State Improving Reputation

THE LONG REBUILDING JOB to repair Michigan's reputation after the year-long 1959 cash crisis is well underway.

"Both political parties now recognize our shortcomings and the areas in which our tax structure needs repair," the portly, balding Lock said in a paper he prepared for the New York meeting.

One of the points of the present system which will count under scrutiny is the practice of using a promotional list first.

Present regulations require state agencies to fill vacancies from among persons on a promotional list before going outside the list, if such a list is available.

The people of Ireland are most courteous and warmhearted. They have laughter and humor as well as curious superstitions. They are known as chronic exaggerators, due to their living the Blarney Stone! Both the men and women are healthy, athletic and hard working.

More and more June brides are fast approaching the November of life, according to the Michigan Conference on Aging.

Statistics show that in 10 years my marriage has increased by 28 percent, marriages among persons 65 and over had increased by nearly double that amount, the conference said.

Although Ireland is smaller in area than Pennsylvania, it has marvelous ocean frontage exceeding that of Florida. Some of this is meadow farm land extending down to the water; in other places there are high cliffs. As I worked up the West Coast and noted this beautiful unoccupied ocean frontage, I systematically took samples of the soil.

Yet despite all the plus factors, we permitted ourselves the luxury of horrible national publicity because of an unwillingness to compromise our differences, but said: "While there will still be differences, Lock predicted the state will never again allow itself to pass through evil days as it did last year because of these differences."

FRANKLIN DE WALD, husky new state personnel chief, has ordered a thorough look at Michigan's civil service system.

DeWald, long accustomed to working with huge work forces on the public payroll by virtue of service in Washington and elsewhere, said the aim of the Civil Service Commission act is to insure that Michigan will develop a civil service operation that will attract and keep capable people in state service.

Several other matters have expressed satisfaction with Akeley and present operations of the village, but they have neither stated that they opposed or support immediate appointment of a manager.

However, Councilwoman Miss Eugene Choquet stated Monday that she has received a good job acting in the capacity of a manager.

Since the resignation of former manager, Fred Olson, last June, Novi Building Inspector Harold Akeley has been acting as village coordinator, assuming most of the responsibilities of a manager.

Special registration hours for tomorrow and next week were announced this week by Township Clerk Hadley Bacher.

Manager Issue Comes to Head

The question of whether or not Novi is to have a new village manager definitely will be settled Monday night.

Only Councilman Philip Anderson has taken a stand on the manager issue. He has stated repeatedly that he opposes hiring of a manager.

And It All Started With One Lost Pet

Whoever heard of a cat snubbing a saucer of milk? That's what happened to Mrs. Gerald Doubt, 62 Fairbrook road, when she lost her Siamese cat, "Serena".

Mrs. Doubt was once a dog fancier until she discovered how affectionate and intelligent a furry ball of scotch could be. Today she flourishes her attention on the eight cats and growing number of kittens at the Doubt's Fairbrook road residence.

"Serena" was just that way said Mrs. Doubt. "In fact," she went on, "Serena wanted to have them in bed, but when she started laboring we moved her to the nursery box." Three hours later she was the proud mother of four kittens.

Anxiously watching the movements of "Serena", one day away from kitten-ship, Mrs. Doubt said cats were among the most punctual mothers in the animal kingdom, bearing their young on days from the time of conception.

They thrive on raw meat from the time they are weaned. When full grown, a pure Siamese sports dark brown feet, ears, nose and tail against a seal-colored body. They have piercing blue eyes that Mrs. Doubt admires in her with the cat's temperament.

"The happier they are the bluer their eyes are," Mrs. Doubt expected Siamese's first home-bred kittens to be ready to leave their mothers in time for Christmas.

40 DOZEN COOKIES — Northville Optimists' wives, 54 of them altogether, are busy baking cookies for the Northville State hospital's eighth annual Patients' Fair, October 4 and 5. Mrs. Donald Lawrence, Mrs. Donald Haanabarger and Mrs. George Zerbel (left to right) gather in Mrs. Zerbel's kitchen to whip up part of the 60 dozen cookies that will be served to shut-in patients by Red Cross Gray Ladies.

NEWCOMER'S CORNER

"I look upon every day to be lost, in which I do not make a new acquaintance!" —Samuel Johnson

FAST-GROWING FAMILY — This week's newcomers numbered an even four when they moved from Springfield, Vermont to Northville in early August. Pictured at their Conemaugh drive home with their latest additions are Harry Ashbridge, four-year-old Steve, three-year-old Susan and Mrs. (Joan) Ashbridge, holding the newest newborn, three-week-old Bryan.

Out in the new "old West", East-ers Joan and Harry Ashbridge a few years ago found themselves living in a town still wrangling over the controversial legend of Wyatt Earp.

Marshall Earp in his heyday had lived and reigned in Tombstone, Arizona, where Harry Ashbridge was stationed with the U.S. Army. As Mrs. Ashbridge describes the rivalry in that town set in the bleak, arid Arizona flat country — "The townpeople are split down

the middle over whether Wyatt Earp was a good guy or a bad guy. Somebody's hair is bound to bristle up the back if you say he was good." The Ashbridges were "from the East where it's green," explained Mrs. Ashbridge. They had lived in Chester (near Philadelphia), Pennsylvania, until Uncle Sam dispatched them to the Western outpost. And after the Army stint was over, they swapped Arizona's cactus and sagebrush along with the tenuous herodism of Wyatt Earp for the brighter

foliage of the East. Early last month they traveled West again. They left a home in Springfield, Vermont, this time stopping at 22304 Conemaugh drive, Northville.

Harry Ashbridge is a product planning and marketing analysis manager for Bryant Computer Products division of the ExCello corporation. He studied at Lehigh in Bethlehem, Pennsylvania and at the Illinois Institute of Technology.

Mrs. Ashbridge specialized in dietetics as a home economics major at Drexel in Philadelphia. She worked a year in the University of Pennsylvania Graduate hospital.

They have three children — Steve, 4; Susan, 3; and Bryan, their newest addition, three weeks.

Everything but the crickets has endeared Northville to the Ashbridges, said Mrs. Ashbridge. "I hope they don't eat as much as they're supposed to," she humorously added, "or they'll eat us out of the house."

Woodworking, electronics and audio high fidelity occupy a good many of Harry Ashbridge's after-work hours. His wife brands him "a genuine hi-fi bug."

These electronic whimsies are so named in Mrs. Ashbridge's opinion for their mania "to get an entire system built and then sell it, only to begin building another just a little bit better."

"Sometimes you go for months without music," she lamented.

NOVI HIGHLIGHTS . . .

By Mrs. Luther Rix — Fieldbrook 9-2428

BUSIED — Philip Ogilvie looks like a tired Rotarian as he peers out from behind a pile of shoes remaining from the Northville service club's two-day rummage sale. The annual event netted the club \$328.90. Chairman of the sale was Wally Westerfield, who reported that all leftover items were given to Goodwill. Staged at the Downs, proceeds from the sale are annually used by the club for its charitable activities, particularly in the aid of crippled children.

