Historical Society To Meet Tuesday

Mrs. Harriet Beckwith of Stockbridge, director of farm handicrafts at the Waterloo recreation area, will speak to the Northville Historical Society at 8 p.m. Tuesday, April 16. The meeting will be held at the home of Mrs. Kate and Miss Linda Edgerton, 571 Randolph street.

Mrs. Ruth Starkweather, president, announces that the group will discuss its goal of saving the old library building on South Wing street, which it hopes can eventually become a historical museum for Northville.

Double-N Riders Club Wins 13 4-H Ribbons

Eight members of the Double-N Riders entered a total of 13 projects in the annual 4-H Spring Achievement Day held at Plymouth Junior High West on March 30.

Taking part were Cindy Bretz, Carol Bellenir, Rob Davidson, Rick Davidson, Gail Jones, Janene Miller, Diane Rossetto and Rick Rossetto.

'Lites' to Focus On Wallpapering

Northern Lites family living study group will meet at 7:30 p.m. Monday, April 15, at the home of Mrs. Stephen Cherne, 18435 Beck road, for a spring program on the selection of wallpaper and paint.

Diane Rossetto received the 1967 Wayne county dog care and training award. Cindy Bretz and Carol Bellenir were chosen to enter their cookies in the Old Time Country Fair to be held at Greenfield Village in May. These girls also participated in the evening entertainment, Cindy singing "Puff, the Magic Dragon," accompanied by Carol on the accordion.

Northville Collegians Garner More Honors

The list of Northville collegians receiving scholastic honors is growing. Both Chris and Glenn Deibert, children of Mr. and Mrs. Glenn Deibert of Napier road, have been honored. Glenn, a freshman at Harvard, made the dean's list while Chris was inducted into Mortar Board honors society at the University of Michigan.

At Michigan State university Steve Adams, son of Mr. and Mrs. George Adams, 45201 Mayo drive, made honors having received all A's in the winter term.

Announce Engagements

Josephine Flattery

Mr. and Mrs. Robert Flattery LeBost drive, Novi, announce the engagement of their daughter, Josephine, to William J. Mudloff, son of Mrs. Joseph Mudloff of Glastonbury road, Detroit, and the late Mr. Mudloff.

Myra Jean Gaskill

The engagement of Myra Jean Gaskill to Dennis G. LaRocque is announced by her parents, Mr. and Mrs. P. K. Gaskill of West Dundee, Michigan. Her fiancé is the son of Mr. and Mrs. George LaRocque of Northville.

A graduate of Larkin high school and Patricia Stevens school of merchandising, the bride elect is employed in the advertising department of Montgomery Ward in Chicago. Her fiancé was graduated from Northville high school and attended the American Academy of Fine Arts in Chicago. He is employed by Vogue Wright studios in Chicago.

The wedding is planned for June 15. After a wedding trip to Mexico, the couple plans to live in Chicago.

RUMMAGE SALES—or, if you will, next-to-new or garage sales, are being discovered anew by antique-hunters, toy-seeking children and mothers of large families—and thus are becoming a better-than-ever way for clubs to raise money.

Last Friday and Saturday the American Legion auxiliary sponsored a rummage sale at the Legion home. Members found that the "sell out" was the toy department, with old dolls especially popular. Books also were high on the browsing list and among the dishes and appliances were old pottery crocks that antique collectors fill with everything from geraniums to ice cubes.

NORTHVILLE MONTHLY MO-THERS' club already is making preparations for its sale set for Saturday, May 4. As an added attraction, it will be held in the newly decorated West Main street quarters of Cavern, the teen club sponsored by Mothers' club.

The sale will provide the public an opportunity to see what the Cavern youngsters have accomplished on a budget, with lots of work and with volunteer help from interested adults. The former junior high cafeteria now resembles an old English tavern with dark-stained rough cedar beams half-timbered on cream walls.

In addition to clothes, toys and dishes the sale will have a section of antiques and of consignment items. Mrs. William Wiley and Mrs. Katin Johnson are co-chairmen of the barn sale. Working on the committee are Mrs. William Davis, Mrs. Blake Cause, Mrs. E. O. Weber and Mrs. Harold Wright.

Incidentally, the "barn sale" theme was chosen to carry out the rustic atmosphere of the Cavern... and is being used on the reminder posters made last week by Mrs. Wright and other committee members.

Presbyterian women already have the date set for their early-fall rummage and clothing sale to be held September 27 and 28 at the church.

THE VFW Ladies Auxiliary is plan-

ning a rummage sale April 19 at the VFW headquarters at 438 South Main street starting at 8:30 a.m. and running until 3 p.m.

KING'S DAUGHTERS will hold their annual benefit luncheon and bazaar from 11:30 a.m. to 1:30 p.m. Thursday, April 25, at Northville First Methodist church.

Mrs. Douglas Bolton, general chairman, points out that this is the group's one big money-raising project that provides funds for King's Daughter welfare work and aid to the children's hospital in Ann Arbor.

Co-chairman is Mrs. Harold Marks with Mrs. Donald Ware in charge of dining arrangements.

Mrs. Ware and her committee announce that they plan to cater especially to teachers and businessmen with limited lunch hours. If such groups make advance reservation, she said, they will try to accommodate them as soon as they arrive. Tickets are available from Mrs. W. H. Canfield or Mrs. C. Harold Bloom or any KD member. The menu will feature homemade pie desserts.

TOWN HALL will complete its seventh Northville season next Thursday, April 18, when composer-lyricist Richard and Lynda talks about musical comedy. He will be introduced by Miss Florence Panatoni, curriculum coordinator for the Northville schools.

Hostesses for the 11 a.m. program at P & A theatre will be Mrs. C. Harold Bloom, Mrs. Donald Ware and Mrs. Donald Boer, chairman.

Hostesses for the celebrity luncheon, which again will be at Meadowbrook country club following the lecture, will be Mrs. H. O. Evans, Mrs. Gordon Forrer, Mrs. William Davis, Mrs. Hiram Pacific and Mrs. Donald Hannabarger, chairman.

Mrs. Robert Brueck, retiring TH chairman, will introduce Town Hall officers for next season.

CALENDAR
April 11 - Rotary travelogue, 8 p.m. high school.
April 12 - Good Friday, No school in Northville-Nov until April 22.
April 16 - Historical society, 8 p.m., 571 Randolph.
April 18 - Town Hall, 11 a.m., P & A theatre.

CMU Names 6 Area Students for Honors

Six Northville, Novi and South Lyon area students at Central Michigan university in Mt. Pleasant have been named to the scholastic honors list for the fall semester, 1967-8. To be eligible for the scholastic honors list, a student must have an average of B or better for his entire college career.

Northville students listed are James W. Kleinsorge, 380 Fairbrook court, a sophomore, William E. Reich, 562 Langford drive, a sophomore; and Lynn S. Tiklika, 20300 Westview, a freshman.

Constance Marie Cook, 41840 Aspen drive, is a Novi freshman listed.

Two juniors from South Lyon are listed: Nancy L. Canfield, 300 Woodland drive, and Susan J. Hartman, 408 Whipple. Susan is the daughter of Novi high school principal Gerald Hartman.

Included on this year's honors list are students from 18 Michigan counties, eight states other than Michigan and three foreign countries.

BIRTHS

From Chicago's Lutheran general hospital comes news of the birth of a son, Frederick Andrew, on March 29 to Mr. and Mrs. Frederick S. Duerkop, of 7626 Higgins avenue, Chicago. The baby weighed 8 pounds, 8 and a half ounces at birth.

A son - their first child - was born Friday, April 5, to the Reverend and Mrs. Timothy Johnson, at Hutzel hospital in Detroit. The baby, named Jeffrey Charles, weighed 6 pounds, 10 ounces.

The Johnsons live at 313 Sherrie Lane, Northville. He is assistant minister of Northville First Presbyterian church. Maternal grandparents are Mr. and Mrs. Richard Jeffries of Manistee. Paternal grandparents are the Reverend and Mrs. Charles Johnson of Harbor Beach.

Double Treat For Optimists

Northville Optimists were treated to a double barrel program April 3. Loui Batzer of 711 North Center street was chosen youth of the month and awarded the Optimist plaque.

The annual Optimist oratorical contest was also held Wednesday night. Northville winner, Rick Seckler, will participate in the zone oratorical contest to be held at the Northville high school Tuesday, April 9. This year's runners up, who also did a fine job, are David Wright and Dave Mitchell. The subject chosen was "Golden Opportunity of Youth."

