred to Jackson State Prison. At the head of the list was the Bible. It would seem that the officials of our State and County government see some value in the Bible for those who are committed to prison. It's regrettable that in our so-called "Christian Country" that we cannot see the value of giving the Bible to our young people before they get to prison! A few avowed atheists have by determined effort have seen to it that the Bible is ruled out of the public schools. Here and there some school boards and school officials have had enough Christian conviction and backbone to resist the order and are having the daily reading of the scriptures. It has been proven again and again that the knowledge of God's Word through the reading of the Bible has resulted in a decrease in delinquency crime, and school problems. We need what the Bible teaches to build a strong moral character in our youth.

Flower "Hours" Well Spent

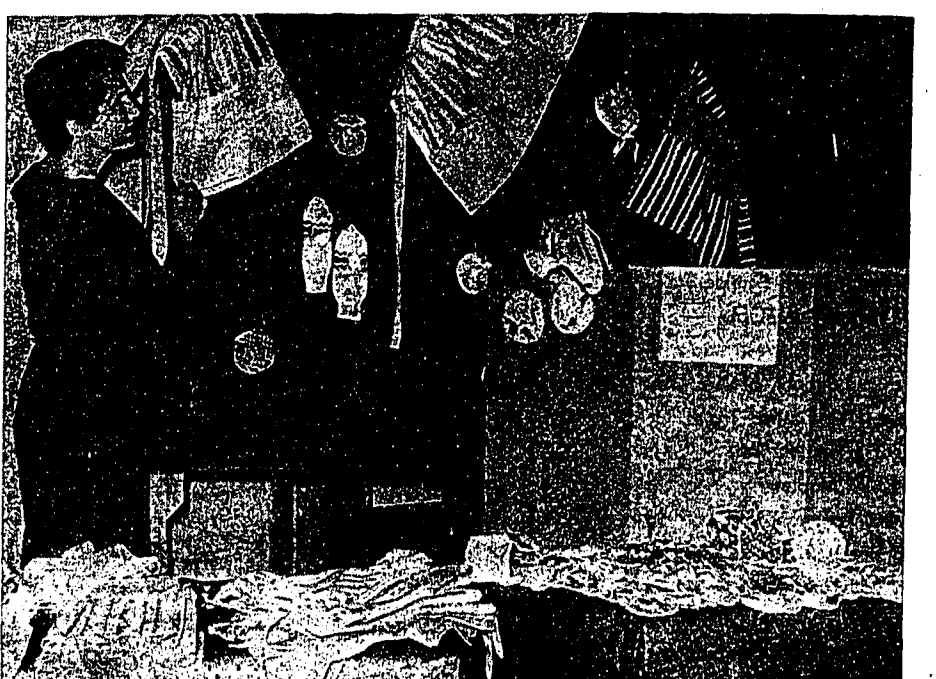

"CENTERPIECE" for the program was this garden-in-white, among rows of table displays, its sun-dial suggesting the "Hours With Flowers" theme. Mrs. R. J. Wright (left), chairman of the ways and means committee, and Mrs. N. K. Pattison, president of the Northville branch of Woman's National Farm and Garden club, can look over a successful show.

CHRISTMAS IN FLORIDA inspired this home decoration in dry arrangements of candles, cones and pines. Several club members joined talents for this prominent exhibit. Mrs. Ernest Wood puts finishing touches to a stubborn bow.

BRIGHT AND EARLY — Exhibitors had a busy morning preparing for the afternoon opening. And what the experienced gardener could have been fooled by displays that looked so "naturally lovely" by 2:30. Mrs. Orson Atchison applies the "plain hard work" formula to chrysanthemum arrangements.

FESTIVE BOOTHS marketing wares of Christmas decorations, trinkets, jams, fruits, vegetables and aprons were convenient reminders to visitors that Christmas is just around the corner, lest they be fooled by the spring-like atmosphere created by the garden of summer flowers. Mrs. Robert Nemi was in charge of the apron booth.

THE NOVI NEWS

SERVING A GROWING COMMUNITY

Thursday, September 18, 1958—9

ALICE IN WONDERLAND — (At right). The colorful array of growing things had plenty to delight young eyes. But children were participants as well as viewers. Mrs. Paul H. Schulz (left) and Mrs. Charles Altman, Sr., in charge of the children's section, guide their junior customers through a special world of petal-fairies, cabbage elephants, bright stones and shells, and other adventurous projects.

