

# Speaking for The Record

By BILL SLIGER

For a change-of-pace column this week here are bits of a variety of things heard, read or thought.

The name selected for the recently appointed community study committee has real merit, at least from a newspaper standpoint.

It's Committee for Area Progress, or "CAP" for short.

That's what we like about it. CAP fits nicely into a headline and easily into news stories, unlike such cumbersome titles as "Northville Area Economic Development Corporation".

If Northville police department ever wants a testimonial to its efficiency, Dave Biery's the boy.

The assistant manager of local branch of Manufacturers National Bank was the victim of a set of circumstances one morning last week that left him staking.

It was one of those days for Dave. His wife was having car trouble. He wanted to give her a hand, but first he had to stop at the bank's drive-in branch and open the vault.

In a hurry and driving a borrowed car, Dave parked at the rear of the Fulton street drive-in, left the car door open and ran into the bank.

While he went through the normal procedure for opening the vault, something happened to get off the burglar alarm, which rings at the police station but not at the bank.

Two minutes later as he ran from the bank headed towards the open-door car he was confronted by three gun-drawn policemen.

With his eyes crossed at the end of a gun barrel, Dave tried to explain that he worked at the bank.

"Don't move. Now turn around, raise your hands and get out of the wall", ordered Chief Sam Elkins.

While he was being frisked, the girls inside the bank were confused and upset by the commotion. Finally, they identified Biery and Chief Elkins and his two speedy patrolmen apologized.

Biery's remarks weren't recorded.

# Readers Speak Slaps City Street Snow Removal

By BILL SLIGER

There's another story involving the bank. It's a mystery.

Fish keep disappearing from the aquarium.

First it was a Beta "Slamee Fighting Fish". A great favorite of all employees and customers of the bank, the fish just turned up missing one morning.

A thorough search that included the inside of the vacuum cleaner gave no clue.

Now a large Red Sword is missing. Biery says the bank can account for every penny in its vaults, but it can't find the big "Sword".

I suggested that its six finned friends might have gotten a little hungry between meals. But he says the sword was too big for that.

But taking fish from bank? That's always a peanut butter sandwich at a banquet.

It wasn't fish that a culprit or culprits lifted from the wallets of the University of Michigan's Men's Glee Club last Thursday night.

A preliminary tally indicates that \$120 was taken from the young singers while they were entertaining on stage.

It was a disappointing turn of events for the sponsoring Mothers Club organization. The world-famous glee club has five times as many offers for appearances as it can accommodate.

By note the youngsters have chosen to come to Northville because Mothers Club members annually prepare "the best meal we get all year".

The turnout for the performance was poor, hardly clearing expenses.

But more discouraging is the fact that Northville will now be remembered for a musical performance that was robbed, rather than the nice little town with the home-cooked meal.

And incidentally, their performance was excellent.

Those who attended received far more enjoyment for their price of admission than the culprits will from the money they snaked from the wallets.

Much credit is deserved by those who are making the Cavern Dances a great success, but, it's admitted, they are no more than that - dances.

# Teens Need Center

By BILL SLIGER

Let's hear something good about the youth of our city, but let's give them a helping hand and a place to start.

Editor's Note - The Mothers' Club, sponsors of The Cavern, has been attempting to acquire a teen center as described above. Their efforts have been publicized in The Record and other communities, with recreational facilities for all teens. The Junior High school students particularly need some place to go. Sure, we've got problems in the high school, but think of how many more will have in the next two years.

If these younger people aren't given some worthwhile activities and guidance now.

For the older teens, what about a teenager coffeehouse? This could be a place for socializing with light refreshments being sold. With strict rules and understanding it could also serve the teens of the community and a money-making proposition.

# Tangled in Red Tape

By BILL SLIGER

We already have taken care of instead of building more and making more streets which will not be taken care of by better than the now existing ones.

Well, here we go again! I am not keeping track of the rounds, but it looks like a full 15 rounds to me. Because of my ability to stay on my feet, I am again going to defend myself, my spouse and my family.

As many have remarked to me - "Well, Bruce, you made the Northville Blat again this week." Yet - that's true, but a few facts regarding the last below the belt punch best be stated. Inasmuch as I do have my side of "Behind the Wallpaper" incidentally, that's the title of a book spouse Beverly and I are writing. It should out sell "The Plac.".

Well, we thought we should add on a little space down here to enhance our appearance and improve our facilities. We received many encouraging signs for the undertaking from our customers and some of the patios up the street sure have been cooperative.

Oh Brother!! First of all, we were told we could not receive a Building Permit. You would have thought we were going to build a branch for the National Bank of Detroit! Anyway, the new boy running the city gave permission to go ahead. He had only been here a few weeks, not yet properly schooled on doing business in Northville.

We started and planned on the winter months to finish up the interior ourselves. Spouse Beverly gives a mean paint brush. Yes, we needed lights - but the joint had lights when we moved in - we used them for 7 years for display purposes! Nothing said. I thought any day a scrooge from up the street might come down and try to turn off the Christmas display! We were notified under commercial code an electrical contractor had to apply for a permit and do any new lights. Some folks have suggested candles or lanterns.

You gotta admit, it might come to that! Trying to do the right thing, we called an electrician and I told him of our plight. We were in no great rush - it's been a long cold winter and as long as spouse Beverly let the folks up the street know of our plans and we were assured we wouldn't have to resort to tactics, things pretty much stopped. Except for spouse Beverly swinging the

Coos," two of the many dramatic incidents that the audience applauded loudly.

