

SPEAKING for The Record

by Bill Siler

It was on January 17, 1963 that a company of some 200 employees started producing electricity for about 22,000 people of the 300,000 living in the 28 square mile area of Detroit.

On January 17, 1963 that company could point to a record of growth and achievement that reflects its emphasis on service and progress.

It now employs 9,500 men and women and serves the electrical needs of more than 1 1/2 million people living in a 7,600 square mile area of Southeastern Michigan.

We're referring, of course, to the Detroit Edison company, now observing its sixtieth anniversary.

By way of celebration Edison office managers throughout the Wayne district held a luncheon last Thursday and invited representatives of the various community newspapers.

George Mathews, recently appointed manager of the Wayne district (and, incidentally, the son-in-law of Northville's School Superintendent and Mrs. Russell Amerman), was our host.

It gave us an opportunity to talk to our local Edison manager — Bill Scott in Northville, as well as Harry Wagonschutz, a Northville resident who heads the Plymouth area — and also renew acquaintances with fellow newsmen, who we see all too frequently.

I thought that a newspaperman prying well summed up the success of Detroit Edison when he noted that he had never seen an employee of the firm who was not proud to say "I work for Detroit Edison."

Big or little, this is a mighty accomplishment for any employee.

Here's an interesting item that could scare the "day-light" right out of our local schools (and officials).

It's a study currently underway by authorities of the Michigan and National Education Associations on school-building design.

Specifically, they're wondering if "windowless" schools wouldn't help students to concentrate better.

But before we rush out to buy a load of bricks it might be wise to wait for results of the entire study. Another consideration: the school building itself disappearing or becoming only a coordinator center as education moves from the classroom to the universe.

Following are a few possibilities for the school of the future.

SUBJECT MATTER: For several years, educators have recognized that the accumulation of knowledge is increasing so fast that teachers cannot teach all the facts that are known in a given area.

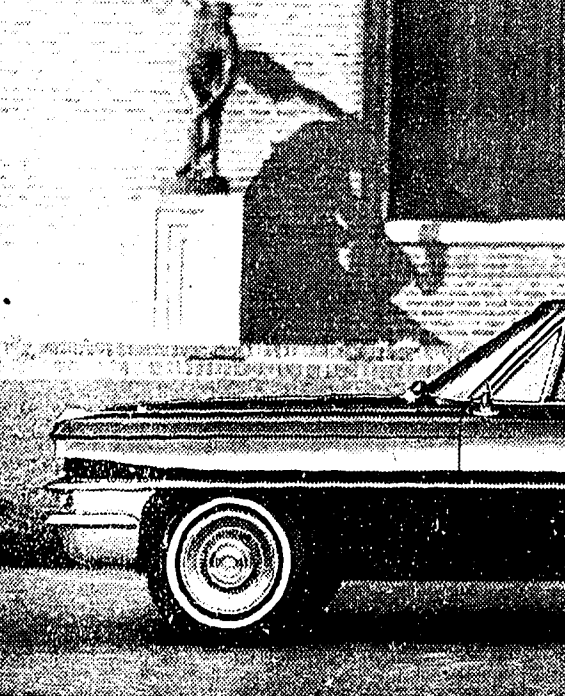

So subject matter teaching, in math for example, is being taught to students understand the theory behind the facts. And, along with this, goes the idea that man can never stop learning.

TESTS: There will, undoubtedly, be fewer "outside" tests — those initiated by groups outside the local school system — which have already come under fire from school administrators. It is essential to give so many tests, that administrators say, because many of the tests measure the same thing — academic ability.

GRADES: An articulate group of educators, whose number is growing, says that grouping pupils on the basis of age is illogical, because age alone has little to do with the level of ability of the student.

Grouping on the basis of grades in each subject is better. But the best is abolishing grades, and abolishing report cards, too. Instead, each pupil should be taught, these educators say, as much and as fast as he can absorb it.

I liked the sign at C. R. Ely, coal and fuel oil dealers — "We've been fueling our customers for 40 years."

The enthusiastic acceptance being accorded the 1963 Cadillac is without precedent. This comes as no surprise to anyone who has driven it. Have you? Your personal appraisal at the wheel will reveal the many exclusive new motoring developments that make such popularity inevitable.

Lake St. Clair Island Plan Boosted

THE BANDWAGON promotional government, Lutzner said, because Lake St. Clair is an international body of water. The plan for the islands could, however, be any body's guess.

Detroit's City Plan Commission, the State Conservation Commission and U. S. Sen. Philip A. Hart, D-Mich., have all indicated an interest in the proposal set forth late last year by Paul Lutzner, aide to Secretary of State James M. Hare. Each agrees extensive studies would be required, however, before a decision could be made on whether and how to implement the plan.

Small Business Not Dead

I HAVE watched with interest the development of electronics and aerospace business in recent years. While the big boys might have been expected to hog the field, countless small producers have also done a tremendous amount of the experimentation, research, and actual production of new, complicated items.

Like thousands of others, I have always liked the personal touch well not just in civilian production and trade, but also in the booming aerospace defense, and other electronics fields.

Some time ago I heard of a perfect example of what can be done by a small businessman with get-up-and-go. A large prime contractor bought and installed in his tiny plant costly machine-tool equipment. The proprietor of this almost one-man shop was, of course, a highly trained expert. He put in endless hours of overtime, operated the complex machines personally, and turned out beautiful work, on schedule.

HUGE SIZE does not necessarily mean huge success. The fact reminds me of that fighter of earlier days. Bob Fitzsimmons, who became famous for his question, "The harder they come, the harder they fall!" Philosophers might even point out that Jones of ancient and childish phobias might masters decorate our museums.

But take a look at the tiny insects, the microscopically small robots, for instance. They have done very well down through the ages, and their descendants are still keeping busy and fit, — and may one day exterminate man himself.

The fact is, however, that the small businessman can just coast along without a worry. The mark of the successful independent business is his industry, his absolute determination to give his utmost in personal consideration and service to his customer.

White House does not measure capital only by bank balances, first to announce its support of the document and originally proposed to constitutional revision. It is surely not easy to be a man or woman should be able to "capitalize" on skill, diplomacy, patience, good taste, and sheer intangible resources. Too many think only of going to the bank for the needed capital, and never think of local units.

Others who have indicated they will soon make a decision on the proposed document include the Michigan Retailers Association, representing mercantile interests in the state, and the Michigan Township Association, a group which includes township officials throughout the state.

Opposition to the new document appears to have a narrower base. Lined up against the document are:

- Michigan State AFL-CIO, which has about 600,000 members. Two affiliates of the parent union, Michigan State Employees Union and the Michigan Federation of Typographical Unions, individually have announced opposition.
- Michigan Farmers Union, a group smaller than the Farm Bureau and strikingly opposite in philosophy.
- Michigan state Orange, which passed by only a bare majority a resolution opposing the new constitution; those in opposition feared the new document would too much representation to metropolitan areas.
- Michigan Branch, National Association for the Advancement of Colored People, which has its greatest concentration of members in Flint, Pontiac and Detroit.

There is some overlapping of membership among groups supporting the document and between those endorsing and opposing it.