April 17th Northville Optimists will see Northville police dog, Sergeant Joe, in action. Officer Roger Beukema, the dog's master, will present the program.

St. Paul's Sets Registration

Registration for kindergarten and grades one through eight for the fall term will be held at St. Paul's Lutheran Christian Day school on Friday, April 26, between the hours of 1 p.m. and 5 p.m.

St. Paul's Lutheran school is a fully-accredited school operated and supported by St. Paul's Ev. Lutheran Church, Elm and East streets, primarily for the children of the congregation. However, non-members are welcome and accepted on a tuition basis as space permits.

If parents are interested in a Christian education for their children, they are encouraged to contact the school office for more information.

Police Report Area Citizens Observe Curfew

Area citizens were praised by law enforcement agencies for the cooperation that resulted in a quiet and peaceful weekend in Northville, Novi, and Westland.

While most citizens were affected to some extent by provisions of the curfew, officials in the area reported an extremely low frequency of law enforcement incidents.

Only one arrest under the firearms provision of the Governor's proclamation was made in Northville Saturday night. It was associated with loitering from a Northville service station and not with any threat of civil disturbance.

Odin White of Westland was apprehended at the Clark Service Station at 510 South Main street when police answered a report that someone was loading items on a truck about 11:30 Saturday night. White was arrested and charged with violation of the proclamation when a loaded 12-gauge shotgun was found behind the seat of his truck.

He was also charged with attempting to steal 13 bags of ice cubes, a can used for filling radiators, and a battery-water jug.

All area police agencies worked extra hours and pressed additional men and cars into service. Boundaries caused some confusion about implementing the proclamation in Novi. Police Chief Lee BeGole said his force carried out the bar closing order shortly after 11 p.m. Friday night. However, liquor was sold in Walled Lake, just beyond the boundary, which produced some traffic through Novi Friday evening.

"We made no arrests, but we issued many warnings and citations and sent people home," BeGole said. BeGole and Northville Police Chief Samuel Elkins reported that Saturday night was extremely quiet. With all Novi police and firemen on duty, BeGole said that they took advantage of the assembly to practice communications and tactics among the two agencies.

Wixom also had complications with the 14-Mile road (Pontiac Trail) boundary. Chief D'Arcy Young remained on duty around the clock over the weekend to carry out terms of the proclamation. One wedding could not be held at the Union Hall and special permission had to be obtained to permit the Wixom city council to meet, but Young said that there was a general spirit of cooperation despite the disruption of routine.

Easter Seal Collection Climbs to \$737 Here

By last week Northville had contributed \$737 to the current Easter Seal society campaign of Western Wayne county being conducted March 1 through Easter Sunday, April 14.

A total of \$415 has been collected to date through the general mail campaign of Easter seals. An additional \$322 was collected through special letters. Not included in this total were those funds collected through the lily sale here last weekend.

By the fifth report in the campaign, April 4, a total of \$33,527 had been collected in Western Wayne county.

LAST OF THE great Linden trees that lined Linden street in Northville lies across the pavement after it was felled by Monday's strong wind.

Wind Topples Last Linden

The last of the Linden trees on Linden street was removed from the scene last Monday.

It crashed to earth early last Monday afternoon, falling across the street and tearing limbs from a tree on the opposite side as it fell. It was quickly cut up by a city crew equipped with a chain saw to clear the street in the 200 block of Linden just off Dunlap street.

According to Edmund Yerkes, the tree was wounded by a bolt of lightning several years ago, which might have weakened it to where it could not withstand the force of the wind that swept through the area Monday.

Yerkes, who lives at the corner of Dunlap and Linden, was walking on the sidewalk near the tree when it fell. He said that he had adequate warning and observed the fall as the towering tree fell away from him, falling almost in a straight line across the street.

Novi Man to Show Book Collection

A Novi man, Dr. George E. F. Brewer, will participate in "Detroiters Collect," an exhibition of books and manuscripts from private collections in the metropolitan area, April 19 to May 18, in the Detroit Public Library.

Building Hits 1.5 Million

Permits for a total building valuation of nearly \$1.5 million were issued during the month of March, the Northville township board was told last week. The 20 permits valued the township \$2,216 for this development.

Most of the building valuation involved the Smoker company's multiple housing development on Seven Mile road.

Altogether, building department fees for construction, violations, permits and registrations for electric, heating, gas, and plumbing work totalled \$3,127.

In addition, \$456.45 was paid into the township treasury during the month for dog licenses, dump permits, board of appeal hearing, rezoning request, replacement of fire calls, and zoning books and maps.

In the water and sewer account, the township collected \$238,204.18 - most

of which (\$184,065) resulted from a security deposit from Thompson-Brown company for its Northville Commons development. In addition, Thompson-Brown paid \$26,810.38 in inspection fees for this development.

Concerning Thompson-Brown's security deposit, the board voted to release a refund of \$49,680 of the \$184,065 security deposit for work completed and reviewed by the township's engineers, in other action last week, the board authorized installation of a "safety pilot" in a pressure reducing valve between the Wayne County Children's Development Center at a cost of \$525; approved \$7,500 fees for temporary disconnection and for rehook-up of water meters; and voted to install new meters for nine property owners along Five Mile road, charging only \$44.15 for each meter and nothing for the installation.

Concerning the application for a new permit by the A. M. Thompson gravel mining operation on West Seven Mile road, the board adopted an amending resolution clarifying a position that unit fees (not renewal request fees) apply only to new operations. However, the board reserved the right to review the present escrow agreement with

She's Chased While Chasing

A young woman who said she was attempting to catch up with her ex-fiance was pursued at high speed by Northville police along South Main street last Saturday. She was charged with careless driving, after reaching speeds of 60 in a 25 mph zone and 70 in a 35 zone along South Main.

Sergeant Louis Westfall made the arrest, halting a car driven by Linda Jane Coyle of Royal Oak near the A & P Store parking lot after a chase from South Main and Seven Mile. Westfall pursued Miss Coyle after hearing a squeal of tires from a car attempting to halt for the stop sign at South Main and Seven Mile road. When the car, failing to stop, turned North on South Main, Westfall gave chase.

After pulling alongside, Westfall halted the speeding car. Miss Coyle then explained that she was attempting to catch up with her ex-fiance, who was in another auto somewhere ahead.

NEWS BRIEFS

Assassination of Dr. Martin Luther King, nationwide violence followed by a curfew affecting Wayne county and part of Oakland county, peace overtures from Hanoi, and indications that Vice-President Hubert Humphrey will seek the Democratic presidential nomination marked major news events this past week as the Detroit newspaper strike approached the 150-day figure.

Dr. King, killed by a gunshot in Memphis, was buried Tuesday as the nation mourned his tragic death.

Hanoi, which earlier indicated it was willing to talk peace with the

United States, preferred Phnom Penh, Cambodia as the site for peace talks. Finally, it appeared certain Tuesday that Humphrey would seek the Democratic nomination, joining two other political hopefuls, Senators McCarthy and Kennedy, in a battle for the nomination.

The count stood at 39 dead and 33 missing Monday as weary searchers sifted the rubble of the explosion and fired that wrecked almost two city blocks in downtown Richmond, Virginia on Sunday. State police said the blast erupted in the basement of the Marling Arms company sporting goods store where a stock of gunpowder was held for sale to hunters and sport shooters.

VFW Chief To Visit Here

The Northville VFW post will be visited by Joseph Seera, national Commander-in-Chief of the Veterans of Foreign Wars.

In honor of the visit the post is planning a breakfast at 9 a.m., Saturday, April 20 at the South Main street post at which time Commander Seera is expected to address the group.

World Trip Takes Month

Back from his fifth trip around the world is Clifton D. Hill, Northville attorney.

Hill returned this week from a month-long journey that included stops in Alaska, Tokyo, Taipei, Hongkong, Bangkok, Chongming, Karachi, Cairo, Rome, Vienna, Frankfurt and Amsterdam.

In Tokyo he visited Merle Clarke, brother of A. R. Clarke of Northville. Merle is a civilian employee of the air force in the field of education.

Thinclads Win 2 Firsts, Place Seventh in State

"It was the first time in eight years of track here that I've seen boys run with such confidence."

