

about WOMEN

Congressman Esch's Wife Describes Life in Capitol

In an informal talk to the Northville-Plymouth Republican Women's Federation, Mrs. Marvin Esch described life in Washington for a congressman's family. The Federation meeting was a morning coffee October 13 at the Plymouth Credit Union.

The mother of three children, Mrs. Esch spoke of her children's interest in Washington's international atmosphere.

Mrs. Esch expressed appreciation for the response to Congressman Esch's recent questionnaire.

Mrs. Esch answered questions from the audience which reflected the growing concern over Vietnam and national affairs.

The next meeting of the Federation will be a membership tea at 1 p.m. November 9 at the Plymouth Credit Union. All Northville Republican women are invited to attend.

In Our Town

By JEAN DAY

LIKE MANY efficient top officers of Northville women's organizations, Mrs. Robert Brueck, Town Hall chairman, has an office at home - with her "filing cabinet" located in the linen closet.

From this headquarters she worked this week, checking details for today's opening of the 1967-8 Northville Town Hall series which features Dr. Murray Banks, speaking on "What To Do Until the Psychiatrist Comes."

He is being introduced at the 11 a.m. lecture in the P and A theatre by Northville psychiatrist, Dr. F. F. Ishac.

Dr. Ishac is chief of female admissions at Northville State hospital and has his own practice in Livonia. Born in Cairo, Egypt, he received his medical degree in Cairo, served an internship in Cincinnati and a three-year residency at Northville State hospital.

Theatre hostesses will be welcoming many "first-time" Town Hall members today, Mrs. Brueck reports, as a special effort has been made to interest newcomers in the hostesses are Mrs. Paul Hughes, Mrs. Robert Willoughby, Mrs. Robert Cole, Mrs. Harry Wagoner, and Mrs. Roy Mattison.

Hostesses at the luncheon following at Meadowbrook country club are Mrs. John Canterbury, Mrs. Donald Lawrence and Mrs. C. A. Hoffman. Again this season Mrs. Duane Butler is serving as chairman of luncheon reservations. She received more than 200 for this celebrity "open."

Known for his "sugar coating" of serious-and-everyday problems, Dr. Banks says he tries to make people "think logic - and laugh." His TH escort is Mrs. George Meyrin.

BASILENE QUESTERS society members will see famous restoration slides at their October meeting - and will take a field trip to two Pontiac-area restoration November 1.

A guided tour of the home of Moses Wisner, who was governor of Michigan from 1859-61, is the first stop on the all-day trip arranged by Mrs. Thomas Lovett. Members and guests will leave from her home at 4274 Pickford at 9 a.m.

From the Wisner home, which now is headquarters for the Oakland county pioneer and historical society, the Questers will go to Kalamazoo, the Scripps family farm on Joslyn road west of Pontiac. Mrs. Lovett predicts that this stop will be especially popular with the antique-browsing group as former tenant homes on the property have been restored and now house yarn, dress, bakery and crafts shops. The barns are being filled with antique dealers' wares - and there's even a portrait shop.

Questers should make reservations with Mrs. Lovett, 349-4717.

Slides of Williamsburg, Virginia, will be shown Monday at the October meeting of the Baseline group which

begins with dessert at 1 p.m. at the home of Mrs. Herbert Froger, 51300 Seven Mile road.

The slide-talk will be given by a friend of Mrs. Froger's, Mrs. Noreen Markey of Oak Park.

NORTHVILLE NEWCOMERS club now has a total of a dozen special interest and crafts groups getting acquainted with each other while playing bridge, furniture refinishing, studying home decorating, gardening and even skiing.

Serving as interest group chairmen are Mrs. Edward Suckow, Mrs. Joseph Kluesner, couples bridge; Mrs. Robert Goodwin, ladies evening bridge; Mrs. George Spencer, afternoon bridge; Mrs. Fred Wagoner, needlecraft; Mrs. Hazel Coon, home decorating (including such seasonal decorations as pine cone wreaths); Mrs. David DeJohn, furniture refinishing; Mrs. Giles Wamaker, bridge lessons; Mrs. Alons List, gardening; Mrs. Robert Wilkins, skiing; Mrs. Charles Plumley, couples dancing lessons.

Membership chairman of Newcomers, Mrs. Graham Woolston, 349-5409, invites any new residents of the area interested in the club's activities to call her. The group's treasurer, Mrs. Robert Harrison, now is collecting the annual dues of \$3. Another committee chairman, "tying together" the large club, is Mrs. Frank Ollendorf, telephone.

Mrs. Walter Carter, social chairman, has been organizing an all-club Halloween hayride and party for October 28.

"BLENDING The Old With The New" - a talk on interior decorating - is the topic for the Northville Women's club guest day and tea meeting at 2 p.m. Friday in the Northville Presbyterian church.

Speaker will be Mrs. M. S. Frutcher of Brighton, a graduate of the New York school of interior design and an active member of several antique clubs.

The wife of a sales engineer and the mother of four children, she says she has been a professional decorator "off and on" for 18 years. She was born in Scotland, and came to Michigan from Philadelphia.

NORTHERN LITES home extension group will be hostess at the annual Christmas craft display and demonstration program to be held from 10 a.m. to 3 p.m. Thursday, October 26, at Geddes road hall, Geddes road between Sheldon and Canton Center roads, Plymouth.

The Northville club is one of the groups in district two of the organization having special displays of decorative and gift items. As always, the event is open to everyone without charge. About 80 area women attended last year.

A feature of this year's Northern Lites contribution will be a demonstration of wire candlestick making by Mrs. Gene Cushing. Another demonstration will be the making of corn husk wreaths. Working on arrangements are Mrs. Harold Seden, Northern Lites president, and Mrs. Harold Marks.

Oct. 18 - Rotary Travelogue, England, 8 p.m. high school.

Oct. 19 - Town Hall, 11 a.m., P and A theatre.

Oct. 20 - Woman's club, 2 p.m. Presbyterian church.

Oct. 23 - Questers, 1 p.m., Mrs. Herbert Froger, 51300 Seven Mile.

Oct. 23 - Mothers' club, 8 p.m., Mrs. C. A. Hoffman, Plymouth.

Oct. 24 - Senior Citizens, 6:30 p.m. dinner, junior high building.

Oct. 26 - Moraine PTA open house, 8 p.m.

Girl Scouts

Northville's annual Girl Scout uniform exchange, being held this year from 2 to 4 p.m., this Saturday and last at the scout-recreation building, has had a very good response, according to Mrs. James Conway, chairman of the project. Uniforms are available for sale or exchange with brownie, junior and a few cadet uniforms available. Mrs. Conway reports that more used brownie uniforms are needed. Uniforms are sold for \$2 and accessories, 25 cents.

Exchange Vows in Plymouth

Before an altar decorated with arrangements of white and green lily mums, champagne and tangerine carnations, Susan Berryman and Dewey Gardner exchanged nuptial vows Saturday, September 30, at the Calvary Baptist church in Plymouth.

The Rev. Robert Spradling performed the double ring ceremony assisted by the Rev. Patrick Clifford.

The bride, the daughter of Mr. and Mrs. Wilbur Berryman of Plymouth, was escorted to the altar by her father. She wore a semi-fitted floor-length A-line gown of peau de sole with imported handmade Chantilly lace yoke front and back and three-quarter length bell shaped lace sleeves. A cathedral

Mrs. Dewey Gardner

length matching lace train was placed onto the back yoke of the gown. Her headpiece was a Chantilly lace mantilla with scalloped edges and scattered Australian rhinestones. The bride's ensemble was made by her sister, Mrs. Kaye Rowe.

