

Speaking for The Record

Importance of Assessments

By BILL SLIGER

This week and throughout the month cities, villages and townships in the state are conducting hearings by the boards of review.

These appointive bodies play an important role in reviewing with taxpayers the assessments placed on their properties by the assessing authorities of their respective governmental units.

Such meetings afford the public an opportunity to find out why and how the assessment on their house, lot, farm, factory, store building or inventory was established.

Boards of review are empowered to lower (or raise) assessments, if it can be proven that inequities exist or errors have been made.

Individual assessments of all properties are a matter of public information and can be examined by property owners at their respective township, village or city halls.

If you do not know the assessed valuation of your property, it might be worthwhile checking. The assessment does, after all, represent the basis against which tax millage is levied and therefore the amount of your tax bill.

For those interested board of review meetings are scheduled as follows:

Northville township—March 7, 9 a.m. - 4 p.m., March 8, 3 p.m. - 10 p.m., March 13, 9 a.m. - 4 p.m. and March 14, 3 p.m. - 10 p.m.

City of Northville—March 14, 1 p.m. - 4 p.m., 7 p.m. - 10 p.m., March 28, 9 a.m. - 4 p.m.

Novi township—March 7, 13 and 14, 9 a.m. - noon, 1 p.m. - 4 p.m.

Village of Novi—March 14, 8 a.m. - 5 p.m., March 28, noon - 6 p.m.

City of Wixom—March 14, 9 a.m. - noon, 1 p.m. - 5 p.m., March 28, 1 p.m. - 5 p.m., 7 p.m. - 9 p.m.

It's particularly important that tax-

payers understand assessing procedures especially in the light of the law that now stipulates that millage shall be levied against assessments established at 50 percent of true market value.

If the total assessed valuation of a particular community does not equal 50 percent, the state applies its well-known "equalization factor" against all properties to bring the total to the required 50 percent mark.

This situation now exists in Northville township and it will become even worse next winter when the factor becomes higher and homeowners with assessments near or at 50 percent find their assessed valuations multiplied by a factor near 1.40 - thereby jumping a \$10,000 assessment, for example, to \$14,000.

The township plans to undergo reassessment this summer to alleviate the problem. But these new assessments will not be recorded until the 1988-89 tax year, when hopefully the equalization factor will be eliminated.

The city recently completed the reappraisal of all land. And by individual inspection each piece of property in the city has been reassessed at 50 percent of the market value.

All building valuations have been increased, too. But this was done by applying an overall factor.

Speaking of Deceitful Packaging . . .

Readers Speak

'It's Time to Clean School House'

To the Editor:

The time has come for action, not indifference apathy as well as some answers to some rather disturbing questions. It is time for the so-called leaders of our community to stop talking about what they'd like to do, and do it. It is time for more people like "Citizen Glenn Diebert" to stand up and say something in favor of the few dedicated administrators left. It is time for more people like the "undisfined citizen" to become indignant and defend the few decent, loyal, and trustworthy administrators that remain in the Northville School system. It is a time for action and not the apathetic reply "I don't want to get involved. Things will work out."

1) What happened to the petition that was presented to the Board of Education requesting the removal or forced resignation of the superintendent? What has become of it?

2) Why did the board attempt to refuse entry to the press? What are they afraid of letting you and the public know?

3) With all due respect to Mr. Becker, board president, why is he still president of the board when he was only to serve as a "compromise candidate"?

4) Why were the superintendent and the assistant given salary increases with planned increases for next year when Mr. Ellison was left standing in the cold?

5) Did such top notch administrators as Principals Fred Stefanski, La-Gene Gandy and Keith Bentley, and assistant superintendent Dr. Kenneth McLeod leave for better positions or were there other reasons?

6) If a second petition requesting the removal or resignation of the superintendent were circulated would it meet the fate of its predecessor or will it receive action?

These are questions that many people have been asking in private and not receiving answers. They are public now. What are the answers?

My hands are tied but yours and the adults of the community are not. The time has come for action not apathetic indifference. The time has come for people to face their responsibilities not forget them.

Larry Wood

Editor's Note: Petitions for the removal of Mr. Nelson as mentioned above and in the following letter were never submitted to the board of education.

To the Editor:

After reading today's Record, I wonder what's going to happen to Northville school!

I have a few questions and maybe you or one of your editors can answer them.

1) A year ago petitions were signed for your purpose to get rid of the Superintendent. This as far as I can find out was never even read. What happened to it?

2) Why is Mr. Becker still acting school board president?

3) How many more needed men are we going to lose in the future? We have all heard they leave for better jobs. How many believe this is the reason? Who will be next? Mr. Smith, or Mr. Jacob?

4) What has happened to our school board members, other than Mr. Becker. Have they no voice?

5) How many more schools are we going to allow to be built in unsafe and costly areas?

There was a time when educators felt keeping children in school was important, now it seems they feel keeping them out of school is important.

I graduated from Northville, and I was always proud to say so. It doesn't seem like a school system could change so in 10 short years. I don't think there is any pride in our school system as it is today.

Sincerely
Carolyn Beyer

To the Editor:

Let's give Mr. Ellison a medal! It's about time someone leaving this mess of a school system handed enough backbone to publicly voice the real reasons for departing!

Last year there were petitions circulated requesting the removal of Mr. Nelson. What a tragedy this was not followed through! This year the voters will again have an opportunity to set matters right. Mr. Becker, the one chiefly responsible for Mr. Nelson's being here and numerous related blunders must be replaced on the board.

You would think that by now both Nelson and Becker would have resigned. Inasmuch as they won't, the citizens must act to replace both. We may be sure that he will pull all necessary strings to keep "his boy" at the helm, probably with another raise!

I predict that last year will be mild compared to the resignations which will be forthcoming this year. As our system continues to deteriorate, what self-respecting teacher would want any part of it?

It is a great loss that Mr. Lawrence has quit. We need his type desperately now. As for our latest Editorial, I should think that by now our dear Editor would know that, should he disagree with the board, he has no right to use his paper to voice that opinion. He should do this only when he is in agreement with them.

Citizens beware! The coming election is very crucial to the future of all. The bungling and behind-the-scenes squalidery must be halted or may God help us all!

Desperate!

To the Editor:

A house divided against itself can not long endure. Unfortunately that axiom is as true today here in Northville as it was in Lincoln's time. There are troubles times in our community and I think there must be a pause in the sound and fury to calmly explore possible solutions now that matters have finally been aired. (Congratulations to those educators who had the courage of their convictions no longer keep silent. Too bad it didn't come sooner.)

Everyone realizes Northville's troubles did not arise overnight. Many factors contributed to our present unrest. The time for placing the blame has passed and now efforts must be made to restore to the Northville educational scene the true purpose of obtaining the best possible education for our children.

Children are taught at an early age the principle of teamwork. Whether it be the playground, debating table or basketball court they learn that united efforts most often produce the desired goal. Why can't we as parents, teachers, administrators or board members practice what we preach?

We can no longer sit idly by and let others do our job. We all have a stake in the young people of the community. Each of us should assume an active and proper role in the educational structure, let parents act as parents, let administrators administer and board members fulfill only those duties they were elected for. Most of all let us work together for the common good of the schools.

Interested in tomorrow, not yesterday.

Explains Using Word 'Callous'

For Volunteer

To the Editor:

In the Record on March 2, 1987, I was reported as saying that the County was more callous than the Board with respect to traffic safety at the Moraine School.

The report should have noted that I stated that there was no derogatory intent in my statement.

The difficulty in making extemporaneous remarks is that in the desire for brevity some ill chosen words may give the wrong impression.

The facts as related to me are that because of their judgment or me as a reporter, the Commission did not lower the speed limit below 40 miles per hour and declined to install a traffic light or to participate in the cost of construction of an overpass.

The Board, on the other hand, has leaned toward the utmost caution in the matter of safety.

If my remarks were interpreted as critical of the Road Commission, I apologize.

Very truly yours,
D.B. Lawrence

This method was used to save time and get the new valuations recorded for current board of review hearings so that the equalization factor could be eliminated in the coming tax year. In some instances the increases could have been too severe, but such instances can be appealed at the board of review hearings.

This summer the city will examine each building and house individually to check the accuracy of the new assessments.

But here's the important thing to remember: If no reassessment had taken place in the city, the average taxpayer would face an increase of 15 percent on next winter's taxes due to hike in the equalization factor from 1.28 to 1.44.

By reassessing and eliminating the factor, 80 percent of the taxpayers will experience increases from five to 10 percent; some will actually pay less; while a few, whose properties were far under-assessed, will experience an increase in excess of 15 percent.

Because of the increase in property valuation in the city the council has indicated it will reduce the city millage rate from the current 12.5 mills to eight or nine mills. This levy will raise the same amount of money as 12.5 mills for city operations. Removal of the equalization factor makes it far easier for the taxpayer to figure his bill in advance. City residents, for example, can use 50 mills as their anticipated levy and multiply this against their property valuation to determine their annual tax bill. The 50 mills will figure out eight or nine mills for the city, seven for the county and nearly two for the school district.

Statistically, here's what happened when the city reassessed its real property:

In the Oakland county portion land assessments were increased from \$800,000 to \$2,400,000 and buildings were increased from \$2,700,000 to \$3,500,000.

In Wayne county land jumped in assessed valuation from \$1,500,000 to \$2,400,000 and buildings were increased from \$4,800,000 to \$6,600,000.

Dear Mrs. Hare:

Several editors of my acquaintance who presently are recuperating from severe cases of frostbite recently suggested a remedy for their annual discomforts and, being a kindly man with great concern for the welfare of the single sex, I volunteered to carry their problem and the suggested solution to your charming doorstep.

Please understand, of course, that I come to you with no political malice intended. I am only as an emissary of goodwill and justice for all.

It seems that your esteemed husband, out of customary practice or a fondness for winter, each year determines that automobile license plates shall be purchased on or before midnight, February 28. That automobiles must necessarily be decorated with metal scrolls is conceded by the ladies of my acquaintance. However, the season in which these decorations must be affixed is not accepted with the same appreciation.