Those were the words of Northville's jubilant track coach, Ralph Redmond, as he described his team's seventh-place finish in the Spartan Relay at Michigan State University Friday.

Two weeks ago in the regional meet at Eastern Michigan, the Mustangs picked up sixth-place honors in competition with 51 teams. In winning seventh place last weekend, they battled 68 teams from throughout the state.

"Our guys were not out there just to run," declared the coach, "they were determined to win."

He cited Al Earhart's anchor position competition in the mile relay in which Northville finished in sixth place with a clocking of 3:39.8. "He ran the 40 like a 100 yard dash, pushing himself so hard that he could hardly take another step at the finish."

Big guns in the competition were Ron Gloetzner's first place in the pole vault event and the shuttle-hurdle relay which also took first place.

Gloetzner duplicated his 13-foot vault at EMU in winning his first-place trophy at MSU.

Jim Peterson, Barry Campbell, Randy Simpson and Gloetzner matched a Spartan Relay record in turning in a 23.5 time in the shuttle relay. The Mustangs, each of whom was awarded a trophy, share the record with Romulus which first set the record in 1966.

Peterson fell short of his six foot high jump at EMU, sailing over the bar at MSU at 5' 10" for fifth place. The winning jump was 6' 1".

Northville's two-mile relay team, made up of Paul Bedford, Greg Marshall, Phil Kennedy and Bill Harrison, chopped nine seconds off its showing at Spartan Relay with time of 8:35.

Also finishing sixth was the mile relay, which includes Earhart, Marshall, Harrison and Kennedy.

Bill McDermald, who wanted to break the school record (8:17"), finished in the top 10 but fell short of his shot put at EMU. His put went to 48' 9" — three inches short of his EMU mark.

Redmond said Northville picked up a total of 10 1/2 points at East Lansing. He explained that Northville garnered fewer points at East Lansing than at EMU because of a scoring difference. Points were awarded for first through eighth place at EMU and only through the top five places at MSU.

Last year Northville took 25th place at East Lansing with 1 1/2 points. Tuesday's meet with Brighton was cancelled, so this afternoon's triangular competition here with Brighton and South Lyon, beginning at 4 p.m., will be the first regular season competition for the thinclads.

Cadet Hyatt Wins All-State Honor

Cadet Nelson M. Hyatt, a senior at Onaga Military Academy near Chicago, has been selected for the Illinois all-state basketball team. He is captain of the Onaga academy team and has been voted its most valuable player, averaging 24 points a game.

Hyatt scored 428 points this season in a total of 18 games just completed. Before entering the military academy this year, he was a Northville high school student and played basketball here for two years.

The son of Mr. and Mrs. Nelson C. Hyatt, 21422 Summerside Lane, Northville, Estates, he now is 6 feet, 4 inches tall and weighs 195 pounds.

He plans to graduate from Onaga either at the end of summer school or with next year's class.

Golf League Plans May Fold—Prom

Several announcements were made this week by Recreation Director Robert Prom, including a comment that the proposed golf league here may be before they are even begun.

"We've only received four or five calls from persons interested in participating in a golf league," Prom said, "and if we don't get any more response we'll have to drop the whole project."

The director had hoped to start a men's league as well as a women's league, playing at a nearby golf course. Interested persons are urged to call him at FI 9-2287.

Notice of baseball practice schedules for boys 10 years old and older will be announced within two weeks.

With the summer baseball program drawing closer, Prom issued a call for help from adults wishing to assist as volunteer coaches and managers of hardball teams.

The final Saturday gymnasium class was conducted last Saturday and the gym program is not expected to resume again until next fall.

A GROWING PINE tree "fence" along the rear boundary of the new Ida B. Cooke junior high school is admired by Earl Busard, Northville school district business manager, this week. The pine trees were the gift of Nolan Brown of Walled Lake whose grandchildren are students of the Northville schools and whose daughter-in-law, Mrs. Richard

Brown, is a leader of Girl Scout Cadet Troop 371 which meets at the junior high. With Boy Scouts of Troop 755 they dug the 47 trees last Saturday and re-planted them along the 300-foot stretch. So efficient were the youngsters that the conservation project was completed long before the anticipated 3 p.m. "quitting time."

Two Detroit men charged with escaping from the Detroit House of Correction were among defendants appearing before Judge Philip Ogilvie in municipal court last week.

Charles J. Fitzpatrick and Alfred Carney entered guilty pleas to the escape charges. Each drew a 15-day sentence.

William St. Clair, Garden City, pleaded guilty to careless driving and was fined \$20 plus \$15 costs.

Ruth E. Rickard, 169 Hagadorn, South Lyon, was sentenced to a \$25 fine or five days for disobeying a stop sign. A property damage accident was involved with the violation.

Carl B. Payton, Walled Lake, pleaded guilty to being a minor in possession of beer. He was sentenced to pay a \$20 fine or four days and \$2 costs.

Norbert R. Runk, Farmington, stood mute when charged with driving while his ability was impaired by alcohol.

An innocent plea was entered for him, Runk pleaded guilty to a reduced charge of failing to stop within an assured clear distance. His sentence was \$20 or four days.

Jeffrey D. Honstinger, 984 Currie road, pleaded innocent to careless driving when arraigned March 20. At his trial Wednesday he pleaded guilty to a reduced charge of permitting a passenger in his vehicle to ride in an improper position.

Hubert A. Gavin, 46077 Grand River, First Baptist church, Novi Rebeahs and the Eastern Star of Fowlerville, Michigan.

In addition to her husband she leaves a daughter, Mrs. Hazel Bessy of Brighton; two sisters, Mrs. Eva Behrendt of Novi, Mrs. Irene Kahrl of Walled Lake; a brother, J. D. Thompson of Ypsilanti; three grandchildren; and nine great grandchildren.

Funeral services were conducted from Casterline Funeral Home with the Reverend Paul S. Thompson of the Plymouth First Baptist church officiating. Interment was in Rural Hill cemetery.

"You can't play the game Without the rules!"

Whether it's a woman baking a cake, a contractor building a house, a lawyer arguing a case, or boys playing marbles, we have to obey the rules. We accept the fact there are rules, patterns, recipes, or blueprints for everything that we do constructively.

In fact life would bog down if we didn't have standards to live by. The wheels of industry would stop without a formula and standards of manufacturing practice. Commerce and trade would cease if we didn't have laws, treaties, and monetary standards. The courts of law would close if there were no legal precedents or judicial regulations. There could be no business, municipal organizations, and very little else if we did not have recognized and duly constituted authority by which these things could function.

Likewise there must be authority in religion as well. Conflicts in religion arise from different sources of authority. There must be the divine standard to which we can appeal in deciding our religious activities.

God has given us that standard or rule of religion in the commands of His Son. The religious leaders of Jesus day asked Him "By what authority doest thou these things?" (Matt. 21:23) God's answer is clear, "This is my beloved Son, in whom I am well pleased; hear ye Him" (Matt. 17:5) All authority in heaven and earth has been given to Christ. He has commanded that, all nations be taught, that they be baptized in the name of the Father, and of the Son, and of the Holy Spirit; Taught to observe all things He has commanded; and He will be with us always even unto the end of the world. (Matt. 28:18-20)

The commands of Jesus are therefore the authority in religion. His word alone must be the eternal criterion of faith. The apostles of Christ recorded His will for us in the New Testament; it's pages contain the commands of the Master. Paul writes: "Now we have received not the spirit of this world, but the spirit which is of God; that we might know the things that are freely given us of God. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual" (1 Cor. 2:12-13)

The revealed will of God must be our sole authority in religion. We must not add to, or subtract from His divine revelation (2 John 9) We will be judged

by the things written in the book (Rev. 20:12). Our Lord plainly says, "He that rejecteth me, and receiveth not my words, hath one that judgeth him: same shall judge him in the last day" (John 12:48).

Christ has not given to anyone the authority to change the rules. Man does not have the right to govern himself in matters of religion. Jeremiah said, "I know O Lord, the way of man is not in himself: It is not in man that walketh to direct his steps. (Jer. 10:23) There is a way that seemeth right unto a man, but the end thereof is the ways of death. (Prov. 14:12) God closes his rule book with this warning: "For I testify unto every man that heareth the words of the prophecy of this book, if any man shall add unto these things, God shall add unto him the plagues that are written in this book: And if any man shall take away from the words of the prophecy of this book, God shall take away his part out of the book of life, and out of the city, and from the things that are written in this book (Rev. 22:18,19). How do you? Are you playing by the rules?"

