Earl, a production planner in the Development and Engineering Directorate, was cited for the original and excellent manner in which he implemented necessary modifications to 35 Truck Tractors. These modifications in addition to adding to the workload, compounded the problem of meeting target schedules. Through his efforts all vehicles of this project were completed successfully, officials stated.

A 25 year employee of the Federal Government, Earl has been with TACOM for 21 years. TACOM is responsible for the engineering development, procurement, maintenance and spare parts supply for tracked and wheeled vehicles assigned to all the military services.

The award was presented by TACOM's Deputy Commander, Colonel George M. Bush.

Similarly, operators of Wixom's new \$400,000 sewage disposal plant point out that bugs-tiny microscopic creatures-play an equally important role in keeping the city clean.

It has only just begun treating sewage, but already the treatment plant-located adjacent to the city's new department of public works garage off West Charms Road-houses millions of bacteria or bugs that literally feed on the waste material.

So efficient are these hungry bugs that by the time the waste water goes either to a huge open holding basin or Wixom's new \$4.6 million sewer

system, only recently completed, is just now picking up customers as residents of the city begin tapping into the lateral lines. Sewage entering more than 40-miles

of pipe throughout the city travels by gravity into two trunk lines- 30-inch and 42-inch-and eventually to the 100-acre sewage disposal site. Upon reaching the plant area, the sewage flows into a pumping station. From here it is pumped to a large, round metal open tank that has a maximum capacity of 800 gallons.

Called an aerobic digestion tank, it simply is a breeding ground for the

bugs that live off the sewage and in the process change it to nearly germ free drying, it is either sold or given away holding basin-a lake-like body of County DPW which operates the water

Key to growing the important bacteria is oxygen, so the wastes are constantly aerated or agitated something like a giant washing machine as blowers force air into the liquid. Wastes may remain in this tank from determined by periodic chemical upon on how contaminated it is.

In the center of the tank are large "paddle wheels" that rotate slowly, skimming off treated liquid while solids fall to the bottom and then are removed periodically by tanker truck. Some disposal plants, such as the one aeration tank continues to eat and located at South Lyon, pump the sludge to big bins where the material is

## 'Violets' Really Potted **Police Raid Nets Two Drug Suspects**

A pair of Wolverine Lake brothers, who grew marihuana plants they passed off for African violets, face court action following a raid on their home by police officers from three area lepartments Friday night.

Arrested were Ben (17) and Robert (20) St. Aubin of 634 Wolverine Drive.

An admitted kidnapper of a Novi helicopter combed the area and police officer was sentenced to from cordoned it off in case of attempted five to 20 years in Southern Michigan Prison at Jackson last week Wednesday.

Sentenced by Oakland County Circuit Court Judge William J. Beer was 19-year-old Giles Carl Askins of South Lyon, thus completing the court disposition involving five young South Lyon residents involved directly or indirectly in the 1968 summer kidnapping and beating of Officer Robert Starnes.

1..

Askins was the only one of the five to receive a jail sentence. The others were either found innocent, placed on probation or sentenced to the boys training school at Whitmore Lake.

Midway through his jury trial at Pontiac, Askins had entered a surprise guilty plea. It was late in July of last year

Marking the 57th birthday of Girl Scouting, the programs by the area's 19 troops precede the local observances of Girl Scout Week, March 9-15. Girl Scout Sunday will be marked in Northville churches March 9.

In proclaiming March 9-15 as Girl Scout Week in Northville, Mayor A. Malcolm Allen called upon all citizens to give Girl Scouts their "continued interest, cooperation and support so that an increasing number of Girl Scouts may benefit from the program which also benefits each of us."

"Values to Hold - Worlds to

Beth Alcala and Deborah Harmon, who already possessed the Sign of the Arrow, were presented with the Sign of the Star, and Barbara Roumay received both Signs from Troop Leader, Mrs. Peter Alcala of Novi. Receiving the Sign of the Star only, were Mary Emmons, Patricia Emmons, and Pamela

The junior scouts also celebrated their third birthday with a program and refreshments for their parents and families. Membership stars were presented and two large cakes were prepared by Beth Chismark and Christine Glennie for the occasion. Beth's cake was in the form of Charlie Brown's "Snoopy" and the girls made him an honorary member of their sixth grade troop.