Permit me to paraphrase their position: "We agree that cars must have plates - it makes our cars safer, and, besides, without them they look naked. And we are perfectly willing to stand in line to purchase them, and we are perfectly willing to affix them to the automobile. But we object to the timing of this practice. We suggest instead (actually, they used much stronger language) that license plates be sold in the summer."

Now, Mrs. Hare, I have carefully weighed this suggestion and have determined that it has a good deal of merit and deserves your consideration.

Aside from the fact that summer plates of frozen plates would save our womenfolk from the discomforts of snow, ice and freezing rain, there would be other, perhaps more important reasons for instituting this practice. Let me enumerate them:

1. It would reduce the number of colds suffered by license plate bureau staff members who must stand in the draft of opening and closing doors.

2. My lady friends could display their bulky winter garments and shiver their fashionable dresses and suits as they stand in line. (Male assessors, whose attention might be drawn to these attractive garments, would be reminded of the plate sale deadline and could in turn remind their wives to purchase them.)

3. While the ladies are buying plates and affixing them to the cars, their husbands can handle the chore of barbecuing steaks on the backyard patio.

4. Nuts and bolts and plates would be warm and easily handled. My lady friends tell me frozen bolts can be treacherous.

5. Shivering policemen could write their tickets for tardy purchasers in warm comfort and with a steadier, more legible hand.

6. The longer daylight hours of summer would give my lady friends more time to affix plates without resorting to frozen flashlights.

7. Without the task of purchasing and affixing plates in the winter, the ladies could spend more time shoveling snow from the walks while their menfolk stoke the fireplace.

There are other enhancing reasons for summer plate sale that may come to your mind while you are nursing your own frozen fingers. Please convey this message to your husband. Thank you.

P.S. If for some reason your husband affixes your plates instead of yourself, please keep it confidential. It might upset a few households.

Wounded human, its life blood, air, slowly seeps out and the balloon descends to earth. An older boy stomps on the balloon, killing it.

All the balloons of Paris suddenly free themselves, filling the air with glorious color. They converge over the saddened boy. He grabs their dangling strings and the balloons carry the boy over the city, into the horizon and out of danger.

Wonderously, Albert LaMorisse has produced a movie that permits us to see things of the world as a boy sees them. No, less than the balloon, are infused with life. It is the gift of youth, this ability to animate objects, that is graphically portrayed through the sensitive lens of the camera.

Chosen as the best live-action short subject by the academy in 1959, "The Golden Fish," although less fantastic than "Balloon," nevertheless is presented in the same realistic manner.

"Balloon" and "Fish" were two thoroughly enchanting short stories, for and about children, but there are more to come, including:

---"Yellow Slippers," a story based on a 16th century Polish folk legend, scheduled for March 12, next Sunday.

The two shown last Sunday carried blue-ribbon credentials, as do most of the movies in the series. Not a word was spoken in "The Red Balloon" and "The Golden Fish," winners of various film awards, but their impact was audible.

"Balloon" received an academy award as the best original screen play in 1965 and other awards at the Cannes Film Festival. It is the story, as hosts Kuba, Fran and Ollie put it, of "an unusual friendship" between a boy and his balloon.

Simply, this is the story. On the way to school in busy Paris, a boy spots a balloon on a balcony and seeks to get it. Big and red (if you have color TV), the balloon is perfectly round, larger, but like other balloons--afriff. Soon, however, it is apparent that the balloon has a personality of its own, a will, if you please. While the boy is in school, the balloon faithfully waits without, then merrily follows the boy home.

The friendship is growing. As boys will do, the balloon plays hide and seek on the way to school the next day. When the balloon finds its way into the classroom and escapes the austere headmaster, he punishes the boy by locking him in solitary confinement. The balloon embarrases the headmaster into releasing the boy.

When the big, round, handsome balloon encounters a curvaceous, egg-shaped balloon (obviously female), we know the balloon is a male. Through another day the friendship blossoms as the boy protects the balloon from rain by hiding it under umbrellas.

Then the threat. Older, jealous boys pursue the boy and his balloon in a frantic chase. A boy with a sling shot shoots the balloon, and like a fatality

By JACK W. HOFFMAN

ANTIQUED DESK—Mark Winn, sixth grader at Orchard Hills elementary school, stands proudly by the desk he antiqued, and conversed with his teacher, Mrs. Ann LeBost drive, Novi, Mark hopes to sell the desk.

Wixom 'Imports' Deputy Clerk

From the start, there were indications that this would be no normal relationship between employer and employee. She was from Commerce township and the job was in Wixom, at city hall.

Normally, that fact alone would preclude any chance of developing close ties. As in most municipalities, Wixom has a charter requirement demanding that appointive administrative officers live within the 10 square miles of the city.

But the need was urgent and will found a way.

Mrs. Carl (Donna) Thorsberg was named deputy clerk, enabling her to assume the duties of clerk. Two years have passed and the relationship between adopted employee and the city has burgeoned into genuine fondness, a happy arrangement for all in the city of Wixom.

And by her admission, for Donna Thorsberg, "I enjoy it," she stated. "It's the most interesting thing I could be involved in. When I started, I didn't even appreciate the difference between a primary and general election."

Since that time, however, diligent work and helpful advice have led to mastery of the job. "Everyone cooperated," Donna said, "as I stumbled through the first year. Particularly helpful were Mrs. Faye Waara, city treasurer who holds the title of clerk, John Finlayson, city assessor, and, of course, Mayor Wesley McKee, Donna pointed out.

To become more proficient, Donna became a self-styled student of local government. She stole books home. "I did a lot of reading and studying," she said. She just wasn't content, however, to know what to do, she had a compelling desire to know why she was doing it.

At home at 2645 Wixom road, three children and a meat cutter husband were awaiting her. Janis, 16, Jeffrey, 13, Joy, nine, and husband, Carl, were four very good reasons, according to Donna, why she was forced to curtail the number of hours on the job.

Even then, clerking found a cut-back in the work Donna previously did. Except for winter months, part work would make exorbitant demands on Donna's time, for the Thorsbergs live on a six and one-half acres of heavily wooded land. "We have trees, about one hundred trees," Donna said, and among them, their tri-level home is barely visible from the road.

It's as a bow-woman that Donna had her most unusual experience, one that she still fondly recalls. Up north in Michigan, around Newberry in 1959, Donna and her husband and members of the Pacific Archery club had been hunting deer for almost two weeks.

But on the last day, frustrated by rainy weather and inability to bag a deer, Donna and her husband began a somewhat irregular hunting trip—in a car. Upon the advice of a veteran archer, the women began driving over dirt roads, looking for deer. "It's illegal if your bow is unstrung and shaved," Donna pointed out.

By prior arrangement, all deer on one side of the road would be Donna's, game on the other side would be her friend's. Donna spotted two deer, standing near the road. "The wind was right," she said. She hopped out of the car, nervously strung her bow and shot a young buck which the women found later and dragged out of the woods.

The beaming Donna said she wished to put the deer on the fender in full view. Her husband suggested putting the small buck inside the car, where it would be easily fit. Donna prevailed. Laughingly, she told how "some smart-aleck hunters," on the ferry shoot across the straits, chortled: "Why did you shoot the dog?"

Here's a way our residents can help put the band in uniforms and have a delicious meal besides, a special assessment district for Woodbrook Lake subdivision, which will be continued at next Monday's meeting of the council. Representatives of the 43 landowners requested the adjournment to apprise themselves of the situation.

Village Manager Harold Ackley announced that the total estimated cost of the sewers and water was \$122,562, with sewers priced at \$66,772 and water at \$55,790. Contingencies were estimated at \$10,360; engineering and inspection fees, \$7,600, and sundry, \$1,000.

As for the six-room classroom addition at Orchard Hills, he estimated that it should be ready for occupancy by the fall of 1989, with the total suggested building and improvement program to take place over the next four or five years.

Renovation of the older part of Novi school, he said, probably would mean complete interior remodeling. The exterior of the building, he added, is adequate.

The present kitchen and cafeteria at Novi school is far too small to adequately handle the present school enrollment, he said noting that children must eat at three or four staggered times.

Novi Superintendent Sees Need for School Expansion

Novi's superintendent of schools peered into his crystal ball last week and discussed his findings relative to school needs with members of the board of education.

These needs, Tom Dale concluded, mean that the board should begin serious study soon on a number of building programs. He advised the board to consider the following suggestions for future development:

1. Construction of an addition to Orchard Hills school, to include six general classrooms, two special education classrooms, and a teachers' luncheon.
2. Renovation and remodeling of the 1928 Novi school section.
3. Addition of a cafeteria and kitchen at Novi school and possibly two general classrooms and two special education classrooms.
4. Construction of a two-bus garage and a fenced parking area for buses.
5. Black top the parking area, bus area and a small area behind Novi school.

Sample-Werenski Exchange Vows Here

Sally Helen Sample of Northville and Robert Paul Werenski of Dearborn Heights were united in marriage in a 4 p.m. ceremony at the First Presbyterian Church of Northville Saturday, March 4. The Reverend Lloyd

G. Brasure, pastor, officiated. The bride is the daughter of Mr. and Mrs. James Anthony Sample II of 20803 Chigriden Drive, and bridegroom is the son of Mr. and Mrs. Anthony W. Werenski of Detroit.

Given in marriage by her parents, the bride wore a gown of ivory silk satin fashioned with Empire lines. Hand-corded Alencon lace bordered the portrait neckline, sleeves, and French scalloped hemline of the controlled A-line skirt. The bride veil featured matching Alencon lace bordering a four-length mantilla.

Mrs. James Anthony Sample III of Livonia, sister-in-law of the bride, was the matron of honor. Bridesmaids were Mrs. Robert W. Sample of Detroit, sister-in-law of the bride, Mrs. Philip Garcia of Melvindale, Mrs. Thomas W. Hassett of Detroit and Mrs. David S. Owen of 21805 Connemara Drive, all friends of the bride.