Leon Dochot and Miss Eugenie Choquet, who sought Rene's expulsion, charged that he had failed to fight for Novi's interests in two cases: an annexation suit against Northville which Rene settled out of court, and a current fight to prevent dumping on a farm near Willowbrook.

Wixom's planning commission approved the village's new zoning ordinance and set April 25 as the date for a public hearing. Herbert Abrams, chairman of the planning commission, sought to forego a planning commission public hearing in favor of a single hearing by the council. But Village President Joseph Stadnik held that two hearings should be set.

Out of THE PAST

Five Years Ago...

The Northville Presbyterian church announced plans to expand its Christian education facilities with the addition of a 9,000 square foot unit. The new \$120,000 addition, a two-story structure, measured 44 feet by 102 feet and provided 16 classrooms.

Northville school board members gave unanimous approval to a preliminary 1968-69 budget that, for the first time in the district's history, predicted expenditures over the \$1 million mark. The budget called for expenditure increases of more than \$80,000 and a deficit of just over \$8,000.

The first official minutes of the Northville township board were published in The Record.

Plans calling for the relocation of Northville's municipal headquarters from its present city hall to temporary quarters at 122 North Wing street were approved by the council.

Joe Spagnolo returned to Northville after catching an 82-pound amberjack off Miami Beach. It was the top entry in the Metropolitan Miami Fishing Tournament.

Twenty Years Ago...

Robert Brown, first president of the Northville Exchange club, was the principal speaker at the 25th anniversary meeting of the club.

Walter C. Ballagh, pastor of the Northville Baptist church, was asked to continue his pastorate for another year. Officers elected to fill vacancies were: William Stiles, Bruce McDaniel, deacons; Clifford Turnbull, trustee; Fred Frossitt, treasurer; Mrs. Frank Stanford, clerk; Mrs. William Horstall, missionary board; and Looke Kooz, Sunday school superintendent.

The long-awaited announcement of dates for the Northville Downs Racing association was made, with the Downs to receive a license to conduct harness racing from August 2 to October 8. The mutuel handle totaled more than \$7,000,000 in 1947.

Newly elected officers of the North West Wayne Ministers association included the Rev. Harold F. Fredsell of the Northville Presbyterian church as president.

Ten Years Ago...

Novi's fight to stop dumping operations on a farm near Willowbrook subdivision was dropped after a district court judge told board members they would have little chance of winning.

Old wounds were opened at Novi's annual meeting when two township officials came under fire for allegedly failing to carry out the township's best interests. Township Attorney Anthony Rene was fired by a vote of those present, but board members later agreed that the action was illegal and would not stand. A similar move to replace Building Inspector Harold Ackley failed to pass.

Leon Dochot and Miss Eugenie Choquet, who sought Rene's expulsion, charged that he had failed to fight for Novi's interests in two cases: an annexation suit against Northville which Rene settled out of court, and a current fight to prevent dumping on a farm near Willowbrook.

Fifteen Years Ago...

Assessed valuation of all land parcels in Northville township in excess of four acres was increased 50 percent by the Wayne county tax commission. Aggregate increase for the township was \$558,000 bringing the total assessed valuation for 1953 township, county and school taxes to \$6,280,000 compared with \$6,020,000 the previous year.

Two thugs who mercilessly tortured and robbed 94-year-old Peter Wall of Griswold street on February 23 pleaded guilty to a charge of robbery unarmed April 15 in Wayne county circuit court.

Speedy action to alleviate the serious parking situation in Northville was urged upon the village commission by the Northville Retail Merchants' association. Merchants presented the long delay by the council since the planning commission had drafted a comprehensive off-street parking program to it the previous summer.

Newly installed officers of the VFW Post 4012 were Stanley Myers, Arthur Ash, Glenn Gerrard (com-

Plan Fluoride Program Here With Our Servicemen

The Wayne county department of health topical fluoride program will start in the Northville school district soon after Easter vacation.

Envelopes have been distributed to all the eligible parochial and public school children in kindergarten, second, fifth and eighth grades. Four appointments will be necessary and the total cost is \$4 per child. These four appointments will be administered at each school set-up, during school hours.

If the program should not be completed during school session, then it will continue through June, until all the children are finished.

According to the health department, many people are of the opinion that when fluoride is added to the drinking water, children will no longer need the topical fluoride applications. "This is not true because children who drink fluoridated water from birth will benefit far more than those who don't begin drinking fluoridated water until they are 5 or 6 years or older. Children in this age group, and older, should have regular topical fluoride applications for the next 5 to 8 years to give their teeth the most effective weapon against tooth decay."

The eighth grader has 28 permanent teeth and he is especially in need of the protection against dental decay which fluoride provides, the department explains.

sorties, totaling more than 54,000 combat flying hours.

The unit received its first AFOWA for raids on the Hanoi petroleum storage area on June 23 and 30, 1966.

The airman, a graduate of Northville high school, attended Schoolcraft college.

Specialist 4 Merl R. Meadows, a former Northville student now serving in Vietnam, 40 miles from the DMZ, recently expressed his indignation over anti-war talk in the United States.

In a letter to his parents, Mr. and Mrs. Dilard Meadows, the infantryman indicated that its tough to watch buddies die, "one by one", while back home people carry signs, fight the draft and fall to recognize the freedom for which the soldiers are dying. His comments are "kind of strong, but that's the general feeling here," he said.

Meadows' brother, Mark, is serving in Korea and another brother, Richard, recently completed a tour of duty with the army tank corps.

Bell Starts Installation Of Switching Complex

The Western Electric company is beginning in Plymouth the largest single equipment installation project ever undertaken for the Michigan Bell Telephone company.

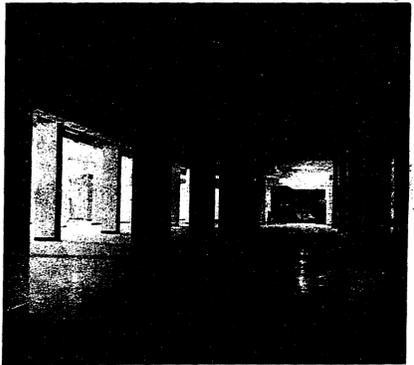

Western Electric, the manufacturing and supply unit for the Bell System, is starting to build a huge switching complex in the newly constructed, "blast resistant" building adjacent to the Michigan Bell central office at 1360 Ann Arbor road near Shelton.

For the next year or more, upwards of 200 Western Electric people under the supervision of Melvin A. Green, project supervisor for Western, will be assembling a telephone switching center.

John Peard, Michigan Bell manager here, said the new \$12 million facility, known as a 4-A office in the telephone business, will provide faster, more efficient long distance service for the southeastern area of the state.

THIS VIEW of new Plymouth long distance center shows structural use of concrete in the "blast resistant," windowless building.

THIS PHOTOGRAPH shows the interior of the new long distance switching center in Plymouth. Equipment will occupy most of the building's 91,000 square feet of space.

Peard said the Plymouth 4-A office will augment facilities in downtown Detroit in the routing of incoming and outgoing long distance calls.

When completed, the new Plymouth switching system will handle long distance calling for an area that extends from downriver communities north into Oakland county and from west Detroit exchanges to a point beyond Ann Arbor.

By taking some of the burden off the Detroit 4-A office, the Plymouth switching center will provide customers throughout southeastern Michigan with improved long distance service.

The Plymouth 4-A office will become a part of the nationwide communications network.

Plans for the new Plymouth facility were announced last year after studies showed a need for an additional switching center. In recent years, there have been significant annual increases in long distance calling.

Michigan Bell's engineers began developing plans and specifications for the new 4-A office in 1966. These involved the purchase of land and detailed specifications for the building, equipment and the millions of conductor feet of cable that will radiate to other area telephone offices.

Architectural design of the building was by Smith, Hinchman & Grylls Associates, Inc., of Detroit.

Construction of the three-story building is nearing completion. Workmen are now putting the finishing touches to the windowless structure. The general contractor is Darin and Armstrong, Inc., of Detroit.

Orders for the equipment were placed as long as 18 months ago by Michigan Bell engineers. Western Electric has manufactured the equipment. Some of it already has arrived. Other

components will be arriving almost daily.

During the next year, Western Electric installers and foremen from throughout the Midwest will bring 11-foot frames and pieces of intricate switching equipment into the building.