Enthusiastic strollers almost as soon as the show opened at 2:30. By 9:30 closing, an estimated 600 persons had viewed the exhibits.

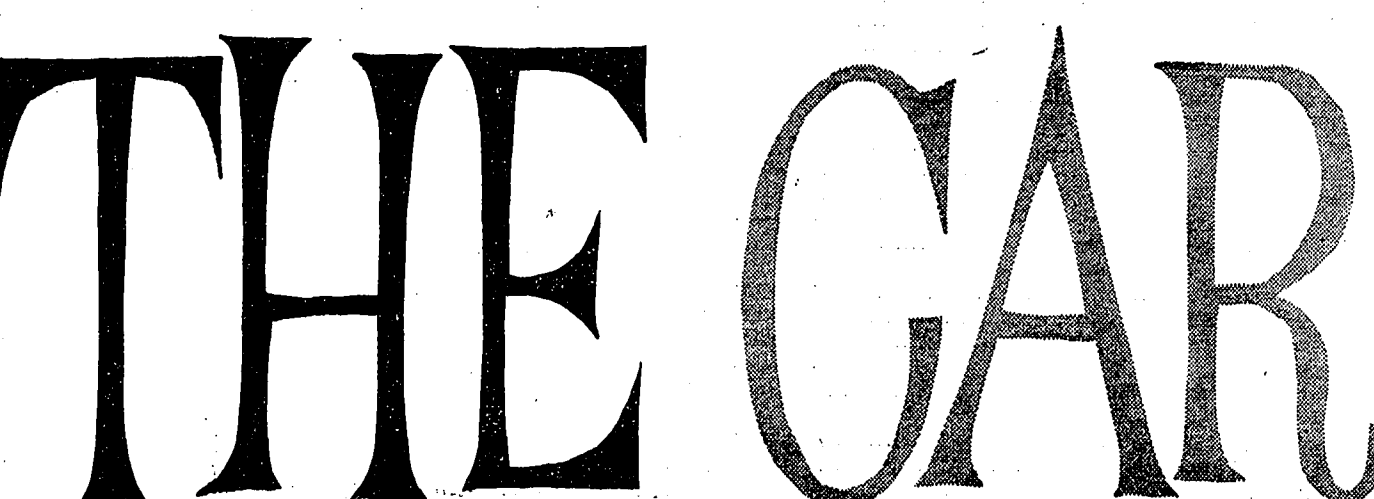

Anyone attending the annual Northville Garden club flower show Saturday afternoon and evening in the community building might have found the above Japanese thought on floral arrangement belatedly by a multitude of unique and interesting displays.

Specimens and arrangements varied from fruits, jams, and familiar Michigan garden flowers to rare plants and robust vegetables, almost "too perfect" to be true.

This year's "Hours With Flowers" theme was incorporated into imaginative inventions including table pieces, miniature arrangements no bigger than a thimble, displays for children, arrangements in "favorite containers", and even a few charmingly simple Japanese arrangements, a special study during the past year by some club members.

The auditorium was filled with

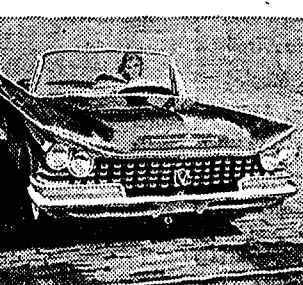

ON DISPLAY TOMORROW, BUICK '59

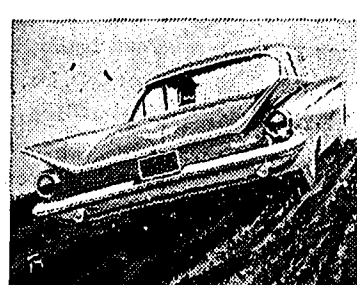

ELECTRA '59 IN THE STOPPING NEW 4-DOOR HARDTOP

Here it is . . . and now you know! Know why we have called this **THE CAR**. Know that a new generation of great Buicks is truly new here. From just this one view you can see that here is not just new design . . . but splendidly right design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick dealer and walk the whole wonderful

way around this Buick, you'll know still more how right all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership. And when you see your quality Buick dealer and get behind the wheel, the car will speak to you in a language of performance satisfactions without equal.

