

OFFICIAL PROCEEDINGS OF THE NORTHVILLE CITY COUNCIL

A regular meeting of the Northville City Council was held at the City Hall Monday evening, November 6, at 8:00 p.m. Present: Mayor Allen, Councilmen Ambler, Canterbury, Carlson and Judy.

Minutes of last regular meeting were read and approved. Bills amounting to \$17,100.00 from the General Fund and \$3,697.53 from the Water Fund were presented for payment, and it was moved by Canterbury, supported by Judy, that these bills be paid. Carried.

Mr. Pothoff reported that the Attorney Ogilvie had met with Mr. Kaiser, Wayne County Librarian, regarding the charge of \$14,550 for library services for the current year, which the Council feels is exorbitant, but they could get no promise of relief. The Council will study this problem further.

Mr. Pothoff asked for permission to remove four metered parking spaces on the north side of E. Main street adjacent to the new A & P Store. It was moved by Canterbury, supported by Judy, that parking be prohibited on the north side of E. Main street from the intersection of E. Main and Hutton streets east to the driveways leading into the A & P parking lot located on the east side of their building. Carried.

Bids were opened for dump truck body from the following: C. E. Potlatch Co., Detroit, Michigan, \$1,110; Gar Wood Equip., Warren, Michigan, \$656.50; Daybrook Hydraulic Perfecton Body Co., Galesburg, Ohio, \$850; Frank L. Jurst Co., Warren, Michigan, \$1,082.

It was moved by Allen, supported by Ambler, that the City Manager be authorized to purchase this truck body from the lowest bidder provided it meets requirements. Carried.

As to the request from Police Department that parking be eliminated on the north side of Randolph street from High to Wing streets, it was moved by Carlson, supported by Ambler, that parking be prohibited on the north side of Randolph street between N. Wing and High streets. Carried.

It was moved by Allen, supported by Judy, that the swimming pool ordinance as prepared by the codification committee be approved. Carried.

A luncheon meeting will be held Wednesday noon, November 8, with Ed Hayes, the new Racing Commissioner, regarding racing problems. All council members, Mr. Pothoff and Attorney Ogilvie will attend this meeting.

Engineer Harold Penn gave a very comprehensive report on the findings regarding the equipment which can be hired for taking pictures inside sewer pipes to locate trouble. He stated the Oakland County Department of Public Works will do this work at a cost of \$17.50 per hour, or \$140.00 per day, with a minimum charge of \$70.00. Mr. Albert, a private owner of such equipment charges \$500 per day for this work. Council authorized the City Manager to get a quote for Northville on his own initiative, and had receiving trouble with its sewer lines, of a phone call that Northville would have a post office.

There being no further business to come before the meeting, same was adjourned at 11:30 p.m.

Signed Mary Alexander, City Clerk

Going out of
Business!

Because we had a disastrous fire in our previous store, and suffered a tremendous financial loss, we have no alternative but to relocate, we were forced to move into this large house to try and conduct our business. It has been unsuccessful and we have suffered a large financial loss trying to operate under a handicap.

After a long period of deliberation, we came to a decision to go out of the furniture business. After serving you well and honestly for 30 long years.

We regret to sell out, but due to our misfortunes, the past couple of years, it became a must.

I have marked down every piece of furniture in the place less than our cost. And some pieces half of our original cost. So, please take advantage and be an early bird for good selections.

I do hope that in the near future that we may be back in business in a new facility. I personally wish to thank everyone for making the past 30 years successful and pleasant.

Baptists Hope for Holiday In Their New Building

With construction nearing completion, the Novi Baptist church is looking forward to a grand opening ceremony in its new building located at the intersection of Taft and 11 Mile roads.

The church, started two years ago this February, needs only plastering and staining in order to finish making it usable, he added.

All work will not be done for some time, he said. These things and other finishing touches probably won't be completed until next spring or summer, he said.

The church's main auditorium will seat 500 persons, nearly three times the size of the present church building, Reverend Cook said.

Another feature of the church will be its upstairs choir loft, which will contain piano and built-in organ, and will have a sound-proof window overlooking the congregation. Loudspeakers will be placed in the choir loft, and still enjoy the church service, Reverend Cook said.