The bridesmaids wore floor-length dresses of gold crepe and Cluny type lace, styled with controlled skirts and Watteau panels. A matching band of satin created an Empire effect.

Serving as best man was Stanley A. Berry of Oak Park, friend of the bridegroom. Ushers included James Anthony Sample III of Livonia, the bride's brother, Robert W. Sample of Detroit, also a brother of the bride, Robert Ryan of Dearborn and Charles Felner of Detroit, both friends of the bridegroom.

Soloist for the wedding ceremony was Joseph H. Walbridge of Mason, the bride's uncle and brother of the bride's mother.

For her daughter's wedding, Mrs. Sample selected a fern-green raw silk dress accented by hand-beaded necklines. Her pill-box hat was fashioned with matching fabric.

Mrs. Werenski chose an Azure blue dress of raw silk with jacket accented

by a Dior bow. Her hat was a tiny pill-box of matching fabric.

Following the ceremony, the newlyweds left on a two-week trip to Florida. Upon returning, they will reside in Dearborn Heights.

The bride is a junior member of the Sarah Ann Cochrane Chapter of the Daughters of the American Revolution, and the bridegroom is employed as an engineer with the Ford Motor company in Dearborn.

Mrs. Robert Paul Werenski

In Our Town

By JEAN DAY

SPRING --- for our gardeners is forsythia and pussy willow blooming indoors --- for our clubwomen is annual meetings and state conventions --- for the children it's squishy mud --- and for everyone it's a mere five days distant! Members of Mizpah circle, King's Daughters, have set Thursday, May 4, as the date for their annual benefit luncheon and bazaar which will be given from 11 a.m. to 2 p.m. at the Northville Methodist church.

Emphasis at the spring event will be on hand made items with a new gift boutique planned under the direction of Mrs. Merritt West. Mrs. K. H. Babbitt will head the apron counter, and Mrs. Roy Matheson, the bake shop. Mrs. Douglas Bolton and her committee promise a new luncheon menu. Mrs. Paul Beard is in charge of dining room and table arrangements.

Tickets now are available from any Mizpah member or from Mrs. Harold Bloom. The chapter uses benefit proceeds to assist the King's Daughters home in Detroit and also makes donations to the children's unit of the University hospital (the new Mott Center) in Ann Arbor. Traditionally, its welfare fund helps needy cases in town and provides Christmas baskets locally.

Under the leadership of Mrs. A. J. Buckley, Mizpah chapter has about 100 members who meet the first Tuesday of each month.

SARAH ANN COCHRANE chapter, DAR, is scheduled to be represented by seven members at the 68th state conference being held Tuesday through Thursday of this week in Kalamazoo. Planning to attend from Plymouth and Northville were Mrs. Claude Crusey, Mrs. Harry Gellgey, regent; Mrs. Walter Gempert, state conservation chairman; Mrs. Walter Hammond, registrar; Mrs. Felix Holsel, state American history month chairman; Miss Ruth Knapp; and Mrs. George Merwin, senior state chairman, Children of the American Revolution.

Speakers highlighting the convention include Robert Gerholz of Flint, chairman of the board and past president of the U.S. Chamber of Commerce; Mrs. Zola Woodford Schroeder, Detroit attorney and chairman of international affairs, National Federation of Women's Clubs; and Charles Smith, associate professor of English, Western Michigan university. A Livonia Bentley high senior, Karen Nadvornik, is a page at the conference.

Convention reports will be brought to the regular meeting of the Sarah Ann Cochrane chapter, which will begin with a luncheon at noon next Monday, March 20, at the home of Mrs. Theodore Benson, 38620 Morningstar drive, Livonia. Hostesses are Mrs. Maxwell Austin, Mrs. Arlie Fairman, Miss Elizabeth Eitz and Mrs. Fred Van Atta. Members are asked to bring articles for a "blind auction" (white elephant sale). Proceeds will be used to help stage the children's antique show slated for April.

IRONSTONE and its markings will be examined by members of the Base Line chapter of Quarters when they meet at

1 p.m. Monday at the home of Mrs. Orin How, 18355 Pinebrook.

Mrs. Hove will present a paper on ironstone and invites members to bring any pieces they wish to identify. Original ironstone, she comments, had varied patterns and is different from today's plain variety. Ironstone, she adds, can be dated quite precisely by its markings -- if it's marked "England," it probably was made in the 1860s, but if it's marked "made in England," it's 20th century.

NORTHVILLE WOMAN'S club will conclude its 74th year this Friday at the annual meeting and fourteen luncheon to be held at 12.30 p.m. at Northville Presbyterian church. As is traditional, new members will entertain with a comedy skit under the direction of Mrs. A. M. Nelson.

Life members will be honored, officers elected and annual reports will be given.

NORTHVILLE VACATIONERS go both north and south. When Mr. and Mrs. Myron Sarnes flew to Miami three weeks ago, they found by happy coincidence their Woodhill road next-door neighbors, the Harold Fraziers, were leaving the same time and arranged to be on the same flight.

Mike and Ruth Sarnes headquartered at Marco Island, 30 miles south of Naples, while the Fraziers cruised on the S. S. Regina, returning Monday.

Golf enthusiast Mike Sarnes found a bonus attraction at Marco in the first Tony Lama memorial tournament being played there with such celebrities as Perry Como, Jimmy Mantle, Don McNeill (of Breakfast Club fame), and Richard Nixon. Since they were staying at the same hotel, the Sarnes' had the fun of encountering Nixon on the beach and chatting with McNeill and his wife. Como and his partners won the charitable event. Mrs. Sarnes relates, with proceeds to benefit Hanna boys' center in California, a favorite charity of Lema's (he had been club pro at Marco).

The George Zerbels and the John Begles relaxed last week end at Osage ski club. They were able to ski until the sun turned snow to ice and water -- then they adjourned to sunbathe on the sun deck.

Calendar

March 16 (today) -- Town Hall, Peggie Parker, 11 a.m. P and A Theater.
March 17 -- Northville Woman's Club, luncheon, 12:30 p.m., Presbyterian church.
March 18 -- "Legend of Sleepy Hollow", Northville Players Guild PTA play, 10 a.m., 2 p.m., high school auditorium.
March 20 -- Quarters -- see above.
March 20 -- Sarah Ann Cochrane, DAR, -- see above.
March 21 -- Northville Historical Society, 8 p.m., Amerman Multi-purpose room.
March 21 -- Northville Newcomers coffee, Mrs. Victor Lind, 18127 Shadbrook, 10 a.m.
March 24-31 -- Easter vacation in schools.

BIRTHS

Mr. and Mrs. Patrick Nester of Plymouth became the proud parents of a 6-pound, 11-ounce baby boy on March 6 at St. Mary hospital. The baby was named Douglas Patrick. Mrs. Nester is the former Carolyn Vanatta of Northville.

Maternal grandparents are Mr. and Mrs. Roy Van Atta of Northville and the paternal grandmother is Mrs. Hilda Nester of Plymouth.

UNWANTED WEDDING--Katerine (Harriette Schneider) is ready for the wedding to Ichabod, but she's hardly happy. He's not the man of her choice. Gretchen (Kathy Schneider) helps the sad Katerine prepare for the unwanted wedding. This is one of the scenes from the Northville Players Guild's production of "The Legend of Sleepy Hollow," which will be presented Saturday at 10 a.m. and 2 p.m. at the Northville high school auditorium. Admission is 50 cents for adults, 35 cents for children. The play is sponsored by the Northville PTA's.

PLAN BLOOD BANK--Mapping plans for the Northville blood bank, slated for May 26 at the First Methodist Church of Northville, are (l to r) Mrs. Harry Crofts, blood bank co-chairman; Henry Maurer, field representative for

the American Red Cross; Mrs. Clifford Winter, blood bank chairman; Mrs. Mabel Cooley, Northville Red Cross chapter co-representative; and Miss Karen Kelly, assistant director of public information for the Red Cross.

History Group To Show 2 Films

Restoration of two famous landmarks will highlight films to be presented next Tuesday evening at a meeting of the Northville Historical Society. The meeting will take place in the multi-purpose room of Amerman school beginning at 8 p.m.

One of the features, entitled "Williamsburg Restored", is a 36-minute color film. It shows the activity at the Governor's Place at Williamsburg after the Boston Tea Party; values of the accurate restoration of colonial Williamsburg; Rockefeller's role in restoration; and preliminary archeological and architectural research.

The second, 15-minute color film, "Sagum Ironworks Restoration", concerns the restoration of the first ironworks in America at Sagum, Massachusetts.

Following Tuesday's meeting, the next regular meeting is slated for April 18. The Society will return to the Randolph street home of Miss Linda Edger for this meeting. It will feature a talk, "Pioneers in Michigan", by Ferris Lewis of the Dearborn Junior College.

All Historical Society meetings are open to the public. Anyone interested in learning more about the organization is urged by the Society's president, Miss Ruth Starkweather, to attend next Tuesday's meeting.

News Around Wixom

Mrs. Charles Ware MA 4-1601

Mayor and Mrs. Wesley McAtee flew to Florida for a 10-day vacation. Mrs. Lottie Chambers, Mrs. Jennie Champion, Mrs. Charles Curtis, Mrs. Lillian Byrd, and Mrs. Alice Hopkins attended a banquet given by Novi Rehearsals at Saratoga on Thursday.

The Sunshine Social Service group will meet at Barbra Baumgarten's on Wednesday for a potluck dinner. Mrs. Lottie Chambers was entertained by Pontiac group of retirees at Rounda Inn Friday at a luncheon at noon.

Mr. and Mrs. Charles McCall Jr. have purchased a home in Commerce. The kindergarten and first grades of Wixom will present a play to fantasy land on Wednesday evening for their parents and friends.

Mrs. Inez Pepper from Detroit spent the weekend with her daughter and family the Joseph Callahans.

Mrs. Mildred Gibson has returned from a three-week trip to Orange, California where she visited with her niece and family. On Wednesday, March 15 Mrs. Eugene Kohorst will fly from Metropolitan airport via London to Hamburg, Germany where she and her mother will visit with her sister. They will then visit relatives in Bavaria and Austria where they will be guests of her 92 year old grandfather. They will visit the Storybook castle in Flossmoor and will return by way of London on April 16.