THE LOOK. A clean, lean, new kind of fine-car look. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60 year years.

THE ACTION. Get the feel of thrifty new Wildcat engines. New Equipower ride. New fine-cooled rear brakes. Magnificent new quietness. New Twin-turbine and Triple-turbine transmissions.

THE QUALITY. Buick quality to the core, new super-quiet bodies by Fisher. New Magic-Mirror finish retains its beauty longer. New interior decor throughout. Safety-Photo Glass everywhere. Magnificent new quietness, new comfort, the feel of fine-car quality everywhere! Yours to test, yours to enjoy—the magnificent new Buick for 1959.

Adams Eyes Varsity At Allegheny College

Dave Adams, all-league hall back for the 1956 Northville Mustangs, is given a good chance to win a varsity spot with the Allegheny college eleven this year.

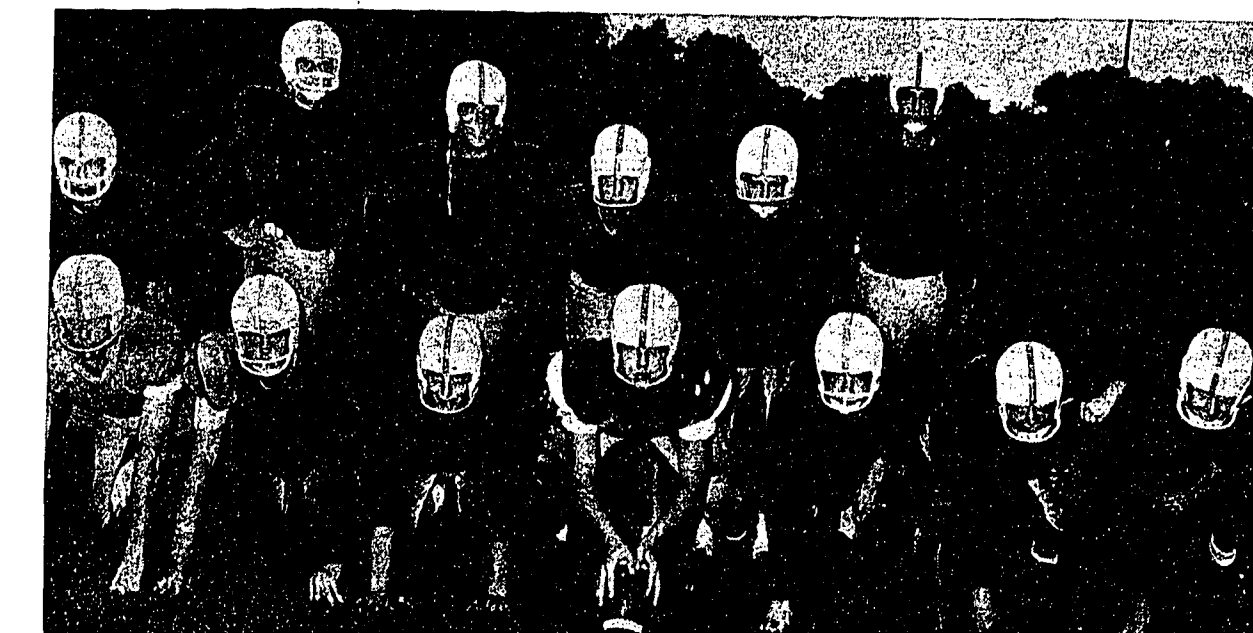

Adams is a sophomore at the Pennsylvania school. Last year he played on the reserve team.

Allegheny opens an eight-game schedule on September 27. A member of the Presidents Athletic Conference, Allegheny will be entering its first year of intercollegiate play.

It's That Time Again!

STARTERS — Eleven of these 12 Mustangs will open the 1958 season when Coach Ron Schipper's gridiron meets Plymouth Friday night. Schipper had not yet named his starting ends and quarterback this week. Above (front row, l. to r.): A. Goodrich (E), N. Schrader (T), B. Juday (G), W. Deal (C), F. Mitchell (G), B. Chismar (T), J. Gotro (E); (back row, l. to r.) H. Crawford (E), G. Morgan (RB), S. Walker (FB), B. Boyd (QB), F. Schwarz (QB) and B. Barnes (LB).