The basement, besides housing the parish hall, will contain 13 classrooms large enough to hold a table and chairs for about 15 persons, he added. The hall will also be used for classrooms if needed, he said.

THE BASEMENT area will also have a loudspeaker system connected to the auditorium, he said. This will allow services to be conducted in the classrooms, as well as special programs.

The building, with outside dimensions of 112 feet by 50 feet, is situated on the north-west corner of the church's five and one-half acre. The northeast corner has been made into a gravel parking lot, which Reverend Cook said should be finished for the immediate future.

The parking lot may be expanded southward if necessary, he said. The land south of 1 1/2 acres has been reserved for playgrounds and can be used for future additions, if necessary, he added.

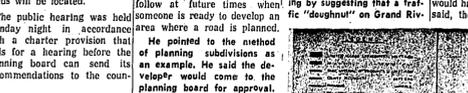

The church faces North, over a cement porch. A north porch will be constructed soon, Reverend Cook said, and will be set-off by white pillars to form the colonnade exterior to the building. He termed the interior design as semi-contemporary.

WIDE WOODEN arches, each weighing two tons, supporting the high peaked roof. The ceiling reaches a height of 36 feet at the top of the platform. The auditorium is to be built, Reverend Cook said, and 20-foot-long wooden pews will furnish seating for about 500.

The congregation will face south, where a raised platform will house the choir behind the pulpit. The piano will be stationed to one side of the platform, and the organ to the other.

An opening in the wall at the back of the platform provides a view of the baptistery. To the left of the platform is a changing room and a stairway leading to the baptistery.

The pastor's study and a church office will be located to the west of the platform. A passageway will lead from the auditorium to a rear entrance.

Novi Adopts Thoroughfare Plan

Novi's village council, meeting at a public hearing Monday night with the planning board, approved the board's recommendation to lay out the thoroughfare plan for both existing and proposed streets and roads in the village. The plan is, in effect, a map indicating the type of roads that present thoroughfares are to become as well as where presently non-existing roads will be located.

The public hearing was held Monday night in accordance with a charter provision that calls for a hearing before the planning board can send its recommendations to the council.

Following a brief statement by Council President Joseph Crupi, the meeting was thrown open to the public. The first question - what is to happen to the present Novi road when the proposed re-routing to the east takes place - led into a discussion by village Planning Consultant W. C. Johnson of the need for a master plan, but the question, or at least the answer, was postponed until the next meeting.

Johnson, after pointing out that the plan is needed to give a general idea of what the original plan for Oakland county's streets would include, said that the Novi plan, which will cover the area that just north of 12 Mile road and continue northeast until it meets Decker road, would have 100 feet of right-of-way.

He pointed out that the plan calls for most of the east-west right-of-ways, as well as the north-south thoroughfares. He said this follows in general the original plan for Oakland county, and most of the subdivisions, and undeveloped properties already have the 100-foot right-of-way dedicated on their plats.

When a 10-Mile road resident pointed out that 60 feet from the center of the highway would put the pavement within stepping distance of his front door, Johnson said it may be a very long time before the traffic necessitated widening the pavement to that extent. He added that it may never happen.

If the plans are made before the land is developed, he said, then the owners know the right-of-way is already dedicated, and this expense can be avoided.

Crupi then pointed out a parking system that would circle the community and asked that it be explained.

He said it was a sort of outer drive, and Johnson explained that it follows natural drainage channels. He said that the drainage could be public, the drainage could be private.

Without this objection, Johnson added, this surface drainage might be blocked by some sort of land development, and this could ruin lands above that where the drainage was blocked.

BOARD member Ray Harrison asked whether such plans as a large land purchase and road development.

Johnson pointed out that much of the land was no good for anything but a residential development. He said that the time and couldn't be used. He said he thought much of it would be donated to the community.

Board member Vincent Miklas pointed out that the plan was a matter of setting aside the land, and not necessarily developing all of it into a highway. The intent is to reserve the drainage, he said. There is a traffic hazard and is undesirable from a business perspective to enter, park in and walk through the commercial center. He added that the area might be re-routed to the north of the "doughnut" on Grand River.