Mr. and Mrs. Ray LaFond spent last week end with their daughter, Mrs. Albert Draner and family, in Mt. Clemens.
Home guests this week at the home of Mrs. Marie LaFond were her cousins, Mrs. Frances Waahburn, and her sister-in-law, Mrs. Margaret Kelly, of Windsor, Ontario.
Mr. and Mrs. Wardell Lyke and family visited at the Dr. Calvin Lykes residence at New Castle in Indiana over the week end. The Lykes made the trip by plane. This morning week end the Lyke family will attend the Synanon clan gathering at Traverso City.
Mrs. Daniel MacGillivray honored Mrs. Clair Runk at a pink and blue shower at the MacGillivray home on Stassen street last Wednesday. There were 12 ladies present.
John Chapman, while stationed with the U.S. Navy in Athens, Greece, attended the Olympics in Rome last week. He is also an artist, is making sketches of the various places he visits.
Mr. and Mrs. Vincent Hayes were honored on their 25th wedding anniversary last Saturday evening with a surprise party of neighbors and friends. Mrs. William Paquette furnished the decorated anniversary cake. Approximately 30 guests were present for the occasion.
Mr. and Mrs. Joe Garofella celebrated their 40th wedding anniversary Sunday. Their children who were present were Mr. and Mrs. William Paquette and Mr. and Mrs. John Ellis and daughter, Faye, of Detroit.
Mr. and Mrs. Earl Marr of Redford were dinner guests of Mr. and Mrs. Luther Rix last Tuesday.
Mrs. Bob Brown of Milford entertained the Birthday club this week. Others who came were Mrs. William Paquette, Mrs. Kenneth Ripper, Mrs. Douglas Watson, Mrs. Harold Ortwin, Mrs. Clarence Ortwin, Mrs. Andy Kozak, Mrs. John Williams and Mrs. Harry Davis.
Several Novi residents attended the dedication of Wixom Baptist church Sunday. Dr. Savage and his church choir were in charge of the service.

Mr. and Mrs. Henry Kriedeman and the latter's parents, Mr. and Mrs. Roy Freeman, returned this week end from a two week trip to St. Petersburg Beach, Florida. While there they went deep sea fishing and Mr. Freeman caught a 17 1/2 pound red grouper. They spent a lot of time beach combing and have a large collection of sea shells and coral. They also spent some time in the Sunbites.
Mrs. Irene Kalar, Mrs. Eve Behr and Mrs. Angie Oliver visited at Stinson Saturday. The occasion was a birthday celebration for Mrs. Kalar.
Mr. and Mrs. William Racker spent the week end at their cottage near Marion.
Mr. and Mrs. Glen Salow, Sr. and Mr. and Mrs. Glen Salow, Jr. motored to Jackson Sunday, where they visited the Racker and OGP home.
Mrs. Nel Riechlich and sons, Jackie and Tony, of Chicago, are home from their trip to the West Coast.
Dr. and Mrs. William Barber have returned to their home in Pickford in the Upper Peninsula after visiting relatives in Novi and Northville and attending funeral services for Art Walker in South Lynn.
Mrs. Nel Thompson is confined to her home in Plymouth by illness. Mrs. Thompson is an active member of the Novi Baptist church.
Rev. and Mrs. Arnold Cook and their home guests spent Monday evening at the home of Mr. and Mrs. Richard Noble. The Nobles, who have recently returned from a trip to Scotland, showed picture slides of places they visited abroad.
Mary Hulka is attending college this year at Central Michigan University in Mt. Pleasant.

NEWS FROM THE American Legion

LLOYD H. GREEN POST 147
John F. Cass, USN Post Reporter

The Lloyd H. Green Post No. 147 would like to make public the commendation by our President, Dwight D. Eisenhower, urging all citizens to join in the observance of Veterans' Day, November 11, 1960. The full text of the President's proclamation follows:
"Whereas the men and women who have served in our armed forces have contributed immeasurably to the preservation of America's freedom and to the achievement of the goal of world peace; and
"Whereas the nation is eternally grateful to our veterans for these contributions; and
"Whereas it is fitting that we set aside a special day each year to honor our veterans and give national expression of our esteem for them; and
"Whereas by an act of Congress, has declared November 11 of each year to be a legal holiday and to be designated as Veterans' Day in honor of our veterans and a day dedicated to the cause of world peace:
"Now, therefore, I, Dwight D. Eisenhower, President of the United States of America, do hereby call upon all of our citizens to observe Friday, November 11, 1960 as Veterans' Day. Let us celebrate that day with appropriate ceremonies only in tribute to our veterans but also in the rededication to the cause of peace with honor throughout the world. I also direct the appropriate officials of the government to arrange for the display of the flag of the United States on all public buildings on Veterans' Day."

Blood Bank
The first of a series of Blood Bank meetings was held Wednesday in the court room at the village hall. Meetings will continue each week until the Blood Bank, November 18.

IMPROVED PARKING and alley facilities will soon be available in Northville's business district directly behind the First Methodist church and extending from Main to Dunlap street. Grading, preparatory to blacktopping the area, was underway this week. The area in the foreground above was once the site of the Hills building. Local retail merchants pledged \$10,000 to the city to share in the cost of the project. Merchants are currently negotiating to provide another municipal lot on Main street between Northville Realty and Mainville Drugs. They propose to have an apartment house on the site torn down and lease the lot for off-street parking for shoppers.

BPW Begins Fall Program

Northville's Business and Professional Women's association opened its fall agenda Monday night with a dinner meeting at the VFW hall.

Keynote speaker for the evening was Mrs. Ada Watson, ninth district chairman of the Michigan BPW, who discussed the numerous phases of the organization's national program.

Mrs. Florida Earsbach, membership chairman of the local chapter, headed the planning committee in charge of Monday's initial fall meeting.

Mrs. Alice Ritchie is the 1960-61 president of Northville's Business and Professional Women.

Scouts to Stage Novi Card Party

Adult Novi girl scout leaders will stage a card party tomorrow night at the community building beginning at 8 p.m.

Both men and women are urged to attend. Proceeds from the party will be used toward sending delegates to the 33rd national convention in St. Louis, Missouri November 14-15. Tickets may be secured by calling either Mrs. Bernard Marchetti, MA-4-3097, or Mrs. Irene McCormick, GR-4-7553.

Where Does Your Money Go?
An Illinois business man took a dollar, pinned a piece of paper to it, asking everyone who spent the money to write down what it was for, and send it back into circulation for 2 weeks. At the end of that time it came back with the following story. It was spent 5 times for salary, 5 times for tobacco, 5 times for cigarettes, 3 times for meals, once for auto parts, once for groceries, twice for shaves, once for washing, and once for tooth paste. God never had a chance with it. Millions of dollars never touch the offering plate in Church. I wonder where your money goes? If some of it ever goes to Church? The United States Government allows up to 20 percent of our income to be given to the Church and charitable purposes. Your investment in a Church that preaches the Gospel is the best investment you can make because it will draw dividends. Your money will be used not only to carry on the local work but to spread the Gospel of Jesus Christ to the heathen who never have heard. It will be used to print Bibles, tracts, and magazines, to spread the Word by this means. A portion of it also goes to assist the poor and needy. What better place can you give your money?

First Baptist Church Of Northville
Peter Nieuwkoop, Pastor

READERS SPEAK:

Bravo BeGole

Mr. Editor:
We would like to use this method to publicly commend and thank Police Chief BeGole and all the other members of the Novi police force and office workers for their help in solving a case personal to us.

We would also like the citizens of Novi to know that we have a police chief who is willing to give unstintingly of his time and effort, beyond the call of his duty, to bring about the solution of this case. It originated in our village but led the police to the heart of Detroit many times before it was solved.