Mustangs On the Spot In League

How long can a football powerhouse go before the roof falls in? The Northville Mustangs will try to prove this season that longevity on the gridiron isn't necessarily limited to a couple of years.

Most of those in the know, including opposing Wayne-Corkland league coaches themselves, say the Mustangs have the talent to repeat as champions for the third year in a row.

But while talent is a big factor, it isn't everything.

The Mustangs have gone undefeated in league play the past two years, winning 12 and tying one.

Many of Northville's players have been hard for their opponents to swallow, either because the Mustangs walloped them in almost embarrassing fashion or because they broke open a tight game with a second-half spurt.

In any case, all W-O teams have good reason for wanting to get Northville.

For the Mustangs, this means that no game will be a snap. They'll be facing charged-up opposition week after week, and — as was demonstrated last year — even mediocre teams are apt to be on fire when they meet Northville.

Just what teams will be the biggest challenge to Northville is hard to say. Except for the Mustangs, the league has been a balanced, dog-eat-dog affair for the past few years.

But Northville is keeping a wary eye on West Bloomfield, with ace Quarterback John Luckman back again, and Brighton, which had a green team last year but has lost few key players.

Holly, Milford and Clarkston figure to be about equal, with Bloomfield Hills and Clawsonville still looking in strength.

Northville, on the other hand, may have one of its best teams.

The Mustangs have lost 11 lettermen, including All-State Halfback Dick Biery and All-League End Bill Yabne. Also missing are both starting quarterbacks from last year's team.

But Northville still has a massive line, anchored by 225-pound tackle N. C. Schrader who gained all-league honors last year. Back too are Ends Jeff Goodrich, Joe Gotro, Hugh Crawford and Larry Clark.

At tackle, besides Schrader, are Bill Chismar and Harold Seardess. Guards include Scott Adams, Bill Juday, Fred Mitchell and Art Fisher.

At center and kicking conversions is Wade Deal.

But it's a different story in the backfield. The Mustangs will be potent in two positions, with Halfback Bob Barnes and Fullback Spike Walker back after a good year in 1957.

At quarterback, Bill Boyd and Fred Schwarz are expected to share duties. Both are inexperienced.

Roger Cheeseman, Gary Morgan and Larry Nitzel — who likewise saw limited action last year — will complete their second halfbacks spot, while Jim Strange will back up Walker at fullback.

Except for Barnes and Walker, the backfield is admittedly green. But Schipper figures he'll field a good starting foursome just the same.

The big worry is injuries. If a key man is lost, the Mustang attack could bog down quickly.

All in all, the season is still a big question mark. But the answers will start coming tomorrow night when the Mustangs open the 1958 season against the rival Rocks from Plymouth.

LET'S GO, MUSTANGS — The players on the field will do the hard work, but vocal support from the sidelines is the responsibility of these six Northville cheerleaders. In front, Sandy Moody (left) and Joyce Hammond. In back, left to right, Mary Bell, Sally Stroh, Carol Fritz and Sharon Williams.

MAJORETTES — When the band starts playing, they'll be there! Northville's quartet of majorettes are: (l. to r.) Jay Ann Wittenberg, Sandy Lane, Sandy Gotro and Ann Parson.

Watch Your Gun Around Home, Too

It's not necessarily the icy-fingered hunter in the field who misleads his someone.

The "unloaded" gun in the home is an even more dangerous killer, according to the National Safety Council.

In 1957, for example, firearms helped account for 1,150 accidental home deaths. Half of the fatal fire-arms accidents happened in the home.

WHAT ARE YOU DOING FOR GOD?

We sometimes contact persons who rarely go to church saying that religion and church attendance does not do anything for them. They say that they get no religious experience from being active members of a church group. Such persons rarely, if ever, reflect on what they owe to Almighty God. I may get no emo- tional dividend out of my investment of wor- shiping God on Sunday but I do have the con- viction that I have given the Creator public wor- ship out of a sense of duty. Again I love to do it because God has showered His blessings upon me, the creature.