The bride's bouquet was a cascade of variegated greens with Phalaenopsis orchids.

As matron of honor, Mrs. Rowe was gowned in lime green crepe with fitted bodice and A-line skirt in front and full back from neckline to floor. The dress was styled with elbow length sleeves and draped portrait neckline. Her flowers were a cascade of variegated greens, natural wheat, green grapes, green lily mums and champagne carnations.

Bridesmaids were: Mrs. Carolyn Davis, sister of the groom; Mrs. Muriella Berryman, sister-in-law of the bride; and Miss Diana Black, junior bridesmaid.

Their gowns were identical with that of the matron of honor and they carried similar floral arrangements. All of the bride's attendants wore hair arrangements of green leaves and green snow-drift mums.

Kathy Sauber was the flower girl and Billy Sauber, the ring bearer.

Donald Gardner was his brother's best man. Groomsman were Daniel Thompson, George Berryman, and Richard Rowe. William Sauber was head usher, assisted by John George, Calvin Davis, Ronald Lahr, and James Darnall.

John Hyde sang "Sheep May Safely Graze" and "O Lord Most Holy". He was accompanied by organist, Margaret Fink Eby. An oboe interlude was played by Rick McCoy. Mrs. Carolyn Thompson played "Joy Joy of Man's Desiring" as a violin solo. The wedding procession was Purcell's Trumpet Voluntary with trumpet solo played by George Berryman, brother of the bride.

For her daughter's wedding, Mrs. Berryman chose an olive green lace gown with olive and ivory accessories.

Mrs. Gardner wore aqua embroidered chiffon. Both mothers had corsages of cymbidium orchids. The grandmothers' corsages were white gardenias and sweetheart roses.

Following the reception for 300 guests in the church fellowship hall, the couple left for a trip to New York. For traveling the new Mrs. Gardner wore an avocado wool sheath dress with matching coat and brown accessories.

The bride graduated from Plymouth High School and attended Detroit Bible college. The groom is a Northville High school graduate and attended Wayne State University and the University of Alaska. They are residing in Northville, Massachusetts.

A native of Chicago, Illinois, Mr. Bowles withdrew from business in 1942 to devote his full time to the public practice of Christian Science healing. Since becoming a member of The Christian Science Board of Lectureship in 1958, he has traveled widely in Europe and other areas as well as the United States and Canada. His present home is Atlanta, Georgia, where he is also a recognized teacher of Christian Science.

Mr. Bowles is on tour as a member of the Board of Lectureship of The First Church of Christ Scientist, in Boston, Massachusetts.

After a week's visit here the newlyweds returned to New York.

Announce Engagements

Judy Sommers

Announcement is made of the engagement of Judy Sommers, daughter of Harry C. Sommers, Jr., 45041 Nine Mile road, Northville, and the late Mrs. Sommers, to Richard W. Smith, son of Mr. and Mrs. Wayne Smith of East Haven, Connecticut.

The bride-elect, who now lives in Alexandria, Virginia, is a 1965 graduate of Northville high school and a 1967 graduate of Schoolcraft college. She currently is employed by the federal government in Washington, D.C.

Her fiancé is a sergeant in the U.S. Marine Corps, stationed at Quantico, Virginia.

A December wedding is planned.

Sharon Stinson

Mr. and Mrs. Arthur Stinson of Dearborn announce the engagement of their daughter, Sharon, to William Weidner, son of Mr. and Mrs. William Weidner, 627 Fairbrook.

The bride-elect was graduated from Dearborn high school and Michigan State university. She now is teaching in Dearborn Heights. The bridegroom to-be is studying marketing in graduate school at MSU.

No wedding date has been set.

What's Cooking

At Northville High School

Following are the cafeteria menus for the Northville high and junior high schools for the week of October 23:

Monday - John Marzetti, lettuce wedge, rolls and butter, Chipmunks, milk.

Tuesday - roast chicken, mashed potatoes, gravy, green beans, roll and butter, peaches, milk.

Wednesday - Sloppy Joe on bun, Brownie potatoes, cheese wedge, relishes, apple kuchen, milk.

Thursday - ham loaf and gravy, mashed potatoes, peas, bread and butter, orange pudding cake, milk.

Friday - toasted cheese sandwich, tomato soup, carrot and pineapple salad, bread pudding, milk.

In the soup line with a sandwich each day are: Monday, split pea; Tuesday, vegetable beef; Wednesday, chicken; Thursday, bean; Friday, mushroom. All are with salad or relish, dessert, milk.

At the high school only hamburger on bun with French fries, relish or salad, dessert and milk are offered daily.

Senior Citizens Plan Dinner At Old J. H.

Northville Senior Citizens club will meet at 6:30 p.m. Tuesday, October 24, for a cooperative dinner and social hour. This will be the first meeting of the club in its new location for dinner; the old junior high school where meetings formerly were held. Members may park at the rear of the building.

A Lovelier You...

Paris Room hair stylists know how to give short hair this brief and breezy air. They use jumbo rollers and two smaller ones in front for this set. Brush with brief strokes in the directions of the rollers, skimming the top layer of hair with light strokes to form the feathery curls. Fashion a curl at the center of the brow, form side quiches with brush tip, and mist lightly with hair spray.

Isn't it time you came to the Paris Room?

THE CURSE ON THOSE WHO CONTRIBUTE TO ANOTHER'S DOWNFALL

Habakkuk 2:15-16 — Text Verse: 15
"We unto him that giveth his neighbor drink, that putteth thy bottle to him, and maketh him drunken also,"
The Bible, God's Word, says "wine is a mocker, strong drink is raging and whosoever deceived thereby is not wise." In present day English, we could paraphrase the above scripture thus: "beverage alcohol will mock and bring to shame the person who drinks it; not only so but will also bring about mental instability ranging from idle senseless talk to insane raging. In view of the mockery, shame, and insane raging a person who uses it, is self-deceived and is not using his God given ability to exercise wisdom.
We see then lack of wisdom for a person to use beverage alcohol. This is a bad situation to say the least; but let us notice our text verse.
"We unto him that giveth his neighbor drink," "That giveth his neighbor drink," it is a sad thing to see a person ruin his life by drink, but sadder still when he sets out to destroy someone else's life also. Especially when it is the life of a teenager. Today teenagers have little trouble getting alcohol. Some are lured by the counter by unscrupulous business people, some bought for them by adults, some given to them in private

homes. It matters little how they receive it, the fact that they are getting it is what is important. God says, "Woe" to that person who sides them in procuring it. God says that person shall be filled with shame and God will turn his right hand to that person in judgement. There is a law that always works, it is the law of retribution, "as you sow, so shall you reap." If you ruin someone else's life, you will come to ruin also. So we see it is contrary to God's Word to give the bottle to another and make him drunken. It is also against the law of the land, "contributing to the delinquency of a minor" and if convicted can bring a jail sentence of 90 (ninety) days or 100 dollars (\$100.00) fine or both.

God says "All have sinned and come short of the glory of God, and the wages of sin is death." Drunkenness is a sin, just as lying is a sin or stealing is a sin, it is coming short of what God expects of us, just plain missing the mark. We do not do about it. The wages of sin is death. If we have a desire to turn from it. Then accept the sacrificial death of Lord Jesus Christ as your own death. He died for you teenager, he died for you adult, will you turn your life over to Him? Not only did He pay the price for your sin on the Cross but He arose the third day from the tomb. He is living today to help those live right who trust Him. May God bless you.