Crupi then launched the longest discussion of the evening by suggesting that the plan be adopted. He said that the plan would be a "doughnut" on Grand River.

Miklas said that when the plans were made, the board had looked at a "calculated guess." He explained that the board felt that the plan would be a "doughnut" on Grand River near Novi road. Since a commercial strip on either side of a main thoroughfare is at the same time, make it both a traffic hazard and is undesirable from a business perspective to enter, park in and walk through the commercial center. He added that the area might be re-routed to the north of the "doughnut" on Grand River.

He pointed to the method of planning subdivisions as an example. He said the developer's plans and the thoroughfare plan would be compared. If the plans don't agree, he said, then one or both could be adjusted until they did.

In elaborating on the future plans for the village, Johnson said that he was studying the plans, it was decided that widening the present road would be the type of plan that it also carries through traffic into the center of the village, causing a bottleneck.

HE SAID the Oakland county route would be better, and therefore they made a survey of the area. The route now indicated on the plan, he said, would be the best. He added that he had no idea when the county planned to construct the altered route.

Crupi, after pointing out that municipalities often had to purchase right-of-way, said that the decision in a project for Industrial Access roads with 72 feet of right-of-way; Central Business District Circumferential Highway, with 100 feet of right-of-way, and proposed grade separations, the arrow indicates the hypothetical position of a controversial "doughnut" for rerouting traffic around a commercial center.

Johnson said that the plan would be a "doughnut" on Grand River.

Crupi asked him why he thought the Miracole Mile was having trouble, and Dyer replied that it is within the drawing area of Northland, the area of Pontiac is a low-income area, and the land to the west of it is too sparsely settled to support the shopping center.

"Policing of the area is needed. It is nothing new, but it is a project that would be very beneficial," Clark stated.

Another hearing, the hearing of Novi townships (across Eight Mile road), proposed the project and claimed it would lower property values, and "take 24 years to fill."

These facts came out at the hearing:

There would be 28 trucks daily bringing in rubbish from one or two entrances - probably demonstrated and discussed examples of art projects for students in grades kindergarten through fifth.

Mrs. Freda Herrington, the professor whose college class designed illustrations currently being used by the Detroit Book Fair, was guest speaker, Superintendent Tom Culbert said.

She demonstrated new or different uses for such activities as paper sculpture, block printing and use of new plastic materials for modeling. Culbert said he added that the teachers joined in making various objects from paper and using such materials as fiber art for modeling.

Culbert explained that Novi has no art teachers as such, so all art activities have to be carried out as part of the academic program. This workshop, he said, had as one of its purposes the correlation of certain subjects with art.

Culbert explained that art is important in even small school systems because it contributes to the development of creative thinking in the students. He said that the third in the series of in-service workshops that are being held in the township will be held some time near the end of January.

Northville to OK Landfill If Conditions Are Met

The three-member Northville planning board has approved a plan to build a landfill near the intersection of Grand River and Seven Mile roads, provided certain conditions are met.

CRUPI pointed out that in many cases, the small centers haven't hurt the giants like Northville. He said that he thought the area would be a good location for a civic center, from the standpoint of attracting attention.

Citizen Groups Meet Together To Organize

Novi citizens' study committee on finance and junior programs met for the first time last week in a joint meeting at the school board. The two committees were appointed by the school board at their last meeting.

The study of the finance committee, Superintendent Tom Culbert said, would be to determine the immediate financial needs of the school district.

He said the other committee is to help in the planning of curriculum and to coordinate the program for the proposed new school building to be located on the intersection of Taft and 11 Mile roads.

The school board briefed the two committees on their respective duties at the meeting last week, Culbert said, and then a motion on school "rearrangement" was shown. He added that Dr. Chute from Wayne State University discussed the program after the movie.

The committees then divided. Culbert said, to organize among themselves and elect officers. Dave Fried was appointed temporary chairman of the finance committee and William Dean was made chairman of the program study committee. The Secretary will be Mrs. Edith Vahlbusch for the curriculum committee and Mrs. Jack Crawford for the finance committee, Culbert added.