For about three weeks Mr. BeGole spent most of his time off duty working on this case. Other members of the police force also helped him at different times.

Mention has been made in the past about members of the police force spending as much time in coffee shops. Much time was spent in the office for sleep during this case, but for the purpose of giving information; and, many times the coffee was not so good. Might it be that some of these coffee shop shop visits had a purpose other than pleasure?

We would like to say "thanks" for a job well done. Mr. and Mrs. Ray L. Warren 7213 Haggerty Road Farmington, Michigan

Poor Readers Thing of Past

To the Editor:
Literacy is something of the past when it was a matter of survival for young ones to leave school for work because of essential requisite.

It was stated in one of the Detroit papers by a leading professor of Wayne State university that it is a rarity to find children suffering from poor reading or spelling in our elementary schools of today. It becomes me, why are these children, with an exception? It would be wise for Mr. Ambinder and Mr. MacBride to check into this matter before requesting a remedial teacher.

I agree with Mrs. Ritter on radio, and that Ambinder and MacBride and parents who have children going to school are taxpayers, but by the same token they should also be interested in saving taxpayers' dollars \$ 8 & 8 who are not in the same category, instead of being so selfish.

Radios are not needed in school buses for enjoyment or to stop disturbance, children should be taught in schools as to proper behaviour, because all the remedial teachers you can afford could not help a misbehaved child.

Obituary

KIMBERLEY LYNN PURDY

Kimberley Lynn Purdy, four-year-old daughter of Mr. and Mrs. Tom Purdy of Summerlane Lane, died in Detroit Tuesday at Zieger Gynecopathic hospital one day after tonsillectomy surgery. She was born in Highland Park April 2, 1956, and is survived by her parents; a brother, Jeffrey; and grandparents, Mrs. Grace V. Purdy of Detroit and Mr. and Mrs. Roy Hestwick of Berley. The Purdys moved to Northville in 1956. Funeral services will be conducted Friday at 10 a.m. from Our Lady of Victory church. Prayers will be said at the Casteline Funeral home Friday. The Rev. John Willstock will officiate. Burial will be at Holy Sepulchre cemetery.

Students to Elect Officers Tomorrow

Voting by machine tomorrow will climax a week-long election campaign begun by seventh and eighth grade students at Novi school. Officers for the two classes will be elected by students using a township voting machine. Township Clerk Hadley Bachert instructed students this week on how to use the machine.

Each year seventh and eighth grade students campaign for their favorite candidates - from a slate of more than 20 boys and girls, register to vote, and then cast their ballots. This voting technique is all part of a program to teach history and civics students local, state and federal election procedures.

Hunting Talk Tonight

Members of the Novi police department and interested sportsmen will hear a talk tonight by Howard Johnson of the Michigan Department of Conservation.

Johnson, who is assigned to the Novi area, will talk on subjects likely to arise during the upcoming small game season.

89-Year-Old Depot Stays as Landmark
The nostalgic memories of a Northville man may have saved one of the community's most famous landmarks from dying of old age.
C. E. Langfield, owner of Northville Laboratories, Inc. has purchased the 89-year-old Chesapeake & Ohio railroad depot in hopes of preserving the famous old building, which was almost certain to be razed within the next few years.
Although Langfield plans to use a portion of the building for storage, he admits that a touch of nostalgia really prompted the purchase. He plans eventually to restore the interior rooms to their original condition.
However, the building will not become a public showroom even though Langfield would like it to be just that. C&O has stipulated that the building, which is still located on company property, cannot be used for this purpose because of the dangers involved in people crossing the tracks.
As a young boy Langfield and his companions were frequent visitors at the depot.
It was here that adventurous youngsters and curious adults gathered to watch the giant smoking engines chug into Northville. It was here where envious youngsters waded gaudily to the center of the telegraph, the small of rusty mailbags, and the exciting tales spun by oldtimers gathered around the pot-bellied stoves - all fired the imaginations of youngsters of the day.
Actually, the Northville depot was stirring imaginations way back during the administration of President Grant - less than 10 years after the Civil War.
For it was in the summer of 1871, just two months after the first railroad trucks were laid here, that the depot was erected. Townspeople were still buzzing over the appearance of the first train when the building was completed.
In fact, the arrival of the Holy, Wayne & Monroe train so completely dominated the town conversation that very little was said about construction of the depot.
The first issue of the Northville Record carried this item about the depot:
"About 20 feet east of the tumbledown bridge, standing north and south, the depot building has been erected, (that is, the frame has been put up, partly enclosed and rapidly nearing completion). It is 102 feet in length by 28 in width, beside the tracks. The washing rooms, ticket office, etc. will be in the north end, and the freight department in the south."
"Its appearance there, changing as it does the looks of that quiet locality, would convince anyone that a revolution had taken place for the better in our town."
Until the tracks north of here were completed, trains coming into Northville from Plymouth were forced to turn around at the depot. This was done by a large "turntable" mechanism which was powered by horses.
Directly across from the depot, which at that time was located west of the tracks almost at what is now the edge of South Main, just south of the Spring, was a large mill pond. Part of the tracks passed over this water on a bridge parallel to the now closed Main street bridge.
The railroad depot at Novi was completed later in 1871 and the Wisconsin depot was not completed until either late 1872 or early 1873.
The first Northville ticket and station agent was J. Pickford and his daughter, Carrie, was the first telegraph operator.
Shortly after the turn of the Century, the depot was moved to the present location on the east side of the tracks. The tracks themselves and the depot site were raised considerably to lessen the steep grade between here and Plymouth street.
The last passenger run here was made nearly a decade ago and the depot was closed about two years ago.

PERSISTENT MOTHER - Residents in the Norton-Clement road area are surprised - and a little touched by the determined efforts of a mother beetle to raise her three-week-old pups in drain culverts away from the prying eyes of humans. The wandering, apparently un-owned, mother, who has lived in the area for almost a year, gave birth to five pups in a culvert near the intersection. Residents came to the whistling mother's aid during a cloud burst. After the rain, however, the mother carried her young to the culvert. Then Friday rain threatened again and one pup died, so residents carried them back to a warm shelter. The mother, who refused to get within camera range, stood by Saturday when this picture was taken near the culvert. She seemed to say, "Just wait, there's another drain down the road a piece." Shown with the pups is eight-year-old Margaret Chase, daughter of Mr. and Mrs. Philip Chase, 19700 Clement road.

ANOTHER SEASON — Youngsters from the Novi area will enter their fourth week of competition Saturday at Northville Lanes in a 10-team league which is growing larger every year. The boys, ages 10 to 15, have each Saturday morning at the Northville alley. Currently, the Dazzlers are holding down first place with a 1-1 record. Above, Richard Holcombe, 14, son of Mr. and Mrs. Al Holcombe, 4681 Joy road, throws a "sure strike" as league members look on. Richard is secretary of the league.

Plan to 'Cut Northville Down'

First Place Barons Promise Real Battle

For the first time since last year's upset victory over West Bloomfield, Northville will be the underdog when the Mustangs invade Bloomfield Hills tomorrow afternoon.

Northville, a team which has dropped its first two games, will face the "dark horse" of the W-O league. The Barons, who lost to the Mustangs last year 27-20 in the final two minutes of the game, are ready to "cut Northville down," veteran Quarterback Art Tregeza promised this newspaper Sunday.