The evening's program opened with a welcome to parents from the troop leader and a special flag ceremony with the six girls who had earned Junior Signs participating. The Scouts stirred up a recipe of red for courage, blue for loyalty, white for purity, and a dash of glitter for stars, to make "Old Glory". The Pledge of Allegiance and the singing of 349-3129, Mrs. Jim Bishop, "America" completed the ceremony

Following the installation of patrol leaders, the girls entertained the gathering with a rendition of several Girl Scout songs as well as three fun and rhythm selections. On display, were replicas of the badges the girls had earned and samples of the work necessary for each.

COUNCIL

Those assigned as observers in the Northville area are: city council - Mrs. Thomas Handy and Mrs. George Gougeon; board of education - Mrs. Steven Orban; township board - Mrs. Edward Corcoran; township planning commission - Mrs. Harry Odle.

A similar program is being conducted by the League in Plymouth. League observers are not permitted to participate in discussion or express any viewpoints, according to Mrs. Joel Rowley, LWV president. Purpose of the observer program, she said, is to educate League members and to demonstrate to the local governmental bodies that the League supports good government.

Following each meeting, the observers prepare a report on the proceedings to be submitted to the LWV executive board. From this report, League members are advised of significant local issues under consideration by elected or appointed

observer to cover the Northville city planning commission sessions, according to Mrs. Earle McIntosh, chairman of the League observer program. Anyone interested in joining the League and participating as an observer may contact Mrs. McIntosh at 349-0648, or call the membership chairman, Mrs. Donald Birkmeier,

## **Check Fraud Brings** Arrest

Arrested Monday in Novi for check fraud, Percy D. Farero of 4241/2 Yerkes Street was immediately taken before Oakland County Circuit Court Judge William Beasley for arraignment. Farero was arrested on the complaint of Novi Auto Parts on December 14, 1967 and for larceny by false personation on the complaint of Novi Hardware on May 1, 1968. He failed to appear in circuit court on October 8, 1968 while out on \$500 personal bond on each charge.

At his arraignment Monday, Judge Beasley ordered the Northville man held on \$5,000 bond on each charge for trial on a date which has not yet

Novi police arrested Howard Le Master, 17, of Drayton Plains for driving without an operator's license (never acquired). In addition, Howard's mother Mrs. Milly LeMaster, was ticketed for allowing an unlicensed driver to

Released on \$50 bond each, both are to appear before District Court Judge Martin Boyle on March 13. \*\*\*\*\*

Sixteen youths were caught in a "grasser" (outdoor beer party) raided by the alert work of Novi Officer Jack

Grubb stopped a car due to its erratic behavior on Haggerty Road and while he investigated and found the two juveniles ( a girl and a boy) in possession of beer, he noted the number of cars in the area to be

His investigation led to the booking of the 16 youths, two of whom will appear in Oakland County Juvenile Court as minors in possession. Three other minors were released after stern warnings as they were not caught

Of the 11 other youths caught, only one will appear in district court as that youth, 18-year old Stephen A. Balint of Detroit, actually had beer in his possession at the time of arrest. \*\*\*\*\*\*

Last Thursday Novi police were asked to look into a suspicious person

Dempsey, 38, of Detroit, was carrying a loaded shotgun in his car. He was charged with the offense and will appear before District Court Judge \*\*\*\*\*\*\*

## Township OK's New System For Fire Calls

Fire and police protection services protection, he added. were given serious consideration by the Northville township board Tuesday night with the result that both will be strengthened. City Manager Frank Ollendorff

and Fire Chief Bud Hartner appeared before the township board to outline some of the fire department needs.

Chief Hartner told the board that Investigation showed that Leo R. unit is worn out and needs replacing. A December. new truck will cost approximate \$30,000, he estimated.

The fire chief also reported that a new fire-warning system is needed, replacing the siren. He recommended purchase of monitor-radio system and estimated that 20 sets would cost \$3,795. He said that such a system would permit the dispatcher to direct February 25 and entered the house to evening fire calls directly to the homes of the volunteers, who could then go to sheriff." the scene of the fire.

Presently, volunteers answer the siren by coming to the fire station and then proceeding to the fire. Chief Hartner noted that a siren would still be used during daytime hours when most volunteers are at work. Evenings the home radio units would be used. He said the units are portable and may be carried by the volunteer in case he is away from home. Range of the units is 10 miles.