Will Send Local Tax Bills Soon

Novi and Wayne taxpayers will soon be receiving their bills for this year's school and county taxes. Novi township Treasurer Duane Bell said Novi bills will be mailed next Monday. Wayne bills are expected to be in the mails on Friday.

Taxes in both communities are payable beginning December 15 if the bills are to be avoided. After that date, a four per cent penalty is assessed on unpaid taxes.

Novi that are not paid by March 1 will be turned over to the county for placement on the millage tax roll. Local taxpayers may not accept tax payments after March 1.

Leone's Sold

Partners of Leone's Restaurant, 118 North Wixom road, in Wixom by Burd and Florence Fisher was announced this week.

The Fishers also own Fisher's Coffee Shop in Novi and will operate both establishments. They stated that the Wixom restaurant would be open daily from 8 a.m. until 9 p.m.

Firmen Answer 2 Week-end Calls

The Novi fire department answered two calls Sunday to extinguish fires on two separate vehicles. The first was on Grand River avenue, near the bridge over the rail road tracks, where an old car belonging to Robert W. Anderson, of 2219 Novi road, had caught fire, while he was towing it.

"The second was at 2275 Haggerty highway, where a tractor belonging to George Chapman, of 7815 West Six Mile road, had caught fire when the battery sparked igniting spilled gasoline.

Hold Art Workshop

Novi schools observed their second one-half day in-service workshop for teacher improvement Tuesday afternoon when a Wayne State University professor demonstrated and discussed examples of art projects for students in grades kindergarten through fifth.

Mrs. Freda Herrington, the professor whose college class designed illustrations currently being used by the Detroit Book Fair, was guest speaker, Superintendent Tom Culbert said.

Wixom PTA To Discuss Bond Issue

The Wixom P.T.A. will host Clifford Smart, superintendent of Walpole Lake consolidated school district, next Tuesday when he will speak about the school district's upcoming bond issue to raise building funds.

The meeting will begin at 8 p.m. with a movie titled "The Child Who Falls," a product of the Wayne State University Audio-Visual Department, which deals with children who have school difficulties.

Following the movie, the P.T.A. will be led by Mrs. Ralph Bergmann, a member of the Wixom P.T.A. and county council member of the Parent and Family association.

Parents are invited to come to the meeting and those who wish to meet with the teachers at 7:30. Refreshments will be served in the multi-purpose room.

Marriage Vows Solemnized In Double Ring Ceremony

Marriage vows were spoken by Sharon Lee Williams and Douglas Henry Bathey Saturday evening in a double ring ceremony performed by the Reverend Arnold B. Cook at the First Baptist church of Northville.

Parents of the couple are Mr. and Mrs. Joseph A. Williams, of 2444 Mill Stream lane, Novi and Mr. and Mrs. Donnie Bathey, of 4295 West Six Mile road, Northville.

A reception at the Botsford inn, Farmington, was held following the 7 p.m. nuptials. The couple left later on a week-long honeymoon trip in the East.

For her wedding, the bride wore a white full length tulle gown, styled with an appliqued bodice and neckline accented by seed pearls. The dress was fashioned with three-quarter length sleeves. The bridal bouquet was an arrangement of white roses and Fugi and snowdrift mums.

MAKING THEIR SPECIALTY—Working with wire, glass, Christmas greens and gaily colored ribbons, members of the Northville branch of the Woman's National Farm and Garden association created decorative mail baskets, the specialty article they will sell and demonstrate at the Christmas Market Saturday in the community building.

Mrs. Alfred Millington, Mrs. Douglas Stralio, Mrs. Don Ware, Mrs. John Degle and Mrs. Orson Aitchison (4) tolled at one table in the recreation room of Mrs. Howard Fuller's home.

Fifteen Garden Clubs Add Skills to Yule Mart Here
Fifteen branches of the Woman's National Farm and Garden association will join forces to present a gala Christmas Market at the Northville community center Saturday, December 2 from 11 a.m. to 8 p.m.

Specialties will include home decorating ideas and demonstrations of how to make the decorations. Swag-like arrangements, door pieces, wreaths, and countless other items, made by participating garden clubs, will be on sale.