There was a young man on stage, Jack Davidson, posing as the young Frost who had killed anybody. When he mouthed Frost's poetry, he lapsed often into sing-song, easily done when strong rhythm becomes meter. Swept up by the words, realistically written, his voice approached the fervor of the prophet, something Frost was not.

But it was Geer as Frost who quickened the pulse and recreated the New England mood. He even played Silas, the hired man in "The Death of the Hired Man," - and for a moment, we forgot - but quickly he reminded us that he was really Frost.

The deception was perfected by the faintest trace of a sneer. A cluster of steps was in the middle of the stage, a carved pole jutting up in the middle. It suggested a porch outside and the stairs inside of a front house. To one side was a table and three chairs, to the other, a lectern. That's all.

The music was simple, a wren, pastoral lute piercing the silence with a pronouncement of Frost's coming. And he did return, borne on the wings of his words.

"Poetry should begin in delight and end in wisdom, just like love," he said. And it did, for Frost, the poet returned, and the audience.

Some poems were somber as a church bell, tolling the death of a friend recently loved, and others were grim as a mother, harboring the ill of a misbegotten child. Some were as light as a frolicking child, others were as sibilant as an agile grasshopper. But they were all memorable.

He is constrained to arrange chronologically the story of Frost's life. The narrator, Thomas Cooley, added cogent comment to what the versatile poet said, giving the play perspective, and even parried words with the spitefully old man.

On the stage with Frost and Cooley was a woman, played by Ann Gee Byrd, who proved her versatility as an actress. She was an actress, for she took many parts, although at first she was cast as Frost's wife. She was superb, especially as the distraught Amy in "Home Burial" and as the old, demented woman in "The Witch of

# Novi Inn Sale Costs Northville Its City Judge

By BILL SLIGER

Sale of the Novi Inn, well-known tavern located at the corner of Grand River and Novi roads, will cost Northville its municipal judge, Charles McDonald.

Purchase of the tavern by McDonald from Mrs. Esther Tinkham has been announced. Only approval of transfer of the tavern license by the Michigan Liquor Control Commission remains to make the transaction official.

Judge McDonald stated this week that the purchase was being made as an investment and that he would continue his law practice with offices in Redford. But he would be forced to resign his post as municipal judge for Northville, McDonald pointed out.

State law stipulates that no one holding a law enforcement position, such as judge or police officer, can hold a tavern license.

McDonald said it would probably be 30 days before the state acts on the transfer. Monday night the Novi village gave its approval to the transfer.

Judge McDonald has two more years next July to serve on his current term. He has been in office for six years.

The elective post must be filled by an attorney residing within the city limits.

Fire Hits Home On Buffington

A fire attributed to "careless smoking" caused an estimated \$12,000 damage to a Novi home last Thursday morning.

Owner of the home at 136 Buffington street is Mrs. Eva Pajrola. She and her husband were away when the fire was reported by a neighbor at approximately 10:05 a.m.

The Novi fire department, assisted by the Walled Lake department, were at the scene of the fire for about three and one-half hours.

Fire was primarily confined to the southwest bedroom, where it appeared to have started. Flames did break through to the attic, firemen reported, adding that there was heavy smoke and water damage.

Estimated damage was \$6,000 to the contents and \$6,000 to the home.

Reporting the fire was Mrs. Thomas Rentrow, 130 Buffington, who smelled smoke about 10 a.m., then saw smoke coming from the eaves of the Pajrola home.

# Top of the Deck

By JACK W. HOFFMAN

He smiled and said, "Well, if it were me I'd just write a letter to the headquarters in San Antonio and ask to be transferred down there. If they have a position open they'll send for you."

The sneer on the sergeant's face should have tipped me off; it was just his way of getting a one-way ticket to the stockade for me.

Ever since that day when he'd accused me of "stealing" his girl in one of his drunken dreams things had been going badly for me. Like the time he made me haul the foot locker out of the barracks and stand it at attention. Did it in pretty good time, too, but he made me polish the latrine brass just the same. Said my locker failed to salute him.

Finally firing of his harassment, I went to him with a suggestion: "Sergeant, my wife is in the Air Force, stationed in San Antonio. What's the chance of getting a transfer to Fort Sam Houston at San Antonio? Isn't there something in military regulations that husband and wife can be stationed in the same place?"

He assured me it could be done. Just write a letter, he said.

So I wrote the letter, carefully noting the outstanding qualities that had landed me a job in an infantry line company, sealed it in an envelope and sent it by special delivery to the commanding officer at Fort Sam.

A week past, then two weeks. I went to the sergeant. You sure the letter will work, I asked hopefully.

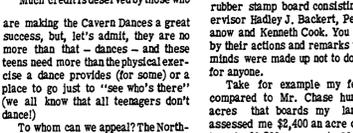

"Sure, kid. You'll hear," he laughed, "you'll hear."

Finally, after about a month, the good sergeant sought me out. "Told you the letter would work," he said, "the captain wants to see you. You'll be on your way in five minutes."

Corporal Hoffman, reporting as requested, sir, I snapped, girding my heels together and giving him one of those British salutes that sort of high-jumps to the forehead and then parachutes to the floor.