Each one of us should realize that the earth is filled with the Lord's kindness. His generosity fills, illuminates and renews the whole world, like the spring-time sun. By Him, the Word, all things were made. By Him, the Word made flesh, all things are being remade.

We have been made "just", that is, pleasing to the Father, by our re-birth in Christ at Baptism. As "sons in the Sun," it is our right and our great privilege to share in Christ's own praise of His Father. By Baptism and Confirmation, we have been given the Holy Spirit to help us to pray as we should. And with the inspired words of the psalms, we are given God's own words with which to praise Him rightly.

One of the principal parts of our worship (mass) is called the Offertory. Most of these prayers in the Offertory were taken from the psalms of the Old Testament. These prayers give us the spirit in which we are to make our offer- ing to the Good God. They are songs of joy, of joy in seeking God and in finding Him.

So religion might be drab and dull for those who seek spontaneous religious feelings out of their Sunday church attendance. But for those people who realize how much they owe God, who count their blessings instead of "sheep," religion is cheerful and joyous indeed.

Farmington Church To Have Rally Day

James Tesch, superintendent of the church school at St. John's Lu- theran church in Farmington, is be- ing announced that Rally and Prom- otion Day will be held Sunday, Sep- tember 28. A special program is be- ing planned at which the junior choir will sing, with the formation of the new adult class, regular in- struction in the Bible is now avail- able to persons of all age groups, beginning with three-year-old chil- dren. The church school meets regu- larly at 9:15 a.m. each Sunday in the Farmington junior high school auditorium, 3300 Thomas street, Farmington.

Members of the teaching staff in- clude Mrs. Jack Morris, Mrs. Leo Harrowood and Mrs. Woodrow Long, all of Novi; also Mrs. Betty Brundie, Miss Janice Brundie, Mrs. Fred Harwig, Philip O'Herron, Mrs. James Tesch and Mrs. Melvin Walck, all of Farmington.

Seventy-six persons attended St. John's "family day" last Sunday. Family day was inaugurated in order to acquaint the parents of church school pupils with what their children are learning and doing. Following the opening devotional period, parents were invited to sit in with their children's class for a portion of the instruction period.

For These Reasons We Believe You Should

VOTE YES ON VILLAGE INCORPORATION

MONDAY, SEPTEMBER 22nd

- To preserve our present boundaries and the present and fu- ture tax base within these boundaries.
- To prevent interior divisions through separate incorporations.
- To allow us to tackle our growing problems with a single, sound, centralized government.
- To provide services as they become necessary throughout the community as soon as possible.
- To reduce "fractionalism" among our various sections and unite our community.
- To allow our community to be "one step" ahead of the impend- ing growth so that we may plan logically.
- To acquire and put to community use the fees available to villages but that are now being passed on to county and state levels.
- To avoid a "bogging down" of progress. A defeat of the incor- poration move would be a blow to the future development of Novi.

On Barns, Incorporation and Permits

Barn Re-Zoning Requires Study

To the Editor:

Northville Record

With considerable interest I read your Sept. 11 report that Northville Downs has announced it will no longer winter horses in the old barns adjoining the track. At the same time, the Downs is apparently soundly out Planning Commission members on the feasibility of rezoning the new Shadon Rd. barns to permit wintering horses there.

In making this public inquiry, the Downs is to be congratulated for its new policy of conducting business in an open forthright manner. It's

also conceivable that the Shadon Rd. barns might possibly be a better wintering site — provided adjoining property owners are adequately compensated and proper limitations and safeguards are established.

It appears noteworthy that of the seven Planning Commission members present during the discussion, three were freethinking and intelligent enough to ask for assurance that the old barns would be renovated before rezoning the new barns for winter use.

If the Record has quoted Downs' General Manager John Carlo correctly, he strongly inferred that these old barns are in deplorable condition, have inadequate toilets and drainage facilities, and are first-rate fire hazards. Anyone driving by these barns on the 7 Mile Rd. cut-off can readily see that Mr. Carlo has described these barns with astonishing accuracy. And anyone familiar with the history of racing in Northville knows that the state racing commissioner, with his power to withhold racing dates, is about the only authority the Downs recognizes.

If the Downs does make a formal request for rezoning at the September 23 meeting, members of the Planning Commission should study the matter objectively and in light of the Downs' past performance record. Commission members having either a direct or indirect financial interest in the Downs or the Driving Club should disqualify themselves.