A pamphlet summarizing the most significant changes proposed in the new constitution may be secured by addressing a postcard to: Con-Con Office, Civic Center, Lansing, Michigan.

Area Freezes, Stalls

Ol' Man Winter Pays Coldest Visit

Area's service stations reported a grand total of 720 SOS signs. That same day, 50,000 saw area plumbers rectify equally-chilled Northville-Nov area citizens.

Bound by subzero weather, area citizens found themselves faced with anything from frozen water pipes and frozen water meters.

As the mercury zoomed in the zero — reaching 20 in one spot last Thursday — Northville and Novi auto services men took to the roads to rescue stranded motorists.

In one day alone, 12 of the area's service stations reported a grand total of 720 SOS signs. That same day, 50,000 saw area plumbers rectify equally-chilled Northville-Nov area citizens.

Bits of humor, however, lightened the hardships brought on by last week's cold snap. For instance, Mrs. Grace Miller, of 221 Yerkes, is perhaps the only Northville resident who's ever had her own private ice chest.

Mrs. Miller, who says she's a firm believer in turning down the heat at night, evidently also left her bathtub faucet dripping one night last week. When she walked into her bathroom the next morning she found the combination of freezing temperatures outside and dripping water inside had allowed a huge icicle to form on the bottom of her bathtub faucet.

Perhaps the most "unusual" area incident which can be attributed to the cold is the freezing and breaking open of water meters, reported by Northville City Manager Bruce Potthoff.

Because water meters are ordinarily located indoors, they are far less likely to freeze and burst than are water pipes, the city manager explained.

He said that last week's frozen meters were probably caused by already frozen or partially-frozen water pipes which prevented a flow of water from trickling inside to the meter and keeping it from freezing.

The meters, he added, burst open first because they're more sensitive than the pipes. "In any event, I can't ever remember having seen this kind of problem before," he said.

"Ironically," Potthoff continued, "Northville probably had more frozen pipes in 1963 than this year even though '61 temperatures never dropped much below zero."

Why? Because, the city manager pointed out, this year the snow came before the cold snap and produced a blanket which protected the pipes.

Just to "be prepared," the Northville Police Department has some water urns on hand for those who are unable to keep their water pipes and meters "unfrozen."

So the water pipes are freezing, the water is commented on by Northville resident, Mrs. E. B. Miller on West Grand Street.

"Tried like the old days," she said, "I remember when the water in my house froze, I had to get out there and get it out of there."

And the horse? It was so cold his tail was filled with ice and his eyelids were frozen shut.

This must have been 30 or so years ago, Mrs. Cavell said. The evidence? There's no official word for this area, but there is a weather bureau report that the thermometer reached 51 in Southfield, just south town of Gaylord, small town of the Dr. Cavell's famous ride.

Mr. and Mrs. Sheridan Hawk of Detroit were the Sunday evening dinner guests of the latter's parents, Mr. and Mrs. Willis Miller.

From the Plymouth Township home of Mr. and Mrs. John Taylor celebrated her eighth birthday this past weekend. On Saturday she went shopping and went out to dinner with her family and on Sunday they had a family gathering at the home. These present were Mr. and Mrs. Anthony Skeltis and family, Mrs. Anthony Skeltis Sr. and Mrs. William Skeltis of Novi and Mrs. Samuel Yope of Coldwater and family, Mrs. George Adams and family, Mrs. Edna Adams of Coldwater, Mrs. Connie Yope of Coldwater who is staying with her sister, Mrs. Anthony Skeltis Sr. while Mrs. Skeltis is recuperating from a recent operation.

Mr. and Mrs. Ray Damon of Detroit were the guests of the parents of a son, Brian Lee, born Saturday, January 26 at William Beaumont hospital in several weeks. The \$10 will be given to the Detroit Children's Home and is for the benefit of 12 to 15 high school who are interested in ceramics or oil painting classes must register at the Community Hall this coming Saturday, February 2. Classes can not be started until this week.

Mr. and Mrs. George Taylor, Mr. Taylor sang "The Lord's Prayer" at the morning service. Every man and boy in Sunday school and church are invited to attend the father and son banquet Friday evening, February 1 at 6:30 in the Pilm hall at the Baptist church.

Mr. and Mrs. Harold Stealy, Mr. and Mrs. Kenneth Bassett, Mr. and Mrs. Gerald Race, Mrs. Cora McDonald spent the weekend with her friend, Mrs. Gerald Johnson in Northville. Mrs. Gerald Race entertained in Ann Arbor last week on her piano club of eight Wednesday, Thursday and Friday.

Mrs. Henry Krickman Sunday called a sprained ankle in the home of Mr. and Mrs. Vincent Gillette. Mr. and Mrs. Vincent Gillette Sunday visitors at the home of Mrs. Hattie Garlick were her nephew and his wife, Mr. and Mrs. Lawrence Garlick of Ann Arbor.

Saturday evening dinner guests of Mr. and Mrs. Brad Mary Bush, daughter of Mr. and Mrs. Harvey Bush of Grand River area residents who were not returned. The questionnaires ask if these residents would agree to a rezoning of the area from a commercial and light industry district to a heavy industry district.

The board also removed the rezoning request of Mrs. Margaret Zayt of 45555 Six Mile road, Northville, from the agenda. The rezoning application was made. She requested that land on the northeast corner of Eight Mile and Beck roads, where a truck repair shop and facility operates as a non-conforming use, be changed to light manufacturing.

At the next Monday night meeting four board members met to discuss the rezoning request of Mrs. Margaret Zayt of 45555 Six Mile road, Northville, from the agenda. The rezoning application was made. She requested that land on the northeast corner of Eight Mile and Beck roads, where a truck repair shop and facility operates as a non-conforming use, be changed to light manufacturing.

More Marching Ahead

NOV'S Marching Mothers had had luck Tuesday. Illness stopped some; cold weather hampered all. But March of Dimes Chairman Mrs. Bernard Marchetti says they'll keep on trying by continuing in march door-to-door until Saturday to complete collections.

The board declined to rule on the application of General Fillers Inc. of 45800 Grand River, requesting a zoning change of the school board's plan to reduce the special debt retirement tax by two and one-half mills.

The board also removed the rezoning request of Mrs. Margaret Zayt of 45555 Six Mile road, Northville, from the agenda. The rezoning application was made. She requested that land on the northeast corner of Eight Mile and Beck roads, where a truck repair shop and facility operates as a non-conforming use, be changed to light manufacturing.

News Around Northville

Mrs. Orrin Snyder of Beck road and her daughter, Marcia, were dinner guests of Mrs. Herbert Welch of Livonia and her daughters, Jan and Jill, Saturday, after attending the matinee performance of "Camelot" at the Fisher theatre.

Mr. and Mrs. August Wick of 120 Fairbrook entertained a priest-friend from India last weekend.

Mr. and Mrs. Donald Ware of 229 Hutton celebrated their 10th wedding anniversary Saturday night at the Round Table club in Plymouth. Attending the celebration were members of the Ware's wedding party, including Dr. and Mrs. J. Sapala of Detroit and Mr. and Mrs. Genot of Detroit.

Mr. and Mrs. Albert Gleason of Hutton street are both in Woman's hospital, Detroit. Mrs. Gleason has been taken to the hospital Sunday with a back injury.