Township Trustee Richard Mitchell asked Chief Hartner if the new monitor system would make it possible to employ township residents as volunteer firemen.

"I certainly think so." replied Hartner. He explained that most of the volunteers live near the station and are employed in the business area. He pointed out that six DPW workers are also used for fire service.

Manager Ollendorff explained that the same requests for more fire equipment would be made to the city council. But the township budget is prepared in March and the city's in May, thus the equipment request was being made first to the township, he stated.

The board moved swiftly to approve the purchase of a monitor system, agreeing to pay up to \$2,500 as its share of the cost.

Supervisor Gunnar Stromberg also appointed Treasurer Alex Lawrence and Trustees Thomas Armstrong and Richard Mitchell to study the purchase of a new pumper unit. The board indicated it was willing to appropriate its share of the \$30,000 purchase.

Supervisor Stromberg informed the board that he and Treasurer Lawrence have been studying the possibility of a "district" plan for fire protection. He proposed a cooperative agreement with Plymouth township out of its fire station located near the southeast section of the township for protection in that district. He further added that he had sought a price on a parcel of land at the southwest corner of Sheldon and Six Mile road where he would propose to erect a township hall, fire station and department of public works garage. This station would cover another township "district" for fire

No action was taken on the "district" plan.

The board did spend considerable time discussing a letter from City Manager Ollendorff which pointed out that during certain periods this winter township roads have been too icy for fire vehicles to travel, and also noted that some 96 police calls were received in Country Cousin Trailer Park on the jointly-owned (city-township) by the city police department from "1942 Beam" high-pressure pumper township residents during the month of

Trustee Bernard Baldwin called the letter "indicative of a problem which we can't ignore."

"I don't minimize the city manager's letter at all. We've got a problem we'd better face up to... 96 calls for police assistance in one month can't be ignored," the trustee insisted. "We'd better look into the level of service we're getting from the county

Supervisor Stromberg had two suggestions - one to add a recorded answering service at township hall to be used during evening hours giving emergency police numbers; and secondly, to hire Officer Ron Nisun on a 40-hour week basis at \$9,500 per year.

Officer Nisun now works part-time for the township.

Township Attorney John Ashton advised the board that under present statutes he thought it was possible for the township to enter into a contract with the city for police protection.

It was noted that such a force can also be employed through the county sheriff. Trustee Mitchell said he would favor a program with the county suggesting that a contract with the city might be too expensive.

The matter was left for further study, although Supervisor Stromberg was instructed to contact Nisun and discuss the possibility of his fulltime employment.

A final report was accepted from the unification study committee and the township agreed to share the cost of printing the additions to the original study with the city.

## Ann Kipfer Wins Award

Ann Kipfer, sophomore at Northville High School, won a gold key award for a water color painting entered in Crowley's Scholastic Art Awards Exhibition in Detroit.

To win the award, Ann, who is the daughter of Mr. and Mrs. James Kipfer of 914 Ely Court, competed against 5,500 entries representing 148 schools in the six-county metropolitan area.

Her painting of mushrooms in a woods is one of 1,049 works of art on display at the show that runs through Saturday.

### Off to Hawaii

Retired Novi Postmaster Mrs. Marjorie Watson is among the passengers aboard Matson Lines' luxury liner SS Lurline sailing for Hawaii from Los Angeles Harbor via San Francisco.

Novi's Wildcat Kittens gave fans a had nine field goals, but he settled for preview of what varsity squad had to two of three charity tosses for a 20 offer South Lyon Friday

Novi led all the way despite a strong closing effort by the Lion Cubs to nail down the 68-60 verdict.

South Lyon's JV's scored 25 points to Novi's 19 in the final stanza to narrow the margin. Novi's Kittens were ahead 13-9 at the quarter, 35-25 at the half and 49-35 at the three-quarter mark.

Bob Vivian was the big gun for Novi as he popped in nine field goals and added 10 of 12 free throw attempts for 28 points. Tom Boyer also 2-13.

point total.

Leading the Cub attack was Fred McNulty with seven field goals and five of nine from the line for a total of 19 tallies. Support was given by Paul Richardson and David Kochalko who hit 11 and 10 points, respectively.