When the installation work reaches its peak, probably sometime this summer, approximately 200 Western Electric people will be working in the Plymouth 4-A Office, according to Green, the project supervisor. The job will be completed sometime next year. Then, Western men will test the new system and turn it over to Michigan Bell.

Meanwhile, Michigan Bell has named Robert E. Morrison to the newly-created position of Plymouth district plant manager. Morrison is helping to coordinate work on the new Plymouth facility.

Morrison recently returned to Michigan Bell from Western Electric. He was on loan for five years to Western Electric. He worked in New York City and Washington, D.C., on complex switching systems for the United States government's communications network.

While the new building has been under construction, Michigan Bell construction crews have been pulling cable through underground conduit throughout the area. Also existing cable is being converted to carrier systems and Michigan Bell has been arranging for new T-1 carrier systems. Carrier systems enable two pairs of wires to carry either 12 or 24 conversations simultaneously.

Other Michigan Bell employees have been going to school to learn how to operate and maintain the 4-A office once it is working. One class was held in Wayne. Two more classes are now in session in Farmington.

Instructors are now teaching local switchmen about a new electronic translator system with an associated stored program control. This new system will do the actual routing of calls in microseconds (millionths of a second). This compares with the milliseconds (thousandths of a second) required to switch calls by existing system, which helped bring customer-dialed, long distance calling.

The new electronic translator system permits improvement maintenance procedures. Also, the system has a larger capacity for growth and expansion than earlier 4-A systems.

The new Plymouth facility will be phased into operation. Area Telephone offices will be linked to the switching system gradually to avoid interruptions in long distance calling.

Morrison expects that between 50 and 60 plant employees will be working here to service the new 4-A office.

Another phase of activity, scheduled to begin in 1970, is the gradual buildup of the staff of telephone operators. In

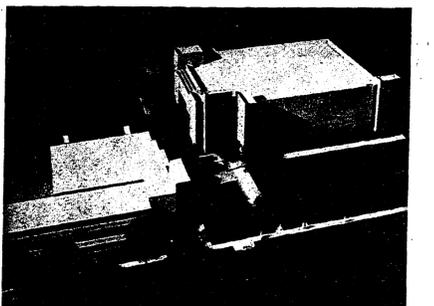

addition to the 240 operators and supervisors currently employed, others will be required to operate 124 new traffic service "positions."

The new operator "positions" will feature cordless, pushbutton-operated consoles that will greatly speed the handling of person-to-person, credit card and collect calls.

Customers will dial these special calls themselves. While the equipment is automatically making the connections, operators will come on the lines to assist customers and to get necessary information.

The company estimates that eventually 250 additional operators and supervisors will be needed to handle long distance traffic through the Plymouth office.

By the early 1970s, the number of employees in the new 4-A office is expected to reach 600. These people will be in addition to the 619 now employed by Michigan Bell in Plymouth and the 700 Western Electric employees, who work at Western's distributing center at 909 North Shelton.

THIS ARCHITECT'S rendering shows how Michigan Bell's new Plymouth 4-A office will appear when fully landscaped. The new \$12 million long distance switching center (at right) will augment present facilities in downtown Detroit, which now serve the southeastern area of the state. In left foreground is Michigan Bell's telephone central office at 1360 Ann Arbor road.

Distribute New Directories

Distribution of the new 1968 telephone directories began here Tuesday, April 2.

Included in the distribution are 355,000 West and Downriver directories which will go to subscribers in 42 local communities. It will take two weeks or more for the distribution to be completed.

The new format for emergency numbers on the inside front cover which features emblems associated with an emergency has proved a success, John Peard, Michigan Bell manager, said.

Parents again are urged to fill in their respective telephone numbers opposite these emblems — such as a flame for the fire department, a shield for police, a star for sheriff and state police — and point out this page to their children to familiarize them with the symbolic emergency numbers.

The current distribution of the Detroit directory marks 90 years of its publication. The first printing, in 1878,

listed 124 subscribers and their addresses, but not their phone numbers. Calls were placed by giving the operator the name of the person being called.

Telephone customers who need one can both of the other two area white pages directories — North and East — may obtain them by calling the local Michigan Bell business office.

One of the many hats of Consumers Power

Before you build a new home, you'd be wise to consult a Consumers Power "Dollar Stretcher." Or have your builder consult him: He's the man who can advise you, free of charge, about saving money by proper planning of utilities services in your home. He can show you how, by planning ahead, you can economize on home heating, water heating, air conditioning.

Consumers Power consultants are out working every day, helping homeowners, architects, engineers and contractors to plan for the best economies in building homes and institutional, commercial and industrial buildings. It's part of our business as energy experts.

We do another kind of planning that affects your pocketbook, too. Planning to keep our rates down. In the face of continuing inflation, that's not easy, because all of our costs are rising, too. Add to that our increasing taxes — local, state

and federal — and you'll see that we have to plan constantly to find new ways to keep rates low.

(Speaking of taxes, did you know that in 1967 alone, Consumers Power paid more than \$80-million in taxes? That's enough to build 12 modern public schools.)

Constant planning. It's a way of life at Consumers Power.

NOVI HIGHLIGHTS

Mrs. H. D. Henderson - FI-9-2428

The Novi Community was saddened to hear of the sudden death of Mr. John Eskro at Fort Lauderdale in Florida. Mr. and Mrs. Eskro formerly lived on Eleven Mile road in Novi. Several Novi couples have visited the Eskros in Florida during the winter months. Mr. and Mrs. J. D. Mitchell are among the Florida vacationers who have recently returned. They visited several places and friends while there.

The Novi Community council will meet Thursday evening this week at 8 p.m. in the law office of Emery Jacques in Novi.

Mr. and Mrs. Owen Bellinger plan to have a family gathering at their home on Easter Sunday, which will include Dr. and Mrs. Richard Henderson and family at the former's home. Mrs. Lee Henderson and Mr. and Mrs. Willard Bellinger and children.

Mr. and Mrs. Herbert Dryer made a quick trip to Florida to attend the funeral of Mr. John Eskro.

Mrs. George Kahri (Irene) came up from her home in St. Petersburg, Florida to be with her relatives for a short visit and to attend funeral services for her sister, Mrs. Angie Northrup on Saturday. She left again for Florida on Monday.

Jim Erwin, son of Mr. and Mrs. J. W. Erwin, was 21 years old last Friday. He celebrated a birthday dinner Friday evening. The guests, other than his parents were his two brothers, brother Bill and his wife Linda, grandparents, Mr. and Mrs. James Erwin and Mrs. William Blackledge.

Mr. and Mrs. Herbert Farah of West Grand River attended funeral services for the former's father, Mr. Hal Farah, Sr. on Tuesday at 11 a.m. at the Armstrong Funeral home at Puritan and Griggs in Detroit. Mr. Harbin of Novi was the director of the services. Interment at White Chapel.

Mrs. Harold Henderson returned home on Friday after undergoing surgery at St. Mary's hospital in Livonia last Monday. Mrs. Henderson's son and his wife, Mr. and Mrs. Victor Rix of Falls Church, Virginia were with their mother on Sunday and Monday. Sunday visitors at the home of Mrs. Henderson were Mr. and Mrs. Earl Marr of Redford, Mrs. George Schwarz of Detroit and Mrs. Kenneth Pender of Kewendale as well as several local friends.

Dave Clark, son of Pastor and Mrs. Clark, came home from Moody Bible Institute by plane Monday evening. He will spend a few days with his parents before he goes on tour with the Moody Chorale to Colorado.

Dan and Ann Sigbee Sr. and Dan Jr. were the guests of honor at a dinner given by Mr. and Mrs. Guy Boatman at Zanders in Frankenmuth on Sunday March 31 to celebrate their first wedding anniversary. Other guests were Mr. and Mrs. Martin Boatman and Diane Erdo. Although the service was excellent Dan Jr. received the lions share of attention from all the waitresses, but after his special dinner he was off to slumber despite all the attention.

On Monday April 1, Dan Sigbee took his wife Anne to the Daugherty Hotel for dinner to celebrate their first anniversary together. After an excellent dinner they spent the rest of the evening at Twin Oaks Country club.