The captain didn't look up, just fingered a wad of papers in his fist and then pitched them to my feet. "Pick them up, Private Hoffman, you'll be interested in seeing them."

Something in his voice told me he was suffering a migraine or maybe in-

# Critiques Novi Board of Review

By BILL SLIGER

On March 7th I appeared before the Novi Board of Review. I was joined by many other citizens who were seeking relief of unfair property assessments.

To our surprise we ran into a rubber stamp board consisting of Supervisor Arley J. Backer, Peter Romer and Ken Cook. You could see by their actions and remarks that their minds were made up not to do anything for anyone.

Take for example my low acres compared to Mr. Chase hundreds of acres that boards my land. They assessed me \$2,400 an acre compared to only \$1,500 an acre for Mr. Chase. They claimed you can get more money for a smaller lot of land than a larger one. I maintained that large developers will pay 25 times more for a large plot of land than a small one. Of course my house was assessed in the same manner - 200 per cent higher.

Mr. Cook said that the Village Board of Review has to take the assessments laid down by the Township Supervisor. With this unfair treatment, one could almost be persuaded to go to Cityhood, but regardless of what type of government you have, it will never change, unless the people demand it.

There was no mistaking Frost, his alabaster hair, fragile thin, set low and swept back from a strong forehead; his face creased and jowls sagging with wrinkles age, eyes, deep and glimmering and thoughtful, hiding under their lids and opening, occasionally, with a wadding; his small, bent body tuffing his slender clothes; his shiny carrying him lightly forward and slowly backward, and his nose protruding bluntly.

Were the man mistaken (an unlikelyhood), the poetry of the four-time winner of the Pulitzer prize gave him an edge. "Poetry should begin in delight and end in wisdom, just like love," he said. And it did, for Frost, the poet returned, and the audience.

# It's Official! She's Salem's Postmaster

Up-dill Monday evening Mrs. Eleanor L. Tanner of 9590 South street, Salem, was simply Mrs. Tanner who had charge of zip code 48175.

Now she is the Honorable Mrs. Eleanor L. Tanner, officially postmaster of Salem. And her children are gleefully calling her "Honorable."

After four years as acting postmaster, and keeping her own "company" in business with numerous letters attempting to swing a permanent post, she received confirmation of an October, 1966 "promotion" Monday.

Mrs. Tanner took over the now 68-patron post office in the general store of tiny Salem community in March, 1962 upon the death of postmaster John Thomason. Mrs. Claire Hines, proprietress of the Salem general store, is her required clerk in the 4th class office.

Mrs. Tanner had been an employee under Thomason since 1955 and was a temporary clerk until a year ago. Then she was made a "permanent" clerk and learned that this meant her job was secure.

"But I kept worrying, worrying, worrying, worrying. As a widow it means quite a bit to know whether you are going to have a job the next day, you know."

She has lived in Salem all her life; has two children, Jim of Plymouth and Sharon Burgess of Salem; and is a member of the Salem Federated church. Stepping out onto the wooden porch of the store in which her tiny cubicle takes up a front corner, she posed under the faded wooden shingle which proclaims:

"U. S. Post Office, Salem, Michigan."

And she told the photographer of her children's ideas.

## Girl Scout News

At the annual meeting of the Huron Valley Girl Scout Council held March 16, 1967, Mrs. George H. Zerbel, 543 West Dunlap, was elected to the Council board of directors as a member-at-large.

In addition to the board elections, the meeting (held at the First Presbyterian Church, Ann Arbor) featured recognition of the outstanding contribution to scouting made by Mrs. Harry Crooks of Ann Arbor.

Mrs. Crooks has given 17 years of volunteer service and was recognized especially for her outstanding contribution to the work of financial management. She has carried assignments as a board member, committee chairman, trainer, leader and officer in the Council.

Nine thousand six hundred fifty-three Girl Scouts are members of Huron Valley. More than 2,500 adult volunteers in Washtenaw, Livingston and Western Wayne counties contribute to the program.

MEXICO CITY, the ruins at Yucatan and then New Orleans were on the spring vacation itinerary of Mr. and Mrs. Richard Martin who are back in time to welcome son Rick home from Bradley school in Peoria the end of this week. Frank, on vacation from Cranbrook, will be here until Saturday when he leaves with Cranbrook's varsity track team for meets in the South. A main stop will be Chapel Hill, North Carolina.

Dr. and Mrs. F. F. Ishac are back from a week's vacation in Miami.

TWO Northville Woman's club members were honored with life memberships at the annual luncheon meeting concluding the club's 74th year last Friday.

Signifying that she has been an active member for 25 years Mrs. John Blackburn received a certificate and a corsage from Mrs. E. V. Ellison, club president. A similar certificate will go to Mrs. M. C. Schneider, who also has attained 25-year status.

Mrs. Ellison accepted the club president's position for the year.

By JEAN DAY

THE LUSH GARDENS of Hawaii which boast some 300,000 varieties of blooms would be appealing any time, but in contrast to Black March in Michigan they've been especially enjoyed by vacationing Northville residents.

Mr. and Mrs. Donald Boor are just back from almost three weeks on the islands. As a gardener Mrs. Boor was delighted to see so many cactus plants blooming, and as a golfer she and her husband played the course carved from volcanic rock at the resort being developed by Laurance Rockefeller with a 12-million-dollar hotel at Honolulu on the island of Oahu. En route home they visited in Los Angeles and in Albuquerque, New Mexico, where they saw Mrs. Boor's brother, Dr. Richard Wats, and his family.