Northville branch, in addition to showing how to make decorative mail baskets, will serve a buffet luncheon for those attending the market.

Mrs. D. Mord Clark, president, is directing local preparations. Her co-chairmen are Mrs. R. J. Wright and Mrs. E. O. Whittington.

Staging chairman for the entire event is Mrs. George Kohls. Mrs. Paul Zigelhaar, Franklin Woods, is ticket chairman.

Members of the 15 cooperating clubs have been attending Gilt macaroni wreaths and tree ornaments, Springfield-Holly, Mrs. Arthur Stiller; display horticultural therapy at Pontiac.

Mrs. Harry Calvert, of the Foxcroft group, will share her clever ideas for decorating jeweled eggs and ornaments. Mrs. Wilson McCallan, Valley Woods branch, has agreed to demonstrate steps in making door swags. Wreaths of nuts, wood

all sorts of things
By SHARON MAZANEC

High school girls, young mothers, widows, middle-age moms, single women, grandmothers, ladies, members of the fair sex who like to sing, take it easy. Your talents are in demand.

Sweet Adelines, Incorporated, a national society founded to preserve and foster barber shop style favorites, just about anything suited to four-part harmony. Sometimes they perform weekly Adeline concerts with talent in the Northville area to bolster the organization's ranks.

News of the membership drive was relayed to All Stars by Susie (Mrs. Thomas) Zopf, a Novi housewife and barber shop baritone who attends weekly Adeline concerts with three other women, Donna Patterson and Nancy Rung, of Northville and Donna Rimes, who lives in Orchard Hills.

The four used to be a quartet still are, if you want to be technical about definitions, laughs Mrs. Zopf, until their bass, Nancy Rung, decided to sing tenor. That left them lacking a tenor — Donna Patterson is a tenor, too — and one short of the four parts that characterize traditional barber shop harmony. Donna Rimes carries the lead, or melody, line.

All four are married and have young children. "We get together occasionally in the afternoons," said Mrs. Zopf, "but these sessions are kind of hectic with all the kids buzzing around."

Much more constructive work is accomplished at All Stars regular weekly meetings. About 40 Adelines congregate each week. They meet at Thurston high school on second and fourth Thursdays and at the UAW hall at Plymouth road and Third drive on first and third Thursdays.

For the most part, these meetings are spent in song, except when Mrs. Zopf, Sweet Adelines sing popular standards.

NOTES FOR CHRISTMAS SHOPPERS—Wealth of gifts and gift ideas are coming your way this week.

Locally, the Methodist church's "Holy Mart" bazaar opens today (Thursday) in the following hall of the church. The bazaar will last from 10 a.m. to 8 p.m. and offer a variety of homemade gift items along with baked goods, a snack bar and other wares.

On Saturday, Northville branch of the Woman's National Farm and Garden association, in cooperation with 14 other garden clubs, will sponsor a Christmas market from 11 a.m. to 8 p.m. in the community center.

Elsewhere, the Child Research Yule League is presenting a Yule Tea at Showcase, Inc., 138 Brownell street, Birmingham, today (Thursday) and tonight (Tuesday) December 5 at 8 p.m. in the home of Mrs. Hugh Babbitt, 396 South Rogers.

Mrs. Robert Regenhardt, of Goutard road, is co-chairman in charge of the check-room.

"I look upon every day to be lost, in which I do not make a new acquaintance."
— Samuel Johnson

HIS PRACTICE in Northville brought Dr. James F. Blen and his wife, Nancy, here the first of September. The couple lives at 203 West Cay.

Newcomers James and Nancy Blen will soon have a new corner of their own. The newest addition, the couple's first is expected any day now, reports the mother-to-be.

Until seven weeks ago, Mrs. Blen had been putting her college education to work at the J. L. Hudson company. She majored in retailing at Webber college in Babson Park, Florida.

Like her husband, Mrs. Blen is a native Detroit, although she finished her school in Florida when her parents moved South.

James Blen, a doctor who studied at the University of Detroit and the College of Osteopathic Medicine and Surgery in Des Moines, Iowa, is currently practicing in Northville. His office is in the Northville clinic, 203 West Cay.