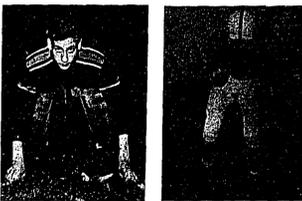

Bloomfield Coach Donald Hoff and his assistant, Cece Morgan, are equally anxious to claim a victory over Northville.

The two coaches will use the same formation tomorrow that they used last year and that led to victories over Oak Park and Brighton this year. And they'll field a squad of five hard-core veterans. According to Coach Hoff, no one section of the team is outstanding or weak. "Our wins were pretty much a team effort," he added.

Heading up the Bloomfield eleven will be Tregeza, a junior quarterback who last year exploded for a 67-yard TD late in the fourth quarter to put his team back into the game. In the backfield with Tregeza will be veteran Bill Jones, at left half; Bill Peabody, who moved up from the junior varsity squad, at fullback; and Roger Stewart, a sophomore, at right half. Other line veterans include Paul Irvine, left end; Mark Miller, center; and Wayne Coyle, right tackle. Other starting linemen are Ty Koll, left tackle; Rick Aldred, left guard; Tom Bromley, right guard; and Bill Calhoun, right end.

The Barons had little difficulty in upsetting favored Oak Park in Bloomfield's non-league opener, 31-0. The victory over Brighton, however, was less impressive. The Bul-

Former Mustangs Shine

Bob Starnes Dave Adams

Former Northville grid star Bob Starnes, son of Mr. and Mrs. Paul Starnes, 310 Griswold, is making a concerted bid for a first-string position on the University of Louisville football team this season.

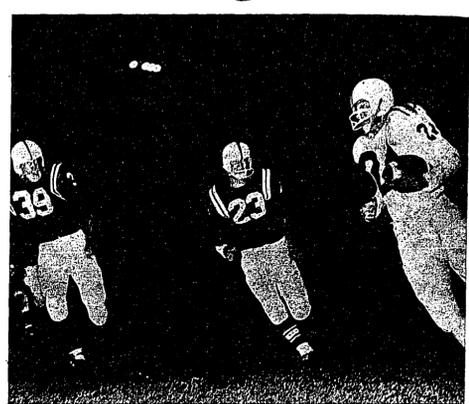

Labeled the best defensive half-back on the squad by Cardinal Coach Frank Camp, Starnes saw only limited offensive action last season during his freshman year. He carried the ball only seven times, averaging 2.6 yards.

His offensive abilities which are becoming more and more apparent prompted his coaches to use him extensively during spring drills. "If Bob continues to progress at the pace he followed during the spring, he could become a familiar figure on game nights," the coaches predicted.

The Cardinals, who coached Eastern Kentucky last Friday, 28-7, will take on Bradley tomorrow night at Louisville.

Other teams in the conference are Western Reserve, Case, Grove City, Wayne State and Thiel.

Mustangs Lose 1st W-O Game in 4 Years

END RUNS — These two pictures show players from Northville and Holly executing end runs last week Friday. Both players, Northville Halfback Tom Swiss (24) above and Holly Halfback Roger Hill (32) below, made yardage on these particular plays. But when the game ended, it was Holly that dominated the ground attack — not Northville. Other players in the picture are (above) Tackie Gilbert Gray (23) and End Donald Klump (29), and below, Roger Nichols, Northville guard (54) and Klump (30).

A surprisingly strong Holly 11 took advantage of a lifeless Northville squad Friday night to become the first W-O league team in four years to whip the Mustangs.

And what's more, the under-rated Broncos carried off the celebrated coup with comparative ease. Yet when the curtain finally fell on the Northville tragedy, the partisan Holly fans could hardly believe the scoreboard. "We did it, we did it," one adult male shouted, trying to convince himself that the game was over and the giants from Northville—not Holly—were the victors.

The jubilant Holly players joined the screams and shouts of delight, shook hands with their opponents, and then climbed aboard their bus to contemplate the significance of their victory.

Not since October 1955 had the Mustangs lost a W-O league game. Since then Northville had completed the most outstanding area high school record in recent history — 23 straight victories without a loss.

And ironically, this phenomenal string of victories started in '55 with a 24-0 victory over the Broncos. Last year Northville crushed Holly 27-0.

Neither the Broncos nor the Mustangs appeared to have an edge on strength last Friday. The teams were pretty much an even match on paper — but Northville failed to muster anything near the spirit or winning determination that sparked Holly to victory.

And fans and coaches who have watched Northville climb to its peak over the past four years were the first to recognize this "lack of pep." After-the-game comments seemed to boil down to this one statement: "Losing wouldn't be so bad if they'd played like they wanted to win."

Despite only spotty moments of grittiness, the Mustangs were within winning distance of the Broncos up to the closing minutes of the game.

Holly knocked Northville back on its heels early in the contest, taking the kickoff on the 20 and marching methodically 30 yards to the goal line in 11 ground plays. Halfback Bob Ennis plunged over from the 2 for the TD. The Broncos picked up five first downs in the touchdown drive.

Scoring its extra point on a running play, the Broncos went out front 7-0.

Twice in the same period the Mustangs threatened, but both times families spoiled dreams of overtaking Holly. After taking the kickoff at the 30, Northville pushed to the Holly 24 and fumbled. Holly recovered, moved to the 38, and then intercepted a Mustang pass on the first play from scrimmage.

Don MacKinnon, left end, scored from the 3 yard line.

The Mustangs struck back early in the fourth quarter, as fleet-footed Tom Darling took a short screen

and then punted seven yards to the 45. Then the Mustangs moved to the 25 where they fumbled. The Broncos compiled a total of 213 yards rushing, while the Mustangs made only 61 yards. In the air, however, with Steve Jutay hurling near perfect passes throughout the contest, Northville made 109 yards to Holly's 27.

Other statistics: Northville was penalized 40 yards. Holly 25; the Mustangs picked up seven first downs to Holly's 16; and Northville fumbled four times, recovering only one of their fumbles, while Holly fumbled three times, losing the ball just once.

— SUPERINTENDENT'S SUMMARY —

The past year again reflected the serious financial condition of school districts in the State of Michigan and ours was no exception. Locally, we are faced with the problem of increasing enrollments at a time when actual monies being appropriated or levied per child is either decreasing or remaining constant. Due to the financial condition of the State, more money will have to be raised locally to (1) maintain our present program, and (2) expand our services in the areas of music, art, remedial teaching, guidance and additional supervisory personnel.

With our present classrooms, we will have adequate space for the elementary grades for a few years. However, any sudden spurt in building would rapidly wipe out any extra space we have. The housing of our junior and senior high students will be of vital concern in the immediate future.

Teacher recruitment will continue to be a problem. Although gains have been made in the past several years in salary schedules, continued emphasis will have to be placed on this vital matter if we are to remain in competition with other districts.

More Tree Champions

The Northville - Novi area is fast becoming known for its exceptionally large trees.

Last winter a black maple growing on the Claude A. Crosse property, 4310 West Nine Mile road, was declared the largest in the United States.

Last week, three other giants received top ratings in the state by the Michigan Botanical Club.

According to Paul W. Thompson, chairman of the "Big Tree" committee, these two trees are the largest of their kinds in Michigan:

A white mulberry located on the property of C. W. Chapman, 229 High street, and a Norway spruce, located in the D. W. Matzen property, 2187 Novi road.