Now it's son Ken's turn to vacation. He's home this week from Kiski prep school near Pittsburgh where he is a second generation student (his father also went there). He has the good news that he has been accepted at Michigan next fall.

Among Northville Woman's club members attending the annual Woman's Day program at Crowley's in downtown Detroit Monday under sponsorship of the Detroit Federation of Women's Clubs were Mrs. H. A. Boyden, Miss Ruth Knapp, Mrs. F. A. Wagoner and Mrs. Armin Grossman.

AREA QUESTER clubs will meet for a Spring Quester Day Tuesday, April 25, at Redford Inn. The Northville Base Line club voted at its meeting Monday to attend in place of holding its regular April meeting. For members only, there will be a workshop session followed by luncheon and an afternoon program on Shaker crafts. Mrs. Paul Beard is in charge of local reservations. Stressing that "we do not know, really, what we are doing to the people," Miss Parker declared that there must be no doubt that the United States "went to Vietnam for our own survival and safety... and there we're making a reluctant country."

Dr. Murray Banks, who will appear at the opening Northville Town Hall program October 19, 1967, is to tell "What To Do Until the Psychiatrist Comes." His has gained a reputation through his lectures and records of being one of the few men in his field "who can make you think logic-and laugh."

Dr. Banks covers all the panicky subjects - marriage, children, mothers-in-law, mice, money, ambition, bed-wetting, ductalitis, growing old - or young, and adds a few thousand words on sex "just to let us know we will talk on anything."

While delirious what seems to be a frivolous and superficial attitude toward life's problems, Dr. Banks really is telling how to face up to reality, by showing how to use what one has to advance.

Dr. Albert Burke will discuss "Ideas in Conflict" when he appears November 15, 1967. Acclaimed by the New York Times as "an exciting new voice - provocative, sensible and challenging," Dr. Burke is lauded for making Americans THINK.

Dr. Burke is a scientist, an economist and an expert on world affairs. He has lived in Russia, China, Germany, Czechoslovakia, in Latin America, among the American Indians.

On his programs he covers a wide variety of international and domestic issues including conservation, the importance of natural resources, air pollution, racial discrimination and Cuba. However, his main objective is to alert the American people to the dangers of Communism and to get them to think and to act. His fan mail for this type of show is considered staggering as he has averaged 5,000 letters a week - 99 per cent favorable. His book, "Enough Good Men - A Way of Thinking," was published in 1962.

William Oltmans, who will appear February 15, 1968, has been given the nickname "The Flying Dutchman" as he is constantly traveling to the hot spots around the globe in order to cover in person history-in-the-making. His topic will be "Trouble Spots in Focus."

Netherlands-born and Yale educated, the young Dutch journalist has covered the major news events of the past decade working as an American correspondent for Dutch and Belgian newspapers and television networks. He also has broadcast his incisive analyses of the news, both here and abroad.

As a result of his family affiliations and his activities as a Dutch journalist in Jakarta writing for Holland's best news papers and magazines, Oltmans came to know personally many political and business leaders in Southeast Asia. During this past summer, he toured the length and breadth of Africa. On his fourth visit to the Dark Continent in ten years.

Cindy Adams In the new famous "Sukarno, An Autobiography as told to Cindy Adams," President Sukarno refers to a new tropical fish he had just acquired as the "Cindy fish" - further explaining, "It's the most aggressive fish I've ever seen." The fact that Cindy Adams is aggressive, vivacious, vibrant and charming is one way of explaining a varied and remarkable career as writer, actress and model.

She will be speaking to Northville Town Hall March 21, 1968, on her concept of "Woman's Role - East and West."

Mrs. Adams has circled the globe more than half a dozen times. Her travels have taken her on interviews with the Empress of Iran, Prime Minister Nehru, President Sukarno, the King and Queen of Thailand, the Duchess of Windsor, Soraya and, in the United States, President Eisenhower, Ambassador Adlai Stevenson, John Wayne and Richard Burton.

As a syndicated columnist for the North American Newspaper Alliance, her chatty "Cindy Says" column about New York people and places appears from Long Island to Honolulu. She currently is ABC-TV correspondent. She has had articles in magazines and is a contributor to the new United Nations magazine, Vista.

Before turning to a fulltime writing career in 1957, Mrs. Adams was a model, winning 57 beauty titles and appearing on the covers of leading magazines.

Richard Adler "Musical Comedy - The Composer and His Songs" is the topic Richard Adler will speak on April 16, 1968 on the final 1967-8 program scheduled.

Among Adler's well-known hits, in addition to Pajama Game, Damn Yankees, Alhambra, When in Rome and A Mother's Kisses are such tunes as "Bugs to Rides," "Hey There," "Hernando's Hideaway," "Steam Heat," "You've Got To Have Heart," "Whatever Lola Wants" and "Everybody Loves a Lover."

He was born in New York City in 1921. He graduated from the University of North Carolina with an A. B. degree and a major in dramatic art. In 1946, he was a production assistant with the Broadway company "On Whittman Avenue." In the same year he took a job with the Celanese Corporation of America.