Pfc. Larry Kusky has just returned home to Northville after spending 13 months in Korea. He is visiting his mother, Mrs. Fred Kusky of 318 Vermont. He will be leaving February 18 for Fort Lewis, Washington.

Mr. and Mrs. Perry Taylor of 340 Pennell have received word that the Jerro R. Willis family, who visited Northville over the Christmas holidays, arrived home safely in Kaslof, Alaska January 13. The Willis family lived in the home of Mrs. C. M. Goodrich of 265 Wood Chapel.

Miss Gill, director of group services for the institute, will show slides about the institute. A graduate of Adrian college, she was a former policeman and worked at settlement houses in Chicago and Washington.

Miss Lynne Laird of 40389 Stoneligh was honored at a birthday dinner Monday evening in the home of Mr. and Mrs. Thomas G. Guilfoyle of Livonia. Miss Laird is the daughter of Fred Laird and the late Mrs. Laird.

Mr. and Mrs. Francis Gazlay of South Rogers will host to weekend guests on Monday night at their home. Beneficiaries will be the DAR southern mountain schools for underprivileged children.

Dr. and Mrs. R. M. Atchison of South Rogers street were honored by 12 couples at a 25th wedding anniversary party last Saturday night in the Round Table club, Plymouth. Guests came from Northville, Birmingham and Lansing.

CONGRATULATE JUNIOR MISS — Miss Linda Gumbay of Novi (second from right) gives best wishes to the state's new Junior Miss, Miss Diane Girard of Southgate. From left, Joseph Schuman of Wilmett, one of the Northville Jaycees who sponsored Miss Gumbay in the contest; Miss Girard; Miss Gumbay and Charles Ely, Jaycee president. Miss Gumbay, a senior at Northville high school, is the daughter of Mr. and Mrs. Louis Gumbay of 2602 Clark, Novi. She was one of the 24 contestants in the Jaycee contest to find a state Junior Miss last Saturday at Pontiac Northern high school. The winner of the title, Miss Girard, will travel to Mobile, Alabama, this spring to compete in a nationwide Jaycee contest to select the U.S. Junior Miss.

P-T-A Panel To Discuss Curriculum

Dr. Percell Wentworth, director of admissions and scholarships at Michigan State university, will be among panelists answering questions about the new curriculum at a P-T-A meeting February 12 at 8 p.m. in the high school auditorium.

Other panelists will include Mrs. Violet Bradford, a high school counselor; Dr. Kenneth MacLeod, assistant superintendent of schools; and Fred Stefanski, high school principal. Also participating on the panel will be a member of the parent force and a junior achievement student.

The panel will answer questions about the new curriculum, members of the P-T-A are invited to attend the evening session. Several P-T-A members have requested a question and answer program.

SPEAKS AT BPW MEETING — Mrs. Leslie Lee, a member of the Northville high school faculty, was guest speaker at a meeting of the Business and Professional Women's club Monday night in the VFW hall. From left, Mrs. Hugh Rabbit, chairman of the club's personal development committee; Mrs. Lee; and Miss Katherine Gillmer, BPW president. Mrs. Lee spoke about the methods and techniques used in the Northville school system to teach accelerated reading.

- BIRTHS -

Mr. and Mrs. Jack Masa of 128 Walnut announce the birth of a son, Steven Jacob, on January 15 at St. Mary hospital, Livonia.

Mrs. Alla Rigas of Detroit, the baby's maternal grandmother, will be staying with the Masa family for two weeks. Mrs. Rigas' paternal grandparents are Mr. and Mrs. Joseph Doe. The Boes have one other son, James who's two and a half years old.

"Beauty-Beast" Next for AAUW

"Beauty and the Beast" will be presented February 23 at the Plymouth high school auditorium by the 115-member Plymouth branch of the American Association of University Women.

The stage play for upcoming production was adapted from Madame Le Prince de Beaumont's fairy tale by AAUW member Mrs. Caroline Gulick of Plymouth.

Mrs. Kay Devereaux of Plymouth is play director. Mrs. Marion Masa of Northville is stage manager and Mrs. Mimi Settles is construction crew chairman. Costume designer for the production is Mrs. Nancy Messerly.

Tickets for the four performances of "Beauty and the Beast" will be available at public and parochial schools and through AAUW members, beginning February 11.

Invite Moms To Lectures

Members of the Northville Cooperative pre-school play group, as well as the public, are invited to attend an orientation workshop for new and experienced mothers. February 9 at Wayne State university state hall.

Mrs. Robert Green, president of the Northville play group, said the morning session will run from 10 a.m. to noon and will feature a workshop for new mothers. Other lecture topics, she said, will be developing healthy personalities, reading readiness and field trips for pre-schoolers, according to Mrs. Green. Also featured will be a "readers' clinic" or workshop where nursery officials and parents may bring their problems.

Try This Cookie in 'Kitchen Diary'

A tasty cookie easy enough to make for "a just-turning-13-lass" to make — that's the favorite recipe of Mrs. John Gibbons of 1180 E. Seven Mile.

Mrs. Gibbons, mother of three, says her "no-bake" candy cookies "delight" her children, perhaps all the more because they can make them.

It's not unusual for Anna May Gibbons who's just turning 11 to mix up a batch after school. Meanwhile, Mrs. Gibbons' cookie special plus an equally delicious way to make cream cheese cake — Gibbons style.

Remove from heat and add: Filling: 2 eggs, well beaten 2 Tbsp. sugar 1 tsp. vanilla 2 cups quick mothers oats 1 large Philadelphia cream cheese, softened Dash of lemon, if desired.

Mix, drop on waxed paper with teaspoon and let set for 10 minutes. Store in a covered dish for freshness.

Mix well, beat until fluffy. Pour into pan, bake 20 to 30 minutes in 350 degree oven. Cool. Top the cake with 1/2 double graham crackers 1/2 pound butter or margarine; then bake for 5 more minutes. Cool cake in refrigerator 2 hours before serving.

OES to Honor Master Masons

Orient Chapter No. 77 will honor Master Masons at its meeting this Friday.

The meeting will open at 7:45 p.m. An initiation and re-initiation will be held.

Northville Board of Education Minutes

The meeting was called to order at 7:35 p.m. by President William T. Crump. Present: William T. Crump, James F. Kiper, Wilfred C. Becker, Walter T. Johnson, Robert H. Walsh, Thomas Lawrence, and Edward F. Angove. Absent: None. Officers Present: All administrators, various other interested persons.

1. The minutes of the last regular meeting were read by the secretary. There were no additions or corrections and the minutes were approved as read.

2. T. B. and Health Society of Detroit, request that school require a T.B. examination of all employees.

3. Wayne County Association of School Boards, listing changes in the 1963-64 of the State Association.

4. Mrs. Richard Norton, elementary teacher, advising that she is resigning from our staff, for personal reasons.

5. Mrs. Jean Krantz, elementary teacher, advising that she is resigning from our staff for personal reasons.

6. Report of the Superintendent:

Out of the Past

ONE YEAR AGO
February 1, 1962
Thirty-eight Northville property owners will be receiving notices of sidewalk installation assessments soon — and the bills should make them smile. At least they'll be happier over the totals than they were last December, Monday night the city council approved a revised method for billing the assessments. It reduces the total amount from \$7,913 to \$5,838.