Mr. and Mrs. Elmer Sturdevant from Pontiac were dinner guests of the Everett Petralls on March 12 to help them celebrate their 40th wedding anniversary. Also Mr. and Mrs. Earl Pearsall from Rives Junction were callers in time for coffee and cake. The Petralls were married in Wixom on March 12, 1927. They were both born in the area and have lived in Wixom all their life.

On Tuesday, March 14 the CWF of Wixom Baptist church had their annual

dinner at Western Beef House at Telegraph and West Maple at 6 p.m.

On Sunday, March 16 at 7:30 the Sunday school workers will hold their monthly conference. Mr. Reed from Pontiac will conduct the study. The father and son banquet of the Wixom Baptist church will be held in the lower auditorium of Wixom Baptist church on Saturday March 25 at 6 p.m.

On Sunday, March 12 the Charles Wares drove to Detroit to watch the St. Patrick's day parade and later they attended the reception given by Irish Societies at the Veteran's Memorial building, Detroit.

At their regular monthly meeting which was held Monday evening March 13 the Wixom planners approved the plan for the new Lincoln workers credit union office on Wixom road. At present the CU transacts business in the UAW hall at Wixom but after the new building is finished they will have their own hall.

Mrs. Eugene Kohorst and her mother of Birch Park is flying to London on March 16. They will then fly to Hamburg, Germany where they will be met by her step sister and taken to Scheerlingen and Soltau. From there they will go to the south of France and Austria to visit her uncle and grandfather who is 92 years old. They will visit the Story Book Castle in Flossmoor and return home April 15.

Do You Know Where You Can Buy Hearts of Palm GOOD TIME PARTY STORE

GIRL SCOUT CHORUS--One of the highlights of the colorful Girl Scout birthday party held at the Northville community building Saturday afternoon was the performance of the Northville Girl Scout Chorus, a group directed by Mrs. Francis Jennings. Accom-

panist is Mrs. Fran Kontos. It includes last-year juniors, cadets and senior scouts. Mrs. Jennings is looking for more members as the group begins preparation for a district wide dinner here for adult leaders.

AAUW Plans Meet Tonight

The monthly meeting of the American Association of University Women will take place today at the Plymouth Community Federal Credit Union, 500 South Harvey at 7:45 p.m.

This month's program will be given by the legislative committee, whose chairman is Mrs. K. L. Hulsing, on the topic, "Legislation -- Applied and Pending."

Hostesses for the coffee hour are Mrs. Robert C. Gilmore, chairman, Mrs. Richard Blodgett, Mrs. Clarence Clemens, Mrs. Robert Friel and Mrs. Paul S. Robinson.

1-Card of Thanks

The family of Margaret White wish to thank neighbors and friends for their kindness during our bereavement. A special thanks to Rev. Stigelt.

The family of Mrs. Leta Sheer would like to express their sincere appreciation to their friends and neighbors whose kind thoughts and deeds made our sorrow easier to bear. We would like to thank the ladies of the New Union Methodist Church for their kind expressions of sympathy to our family.

Many thanks to the neighbors and friends of Loyal Miller who were so thoughtful during her illness and also for their kind expressions of sympathy to our family.

What's Cooking

Following is the Northville high school cafeteria menu for the week of Monday, March 20 through Thursday, March 23:

Monday - Chili, sandwich or bread and butter, relishes, pudding and milk.

Tuesday - Coney Island, brownie, potatoes, cole slaw, coconut cream pie, and milk.

Wednesday - Submarine, potato chips, cottage cheese and orange salad, rainbow sponge cake, and milk.

Thursday - Roast beef, mashed potatoes, gravy, buttered green beans, rolls and butter, Easter cup cake, and milk.

Friday - No school.

Alternate menu for these four days includes hamburger on bun, French fries, relishes, dessert and milk.

In addition soup and crackers together with a meat sandwich will be featured in the soup line.

Forensic Meet Set Saturday

Northville will host six other schools Saturday in the district forensic competition at Northville high school from 9 a.m. to 3 p.m.

School winners from Clarkson, Claremontville, Brighton, Bloomfield Hills, Cherry Hill and Stephenson, as well as Northville, will compete in the eight forensic categories.

Representing Northville will be: Christie Becker and Steve Hughes, declamation; Pam Smith and Virginia Round, girls extemporaneous speaking; Gary Becker and Mike Conley, boys extemporaneous speaking; Debbie Forsyth and Merri Hart, interpretative reading.

Jack Crawford and Kurt Kinde, humorous reading; Glenn Delbert, Steve Jordan, Bill Sliger, Caroline Collocott, Barbara Bogart, Allison Lytle and Brian Tabor, multiple reading; John Bunn and Sue Bosack, radio, and Doug Swiss and Roger Kline, oratory.

Miss Florence Panattoni is the director of forensics. Assisting her is Mrs. Sylvia Torma.

She's Delegate To Convention

Connie Tegge, daughter of Mrs. George Tegge of Franklin road was a delegate from the University of Michigan to the Michigan Federation of college Republicans convention held in Grand Rapids, Michigan, March 11-12.

Miss Tegge is on the executive board of the University of Michigan Republican club.

Robert H. Smart, son of State Representative Clifford Smart, was elected chairman of the Michigan Federation of college Republicans club before being elected to the state post.

Attending the convention were over 600 delegates from most Michigan colleges.

Dahl Receives U-M Diploma

Raymond Dahl, son of Mr. and Mrs. Arthur Dahl of Salem road, graduated recently from University of Michigan medical school.

He has been accepted for internship at the Indiana university medical center. His internship is in surgery.

Dahl is married to the former Barbara Krueger and they have one son Raymond Jr., eight months.

They are to live in Indianapolis. Both are graduates of Northville high school.

Sedlar Tapped For Board

William Sedlar of 1995 Wixom road was appointed to the board of review at a special meeting of the Wixom city council, held specifically for that purpose last week Tuesday.

Sedlar was named to replace Melvin Van Amberg, who declined the position due to business commitments.

The board of review has one annual meeting date remaining this year - March 28, from 1 - 5 and 7 - 9 p.m.

Seven Collegians Get MSU Degrees

Michigan State university awarded degrees to 1,174 students, including seven from Northville, at its winter commencement exercises Sunday in the MSU auditorium.

Northville graduates included Stephen A. Judy of 304 Lake, bachelor of arts in general marketing; Mary Lou Malatesta, 38044 Tralee Trail, bachelor of arts in speech; Karen E. Peterson, 19550 Fry road, bachelor of arts in retail text and cloth; Eta C. Rutan, 840 Grace street, bachelor of arts in social science teaching; Carol A. Cowell, 531 Reed, bachelor of arts in special education (with honors); Richard L. Woboril, 320 High street, bachelor of arts in general business administration; and Charles W. Bethea of Maybury Sanatorium, master of arts in history.

Graduates included 80 doctoral candidates, 373 master's candidates and 680 bachelor's candidates. An additional 31 graduates received the doctor of veterinary medicine degrees, and 10 received educational specialist degrees and diplomas for advanced graduate study.

Dr. O. Meredith Wilson, president of the University of Minnesota, delivered the commencement address and received the honorary Doctor of Laws degree at the ceremony.

Novi Justice Court

A 20-year-old Livonia youth was fined \$50 for driving a car south on Wixom road without a driver's license. He explained that he never had a driver's license, reports revealed.

For driving a vehicle with a defective exhaust, Samuel F. De La Rose, 45, of Walled Lake, was assessed \$20 costs. He was cited as he drove south on Novi road near the intersection of Grand River and Novi road. On the following day, March 7, Ochen was ticketed for the same offense on Eubank street and South Lake drive.

He was arraigned the same day, March 7, before Justice Robert K. Anderson and pleaded guilty to both charges.

Hauled into court for furnishing beer to minors, including Ochen, was Richard C. Dunn, 25, of Farmington. He pleaded guilty to the charge and paid a \$20 fine for the infraction at the intersection of Novi road and Grand River.

John J. Laszlo, 19, of Detroit was also picked up for having liquor in his possession on Eubank and South Lake drive, along with Ochen. Laszlo was slapped with a \$35 fine.

Terry Maxine, 22, of Dearborn was also fined for aiding and abetting minors in acquiring liquor. He was fined \$25 for the infraction that was detected on 11 Mile road west of Taft road in Novi.

Ronnie L. Blackburn, 19, of Willis was fined \$50 for driving a car south on Wixom road without a driver's license. He explained that he never had a driver's license, reports revealed.

POSTER PAINTERS—Members of the Cavern, (l-r) Peg Tilkko, Kathy Lister and Gail Wilcox, prepare posters for this Saturday's dance, billed as the biggest one yet. Bob Seger and the Last Heard, well known for their renditions of "East Side Story" and

"Prosecution Smith," will be featured. Sponsored by the Northville Mothers Club, the dance will be held from 8 to 11:30 p.m. at the "junior high boys" gymnasium (Community building). Admission for members of The Cavern is \$1 and \$1.50 for non-members.

Novi Board to Air Teacher Contracts

A special meeting of the Novi board of education for the consideration of teacher recommendation and appointments is planned for next Wednesday.

At that time, the board will review records of teaching personnel and decide which teachers should be offered new contracts. Superintendent Tom Dale has noted that probationary teachers must be given 60 days notice if they will not be re-employed.

Next Tuesday, board negotiating representatives will meet with teachers, at the request of the teachers, to discuss salary proposals for the new year.

Two other items which were on last

week's agenda may or may not come up again next week. They include a proposed policy for driver training and a recommendation by Dale for reappointment of the three Novi principals and a decision as to their 1968-69 salaries.

Concerning the 1967-68 budget, Superintendent Dale noted that it must be submitted to the county tax allocation board by April 17, meaning tentative board approval should be made at the April 12 meeting.