Novi thus closes out an 8-9 season (7-7 if the Christmas tourney is ignored) after a slow start, giving some hope to a varsity which will be sadly depleted by graduation.

South Lyon's JV's finished at

Novi floor in the first basketball meeting ever of the high school squads of the neighboring communities and fell to a scoring onslaught, 84-63.

Novi seized a 24-18 first quarter advantage and the winner was never in doubt after that. The Cats increased the margin steadily, leading 44-30 at the half and 68-50 at the three-quarter

Regulars Don Maki and Dave Bingham didn't start for Novi as Coach lim Ladd went with a revamped lineup of Gary Boyer and Rick Dale at the guards, Lee Snow and Ken Osborn at he forwards and Jon Van Wagner at center. South Lvon countered with Glenn Wiseman and Fred Green at the guards and Dave Brandon and Mike Byrd flanking Ed Canfield up front.

Especially impressive in the win were Boyer who fired a career high 26 points in his final regular season game, Van Wagner who easily nailed down the squad's scoring championship by hitting 22 points and Snow who tossed in 13 key markers.

Brandon starred in adversity, as he has all season, as the junior sharpshooter pumped 29 points through the hoop. Wiseman added 18 as the pair contributed nearly the total offensive show for the Lions.

Novi canned 34 field goals to go with their 16 for 25 (64 per cent) from the charity stripe, while the Lions added nine of 16 (56 per cent) to their 27 field goals.

Wildcat seniors playing their last regular season contest for Novi included Boyer, VanWagner, Snow, Maki, Bingham, Osborn and Doug Keith among these who saw extensive playing time. Only often-used performers who will return are Dale, Rick Hill and Phil McMillan.

### Schoolcraft **Takes Seventh**

Schoolcraft did not go to Miami Arbor St. Thomas winner. merely to enjoy the sunshine last

While it is true the six swimmers and Coach Jack Washka did enjoy the sun and fun, they also left an impression on more established schools.

Northville's junior varsity basketball team wrapped up a perfect season Friday night - the first undefeated season in recent history by swamping Waterford Kettering.

And no one could be happier than the Colts' coach, Omar Harrison, who praised his squad - from starters through the bench warmers - for their "scrappy performance" throughout the 17-game streak.

"They were great," he beamed. "Sure, we had our ups and downs, but they had the ability to bounce back

dark."

Two games in which the Colts bounced back to keep the streak in tact included home contests with Clarkston and Brighton. These, recalled Harrison, "were the toughest. I'd almost given up that Clarkston game."

The Colts were down by 11 points going into the final five minutes against the little Wolves when they staged a desperate attack that nibbled away the visitors' lead until the score was tied with a little more than two-minutes to play. Northville went on to win by

A The award goes each year to the young man of the Northville

community, between the ages of 21 and 35, who the Jaycees believe has made the greatest contribution to the community in any field. Dildy was singled out for the 1969

honor for his work in establishing a volunteer probation department with the now defunct Northville Municipal Court, and expanding it to an area-wide department in the newly created 35th District Court. He established the original Northville probation department in

February, 1968, and was named Northville's chief probation officer by the then Judge Philip Ogilvie. The Northville department was the first of its kind in this county and it has served as a model for the district probation departments established this past January. While serving as chief probation officer, Dildy established a work detail

program for first offenders patterned after the nationally acclaimed Royal Oak court program. Carrying information about the program to other communities, he has been instrumental in the establishment of similar programs in neighboring nmunities.

## Spring's Coming March 20

Spring will officially arrive on March 20 at 2:08 p.m., some six hours later than last year, according to a University of Michigan astronomer.

Prof. Hazel M. Losh says that at that hour the sun will arrive at the vernal equinox, the equator, on its way north

The six-hour time lag is traced to the difference between the number of days in our calendar (365) and the time used by the earth to travel around the sun (365.2422 days). On the 20th, the sun will rise and

set almost exactly at the east and west points, and the day and night are said to be of equal length. But in reality the day is longer.

Although the sun is above the horizon for 12 hours, it may be seen a few minutes before it comes up and for a time after it has set, since the light rays are bent as they pass through the at mosphere.

"The day and night are more nearly of the same length about three days before the equinox," Prof. Losh says.