Bishop to Confirm 21 At Holy Cross Sunday

The Rt. Rev. George Rhys Selway, Bishop of Northern Michigan, will make a visitation to the Episcopal church of the Holy Cross, 46200 West Ten Mile,

to confirm a class of 21 and to receive one person from another communion. The service of confirmation will take place at 4 p.m. in the church.

The Bishop is a native of Ohio and served his first years of the Priesthood in the Diocese of Ohio, after being graduated from Kenyon college and Wesley Theological Seminary. He came to the Diocese of Michigan to serve as Rector of St. Mark's in Toledo. While in Michigan Bishop Selway served for some years as president of the standing committee. From Lansing Bishop Selway was called to be dean of Trinity Cathedral in Phoenix, Arizona, a post which he held until he became bishop of Northern Michigan on October 1, 1964.

As bishop of Northern Michigan his jurisdiction includes the entire Upper Peninsula of the state, together with the islands lying east of the mainland. The Cathedral at Northern Michigan, together with the Bishop's office and residence, is located in Menominee, Michigan.

RT. REV. GEORGE SELWAY

Our Legislators Report...

Esch...

Charges and countercharges about political campaign finances only serve to highlight the need for a complete overhaul and updating of laws in this area. There is no doubt in my mind that current campaign spending regulations are almost meaningless. Rather than protecting the public trust they encourage dubious practices and are sufficiently vague so as to cloud the activities of a man attempting to operate on an above board basis.

As I testified before the Committee on Standards of Official Conduct earlier this month, the most urgent need is for total disclosure of campaign expenditures. State and federal reporting procedures are so riddled with loopholes that it is impossible to trace the full story on how much was raised from whom and how it was spent. And this is true even when the letter of the law is followed. The public has a right to know these facts and a candidate should welcome the opportunity to make them known.

We must require all candidates to file a full accounting of all contributions and expenditures. The same should apply to committees working on behalf of candidates for much of the confusion and contradiction in reporting comes from the many committees contribution to campaigns at all levels. These full reports should be filed in one central point so that they are readily open for public scrutiny.

On a federal level, a proper authority to receive and maintain these records would be the Comptroller General—a nonpartisan figure not subject to the influence of shifting political majorities. His staff of accountants and lawyers are trained investigators fully equipped to handle the responsibility of uncovering an illegal or improper activity.

McDonald...

George Orwell's "Big Brother" may be just around the corner. The slogan but all-seeing "hero" of "1984" could reside in a huge bank being considered by government officials and Congress.

Proponents of the data bank point out that it would provide a centralized storehouse for all the facts and figures applying to individuals that could possibly be of legitimate concern to the government. They insist that enough safeguards would be erected to prevent misuse of the data bank. Opponents aren't so sure. They've said that while one administration might stick to the rules, there's no certainty that all would.

House critics have expressed fear the data bank could be used to intimidate citizens. The "streamlining" argument of proponents of the data bank is that in an advanced technological age—when the average American has been reduced to a bank number and an area code—the government should try to keep step. It would seem to me that while better handling of data—including the obvious end of duplication—is a laudable goal, Congress should move very slowly in an area where the privacy of the individual citizen is at stake.

Schmidt...

The President apparently is ready to play with the lives of the American people in his effort to cut Congress into giving him a tax increase. Coaxing and arm-twisting have failed. Now come the brass knuckles in the form of a thinly veiled threat by the Department of Transportation to cut in

half this year's \$4.4 billion highway fund outlay.

The excuse is that such a reduction would be in line with the House's demand that the administration cut back nonessential spending.

This latest chapter in the credibility gap is appalling. The highway program, as President Johnson himself has said, "is not costing the general fund of the United States Treasury a single cent." Funds actually come from federal taxes on gas and oil, tires, batteries, new trucks, buses and truck trailers, and actual use by trucks of the nation's highways. To cut those funds back won't knock a penny off the Johnson administration's impending \$29 billion deficit—and the President knows it. He is trying to hoax the public and cow Congress.

The President refuses to cut those gray train programs he finds politically profitable.

At a time when the nation's highways are claiming some 50,000 lives a year—and when the President's own projections show 8,500 of those lives could be saved under the highway program—any reduction in this program would be criminal.

It is inconceivable to me that the President would rather take this risk than reduce those programs not vital to the nation's welfare.

Smart...

State Representative Clifford H. Smart has announced that the Michigan Water Resources Commission will hold a public hearing on proposed watercraft pollution rules on Thursday, October 26th, in Lansing. The hearing is scheduled for the Terrace Room of the Lansing Civic Center, beginning at 10:00 A.M.

"Due to the tremendous interest in boating throughout Oakland and Genesee counties," Smart said, I hope many people from our area will take the opportunity to express their views on these proposed pollution control regulations."

The disposal of waste and the creation of litter by irresponsible people has become a major factor in the pollution of our waters. Smart said the main objective of the proposed rules is to regulate the use of marine toilets. Toilets on boats will be outlawed as the rules are now written, unless equipped with a device to retain all waste material or treat it so it is rendered non-pollutious. Types of pollution control devices to be used on boats will have to receive the approval of the Water Resources Commission before installation is allowed.

Representative Smart said that the commission had requested that persons wishing to testify at the October 26 hearing submit a written summary of their views and evidence in advance. This, however, is not mandatory and adequate time will be given for the expression of all views and opinions on proposed pollution control regulations.

In Schoolcraft Poll

Romney Slips, Kennedy Gains

Are Schoolcraft college students an accurate weather-vane in Michigan politics? On the national scene?

Last year, the community college students picked Governor Romney by a big majority over his Democratic opponent, Zoltan Ferency in a straw vote taken a month before the Michigan gubernatorial election. Romney won reelection handsily.

In the same straw ballot, the students preferred Sen. Robert Griffin in his contest with former Governor C. Mennen Williams. Griffin won.

Last week during the course of a Student Senate election, a political straw vote showed student preference for New York Senator Robert Kennedy, among a list of Democrats and Governors Romney among a list of Republicans.

The choice of the two men repeated a preference indicated by the students

a year ago. But, significantly, Kennedy's popularity over President Johnson among the Democrats increased this year to better than 3.5 to 1, from less than 3-to-1 a year ago, while Romney's popularity slipped, as two conservative Republicans, Richard Nixon and California Governor Ronald Reagan made a strong showing.

Among three Democrats on the straw ballot, Schoolcraft students gave Kennedy 176 votes, to 49 for Pres. Johnson, and 26 for former Alabama Gov. George Wallace.

Among Republicans, with students voting on both sides of the preferential ballot: Romney polled 97, Reagan and Nixon, 45 each, New York Gov. Nelson Rockefeller, 37, and Illinois Governor Charles Percy, 25.

A year ago Romney swamped his GOP "opponents" with 155 votes against 32 each for Nixon and former Arizona Sen. Barry Goldwater.

The students again remained "hawks" on a question on the Vietnam war. The poll showed, on the "Hawk" side: 124 favoring escalation, and 65 favoring maintenance of the present U.S. policy on the war; and on the "dove" side, 63 favoring complete withdrawal from the war, and 20 in favor of de-escalation.

On matters closer to home, the students approved mini-skirts as proper attire on campus by a 216 to 56 margin, and expressed disfavor with a proposed tuition increase this winter by a 169-109 vote.

On still another issue, the students approved the jailing of Teamster Union leader Jimmy Hoffa by a 217 to 49 vote.