"We will not actually know where we stand in regards to the budget," he said, "until we know the state aid formula for 1967-68 and the valuation of the district."

In Northville School District

New Bus Policy to Start Soon

A controversial school bus transportation policy, adopted recently by the Northville board of education, will go into effect shortly after Easter.

Recommended for adoption by a special board committee which drew it up after lengthy study, board members who subsequently adopted it are hopeful that it will eliminate "patchwork" scheduling and promote safer, more economical transportation.

Parents of certain subdivisions in the school district, however, have already voiced their strong disapproval of parts of the policy that curtail the number of stops in their neighborhoods and in some cases that eliminate pre-

sented bus runs altogether.

Specifically, the section that says "buses shall not turn around in private driveways" for encounter situations where backing up to turn around shall become a regular part of the route" is objectionable to them because it means present runs of this kind will be discontinued.

Furthermore, in some cases the section states there shall not be more than four stops per mile with clear vision at least 500 feet in either direction of the bus.

Board members, who point out that the policy will eliminate the patchwork of irregular scheduling that now exists,

contend that elimination of "back-tracking" will make for safer transportation of children while reducing the amount of time that children must spend riding buses.

Furthermore, they emphasize that the policy adheres to the rules set down by the state for qualification for state school bus aid.

Under the policy, persons wishing special consideration for deviations from these regulations must appeal to the superintendent of schools or his administrative assistant — not the board of education nor school bus drivers.

Deviations can be made only upon the written approval of the superintendent or his assistant.

Following is the statement concerning routing of buses:

"Recognizing that drivers' visibility is limited and the safety of children on and off buses is paramount, bus routes shall be established so that buses do not travel dead-end roads. Buses shall not turn around in private driveways nor encounter situations where backing up to turn shall become a regular part of the route.

In other board action last week, members (Arthur Heslip and Russell Taylor were absent) approved the following building changes and costs for the high school addition:

Girls restroom partition and door, \$765.14; drinking fountain in the commons area, \$407.77; modification of the girls locker rooms, resulting in a deduction of \$50; and provision for hook-up of a safety cabinet in the chemistry laboratory, \$643.05. Total cost is \$1,765.96.

Concerning a recommendation of the superintendent, Tom Dale, to appoint John Osborne as the high school athletic director, the board agreed that Osborne is a logical choice but the deferred action pending a decision as to the additional salary required for the post.

Presently, Principal Gerald Hartman is acting as the athletic director.

Dale suggested the following as the duties of the director: Scheduling and control of athletic events; engaging referees, umpires, gatekeepers, ticket sellers, etc.; supervising eligibility lists; representing the district at league meetings; recommending budgets and requisitions to the principal; keeping records of athletic participation; conducting meetings with athletic and physical education staff members to coordinate activities; and preparing an annual report of physical education and athletics.

Concerning sports reports, Dale noted that Hartman had prepared figures showing that during the 1966-67 season, income exceeded costs by \$211. Income from admissions totaled \$539.15 and expenses (cost for officials) totaled \$328.

Takes Sales Course

Ed Welch, who recently joined the John Mack Ford agency as a salesman, completed a Ford marketing institute course given at Fairlane in Dearborn.

Back Seat

The expression "take a back seat" started in England, where those members of Parliament who belong to the majority party get the front seats and those in the minority are left with the back seats.

established school board policy and state laws. Secondary school students may be expected to walk a maximum of one mile to a bus stop or pick-up location. Elementary school students may be expected to walk at least a half-mile to the point of pickup.

"Kindergarten children may be picked up at their home and returned there if they are transported upon a bus for which that particular run is exclusively for kindergarten children."

The school board's position as regards bus transportation can be summed up in these two policy statements:

"The school board, charged with prudent use of taxpayers' money to provide an educational system in the district, considers that transporting students is a privilege offered to a portion of the student population."

"This service shall be provided by the board of education to those eligible students as economically as possible."

They scored 809 points against 570 for their opponents, a per game margin of victory of 34-38 or 16 points.

They were 6-1 against Wayne-Oakland Conference competition, a mark that augurs well for Northville's future in the league.

Against tough outside competition, the frosh were 2-1, beating Belleville, a class A school, and splitting with Willow Run, a hot-bed of basket ball.

Northville's Jim Zayti is reaping the rewards of a season well played. A string of honors are being thrown his way.

He became recognized as one of the top 20 players in class B in the state when the Detroit Free Press named him to the sixth team Sunday.

Other honors garnered by the Mustang captain include:

—Wayne-Oakland Conference first team, selected by the league's coaches.

—Oakland county class B first team, selected by the Pontiac Press.

—Most valuable player on the Northville squad, voted by his teammates.

A senior, Zayti was the Mustangs captain and leading scorer this year with a 16-point average. This marks the second year that he has lettered in basketball.

Named to the all-league second team was Junior Jim Peterson. He was the second leading scorer on the Mustangs with a 14.6 average.

Other members of the W-O first team were Dan Fife of Clarkston, Greg Ayerhardt of Holly, Bruce Hall of Bloomfield Hills and Ron Ray of Clawsonville.

Besides Peterson, other members of the second team were Mark Giegler of Milford, Larry Lamotte of Brighton, Randy Nicholson of Clarkston and Mark Wellman of Brighton. Peterson, a junior, and Giegler, a sophomore, are the only two underclassmen on the first and second teams.

Guard Ken Boeger, a junior who climbed into a starting position during the latter part of season, was chosen by his teammates as the most improved player on the local squad.

Guard Joe Andrews was picked as captain of next year's team.

In the free throw department, Shertzer had the highest percentage, 65.6 on 21 of 32 attempts. Other regulars hitting for 50 percent and better were Hubbard with 54.8 on 17 of 31 shots, Mills 53 percent on 25 of 47 tries and Holdsworth with 50 percent on eight of 16 attempts.

These cagers, plus an eager group of back-up men, including Dave Veresh, Dave Cose, Bruce Griggs, Dale North, Dave Johnson, Jim Penrod, Rex Balke and Will Solinoer, will figure prominently in the fortunes of next year's Jayvee squad.

The championship game of the NCAA basketball tournament can be seen on channel 2 (WJBK), starting at 8:30 p.m. Saturday night.

But it was doubtful, as of Tuesday, whether the high school basketball finals will be televised on channel 50 as they were last year. That's the word from Larry Adlerly of the WKBD sports department.

The problem, arising from a unique situation, is simple enough: lack of sponsors. According to Adlerly, beer and cigarette companies, prime sponsors of sporting events, are prohibited by state law from sponsoring the telecast of high school sporting events.

But channel 50 is not giving up. Adlerly said. Attempts to secure a sponsor will be made through Friday.

Three separate classes will be conducted each evening, 7 to 7:40, 7:50 to 8:30 and 8:40 to 9:20, at Gallimore elementary school on Sheldon road, just south of Joy road.

Interested persons, ages 14 and over, may register prior to the first class. Information about registration procedures may be obtained by telephoning the department at GL 3-3100, Extension 4.

JV Cage Coach Savors Future

Contemplating the future can be delightful, especially when you're a high school basketball coach and there are some talented youngsters coming up.

That's the enviable position Northville JV Coach Bob Kucher and Varsity Coach Dave Longridge find themselves in. They can sit back and savor the future of this year's cagers on the freshmen basketball team.

Kucher will get them first, and he recognizes they're above average in potential. "They have quick, good instincts," the Jayvee coach stated, "natural instincts, not mechanical."

Under Coach Dave Madden, the frosh posted a 13-2 record, using those "natural instincts." A closer look at their record, however, reveals more than the season record does.

They scored 809 points against 570 for their opponents, a per game margin of victory of 34-38 or 16 points.

They were 6-1 against Wayne-Oakland Conference competition, a mark that augurs well for Northville's future in the league.

Against tough outside competition, the frosh were 2-1, beating Belleville, a class A school, and splitting with Willow Run, a hot-bed of basket ball.

Northville's Jim Zayti is reaping the rewards of a season well played. A string of honors are being thrown his way.

He became recognized as one of the top 20 players in class B in the state when the Detroit Free Press named him to the sixth team Sunday.

Other honors garnered by the Mustang captain include:

—Wayne-Oakland Conference first team, selected by the league's coaches.

—Oakland county class B first team, selected by the Pontiac Press.

—Most valuable player on the Northville squad, voted by his teammates.

A senior, Zayti was the Mustangs captain and leading scorer this year with a 16-point average. This marks the second year that he has lettered in basketball.

Named to the all-league second team was Junior Jim Peterson. He was the second leading scorer on the Mustangs with a 14.6 average.

Other members of the W-O first team were Dan Fife of Clarkston, Greg Ayerhardt of Holly, Bruce Hall of Bloomfield Hills and Ron Ray of Clawsonville.

Besides Peterson, other members of the second team were Mark Giegler of Milford, Larry Lamotte of Brighton, Randy Nicholson of Clarkston and Mark Wellman of Brighton. Peterson, a junior, and Giegler, a sophomore, are the only two underclassmen on the first and second teams.

Guard Ken Boeger, a junior who climbed into a starting position during the latter part of season, was chosen by his teammates as the most improved player on the local squad.

Guard Joe Andrews was picked as captain of next year's team.

In the free throw department, Shertzer had the highest percentage, 65.6 on 21 of 32 attempts. Other regulars hitting for 50 percent and better were Hubbard with 54.8 on 17 of 31 shots, Mills 53 percent on 25 of 47 tries and Holdsworth with 50 percent on eight of 16 attempts.

These cagers, plus an eager group of back-up men, including Dave Veresh, Dave Cose, Bruce Griggs, Dale North, Dave Johnson, Jim Penrod, Rex Balke and Will Solinoer, will figure prominently in the fortunes of next year's Jayvee squad.

The championship game of the NCAA basketball tournament can be seen on channel 2 (WJBK), starting at 8:30 p.m. Saturday night.

But it was doubtful, as of Tuesday, whether the high school basketball finals will be televised on channel 50 as they were last year. That's the word from Larry Adlerly of the WKBD sports department.