The mulberry measures 123 inches in girth at a spread of 68 feet, and is 69 feet tall; the spruce is 130 inches in girth, has a 67 feet spread, and is 74 feet tall.

A black walnut, located on the property of Dr. and Mrs. W. T. Johnson, has been declared the second largest of its kind in the state. This tree, according to Thompson, "is a magnificent tree with a spread much greater than the state champion which has only a 85-foot spread."

The state champion walnut is 222 inches in girth compared to 183 inches of the local tree.

Cross Country Team Shows Improvement

Despite a shortage in depth, Northville's cross country squad has shown Coach Chuck Zahne plenty of determination and improvement through its first two matches this season.

The Mustangs opened against West Bloomfield at Keego Harbor last week Tuesday, and nipped the Lakers 25-30, with Northville garnering first, third, fifth, sixth and tenth places.

Last year over the two-mile course, Northville lost to West Bloomfield 25-29. (In cross country the lowest score wins.)

'61 CHEVY TRUCKS

WITH WORK-PROVED INDEPENDENT FRONT SUSPENSION!

Chevy's '61 that swings in with a ready-made reputation for trucks that are worth more because they work more... the latest additions of the haulers that scrapped the 1-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nall-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdy-Bilt design, you cruise over trails where other trucks creep. You feel the difference in line wheel light and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

"That true power belongs to God, not to matter, is a central theme of the Lesson-Sermon entitled "Unreality" which will be read at Christian Science services Sunday.
Scriptural selections will include the following: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea" (Psalms 121, 21).
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (189:11-13, 17-19): "Erring power is a material belief, a blind misceled force, the offspring of will and not of wisdom, of the mortal mind and not of the immortal."
"Moral and spiritual might belongs to Spirit, who holds the 'real in His fists,' and this teaching accords with Science and harmony".

By the Rev. James F. Andrews Full Salvation Union Chapel

"CONSECRATE ME NOW!"
Dr. Thomas Wycliff in the April issue of "The March of Faith" writes: "The time has come when Christianity must be presented to the world in something more than religious form and phrase."

With this thought many the world over are in agreement. But to agree with this idea does not present to the world something more than a religious form and phrase.
To do that there must be manifest in the earth in a literal way the many-membered Body of Christ, where every member of that Body is under the control of God's mind just as Jesus Christ was controlled by God's mind during those days He walked among men as a literal fact. He said, "I do nothing of myself alone. The Father that dwelleth in Me, He doeth the works."
Jesus did not do what seemed right to himself but He always did those things that pleased the Father, not what He thought pleased the Father but what actually did please the Father because it was the Father who did the work in Him—Willing and doing of His good pleasure.

For almost 2,000 years now we have had the privilege of having the Holy Ghost take the things of Jesus Christ and reveal them unto us for the purpose of helping us to enter into the same kind of a relationship with God that Jesus demonstrated while here on earth. Only as this is accomplished in the life of every member of the Body of Christ will we have true Christianity in the real again.
To give all of our goods to feed the poor and our body to be burned without this really coming

into manifest existence profits nothing. That is the reason it is so important for all those who through the Church age have been blessed with special gifts to now advance from those high places of service into the many-membered Body of Christ.

This is a difficult step for many to take for their individual ministry has been greatly blessed of God. The more it has been blessed the more difficult it becomes for such individuals to lose their religious life in that realm and find it in the birth of the many-membered Body of Christ.

At midnight — at the end of the Gentile Age — at the end of Church's day — the cry is made — "Behold the Bridegroom cometh. Go ye out to meet Him."

Go out of the workings of your own mind into the place where Christ stands — in God's mind. Only there will you be able to meet Him. Only there will you be able to find that for which your soul so long has craved — "Oneness in God's mind" and a service with Christ in His Kingdom which is beyond anything that has as yet entered into the heart of man.

Oh, God, help all of Thy faithful servants of the world over to respond to the cry at midnight and go out to meet the Lord.

Help us to sing, "Consecrate me now to Thy service, Lord, by the power of grace Divine" — not in sentimentality coupled with a zeal of God, not according to knowledge, but as faithful servants understanding that the will of the Lord is to make us One in His mind, "That the world may believe."

AN ILLEGAL KILL — This beautiful hawk was found dead last week along Seven Mile road, the victim of a shotgun. Unofficially identified as a red-tailed hawk, this bird which had a magnificent wing span of close to four feet, and other Michigan hawks are protected by law. Persons convicted of shooting such a bird could be fined or jailed — or both, conservation department officials point out. The children in the picture, James, 6, and Jenne, 11, son and daughter of Mr. and Mrs. Wilfred Cogar, 8339 West Seven Mile road, found the hawk Friday while walking from Wash Oak school near Currie road.

Local Girls Top Students
Two Northville residents, Sandra Phillips and Judy Zayti, have recently been elected to Student Council positions at Ladywood high school.

Sandra Phillips, senior, was elected president of the Student Council. She is the daughter of Mr. and Mrs. Lloyd Phillips. An honor student for the past three years and an active member of the Future Nurses club and the Press club, Sandy has the loyalty of many a Ladywoodian through her thoughtfulness and cooperation.

New vice president of the Student Council is Judy Zayti, daughter of Mr. and Mrs. Benjamin Zayti. Judy, an honor student, held the office of Student Council treasurer last year. During her two years at Ladywood, she has been a member of the choral group, the Future Teachers club and the Library club.

Other new officers are: Margaret Newmeyer, secretary; and Margaret Kerr, treasurer. Installation of these officers will take place at the first student assembly.

NOTICE OF PUBLIC HEARING

TIME: TUESDAY, OCTOBER 18, 1960—8 P.M.
PLACE: NORTHVILLE CITY HALL

The Planning Commission for the City of Northville has, in its own motion, proposed the amending of the Zoning Ordinance of the City of Northville in the following respects:

- To amend the Text of the Zoning Ordinance to permit professional business, professional offices and clinics in a C-2 General Commercial District.
- Vocational Education Reimbursement: Supl. announced the receipt of \$1,166.
- Supl. advised the Board that he has arranged for the calling of \$15,000 worth of bonds of the 1964 issue as per the instructions of the bond issue.
- Finance: application for permission to borrow against 1960 taxes has been made to the Municipal Finance Commission, but some further information is required by the attorney-general before approval can be given.
- School Enrollments: 1,890 as of September 12. The elementary principals are recommending the employment of another kindergarten teacher for half days, but the Supl. is not ready to approve this. It was moved by Mr. Lawrence, supported by Mr. Crump, that this be left to the discretion of the administrators. Carried.
- Duition Rates: It was moved by Mr. Crump, supported by Mr. Angove, that maximum tuition rates for 1960-61 be set as follows: High School, \$28.27; Elementary, \$510.31. Motion carried.
- Sale of Used Buses: Mr. Ellison reported that buses No. 3, 5 and 6 have been sold for \$300, \$500 and \$50, respectively. Mr. Ellison has been unable to obtain a better offer than \$50 for Bus No. 2, and the Board instructed him to sell it for this amount.

(Signed) GEORGE ZERBEL,
Chairman, Planning Commission

Report of Superintendent:

1. State Aid: Supl. announced that the first payment of 1960-61 State Aid, in the amount of \$35,768.80, has been received, also reimbursement for the Driver Education program in the amount of \$3,792.00. This allows \$24 per child for 158 students. Actual cost of the 1964 issue is probably nearer to \$38 per student.