Taylor received his early musical training at Doane College in Nebraska. During one vacation period, he toured the towns of Nebraska and Iowa with a string quartet, the cellist of which was actor Robert Taylor, a fellow student at Doane, but no relation.

In addition to his recital performance, Taylor will conduct a string instrument workship for violinists, cellists and basses at the Lois L. Waterman Campus Center at 1 p.m. Saturday, March 8, under the auspices of the Schoolcraft College music department.

## Wixom Baptists **Plan Conference**

The 11th annual missionary conference, sponsored by the First Baptist Church of Wixom, will be held March 9-12, the Rev. Robert V. Warren, pastor, announced this week. Open to the public, the conference programs will include:

Sunday, March 9-11 a.m., the Rev. Aaron M. Hamlin, executive director of the National Negro Evangelical Association. Active in the Campus Crusade, he has been trying to reach the ghetto of Watts.

At 7 p.m. that same Sunday, the Rev. George Budik of Russian birth, will address the congregation following his speech to the T.I.A. at 6 p.m.

Monday, March 10-7:30 p.m., the Rev. Donald Ritter, who is serving in Sweden, will speak.

Tuesday, March 11-7:30 p.m., the Rev. Daniel Kendal, who serves in Guatemala with the Central American

Mission, is slated to speak. Wednesday, March 12-6:30 p.m., "Foods from Foreigh Fields" dinner is planned.

At 7:30 p.m. Wednesday, the Rev. John Sergey, who has just returned from a trip to behind the Iron Curtain, will speak to guests. Rev. Sergey has served in six countries during his 28 years of ministry.

### **Police Dog Graduates**

Novi's police dog, Banner, owned by Corporal Dale Gross, has completed his five months' training school at Charles Art's police canine school in Plymouth.

Banner, who will continue part-time advanced training, was given rave notices for his tracking ability Gross said "I made 27 arrests in 10 months with Rusty (killed last summer), but Banner is an even better tracker than he was."

Gross has already made one felony arrest with Banner, who is three years old. Rusty was a younger dog.

city property, but sentenced her to 10 In one case, Judge Davis dismissed days in the Detroit House of a Northville case against Carol L. Correction for an earlier traffic offense in Plymouth. Justice caught up with Corsie Watkins of Union Lake last week, also. He failed to appear in December for failure to obey a stop sign, but was

picked up from Oakland County Jail February 26 and brought before Judge Davis who assessed him a fine and fee totalling \$73. Reckless driving was even more

costly to Garv L. Fisher of South Lyon who paid \$78 for his offense. The incident occurred on February 15.

George Bober of Romulus and Minneapolis spent enough time in jail awaiting trail for driving under the influence of alcohol and consuming intoxicants on a public highway to substantially reduce his fine. He was ordered to pay \$8 on each offense of February 15. If not paid, however, he will spend some time in addition to the 10 days he has already served.

Improper plates cost two young men \$28 each last week. Dean E. Foy of Livonia was ticketed on February 11, while Theodore R. Swendris of South Lyon ran afoul of the law three days earlier.

Youth Involvement Sought by GOP The youth of Michigan this week Republican Party. We are interested received a carte blanche invitation to

political involvement from Republican State Chairman William McLaughlin of Northville as he named State Representative Michael A.-Dively his special advisor for youth activities.

Thursday, March 6, 1968

At the same time, McLaughlin also announced the appointment of the State Central Committee's new youth director, 28-year-old Lansing man, Donald F. Barrows. Basic responsibilities for the

tandem will be the coordination and direction of all GOP youth programs throughout the State.

"Too many people," said McLaughlin, "seem bent upon a sweeping condemnation of today's young men and women. I just don't buy that. A relative handful of unruly dissenters gain public attention and a student body of thousands is estegorically chastised.

"It is this majority that is seeking decent and legitimate identification and leadership in many areas, among them politics and government, and it is to this majority that I want told the Republican story.

"There are 15 Republican members of the House of Representatives under 37 years of age, three of them under 30. This is the Republican Party that some young adults feel is the party of the aged. "Not only do I invite this majority

to listen but I urge them to come and be heard by the leadership of the State Campaign Director for Berrien County.

not only in them, but in their ideas, in what they can contribute to the better world for which we all hope.