The problem, arising from a unique situation, is simple enough: lack of sponsors. According to Adlerly, beer and cigarette companies, prime sponsors of sporting events, are prohibited by state law from sponsoring the telecast of high school sporting events.

But channel 50 is not giving up. Adlerly said. Attempts to secure a sponsor will be made through Friday.

Three separate classes will be conducted each evening, 7 to 7:40, 7:50 to 8:30 and 8:40 to 9:20, at Gallimore elementary school on Sheldon road, just south of Joy road.

Interested persons, ages 14 and over, may register prior to the first class. Information about registration procedures may be obtained by telephoning the department at GL 3-3100, Extension 4.

Northville

Northville

Northville

Northville used the same defense—the zone—to whip Belleville, 31-11. "The zone bothered them," Madden said.

It permitted Northville to come back from a seven point deficit and tie the game at halftime. In the second half, the frosh poured it on, outscoring Belleville in the final two periods, 10-7 and 12-5.

Northville's only loss against seven league opponents came at the hands of West Bloomfield when Coach Madden described as Northville's "worst game." West Bloomfield won, 53-52.

A disastrous first half made the difference. West Bloomfield, capitalizing on a late Northville defense, raced to a surprising 48-31 halftime lead. Northville battled back to make a game

of it, but fell one point shy.

In the previous encounter with West Bloomfield, the local frosh trounced the little Lakers, 68-36. Other league teams got the same treatment as Northville whipped Brighton twice, 62-46 and 62-38. Milford, 40-36 and 45-32, and Clawsonville 37-26 and 68-22.

Conspicuous for their absence on the frosh schedule were Bloomfield Hills and Clarkston, the two class A schools in the conference who annually put out two of the stronger teams in the league. Games with them would have provided another indicator of the potential of this year's freshmen.

Two other opponents the freshmen faced — and beat each of the two times they faced them — were Novi and Milford Highland. According to Coach Madden, Novi was the most improved team Northville played this year. His record came on the heels of a 75-52 victory, in which Novi came back from a 20-point deficit and scrapped for the lead in the fourth quarter, forcing Northville to play heads-up ball to win.

Northville won the first game by a decisive 60-29 margin.

Pacing the Northville scoring attack was Ron Hubbard, a 5'11" forward. He tallied 172 points during the season for an average of 11.5 points per game. He was also strong on the boards and rates high as a corner.

Providing beef and muscle under the boards was Center Marc Sheffer, 6'2" and about 180 pounds. He was second high in scoring with 153 points or a 10.2 per game average.

Although he didn't score consistently high, Brian Myers, a 5'10" forward, was a vital cog on the Northville squad. He is being hailed as a "strong rebounder and good defensive player," who, if he develops as a scorer, could be tops in later years.

Three 5'9" guards ranked as the number three, four and five scorers, indicating there is no lack of punch in the back court. They are Terry Mills (25 points and an 8.3 average), Rich Adams (103 points and 6.9 average) and Fred Holdsworth (69 points and a 4.5 average).

In the free throw department, Shertzer had the highest percentage, 65.6 on 21 of 32 attempts. Other regulars hitting for 50 percent and better were Hubbard with 54.8 on 17 of 31 shots, Mills 53 percent on 25 of 47 tries and Holdsworth with 50 percent on eight of 16 attempts.

These cagers, plus an eager group of back-up men, including Dave Veresh, Dave Cose, Bruce Griggs, Dale North, Dave Johnson, Jim Penrod, Rex Balke and Will Solinoer, will figure prominently in the fortunes of next year's Jayvee squad.

Northville Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Pro-Tem Canterbury on Monday, February 6, 1967, 8 p.m. at the Northville City Hall.

Present: Black, Canterbury and Nichols. Absent: Allen (on vacation), Carlson (at Beautification Convention).

Minutes of the Regular meeting of February 6, 1967 and Special Meeting of February 13, 1967 were approved as printed.

Moved by Nichols, supported by Black that bills in the following amounts be paid:

General \$183,984.35
Water \$169.00

Unanimously carried.

Communications:

Letter received from Gordon L. Thomas, Chairman of Mayor's Exchange Day and Michigan Week, relative to drawing of cities on February 22.

Letter from W. Wallace Nichols, resigning as a member of the Northville City Planning Commission.

Councilman Canterbury stated that Mr. Nichols had served loyally and faithfully on the Planning Commission and he could appreciate Mr. Nichols' views as stated in his letter of resignation.

Moved by Black, support by Canterbury to accept Mr. Nichols' resignation from the Planning Commission and to extend Council's thanks to Mr. Nichols for his long and faithful service on the Planning Commission. Unanimously carried.

Mr. Canterbury said he has 2 letters which he would like to have read but this could be done after the agenda matters had been discussed and decided.

Minutes of the Northville City Planning Commission of February 14, 1967 were placed on file.

Police Report for January, 1967 was placed on file.

Approval of Liquor License application for Northville Cocktail lounge.

City Manager requested that this be postponed until Special meeting (possibly February 27) or regular meeting of March 6, 1967 as the report necessary for council's consideration had not been received from Lansing.

Mr. Gadola stated he would go along with the postponement. Mr. Canterbury felt this postponement was a wise move as only 3 of the 5 council members were present.

Mrs. Audrey Becker, 543 Duvar street, was in attendance to read petitions to council requesting denial of the liquor license for Northville Cocktail Lounge located at 132 S. Center Street.

Mrs. Becker explained she had read about this application and had prepared petitions and circulated them and had also written a letter to Mr. Gadola stating that she and other parents feel that presently Northville Lanes is a fine place for young people to go for recreation. Mrs. Becker asked that if this matter was not discussed at the current meeting that she would appreciate being given an opportunity to speak to the above members of the council at a meeting when this matter does appear on the agenda (this to appear on March 6th agenda). The attorney is to determine whether the matter to be approved by Council, or disapproved, is the licensing of the establishment or the proprietor.

Attorney's Report on Northville Heights Sub. #2 drainage.

Mr. Ogilvie reported that the Novi attorney, Mr. Bond's, opinion was slightly different from that of Mr. Ackley's as to the water flow on the city limits line. Mr. Ogilvie believes that assistance can be obtained from Mr. Bond and Mr. Ackley in this regard. City Manager stated that the problem is already worked.

Mr. Doug Horst, resident of Northville Heights Sub. #2, was present and stated that the dike erected by Northville DPW restricts the view of residents as to children playing in this area.

Mayor-pro-tem Canterbury asked that the attorney have a report on this matter for the March 6th meeting and that the city manager be present with information before that date.

Public Hearing for Adoption of Beautification Ordinance.

The Clerk read the ordinance as it was published in the Northville Record. Moved by Nichols, support by Black to adopt the Beautification Ordinance, this to be effective 10 days after publication. (Ordinance on file). Unanimously carried.

Set Date for Public Hearing for Amendment to Zoning Ordinance on Rear and Side Yard Requirements.

Moved by Black, support by Nichols, to set the date for Public Hearing to consider the adoption of amendment to Zoning Ordinance relative to Rear and Side Yard Requirements for Monday, March 6th, 1967, 8:00 p.m., at the Northville City Hall. Unanimously carried.

Joint Incinerator Study Committee Report

The city manager reviewed the background of this committee and said he felt there would be an acute need for this incinerator within the next five years. City Manager asked for authorization to meet with Detroit House of Correction authorities and other officials of the city of Detroit to explore the possibility of the DeHoCo site as a potential site for an incinerator.

Unanimously agreed by all council members present that the city manager pursue the above matter.

Purchase Agreement on W. Main street Property, Lot 202, Assessor's Northville Plat #2.

The city attorney reviewed the figures concerning the purchase of the Lot 202 of Assessor's Northville Plat #2 (Buna property) and was instructed to present a purchase agreement to the council at the March 6, 1967 meeting.

Cancel Public Hearing on Ordinance Adopting Minimum Employment Standards of Michigan Law Enforcement Officers' Training Council, as set for March 5, 1967.

The Mayor Pro-tem explained why it was unnecessary to hold the Public Hearing to adopt an ordinance concerning minimum employment standards for police officers but explained that this could be done by resolution and still qualify for possible reimbursement of funds for police schooling. (This resolution adopted at the Feb. 13th Special meeting).

Moved by Nichols, support by Black to cancel this Public Hearing. Unanimously carried.

Discussion of Motor Vehicle License Office in Northville.

The city manager explained that Mr. Paul Folino had written to the Secretary of State's office asking that he be appointed manager of the Northville Branch and had received the reply as has been presented to Council. Mr. Folino again contacted the Deputy Secretary and was told that the negative reply was final at this time. The city manager was instructed to draft a diplomatic but firm letter to the Secretary of State presenting the view of the Northville City Council—that this office would be advantageous to our citizenry; that there are few branches in the area and that the city council would very much like a branch re-established in the city of Northville.

Discussion of Remuneration for Assessment Program advisors.

City manager reported that Jim Cutler, Charles Clark and Harold Penney completed their work on the re-assessment program. He recommended a maximum of \$10 per hour and a minimum of \$5.00 per hour.

Moved by Black that \$5.00 per hour be paid for Assessment program advisor's work. Motion died for lack of support.

Unanimously agreed that City Manager would pay \$8.00 per hour for this work. Councilman Canterbury suggested that in the future, City Manager have firm agreement, in advance, relative to remuneration or rates of pay for work to be done.

Ordinance Amendment for Construction Water Rates.

City manager explained that the error was made last fall when the amendment for Detroit water rates was adopted. There have been complaints from several contractors on the present construction rates. A letter was read from the Water Department, presenting rates from three neighboring communities. The city manager recommended the following rates:

Up to 1" line—Flat rate of \$10.00, payable with building permit.

Up to 1 1/2" line—Flat rate of \$30.00, payable with building permit.

Up to 2" line—Flat rate of \$50.00, payable with building permit.

After 6 months, an additional payment of \$10.00.

Attorney was instructed to draft a resolution naming people and amounts to be rectified for their previous water construction billings under the present amended ordinance.

Ordinance to be drafted and presented for March 6th meeting.