Scores of Patients Face Bleak Christmas - Unless

Hundreds of forgotten patients at Northville State hospital face the prospect of a giftless Christmas this year unless the hospital and its auxiliary can get some help from generous citizens in Northville and other neighboring communities.

Last year alone, some 200 patients received no gifts. Three hundred more would have been added to that number, except for the hospital Christmas fund.

"Many times patients fully expect to be home on Christmas Day, or expect that their relatives surely will bring them a gift," said Louis J. Schmidt, director of community relations at the hospital.

"When neither happens the patient may receive no remembrance at all," said Schmidt.

This is where the Christmas fund and the auxiliary do their part. The fund, Schmidt explained, is used to purchase general gifts — cigarettes, stretch socks, handkerchiefs and candy — which are distributed to patients by staff members and volunteers.

To supplement the fund and the gifts it provides, women of the auxiliary accept public donations which go toward the purchase of gifts. Auxiliary members, like Mrs. Crispin

Hammond, of 47100 Timberlane, shop for gifts valued at about two dollars each. They then wrap them and take them to the hospital.

However, neither the auxiliary nor the Christmas fund can begin to provide gifts for the hundreds of forgotten patients without the help of public donations.

"We will gladly accept contributions right up to Christmas Eve," said Mrs. Hammond. The same holds true for the hospital fund.

If, rather than money, persons would prefer to donate gifts, these can be left at the hospital's Community Relations department or dropped off at the home of an auxiliary member.

Amerman
To Purdue

Russell Amerman, superintendent of Northville public schools, was the guest of the Midwest Program Airborne Television Instruction Council Tuesday at Purdue university in Lafayette, Indiana.

Several administrators from the six-state midwestern area were invited to attend a meeting concerning the possible organizational and financial patterns for ownership and operation of the airborne system of instruction by participating schools and colleges.

Northville has not participated in the MPATI operation, which was developed at Purdue during the past year.

More Local Hunters
Report Deer Successes

More area hunters have reported in, as they return from trips up north over the Thanksgiving holiday. Herbert Gunzler and his son Gary, Sr. each bagged nice bucks while hunting on Drummond hill. The older Gunzler shot a large nine-pointer on Friday, while his son picked off an eight-pointer on Wednesday.

Two others who each killed 10-pound six pointers were Leonard Mazuchowski, who hunted near Onaway, and Edward Muelord and Grayling. Willis Bartok of Beck road shot a 6-pointer while hunting near Newburg.

Harley Cole and his son, Bob, both shot 8-point bucks near Covington. Harley's weighed 159 pounds, while Bob's was smaller at 149 pounds.

Her father, Vern LaVasseur, and his family live in Northville. Her mother, Mrs. F. J. Muser, and a sister, Pamela LaVasseur, are survivors living at Otis Air Force Base, Cape Cod, Massachusetts. Another sister, Mrs. Byron Baker, of Anna, Ohio, also survives.

Burial at Rural Hill cemetery followed services conducted by the Reverend John Wittstock, pastor of Our Lady of Victory. Prayer services were held at Caterline Funeral home earlier in the morning.

Mae Kator, 87, life-long resident of the Northville-Novi area, was buried in Rural Hill cemetery Monday following services from the Caterline Funeral home. The Reverend Lloyd Brasure, officiated. Mrs. Kator died Friday in her home at 333 North Rogers street. She had been in failing health the past few years. Her husband, Elmer (Doe), of the Rogers street address, survives along with a son, Harry C. of Pleasant Ridge, and a sister, Mrs. E. L. Burnett, of Detroit. The Kators had celebrated their sixty-seventh wedding anniversary September 15. Mrs. Kator, the daughter of James and Sarah (Cook) Leadbetter, was born in Novi July 7, 1874 and moved to Northville at the age of two. She was a member of the First Methodist Church, King's Daughters and Ionic Chapter 622, Order of the Eastern Star, Detroit.