2. Vocational Education Reimbursement: Supl. announced the receipt of \$1,166.

3. Supl. advised the Board that he has arranged for the calling of \$15,000 worth of bonds of the 1964 issue as per the instructions of the bond issue.

4. Finance: application for permission to borrow against 1960 taxes has been made to the Municipal Finance Commission, but some further information is required by the attorney-general before approval can be given.

5. School Enrollments: 1,890 as of September 12. The elementary principals are recommending the employment of another kindergarten teacher for half days, but the Supl. is not ready to approve this. It was moved by Mr. Lawrence, supported by Mr. Crump, that this be left to the discretion of the administrators. Carried.

6. Tuition Rates: It was moved by Mr. Crump, supported by Mr. Angove, that maximum tuition rates for 1960-61 be set as follows: High School, \$28.27; Elementary, \$510.31. Motion carried.

7. Sale of Used Buses: Mr. Ellison reported that buses No. 3, 5 and 6 have been sold for \$300, \$500 and \$50, respectively. Mr. Ellison has been unable to obtain a better offer than \$50 for Bus No. 2, and the Board instructed him to sell it for this amount.

Report of Secretary:

The Secretary reported the following monies received during August, 1960: State Aid, balance of 1959-60, \$28,654.35; first payment of 1960-61, \$35,768.80; Delinquent Taxes, Northville Township, \$5,452.48; Novi Township, \$239.26; Vocational Ed., \$1,166; Driver Education, \$3,792.

Report of Treasurer:

The following balances were reported at August 31, 1960:

General Fund	\$100,084.54
1958 Bond and Coupon Accounts	120.00
1949 Debt Retirement Fund	2,412.22
1954 Debt Retirement Fund	16,572.10
1957 Debt Retirement Fund, Series A	12,442.58
1957 Debt Retirement Fund, Series B	36,094.94
1957 Debt Retirement Fund, Series C	18,796.99

Building and Site Fund 3,368.20
Caterina Account 1,195.25
It was moved by Mr. Angove, supported by Mr. Kiefer, that the report of the treasurer be accepted as read. Motion carried.

Report of Special Committee:

1. Curriculum Committee: Mr. James Ross, chairman of the Curriculum Committee, requested the Board to set a date to meet with the Committee to hear and discuss the Study of the Gifted which the Committee has prepared. It was decided that this meeting will be held in the Junior High library on October 4th at 8:00 p.m. Mrs. Ross also brought to the attention of the board the fact that this report will complete the work of the current curriculum committee and in order for it to continue functioning, the committee will need a new charge from the board. Board advised Mrs. Ross that they will take the matter under advisement.

2. Paving of Center Street: Mr. Littell discussed this matter again with the Board and it was decided that Mr. Lawrence should attend a meeting of the City Council to officially request a formal, written proposal following the lines of the school code of 1956.

3. Seeding of North Slope: Two bids were received, one from Green Ridge Nursery for 31¢ per square foot and a verbal price of \$39 per acre from N. B. Hummer. President Shuler appointed Mr. Lawrence to work out the best solution for this matter with the assistance of Mr. Penn.

4. Gate at Taft Road: prices have been obtained for a gate at the Taft Road.

Report of Auditor:

The Auditor's Committee reported bills and payrolls approved for payment as follows: Payrolls, \$30,400.85; General Fund bills, \$9,583.00; Building and Site bills, \$7,525.93. It was moved by Mr. Becker, supported by Mr. Lawrence, that bills and payrolls be paid. Motion carried.

Unfinished Business:

1. Community Center Purchase: Mr. Littell advised the Board that his examination of the title and abstract on the Community Center property shows that the title is good and the deed may now be consummated. The Board instructed the Supl. to have a check prepared for \$145,000 and given to Mr. Littell for transmittal to the City, and instructed Mr. Littell to prepare a formal request for the vacation of West Street.

2. Paving of Center Street: Mr. Littell discussed this matter again with the Board and it was decided that Mr. Lawrence should attend a meeting of the City Council to officially request a formal, written proposal following the lines of the school code of 1956.

3. Seeding of North Slope: Two bids were received, one from Green Ridge Nursery for 31¢ per square foot and a verbal price of \$39 per acre from N. B. Hummer. President Shuler appointed Mr. Lawrence to work out the best solution for this matter with the assistance of Mr. Penn.

4. Gate at Taft Road: prices have been obtained for a gate at the Taft Road.

Tariffs Taboo

London, England — Every young person should be interested in tariffs if he or she is 14 to 16 years of age. If the youth shows any natural resources, he or she should be protected or "subsidized" through high school and perhaps in college, but no longer.

The same economic principle should be applied by nations. The U.S. had nearly all the natural resources — including cheap labor when it adopted a protective tariff. It had timber, oil, iron, gas, copper, water power, and the climate to raise cotton, cattle and grains. A protective tariff was then justified in order to give industry a start.

But to give the U.S. protective tariffs now, when it no longer has cheap labor, would be foolish and in the end make conditions worse. The same applies to Great Britain and most of Europe.

The formation of the six- and seven-nation European groups which have united to provide central markets for their products and eliminate trade barriers is a wonderful step forward which makes it bankers a power in world finance, insurance and shipping.

French people are not too well informed on economics, but Southern France has a fine climate for raising grapes and other fruits. Hence, it is leading the world in making fine wines, perfumes, fashions and other luxuries. (Our California is fast catching up.)

Germany has steel and much cheap skilled labor, but Italy specializes more to me. It leads the world in the last presidential election here and have not yet registered, you must register to vote in November.

Monday, October 10 is the deadline. Your clerk will be on duty from 8 a.m. until 8 p.m. that day and will be available during regular office hours until then.

It takes but a few moments of your time. And what better reminder could we have than the current United Nations' gathering to emphasize the importance of this American heritage.

It was a field day for TV fans who like their football Sunday afternoon. But chances are none enjoyed themselves as much as Northville's Police Officer Gill Glisson and his son.

"You're out of your minds," scoffed Mrs. Glisson as she walked into the living room to find three sets tuned into three different games and Gill and Larry watching every play.

SPEAKING for the Record

Credit for the successful Citizenship Banquet last week must go to Herman Mohlman, young Northville attorney who is vice president of the Coordinating Council.

Mohlman took his job as chairman of the annual event seriously and his hard work was rewarded with a full house on hand to pay tribute to 22 new citizens.

Principle speaker was the Honorable Theodore Souris, state supreme court justice, who proved conclusively that the average citizen doesn't know the names of his circuit and supreme court judges. Souris partially blamed the judges themselves for this country, but emphasized that it was the voters' duty to be informed before casting their ballot for such an important position.

It's interesting to note that Justice Souris upheld Michigan's system of selecting its judges through its political parties.

Last year the Detroit banquet speaker, Dr. Arthur Bromage of the political science department of the University of Michigan, advocated changing the system.

On this point, Dr. Bromage gets our vote. We would hope that this might be a consideration of the proposed constitutional convention, providing the con-con wins voter support in November.

A telegram of congratulations was read at the banquet from Mrs. Samuel Geraci, now residing in Tavares, Florida, who was honored last year for her work with the Coordinating Council, Mrs. Geraci was active in promoting the annual tribute to new voters since its beginning in 1959.