Mayor pro-tem Canterbury asked the Clerk to read two letters, one addressed to the Northville School Board, dated February 18, 1967 (in the absence of Mayor Allen), and a reply from the Northville School Board, signed by President Wm. Becker, dated February 19, 1967; both letters relative to the matter of bus vandalism and disciplinary action taken regarding vandalism.

There being no further business, the meeting was adjourned at 10:20 p.m.

Respectfully submitted
Martha M. Milne City Clerk

Our Legislators Report....

The first of a series of district-wide conferences on major federal problems and legislation will be kicked off by Congressman Marvin L. Esh tomorrow (Friday).

Residents of Northville township and Plymouth are invited to visit Esh and discuss these matters with him at a meeting in the Mayflower Hotel, 827 West Ann Arbor road in Plymouth, between 10 and 11:30 p.m.

Unanimously agreed by all council members present that the city manager pursue the above matter.

Purchase Agreement on W. Main street Property, Lot 202, Assessor's Northville Plat #2.

The city attorney reviewed the figures concerning the purchase of the Lot 202 of Assessor's Northville Plat #2 (Buna property) and was instructed to present a purchase agreement to the council at the March 6, 1967 meeting.

Northville 4-H'er Eyes Iowa Trip

Three dozen Oakland county 4-H Club members, including a Northville high school boy, will spend a week with individual families in Black Hawk county, Waterloo, Iowa this summer—provided they raise the nearly \$5,000 needed for travel expenses.

Among the 36 delegates and three alternates who will make the trip beginning about July 6 are Neil Balke son of Mr. and Mrs. Howard Balke of 5270 West Eight Mile road, Douglas Canfield of New Hudson and Larry Kenworthy of Farmington.

Howard, 15, is a sophomore. In Iowa the young people will spend a week in homes of individual farm or urban 4-H members in order to better comprehend similarities and differences in their daily lives.

A return visit from Iowa 4-H members will be hosted by the Oakland county clubs next September.

Delegates were chosen from among 4-H members who applied on the basis of their achievement records. Emil Pimbleger, Oakland county's cooperative extension agent, and three mothers will serve as advisors on the trip.

Cost to delegates will cover transportation, food and housing along the way.

To help offset this cost, 4-H'ers are busy selling candy. In addition, plans are underway for a beef sale and an old-fashioned auction of vintage automobiles ranging from horse collars to antiques.

Persons wishing to donate items for the auction are asked to call Neil Balke at 349-0968 before April 4.

Neil Balke

RE-ELECT

WALLACE NICHOLS

City Councilman

YOUR VOTE WILL BE APPRECIATED

MONDAY, APRIL 3

McCollum Opens New Pharmacy

George McCollum, owner of Novi Rexall Drug store, has opened a professional prescription pharmacy in Walling Lake at 707 Pontiac Trail.

Called Colonial Pharmacy, the new business is operated jointly by McCollum and Robert Fowler. It is located in the Walling Lake Discount House building.

McCollum will divide his time between the two businesses.

CHEVY'S BONANZA SALE

Watch Lorne Greene, star of Chevrolet's "Bonanza", each Sunday night on NBC-TV.

A Different Kind of Sale You Can't Afford to Miss

Some sales offer stripped down, bottom-of-the-line cars at low prices. But look what your Chevrolet dealer's offering during March. Five popular accessories and options on a handsome Impala V8 Sport Coupe, or if you prefer, a 2-Door or 4-Door V8 Bel Air Sedan. And best of all, you're getting the car you want at a price you can afford in plenty of time for traveling this summer. Just check the extra low price with your dealer. Hurry.

You pick the car now and we add the extras. Every sale car comes with five handsome whitewall tires, four dressy wheel covers, bumper guards for the front and rear, two handsome wraparound lights for the front fenders and even a pushbutton AM radio. You'll notice, every option and accessory in the package is there to make the car you choose more luxurious, more finished.

For even more enjoyment, specify these: Order power steering and power brakes and your Chevrolet dealer includes them at a special Bonanza Sale package savings. If you've never had power steering and power brakes, now's your chance.

BONUS—BONUS—BONUS! While the Sale is on, you can order Chevrolet's big 275-hp Turbo-Fire V8 engine together with Powerglide and save yourself a bundle. Both the engine and the Powerglide come specially priced.

Truck buyers—You save now, too! Need a pickup? Look what your dealer has in store for you. A handsome half-ton Fleetside pickup (Model CE1034) with 175-hp V8, a pushbutton radio, chrome hubcaps and custom appearance and comfort items all wrapped up in one low-priced Bonanza package.

Bonanza Sale Days Are Slipping by Fast. Hurry Down to Your Dealer's Now!

News About Schoolcraft

Eleven students, all but one a freshman, were invited into the Omicron Iota chapter of Phi Theta Kappa, national honorary scholastic society, at Schoolcraft College in ceremonies Sunday (March 5).

Among the students inducted into the society since the chapter was chartered last fall was Theodore A. Jacques, 19, 21551 Napier road.

The ceremonies were directed by Dr. Ralph Atchley, chemistry instructor at the college and faculty sponsor of the chapter. Alan Tope, one of the charter members inducted into the society last fall, presided.

Immediately after the induction, new officers were installed. They are: William Pfeiffer, president; Thomas Doyle, vice-president; Linda Antonelli, secretary; Lynda Herndon, treasurer; and Steven Moore, council member.

A reception for the inductees, parents and friends, and faculty and staff members of the college followed the ceremony in the Waterman Center.

From future airlines hostesses to future zoologists, a record number of students are enrolled in 45 specific curricula at Schoolcraft for the winter semester now underway.

According to official figures released this week by College Registrar Norman E. Dunn, winter semester enrollment reached 3,078 for the term which began January 30, and which ends April 30.

Of the 3,078 students, most—1,822—are enrolled in the first two years of study programs leading to a bachelor's degree at a senior college.

This group is enrolled in specific curricula, including the professions, teaching, and liberal arts.

Another 1,256 students are enrolled in 54 different one- and two-year career oriented programs. The group includes 188 students in the college's new apprenticeship program, which this semester is providing classroom instruction in 13 different occupational areas.

Although the winter term enrollment reflected a normal second-semester drop from the record fall term figure of 3,188, the second semester decrease was not as great as in previous years at the college, Dunn's figures showed.

For example, the between semester enrollment drop-off in 1964-65 was slightly more than 13 percent. This year, drop-off had shrunk to less than 3.5 percent.

Dunn's figures also show 1,528 full-time students enrolled this semester, and 1,549 other students taking less than a full-time classroom load. The campus population includes 2,071 residents of the college district, and 1,007 who live outside the district, but who take college level courses at Schoolcraft.

Statistically speaking, at least, the college is still a co-ed's delight: men students outnumber women students 1,397 to 1,141.

Most Schoolcraft students attend day classes.

10 Mile Accidents Injure 2 Women

A one-mile strip of 10 Mile road in Novi was the scene of two separate collisions last Thursday in which two women were injured. An injured man declined medical treatment, police reported.

Mrs. Beverly McDaniel, 34, of South Lyon and Mrs. John K. Cool, 36, of Farmington both sustained head and leg injuries and were taken to St. Joseph General Hospital, Farmington. They were treated and released.

The first accident happened around 9:42 a.m. at the intersection of 10 Mile and Haggerty roads. Kathleen Cool-

ey, 20, of Plymouth was ticketed with failing to yield the right of way.

As she was driving north on Haggerty road, she told Novi police, she stopped at the intersection with 10 Mile road and proceeded ahead, when the car she was driving was hit from the side.

Driver of the other car was Mrs. McDaniel. She told police she was traveling east on 10 Mile road at about 50 miles per hour (the posted speed limit) when the Coolley car pulled out. Police said Mrs. McDaniel's car skidded 48 feet after she had braked trying to avoid the collision.

The second accident occurred around 2:45 p.m. at the intersection of 10 Mile and Meadowbrook roads.

James F. Ratliff, Jr., 20, of Pontiac told police he was driving a pickup truck south on Meadowbrook road, stopped at 10 Mile road, and proceeded across when a car slammed into the truck from the side.

Driving it was Mrs. Cool. She was ticketed for failing to yield the right of way.

Upon impact, according to Novi police, the car driven by Mrs. Cool skidded across the intersection, over a curb and bounced off a telephone pole. The ladder stop the pickup truck came down on the roof of the car, caving it in and totaling the car, police reported.

Ratliff and a passenger, Michael Ewell, 20, and also of Pontiac were thrown from the truck, which spun around twice before coming to rest on 10 Mile road. On the first spin, police said, Ratliff was thrown across Ewell and out the door. On the second spin, police said Ewell was thrown onto 10 Mile.

Although Ewell's arm was swollen badly, he refused medical treatment, police reported. They suspected broken arm.

Farm Bureau Representatives Visit Capitol

Nearly 100 county Farm Bureau legislative leaders, including two from this area, carried current farm issues directly to their Congressmen when they flew to Washington, D. C. Monday for a three-day visit.

The local representatives were Edward Erwin of Novi and Mrs. J. Champion of Wilson.

A portion of those who made the trip - including Erwin - were designated as "legislative spokesmen," persons picked to represent farmers of their counties and districts and selected to speak for them in visits with Congressmen.

One issue discussed is the rising level of dairy imports into the United States. Another issue of concern discussed is Senate Bill 109, the unfair practices bill aimed at protecting the right of farm producers to join marketing and bargaining cooperatives without fear of reprisal from processors or other buyers.

FAREWELL PARTY—Eighty-five friends and fellow educators paid tribute to E. V. Ellison and his family Friday night at a dinner held at Thunderbird Inn. Ellison recently resigned after 28 years in the Northville school system and accepted a post as assistant superintendent in the Crestwood school district. Presentations included a wrist watch, luggage

and an engraved plaque from the Teachers Club. Many former and retired Northville teachers and administrators as well as present faculty members attended the affair. They included Dr. Kenneth McLeod, now of Adrian college, Fred Stefanski of Schoolcraft college, Mr. and Mrs. L. Gene Quay, now of Sparta, and Russell Amerman, former superintendent.