CLYDE H. VAN ATTA
Former Northville resident Clyde Hamilton Van Atta, 85, was buried in Rural Hill cemetery following funeral services yesterday (Wednesday) from the Caterline Funeral home. The Reverend Lloyd Brasure, officiated. Services were under the auspices of Northville Lodge 186 F. & A. M. Mr. Van Atta died Saturday at Buena Vista nursing home in Romulus. His home was at 616 Munger road, Ypsilanti. Born in Salem on January 12, 1876, Mr. Van Atta was the son of Hamilton and Caroline Van Atta. He was a life member of Northville Masonic Lodge and had been a conservationist with the U.S. Government Bureau of Fisheries. His wife, Eva, preceded him in death in 1940. Nieces and nephews survive.

Spiritual understanding of
God's creation helps man meet
everyday problems. This is
leading point of the Lesson
Sermon entitled "God the Only
Cause and Creator" to be heard
at Christian Science churches
Sundays.
From the Bible will be read
the account of the healing of
Christ Jesus of the centurion's
son (Matt. 8).
Selections from "Science and
Health with Key to the Scrip-
tures" by Mary Baker Eddy
will include this (p. 231): "Jes-
us of Nazareth was the most
scientific man that ever trod
the globe. He plunged beneath
the material surface of things
and found the spiritual cause."
The Golden Text is from Acts
(13): "Know ye into God as all
his works from the beginning
of the world."

from the PASTOR'S STUDY

By Rev. John I. Winstock
Our Lady of Victory Church, Northville

OUR FIRST ALTR
Many times a Catholic is
asked the question "How is
it that you have the Sacri-
fice of the Mass in your wor-
ship and when did this tra-
dition begin?" The answer is
quite simple.

The first Christian altar
was the dining table in the
upper room at Jerusalem at
which our Divine Lord ate
the Passover supper with His
apostles on the night before
He died. This was the most
solemn festival of the Jewish
ritual; commemorating the
exodus from Egypt; and the
lighted candles, the four
measures of wine, the tradi-
tional food, all recalled that
great event in their histo-
ry.

The elaborate meal was
drawing to a close when the
Servant introduced a new and
indefinitely more meaningful
rite, the Eucharistic banquet
and he then, all recalled that
"when He would no longer be
with them."

The favorite meeting place
for the first Christian was
the upper room where the
Last Supper had taken place.
It was in the home of the
widowed Miriam on Mount
Zion and Miriam and other
members of her family were
zealous believers. Her young
son, Mark, would one day be
numbered among the four
Evangelists; her brother
Barnabas would be classed
with the Apostles themselves;
where Christ gave Himself to
be the Food of our souls
and he then, all recalled that
"when He would no longer be
with them."

Attend Conference In Grand Rapids
High School Principal Fred
Stefanski and Junior High Prin-
cipal Donald Vaningen will be
in Grand Rapids next Wednes-
day through Friday, attending
the 48th annual conference of
the Michigan Association of Sec-
ondary School Principals, a
department of the Michigan Ed-
ucation association.

In Uniform

son of Mr. and Mrs. J. Stanley
Waterloo, III, of 124 Bayson
Avenue, Northville and husband
of the former Miss Maria P.
Volpe, Naples Italy has been
promoted to Air Controlman
Second Class, USN.

Waterloo is serving with the
Operations Department of the
U.S. Naval Air Station, Brun-
swick, Maine. Prior to reporting
for duty at Navy Brunswick,
he was stationed aboard the
Naval Air Facility, Naples, It-
aly.

Before entering the Naval Ser-
vice in May of 1954, Waterloo
attended Northville high school.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. (1) For the sake of the world. (2) For the sake of the Church itself, which needs his moral and material support. Men to go to church regularly and read your Bible daily.

Dr. Mudd Replies

Behavior Signals Mental Illness
Dear Dr. Mudd:
I have a son who graduated from high school with the highest grades that had ever been recorded, last June. He started in college this September and since then some terrible things have happened.

He came home over last week end and had lost about 25 pounds of weight. He was restless and irritable. He smoked cigarettes all the time and said that he was quitting because he had invented a new language and was going to write a book about it.

Half of the time I couldn't understand him and neither could any of the rest of the family. I wanted to take him to a doctor because he looked so pale and nervous. He wouldn't eat and now refuses to go back to school.