And, in addition, the property owners who are affected by this meeting should attend the meeting and state their present views.

Incorporation In \$ and Cents

I have lived in Novi many years and have seen many changes, and with the potential here I sincerely believe in the future of Novi.

In the past two years I have seen four annexations from the township of Novi. There has been more valuation taken from this township than in the last five years. The current assessed valuation being \$10,033,025.

I hope you citizens realize each time we get more valuation industry or any desirable tax base someone will get the idea of incorporating.

The Wixom Example

Wixom is a good example of this. When you are considering the costs of a village, I hope you will also consider what it will cost each citizen as taxpayers here for your share of having Wixom become a city.

Wixom comprised about 6 percent of the population of Novi and its take about 40 percent of your personal property as they are entitled to their percentage of all personal property that the township owns. This includes money, fire equipment, etc. The exact amount, as yet not determined as a settlement has not been made. If in the future some new city is set up, you will have to do this again with them.

Charter File Own Needs

Laws regulating township government are passed by the state legislature, and in the 1950 census Michigan had 1262 townships, which included:

702 townships with less than 1000 population;
330 townships with less than 500 population;
17 townships with less than 100 population;
6 townships with less than 50 population.

As you can see it would be very hard for the legislature to pass a law that would fit a township with a population of less than 50 people and have it apply in a township of from 30,000 to 60,000 people.

As a village you would adopt a charter that your charter commission would fit to the community. This grants more flexibility to villages that is enjoyed by other local units of government. This charter is authorized, drafted, approved, and put in operation by local citizens only.

The Tax Question

Every community contemplating incorporation is interested in how much the incorporation will cost. The charter you are being asked to vote on is asking for 5 mills. If this is adopted, that is all that can be spread. If, in the future, additional money is wanted, the citizens of the village will have to vote on and approve more or it cannot be spread.

The article by Mr. Koester stating that the valuation is \$20,000,000 is not correct, nor is the 20 mills. Another statement a few weeks ago talked about 10 mills. Both are misleading to you. Your charter states 5 mills, and that is the amount on assessed valuation, not on equalized valuation, which the current valuation spread 20 mills, but your charter does not ask this amount of money. The village cannot spread more than the charter specifies.

Township Service Limited

In a township government, the amount of tax the township can spread is very limited. No matter when you are considering the costs of a village, I hope you will also consider what it will cost each citizen as taxpayers here for your share of having Wixom become a city.

It can readily be seen the township cannot provide much service, or a very high level of service, to its citizens with such a limited amount of revenue. The total millage cannot exceed 15 mills for county, schools, and township taxes.

Village Gets Township Money

If Novi becomes a village, sales and intangible and liquor tax money would go to the village treasury. Although the township board was given approval on a budget for \$110,000, this money would go into the village treasury if the charter is adopted. I estimate the total revenue of the township, if the village carries, will be about \$15,000 per year.

This, it should be understood will be the total amount the people will be paying the township board. (Under a village government the township board must be maintained and there are certain duties they would legally have to do.)

Better Roads Possible

Furthermore, the village would receive funds now going to the county road commission for maintenance and improvements of roads or streets within the incorporated area. The amount each community receives depends on several factors including major and local streets, the number of miles and the 1950 census of the area. This amount will be increased as a village, and some have asked what it will cost to take care of our own roads.

Under township law, the township road commission does all the work on roads. Regardless of your budget allowance, 20 percent goes into the overhead of the road commission as salaries, insurance, pensions, etc.

As a village you maintain your own local roads but you do not contribute this 20 percent.

As an example, if the road budget is \$50,000, this 20 percent would pay for a man and run the road equipment per year. Also this 20 percent does not benefit directly the roads. This amount could be spread on the roads and they all need better roads.

Necessary For Services

A new village and its services will of course require the payment of taxes to provide those services that the people in the area need and which are now available only if performed inadequately. However, the reason for incorporation is to obtain the legal base for performing these services and means for distributing the costs in an equitable manner.

Would Stop Duplication

Unless we have some plan to incorporate what is left of the township, we may eventually have 10 cities as Royal Oak township has. Consider what is happening in Farmington township. They may end up with eight different cities and villages. I don't believe you would want that to happen.