When John Riley of Northville retired from his position with American Motors, he was looking for something he would like to do. As he says, "not just something, but something I would like." Then last fall, he read in The Northville Record that Red Cross was looking for volunteers.

Today, Riley is constantly on the move as he is a volunteer for the Red Cross transportation service. His primary responsibility is making the blood runs from Red Cross to the hospitals. For years Riley had a desk job, and this is one reason he enjoys driving a Red Cross station wagon. He never knows where he will be sent next. Riley lives at 1921 Westhill.

This month Red Cross is looking for volunteers to help in service to military families, transportation, office, food service and blood program. Persons wishing further information on how they can volunteer are asked to call the Red Cross, 422-2787.

PONJO STICKS and bamboo arrows that are weapons in Viet Nam are displayed by Pegge Parker, who spoke at Northville Town Hall last Thursday, to Clifton Hill, who introduced her, and Mrs. Robert Brueck, Town Hall chairman, right. The feminine foreign correspondent told of her first-hand experiences in Saigon and in the tropical jungles where the war is being fought.

Let Every Heart Rejoice! It's

Sing "Alleluia!" Christ is Risen...and the Divine Miracle of Easter, the glorious message of Easter live forevermore. At this holy, happy season, voices raised in song and prayer are eloquent with gratitude for God's great gift to man, for hope fulfilled and faith triumphant, for spiritual blessings manifold, and joy everlasting.

At Eastertide, the light that shines in a youngster's eyes, the sound of a young voice joyously proclaiming the glory of the Day may well symbolize for all of us the hope and promise that is Easter. As we gather in the House of the Lord, with our family and friends, may the Easter season bring to us spiritual strength and joy.

**SPRING BEES-O!** Man Winter may have forgotten that Tuesday marked the start of spring, but certainly not this family of bees that swarmed in the window of the top floor of The Record building. It was a natural thing to do because from that vantage point they'll be able to spot the first flowers to pop open.

**DEAN WATERMAN HONORED**—Schoolcraft college Dean Emeritus L. Waterman is seen in two views above at dedication ceremonies Sunday, March 12, of the campus center which bears his name. The ceremony included unveiling of an oil portrait of Miss Waterman by College President Eric J. Brodner. Several hundred persons, including public officials and Michigan educators, attended the ceremonies in which the college faculty and administrative staff was attired in formal academic regalia. Dean Waterman joined the Schoolcraft staff in May, 1962, and served as its first dean of student affairs until her retirement in 1965. The \$750,000 center, opened in the fall of 1966, houses eating facilities, a student lounge, student activities offices, the college health office, a bookstore, and an instruction area for the culinary arts program.

Humorous Reading - (1) Kurt Kinde, (2) Jack Crawford.

Girls Extemporaneous - (1) Pam Smith, (2) Virginia Round.

**FORENSIC WINNERS**—Winners in the district forensic competition held Saturday at Northville high school are (l-r) Brian Taber, Buzzie Collocott, Barbara Bogart, Sue Bosak, Debbie Forsythe, Bill Slinger, Allison Lyke, Caroline Collocott, Steve Jordan, Roger Kline, Glenn Deibert, Doug Swiss and Bill Slinger. Others were absent.

# Sunny Side Seen for Spring Sports

**SPRING SPORT?** - Track is called a spring sport, but the only spring in this picture comes from the legs of (l-r) Phil Serwatowski, Everett Greer and Bill Harrison. Despite the newest blanket of snow on the first day of Spring, Tuesday, the Northville track athletes will open the track season tomorrow at Ypsilanti - inside, of course. They will compete in the Huron Relays against other teams from South-Eastern Michigan.

## On the Upswing Here Track: A 'Neglected Sport'

A neglected sport, track has been on the upswing at Northville high school. Coach Ralph Redmond's boys finished fourth in the conference last year, unprecedented in the last decade at the school on the hill.

That's not all. Redmond and his newly acquired assistant, Paul Osborne, are expecting greater things this year. To do it, Northville will have to dislodge either defending champion Clarenceville, runner-up Bloomfield Hills, or perennial track contender Milford.

Any way it looks like a tough row. Just like the tennis team, the tracksters lack depth and they are young. But Redmond's tactic hoping that some newcomers can round into shape to back up 12 returning veterans in the race for points.

First test of this year's squad won't be long in coming - tomorrow, as a matter of fact. That's when Northville will compete in the Huron relays at Eastern Michigan university. The following week, on March 31, the track men will compete in the spartan relays at Michigan State university.

"We'll be strong in the speeds through the 440," Redmond declared. And three prepsters are the coach's reason for optimism. They are Chuck Keegan, Jack Crawford and Bill Harrison.

In the field events, where Northville is considered strong in three of four events, Gletzer is expected to give a boost. A pole vaulter, he is said to have flown as high as 12' 3". At the present time, however, the number one spot goes to Mike Ratliff, a veteran, who has soared 11'. Following him are Earehart (10'6") and Carr (9'6").

Back at his specialty, the high jump, is Peterson, who was Northville's best last year. "He has cleared 5'10" already in practice," Redmond pointed out. It's a mark that should make Peterson a serious contender in the high jump this season.

Redmond is also counting on Bill McDermald (5'6"), sophomore Phil Kennedy and Fresh Jeff Dawson, both of whom jump around 5'.

McDermald is the only returning veteran in the long jump, but Keegan, who jumped as far as 20 feet the past summer, will enter the event for the first time. McDermald's best is 18 feet.