"And let me make this abundantly clear. No one has to shave his beard before he comes to my office. "To borrow that old, worn phrase,

These are the citizens of today and the leaders of tomorrow.' The Republican Party wants their leadership. "Our full-time and volunteer staff

will spare no effort to achieve this Representative Dively (104th District) is a graduate of Williams College (Mass.) and the University of Michigan Law School. He is currently

serving his first term in the House. A former Interscholastic All-American swimmer, Dively has been active in Republican youth activities since 1966 and is state director of the Michigan Teenage Republicans.

He is a director of the Traverse City Kiwanis and past assistant vice-chairman of the Grand Traverse United Community Fund.

Barrows attended Lansing Community College and Michigan State University before launching his political career with the "Romney for Governor" campaign in 1964. The St. Clair Shores native has also

A consolidation of effort and purpose is desperately needed in Michigan's K through 12 educational system.

The action must come at the state level; it should not be passed along to federal agencies; and the resources at the local level now stand near the exhaustion point.

Realistically, we must also concede that the financial plight of all schools – public and private – is the problem of all people. We cannot isolate the public school system and pretend it alone deserves public attention.

It is education at the primary and secondary levels that faces an acute financial crisis. Education is at stake and it is too tightly entwined to pretend that one can divide public from private in arriving at a satisfactory solution.

This is not to suggest that separation of church and state should not be preserved. No court opinion, however high, can dilute by interpretation this important foundation.

But education is an equally important foundation and when it is weakened because of a lack of a commodity that has become a trademark of this nation, namely money, then it is time our famous ingenuity displays itself.

A deteriorating system of education is a poor alternative to adamancy and inactivity in facing up to problems in public and private school systems.

It is past time that our governor and state legislature demonstrate positive leadership in solving the problems of our schools

It is also time ... as more equitable and productive means of school support are sought ... for the individual taxpayer to re-evaluate the importance of education in our society and to place an even higher priority on this investment.

In other words, we've got to give more.

That a minority number of students are able to turn our college campuses off and on at will is not so disturbing to me as it is puzzling. For the life of me I can't figure out how they fit in all these sit-ins and sit-outs between Blue Books. Or how they're able to kick a professor in the pants without even stubbing their toes.

Quite honestly, I guess I'm a little bit jealous. Once again I'm a generation too late. Not so many years ago when I inhabited a university campus, a classroom rumpus (in those days a rumpus was a fully clothed collegian with a big mouth) could earn a guy an "E" grade or at least the threat of one. Instructors were as gentle as infantry sergeants. Even the female instructors carried a chip on their padded shoulders. Just a sneeze at the wrong time could make one of 'em

bristle. An engineering major once found his hand screwed up in a shop vice when he gave the prof one of those thumb wave-offs. If a medical student monkeyed around with the cadavers he was apt to end up spending the night studying anatomy in the medical center morgue.

Those were the days when the police department tossed the book at you for double parking with a bicycle.

The only signs we carried were rah-rah placards and GI allotment applications. Our closest brush with campus nudity was the freshmen physicals in Waterman gymnasium. And even there the doctor listened for a heartbeat through a Cannon towel.

Believe it or not I never once discoursed with - or for that matter - ever laid eyes on his majesty, the university president; he never emerged from his ivy walls unless it was to shake hands with some Mongolian potentate. Forget 'Em

It's surprising that no one thought of it before. Finally, we've come upon a way to end the war in Vietnam. And we'd like President Nixon to take note. FORGET IT.

Forget the war in Vietnam, forget that American fighting men and South and North Vietnamese men, women and children are dying by the thousands somewhere in the Far East.

this irrevocable logic. If we ignore Vietnam, just wipe it out of our minds, then it ceases to exist. It's akin to the old academic argument: if a tree falls in the woods, and no one is there to hear it, does it make a noise?

Obviously not. And the same holds true for Vietnam. If a soldier falls dead

report it, he's not dead. Of course, newspapers, television and radio - the real culprits who stir things up - would have to shut up. But then, we'll confront them with our irrefutable logic and they, being thoroughly rational, will promptly cease to report what's happening in Vietnam.