When you are considering costs, think what this duplication would mean to a taxpayer.

Cost Up To Council

In brief, village government can cost just as little or just as much as the citizens of the area determine through their representatives on the village council.

If I have any information that you might want on valuation or taxation, I would be very happy to discuss them with you. Call me at Fieldbrook 9-2444.

Financial Outlook For Novi Village

Due to confusion concerning the tax structure and revenues for the Village of Novi I wish to present an estimate of revenues and expenses in a proposed budget prepared before the Charter Commission could intelligently determine the millage needs for this community.

In general, the expenses referred to in this statement are based on the expenses now being incurred by the Township of Novi with only

Complains About Health Standards

To the Editor:

Are we going ahead or backward? We've got our permit to build in 1952, we had to have 720 square feet of building. A well, especially the tank, so many feet apart. (How do they get them on some of these lots today?) We could not live in a trailer house or in basement yet in 1958 a dwelling was built and inspected with a floor space of 1520 feet, electric stove, waste water from the sink ran on the ground in the open and an outside toilet. But that is only a drop in the bucket to what we have had to put up with in July and August, but we are told there is now a health program.

SPEAKING

for the Record

By BILL SLIGER

If you have had a traffic violation ticket during the past two years, you're a point-getter with the Michigan Department of State.

And, under Michigan's new traffic violation point schedule, if you garner 12 points during a two-year period, you'll be up for re-examination and possible suspension of your driver's license.

The clamp-down on traffic violators was explained by Secretary of State James M. Hare at the 18th annual citizenship dinner here last week.

Hare stunned the audience by opening his remarks with the statement that he hoped there would be 125,000 deaths on our state highways this year. It was, he added, the further mission of his department to have 2000 persons disabled for life in traffic accidents.

This would be an improvement and a continued downward trend in state highway accidents that saw 2000 persons killed in 1956, Hare explained.

Until Hare's talk we had little knowledge of the state's scorecard system. As Hare pointed out it's unpopular to "get tough" with drivers, but it's highly effective in reducing traffic fatalities. Michigan isn't nearly as strict as Connecticut, for example, where Hare says that one speeding ticket results in a 30-day driving suspension and two tickets a one year suspension.

"But Connecticut has the nation's best safety record on the highways," he added.

Here's how Michigan's point schedule works:

A. Manslaughter—Negligent homicide—Felony in which a vehicle is used—Failure to identify self at the scene of an accident—Drunk driving or reckless driving 6 points

B. Exceeding the lawful speed limit by 15 m.p.h. or over 4 points

C. Exceeding the lawful speed limit by less than 15 m.p.h. 3 points

D. Disobeying traffic signal, stop sign or improper passing 3 points

E. All other moving violations 2 points

Each conviction for a moving traffic violation is recorded and maintained by the division of driver and vehicle services. Even if your offense is committed in another state the record eventually reaches Lansing.

Let's see now . . . during the past two years . . . two and two equals four . . . hmmm! How's your point total?

Teaching Responsibility

Parents are more than a little concerned that their child learns to take responsibility for his own actions. They want to teach him to be responsible for his own actions. They want to teach him to be responsible for his own actions. They want to teach him to be responsible for his own actions.

One common failing of parents in helping children to develop responsibility is that they are impatient. They want to see results immediately. They want to see results immediately. They want to see results immediately.

The actual process of teaching responsibility begins in the early years of the child's life. The parents can best contribute to the process by being consistent. They should be consistent. They should be consistent.

As the child grows older he seeks other responsibilities, notably those which are accompanied by varying degrees of personal freedom. The small boy insists that he be allowed to move the lawn without adult supervision. He insists that he be allowed to move the lawn without adult supervision.

Annexations, Consolidations Sweep State

MODERN MICHIGAN is in the throes of an almost accidental move to make the city the basic form of government.

Whole townships are disappearing inside the city limit signs. For better or for worse several metropolitan areas are growing rapidly.

The Citizens Research Council of Michigan has urged that the four fashionable Grosse Pointe—Grosse Pointe Farms, Grosse Pointe Woods, Grosse Pointe Park—near Detroit be merged into a single service area at least cost to the city.