He sits in his room with the curtains pulled down and the lights on even in the day time, doing some kind of writing which I can't understand. I know he should see a doctor, but how can I get him there?

I have chosen to write separately to you, giving specific suggestions as to how you can get your son to the proper help. I know he should see a doctor. Your letter revealed a tragic situation and hopefully, prompt and intensive treatment will help him.

The degree of knowledge the public has about the symptoms of mental illness is so small and inadequate that it is almost impossible to find a person who can recognize that a person is ill.

But when it comes to emotional and mental disturbances, people are often billy-billy aware of what is happening right before them. They describe serious symptoms to idiosyncrasy or ignore it all together.

Irrational behavior, unpredictable and senseless acts, deterioration of personal appearance, and the presence of delusions are all obvious signs of serious emotional disturbance. When the major psychosis are so frequently missed by people who are close to the sick one, you can imagine how infrequently people recognize the relatively minor, yet nonetheless quite painful emotional disorders which abound in our society.

Unfortunately, this subject still seems rather taboo and to my knowledge, there are no organized courses at the high school level to inform people about this very important topic.

There are many people who deny the presence of mental illness in close relatives, not only because they fear that possession of the historic home, the Yerkies sold the big house and will begin residence in Grand street, upon their return from a winter-long Florida vacation.

READERS SPEAK

To the Editor:
At the close of the (Northville) township meeting on this date (November 21) I found all of the windows of my car not just soiled up but thoroughly and expertly covered with candle wax. So vigorous were those responsible that in their enthusiasm they broke a window.

Were I alone in being the recipient of such purposeless aggression I should keep my anger to myself. But I observed a number of others who had attended the meeting in a similar plight.

Perhaps it will more emphatically express the dismay of all of us if the authorship of this letter is not revealed for I do not think it presumptuous to write in the name of all of us whose property was so purposelessly defaced.

3. Check-Signer: Mr. Ellison produced some figures regarding the cost of check-signing equipment. The Todd-Jadley Co. has a model which sells for \$200 plus \$20 for each signer.

4. Physical Education Report: Card Markings: Superintendent Ellison to investigate further how he collected some information on this from the teachers concerned, but has not yet had time to analyze it.

5. Annual Published Report: Superintendent announced that he has received a number of favorable comments regarding this, but invited comment from the Board. It was noted that perhaps next year the report might be printed on a different color paper, as the green provided somewhat difficult to read and did not reproduce the photographs as clearly as the photo-board.

6. Clareneville - Northville Football Game: This unfortunate incident was discussed at length by the Board, and it was moved by Mr. Kifer that no further athletic competition should be held between Northville and Clareneville until this matter has been resolved, in accordance with action already taken by the Superintendent.

7. Report of Treasurer: Dr. Johnson reported the following balances in the various school accounts as of October 31, 1961: General Fund \$2,278,341.19; Debt Retirement Fund, Series A \$3,308,755.19; Debt Retirement Fund, Series B \$2,773,811.19; Debt Retirement Fund, Series C \$1,180,882.22; Cafeteria Account \$3,898.62.

Cadillac

A matter of minutes confirmed its fame!
He had heard and read a great deal about this 1962 Cadillac over the past several months. And frankly, he wondered if any motor car could live up to the compliments that have come the way of this new "car of cars". Well, he has just spent thirty minutes at the wheel—and the evidence is unmistakable.
Exhibit A: the way it looks. Inside and out, Cadillac styling has an undeniable sense of "rightness" about it. And its colors and fabrics are all master touches of elegance and luxury.
Exhibit B: the way it rides and handles. Boulevard or back trail, this one takes the road with incredible ease. Steering is little more than a gesture . . . and
Exhibit C: the way it's built. The car is crafted to the most meticulous standards that can be placed over the manufacture of an automobile—and more than 1400 inspections now guard that production of every model. Here is quality that can be seen, and felt and sensed.
The verdict, of course, is indisputable. This is the tenth of sixty years of fine-car design and engineering. This is a Cadillac among Cadillacs.
We suggest, however, that you visit your dealer's showroom soon and act as your own jury. He'll be happy to present the case for Cadillac at any time.