—Despite temperatures that hovered around zero, Northville's "marching mules" set a new record for collections totaling last year's total by \$200. The Board of Education reported that the 1962 city and township officials determined move to get at the "root" of its severe cleaning problem by purchasing a mechanical sewer rodder. The apparatus, providing some 1200 feet of continuous cleaning and rodding, cost \$1,900.

Don't be surprised if you hear an unusual rattle when passing the normal tranquility that prevails in Northville. You'll know then that the city's new combination fire and civil defense siren has arrived. Purchase of the \$4,000 warning siren was approved last year by the council and should be installed within a month.

—Proposed rezoning of Cassara Hills, Salsburg's Walnut Hills and Northville subdivisions brought mild objections at Monday night's Nov. 18 village planning commission meeting. The rezoning of the area, located on the southeast corner of Tall and Grand streets, was approved by the board's plan to hold a public hearing next month on the rezoning of Munro from residential to commercial district.

—Herbert Koester of 4278 West Eight Mile road Monday became the first candidate to file nominating petitions for one of the three village council seats that will be open in the November election. In fact, 11 candidates filed petitions.

FIVE YEARS AGO
January 30, 1957
—So you think horse racing pays. What about a track that carries \$200 during an entire season? That is what the annual state racing commission report shows as the earnings of Northville Downs during 1956. It was a record of about 90 percent over 1955 when the Downs had earnings of \$102,044. But before harness enthusiasts start putting up stakes and looking for a more profitable business, they should check a footnote on the report. It explains that the Downs charged off \$196,078 for depreciation. That points quite a different picture. In fact, 11 years 1955 was a pretty good year for the Downs after all, voted to buy some members of the Seven Mile road, Northville, Michigan, complement the work of an early morning fire and the Caterline Funeral Home for the post and auxiliary.

State Senator Dzendzel Proposes Weight Bill

Raymond D. Dzendzel, Northville state senator, has introduced a bill to regulate the sale of food in the public at a retail in such packages. The package shall show the date when it was prepared. Packages made of glass or metal shall be exempt from the provision on this section. Any violation of this section is a misdemeanor.

—Nearly 1200 people visited the second annual Northville community show at the high school this week. Among displays were pictures of Northville's yesterday, flower or bouquets, cups and saucers, hand carved loaves, metal art pottery and soap animals.

—Children of Northville are getting new homework assignments. The assignments were given by the Rainbow for Girls' association Saturday night at the public meeting at 7:30 p.m. at the Masonic Temple Tuesday.

—The city of Northville entered into a contract with the Wayne-Oakland League for the hire of a fire truck. The truck will be used for the fire department's fire trucks. The truck will be used for the fire department's fire trucks.

—The city of Northville entered into a contract with the Wayne-Oakland League for the hire of a fire truck. The truck will be used for the fire department's fire trucks.

Wins Grid Letter

Dave Hay, son of Mr. and Mrs. David Hay of 4011 Sun, recently received his second football letter from Central Michigan, Pulla, Iowa.

Hay, who is a 5' 9", 170 pound halfback, is a sophomore at Central. He and his teammates finished in several places in the area conference last year with 12-2 record.

Hay's college career was interrupted by a year in the U.S. Army. He was discharged in 1958 and returned to Michigan to attend Central Michigan University.

Cagers Get Revenge At Clarkston, 58-43

An improved Northville five overcame a game Clarkston team in a return match at Clarkston 58 to 43 to even its W-O conference record at 1-1.

The Mustangs were never headed as control of the ball. A tight zone defense and superior shooting carried them into an early lead which they maintained and eventually broke Clarkston's hold even with Northville at 19-10 for the last time late in the first period.

Coach Bill the Mustangs' hard driving guard, topped the Northville scoring with 23 points, 12 of those coming on free throws. He was backed up by Tom Sisk and Jim Judy who garnered 14 and 11 points, respectively.

Accuracy of the free throw line contributed to the Mustangs' wide margin. They sank 24 of 28 shots for a 83 percent success in 11 of 18 shots by Clarkston.

But, in the final analysis, the victory must be attributed to surge were Swiss and Bell, the Mustangs now stand 4-1 in the Wayne-Oakland league and 6-4 over all.

Elsewhere around the league, Bloomfield Hills routed Clarkston 68-37, while the Mustangs edged past Brighton 50-48.

Friday, the Mustangs will attempt to avenge a 33-18 loss to Bloomfield Hills. The game will be played at Northville following the 7 p.m. junior varsity game.

Colts Can't Keep Pace

The junior varsity Colts, suffering from a bad case of the flu, dropped a 23-6 decision to the Clarkston Junior varsity in a game played Friday at Clarkston. Repeatedly, the local extras were off target and threw the ball away as they were unable to sustain an offense.

Coach Alex Klukach expressed his disappointment. "We had practiced against the zone all last week."

The play of Jim Lafls was the only warm spot in the game. He moved well out of the high post, passing, driving for the bucket or grabbing a rebound off the boards, Klukach noted.

Tim Krug with 13 points and Lafls with 10 led the Colt scorers.

The Colts were close on the boards of Clarkston, trailing by 15-10 at the quarter. They denied the Clarkston zone defense on occasion, moving inside to seek a shot. Klukach noted.

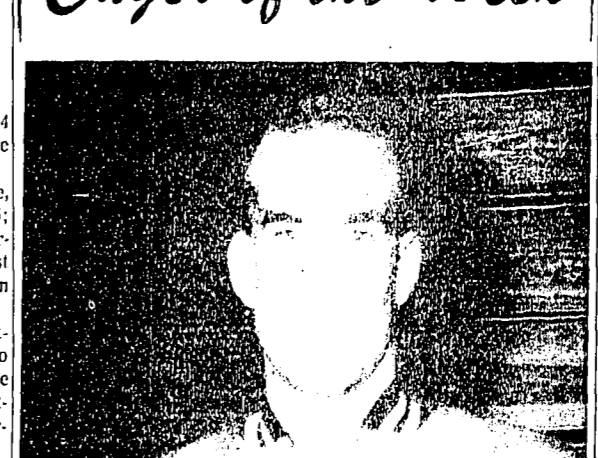

The second quarter turned into a disjointed and unimpressive contest. The Colts passed away and they lost their scoring range outside of the free throw circle. Clarkston, capitalizing on the Colt miscues, burst into a 34-17 time lead.

Both teams had difficulty with the zone defense in the third quarter. The Colts kept pace with Clarkston to end the quarter at 42-25.

Cager of the Week

MIKE WANG, as a senior transfer student from Michigan, is a welcome and vital member of the Mustang team. Using his 6' 3", 235 pounds to his advantage under the backboards, Mike gives the Mustangs much needed height at center. Mike was a solid back in the football team, lettering in that sport. He is the vice president of the senior class. In the future, he wishes to attend Alton or the University of Michigan, and eventually he hopes to enter the law school.

Oil Kings Climb Fast

The Ely Oil Kings, Northville's representative in the Garden City Senior Hockey League, seem bent on reversing last season's dismal finish in the cellar.