Supporting and opposition forces have their own valid arguments. Taxes, of course, are the major issue from the standpoint of evenhandedness. Annexing to a city area can be quite a tax job to the other groups, but usually the annexed area feels the increase as much as or more than it was a year ago.

Local government is centralized by annexation as it wipes out the

Don't Delay Home Purchase - Prices Won't Drop

Babson Park, Mass. — Whether you pay rent, own your home, or you are planning to buy, it is important that when the child tries to help and doesn't contribute to the project at hand as adults would be should be complimented rather than criticized. If you would teach him to seek responsibility rather than away from it, he will be complimentary about his efforts no matter how meager they may be.

Costs of Building Land values have been amazing lately during the sharp setback by general business. With few exceptions, land is now selling as much as or more than it was a year ago. Vacant land well located in relation to the business centers of most cities offer commands premium prices, especially if zoning laws permit it to be developed for parking space.

Though child psychologists emphasize the importance of the first year or two in the child's life in learning responsibility, the child actually increases his sense of responsibility until he approaches adulthood. The time to begin teaching responsibility is when he shows the first signs of interest in doing things for himself. How well the child handles responsibility later will depend upon the start you give him.

The construction industry is now zooming along in high gear. Despite the business downturn earlier this year, expenditures for residential building for the first seven months were about the same as a year ago. Bolstered by this good consumer demand and the rising costs of materials, construction and building costs are at an all-time high (as measured by an index covering 100 building materials). Price pressure for most building materials will continue generally firm or upward.

Shall I Build As An Investment? I am not in favor of building — or buying — residential property to be resold as an investment. Sure, property is usually fairly high in cost and often does not bring in any very large return. It is expensive to maintain and can turn out to be a big headache if unemployment becomes widespread, forcing people to "double up."

A further reason for steering clear of investment in residential rental units is the tax situation. Local taxes on real estate are heading higher. They will make sharp advances during the next few years and rent returns probably cannot be boosted sufficiently to fully offset this additional expenditure. Also, if you were to come, rent controls would be invoked promptly; but there would

to give the Teamsters Union to each other. The donation battle started when Teamster Boss James R. Hoffa fell from Democratic grace in 1952. Democrats have since complained that Hoffa wanted to take over their party.

For years, until the 1952 split, the teamsters supported Democrats. Reports show that Hoffa's support still was present for Democrats that year.

Democrats said that Hoffa supported former Republican U.S. Senator Homer Ferguson during his last unsuccessful campaign and lent help to others in the party. Republicans retorted this year that Wayne County Prosecutor Samuel Olson and others accepted money for their campaigns from the union. Olson received \$11,000.

A Senate committee in Washington released the list, showing others in the past few years have parlayed Hoffa's support into big payoffs. A Republican committee in the House of Representatives followed the next week with a similar revelation. They also condemned Hoffa's help

Wixom Police Warn Double Parkers

Double parkers along Wixom and Pontiac trails in Wixom will find tickets hanging on their cars beginning next Monday, Police Chief Frank Jadrinski warned this week.

He reported that the parallel parking has resulted in a double parking ban by motorists. "We have been issuing warnings against this practice, but 'Monday we'll use tickets,' Chief Jadrinski stated.

He also announced the appointment of four new deputy policemen. They are Lawrence Beamish, Edward Gidner, Warren Henderson and Robert Wagner. Stationmaster Ronald Slomkowski is the other member of the Wixom force.

The additional auxiliary members will be used to patrol the area around Loon lake where cottages have been vacated for the winter. Chief Jadrinski stated that a number of break-ins occurred in this area last winter.

Recount Demanded In School Election

Novi school district voters approved a 2 1/2 mill tax increase by a meager one vote margin Monday—but within 24 hours, to the surprise of no one, a recount was demanded.

The vote was 202-201 out of a total vote of 413. Twelve ballots were spoiled. These included six yes votes and six no votes.

One More Election Coming Up

A man with much on his mind.

That was Novi School Superintendent William Medlyn Monday.

In Novi, voters were deciding on a crucial school tax increase.

In Ann Arbor, another young Medlyn was getting ready to bow into the world.

Medlyn walked out the ordeal at University hospital.

About 9 p.m., he learned by phone that the tax increase had passed.

About 1:30 a.m., he learned that his third son had been born.