Richard Sigbee was 17 years old on Palm Sunday, April 1. He celebrated at a dinner party at the home of his parents, Mr. and Mrs. Harold Sigbee. Richard's guests were his sister Sharon and friend Diane Hoppe of Farmington, Robert Wislay and his friend, Vickie, a niece, Edward Coleman of Detroit and Aunt Bea and Uncle Bob Starr of Southfield.

for The Record

By BILL SLIGER

Recently I received a letter from Dr. L. W. Snow, who expects to sell his Florida home and return to Northville later this month.

He sent clippings from The Tampa Tribune that concern a campaign being conducted in Broward county, Florida by Dr. David Lehman, Dr. Snow, who is gathering more information on the program, believes it would be an excellent project for Northville and suggests it might be sponsored under the Optimist club's Youth Program and perhaps in conjunction with Judge Philip Ogilvie's probation department.

Dr. Lehman calls the campaign "Project Alert". It employs the weapon of knowledge to crack down on teenage drug use. He claims that 75 per cent of the secondary students in the Broward school system now use or have used some form of drug illegally.

"Project Alert" has enjoyed phenomenal success. It has reached between 30,000 and 35,000 students, some 3,000 parents and numerous civic clubs. For the students it provides a fact-packed six-hour course on the actual problems of drug abuse, alcohol, and sex experimentation. For parents the program stresses the incidence of drug usage, recognition of symptoms of drug use, and the problems that drug use can create.

Dr. Lehman became concerned and deeply interested in the matter through talking to his teenage daughter and hearing about the availability of drugs at school and the amount of knowledge and misinformation she had on the subjects of drugs, sex and alcohol. He studied the problem, created a file, then asked the local medical association to endorse an educational effort to wipe out drug abuse in schools.

Since this beginning the doctor has become totally involved in the program. Pressure from the medical community and parents prompted the school board to acknowledge the problem and endorse the educational program. Dr. Lehman talks to any group that will listen. He points out that the program is based on absolute honesty — "you can't lie to a teenager or you're dead."

He doesn't tell students not to use drugs. Instead, they are told just what drugs are and what they do. The fact that the information comes from practicing physicians appears to have some impact on the students. Dr. Lehman reports. Attorneys also cooperate by outlining the possible legal consequences of drug abuse, but again with the same ground rules.

The program is too new to have established any statistics. But Dr. Lehman is enthusiastic about the acceptance by both parents and students. The former are unaware of symptoms

of drug abuse, and the students know that parents and teachers are capable of recognizing these symptoms.

Also the program has brought the problem out into the open, where previously there was reluctance on the part of school and police officials to admit to its existence.

The involvement of professionals in the program holds special appeal. The fact that it would seem, our doctors and lawyers are reluctant to take part in such programs of education and preventive action, somehow feeling their role in life is to heal conditions and solve situations after the fact.

Hits Rates For Water

To the Editor: In writing this letter, I do not expect to find any solution to a problem, but at least to confirm what I believe many people in this town already feel. Ever since the advent of Detroit water to most of Northville, we have been billed for such outrageous amounts of money, we are beginning to wonder if it is only water we are receiving, or indeed, is it some rare and valuable liquid one could hardly afford even to drink.

A few weeks ago there was mention on the news of the rate of water being raised by small towns. This is being done at a considerable profit to the city governments — the people, or customers, having absolutely no alternative but to pay whatever rate they choose to assess.

It is possible that the city of Northville needs to have its rates investigated, the same as other cities' rates are being investigated? We are a large family, and have need of the use of a lot of water. Our last water bill was in the amount of \$33, and is not the highest bill we have had since the new rates.

In comparing this amount with a neighbor family of only four, we found that their bill for the same period was only \$7 less.

I think it is time the people of Northville question this matter, and possibly ask for an explanation, if not for an investigation.

Thank you, Mrs. E. Corcoran

Some of my best friends are bigots. We are bigots—not because we espouse the hate and separatism that exists in our society—but because we condone it or ignore it and do not speak out against it.

At our bridge parties, in our clubs, and at work we listen to foul-mouthed racist jokes and even laugh at them rather than risk a friendship. We are silently remorseful over the death of a Negro leader and temporarily sympathetic to the cause for which he died, but we are immediately vocal in condemning the rioting that bubbles up out of the ghettos of America.

In our churches we preach the words of Christ but tip-toe around Civil Rights rather than risk the harmony of our congregations on an explosive, Christian challenge. That all men are created equal but remain unequal is not of our doing and hence not our concern.

In our governments, we spend large sums of money to provide special services. We accept but supplement state and federal regulatory laws with our own, but see no need to take up a matter as unimportant as open housing since the Constitution guarantees this right. The big city problems are not our concern.

When the flags go back to the top of the pole, when memorial services end, when school resumes, when the curfew ends, we will have done our part in solving racial problems. What more can they ask?

Like some of my best friends, favorite organizations, some of our clergymen and our governments, I AM a bigot.

Control of Pesticides Shrouded in Disagreement

LANSING — Pesticide poisoning of humans and wildlife is a growing concern for many conservationists and agricultural leaders. Both groups recognize the potential and real danger of such chemicals as DDT and agree that controls are necessary.

Disagreement arises over the best control methods. Those in agriculture note that "harmful" pesticides are being replaced by less toxic chemicals with shorter lives. They stress the need for insect and disease control in modern farming, estimating that crop yield would drop up to 20% if insecticide use were prohibited. They feel that present research methods can develop still safer chemicals and keep pesticide residue below the danger level. They see little need for additional controls, pointing out that such existing bodies as the Conservation, Agriculture, and Public Health departments have power to control pesticide pollution.

Legislation proposed by the Department of Conservation would establish a nine-man committee with absolute authority over pesticide use. The department feels that the problems of general concern, far beyond the scope of agriculture alone.

Gene Gazlay, assistant director of the Department of Conservation, said that present legislation is limited and that a "new approach" is needed for control. He noted that the proposed committee would have members with "diverse backgrounds," including representatives from conservation, agriculture, public health, universities, and the public at large.

The department of Conservation, says Gazlay, is responsible for protecting "the entire environment," as compared to the narrower interests of agriculture.

Public hearings will bring to general attention many of the ramifications of the issue. It can be expected that the issue will become a hot one before it is settled.

CONSUMER acceptance of imitation milk may take longer than was originally feared by the dairy industry. When the product was test-marketed a few months ago, there was serious concern over the fate of "old bossy" and the dairy farm.

Perhaps the new "milk" has not sold rapidly due to taste, psychological reasons or marketing methods. The farmer's main interest is that the product hasn't caused a drop in milk consumption.

Although the industry is still worried over milk substitutes, it may have ample time to develop new products which use whole milk. This recognition of the need to "do something" marks a positive change in attitude formerly held by many in the industry.

When also was first introduced, dairymen were successful in passing legislation to prohibit the sale of "milk-filled" products in Michigan. A milk-filled product is one which substitutes the animal fat in whole milk with vegetable oil. The resulting product is usually comparable in taste and lower in cost. There have been many such products successfully marketed in other states.

The industry now seems convinced that it cannot legislate against the will of the consumer.

Personnel officials would therefore do well to observe their summer jobs and their capabilities with exceptional care, even if the youths still have another year or more of education to complete. A great many concerns have found it rewarding to offer unusually gifted youngsters part-time employment after they have returned to school. On-the-job training and evening classes can develop some extraordinarily loyal and talented employees.

Ambitious youngsters with a keen eye to the future should seek out positions with companies that may be looking for likely young job aspirants on a permanent basis. In the long run, this will likely contribute far more to their careers than the immediately enticing prospect of "flash" jobs at summer resorts with perhaps ten or twelve weeks of operation at high pay.

Weeks of operation at high pay. Week parents will guide their teenagers in such matters, helping them to plan for their future working lives as early as possible.

With the basic labor shortage still acute, especially in lines demanding high skill and adaptability, astute employers will be on the lookout for temporary youthful workers who might be for all the teenagers expected to be seeking jobs.

Total teenage employment during the summer of 1967 amounted to only 2,125,000. While the increase of 400,000 anticipated for this year's vacation season may not at first glance appear excessive, it will still take effort of private industry and of government agencies to absorb this additional labor force. During recent years, both private and public employers have put on impressive campaigns to place young people in summer jobs with the smallest amount of delay and confusion.

Vice President Humphrey has spearheaded these campaigns, and he will strive for even greater success this year.