And why stop with war? Student demonstrations, nude poets and actors, sit-down strikes, freedom marches - civil disorders of all kinds - could also be wiped out if the news media wouldn't report

Think of the bliss there would be. With no publicity, without our knowledge of them, all bad things would stop. Unseen, unheard and unreported, all evil would cease to be. Muggings, murders, rapes. But perhaps, on second thought, we weren't the first to think of this panacea, this cure-all for the worlds ills. Others have voiced a similar, irrefutable argument, and they deserve their due.

Their words go something like this:

"It's the news media. They're responsible. If they didn't say anything about those student demonstrations or those riots in the city, if they didn't make so much out of them, there wouldn't be any problem."

## Michigan Mirror **Proposed State Law Revisions** Aimed at Curing Urban Malaise

LANSING - A detailed prescription for curing the state's urban malaise is set forth by the Michigan Welfare League.

Thursday, March 6, 1969

The 40-page document calls for a mixed bag of tax law revisions, expanded housing authority loans, creation of so-called new towns, and establishment of a state urban affairs department.

The league, a statewide citizens' organization, said the proposals are based on a 10-month study of Michigan's housing and urgan ills.

"The housing situation for low and moderate income persons remains one of the most critical problems facing Michigan today," said Detroit attorney George E. Bushnell Jr., chairman of a special League study committee.

IMMEDIATE NEED for a minimum of 150,000 housing units exists in Michigan, believes the League, including 100,000 in Detroit, the state's largest city, by far.

It said the state has been building homes for low income families at the rate of 25,000 per year, and this is Housing Code to make it more uniform woefully inadequate.

Therefore, we have to get our own transportation from parents to and from our games. If we cannot, we must forfeit the game.

Our seventh and eighth grade coaches and the athletic director have tried very unsuccessfully in getting a bus for away games.

school of members of the "White Panthers." We do our young people a grave injustice by attempting to "protect" them from learning experiences.

What better opportunity to educate students than by oper discussion of ideas? How better to establish a healthy set of attitudes and understanding of controversy than in the classroom with a well-informed instructor in attendance to answer questions brought to mind by such discussions?

I'm sure we all agree on the poor taste used by these speakers in their choice of language and for this, the guidelines of the Board of Education would be of value for future speakers. We should expect our students to receive the respect of speakers in this natter. Yet I would sincerely hope our administrators will give serious thought before issuing any reprimands to the teachers involved. I have faith in the experience and ability of our teachers to handle a situation of this type and even more faith in the intelligence and common sense of our children to use this as a learning experience.

What a shame to send our young people to college oblivious to the world about them and the ideas generated in it. Parents need to allow their children to become exposed to thoughts and ideas other than the parents' own. We need a better informed - not a more stifled youth.

## **Fireworks** Explode **Injuring 2 Firemen**

Flames, which triggered explosions injuring two firemen, destroyed the pro shop at Meadowbrook Country Club at noon Friday.

Loss of the building and contents was pegged at between \$40,000 and \$50,000 by the club business manager, James Cornelius.

Injured in the blaze were two Plymouth Township firemen, who were assisting Northville fire fighters along with those from Novi, but they suffered only minor injuries. One of them Charles Simpson, was rushed unconscious to St. Mary Hospital, where he was treated and released a short while later. The other continued fighting the blaze.

Cause of the blaze has not been officially determined, although Cornelius suspects a defective gas burner may be responsible.

Workmen had been painting the interior of the building, he said, "so the fumes together with the dry wood" made it a likely target for a fire with any defect that might have been in the burner, he said.

Fireworks bombs, used by the club in starting tournament play on the course, were stored inside the building. Cornelius said, "and there's no doubt they caused the explosion."

Fortunately, the "bombs" in exploding lost much of their impact in punching through the walls of the burning building. The injured firemen were outside the building when the explosions occurred.

High winds and the explosions hampered firemen as they waged a losing battle with the blaze that was already out of control by the time first firemen arrived.

Much of the equipment normally stored inside the shop during the golfing season had been stored in the main clubhouse during the winter. Loss inside was confined mostly to saleable golf clothing, owned by the club pro, Paul Shepherd.

Although firemen were unable save the building, constructed in 1946 for the then club pro, Chick Harbert, an adjacent building housing valuable golf carts was not damaged.