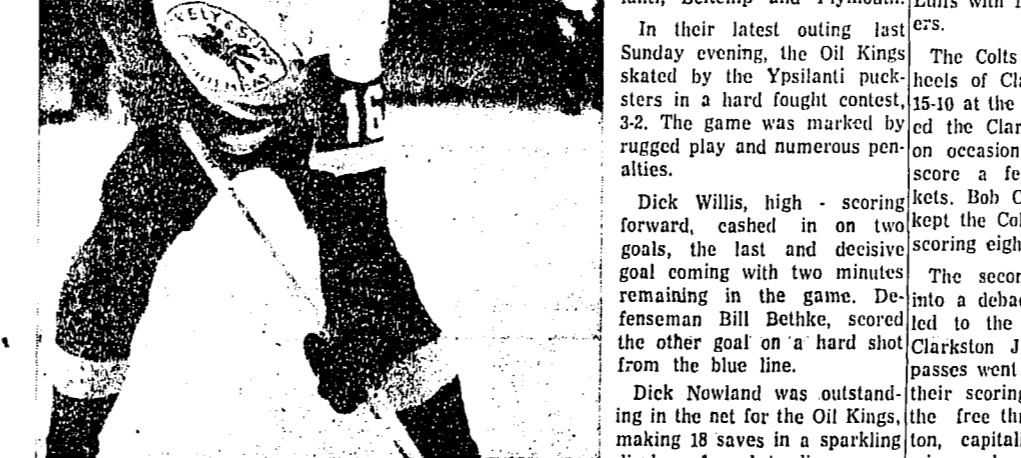

With a 7-1 record, they now stand atop of the league, which is comprised of Northville, Bloomfield Hills, Garden City, Ypsilanti, Beltemp and Plymouth.

In their latest outing last Sunday evening, the Oil Kings shocked the Ypsilanti youngsters in a hard fought contest. The game was marked by rugged play and numerous penalties.

Dick Wilks, high-scoring forward, cashed in on two goals, the last and decisive goal coming with two minutes remaining in the game. Defenseman Bill Betke, scored the other goal on a hard shot from the blue line.

Dick Wondra was outstanding in the net for the Oil Kings, making 18 saves in a sparkling display of goal tending.

The team, which is sponsored by C. R. Ely and Sons of Northville, will encounter Garden City tonight and Plymouth on Sunday. Both games will begin at 9 p.m.

OIL KING LEADER — Guy Brandt, 26, the player-coach of the Ely Oil Kings, is a former Northville resident and student, now living in Plymouth. He packs 205 pounds into a 6' 1" frame, is an imposing defenseman to all opposing forwards staying in on goal. He is the father of two children and is the five-year U.S. Army veteran.

Everything piles up handsomely in a Chevy II including savings

Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way this one goes and goes on a gallon. They grow with brakes that adjust themselves. An exhaust system that lasts longer. And a Delco-tron generator that keeps battery reserve power up. Want to hear more? How about a low price, natty interiors, Body by Fisher craftsmanship—and a talk with your Chevrolet dealer soon!

James E. Wharton of 21283 Coral Lane, Novi, is one of two General Motors executives chosen to provide instruction in a 12-week course in production standards and management improvement. The course is being held by Wayne State University and will begin Monday at Redford high school. The course is designed for manufacturing and technical people who wish to earn personal success by increasing their proficiency in solving production problems. Each of the 12 sessions will last from 7:30 p.m. to 9:30 p.m. Teaching will be done by a member of the Agreement Administration Section of the GM personnel staff, will be John T. Burkhardt, superintendent of work standards and methods engineering for Chevrolet Motor Division. Persons interested in the course may call the Applied Management and Technology Center of WSU at Temple 1-7255.

Pair Named to Direct Area Cancer Crusade

An attorney and a housewife, Wayne County Cancer Foundation March 23 through April 6. Information obtained from area residents crusade committee chairman, will be used to further improve the Foundation's life-saving program in the community and Cancer Foundation.

They are James E. Hies and Mrs. Roland Peters. Mr. Hies is a member of the board of trustees of the Western Wayne county unit of the Michigan Cancer Foundation and Mrs. Peters serves as a member of the volunteer speakers bureau for the Foundation.

They will direct recruitment and training of volunteers who will conduct a house-to-house facemasking survey for the Michigan Cancer Foundation.

Dr. Forrer to Study Suicide Prevention

Dr. Gordon Forrer of Northville has been named to a Wayne county community services committee studying suicide prevention.

Dr. Forrer, a psychiatrist formerly associated with Northville state hospital, now has a private psychiatric practice in Detroit.

The committee plans to study the services available for the more than 1500 western Wayne county people who try to take their lives each year. The committee will then attempt to determine what additional types of services these people might be able to use.

Half from City Survey Shows Where Pupils Live

Approximately 50 per cent of the 1,842 students enrolled in Northville public schools live within the city limits, while about 28 per cent live west of the city, reports Assistant Superintendent Kenneth MacLeod. These figures resulted from a survey of the geographical distribution of Northville school pupils requested at last October's joint meeting of the school board, city council and township board.

MacLeod reported his findings at the last school board session and said additional enrollment figures are being forwarded to the township planning commission as well as the village planning board.

Of the remaining 32 per cent residing outside the city, seven per cent are from the south, seven per cent come from the north and eight per cent live east of the city.

The largest number of students from subdivisions within the city come from the Village Green, MacLeod said. Located on the northeast corner of the city, Village Green sends 323 students. The area of the city north of Randolph, including subdivisions, sends 230 students to public schools.

MacLeod explained that he used Randolph street as a north-south dividing line between the Amfman and Main street elementary schools.

The Northville township area west of Beck road has 200 students, MacLeod said, while the area between the city limits and Beck road has 224.

The areas south, east and north of the city send 5, 106 and 54 students, respectively, to Northville public schools.

Of the 186 students attending non-public schools in Northville, 108 come from the city and 78 live in areas surrounding the city, MacLeod reported.

He said 44 of the city's parochial school students come from the non-subdivision areas south of Randolph street and 83 live in the areas north of Randolph.

NORTHVILLE Estates takes the lead in non-public school enrollment with 18 students, he added, while the Village Green has 13 and Northville Heights has 7.

The area between the city's western boundary and Beck road sends 31 students to parochial schools in Northville, while the area west of Beck has 21. Some 16 students live east of the city, and four live north.

Of the 696 youngsters in the Northville school district's pre-school population, 84 live in Village Green and 84 live west of Beck road, MacLeod said. Some 142 pre-schoolers live in the city south of Randolph, while 93 live in non-subdivision areas north of Randolph.

The area east of the city has 48 pre-school children, while Northville Estates, Northville Heights, Conemara Hills and Brookland Farms have 30, 35, 16 and 12, respectively.

MacLeod said his public school enrollment figures are probably more up-to-date than those for the parochial schools. He explained that the public school figures were taken from current enrollment cards during Christmas vacation, while the parochial school information came from September enrollment reports.

The pre-school figures would probably be the least accurate, he contended, because they are from the school census that was conducted last May.

Edison to Hold Cooking Contest

The second Edison sponsored cook-off contest to select the "Queen of the Kitchen" from among working women gets under way Friday. Deadline for entries is March 1.