She kept the only complete scrapbook of the events and turned it over to the library. The weather is good, but the people are healthy. A person in the U.S. who is retiring on a pension should be interested in tariffs.

England has a small amount of iron and coal which, with good weather, has made it an industrial nation without the need of protective tariffs except as to luxuries. England's skilled labor and financial resources has made it bankers a power in world finance, insurance and shipping.

French people are not too well informed on economics, but Southern France has a fine climate for raising grapes and other fruits. Hence, it is leading the world in making fine wines, perfumes, fashions and other luxuries. (Our California is fast catching up.)

Michigan Mirror State Declares War on Dupsters

PEOPLE WHO TAKE money from Michigan citizens on false pretenses are under attack.

Attorney General Paul L. Adams and his staff have put into operation a program to warn consumers about the schemes and gimmicks that unscrupulous salesmen use to bulk the public.

The theory behind the program is that if people know what to look out for, they won't be susceptible to fraud or near-fraud.

"It has become apparent that the rapid expansion of consumer frauds and unfair trade practices is a nationwide and an all-pervasive phenomenon of concern to all of us," Adams said.

A chief target of the attorney general's campaign has been the door-to-door salesman.

Householders are constantly in danger from persons who arrive selling anything from over-priced merchandise to complete home repair service which is either not paid or shoddy.

The scope of the battle will eventually extend to shady operators in all fields.

THE MICHIGAN STATE Chamber of Commerce has picked seven men or challenges facing Michigan businessmen as problems to overcome in reaching the state's economic potential and rebuilding its national image.

"Michigan has the manpower, the materials, the mental capacity, the management experience and the opportunity," said Harry R. Hall, executive president of the newly formed body.

"With the proper leadership, unlimited cooperation and some good old-fashioned hard work, Michigan's economic expansion is limited only by the effort we are willing to exert," he said.

Other challenges listed by the state chamber: Legislation to help bring employers to Michigan. An overhaul in the state's tax structure. Expanded personal political participation by businessmen. Better communications to help businessmen understand the economics of doing business. Revitalizing and restoring the image of Michigan, and a united voice of businessmen to fight all the other challenges.

"Our job is to promote, publicize and sell Michigan's magnificent good qualities to the rest of the nation, and in some cases to the people of Michigan," Hall said.

MICHIGAN MISLEMAN take a backlash to nobody when it comes to accuracy.

The Michigan National Guard said recently two Nike-Ajax missile batteries — both from the Detroit area — each scored two hits in two tries at a recent training exercise in Fort Bliss, Texas.

"Both batteries gave an outstanding performance while on the firing line," said Major General Ronald D. McDonald, the Adjutant General of Michigan.

Wixom Lays Cornerstone For City Hall

Wixom Mayor Donald Brooks shared the honor of laying the cornerstone Sunday afternoon for Wixom's new city hall. Looking on (left to right) are: Council Members Howard Cox, Oscar Simmons, Fred Beaman and Mrs. John Chambers. Also kneeling (right) is the architect, Councilman R. W. Lahl, who presided over the ceremony, is not pictured.

Novi road was expected to be open from near Grand River to the Eight Mile cutoff today for "local traffic only."

According to Oakland county road officials, the road will not be opened to through traffic until about the first of November. Traffic will continue to be detoured along Teit and Mendocino roads during this period.

Paving of Novi road between Grand River and the cutoff was completed last week, and the road was opened to local traffic from the cutoff to 10 Mile road several days later.

The remainder of the road was to be tested early this week to determine whether or not it was ready for traffic. However, some unexpected defect, this portion of the road was to be opened to traffic yesterday or today.

These two lanes, as well as similar lanes at the 10 Mile intersection, are expected to be poured this week. Considerable grading and shoulder construction remains to be completed, officials said.

Before paving was begun, approximately 170 trees were removed from old blacktop road was torn up, the road bed was widened, a number of hills were cut down, and drainage was improved.

The new road consists of two, 12-foot concrete lanes, road right-of-way which includes the road itself.

O. E. Gooding Contracting company of Saginaw was awarded the paving contract for a bid of \$280,452. The county and the federal government are splitting the cost.

Other members of the council, who were introduced following these talks, they are: Fred Beaman, Mrs. John Chambers, Howard Cox, Gunnar Mettala and Oscar Simmons.

With the corner-stone laying ceremony out of the way, workmen stepped up activities this week with an eye toward completing Wixom's city hall facilities within three months.

Wixom Mayor Donald Brooks predicted Monday that the \$32,000 structure will be completed by Christmas.

Hundreds of Wixom residents and area visitors were on hand Sunday for the corner-stone ceremony at the site of the new building, located approximately one block east of Wixom road on Potomac.

Highlighting the hour-long ceremony was the placement of the cornerstone by Wixom Mayor Donald Brooks and Fred Beaman, Wixom class scout from Wixom Troop 118, who represented "the up and coming generation."

With Councilman and Mayor Pro Tem R. W. Lahl presiding over the ceremony, the program opened at 1:30 p.m. with a flag presentation by the VFW Lawrence A. Sims Post 3902, Walter Lake, commander.

The Walled Lake Junior high school band, which under the direction of Frank Balom furnished music for the program, followed the flag presentation with the "Star Spangled Banner."

The Rev. Edmund Cox, pastor of the First Baptist church of Wixom, gave the invocation and the benediction.

Mayor Brooks gave a welcoming talk and then these six men spoke briefly: Joseph Stadler, co-mayor of Wixom; William Stigelson, Lincoln plant manager; Hal Lebohn, vice president of Handing Equipment company of Wixom; Arnold Hotel, chairman of the board of the Oakland county board of supervisors; Sammie Fishman, president of Ford-Lincoln UAW Local 36; and Joseph Tighe, Lincoln plant industrial relations manager.

Other members of the Wixom council were introduced following these talks. They are: Fred Beaman, Mrs. John Chambers, Howard Cox, Gunnar Mettala and Oscar Simmons.

Novi Road May Open This Week

In Populated Areas Village to Prohibit Small Game Hunting

In an effort to curb illegal and dangerous shooting in and near populated areas, the Novi village council took steps Monday to prohibit hunting in at least four subdivisions.

Village Attorney Howard Bond was instructed to draw up a proposed ordinance and to present it at the next meeting of the council.

Once approved by the council, the ordinance will become effective immediately about the opening day of small game hunting, October 20 as an emergency measure.

Council members decided to adopt such an ordinance upon the recommendation of Police Chief Lee Befole, who explained that "it is becoming far too dangerous for our citizens to permit hunting in heavily populated areas of Novi."

Befole stated that in recent years his department has been deluged with complaints about hunters shooting too close to homes — sometimes right in a backyard.

Under the proposed ordinance hunting will be prohibited in at least four different subdivisions this year. They are Willowbrook, Orchard Hills, Echo Valley and Commemorative.

Several other heavily populated areas may be included before the ordinance is actually adopted.

Befole and members of the council agreed that Novi does not yet have a sufficient population to warrant prohibition of hunting throughout Novi. As expressed by Councilman Walter Tuck, "There's still a lot of good hunting here."

Signs will be posted within several subdivisions to prohibit hunting. Presumably, the subdivision associations will be asked to help pay for these signs and possibly assist in posting them.