The straw vote, as well as the Student Senate election, was conducted on a regulatory voting machine provided without charge to the Senate by the City of Garden City.

With Our Servicemen

Ft. Knox, Kentucky — October 9 — Army Private Michael W. Dittus is assigned to Company E, 11th Battalion, 3rd Brigade, here in the United States Army Training Center, Armor (USATC).

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action Army — firing live ammunition under simulated combat situation, learning protective measures and first-aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Following the completion of basic training, Private Daleo, who is the son of

Mr. and Mrs. Dan Daleo of 48190 West 10 Mile will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

Seaman Apprentice Martin R. Sutton, USN, son of Mr. and Mrs. Luther M. Sutton of 46187 Bloomer drive, Northville, Michigan is attending the Navy's basic 18-week Fire Control Training School at the U.S. Naval Training Center, Great Lakes, Illinois. Fire control involves plotting the path of a projectile or missile from weapon to target by means of radar and electronic computers. In learning

to do this he will use the mathematics of geometry and trigonometry, basic electricity and electronics, and analytical and digital computers. Also taught will be methods of compensating for natural forces which affect the projectile's or missile's course, such as ship's motion, wind and target movement.

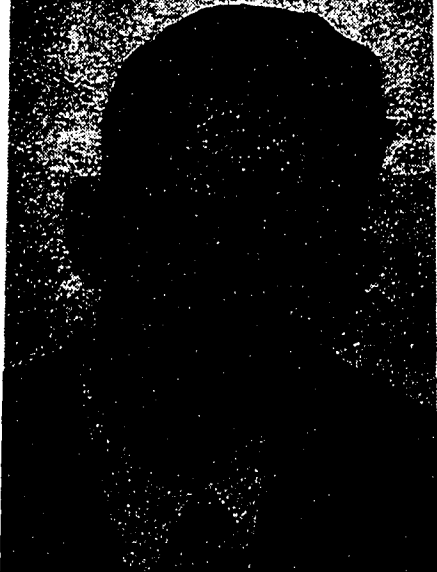

After graduation he will serve as a fire control technician aboard a ship.

Daniel Smith, son of Mr. and Mrs. Rex Smith, 48800 West Nine Mile road, has been promoted from Private First Class to Specialist 4. Stationed at Ft. Hood, Texas, Specialist Smith is a cook, having entered the United States Army over a year ago. He is a graduate of Northville high school.

Minutes of the Northville Board of Education

Sept. 11

In the absence of President Eugene Cook, Mr. Johnston, Vice President, assumed chairmanship of the Board.

The meeting was called to order by Vice President Stanley Johnston at 7:34 p.m. in the Library of the Junior High School Building.

Secretary Glenn Delbert being absent, Mr. Johnston appointed Mr. James Kipper Acting Secretary for this meeting.

Members present: Mr. Stanley Johnston, Vice President; Mr. Richard Martin, Treasurer; Mr. Robert Froelich, Trustee; Mr. James Kipper, Trustee; Mr. Andrew Orphan, Trustee.

Members absent: Mr. Eugene Cook, President; Mr. Glenn Delbert, Secretary.

Others present: Mr. Raymond Spear, Acting Superintendent; Mr. Earl Busard, Business Manager.

Visitors present: 11 (see register).

The Vice President declared that a quorum was present and directed the Board to proceed with the regular order of business.

Motion No. 74 by Mr. Martin, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 75 by Mr. Johnston, supported by Mr. Froelich, that Item 14, Ratification, be moved to first place on the agenda. Motion carried.

Following action by the board to consider Item 14 first on the agenda, discussion of the Master Agreement between the Northville Education Association and the Northville Public Schools School District was opened by Acting Superintendent Spear, who directed attention of the board to minor corrections and/or changes in the text of the Agreement subsequent to the original version provided for board members prior to the meeting. The board recommended several instances of rephrasing to insure proper interpretation of certain clauses in the contract.

The major disappointment expressed by Board members was in the inability of the Board to obtain more than a one-year contract.

In reviewing the Master Agreement, Mr. Froelich labeled it as somewhat "cumbersome" due to "verbiage," and questioned whether a contract of this nature might rather be drafted with more brevity in general terms and thereafter administered within specific guidelines established by the board.

Mr. Spear explained that the Master Agreement is of necessity a lengthy document because the spelling out of specifics is a vital part of the negotiation process; and further, that after ratification, the Agreement itself does in fact become board policy for all areas covered therein.

Mr. Johnston offered the opinion that detailed spelling out of individual items in the contract might cause security for the teachers. He expressed satisfaction with this product of the many long hours of negotiation.

Mr. Orphan commented on the fact that he had observed as many of the teacher-board bargaining sessions as possible and felt the resulting Agreement to be an adequate and well-written instrument between the parties, providing both protection for the teachers and freedom for the board.

Following this discussion, Mr. Spear recommended that the 1967-68 Master Agreement ratified by the teachers on September 5, 1967, be ratified by the Board of Education.

Motion No. 76 by Mr. Orphan, supported by Mr. Martin, that the 1967-68 Master Agreement between the Northville Public Schools School District and the Northville Education Association be ratified as presented. Motion carried. (Appendix to these minutes)

Motion No. 77 by Mr. Kipper, supported by Mr. Martin, that the Minutes of August 7, 1967, be approved as published. Motion carried.

Mr. Johnston indicated that two more letters had been received relative to a name for the new Junior High School.

Speaking for the board subcommittee charged with the responsibility of recommending a name for the new Junior High School, Mr. Johnston reported that he and Mr. Orphan hereby submit the following recommendation for consideration and action at the next Board meeting: that the new Junior High School be named the NORTHVILLE JUNIOR HIGH SCHOOL, with dedication to the H.G.H. Cooke and plaque in her name to be mounted in an appropriate area of the building in recognition of her years of service to Northville, in the field of education, thus honoring both Mr. Cooke and the Board's desire not to name new school buildings after persons.

Mr. Kipper read a letter from Mr. Arthur Braun of Hazel Park requesting that his son be accepted on a tuition basis by the Northville Public Schools School District in order that he may complete his senior year at Northville High School. Mr. Froelich and High School Principal Holdsworth recommended that, in view of the circumstances related by Mr. Braun, this request be granted.

Motion No. 78 by Mr. Kipper, supported by Mr. Froelich, that Rotary A. Braun be accepted as a tuition student on a probationary basis by the Northville Public Schools School District for the 1967-68 school year. Motion carried.

Mr. Orphan gave a brief report on the results of his and Mr. Martin's representation of the board at a meet-

ing of the Northville Township Planning Commission on August 8, 1967, and a meeting of the Northville City Planning Commission on September 5, 1967, regarding the board's request for inclusion of dedication requirements in the Planning Ordinance which would facilitate the District's acquisition of future school sites. Although no positive results were evident in regard to the inclusion of such requirements, at least communication had been established between entities with assurances of arrangements for an early meeting date between the Northville Township Planning Commission and the Northville City Planning Commission, the Northville City Planning Commission, and the Northville Board of Education, respectively, to further explore means in the direction of the Northville School Board's above-mentioned request.

At the recommendation of Mr. Spear, the following items were added to the agenda:

Item 15: Michigan School Board Election Ballot.

Item 16: Change in School Calendar.

Item 17: American School Lunch Program.

Acting Secretary Kipper reviewed candidates presented on an Election Ballot from the Michigan Association of School Boards. The Northville School Board's choices were indicated for 7 of 9 candidates for three-year terms as NASSB Directors at Large, and of 2 for a two-year term as Director at Large.