Work in refurbishing the building had just gotten underway. The exterior of the building was to have aluminum siding and workmen had begun painting the interior. Fifteen to 20 gallons of paint were inside the building when the fire broke out.

The 48 x 55-foot building contained two main rooms with several small cubicles. It is located just south of Eight Mile Road, north of the clubhouse.

Twenty-five firemen answered the call from the three departments. Plymouth and Novi responded with

## Wixom Citizens Get Advice Forum Zeroes In on Drug Dangers

Roger DeClercq heard the old saw about "people often discuss problems, but no one ever does anything about them" and decided to see that something was done about "a very serious problem."

Drugs have been causing Wixom police a great deal of consternation lately and DeClercq, as narcotics officer of the department, decided in was time the community was aware of the situation and mobilized to support official efforts to eradicate the trouble.

Last week Tuesday was the day Officer DeClercq chose to present the issues. To aid in his presentation, he enlisted the help of O. W. Johnson, FBI Special Narcotics Agent, Novi Druggist George McCollum, Wixom Baptist Pastor Rev. Robert V. Warren and Wixom Mayor Wesley McAtee.

McAtee opened the program, "Drug Abuse and You", by introducing the speakers after which a film on LSD. "Insight or Insanity" was shown. This was followed by a panel discussion in which the speakers brought out their views on the problem and then answered questions directed to them by the some 150 members of the audience. The program ended with the film, "Drugs and the Nervous System." "Insight or Insanity" discussed the reasons youth turn to drugs and other

forms of rebellion. It then went into the extreme dangers of taking LSD.

Brian and body damage are known religion; and business and industry. to have resulted (as well as suicides) from bad "trips", but these are considered minor problems in relation to the genetic damage doctors and scientists are sure can be caused by taking LSD, according to the film.

LSD, unlike most drugs, is generally taken by the same method used for oral polio vaccine, that is by placing a drop (generally not accurately measured, which is one of the dangers) on a cube of sugar, the film noted. It is also sometimes injected.

Injections of the drug in test animals have produced a great range of deformities and mutations in fetuses which have been examined. LSD seems to break down chromosomes (which carry the characteristics all animals are born with) which does permanent, irreparable damage and is sure to result (according to scientists with the Food and Drug Administration) in deformities even more tragic than those produced in children born of mothers who took thalidomide.

Following this film, Agent Johnson discussed drugs as "everyone's problem." He stressed five areas from which concerned action must spring. These are police and other law enforcement agencies (the courts did not escape comment here); social workers and agencies; education:

To support his contentions, approached the situation from a Johnson made an example of New York, where he said the problem is perhaps the most servere. New York was the first state to begin a state-wide project to deal with the problem two narcotic-containing drugs and to

Why New York? Johnson stated that a conservative estimate is that \$220 million is spent annually by drug users in New York City alone and that one-half of all crime committed in that city are perpetrated by adicts.

Johnson said that the "best approach to the problem is community action" and that "drugs should be an open topic of discussion in the home begun at an early age (the first time the child mentions narcotics)"

Marihuana, Johnson added, is a plant generally grown in Mexico (although it will grow almost anywhere, the Mexican variety is considered "choice" and users frown on the homegrown type). Marihuana's dangerous element is a resin found on the upper side of the leaf, which though smoked in this country, is often taken by more direct methods elsewhere in the world.

## Court Test, Set on City

Novi City officials still await word from Attorney General Frank Kelly's office on the status of Novi Townshin and its officers.

This was the word Tuesday from City Attorney Howard Bond who informed the Novi News that the city awaits an answer to City Manager Harold Ackley's letter to the attorney general concerning clarification of this status. Ackley sent the letter last week Tuesday following approval in Monday's council meeting.

Bond also stated that Township Attorney Emery Jacques' application for leave to file quo warranto action to test the validity of Novi's incorporation into a city will be set for later this month. Normally in such matters, judges only allow 15 to 20 minute arguments from contesting attorneys. However, in this matter Bond has requested the opportunity to submit a full and complete argument.

Oakland County Circuit Cour Judge Frederick Ziem, who is to hear the arguments, said that they would have to be set over to later in the month if they are to be full and complete. Bond requested this be done specifically to present evidence that the prior case of Novi Township vs. the Village of Novi was a harrassment proceeding and that the present motion will, in all probability, follow a similar