The absence of Dan Conkin, leader of the local shot putters last year, hurts Northville's chances in the event. According to Redmond, Conkin has decided to work this year. That means the burden will fall on Bill Christenson, Bob Hicks and Tom Hotchkiss. Christenson threw 40' last year and Redmond is hoping for improvement.

With no proven boys in the field, Northville is hurting in the 800, the mile and two mile. Dave Orphan, holder of the Northville record in the mile at 4:34, has graduated, and a topflight distance man, Senior Roger Kline, has decided to work, Redmond reported.

There are experienced veterans, however, from which Redmond and Osborne, who is working with the distance man, can pick. They're Doug Bartlett, Earehart, Carr, Phil Serwatowski and George D'Arne. Expected to give help in the distances are Everett Greer, Dale North, Chris Kline, Glenn Heffner and Darryl Holloman.

Because of inclement weather, practice will probably begin after the Easter vacation - thanks to Meadowbrook country club, and the Brae Burn and Brooklane golf courses, who annually open their doors to the high school golfers.

## 'Somewhere in the Middle', Forecasts Golf Coach

"We'll be somewhere in the middle, I think," that's the opinion of Golf Coach Al Jones. In that case, it will be another lean year for Jones whose teams have compiled impressive records during his six years of coaching.

Five successive years his teams qualified for the state class B golfing tournament. The string was broken last year when Northville missed the state event by losing to Fenton by one stroke.

The Wayne-Oakland title has been a bit more elusive. Three times Northville has blown the conference tournament on one bad hole. Jones can vaguely recall winning the W-O title once.

There are six veterans expected to come back to the links: Seniors Mike Hohenac and Keith Mueller, Junior Jerry Asher and Sophomores Bill Thomas, Tom Fagan and George Neisch. Jones is concerned, however, that Jones is concerned, however, from which Redmond and Osborne, who is working with the distance man, can pick. They're Doug Bartlett, Earehart, Carr, Phil Serwatowski and George D'Arne. Expected to give help in the distances are Everett Greer, Dale North, Chris Kline, Glenn Heffner and Darryl Holloman.

## 2-Way Battle Seen in Race For Tennis Title

A two-way battle shapes up in the Wayne-Oakland Conference tennis race. And Northville's one of the two teams. Clarkston is the other.

In the early going, Clarkston may have the upper hand, for an all-veteran team is returning. Northville beat the same Wolves twice last year, the last time by a slim 3-2 margin.

Northville, on the other hand, must find replacements for netmen who were instrumental in winning the W-O championship last year, posting a 13-5 dual meet record, and placing third in the regional and Walled Lake Invitational tourney.

Northville will field a young team this year, one that figures to come on stronger as the season progresses. Of the 21 boys out for beginning work this week, only four are seniors and three are juniors.

"We should be fairly tough," Coach Dick Norton predicted.

Vacancies were created by the graduation of Norbert Parent, Northville's number two singles man and runner-up in the conference singles, and Larry Tibbos, sometime slugs man who combined with Dick Hart to win the league doubles crown.

Back to defend his singles title and to anchor the team is Jim Long, a willowy senior. He and Parent tied for the W-O championship, which forced the two local netters to come back to Northville for a playoff at Cass-Benton park. Long edged Parent.

Four lettermen and 16 other netmen will try for the number two and three singles spots and four positions on two doubles combinations. The four Mustangs who saw considerable action last year were Randy Burnett, Ken Boeger, Bruce Durham and George Kois.

Coach Norton is hoping that two transfer students, brothers Dane and Mark Alexander, will "provide needed depth." They indicated potential winning form last summer in brief workouts at Cass Benton park. Dane is a sophomore, Mark is a senior.

## Northville Nine Eyes Another Title

Quasi-popular baseball, under the guidance of Coach Bob Kucher, should be a genuine sport once more. In his two seasons on the job, Kucher's teams have won 29 games while losing only 12.

Last year was Kucher's best. Competing against mostly class A and strong class B teams ("our most ambitious schedule"), the Mustangs won 19 of 22 games, tied Clarkston for the W-O championship with a 12-2 record, and were runner-up to Southfield in the Pontiac Press baseball tournament, losing 5-1 in the title round.

Several key players from the squad are graduated. Steve Evans, now training for the University of Michigan freshman, is gone and with him, a 12-2 record and a 680 earned run mark. Other regulars departed are First Baseman Jerry Smith, the leading slugger, Second Baseman Bob Bartoli, Third Baseman Dave Boeger and outfielders Mike Turnbull and Phil Andrews.

Not all has been lost, however. Returning are eight lettermen, including Catchers Doug Swiss and Randy Pohman, Pitchers Dennis Primeau and Steve Keher, Third Baseman Doug Anglin and Outfielders Pat Hall and Chris Holman.

"We're solid in the outfield, catching and pitching," Kucher stated, "but we'll have to rebuild the whole infield, both regulars and back-up men."

To get "the strongest infield possible," Kucher must scrutinize new players for adequate replacements or to a juggling act. There will be pre-season testing, experimentation and more testing.

Shortstop is the key and the biggest problem at present. Defense is half the high school game, and the shortstop must plug the gap between second and third or the team can concede defeat. It's as simple as that.