Mr. Spear recommended two changes in the School Calendar adopted in May; namely, December 22, 1967, as an attendance day to compensate for the loss of September 5, 1967, as a student attendance day; and the scheduling of January 20, 1968, and June 8, 1968 (both Saturdays) as teacher work days to compensate for the loss of August 31 and September 1, 1967, with the understanding that teachers who reported for work on August 31 and September 1, 1967, would be excused from reporting on January 20, 1968, and June 8, 1968. Motion carried.

Motion No. 82 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 83 by Mr. Froelich, supported by Mr. Kipper, that a teaching contract be approved for Mrs. Robbie Durbin. Motion carried.

At 8:15 p.m. Mr. Martin requested permission of the board to be excused for personal reasons. Permission granted.

Motion No. 82 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 83 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 84 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 85 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 86 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 87 by Mr. Martin, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 88 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 89 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 90 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 91 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 92 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 93 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 94 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 95 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 96 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 97 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 98 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 99 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 100 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 101 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 102 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 103 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 104 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 105 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 106 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 107 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 108 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 109 by Mr. Johnston, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 110 by Mr. Kipper, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

ing of the Northville Township Planning Commission on August 8, 1967, and a meeting of the Northville City Planning Commission on September 5, 1967, regarding the board's request for inclusion of dedication requirements in the Planning Ordinance which would facilitate the District's acquisition of future school sites. Although no positive results were evident in regard to the inclusion of such requirements, at least communication had been established between entities with assurances of arrangements for an early meeting date between the Northville Township Planning Commission and the Northville City Planning Commission, the Northville City Planning Commission, and the Northville Board of Education, respectively, to further explore means in the direction of the Northville School Board's above-mentioned request.

At the recommendation of Mr. Spear, the following items were added to the agenda:

Item 15: Michigan School Board Election Ballot.

Item 16: Change in School Calendar.

Item 17: American School Lunch Program.

Acting Secretary Kipper reviewed candidates presented on an Election Ballot from the Michigan Association of School Boards. The Northville School Board's choices were indicated for 7 of 9 candidates for three-year terms as NASSB Directors at Large, and of 2 for a two-year term as Director at Large.

Mr. Spear recommended two changes in the School Calendar adopted in May; namely, December 22, 1967, as an attendance day to compensate for the loss of September 5, 1967, as a student attendance day; and the scheduling of January 20, 1968, and June 8, 1968 (both Saturdays) as teacher work days to compensate for the loss of August 31 and September 1, 1967, with the understanding that teachers who reported for work on August 31 and September 1, 1967, would be excused from reporting on January 20, 1968, and June 8, 1968. Motion carried.

Motion No. 82 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 83 by Mr. Froelich, supported by Mr. Kipper, that a teaching contract be approved for Mrs. Robbie Durbin. Motion carried.

At 8:15 p.m. Mr. Martin requested permission of the board to be excused for personal reasons. Permission granted.

Motion No. 82 by Mr. Froelich, supported by Mr. Kipper, that the agenda be adopted as amended. Motion carried.

Motion No. 83 by Mr. Froelich, supported by Mr. Kipper, that a teaching contract be approved for Mrs. Robbie Durbin. Motion carried.

At 8:15 p.m. Mr. Martin requested permission of the board to be excused for personal reasons. Permission granted.

tribution of \$2000 to the Clinic as a result of Northville's participation.

A 1967-68 contribution to the Clinic was not provided for in the Proposed Budget for 1967-68 since a similar item did not appear as an expenditure in the 1966-67 Budget upon which the 1967-68 Budget was predicated.

It was the Board's understanding that such a contribution had been authorized by action of the Board for the 1966-67 fiscal year, but the Administration indicated that no record of payment has been found.

The Boarding general was agreeable to remitting the unpaid contribution for 1966-67 if the official Minutes for that year indicate such authorization, but several Board members were unwilling to participate in the Clinic's program for 1967-68 until it was possible to obtain the 1966-67 Budget.

Seventeen referrals have been made from Northville to the Clinic during the three years of the District's participation in this program.

Secretary Delbert reported that the Northville School Board's above-mentioned request for a method of apportioning the cost of future school sites among homeowners serviced by such a program had been approved by the State, making a total apportioned con-

tribution of \$2000 to the Clinic as a result of Northville's participation.

A 1967-68 contribution to the Clinic was not provided for in the Proposed Budget for 1967-68 since a similar item did not appear as an expenditure in the 1966-67 Budget upon which the 1967-68 Budget was predicated.

It was the Board's understanding that such a contribution had been authorized by action of the Board for the 1966-67 fiscal year, but the Administration indicated that no record of payment has been found.

Northville School Board can suggest ways of overcoming these decisions.

Mr. Cook requested Mr. Orphan and Mr. Martin to consider the next step in further movement to meet with planning boards to restate the District's problem. They will report their progress in this direction at the next meeting of the Board of Education.

Secretary Delbert referred to a memorandum from William A. Shumak, Superintendent of Wayne County Intermediate School District, to Superintendent of Wayne County Schools, notifying such superintendents of plans for the formation of area vocational education districts starting in October.

In a public hearing on the Proposed Budget for 1967-68, prepared by Acting Superintendent Spear and Business Manager Busard, it was pointed out that the School District assessment appearing on the December 1967 tax rolls would remain the same as for December 1966. The total Proposed 1967-68 Budget of \$1,915,400.00 represents an increase of \$28,942.00 over the 1966-67 Budget. The apparent decrease in administrative salary expenditures budgeted for 1967-68 is attributed to retirement of the former Superintendent during the fiscal year 1966-67.

Mr. Spear responded to a question from the floor by reiterating the Administration's plans for utilization of the old Junior High School Building as outlined in the Minutes of the August 7, 1967 Board meeting.

Motion No. 88 by Mr. Kipper, supported by Mr. Johnston, that a contribution be made to the Northwestern Child Guidance Clinic of Wayne County an amount equal to 20% per enrolled school child for the fiscal year beginning July 1, 1967. Ayes: Mr. Kipper, Mr. Johnston, Mr. Cook, Nays: Mr. Orphan, Mr. Delbert, Mr. Froelich. Abstention: Mr. Martin. Motion defeated.

Secretary Delbert noted a letter addressed to Architects O'Dell, Hewlett & Luckenbach from the Department of State Police, indicating preliminary inspection has been made of the High School addition, and construction date was found to be in compliance with the law.

Secretary Delbert read a letter from City Manager Frank Ollendorf relative to items which the City maintains should be the responsibility of the school district for the Junior High Sanitary Sewer line. After inspection and approval, the City requires easements on which the line is located if they are to maintain the line in the future. Further, the regular maintenance of the sewer line and the Truck Sewer connection carries a special tap fee, payable at the time the taps are made, at a cost of \$6880 for the School site only. The letter suggested the possibility of the District's requesting the easements and the Truck Sewer connection carries a special tap fee, payable at the time the taps are made, at a cost of \$6880 for the School site only.

The letter suggested the possibility of the District's requesting the easements and the Truck Sewer connection carries a special tap fee, payable at the time the taps are made, at a cost of \$6880 for the School site only.

SPEAKING for The Record

By BILL SLIGER

If House Bill No. 2001, in its present or amended form, finds its way through the current special session of the Michigan state legislature, Northville will lose its municipal court by January 1, 1969.

The legislation would establish a new district court system, abolishing the justice of the peace and municipal courts.