The cook-off will be held in cooperation with the Central Business District Association's annual "Salute To Women Who Work Week" which begins March 17.

Grand prize in the contest will be a deluxe electric range to be chosen by the "Queen" from models of nationally known manufacturers. The second prize will be an electric roaster and the third-place winner will receive a blender. Seven other appliances will be awarded to finalists in the contest.

Girls and women working full-time and living in Wayne, Macomb or Oakland counties are invited to submit a recipe for the main dish of a meal. Entries should be mailed to Detroit Edison's Electric Living Division, 2000 Second Avenue, Detroit 26, and must include the name, occupation, address and telephone number of the contestant.

In Justice Court

John L. Newport of 1977 Rhubarb, Plymouth, pleaded guilty to a count of reckless driving in Northville justice court Monday. He was fined \$50 and paid \$10 court costs for speeding at the corner of West Main and West Cay streets on January 18.

Douglas H. Grayson of 1950 Bridge Road, Northville, pleaded guilty to disobeying a red light on January 19. He was found guilty, but the fine was suspended and he was assessed \$3 costs.

Peter Glover of 3251 Cherry Hill Road, Plymouth, was found guilty of having no vehicle registration on his person on January 19. Judge Charles McMahon found him guilty, but fine and costs were suspended.

John F. Haug of 8117 Kentfield, Detroit, was found guilty of leaving a vehicle unattended on January 14. He was fined \$5 and costs were suspended.

NEWSPAPER WINNERS — Three representatives of the top four weekly newspapers in Michigan were presented with framed copies of silver plaques to be awarded them for winning the circulation contest at East Lansing Saturday. They are (l. to r.): Clinton Gardner, publisher of the Farmington News, Division C (1200 to 1400); Jack W. Hoffman, managing editor of the South Lyon Herald, Division B (1250 to 2000); and Leo Fox, publisher of the Millington Herald, Division A (up to 1,250). Miss Helen D. Stewart and Mrs. J. Ed. Par Hoover about the problems of youth and law enforcement.

South Lyon Herald Wins Highest State Award

The South Lyon Herald was judged the best weekly newspaper in Michigan at Michigan State University's 95th annual convention held in Kelleys Conger, Mich., last week. The award was presented to the Herald by the Michigan Press Association in East Lansing last week.

In winning the coveted award, the Herald was presented with an engraved silver plaque at the annual 95th Michigan dinner Saturday night. On hand to accept the award was William C. Miller, publisher, and Jack W. Hoffman, managing editor.

The Northville Record, also published by Miller, was honored in two different categories in its circulation class — for the column "Speaking for the State" and for the column "Recent" and use of pictures.

In addition to the general Excellence award, the Herald also was awarded recognition in five individual fields of newspaper reporting.

Feature stories — third place in competition with newspapers of all circulation classes.

Attractive second place in competition with newspapers of its own circulation class.

Photography — third place in competition with newspapers of its circulation class.

News coverage — honorable mention in competition with newspapers of its circulation class.

In its division "D" class, circulation 1,250 to 2,000 — the Herald walked away with the greatest number of awards.

The individual awards were made Friday at a luncheon meeting which featured the world renown cartoonist, Al Capp, creator of the "Li'l Abner" comic strip, as the keynote speaker.

Other speakers at the convention, the largest of its kind in the history of the Michigan Press Association, included Governor George Romney; Ed Bauman, former publisher of the South Lyon Herald; and Pierre Schlinger, press secretary to President John F. Kennedy, and Kenneth McFarland, the nation's foremost public speaker.

Former City Policeman Dies From Heart Attack

Clarence J. Baum, 48, of 5675 West Nine Mile road, Northville, former Northville police officer for five years, died from a heart attack on January 28 in St. Mary Hospital, Livonia.

A Northville resident for 12 years, he operated a TV repair shop in his home.

He was a member of Our Lady of Victory church, born May 29, 1914, in Cleveland, Ohio, he was the son of Charles C. Baum and Martha (Wagnery) Baum.

He leaves his wife, Donna Baum, whom he married on October 26, 1935; one son, Don Governor Baum, of Livonia; four daughters, Mrs. Leona Baum, of Northville; Mrs. Virginia Baum, of Livonia; Mrs. Virginia Baum, of Livonia; and Miss Vera Baum, all of South Lyon; one brother, Warren Baum; two sisters, Mrs. Bernetta Buschell of Wayne and Mrs. Jean Cleaton of Farmington Hills; five grandchildren, Stephen Gurney, Miss April Suzanne Gurney, both of Northville, Dan Norine Baum and Gregory Baum of Livonia and Miss Kelly Noland of South Lyon.

The funeral was held Monday night at the Caterline Funeral home by Reverend John Wittstock, pastor of Our Lady of Victory church.

The funeral was held from the Caterline Funeral home with a Mass at 10 a.m. Tuesday in Our Lady of Victory church with Reverend Wittstock officiating.

Burial was at Rural Hill cemetery, Northville.

Find Missing Truck

Novi police located a truck Tuesday morning which had been used to transport goods stolen Monday night in Southfield on Eight Mile road when the Crockett Manufacturing company was burglarized.

Police officials said they found the truck near 13 Mile and Haggerty and turned it over to Southfield police.

We've got a "HOLIDAY"!
Everybody get on the job!

Strange as it seems, "holidays" are not vacation days, but mean hard work for the pipeliners. The Natural Gas pipelines, a huge network of strong, seamless, steel tubes covering thousands of miles underground, assure dependable Natural Gas service. Still a thorough check and inspection must continually be made to guard against corrosion. When breaks or flaws are found to exist through inspection by trained men and electronic equipment, they are called "holidays". In Ontario, Michigan, Consumers Power Company has over 7,000 miles of Natural Gas pipeline to keep under constant surveillance. Continual inspection and immediate communication to emergency crews by these trouble shooters keep this call, "Holiday", to a minimum.

Board Studies Teacher Salary Credit Program

New teachers coming into a group of Dearborn men to the Northville public school system will not receive salary credit for a half year's teaching experience elsewhere, it was decided at a Northville Board of Education meeting Monday night.

Board members postponed until next meeting discussion of whether teachers already within the school system will receive credit for a half year's experience in the school system's new salary step schedule.

Board members voted to allow Northville teachers credit towards salary increases for undergraduate courses approved by the superintendent to train the men in amphibious strike force tactics.

The board also heard recommendations from the Northville chapter of the N.E.A. for changes in the proposed self-improvement salary schedule. These recommendations were referred to the salary committee. The recommendations of the local teachers' club were presented to the board by Miss Aida Fritz.

SPEAKING for The Record

by Bill Siger
Gather a roster of speakers like Al Capp, Pierre Salinger, Governor Romney and Kenneth McFarland and you've created a formula for attracting newspaper people. That's exactly what happened at the 95th annual convention of the Michigan Press Association last week end at Kellogg Center in East Lansing.

Representatives of MPA's 286 weekly members and the 51 daily members took over the MSU campus hotel — lock, stock and sofa bed. It was the biggest turn-out ever. Capp, of course, is the creator of the hero of Dogpatch, "L'il Abner"; Salinger is JFK's highly regarded press secretary; and McFarland carries the title as "America's number one public speaker."