While the question of finding summer jobs is generally not throughout the country, the problem in urban centers is always particularly difficult... there are just too many youngsters for the number of job openings. That is why specific concentration is essential among all concerned during the critical time of transition from spring into summer. Companies anxious to help by providing all possible full-time employment for the vacation

period can find many sources of encouragement.

IN MOST areas the boards of trade and chambers of commerce are actively working to achieve maximum placement. Federal and state labor and employment security divisions will be ready to aid both in lining up openings and in channeling available boys and girls into them. Service clubs — such as Kiwanis, Lions, etc. — are working frequently expanding retail and service outlets to support their staffs for the summer.

Wants Negro Teachers

(City, County, and State) which employ hundreds upon hundreds of Afro-Americans. Many of them are doctors, nurses, social workers, and psychiatric aides who, some day, will want to live near their place of work and give up having to drive half a hundred miles a day. Many of them have made it their life's career to work with the mentally ill, the mentally retarded, and with those who are handicapped in other ways. As a resident of Northville I welcome them. As your neighbor I ask that you join with me in offering them what in our society is rightly theirs: a world of opportunity to work and live where they will.

Three or four years ago I was privileged to have been an officer of the Northville Human Relations Council. A series of meetings were held at which speakers from nearby universities led discussions on open housing and related matters. As a resident of Northville I was glad to have felt that the general feeling among those who participated in these discussions was one of concern for the protection of basic human rights for all citizens.

Within several miles of Northville there are a number of institutions

many bad traits that can be formed in childhood. I feel Northville students cannot afford this possibility if we are to live as human beings in the world two weeks later, airborne on the wings of impatient love, they confront their parents with their intentions to marry.

Unrealism, which nagged this viewer, entered the picture when the two lovers pressure their parents into making a decision in one day. The reason seems insignificant. Dr. Prentice, a world renowned and gifted doctor, must attend a business conference out east, then fly to Geneva, where his fiancée is to meet and marry him.

For the late great, Spencer, "Dinner" was his last movie, and a moving tribute to his acting genius. He is Matt, the hardosed newspaper publisher, whose liberal theories, for the first time, are tested on the anvil of personal involvement in his daughter's impending marriage.

Miss Heburn's performance is a memorable one, approaching her stirring part in "The African Queen." Her luminous, watery eye is present in "Dinner," the airy grace and the romantic charm of a woman who feels and loves life. Where her husband has theories to propound and consequences to weigh, Miss Heburn as Christina Drayton has, as a sure guide, the happiness of others and an implacable faith in love's bond.

An added surprise and the source of comic relief, so necessary to the heart of the story, are the performances of Cecil Kellaway and Beah Richards, two relative unknowns. Both received, and rightly so, Oscar nominations for their supporting parts.

Kellaway is the venerable Monsignor Ryan, a close, long-time friend of the Draytons (although they are not Catholics), who prods Matt with unblinking honesty and a tart tongue. He sums up Matt's predicament, for instance, in the terse lisp: "You are a broken down old liberal come face to face with his principles."

Miss Richards plays Hilary, the Drayton's headstrong, outspoken maid. Her brusque, marmite manner does not wholly escape the Uncle Tom Image, but then, that is her purpose, her traditional attitude as opposed to the burgeoning, enlightened Negro attitude of equality. In this part, she contributes substantially to the comic aspect.

A LOOSE LEAF

The circumstances aren't exactly realistic and the setting is glamorized, but "Guess Who's Coming to Dinner" is a movie that valiantly probes a delicate subject and comes off with a surprising winning smile.

Musical Satire On Elvis Planned

A satire on Elvis Presley and teenage idols in general is scheduled at Northville high school for the middle of May.

"Bye Bye Birdie," an all-school musical under the direction of Donald Valentine, NHS choir director, centers around Conrad Birdie.

The current teenage idol is about to be inducted into the army. Albert, Conrad's manager, stands to lose money so he devises a plan whereby Conrad kisses one of his fans on the Ed Sullivan Show.

Complications arise by which Conrad must be spirited out of town, and which influence his decision to join the Army.

The cast consists of Conrad Birdie, Scott Bergo, Albert, Gary Becker, Rose, Claudia Neiber, Mr. Macafee, Bob Shafer, Randolph, John Jerome, Charles F. Maude, Herman Wedemeyer, Mary's wife, Jan Brown, Hugo, Kevin Barnes.

Kim, Leanne Steeper; Mrs. Macafee, Renee Westphal; Mayor, Daryl Hertzer; Gloria, Gail Geary; Sad Girls (Dancers), Judi Haliam, and Shert Zarty; Cheerleaders, Luanne Godfrey and Hope Hahn.

The chorus includes: Bob Armstrong, Bobbi Byrd, Colleen Delbert, Bill Gilbert, Marsha Gruesbeck, Amy Hamer, Carol Harper, Jane Jerome, Linda Johnson, Pat Jones.

Liz Kerr, Kathy LeButt, John Maim, Bonnie McKinney, Phil Nelson, Chuck Olewik, Pat Roth, Barb Schmidt, Pam Smith, Louise Snelgrove.

Cevin Valade, Doug Waldren, Chris Walker, Sue Werdehoff, Cindy Westphal, Tom Wheaton, Jerry Williams, Pam Witke, Bob Wood, and Dan Wortman.

Penny Anchors is the student director.

In Cavern Clubroom

Northville Teens Enjoy Fun, Relaxation

The Cavern has come up with a solution for what teens can do after school and where they can go to do it.

The Cavern currently is in its fourth week of being open after school from 3-5 p.m. every Monday, Wednesday and Thursday afternoon.

Members, and only members, of The Cavern can relax in the warm, friendly atmosphere of The Cavern club room free of charge.

New tables were recently installed in the club room, and it is also anticipated that new chairs will be installed in the near future.

Aside from being a place to congregate for small talk and relaxation, plans currently are underway to make each afternoon more enjoyable.

Free pool, free ping pong, and free chess games currently are available for the enjoyment of each member, as are the refreshments.

Five Debaters

Receive Awards

Five students from Northville high school have been awarded certificates of merit by the Detroit Free Press for having distinguished themselves as outstanding debaters.

They are: Cris Becker, Jeanette Gensley, Pam Witke, Pam Smith and Virginia Round.

All five participated during the 1967-68 season in the Michigan High School Forensic association debate series, sponsored by the Free Press and the University of Michigan.

DELEGATES - Photographed at Detroit university, these three students will attend a national Model United Nations program at Georgetown university later this month. They are (l to r) Leo Cherne, Mike Conley, and Gary Becker.

Students Criticize Model UN Results

The weekend of March 15, 16 and 17, 13 Northville high school students attended the ninth annual Model United Nations at the University of Detroit.

Linda Johnson, Chris Walker, Stacy Evans, Betty Kilne, Peg Tilkka, Beth Apple, Jane Frew, Cora Beyer, Gary R. Becker, J. David Kenger, Mike K. Conley and L. P. Cherne represented the countries of Iraq, Niger, and Ghana, along with 600 other students representing the various countries belonging to the United Nations.

Due to other activities, Sue Jarvis, Gary Lotz, and Scott F. Bergo were unable to attend.

The central activities during the weekend were debates on such international questions as The Admission of Red China to the UN, How Israel War Negotiations Should be Accomplished, and the pressing problem of World Refugees.

Other questions of discussion included the problem surrounding the Portuguese Territories in Africa, and a discussion of International Law.

Throughout the weekend meetings were held as preliminary discussion of the issues. From these meetings came the materials for the General Assembly Debates, which was followed by voting on resolutions which were made during the weekend.

Commenting on this year's MUN program, a spokesman said, "It seemed that the Secretariat had a difficult time operating this year, as many good resolutions never appeared."

"In spite of this, we resolved most of the problems. Two unfortunate results from this year were that the General-Assembly voted not to admit Red China to the United Nations, due to

Drafting Classes Enter 100 Exhibits

More than 100 entries from Mr. Arnold Anderson's Northville high school drafting classes were entered in the Michigan Industrial Education Awards and Detroit News sponsored regional drafting contest held at Thurston high school Friday, Saturday, and Sunday.

Awards were to be given to the first four places in the contest, first and second place finishes going on to the state competition being held April 25, 26 and 27 at Muskegon.

Two NHS students who went on to state competition last year, and who entered the contest this year, were Chuck Olewik and Mark Tellam.

Olewik, who is building a model house and a rendering of a floor plan, placed second in state competition, while Tellam garnered an honors award.