It would appear to be a good bet that district court legislation will be adopted, otherwise municipal courts would be left to handle areas now served by justice courts. Under the new constitution the latter must be abolished.

To some Northville officials the passing of the local court will be met with regret. They will remember that it was established five years ago, and that through their efforts it received strong voter support.

The city court replaced the old fee-system justice of the peace court with one that provided that the judge must be licensed to practice law and a resident of the municipality. It also did away with fees and placed the judge on salary.

Drafters of the municipal court hoped that it might survive the ax that al-

ready hung over the head of the JP courts.

In general, most cities as well as the Michigan Municipal League stand opposed to the district courts, not as they abolish JP courts, but because they appear to cut away another slice of home rule authority.

There have also been objections aimed at inconvenience, loss of local revenues, uncertainty of the location of the court and residency requirements of presiding judges.

House Bill No. 2001 answers many of the questions that have been raised by Northville officials. Their objections have been based mainly on the fact that (until this week) there has been no evidence of the exact provisions of the district court proposal.

As it now stands, the district court legislation provides:

--that the cities and townships of Northville and Plymouth would have one judge (and be designated as the sixth division of the eleventh district, Wayne county);

--that the judge shall be licensed to practice law and be a registered elector of the district and election division in which he seeks office;

--that salary of \$20,000 will be paid by the state with additional salary permissible by the county, not to exceed a total of \$27,000 annually;

--a district judge shall not engage in the practice of the law other than as a judge;

--judges shall be nominated and elected on nonpartisan judicial ballots;

--the county board of supervisors must provide suitable places to hold court;

--all fines, other than those imposed for violation of a penal law of the state, shall be paid to the political subdivision whose law was violated;

--any city, with the approval of the district judges, may establish parking violations bureau to accept pleas of guilty in parking ordinance violations and collect fines and costs as prescribed in such ordinances, the expense of such bureau to be borne by the city.

Under these provisions Northville is assured that it would have a fulltime court operating at least as close as Plymouth.

The rebate of fines for local violations would offset financial losses, although this is difficult to measure exactly. This year the court will contribute some \$10,000 to \$15,000 to the general fund above its own cost of operation, about \$10,000 annually.

Under the new system, however, the cost of operating a court locally would be eliminated.

It's also true that a fulltime judge and court is preferable to a parttime system.

City Attorney Marvin Stempley, who admits strong support for the fulltime court, still warned the city council that the district court would mean "that you're losing your court". He urged a home-rule prerogative provision in the legislation that would guarantee holding of court in each city within a division, if the city so desires and provides adequate court facilities.

It's possible, of course, that the Northville-Plymouth district court could be located in Northville. But it could be presumed the city of most population would probably be designated.

At any rate House Bill No. 2001 clears up many doubts that previously caused apprehension about the proposed district courts.

Based on its provisions one might now argue that Northville would have improved court service with a district court that it would share with Plymouth.

"Your name, Jack Hoffman?" she asked this time.

Yes.

"Jack W. Hoffman?"

Yes.

"You're a bachelor, aren't you?"

No, ma'am, I said, I'm married and have five children.

The receiver banged down, probably permanently damaging my ear drum. No more questions, just my own, unsatisfied curiosity and the ear injury.

A while later, the same sweet gal was on the line. This time she had, if someone, I can't remember the name, worked with the newspaper. My

Not Getting Across

Readers Speak

Don't Ignore 'Satellite' Threat

To the Editor:

Perhaps we should expand the "Satellite City" that has received much attention during recent weeks to include all of the small communities around Detroit. We have metropolitan planning for transportation, water, sewage, etc. Certainly the Cavanaugh policy is directed toward getting everyone else to pay for Detroit's problems. We hear of repeated trips to Washington to ask for federal funds for this, that and the other thing. Detroit now collects income

taxes from non-residents. Every time some crisis arises, Detroit representatives are off somewhere to seek outside help. The most recent example of this was the school contract situation. Here the plea for help was directed toward the state government.

We recognize that Detroit has many problems, but so do all communities. The younger communities have the problem of major school expansion and are meeting their resulting high tax requirements themselves. Detroit has much lower school taxes, but would

rather seek outside help than raise local taxes as most smaller communities have done. We here in Novi face a major road improvement program in the near future, but I am sure that a request for Detroit to help us would bring only a loud horse laugh.

Let's not ignore the "Satellite" threat. Detroit is not out to do anything for us except help us spend our money on their problems. The threat hangs over all communities surrounding Detroit.

Donald C. Young Jr.

Says Letter Makes Sense

To the Editor:

Who is the person who makes sense in the community? His last week's letter regarding the backward thinking in the area is the best thing published since Governor Romney said "Brain-washed." Forward thinking and planning does not necessarily mean you condone or are looking forward to the invasion.

If any of the local subjects makes the injection of truth serum, they should ask for a reprint and then take off the blinders they are wearing. Blinders work very well on horses at Northville Downs.

Bruce H. McAllister

'Let's Condemn Detroit Land'

To the Editor:

I would suggest that condemnation proceedings be started regarding all Detroit owned properties in the area. James P. McHugh 44507 Chesham Drive Northville

Students Attend Shakespeare Play

Approximately 180 Northville High School English students and five teachers attended the Seventh Annual Stratford Shakespearean Festival at Stratford, Ontario, October 10 to see the Shakespearean play, Antony and Cleopatra.

The all-day formal trip was attended by tenth, eleventh and twelfth grade English students who left the high school at 8:30 a.m. in five Greyhound buses, and returned at approximately 10:30 p.m. that night.

Antony and Cleopatra is not often produced. It probably presents more difficulties than most of Shakespeare's plays, because of its complicated political background, its treatment of a very adult love affair, and to some extent its length.

The following are short interviews with various students and teachers, on their impressions of Antony and Cleopatra:

Mrs. Chambers, teacher-chaperone: "Cleopatra was very excellent, although she was a different type of Cleopatra. Christopher Plummer was

weak as Antony. He did a superficial job. The production was very good, but students laughed in serious parts. As a whole, students were very receptive towards the production."

Ron Barnum, senior: "It was a pretty good play, but it could have been better. Cleopatra's fainting spells looked superficial."

Amy Hanner, junior: "It wasn't one of Shakespeare's best plays. The plot was hard to understand, and wasn't as interesting as other plays. Everyone wanted to see Christopher Plummer because he was a name star."

Steve Kaake, sophomore: "I didn't enjoy it that much. It wasn't as enjoyable as the majority of Shakespeare's works. Cleopatra wasn't a good actress because her voice was harsh. If it wasn't for Christopher Plummer's name, you could have mistaken him for any actor. The death scenes were cool."

Tom Kraughter, senior: "The play doesn't hold your emotions or interests as the play should. I didn't feel that Antony, (Christopher Plummer), and Cleopatra, (Zoe Caldwell), were convincing in their portrayal of lovers... they seemed insincere. Cleopatra's voice was harsh and nagging. I thought this portrayal was out of character because she was not regal."

Darlene Murphy, junior: "It was worth the money. The play was interesting, and had good costumes. Cleopatra was sweet when she wanted to be. She used her beauty when it would benefit her; otherwise, she was harsh and cruel. Antony was torn between devotion of country and love of Cleopatra."