George Romney was burning with a message for the people. His convictions, sincerity and knowledge of the subject matter were so real they penetrated the air. His appeal fairly burst out for lack of room.

He wants the people of Michigan to vote "YES" for adoption of the new constitution. Romney is completely devoted to this task. He's like Billy Graham on a crusade. At the conclusion of his speech Saturday night he was ready to run out and grab the first voter he could find and tell him how important his vote on the proposed constitution is to the state of Michigan.

The governor emphasized the importance of fully informing the public on the new constitution so that they may decide on the basis of all the facts. He called the April 1 vote "the most important citizenship decision that most of us will make in our lifetimes."

Romney bitterly attacked opponents who would have us vote "no" if you don't know. He said that would be far worse than not voting at all, if you don't know. The governor pointed to four lines of attack being followed by opponents of the proposed constitution: 1. Ignorance and misunderstanding; 2. Half-truths and distortions; 3. Prejudice and special interest; and 4. Excessive partisanship.

To me, the most fearful of these is the last. It is serious enough for a person to vote "no" because he is uninformed, prejudiced or fighting for his own private interest rather than that which he believes to be in the best interests of his state. He sacrifices precious freedoms. Sadly, excessive partisanship in modern American politics is evident in both major parties.

I agree with Governor Romney that the delegates to the constitutional convention were the best document possible under the existing conditions. It is not the best document possible for the Republican party or for the Democratic party — but it is the best constitution possible for Michigan.

The governor talked about obstructionism — of a type that's difficult to detect. We all recognize obstructionism as demonstrated by Southern Democrats and conservative Republicans. But what about those who would oppose the possible on the basis that they want something they believe to be better, when they know full well it is impossible to attain?

This, too, is obstructionism of a far more refined degree. It was the governor's conclusion that the real issue of the proposed constitution was appropriation. Other arguments may be advanced, but they are merely camouflage.

Roger Babson Federal Payroll Supports Stocks

Babson Park, January 31 — About \$3 billion annually. Add to this the earnings made on the market of one \$50 billion. This is the amount of the Federal Government's payroll. It is the largest source of funds for the purchase of stocks in New York. It is, however, being used to buy stocks in New York. It is, however, being used to buy stocks in New York.

There are currently 2,500,000 civilian employees on the federal payroll, who are receiving \$15 billion during 1962. This is included in the total \$30-billion salary and wage portion of the personal income figure. Also, during the year, their savings accounts were being increased and their debts were being decreased.

The above figures are far in excess of the government's expenditures. Along with these should be considered the 2 1/2 million men in uniform throughout the world, — over 1 million in the army, 600,000 in the navy, 100,000 in the air force, and 100,000 marines. It is estimated that the pay received by them is spent and saved largely by nearly a million U.S. families.

I am not saying that the stock market will continue to go up and down. However, Wall Street's stock market may have a far better foundation than it has in the past. In 1929, then, the Federal payroll was comparatively small; and very little was being spent on pension funds, mutual and other funds.

But what about those who would oppose the possible on the basis that they want something they believe to be better, when they know full well it is impossible to attain? This, too, is obstructionism of a far more refined degree.

It was the governor's conclusion that the real issue of the proposed constitution was appropriation. Other arguments may be advanced, but they are merely camouflage.

Editors Try State's Farm Products

The constant search to improve farm products goes on throughout Michigan day in and day out and new and better food continues to reach the consumer's table. Each year one dinner at Michigan State University brings to a group of citizens the latest improvements in agricultural fare. This is the annual "All Michigan" dinner held at the conclusion of the Michigan Press Association convention in late January.

In past years editors and publishers from throughout the state have been treated to new apple juice concentrate, potato flakes before they were placed on the public market, a jelly, jelly sauce, pre-cooked Michigan navy beans, and a turkey roll. This year's innovative concepts which banks loaned to the public to build homes and make improvements to homes already constructed. This shows approximately where \$10 billion went from the U.S. Treasury.

The above figures leave about \$10 billion for merchandise, services, taxes, insurance, and other household expenses. Now guess that 10% of this \$10 billion reaches Wall Street. This means that one Federal Government is supplying annually \$1 billion for Wall Street.

During 1962 the average of daily transactions on the New York Stock Exchange was about 2,500,000 shares. If an average price per share is assumed to be \$20, this means that \$100,000,000 was needed to buy said daily total; but probably only about 10% represented new commitments on an average. That is, on an average, only \$10 million of new money was needed to buy the \$100 million of stock.

From where does it come? Of course it comes from a great many sources, mostly "target" individuals in the professions, pension funds, trust funds, and investment or mutual funds. But if it is added to the Federal Government's payroll, estimated above at \$30 billion, this means that a substantial amount would be available to buy Michigan farm products. Furthermore, an increase in these Government employees of only 1% would add \$50 million annually to the state's farm crops, which last year brought Michigan farmers a whopping \$750,000,000. A wide diversity of the state's farm crops, which last year brought Michigan farmers a whopping \$750,000,000.

Ex-Wixom Mayor, Donald Brooks, Dies

Donald E. Brooks of 29230 Beck road, Wixom, 51, former Wixom mayor, died suddenly Monday morning. Brooks, a resident of Wixom for 18 years, served as the city's mayor from 1950 to 1962. He was employed as a pattern maker at Ford Motor company's quality control center.

Brooks has been an active member of the Wixom chamber of commerce, Michigan Walled Lake Methodist church, Walled Lake Kiwanis club, Wixom Rotary, and the Wixom Lions club. He was born in Battle Creek on March 10, 1911, he was the son of Ella (Sage) Brooks Dean and the late Howard Brooks.

Funeral services were held yesterday in the Caterline funeral home with Rev. John W. Muller, pastor of the Walled Lake Methodist church, officiating. Burial was in Wixom cemetery.

Novi's village council last night reappointed Attorney David Fried of 4100 Holyoke to the board of appeals and awarded a bid for a new police car for \$24,000.

The Novi Library has acquired two three-volume sets of Mark Twain's works which will be displayed throughout February at the library as part of the "Twain Month" celebration.

Officials of Northville Downs and the Northville Driving Club handed out licenses to Trotting Association owners Wednesday to determine the advisability of joining in a state supreme court case.

THE NOVI NEWS

'Sniper' Search Continues in Novi; Bloomfield Victim's Son Confesses

With one Oakland county "sniper" in custody, police are continuing to comb the area in search of the "other sniper" who shot at a Novi housewife last Wednesday night.

The Novi sniper incident, involving Mrs. Gerald Race of 28000 Dixon, occurred just five days after Mrs. Mary Godfrey was killed in her Bloomfield township home.

Novi Police Chief Lee BeGole said he never thought that the same person was involved in both the Bloomfield township and Novi sniping cases, but that this was a theory which reported not disproved.

Chief BeGole said his officers have confiscated several rifles and shotguns in the neighborhood around Mrs. Race's home. The weapons have been seen in the state police files since they were seized in Lansing, but, so far, none have been checked out as being the weapons used in the Novi sniping incident.