Other business before the council Monday included the passage of a resolution requesting a new traffic survey on 10 Mile road by the state highway department and the county road commission.

Residents of Willowbrook subdivision asked the council to request such a survey in hopes of getting a reduction of speed limits on the road near the subdivision, between Novi and the eastern village limits.

They contended that the present speed limit is still too high, particularly with large numbers of children crossing the road.

The council decided to include all of 10 Mile road within the village, rather than just that section near Willowbrook, because other areas along the road also are residential in nature.

Other council business included: A decision not to pay for any portion of the road along on Beck road near Eight Mile, The Northville Estates subdivision, which recently voted to become a part of the city of Northville, had requested before the council help pay part of the total cost of stiling as per the "village policy."

The council's decision was based on these considerations: One, that Northville Estates is not in the village; two, that the village was not contacted before the oil was applied; and three, that the village policy has been to pay half the cost of chording — not oiling of roads near her home. She declared that "matters had refused to paint her house because of dust resulting from poor road maintenance."

A vote to purchase file jackets to be used by Township Judge Robert K. Anderson.

Adoption of the 1959 National Electric Code and the 1959 supplement.

A vote to renew Workmen Compensation policies with the Novi Realty company.

This important question will be discussed next Wednesday at the meeting of the school board.

The meeting will be held at Orchard Hills school beginning at 8 p.m. Old business will include reports by Medlyn on these subjects:

Progress of the study group committee recently established by the school board to study problems of Northville, Plymouth, Salem, Wixom and Livonia.

All of these communities have expressed interest in working together to work over a hospital, then I believe we should go ahead," he stated. His proposal included in this figure are members of the Boy Scouts served by the Clinton Valley Scouting organization.

Breaking down the Novi township total: Two children were given child services aid; seven families received assistance from family service agencies; health services were provided for nine patients; and 210 residents participated in group work and recreational activities.

Mrs. Merwin has appointed Mrs. George McDermott as business division chairman and 13 other community leaders as area chairman and co-chairmen.

They are: Area 1, Mrs. Charles Wallace; Area 2, Mrs. H. L. Hospital Authority Planners Adopt New Approach

The bid to form an area wide authority to provide hospital facilities has been given new life — just as the project seemed doomed as an impossible undertaking.

Officials representing six area communities decided to take the problem that threatens to kill the plan right to the parties responsible for the problem.

If they get the right answers, a concerted effort will be made to have the hospital authority plan put on the ballot in some 14 surrounding communities in April.

Meeting in Northville last Friday evening representatives of Northville township, Wixom, Farmington township, Livonia and South Lyon were held by Mayor A. M. Allen of Northville who is the problem of bringing M.D.'s and D.O.'s together in one hospital seemed nearly impossible.

This has been the difficulty that prevented a possible November vote on the hospital authority act. Representatives of several of the original 14 communities invited to study the hospital authority plan have steadfastly stated that they would support any hospital plan that did not permit equal use of the facility by both D.O.'s and M.D.'s.

Therefore, a proposed resolution was drawn stipulating that, if orders of the participating communities approved formation of an authority, hospitals supported by the authority would not endorse the plan.

But Mayor Allen and Community General Hospital administrator Calvin Merrill revealed to the representatives Friday night that officials of the Michigan Optometric association would not endorse the plan.

"They indicated that their organization would not support an authority unless the state hospital authority act be changed to permit equal use of the facilities in all open — unlike the high school safe which police theorize was cut open with a "professional's" can opener type device.

"In short," Allen explained, "the school room doors throughout the city were pried open and desks were ransacked. About \$10 was taken from the kitchen, and the remainder from the safe. Checks that were inside the safe were scattered over the office floor."

Damage was estimated at approximately \$500, although this figure would be considerably higher if the authority to determine the rules and regulations under which the hospital would be managed.

Through the organized efforts of these volunteer solicitors teams, Novi area residents will continue to receive aid from the 395 health, welfare and character building agencies supported by Torch Drive give-ance-for-all contributions, she said.

Last year the Torch Drive agencies which belong to the United Community Service provided assistance for 234 Novi residents. Not included in this figure are members of the Boy Scouts served by the Clinton Valley Scouting organization.

Thieves Hit School, Rip Open Safe

Apparently familiar with the interior layout, a burglar or burglars broke into Orchard Hills school Tuesday night or early Wednesday morning, smashed open a wall safe and escaped with about \$35 in change and small bills.

The school burglary was the second in three weeks for the Novi-Northville area. Two weeks ago thieves entered Northville high school, cut open a safe and made off with about \$150.

This has been the difficulty that prevented a possible November vote on the hospital authority act. Representatives of several of the original 14 communities invited to study the hospital authority plan have steadfastly stated that they would support any hospital plan that did not permit equal use of the facility by both D.O.'s and M.D.'s.

Therefore, a proposed resolution was drawn stipulating that, if orders of the participating communities approved formation of an authority, hospitals supported by the authority would not endorse the plan.

But Mayor Allen and Community General Hospital administrator Calvin Merrill revealed to the representatives Friday night that officials of the Michigan Optometric association would not endorse the plan.

"They indicated that their organization would not support an authority unless the state hospital authority act be changed to permit equal use of the facilities in all open — unlike the high school safe which police theorize was cut open with a "professional's" can opener type device.

"In short," Allen explained, "the school room doors throughout the city were pried open and desks were ransacked. About \$10 was taken from the kitchen, and the remainder from the safe. Checks that were inside the safe were scattered over the office floor."

Damage was estimated at approximately \$500, although this figure would be considerably higher if the authority to determine the rules and regulations under which the hospital would be managed.

Through the organized efforts of these volunteer solicitors teams, Novi area residents will continue to receive aid from the 395 health, welfare and character building agencies supported by Torch Drive give-ance-for-all contributions, she said.

Last year the Torch Drive agencies which belong to the United Community Service provided assistance for 234 Novi residents. Not included in this figure are members of the Boy Scouts served by the Clinton Valley Scouting organization.

Breaking down the Novi township total: Two children were given child services aid; seven families received assistance from family service agencies; health services were provided for nine patients; and 210 residents participated in group work and recreational activities.

Mrs. Merwin has appointed Mrs. George McDermott as business division chairman and 13 other community leaders as area chairman and co-chairmen.

They are: Area 1, Mrs. Charles Wallace; Area 2, Mrs. H. L. Shank; Area 3, Mrs. Stanley Strong and co-chairman, Mrs. Beag Armstrong; Area 4, Mrs. Harold Mordica; Area 5, Mrs. George Webb; Area 6, Mrs. Edward Ask, and co-chairman, Mrs. Harold Miller; Area 7, Mrs. Orland Bumann; Area 8, Mrs. Richard Hatcliffe; Area 9, Mrs. James McCormick; and Area 10, Mrs. Frazer Staman.

The official kick off of the 1960 Torch Drive is on October 10, an army of 100,000 volunteers in Oakland, Macomb and Wayne counties will be actively campaigning to put the 15th annual Torch Drive over, cents per thousand dollars of the top on November 10.

Speaking of football, disloyalty to his hometown which has been a headache of his manager John Robertson 501 1st week end.

Robertson entered the newspaper's weekly football contest and lost the top entries with only four misses. But his prediction of the score on the Green Bay-Chicago game left him out of the prize money.

A U of M graduate, Robertson picked Oregon over the Wolverines.