'The Thyme' In Spotlight At Cavern

This Saturday, October 21, The Cavern will be hosting 'The Thyme' and The Ashmolean Quintet. Both of these popular Ann Arbor bands have a unique style, and were well received during their first engagement at The Cavern. The Thyme has a certain great singing style, whereas The Ashmolean Quintet has a unique style of performing on stage during their numbers. The dance will be held at the Community building from 8:00 p.m. to 11:30 p.m. Tickets: \$1.00 for members, \$1.50 for non-members. These bands should attract a large crowd.

JH Science Room's Got It Snakes, Monkey... You Name It

Mr. Norman Hannewald's science room in the Ida B. Cooke Junior High school has become a menagerie of wild life. Amidst the array of aquariums filled with snakes, salamanders, turtles, frogs, crayfish, and a hamster are found two main attractions... a squirrel monkey and a boa constrictor. Jocko, the squirrel monkey, was the first addition to the science room. She belongs to Mr. Hannewald, who keeps her in a large cage complete with a swing and perch for exercising.

Jocko measures approximately two feet in length from the end of her nose to the tip of her tail. She is seven or eight months old, and is growing big canine teeth.

Squirrel monkeys are fairly active, and according to Mr. Hannewald, "Jocko likes to eat meal worms and suck hard candy." She really gobbles up the meal worms.

The only reptile in the room that comes close to Jocko as an attraction is the 4 1/2-5 foot box constrictor that Mr. Hannewald purchased at Arian's Pet Shop in Ann Arbor. According to Mr. Hannewald, "Everyone kicked in a dime to help purchase it."

Box constrictors are widely distributed in the jungles of Central and South America. The average length of the adult box constrictor is 10-11 feet; Mr. Hannewald's specimen is six to seven years old, and should grow six to eight inches per year.

The boa constrictor is encased in a glass aquarium, complete with gravel, a tree branch, a pan of water to lay in and drink from, and a light for warmth.

The rest of the wildlife in the science room were brought in by various science students, except for a box turtle of Mr. Hannewald's. "Box turtles are real good pets," commented Mr. Hannewald, "they are harmless and easy to keep. They eat peeled bananas."

A hamster was submitted by Christy Sorenson, a seventh grade student. Christy wanted one as a pet, but her mother refused to keep one in the house. Her mother consented to let her have one, on the condition that Christy keep it at school in the science room.

The snake collection consists of garter snakes, milk snakes, DeKay snakes, and the box constrictor. The turtle collection consists of painted turtles, a snapping turtle, and the box turtle.

Crayfish and four tiger salamanders make up yet another collection in the science classroom.

The final collection is made up of butterflies and leopard frogs. Some are used for feeding the snakes; whereas, the remainder will be used for dissection later in the school year. Jim Curi, an eighth grade student, donated a refrigerator to the science room for the hibernation of frogs to be dissected in the spring.

Mr. Hannewald expressed the need for National Geographic Magazines and stuffed animals, (such as a deer head), that citizens in the community no longer want. "These articles would be appreciated for use in the classroom," commented Mr. Hannewald.

Any interested parties should leave their names with Mr. Hannewald at Ida B. Cooke Junior High school, or contact Daryl Holloman, 349-3025.

The impressive victory came on the heels of a disappointing loss to Columbia Central a week earlier—

EASY DOES IT — Probably the most popular teaching aids in the Northville junior high science classroom these days are the

boa constrictor and monkey that Jerry VanHellen and his teacher, Norman Hannewald admire.

We Won! It's Our First in League Competition!

Saturday may have been Sweetest Day to most calendars but for Novi's young football team Friday was considerably sweeter as the Wildcats notched their first league victory in local high school history.

Displaying a new-found confidence, the Novi eleven rolled over Grass Lake, 19-7, as smoothly as if riding on water skis and at the same time served notice on its Lakeland C opponents that it is tired of playing doormat.

The impressive victory came on the heels of a disappointing loss to Columbia Central a week earlier—

a loss that but for a couple of costly errors easily could have been a triumph. In both games Novi demonstrated the kind of team effort needed to win games—and it's difficult to say who can be happier: the players, their coaches or the Novi fans.

Playing on the Warriors' Jackson county gridiron Friday night, the Wildcats waited until the opening moments of the second quarter before pushing across their first touchdown.

The Wildcats scratched their way to the Grass Lake 28 where Novi's versatile quarterback, Gary Boyer, raced around the left end and scrambled into the endzone for what appeared to

be the game's opening tally. But a 15-yard offensive holding penalty sent the Wildcats spinning back to the 43-yard line.

The setback was shortlived, however, as Boyer on the very next play fired a pass into the arms of Novi's galloping tailback, Jon VanWagoner, who raced in for the TD and then booted the extra point.

Minutes later, Grass Lake struck back. Pushing their way to the one-yard line, the Warriors knotted the score as Halfback Jerry Herendeen sneaked across for the tally and Tackle Arthur Decker split the uprights.

The Warriors' stunning comeback earlier in the season might have shattered Novi's stability. Not so now. With backs and linemen working together in machine-like precision, the Wildcats smashed their way back into the opponent's half of the field picking up four first downs on the way.

At the Grass Lake 45, Boyer tried to duplicate his earlier TD pass but a clipping penalty nullified VanWagoner's carry to the 20. The quarterback pushed his way to the 37 on a keeper play, however, and then rifled a pass to Dave Adema who pounded his way to the 10.

Novi's workhorse, Rick Hill, punched to the 5 but another 15-yard penalty

pushed the Wildcats back to the 21 and a smashing Warriors' tackle behind the lines shoved them back to the 30.

Then on second down at the 30, Boyer passed to Upback Doug Schott who sailed in for the touchdown. VanWagoner's extra-point kick was blocked, Novi led 13-7 at the half.

Grass Lake came back after halftime festivities sporting a more determined offensive unit but Novi's defense cracked the threat, which at one point carried to Novi's 20, and the quarter ended without a score.

Then, as the final quarter opened, the Wildcats took advantage of four

costly Grass Lake penalties—60 yards of backpeddling—and unleashed another of their own drives.

Hill put the Wildcats in scoring position by racing 11 yards to the Grass Lake 8 for a first down, and VanWagoner, who appears fully recovered from the leg injury that kept him out of the first three games, sped around right end for the third TD. His kick went short.

Grass Lake put together one last, desperate drive, grabbing a Novi fumble on its opponent's territory and pushed to the 31 before a Novi interception and the clock ended the threat and the game.

Building Boom Predictions Near Reality

Vetoes 'City' Incorporation

City incorporation of Farmington township was defeated at the polls Monday by a scant 204 votes.

Township voters for the second time in little more than a year indicated their opposition to incorporation. The vote Monday was 2,310 to 2,106.

In time of last year voters turned down the incorporation proposal by a substantially larger margin, 5,657 to 1,947.

Rumors had circulated here for some time pointing to the strong possibility that Farmington township, with city status, probably would support annexation of sections of the village on the Novi-Farmington boundary.

Possible annexation by Farmington and other neighboring communities has been a constant stimulus for the movement to incorporate Novi as a city.

School Report Published

Novi's annual financial report together with recommendations of the superintendent of schools are published this week on Page 4-B.

The recommendations of Superintendent Dale include:

—Construction of an addition to Orchard Hills and plans for an additional elementary school.

—Complete the organization of a complete comprehensive K-12 school system.

—Addition of 10 teachers.

—Continue study to improve the quality of the educational program.

—Submit total program for accreditation of the system.

—Continue to encourage industrial development so as to equalize the tax burden.

Westward Ho!

Pack 54 Cub Scouts and their leaders will be wearing "new uniforms" Friday. They'll attend their 7:30 p.m. meeting at the community building, dressed in costumes fitting the theme of their meeting, "Westward Ho".