Chief BeGole has issued a warning to area parents to caution their children carefully since a "lot of other snipers" may want to get in on the sniping act. He also warned that any person having information about the Novi "sniper" and withholding it may be prosecuted.

At the time Mrs. Race was fired upon last week, she said she was lying across her bed reading a newspaper. A 22 caliber bullet whizzed through her bedroom window, ricocheting off a wall above her head.

Chief BeGole theorizes that the sniper probably didn't see Mrs. Race on the bed, but rather was attracted to the lighted window by the sight of Ronny jumping up and down on the bed. "After Ronny left the room," the chief said, "the sniper may have decided to provide the building, fuel oil and electricity. When the \$120 to \$150 cost of the two-year-old building was paid, the township board of directors would have approved the plan to support the library for this year.

Mrs. Gerald Race examines hole sniper's bullet made. Later, her son Ronny points to wall where bullet struck last Wednesday night.

Half-Mill for Library Goes on April Ballot

When Novi township voters go to the polls April 1, they'll find a library millage proposition on the ballot. The library with operating expenses. At that time, the township was donating the building as well as paying the heating bills.

The library board of directors last week successfully petitioned the township board to add a millage proposition to the April ballot for county officials. The resolution, if passed, would give Novi township a half mill on the millage rate.

Novi's annual dog clinic has been scheduled for Sunday, February 17 from 1-4 p.m. at the fire hall. Vaccine shots will be administered and licenses sold. A line for obtaining 1963 licenses is March 1, when license fees double.

Novi Explorer post 119 is looking for a new leader. The present leader, Henry Kriedeman, says that his wife is moving away soon so a new leader must be found by March 1. Kriedeman says that there's a male adult over 21 in the area who's interested in the library's supply of books.

Mrs. Florence Harris of 4085 Grand River has been appointed as the new chairman of the Grand River hospital fund. The drive to raise \$175,000 for a 100-bed general hospital to service western Oakland County will begin "almost immediately," according to campaign officials.

The recently-formed association of people in the Millford area will begin "almost immediately," according to campaign officials. General campaign chairman for the drive is William Knapp of Millford, owner and operator of the Knapp-Hodges Company on East Summit road. Assisting Knapp will be Edward Sharpe, an employee of the Millford community national bank and the recently-elected chairman of the association's board. Mrs. Harris will be assisted in the Novi campaign by two captains, to be named at a later date.

Plan New Business Building in Northville

Announcement of the re-election of two Northville retail business firms was made public this week revealing a major improvement project for the town. The two moves are tied together. D & C Stores, Inc., 103 East Main street, will move into the new building by mid-April. D & C has been located at its present site in Northville for more than 30 years.

The year-old E-Jay Lumber Mart will move into new quarters to be constructed on the north side of Cady on a vacant lot between residences at 122 and 143 East Cady. The Lumber Mart will be housed in the upper level and will face north, towards the "parking alley" between Main and Cady.

Wineman said plans call for three smaller offices or retail shops to occupy the lower level. No indication of a possible tenant for the vacated D & C store building has been made. Both the D & C Store building and the E-Jay building are owned by Gerald Woodworth, 663 Thayer.

Wineman's move was necessitated by the desire of the firm to acquire greater floor space. The commission inspected and approved the plans last week.

Wineman's move was necessitated by the desire of the firm to acquire greater floor space. The commission inspected and approved the plans last week.

Supreme Court to Settle Race Meet Controversy

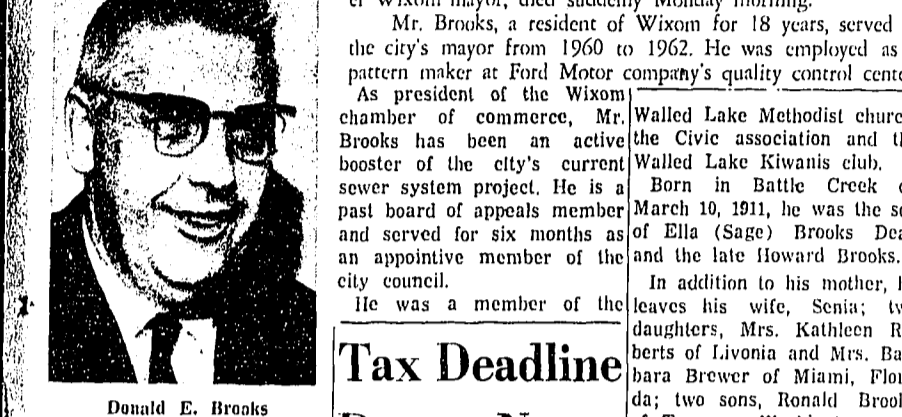

Officials of Northville Downs and the Northville Driving Club handed out licenses to Trotting Association owners Wednesday to determine the advisability of joining in a state supreme court case.

Although Jackson race officials had applied for Northville Downs dates — and not Jackson — Hayes awarded a 42-night season beginning in late September at the Jackson, Mich. track. The Jackson racing interests filed their petition last week asking the court to order Racing Commissioner Edgar Hayes to set Jackson's 42-night meeting at Northville.

Driving Club Attorney Clinton D. Hill noted this week that both the Driving Club (owners of the track facilities at Northville) and Northville Downs (operators of the racing meet) had strong financial interests in the outcome of the race. He pointed out that extensive improvements have been made at the Downs based on the belief that the full Jackson meeting would be transferred to Northville. He said the Driving Club had joined with the Downs in financing the improvements.

In a stronger statement Hill claims that Commissioner Hayes had no power to issue racing dates for Jackson because the application was made for Northville. Downs Executive Manager John Carlo, an attorney, supports the Jackson contention. He maintains that racing law stipulates that dates can be granted only when applied for at a certain location and for a certain number of nights. From the outset it appeared that Commissioner Hayes was headed for court regardless of what decision he made on the Jackson dates. Opposition from both Wolverine Raceway and Hayes' "assured officers of the Driving Club" also has been made to Northville as well. If the additional dates are to be granted, Hayes would have to divide between the three tracks, three of two Detroit area tracks already have two meets — run by the Jackson petition committee that has suffered heavy financial losses at the Jackson — and also points out that Hayes made these assurances last June 1 when he visited Northville.

The supreme court is scheduled to hear arguments in the case next Tuesday before making a decision. The Jackson petition committee that has suffered heavy financial losses at the Jackson — and also points out that Hayes made these assurances last June 1 when he visited Northville.

Donald E. Brooks
While Wixom city taxpayers have paid over 96 per cent of the winter taxes, Novi township taxpayers are lagging behind with only 50 percent of their taxes in.

Deadline for both Novi and Wixom winter tax payments is February 15. If these taxes are not paid by then, a four percent late penalty fee will be added.

March 1, unpaid tax bills throughout the county turned over to the county treasurer for placement on the delinquent tax roll. Bills on the 1929 tax roll were which will be displayed throughout February at the library as part of the "Twain Month" celebration.

At the time Mrs. Race was fired upon last week, she said she was lying across her bed reading a newspaper. A 22 caliber bullet whizzed through her bedroom window, ricocheting off a wall above her head.

Chief BeGole theorizes that the sniper probably didn't see Mrs. Race on the bed, but rather was attracted to the lighted window by the sight of Ronny jumping up and down on the bed.