The purpose of the contest is to encourage and recognize fine craftsmanship in the field of industrial education in the state of Michigan. It's aimed at stimulating the interests and progress of junior and senior high school students and instructors by inviting students to enter their projects in the regional fairs.

Any student in grades 7-12 is eligible if he's enrolled in industrial education courses in any Michigan public, private, or parochial school providing he hasn't reached his 21st birthday at the time of submitting his entry.

The categories being entered by NHS students are architectural working drawings, a project comprised of working drawings of a resident or small commercial building.

Architectural models, scale models scale models of buildings etc., which would be shown to a client by an architect.

Beginning mechanical drawing, elementary drawings of machine parts with the proper instruments.

Detail and assembly drawing, detailed drawings of machine parts, accessories, gears, fixtures, etc. with the proper instruments.

Surface development drawing, surface development drawing of sheet material developments that may have either practical or theoretical application.

Pictorial machine assembly drawing, pictorial assembly drawings of machines or machine parts which involve shading or rendering techniques.

"I competed in the extemporaneous speaking contest in the district last year with Mike Conley. This year I'm competing in the radio-news broadcast category.

"Preparation for broadcasting consists of preparing a five-minute news broadcast; four minutes news and a one minute original editorial on some news item of the broadcast.

"The main difference between this category and other speech categories is that you talk to a mike (microphone), and not a live audience. It is much harder to portray your personality and project an image without any visual aids; such as, facial expression, motions, etc. Everything must be put across by your voice.

"Competition in a radio broadcast event is different from any competition in sports.

"Your chances of winning depend upon you alone. You rely on no one else to cover your mistakes, and it's a one-shot deal. One five minute speech and you're through. You can't come back in the second half to catch up."

As for valuable experience gained through last year's contest, Gary stated:

"Part of the radio competition consists of an extemporaneous or original editorial written during the preparation time before the actual contest."

New Skill For An Old Skillet!

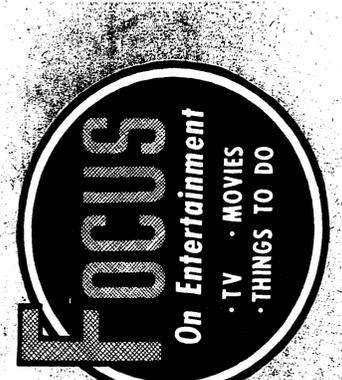

Gas Burner-With-A-Brain Makes Even Granny's Old Skillet Automatic

It may be the same skillet that Granny used, but my what a change when you put it on the Gas Burner-with-a-Brain! With this modern, automatic "thinker" controlling the burner on top of your range, boilovers and burned pots are old hat. You can go ahead and prepare those tricky sauces and custards without the nuisance of double boiler or tedious pot-watching. And when the recipe reads, "be careful not to get too hot or it will curdle," no need to panic...just dial the heat you want and the unerring precision of the Gas Burner-with-a-Brain will tailor the flame.

What other magical things can a 1968 Gas range do? Everything from taking the anxious guesswork out of roasting to locking in a steak's juicy tenderness with ultramodern, infrared Broiling.

Getting a grip on the situation, Thomas Steele grabs George, an eight-foot-tall figure, by the collar in desperate attempt to free the family pet back into the conservatory where he belongs. Filmed in brilliant Technicolor, this is a dramatic and suspenseful production. Directed by Andrew L. Stone, Oscar-nominated George C. Scott and Gertrude Berg, co-stars Gladys Cooper and Herminie Bardetta, and introduced by the author, whose work on "Mary Poppins" brought them two Academy Awards, have written eleven more songs for the musical comedy.

The prevention code was passed under emergency ordinance provisions that provide for terms of the code to become effective on publication. Consisting of guidelines for municipalities established by insurance underwriters, adoption of the code was recommended to the council by Bond and Fire Chief Fred Loyles.

"We would like to have our senior citizens," the committee stated, "provide facts concerning Wixom's past: Where was the first school? Who was the first post office? Who was the first postmaster? Other areas will be covered."

Transportation will be provided from the city hall and back following dinner. Return to the city hall will be about 7 p.m., at which time the Wixom justice court will be in session and the senior citizens will be invited to observe the court and the police department in operation.

Persons desiring to participate but who may not have transportation from their homes to the city hall and back are asked to write "Transportation Wanted" and their phone numbers on a postcard and they will be contacted regarding furnishing of special transportation.

The committee concludes: "Mr. John Finlayson was a member of this committee. As you know Dear John passed away March 19, 1968. He was deeply interested in Heritage Day. We would like to see a good turn out on Heritage Day as a memorial to John."

Novi Paired With L'Anse

It appears Novi and L'Anse will exchange top municipal officials on May 20 in the mayors' exchange program of Michigan Week.

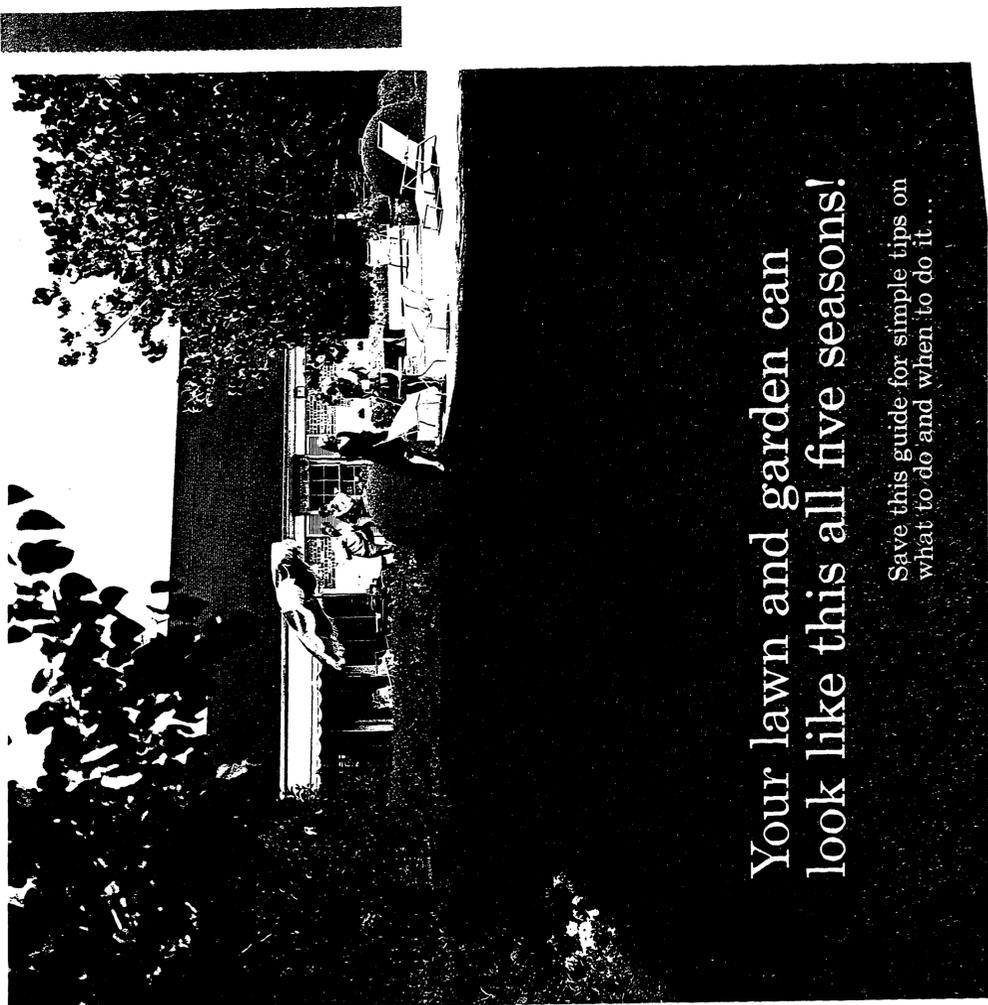

Earlier pairings with Hancock and Iron River failed to jell due to difficulty of travel time and distance between Novi and the Upper Peninsula communities. On the third draw officials of both communities agreed to make the journey.

Sorry, Ladies!

In its story last week on the Easter Bunny luncheon, the Novi News inadvertently stated the program was sponsored by the Northville Jaycee auxiliary when in reality it was the work of the Novi Jaycee auxiliary, which also sponsored a poster contest publicizing the successful event.