First, Kucher will be trying to turn up a shortstop from the top prospects of last season's jayvee squad which posted a 10-3 record. That would mean infielders Bill White, Stan Nirdler and Barry Deal will get a long, hard look.

Primeau, who has had limited experience at shortstop, would be a logical choice, if it weren't for the fact that he is Northville's prime hurler. Primeau was 6-0 on the mound last year and had a .081 earned run average. Since Primeau will see constant

**It Is Not A Pretty Picture**

The crosses in the shadows were real. Three hung there and died in agony... two for their own wrong-doing... one for yours.

That chapter which the Book lies open — it tells of the scandal... the indignity... the injustice — and the pain. The lies?... symbols of what men call Easter Day? When the women found the tomb empty... and were afraid to believe He was risen... IT is not a pretty picture. IT is the stark reminder of man's distrust of God... and God's love of man. And you'll let nothing keep you from worshipping your Lord when you stop thinking of IT as a pretty picture. IT happened. For you — IT happened.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Law Machinery Bogs Down Under Load

LANSING — Monumental job. The annual effort to produce laws for Michigan starts with a gigantic mess which legislators make for themselves. They then set a time when they will stop dealing with the mess. In the meantime, they work hard to clean up as much mess and produce as much sound legislation as possible.

Roger Babson

'Resources' Need Uncle Sam's Help

BABSON PARK, Mass. — Once the Vietnam War is out of the way, helpfully Uncle Sam will turn his time, attention, and money toward more effective development and use of our natural resources. These include the land itself and its products, the minerals under the land ... and also the minerals under the sea.

We have set many records in the field of agricultural production and have built up a promising chemical industry. Yet there is so much more we need to do to make our land still more fruitful and to make our agricultural wastes to better advantage. We possess vast mineral resources. Yet there is a great deal more we could do by way of research, development, and extraction.

Still we have at least been aware of the potential of our land and mineral resources. By comparison, we have sadly neglected the mineral wealth that lies at the doorstep of our long coastal borders. The small beginnings made by us so far in this field must be greatly expanded — and soon — for the economic pressures of the coming years will be greater than those we are now encountering and we shall need our ocean wealth to keep us a strong and self-reliant nation.

As we look back over the two decades that have passed since the end of World War II, we can see the many changes that have occurred in our everyday life. Our nation has become more highly industrialized. Our metals and chemicals industries have expanded far beyond our expectations. Vast markets have opened up as new uses have been found for traditional raw materials and as new materials have been introduced.

There is a very good chance that a breakthrough resulting from oceanographic studies and explorations will open up a marine minerals industry of huge potential. Within the next ten

or fifteen years, we may well have a government-sponsored National Oceanographic Agency to rival the National Aeronautics & Space Agency. Before the year 2000, we could be extracting from our offshore areas commercially valuable deposits of minerals, including precious metals.

FIRST, we must prepare to penetrate the secrets of the sea. Steps are already being taken on both the Atlantic and Pacific Coasts of continental U.S., and in Hawaii. In the New York area, local capital is financing the construction and the ultimate voyage of a deep submergence vessel in which Swiss oceanographer, Dr. Jacques Piccard, will make a six-week, 1,500-mile observation journey beneath the Gulf Stream. Dr. Piccard plans to submerge to a depth of about 300 feet off the Miami coast, drifting with the current to Nova Scotia and descending to depths of as much as 2000 feet.

In California, a somewhat similar project is under way, sponsored jointly by a Bureau of Mines Marine Technology Center and the Coast and Geodetic Survey. There the emphasis will be more on exploring and mapping the continental shelf with a view to minerals exploitation, while Dr. Piccard's journey will perhaps concentrate more on observing marine life.

Of course, we know so little about the sea and her secrets that there are bound to be disappointments and setbacks in the effort to discover the extent of the ocean's wealth and how best to extract it.

Right now any minerals taken from the sea would be costly to haul up and to transport to refineries and ultimate markets. But one day we shall learn to make them truly competitive with land minerals. In the process we shall learn a great deal about marine life and its vital potential as food for man.

Study at MSU

Novi Police Chief Les BeGole and Patrolman Ronald Gross recently completed police training courses at Michigan State University. Chief BeGole attended a two-day course in police administrative training and Gross attended a traffic law enforcement course, completed on March 14.

ment now can be effective without permanent commitment. This is borne out in a report of the Michigan Mental Health Department which shows that some 700 children, up to 18 years of age, are patients at state mental institutions. These are not to be confused with retarded children, whose numbers are much greater and who usually require very long-term care.

Not too many years ago, a child with mental problems might have been the stigma once attached to it. Treatment protected within the home in the belief he was "going through a state." When he reached adulthood, and the problem still was evident, he then might have received help in the form of hospital care.

News About Schoolcraft

Representatives of 10 Michigan community colleges recently met at Schoolcraft college recently (March 6) to discuss formation of a formal organization of math instructors in two-year colleges in the state.

Delbert Piller, chairman of the Schoolcraft mathematics division and presiding officer at the conference, appointed a steering committee which will make recommendations on the proposal at a meeting at Schoolcraft on May 11.

Harriet Emery, mathematics instructor at Schoolcraft, was recorder for the session. Other colleges represented were Jackson Community college, Monroe Community college, Henry Ford Junior college, Highland Park Junior college, Oakland County Community college (Highland Lakes campus and Auburn Hills campus), Flint Community Junior college, Washburn Community college, Lansing Community college, and Macomb Community college.