W. B. Heffner Gets New Post

W. B. Heffner Jr. of 21000 East Chigwood drive was transferred on March 1, from the Western Electric Detroit area installation office to Western's Michigan distribution center at 909 North Sheldon road.

As production manager he will have charge of approximately 500 employees performing repair functions on communications equipment returned by the local Michigan Bell Telephone company installation organization.

Heffner, who came to the Detroit area installation in November 1965, attended Hillsdale high school and later Newark College of Engineering, Newark, New Jersey where he earned his BS degree in mechanical engineering.

Heffner started his career with the company as an installer in 1946 in the Newark, New Jersey area. After this assignment he held various assignments as an engineer and supervisor in the systems equipment engineering organization in Newark, New Jersey. Just prior to his transfer to Michigan, he was assistant superintendent of college relations and training for service division in the west and was located in Sunnyvale, California.

He and his wife, Marjorie, have four children; Glen 16, Leigh 14, Janis 13 and Donn 11.

Political Overexposure May Scorch Romney

LANSING — Overexposure can be fatal to politicians as well as sunbathers and camera film.

Within the past decade, several presidential hopefuls have discovered this too late to avoid it.

Living in Michigan it is difficult to properly assess Romney's impact as a national figure. His press relations have not always been to his satisfaction, but have generally been very much in his favor.

National correspondents, especially the columnists who have been through countless campaigns, are a much tougher breed than the newsmen Romney deals with daily in Lansing.

Already, several national columnists are making predictions about the Republican nomination and the greater percentage do not give the nod to Michigan's chief executive.

On his recent tour westward, Romney returned greatly encouraged by the public response.

Response from the national press

Computers, used so heavily in the prediction of election outcomes even before all votes are cast, have not come into general use yet in predicting convention delegate preferences.

Even the next year, however, the science of political prognostication could conceivably include extensive use of mechanical brains to predict convention outcomes months before the delegate votes are cast.

With Romney's apparent penchant for coming out well against difficult odds, the national columnists now sticking their necks out and, indeed, computers betting against him could be proven wrong.

PROSPECTS for a decrease in the present \$3.75 auto fee to cross the

MacInac Bridge are considerably brighter this year than ever before.

On the one hand, the State Highway Commission is about ready to resell bonds on the remaining debt.

Machinery has been set in motion to have new bonds ready for the market any time there is indication a decent interest rate can be negotiated.

Officials are looking for the bond market interest rate to drop to 3 1/4 per cent. Bonds sold in 1952 to finance the \$100 million span carry a 4 1/4 per cent rate. Reselling bonds on the remaining debt would save the state about \$1 million annually in interest rates.

These fees, the lowest being that for a one-way auto crossing, have been a bone in the throat of Michigan lawmakers almost since the bridge opened in 1957.

Since the auto ferries once operated on the Straits of Mackinac have been sold, there is no alternative available to the general public wanting to travel between the state's two peninsulas.

Highway commission spokesmen have set no amount for any reduction made possible by a bond issue, but many people feel any decrease would be a step in the right direction.

ON ANOTHER FRONT, Wallace D. Nunn, Commission member from East Tawas, has gone on record saying he would support earmarking part of a proposed gasoline tax hike to retirement of the bridge bonds.

Putting more money into paying off the remaining debt, which stands at about \$98 million, would still enable a reduction in the toll fee, Nunn contends.

Emphasizing he spoke as an individual rather than as a member of the

get accepted at college is safe from the draft so long as his grades are good. And if he wants to go on to graduate school, he'll be safe there too.

Thus present Selective Service policy seems to favor "professional students", allowing them to postpone military service until they reach an age where they are much less likely to be called at all.

General Clark's commission recommendations continuing student deferments, but only until the youth is 24 years old or has received his bachelor's degree, whichever comes first.

Post-graduate students would be deferred only if they were training in professions considered essential to national security. Some people argue that the only way out of the student-deferment impasse is to institute universal military training with no exemptions. This idea makes sense and is worth serious consideration, but the nation is not yet ready to adopt it.

Defense Secretary McNamara and anthropologist Margaret Mead are among those who advocate compulsory national service for all young people — girls as well as boys.

— would be required to register at age 18 for a two-year draft. Registrants could state a preference between military service, hitch in the Peace Corps, or participation in other such federal programs as might be established by Congress. Chances of enactment of such a proposal this year, however, are slim.

Congress now has less than four months to decide what to do. If it can't agree by the end of June, the present draft law will have to be extended. And it would certainly be much wiser to extend it than to amend it hastily or scrap it in favor of a program providing for youth regimentation.

Meanwhile, we must live in a world sharply divided by different ideologies and by different concepts of what is right and what is wrong. Clearly we must have a strong military system, with all the manpower requirements that implies. This fact should spur us to devise a better and fairer draft whose impact on civil life and on the economy will be as constructive as possible.

SPEAKING for The Record

By BILL SLIGER

For a change-of-pace column this week there are bits of a variety of things heard, read or thought.

The name selected for the recently appointed community study committee has real merit, at least from a newspaper standpoint.

It's Committee for Area Progress, or "CAP" for short.

That's what we like about it. CAP fits nicely into a headline and easily into new stories, unlike such cumbersome titles as "Northville Area Economic Development Corporation".

If Northville police department ever wants a testimonial to its efficiency, Dave Biery's the boy.

The assistant manager of local branch of Manufacturers National Bank was the victim of a set of circumstances one morning last week that left him shaking.

It was one of those days for Dave. His wife was having car trouble. He wanted to give her a hand, but first he had to stop at the bank's drive-in branch and open the vault.

In a hurry and driving a borrowed car, Dave parked at the rear of the Botton street drive-in, left the car door open and ran into the bank.

While he went through the normal procedure for opening the vault, something happened to set off the burglar alarm, which rings at the police station but not at the bank.

Two minutes later as he ran from the bank headed towards the open-door car he was confronted by three gun-drawn policemen.

With his eyes crossed at the end of a gun barrel, Dave tried to explain that he worked at the bank.

"Don't move. Now turn around, raise your hands and put them against the wall," ordered Chief Sam Elkins.

While he was being frisked, the girls inside the bank were confused and upset by the commotion. Finally, they identified Biery and Chief Elkins, and his two speedy patrolmen apologized.

Biery's remarks weren't recorded.

By JACK W. HOFFMAN

He smiled and said, "Well, if it were me I'd just write a letter to the headquarters in San Antonio and ask to be transferred down there. If they have a position open they'll send for you."

The sneer on the sergeant's face should have tipped me off; it was just his way of giving a one-way ticket to the stockade for me.

Ever since that day when he'd accused me of "stealing" his girl in one of his drunken dreams things had been going badly for me. Like the time he accused me of having a foot locker out front of the barracks and stand it at attention. Did it in pretty good time, too, but he made me polish the latrine brass just the same. Said my latrine brasses were filthy.

I went to him with a suggestion: Sergeant, my wife is in the Air Force, stationed in San Antonio. What's the chance of getting a transfer to Fort Sam Houston at San Antonio? Isn't there something in military regulations that husband and wife can be stationed in the same place?

He assured me it could be done. Just write a letter, he said.

So I wrote the letter, carefully noting the outstanding qualities that had landed me a job in an infantry line company, sealed it in an envelope and sent it by special delivery to the commanding officer at Fort Sam.

A week past, then two weeks. I went to the sergeant. You sure the letter will, I asked hopefully.

"Sure, kid. You'll hear," he laughed, "you'll hear."

Finally, after about a month, the good sergeant sought me out. "Told you the letter would work," he said, "the captain wants to see you. You'll be on your way in no time."

Corporal Hoffman, reporting as requested, sir, I snapped, giving him my heels together and giving him one of those British salutes that sort of high-jumps to the forehead and then parades to the feet.

The captain didn't look up, just flung a wad of papers in his fist and then pitched them to my feet. "Pick them up, Private Hoffman, you'll be interested in something in his voice told me he was suffering a migraine or maybe in-

Readers Speak

Slaps City Street Snow Removal

To the Editor:

As I am a longtime resident here, I thought I would add my few words to the general gripes and comments about the city of Northville.

As I live on one of its main streets, I have a good general view about how they are taken care of. The going comment seems to be about the snow removal. I can comment on that, too. Everybody, everywhere is having trouble with it but I have yet to see the city crew of men breaking their backs to remove the snow or clean the streets.

During the last bad snow storm I saw city trucks come thru and spread salt on the street where I live but that is all I did see, except that the men who did have shovels simply pushed the snow over to the curb and let it pile up in front of the houses.

If the policeman who lives across the street from me had not gotten a ride with his own shovel he would not even have been able to get the police car in and out of his drive way.

The school buses had a bad time getting through and on this, one of the city's main thoroughfares, the cars were lined up, both ways, as far as I could see them; and the lines stood for many minutes at a time, for I stood in my front door and watched them. They could not get thru because of all the snow, slush and ice on the street.

While I am at it, I will also remark that the city council.

Teens Need Center

To the Editor:

Is Northville concerned enough with the whereabouts and the welfare of our teenagers to establish a place for them to socialize? These kids have no place to go just to relax and have a good time.

One solution to the problem of these "kids on the streets" might be to establish a teen center, similar to the YMCA of other communities, with recreational facilities for all teens. The Junior High school students particularly need some place to go. Sure, we've got problems in the high school, but think of how many more we'll have in the next 10-15 years. If these younger people aren't given some worthwhile activities and guidance now.

For the older teens, what about a teenager coffeehouse? This could be a place for socializing with light refreshments being sold. With strict rules and understanding it could both serve the teens of the community and be a money-making proposition.

Much credit is deserved by those who are making the Cavern Dances a great success, but, let's admit, they are no more than that - dances.

Those who attended received far more enjoyment for their price of admission than the culprits will from the money they sneaked from the wallets.

And incidentally, their performance was excellent.

Those who attended received far more enjoyment for their price of admission than the culprits will from the money they sneaked from the wallets.