For Novi Heights Subdivision

Bids Next in Road Improvement

Under the improvement plan, the first seal would be applied in June and the second the following year, thus delaying total completion until 1969.

Bids on insurance and comprehensive liability insurance policies were Voorheis & Cox Insurance (Auto Owners) of Wall Lake, which bid \$511.27 on the former and \$2,588.37 on the latter.

Although Fraser Staman Insurance Agency (Citizens Mutual) of Novi and one other Citizens Mutual firm came in with a total package cost of \$4,617.16, officials noted that this cost was an "estimate" and that Voorheis, which bid only on workman's and comprehensive liability, offered a firm discount "more than \$900 based upon the village's record of few claims."

Both Voorheis and Folino, who bid only on the fleet insurance, had previously insured the village.

In another letter to the council, members learned from Michigan State university officials that Patrolman Warren Thrushman has successfully completed his law enforcement training.

Six firms submitted bids on insurance

Recent predictions that Novi is on the edge of a gigantic building boom appear closer to reality today, village officials have revealed.

Several development plans reportedly are under consideration by the planning board, at least two major construction projects are underway, and at least two others are expected to get underway within a year.

Some 24 homes are already completed or underway in Meadowbrook Lake subdivision, located at the northwest corner of Nine Mile and Meadowbrook roads. This subdivision includes 108 lots.

Plans for a giant development of homes and apartments is in the works for the opposite site of Meadowbrook road, south of Willowbrook subdivision.

Plans for this development, which call for some 82 homes, are expected to be introduced to village planners yet this month, and, according to one official, construction of at least a single pilot house is expected to be started by the end of December.

Nearly half of the 80-acres in the latter development is expected to involve multiple dwellings, utilizing an artificial lake formed by a former gravel pit.

A 220-acre development at the northwest corner of 10 Mile and Meadowbrook roads is expected to get underway next year, according to developer, Max Sheldon. Preliminary planning is already underway, zoning has been secured, and a plat of the development is expected to be submitted to planners soon.

With sewer installation all but complete in Cosmothena subdivision, village officials believe building on 125-vacant lots in the subdivision now will move along much more rapidly. Several new permits have been issued recently, they report.

Two homes are now under construction in the Westridge subdivision on the southern boundary of the village, west of Novi road, for which final plat approval was given two weeks ago.

The Westridge plat provides for 57 homes.

To the west of Westridge, on both sides of Center street, is the proposed Skatkin development of houses and multiple dwellings. Construction there, which has been awaiting installation of sewer and water, reportedly is within a year of starting. Bids on extension of water mains to the area were to have been accepted by the village Tuesday.

Plans for this development calls for relocation of Center street and provides for a street "tie-in" with Westridge.

Under the improvement plan, the first seal would be applied in June and the second the following year, thus delaying total completion until 1969.

Bids on insurance and comprehensive liability insurance policies were Voorheis & Cox Insurance (Auto Owners) of Wall Lake, which bid \$511.27 on the former and \$2,588.37 on the latter.

Although Fraser Staman Insurance Agency (Citizens Mutual) of Novi and one other Citizens Mutual firm came in with a total package cost of \$4,617.16, officials noted that this cost was an "estimate" and that Voorheis, which bid only on workman's and comprehensive liability, offered a firm discount "more than \$900 based upon the village's record of few claims."

Vol. 14, No. 23, 18 Pages, Two Sections • Novi, Michigan Thursday, October 26, 1967 • 10¢ Per Copy, \$4 Per Year In Advance

Wixom Paving Stalled

WAVING HER HAND, Debbie Domine conjures up some eerie special costumes for next Tuesday's annual Halloween costume

party sponsored by the Novi board of commerce. The special music produced the costumes of Beth Alcala (left) and Pat Emmons.

Halloween Party Slated Tuesday

Ghosts, goblins, and assorted youngsters of all ages, are invited to attend the annual Halloween Party scheduled for Tuesday, at the Novi community building.

Beginning at 7:00 p.m., the annual affair, sponsored by the Novi board of commerce, will feature fun and games for the younger set, kindergarten through age 12.

Special awards will be presented for the best costumes. After 9:00 p.m.,

teens are invited to dance "til the 'witching hour'" and prizes will be offered as an added attraction.

Refreshments, including cider, doughnuts, and hot dogs, will be on tap for all during the gala evening.

The board of commerce hosts the celebration of All Hallows' Eve, not only for the enjoyment of local children and teenagers, but also in an effort to reduce the number of Novi youngsters on the streets on this special night.

These bids included, as required by specifications, the "accessories" such as storm drains, curbs and gutters.

Bid costs per each road were: Holloway—Theodore, \$13,508; Flamingo, \$68,801.50; and Fairbury-Bogie, \$60,626.25.

Holloway—Theodore, \$13,582; Flamingo, \$70,689.50; and Fairbury-Bogie, \$63,090.75.

Prior to the opening of bids, a citizen argued that the matter of road improvement—and all other projects involving large sums of money—ought to be put to a vote of the people.

His remarks prompted council reply that the road improvement program had been sparked six or seven years ago by the people themselves in demanding that the city "fix up our roads." Latest decision to surface three more roads is simply a continuation of that program, council members explained.

The improvement program, members said, was tabled during sewer construction—primarily because sewer excavation could damage new roads.

The engineering firm, to which the bids were referred, was appointed the city's official engineer earlier in Tuesday's meeting. Choice of Pate was unanimous although several council members indicated that any one of a number of other firms considered probably would serve the village.

In the past, Wixom has contracted with engineering firms for specific jobs. The city's part in sewer work, for example, has been handled by Hubbel Roth & Clark, Inc.

Concerning sewers, the council also approved a resolution that delectable 12-inch sewer line through a vacant parcel of property on the eastern edge of Birch Park subdivision. Although the 1,528-foot long line was provided for in the city's sewer installation plans, it has since been determined that it has no useful purpose. It would serve no home, and another line would provide sewer service along the front side of the property, it was explained.

Robert Trombley, DPW superintendent, reported that less than eight miles of the 39 miles of sewer lines in the city have been installed and that the sewer

'High Bids' Block Roads Project

Wixom's road improvement program stalled this week when it ran headlong into an unexpected financial logjam.

The roadblock came in the form of bids for paving three more roads in the city's recently reactivated improvement program.

An \$85,192 budget surplus led to council decision last month to reevaluate the program, which had been sidetracked by city-wide sewer construction. Bids for surfacing the three roads, however, came in considerably higher than the surplus Tuesday night.

The matter was then referred to a newly-appointed city engineering firm, Pate Firm & Bogue, for a determination of alternate courses of action available to the city.

Specifically, council members want to know if it is feasible and wise to initiate a paving project that does not include curbs, gutters, and storm sewers. Past paving projects have included only road bed preparation, ditching and paving.

Cost of paving the three roads, Theodore, Flamingo, and Fairbury-Bogie, as seen by the two construction firms that submitted bids, was put at from \$143,191.75 to \$147,626.25. The low bid was submitted by Holloway Construction company, the other by Cadillac Asphalt company.

These bids included, as required by specifications, the "accessories" such as storm drains, curbs and gutters.

Bid costs per each road were: Holloway—Theodore, \$13,508; Flamingo, \$68,801.50; and Fairbury-Bogie, \$60,626.25.

Holloway—Theodore, \$13,582; Flamingo, \$70,689.50; and Fairbury-Bogie, \$63,090.75.