Promotion of Robert L. Brethaupt to Director of Culinary Arts and Director of Food Services has been announced by Schoolcraft College Vice-President for Instruction John H. Brian.

patients have been under hospital care for less than six months. At the other end of the scale, 45 have been hospitalized for five years or more.

HOME ORIGIN does not seem to have a distinct bearing on mental illness, the report shows. The present patients come from 61 of the state's 83 counties. The most populous counties have committed the greatest numbers of course, but Wayne County's patients, for example, exactly equal the state average in terms of commitments per 1,000 population.

One of those days when your phone means so much

You're weathered in with a houseful of kids. So you call for the weather report and learn it's a stay-at-home day. But... you had places to go to and things to do. So you cancel your appointment at the hairdresser's. Call the drugstore and order more of the baby's special formula... just in case. And then you call your friend to tell her the shopping trip is off. What else in your home does so much for you, and costs so little?

OUT OF THE PAST

FIVE YEARS AGO...

Two Northville youths were injured when a home-made rocket they were making exploded, forcing wood splinters into the arms of both and the eyes of one. Injured were Tom Bogart and Kent Hunter.

Petitions are curiosities. They have both "starters" and "stoppers". A petition with a bigger "starter" than the "stopper" presented a week earlier set in motion again to pave East-High-Elim and Walnut streets by the 65 percent special assessment plan.

One-hundred and ninety-seven tested and true recipes supplied by exactly 100 Northville-Novl area cooks were compiled into an attractive "Kitchen Diary" booklet. The recipes, contributed by 99 women and one man, had appeared in The Northville Record-Novl News during the preceding two years as a feature of the women's pages.

Northville's Mustangs battled to a 56-49 win over a strong Marysville team and then flew past Clarkston 78-47 to thunder over the hardwoods to their first Class B regional championship.

Northville's center, Dan Brown, was named to the All-Suburban starting five basketball squad.

Fire destroyed the second floor of a two-family residence at 334 Yerkes. TEN YEARS AGO...

In a long-awaited decision Judge Frank L. Doty returned 95 acres annexed by the city of Northville from Novi township June 21 to the township.

The Oakland county circuit court judge ruled the election void by reason of a vote fraud.

The suit was filed by Warren Products, whose plants lie in the area north of Baseline and west of Novi road. The trial was held in January.

Judge Doty based his decision on two of the three points charged by company attorneys as reasons for terminating the election illegal.

The election to annex the land passed by a wide margin in Northville. Residents in the affected area voted for it five to one.

During the week Frank Brown of this village was called to Detroit to estimate the probable cost to replace the glass that was broken out of the General Motors building during the recent strike and he gave his estimation that it would cost \$800 to repair the damage.

At Flint during the progress of the strike hundreds of seat cushions and hundreds of yards of material were soiled and damaged to the extent that they were a complete loss. It cost the state more than \$500,000 to maintain the state troops during the period of the "sit down", it was reported.

FIFTY YEARS AGO... In the sudden death of Nelson Bogart, March 19, the community lost one of its most loved citizens. Born on the family homestead in Novi, in 1867, he was a graduate of Northville high school and Clary college, afterward teaching school for some years.

A sample of water from the Sadler spring was reported to be "good, bacterially, containing no coliform bacilli" by Health Officer Dr. T. H. Turner at the University of Michigan.

At the Novi Republican caucus the following were nominated: Supervisor, George Newbound; clerk, Fred W. Durfee; treasurer, Don E. Matthews; justice of the peace, Samuel L. Morgan; member of the board of review, George Mervin; constables, Dan E. Matthews, William Holmes, Rollin J. Porter and Uile A. Tibbits.

The Legend Behind Christ's Picture

(See Picture on Page 1-C)

A Chinese photographer was riding one day through the snow-covered countryside of interior China. His soul was troubled. He had been witnessing a great movement toward Christianity among his friends since the Japanese invasion.

He longed to know the truth of what he had been hearing from Christian missionaries. As he rode along, he said: "Lord, if I could only see Thy face, I would believe." Instantly a voice spoke to his heart: "Take a picture, take a picture."

He looked at the melting snow forming pools of water here and there revealing the black earth. It was an unattractive scene. Nevertheless, being thus strangely compelled, the man descended and focused his camera on the snowy roadside.

Curious to know the outcome of the incident, he developed the film at once on returning to his home. Out of the black and white emerged a visage of tenderness and love. It was the face of Christ.

560 Teens Enjoy Cavern's Dance

A record 560 teen-agers flocked to The Cavern dance last Saturday, drawn by Bob Seger and the Last Heard, a popular Detroit singing group.

Chaperoning were Mr. and Mrs. James Tellam and Dr. and Mrs. John Brown. Three Northville policemen and one auxiliary policeman were also on hand to handle the capacity crowd.

It was also announced by the Northville Mothers club that the money to be paid to Otis Smith, former Michigan Supreme court justice and recently appointed a U-M regent, for his appearance locally, was donated to the Cavern at Smith's request. The money is earmarked for the purchase of recreation equipment.

Cavern members and friends are presently preparing posters for the next dance, scheduled for April 1 and featuring "The Endless Chain."

And the Entertainment committee is planning for "A Battle of the Bands," to be held April 15. Seven bands already have been lined up, it was reported.
